My Darling,

As this is your birthday, I cannot let it pass without writing you a few words, though I have written but a few days ago. I wish I could be with you that I might give you a kiss, if nothing else for a birthday present. I wish I had something to send you in this but I have never been so poor since I have been in the army, as I am at present. We have not been paid since we left home and I have no money, (though that is of no consequence) but I have lost nearly all my clothes, and am ragged and dirty, but everyone else is in the same condition, so I do  
not mind it. I  
lost nearly all my clothes, and am

the best ~~news~~ <sup>present</sup> I can send you, is

a piece of news, which will be sure  
to please you, Last night, there came  
an order for me to report to the Brig-  
ade Head Quarters, to take charge of the  
mail, as P.M. for the Brigade. I shall  
have to stop at the Brigade Head Quarters  
and shall not be in the fighting.

There is not much to do, and I shall  
have an easy time. So I hope my  
darning will not worry so much about  
me now. I shall get more time to write  
though perhaps you will think there is  
no occasion for me to write any oftener  
than at present. I received a letter from  
mother yesterday, which I wish to answer  
today. By the way, when father thought  
of selling his gun, I told him that I

Now I do not know whether you have got any that you will not want to use

or not. I expected, when I left home, that the town would pay me something, but have not heard whether they have done anything about it or not. I wish you would ask William about it and let me know as soon as possible.

When we get paid again, there will be another installment of the Govt bounty (50.00) paid us, which, with our regular pay that is due, will amount to some over a hundred dollars, if we are paid all rep, but I cannot tell when we shall get it.

I should like very much to let him have some if possible, without leaving you short, so you must tell me how you are situated. Tell William to write and let me know what he thinks the town will be likely to do in my case. I saw Allen Martin this morn  
to write and let me know what he thinks

Their reg<sup>t</sup> is near us. but I have not seen any of the boys from N. yet

I have not seen Ethier since I wrote  
you last. He told me then, that Frank  
Jackson was killed, and Charles  
Cyer was wounded. I will not try  
to tell you anything news from  
the army, as you get more from  
the papers than I ever heard of  
here. I can only tell that I am  
alive and well, which, perhaps, is  
the most important news for you.

Well Emory, this is not much of  
a love letter, considering that it <sup>is</sup> written  
on your birth-day, but never mind,  
you may be sure you have my  
love just the same, and shall have  
the letter, when I do not have so much  
business to write about. I will not  
take another sheet this time, but will  
write again very soon. So good bye,  
again, dear wife. May God ever bless  
you and the little ones, is the con-  
clude another such one time, or, will  
write again very soon. So good bye.
