ence or evaluate the prescribing behavior of an individual health care professional, except for evaluation by an insurance provider or the provider's agent for the purpose of compliance with the provider's formulary, or evaluate the effectiveness of a professional detailing sales force. In addition to other appropriate remedies under this chapter, a violation of this paragraph is an unfair or deceptive act or practice within the meaning of RSA 358-A:2. Any right or remedy set forth in RSA 358-A may be used to enforce the provisions of this paragraph.

3 Effective Date. This act shall take effect July 1, 2006.

AMENDED ANALYSIS

This bill declares that prescription information shall not be used, transferred, licensed, or sold for any commercial purpose except for limited purposes.

HB 1465-FN, relative to food stamp overpayments. OUGHT TO PASS WITH AMENDMENT. Rep. Cindy Rosenwald for Health, Human Services and Elderly Affairs: This bill seeks to remedy a hardship faced by food stamp recipients who occasionally receive an overpayment of benefit through no fault of their own and are unable to repay the amount. The legislation prevents the Department of Health and Human Services from automatically seeking reimbursement for overpayment of food stamp benefits when the overpayment is the result of department error. As amended, the waiver of repayment claim is restricted to situations where the amount of overpayment is greater than $450 or the recipient's income is higher than 200% of federal poverty level. The amendment also directs the department to seek approval from the US Department of Agriculture and establish procedures for waiver of claims. The committee noted that this policy of not pursuing reimbursements for small overpayments is consistent with other states. Vote 15-0.

Amendment (0888h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Food Stamp Program; Overpayment. Amend RSA 161 by inserting after section 9 the following new section:

161:10 Food Stamp Program; Overpayment. To the extent permitted by the Food Stamp Act of 1977, as amended, and federal regulations adopted thereunder, the department of health and human services shall terminate or waive any claim to reimbursement for the overpayment of food stamps if the overpayment was the result of department error and:

I. The amount of the overpayment is not more than $450; or
II. The recipient's income is less than or equal to 2 times the federal poverty level.

2 Rulemaking; Food Stamp Program. Amend RSA 161:4-a, IV to read as follows:

IV. The development and administration of the food stamp program under RSA 161:2, XIII, including procedures for waiver of food stamp overpayments.

3 Approval by United States Department of Agriculture. The department of health and human services shall obtain approval from the United States Department of Agriculture for the collection practice established in section 1 of this act.

4 Contingency. Section 1 of this act shall take effect when the department of health and human services certifies to the secretary of state and the office of legislative services that the department has received approval from the United States Department of Agriculture pursuant to section 3 of this act. If the department's request is denied, the department shall certify the denial to the secretary of state and the office of legislative services, and section 1 of this act shall not take effect.

5 Effective Date.

I. Section 1 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes criteria for the department of health and human services to waive claims to reimbursement of food stamp overpayments that result from agency error.

HB 1708-FN, relative to Temporary Assistance to Needy Families (TANF) eligibility for 2-parent families. INEXPEDIENT TO LEGISLATE. Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill would set requirements for 2-parent families to be eligible for Temporary Assistance to Needy Families (TANF). At the time the bill was prepared, DHHS had not known of the implications of the TANF
HB 1709-FN, establishing an autism registry in the department of health and human services. OUGHT TO PASS WITH AMENDMENT.

Rep. April H. Mason for Health, Human Services and Elderly Affairs: This bill establishes an autism registry in the Dept. of Health and Human Services. Best estimates indicate that one in 500 children born in the state will be diagnosed with an autism spectrum disorder. There is a clear need for greater accuracy in the reporting of epidemiological data on the incidence and prevalence of autism spectrum disorders (ASD) in the state. This bill would require that licensed health care providers, upon making the diagnosis of ASD, report such diagnosis to the state. This registry shall not be operational until grant money is secured. This registry will not require any appropriations from the Department of Health and Human Services and is not utilizing state funds. Once grant, donations, or other moneys are received, the State may opt to enter into an agreement with an appropriate entity for the management of the registry; such as a university or college. This registry is an important first step in understanding the increased prevalence of autism spectrum disorders in New Hampshire and how to best facilitate future planning. Vote 13-0.

Amendment (0892h)

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose and Intent. The general court finds and declares that:

I. Autism spectrum disorder (ASD) is a developmental disorder of brain function which is typically manifested in impaired social interaction, problems with verbal and nonverbal communication and imagination, and unusual or severely limited activities and interests. These symptoms generally appear during the first 3 years of childhood and continue throughout life, often taking devastating emotional and financial tolls on the families of the child with (ASD).

II. Best estimates indicate that one in 500 children born in the state will be diagnosed with ASD. However, these numbers may be understated because of current diagnostic procedures and reporting requirements. There is a clear need for greater accuracy in reporting as well as for information on the epidemiologic data on the incidence and prevalence of ASD in this state.

III. An autism registry is needed to improve current knowledge and understanding of ASD, to conduct thorough and complete epidemiologic surveys of the disorder, to enable analysis of this problem, and to facilitate planning for services to children with ASD and their families.

2 New Subdivision; Autism Registry. Amend RSA 171-A by inserting after section 29 the following new subdivision:

Autism Registry

171-A:30 Autism Registry.

I. There shall be established a state registry in the department which shall include a record of all reported cases of autism spectrum disorder (ASD) that occur in New Hampshire and other information relevant and appropriate to conduct thorough and complete epidemiologic surveys of ASD, to enable analysis of this problem, and to facilitate planning for services to children with ASD and their families. The department may enter into an agreement with an appropriate entity for the management of the registry; provided that any records and data submitted to the department pursuant to this subdivision shall be the property of the department.

II. Physicians, psychologists, and any other licensed or certified health care provider who is qualified by training to make the diagnosis and who then makes the diagnosis that a child is affected with ASD shall report all new cases of this diagnosis to the department in a form and manner prescribed by the commissioner. The report shall be in writing and shall include the name and address of the person submitting the report and the child’s date of birth, gender, and zip code at birth residence, and the specific diagnosis of the child diagnosed as having ASD. The department shall assign a unique identification code to identify the child diagnosed as having ASD. The code shall not include the name or address of the child.
III. All information required to be reported under this subdivision shall be confidential. A physician, psychologist, or health care provider providing information to the department in accordance with this section shall not be deemed to be, or held liable for, divulging confidential information.

IV. Nothing in this section shall be construed to compel a child who has been reported as affected with ASD to submit to medical or health examination or supervision by the department. 171-A:31 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

I. Procedures for reporting cases of ASD under RSA 171-A:30.

II. Content of all forms required under this subdivision.

III. Confidentiality of records and information reported pursuant to this subdivision.

3 Applicability. The department of health and human services shall seek grant money from the Centers for Disease Control and Prevention and any other appropriate entity and may accept grants, gifts, and donations from any source for the registry established in section 2 of this act. The department of health and human services shall not expend any state appropriations for any purpose related to the establishment of the registry. The autism registry shall not become operational until the grant or other appropriate grants or moneys are secured.

4 Effective Date. This act shall take effect 90 days after its passage.

AMENDED ANALYSIS

This bill establishes an autism registry in the department of health and human services. Under this bill, health care providers who are qualified to make a diagnosis of autism spectrum disorder (ASD) are required to report new cases of ASD to the department. The commissioner of the department of health and human services is granted rulemaking authority for the purposes of the bill.

HB 1717-FN, requiring certain direct care services in nursing homes. INEXPEDIENT TO LEGISLATE.

Rep. Hilda W. Sokol for Health, Human Services and Elderly Affairs: To meet recommended staffing standards developed by the National Citizens Coalition for nursing home reform this bill would require nursing homes to provide a minimum of 4 hours of direct nursing care for medically fragile elderly persons. The committee reluctantly deemed this bill inappropriate to legislate because of the difficulty nursing homes are already experiencing in hiring qualified nursing personnel, due to the shortage of trained RN’s, LPN’s, I’s and other related health workers. Vote 13-0.

HB 1722-FN, relative to the New Hampshire council on developmental disabilities. OUGHT TO PASS.

Rep. Thomas E. Donovan for Health, Human Services and Elderly Affairs: This bill establishes the New Hampshire Council on Developmental Disabilities in the statutes. The New Hampshire Developmental Disabilities Council was established in 1971 under the Developmental Disabilities Assistance and Bill of Rights Act and has been an administratively attached board of the Department of Health and Human Services. This bill changes it to a free-standing entity. The federal government is requiring this change in order that advocacy entities are afforded a distance from those agencies they are monitoring on behalf of the client population. Vote 14-0.

HB 1763, extending a committee and adding certain duties relative to pharmacy reimbursement. OUGHT TO PASS.

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: The intent of this bill is to extend the life of the study committee established in 2005 under HB 697 which was formed to review Medicaid reimbursement rates. Based on that committee’s final report submitted in November of 2005, it was determined that additional work still needed to be done by the committee. The work will include but not be limited to examining the cost which the state of New Hampshire pays for drugs, the “Most Favored Nation” issue as it affects the price that New Hampshire citizens on Medicaid pay for prescriptions and Medicaid reimbursement levels for co-payments to pharmacies. Vote 15-0.

HB 1764, relative to the committee to study medicaid reimbursement rates for pharmacy providers. OUGHT TO PASS.

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: The intent of this bill is to extend the life of the study committee established in 2005 under HB 697 which was formed to review Medicaid reimbursement rates. Based on that committee’s final report submitted in November of 2005, it was determined that additional work still needed to be done by the committee. The work will include but not be limited to investigating variable reimbursement rates to pharmacies and assessing the possibility of establishing a mail-order pharmaceutical program for Medicaid customers. Vote 15-0.
HB 1256, establishing a committee to study the feasibility of creating an independent administrative office of the courts. INEXPEDIENT TO LEGISLATE.
Rep. Gregory M. Sorg for Judiciary: The thesis of this bill was that the present Administrative Office of the courts is unconstitutional because it was established by the Supreme Court by rule rather than by the Legislature and Governor by statute, and because the judicial branch, through the Chief Justice of New Hampshire, administers the courts rather than the executive branch agency. The bill proposed to study the federal court counterpart to our Administrative Office of the Courts, which was established by act of Congress, as part of an inquiry to determine which functions of New Hampshire’s could be performed outside the judicial branch. At the public hearing, the prime sponsor agreed that if the federal counterpart was in substance the same as the present New Hampshire system — in particular, if it, too, is administered by the judicial branch, through the Chief Justice of the United States — he would not object to New Hampshire’s administrative office to the courts being consisted as it is, as long as it were authorized by statute to do so. The committee was easily able to obtain the text of the federal statutes creating the federal administrative office and to determine that it does, in fact, closely resemble the present New Hampshire system. A study was therefore found to be unnecessary. The next step of filing a bill to provide specific legislative authorization for this system can be taken in the next legislative session, if desired. Vote 18-0.

HB 1277, providing limited immunity to mental health care providers caring for voluntarily admitted patients. INEXPEDIENT TO LEGISLATE.
Rep. James E. Wheeler for Judiciary: The sponsor was seeking protection from liability for mental health workers, who are negligent, when voluntarily admitted patients bring items into a mental unit with the intention of harming themselves. During the hearing and subsequent subcommittee meetings, it became apparent that the bill did not address the sponsor’s issues and further that the language of the bill restates current law. During the subcommittee meeting the sponsor realized that he could not articulate how he wanted to change the law and after looking into the matter further, he decided that the best resolution would be to us ITL this bill. Since the bill did not change the current law, the committee agreed with the sponsor and recommends this bill inexpedient to legislate. Vote 20-0.

HB 1316, exempting records of the National Animal Identification System from the right-to-know law. INEXPEDIENT TO LEGISLATE.
Rep. Robert D. Mead for Judiciary: This bill would exempt certain records of the National Animal Identification System from the Right-To-Know law. This N.A.I.S system has not yet been put in place and therefore we would be passing an exemption without knowing what information it would entail. An exemption to the Right-to-Know law should only be supported if the harm that might be caused by disclosure outweighs the public’s right to know. The committee felt that such harm was not demonstrated. Vote 20-0.

HB 1382, regulating the disclosure of personal information. INEXPEDIENT TO LEGISLATE.
Rep. Cynthia J. Dokmo for Judiciary: The committee supports the privacy concerns which this bill attempts to address. However, as written, the bill is too broad, and would have far reaching detrimental consequences. The committee urges the sponsor to submit future legislation, more narrowly drawn, to accomplish the goals intended. Vote 17-0.

HB 1388, relative to tenant security deposits and termination of tenancy. INEXPEDIENT TO LEGISLATE.
Rep. Nancy J. Elliot for Judiciary: This bill would double the security deposit on rental units to two months rent and would allow for eviction of a tenant at the end of a lease. The end of lease issue is being considered in HB 1548. It was determined that the increase of deposit would place an undue hardship on tenants, especially those new to the rental market. Vote 16-1.

HB 1505, relative to private actions under the consumer protection act. INEXPEDIENT TO LEGISLATE.
Rep. John B. Hunt for Judiciary: The intent of the bill was to address frivolous class action law suits. Unfortunately the bill created more problems than it intended to solve. Given the limited time the committee has to attempt to work on the issue, the sponsor and the committee decided that this bill is inappropriate at this time. Vote 16-0.
HB 1512, relative to civil liability for volunteers. OUGHT TO PASS WITH AMENDMENT.
Rep. James E. Wheeler for Judiciary: This bill is an issue that has been around for quite a while, and it always has quite a bit controversy surrounding it. The sponsor agreed that perhaps the best way to resolve this issue is to form a study committee, so the amendment replaces the bill with a study committee to study the issue of liability for people who volunteer in transportation, and other related issue to community transportation. The committee believes that if those on both sides can work through a study committee to try to come up with a proposal to address the issue of a dwindling supply of volunteer drivers that everyone can agree with that they should be given the chance to do so. Vote 16-0.

Amendment (0895h)
Amend the title of the bill by replacing it with the following:
AN ACT establishing a committee to study volunteer activity related to transportation.
Amend the bill by replacing all after the enacting clause with the following:
1 Committee Established. There is established a committee to study the issues surrounding volunteer activity related to transportation.
2 Membership and Compensation.
   I. The members of the committee shall be as follows:
      (a) Five members of the house of representatives, appointed by the speaker of the house of representatives.
      (b) One member of the senate, appointed by the president of the senate.
   II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
3 Duties. The committee shall investigate issues surrounding the role of volunteers in a coordinated community transportation system, transportation liability, interstate transportation, and other areas as the committee deems appropriate. The committee shall consult with representatives from the New Hampshire Trial Lawyers Association, the New Hampshire insurance department, and the governor’s task force on community transportation.
4 Chairperson; Quorum. The members of the committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this act. Four members of the committee shall constitute a quorum.
5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2006.
6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS
This bill establishes a committee to study volunteer activity related to transportation.

HB 1552, relative to the authority of land surveyors to enter onto land to make surveys. INEXPEDIENT TO LEGISLATE.
Rep. Gail C. Morrison for Judiciary: The intent of this bill is to allow land surveyors to enter onto the property of others to conduct land surveys exempting them from charges of trespass. This bill does not consider the rights of abutting property owners. No provision is made for advance notice. Further, testimony did not show a need for this legislature change. Vote 18-0.

HB 1554, relative to the amount paid for property in eminent domain. REFER FOR INTERIM STUDY.
Rep. Maureen C. Mooney for Judiciary: The committee received three House Bills this session relative to compensation for an eminent domain taking. The intent of all three was very similar. The subcommittee voted to place these bills into Interim Study as they may be incorporated into the final bill. The prime sponsor of this bill agreed with this decision. Vote 15-0.

HB 1596-FN, relative to eminent domain compensation. REFER FOR INTERIM STUDY.
Rep. Maureen C. Mooney for Judiciary: The House Judiciary Committee received three House bills this session relative to compensation for an eminent domain taking. The intent of this bill was very similar to the other two. The committee voted to place these bills into Interim Study as they may be incorporated into the final bill. Vote 16-0.
HB 1636-FN, relative to appeals from class A misdemeanor sentences imposed by the district courts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James E. Wheeler for Judiciary: This bill arises out of a study committee in the fall of 2003: legislation was introduced in 2004 (HB 1394) that dealt with this issue, but some unresolved concerns were raised during the hearing on that bill, and the portions of HB 1394 that HB 1636 now deal with were removed. The Supreme Court took it upon itself to try and resolve the concerns that were raised in the hearing on HB 1394 in 2004 and requested that this bill be introduced. This bill provides that if a person appeals a Class A Misdemeanor conviction to the superior court de novo and then waives the right to a jury trial the person is automatically remanded to the district court for imposition of sentence. The other issue this bill resolves is the fact that currently in order to appeal an issue of law in a Class A Misdemeanor conviction to the Supreme Court a person is required to appeal de novo before they can bring the issue of law to the Supreme Court. This bill allows a defendant to appeal issues of law directly to the Supreme Court without going through a de novo trial if they so choose. The amendment fixes one technical error in the bill and with that correction we believe this bill ought to pass. Vote 17-0.

**Amendment (0867h)**

Amend RSA 599:1 as inserted by section 2 of the bill by replacing it with the following:

599:1 Appeals. A person convicted by a district court of a class A misdemeanor, at the time the sentence is declared, may appeal therefrom to obtain a *de novo* jury trial in the superior court, which shall hear the appeal except in cases in district courts served by regional jury trial courts as provided in RSA 502-A:12-a. The appeal shall be entered by the defendant at the next return day unless for good cause shown the time is extended by the superior court. If, after a jury trial in the superior court, the defendant is found guilty, the superior court shall sentence the defendant, and the defendant may appeal questions of law arising therefrom to the supreme court. In the event the defendant waives the right to jury trial after the case has been appealed, the superior court shall forthwith remand the case to the district court for imposition of the sentence originally imposed by the district court, and the defendant may appeal questions of law arising therefrom to the supreme court. In all misdemeanor cases which are appealed to superior court or in which defendants are bound over it shall be the duty of the superior court to transmit to the justice of the district court, within 10 days after the case is finally disposed of, a certificate showing the final disposition of the case.

Rep. Coughlin declared a conflict of interest and did not participate.

HB 1106-L, relative to charter commissions. **INEXPEDIENT TO LEGISLATE.**

Rep. Paul R. Hopfgarten for Municipal and County Government: This legislation would not allow a new charter commission to be established for a period of 5 years after the final report of the existing charter commission is filed. This legislation would prevent both citizen petitions or town generated charter commission questions from being placed on the ballot for 5 years. In addition, if a charter that is passed has significant flaws including those of a constitutional or statutory flaw, that charter could not be corrected through the commission process. For these reasons, the committee could not recommend passage of this legislation. Vote 14-0.

HB 1257, relative to conflicts of interest of municipal officials. **INEXPEDIENT TO LEGISLATE.**

Rep. Eric G. Stohl for Municipal and County Government: Without the only sponsor of this bill in attendance at the hearing, the assumption that the committee must make is what is stated in the analysis of the bill. This bill requires municipal officials not to participate in any matters in which they have a financial interest. Planning and zoning board members shall not participate in any matter in which they have prejudged the outcome. The only testimony that was heard at the hearing was in opposition of the bill. The proposed amendment to RSA 31:39-a allows no participation in any matter that a municipal official may have a financial interest in. The bill possibly defines a financial interest as a “private interest.” There is no definition of “private interest” which leads to confusion. The second part of this bill restricts planning and zoning board member participation in any matter in which they have prejudged their outcome. The committee heard testimony that this protection is already afforded in RSA 673:1 which addresses disqualification of any member. Vote 13-1.

HB 1273, relative to the disposition of municipal records. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Harry S. Gale for Municipal and County Government: In 2005 the disposition of Municipal records was transferred from administrative rules to RSA 33-A. A municipal committee was charged with determining what municipal office would be responsible for the retention of each type of
record. In 2005 there were some municipal ordinances already in effect that were not recognized. Therefore section one of HB 1273 made a housekeeping change that recognized these ordinances. Also in section one the composition of the municipal records committee was changed by having representation of one assessor instead of a complete board of assessors. Section two clarified three retention schedules — current, welfare applications and property record cards — and added one retention schedule for Intent to Excavate. A non-germane amendment ratifying the acts, votes, and proceedings of the special meeting of the town of Brookline held on September 13, 2005. Vote 14-0.

**Amendment (0865h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the disposition and retention of municipal records and legalizing the September 13, 2005 special meeting of the town of Brookline.

Amend the bill by replacing all after the enacting clause with the following:

1 Municipal Committees; Duty Removed. Amend RSA 33-A:3 to read as follows:

33-A:3 Municipal Committees. The municipal officers or their designee together with the clerk, treasurer, [assessors] an assessor, and tax collector of each city or town shall constitute a committee to govern the disposition of municipal records pursuant to this chapter. Unless otherwise provided by a municipal ordinance, the committee shall designate the office responsible for the retention of each type of record created for the municipality.

2 Disposition and Retention Schedules. Amend RSA 33-A:3-a, XXIX to read as follows:

XXIX. Current use [card] release: [until removed from current use plus 3 years] permanently.

3 Disposition and Retention Schedules. Amend RSA 33-A:3-a, LI to read as follows:

LII. Health and human services case records including welfare applications: active plus 7 years.

4 Disposition and Retention Schedules. Amend RSA 33-A:3-a, CXII to read as follows:

CXII. Property record card: [permanently] current and last prior reassessing cycle.

5 New Paragraph. Disposition and Retention Schedules. Amend RSA 33-A:3-a by inserting after paragraph CLIII the following new paragraph:

CLIV. Intent to Excavate: completion of reclamation plus 3 years.

6 Special Meeting. All acts, votes, and proceedings of the special meeting of the town of Brookline held on September 13, 2005 are hereby legalized, ratified, and confirmed.

7 Effective Date. This act shall take effect upon its passage.

**AMENDED ANALYSIS**

This bill authorizes the committee to govern the disposition of municipal records to designate the office responsible for the retention of each type of record created for the municipality and changes certain retention schedules.

This bill also legalizes the September 13, 2005 special meeting of the town of Brookline.

**HB 1445**, relative to including “none of the above” on official ballot budgetary questions. **INEXPEDIENT TO LEGISLATE.**

Rep. Nancy K. Johnson for Municipal and County Government: This bill would require official ballot municipalities to provide a third voting option on the ballot for budgetary questions only. The third option would be “none of the above.” The majority of the committee believes that would be potentially confusing. Voters can currently leave the ballot blank, which in essence is neither a “yes” or a “no” vote. In addition to adding confusion adding the third option would add more expense to municipalities because voting machines would have to be reprogrammed. Vote 13-1.

**HB 1584**, relative to cemetery setbacks and septic systems. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gilman C. Shattuck for Municipal and County Government: Many communities in New Hampshire have “Burial Grounds” (private cemeteries) scattered about the communities. It is a long time public policy to avoid disturbance to known burial grounds. This bill requires that the location of known burial sites or cemeteries within or adjacent to the property on which a proposed sewage or waste disposal system is to be located be included on the plans for such a system. A common practice in earlier times was to do burials on occasion immediately outside the burial ground. This was known as “Burial in Pale.” To avoid disturbing possible remains in the area outside the stated area of the burial ground, a 25 foot buffer was established. This bill requires that plans for such systems must generally provide such a setback. The committee felt that these provisions would prevent disturbance to known burial grounds. Vote 14-0.
Amendment (0918h)

Amend RSA 485-A:29, I as inserted by section 1 of the bill by replacing it with the following:

I. Any person proposing either to subdivide land, except as provided in RSA 485-A:33, or to construct a sewage or waste disposal system, shall submit 2 copies of such locally approved plans as are required by the local planning board or other local body having authority for the approval of any such subdivision of land, which is subject to department approval, and 2 copies of plans and specifications for any sewage or waste disposal systems which will be constructed on any subdivision or lot for approval in accordance with the requirements of the department as provided in this paragraph. In the event that such subdivision plans which receive final local approval differ from the plans which are reviewed by the department, the person proposing the subdivision shall resubmit those plans to the department for reapproval. The planning board or other local body having final local approval authority shall submit one copy of such plans which receive final local approval to the department for informational purposes within 30 days of granting such final approval. The department shall adopt rules, pursuant to RSA 541-A, relative to the submission of plans and specifications as necessary to affect the purposes of this subdivision. The rules shall specify when and where the plans and specifications are to be submitted, what details, data and information are to be contained in the plans and specifications, including the location of known burial sites or cemeteries within or adjacent to the property on which the proposed sewage or waste disposal system is to be located, what tests are to be required, what standards, guidelines, procedures, and criteria are to be applied and followed in constructing any sewage or waste disposal system, and other related matters. The rules shall also establish the methodology and review process for approval of innovative/alternative wastewater treatment systems and for approval of a plan for operation, maintenance, and financial responsibility for such operations. For any part or parts of the subdivisions where construction or waste disposal is not contemplated, only the lot lines, property boundaries drawn to scale, and general soil and related data shall be required. The constructed sewage or waste disposal systems shall be in strict accordance with approved plans and the facilities shall not be covered or placed in operation without final inspection and approval by an authorized agent of the department. All inspections by the department shall be accomplished within 7 business days after receipt of written notification from the builder that the system is ready for inspection. Plans and specifications need not be submitted for subdivision approval for subdivisions consisting of the division of a tract or parcel of land exclusively in lots of 5 or more acres in area. The presence of hydric soils on lots of 5 or more acres in area shall be insufficient, without additional supporting data, to classify these lots as wetlands, or to make such lots unsuitable for sewage or waste disposal systems designed for poorly drained soils. This exemption in no way relieves any person from responsibility for obtaining approval under this chapter for construction of individual or other sewage or waste disposal systems or both in any exempted lots. In such cases, it shall be the responsibility of the subdivider to provide to the lot purchasers satisfactory assurance as the purchasers may require at the time of sale that lots sold shall be adequate to support individual sewage or waste disposal systems or both in accordance with rules adopted by the department and the requirements of this subdivision.

HB 1186, relative to the location of the Cheshire county superior court. REFER FOR INTERIM STUDY.

Rep. David B. Campbell for Public Works and Highways: The committee wishes to study this bill, which deals specifically with the location of Cheshire County superior Courthouse and more generally whether the location of County Court facilities throughout the state must be located in named county seat, or alternatively, if there are sufficient reasons, may be located in municipalities other than the county seat. Vote 15-1.

HB 1313, naming a bridge between the towns of Newfields and Stratham the United States Submarine Veterans of World War II Memorial Bridge. OUGHT TO PASS.

Rep. James W. Danforth for Public Works and Highways: The committee feels that the naming of the bridge between the Towns of Newfields and Stratham “United States Submarine Veterans of World War II Memorial Bridge” is a proper and a fitting tribute to the silent service veterans of World War II. Vote 17-0.

HJR 23, designating a Purple Heart Trail spur to the New Hampshire state veterans cemetery and providing additional signs for the Purple Heart Trail. OUGHT TO PASS WITH AMENDMENT.

Rep. Franklin T. Tilton for Public Works and Highways: The state of New Hampshire previously established the Purple Heart Trail as being, in part, U. S. Route 4 from the border in Lebanon to
the intersection of Interstate Route 95. This resolution adds a spur to that trail, being from the northerly intersection of U.S. Route 4 and U.S. Route 3 in Boscawen and running northerly along U.S. Route 3 to the New Hampshire State Veterans Cemetery, approximately 1.5 miles. Additionally, this provides for the Department of Transportation to place appropriate markers designating this spur as the Purple Heart Trail and additional markers as appropriate along the full length of the previously established Purple Heart Trail. Vote 16-0.

**Amendment (0715h)**

Amend the resolution by replacing all after the title with the following:

Whereas, the state of New Hampshire has established the Purple Heart Trail as being, in part, U.S. Route 4 from the border in Lebanon to the intersection of Interstate Route 95, the Military Order of the Purple Heart of the USA desires to add a spur to this trail, being from the northerly intersection of U.S. Route 4 and U.S. Route 3 in Boscawen and running northerly along U.S. Route 3 to the New Hampshire state veterans cemetery, approximately 1.5 miles; and

Whereas, this cemetery is being actively used by our veterans; and

Whereas, a number of these veterans are holders of the Purple Heart medal, including casualties from Operation Iraqi Freedom; and

Whereas, a Purple Heart Memorial monument has been recently placed on the Memorial Walkway at the cemetery; and

Whereas, New Hampshire has established the New Hampshire Purple Heart Trail, in part, as being U.S. Route 4 from the border in Lebanon to the intersection of Interstate Route 95; and

Whereas, signs have been placed along said trail; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That the portion of U.S. Route 3 from the intersection of U.S. Route 4 and U.S. Route 3 in Boscawen running northerly to the New Hampshire state veterans cemetery is hereby designated as a Purple Heart Trail spur; and

That the department of transportation shall place appropriate markers indicating the designation of this portion of U.S. Route 3 as the Purple Heart Trail spur; and

That the portion of the New Hampshire Purple Heart Trail being the length of New Hampshire U.S. Route 4 from the border in Lebanon to the intersection of Interstate Route 95 shall have appropriate signs placed along the full length of this trail; and

That the department of transportation shall place the additional markers indicating the designation of this route being the Purple Heart Trail.

**HB 1146**, establishing a committee to study renewable portfolio standards. **OUGHT TO PASS.**

Rep. James M. Garrity for Science, Technology and Energy: This bill establishes a legislative study committee to explore all issues relating to Renewable Portfolio Standards (RPS) and their future potential as part of the state's energy policy. This bill is related, but not linked to SB 314, which is a more comprehensive RPS policy bill. If SB 314 does not survive, then HB 1146 will be in place to keep the subject of RPS in active discussion. The committee agrees that RPS is an important enough subject to study. Vote 15-0.

**HB 1425**, establishing a commission to study the efficacy of current laws in reducing exposure of children to lead hazards. **INEXPEDIENT TO LEGISLATE.**

Rep. Roy D. Maxfield for Science, Technology and Energy: This bill would establish a commission to study the "efficacy" of current laws regarding lead exposure and lead hazards to children. Efficacy means the power to produce an effect and the sponsors feel that current laws are not achieving their goals. Several supporters from the medical community offered testimony in support of the bill and in most instances had an opinion of what they felt was needed to reduce lead hazards for children. Committee members pointed to an existing program at HHS that deals with these issues. The NH Childhood Lead Poisoning Prevention Program (CLPPP) works to reduce the number of NH children with elevated blood lead levels. The program is a resource for NH residents who need help addressing the hazards of lead in their children's environment. The CLPPP conducts statewide surveillance, provides medical case management and home inspections for lead-poisoned children, and provides information and referral for reduction and abatement of lead hazards. There is a lead study and action bill currently in the Senate (SB 250) and the committee feels that the sponsors would be better served by consolidating their efforts in this broader bill. Vote 14-2.
HB 1431, relative to air permit applications. INEXPEDIENT TO LEGISLATE.
Rep. Roy D. Maxfield for Science, Technology and Energy: This bill attempts to modify RSA 125C (Air Pollution Control) by requiring the Department of Environmental Services to make significant revisions to the current air permitting process. There are currently 450 sources which hold air permits in New Hampshire. DES acts on approximately 150 air permit applications every year including renewals and modifications. The department conducts comprehensive air quality impact reviews that provide an opportunity for public participation while considering the economical and business needs for the state. This bill would have significant fiscal impact on the Department of Environmental Services by mandating at least an additional 150 public hearings on an annual basis. The estimated added cost to the department would be $375,500 per year. It would cause considerable delay and expense for an applicant by elimination of the dual tract in current law to obtain local zoning ordinance, building or zoning code approvals. The New Hampshire Department of Environmental Services air permit does not currently authorize a company to build any facility that a local zoning ordinance prohibits. Any permit that the department approves is further subject to appeal to the state Air Resource Council made up of members of the general public, environmental advocates, medical professionals and industry. The committee agreed that our current laws provide significant oversight by the DES and appropriate public notice and interaction. Vote 14-0.

HB 1691-FN, establishing a geothermal assessment project. INEXPEDIENT TO LEGISLATE.
Rep. Gene F. Andersen for Science, Technology and Energy: The committee decided that this bill may be a valuable tool towards alternate energy production. However, the committee believes that the Department of Environmental Services (DES), which would be the direct source for the implementation process, could apply for federal funds for implementation of the project or otherwise include the implementation of the assessment project in the upcoming budget for DES. Vote 13-0.

HB 1754, relative to canteen privileges at veterans’ clubs licensed by the liquor commission. OUGHT TO PASS.
Rep. Kris Roberts for State-Federal Relations and Veterans Affairs: The committee agrees with the recommendation from the state liquor commission to extend canteen privileges to the members of Veteran’s non-profit groups. This change will allow a veteran’s club if authorized and approved by a majority of the members of one or more nationally-recognized veterans nonprofit groups to exercise canteen privileges, within the same facility and use of the liquor license of original building owner. These veteran organizations provide valuable community services. Vote 10-0.

HCR 23, urging the President to find it necessary to drawdown the strategic petroleum reserve. INEXPEDIENT TO LEGISLATE.
Rep. Kris E. Roberts for State-Federal Relations and Veterans Affairs: The committee understands the financial impact of oil prices on the citizens of New Hampshire. However, due to the lack of refining capacity, any release from the strategic oil reserve would most likely end up on the world market providing little or no benefit to the American public. The purpose of the strategic oil reserve is to protect the United States from unanticipated losses or stoppage of oil supply. With the uncertainty concerning the Iranian nuclear intention, the committee doesn’t believe it would be a wise strategic move to release crude oil supplies at this time. Vote 10-0.

HB 1201, relative to child passenger restraints. OUGHT TO PASS.
Rep. Sherman A. Packard for Transportation: This bill clarifies the language in the child passenger booster seat law. It makes clear that once a child reaches the age of six years old or a height of 55 inches they no longer need to be in a booster seat. Currently, law enforcement believes that both provisions have to be attained. This was not the legislative intent when passed. Vote 10-0.

HB 1261, relative to driver’s license revocation or denial for drugs or alcohol involvement. INEXPEDIENT TO LEGISLATE.
Rep. Jennifer M. Brown for Transportation: This is one of the two bills with the same intent. This one gives the Director of the Department of Motor Vehicles the authority to take someone’s license based on a non motor vehicle related drug or alcohol charge. We felt that authority should be in the hands of the courts. HB 1448 that the committee amended and passed will put this decision in the hands of the courts. Vote 13-0.

HB 1270, relative to the use of wireless telephones while driving. INEXPEDIENT TO LEGISLATE.
Rep. Brenda L. Ferland for Transportation: This bill would have fined an operator of a motor vehicle for using a cell phone that was not of the “hands free” style, with some exceptions. At
least 18 states have compiled statistics and the findings are conclusive: distractions such as reading maps, eating, changing radio stations, attending the children and pets, and outside distractions are ahead of talking on a cell phone. Thousands of calls are placed to 911 from wireless phones. People are reporting emergencies, impaired drivers, watching criminal activity and the list goes on. We have all encountered the distracted driver talking on the cell phone on our trips to Concord. They slow down and speed up too often, they road travel, they pay no attention to signs and lights; as a matter of fact this goes on even when drivers aren’t talking on the phone. Cell phones are the distraction people love to hate. As suggested, cell phone laws should be the same state to state. “Hang up and drive” could become the new federal slogan. While the Transportation Committee does not encourage people to use their cell phones while driving, we do encourage the education of safety hazards no matter what the distraction and the consequences thereof. Vote 12-0.

**HB 1297**, relative to requirements for a vehicle dealer license. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman A. Packard for Transportation: This bill would prevent any person convicted of a felony from obtaining a motor vehicle dealer license. This seems like a good idea to prevent any less than honest person from engaging in the business of selling cars. Many problems surround this proposal. Is it fair to punish someone for life, who may have made a mistake when they were young and have since become an honest hardworking citizen? Many dealerships today are mega dealerships owned by numerous people or corporations. These mega dealers hire General Managers to run the different dealerships. Would we not then want General Managers, Sales Managers and Financial Managers to also be free of any felony convictions? This bill would also not apply to these small dealers who do not possess dealer plates. Finally, the requirement to acquire a franchise for selling new motor vehicles today is far more stringent than the provision of this proposed law. Vote 10-0.

**HB 1484**, relative to including motorcycle safety in driver education courses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sherman A. Packard for Transportation: This bill as amended requires that a minimum of 45 minutes of a nationally recognized motorcycle awareness course be included in the current 30 hours of driver education. Also, required would be a minimum of 45 minutes of a nationally recognized course on heavy truck and tractor trailer awareness. Both courses would be approved by the Director. With more motorcycles and trucks on the road the committee felt teaching awareness of these different vehicles was important to help reduce the increasing number of accidents between cars and these different vehicles. This would not increase the number of classroom hours currently at 30 hours. Only some instructors are currently teaching these subjects and this would put uniformity into the driver training program. Vote 10-0.

**Amendment (0946h)**

Amend the title of the bill by replacing it with the following:

**AN ACT relative to including motorcycle and tractor-trailer safety in driver education courses.**

Amend the bill by replacing section 1 with the following:

1 Driver Education; Motorcycle and Tractor-Trailer Safety. Amend RSA 263:19, 1 to read as follows:

I. A driver’s license may be issued subject to the provisions of this chapter to a person under the age of 18 years who has attained his or her sixteenth birthday, if such person shall present a certificate of successful completion of a driver education course given by a public or nonpublic secondary school and approved by the department of education in cooperation with the department of safety or given by a motor vehicle drivers’ school licensed under the provisions of this chapter. An approved driver education course, whether conducted by a secondary school or by a school licensed under this chapter, shall consist of both classroom instruction and behind the wheel driver training of not less than 10 hours, in accordance with rules adopted pursuant to RSA 541-A, published jointly by the commissioner of education and the commissioner of safety, such standards to be not less than those presently required. The classroom instruction shall include 45 minutes of a nationally-recognized motorcycle safety education course approved by the director and the motorcycle rider education program advisory committee and 45 minutes of a nationally-recognized tractor-trailer safety education and awareness course approved by the director. The department of safety, by the nature of its function, shall be held ultimately responsible for setting and maintaining the quality standards for driver education in the state, aided and facilitated by the department of education. This authority shall apply uniformly over both secondary school courses and private motor vehicle drivers’ school courses.
AMENDED ANALYSIS
This bill requires motorcycle and tractor-trailer safety education in driver education courses.

HB 1664-FN, relative to nondriver identification cards. INEXPEDIENT TO LEGISLATE.
Rep. Brenda L. Ferland for Transportation: This bill would have required the Department of Motor Vehicles to issue non-driver identification cards at public and private schools throughout the state. The cards would be issued to children starting at 10 years of age, would have a photo, name, address, citizenship, ID number, date of birth, optional blood type and signature. The cost would have been $10 and $15. The bill would have required the department to mobilize vans or motor homes, hire and train more personnel at a great cost. Because not everyone would do this the 50 percent the Department of Motor Vehicle gets would not even begin to cover the cost. The committee felt that more information on how the national identification program will be administered is necessary. It may take care of the problem. Vote 14-0.

HB 1444, relative to definitions under the real estate transfer tax. OUGHT TO PASS.
Rep. Jim Ryan for Ways and Means: This bill is a “housekeeping” bill that closes a loophole in the real estate transfer tax by clarifying certain definitions, eliminating surplus language and altering a rigid formula for determining whether a company is “principally” engaged in the business of real estate. The bill was unanimously supported at the hearing and is filed at the request and with the approval of the DRA. Accordingly, the committee recommends that this be ought to pass. Vote 19-0.

HB 1460-FN-A, establishing a deduction against the business profits tax. INEXPEDIENT TO LEGISLATE.
Rep. Susan W. Almy for Ways and Means: This bill would have established a deduction against the business profits tax for FICA taxes of tipped employees taken as a credit instead of a deduction on federal income taxes. Some restaurants elect to take the federal credit to reduce taxes but then lose a bit on state tax calculations. They want both. The committee agreed with the Commissioner of Revenue Administration that state law should not be changed only to maximize federal tax breaks. Vote 19-0.

HB 1618-FN-A, relative to net operating loss deductions under the business profits tax. INEXPEDIENT TO LEGISLATE.
Rep. Jim Ryan for Ways and Means: The Department of Revenue Administration is concerned that in certain instances the application of credit from the BET to the BPT creates what tax planners enjoy calling a “double” target of taxable opportunity. Concern was demonstrated by the DRA Commissioner that in certain instances the value of a credit may have a value of eight cents greater than the credit amount of one dollar. The committee, and later a subcommittee, attempted to craft a response, but in each instance had results with unintended consequences such as either affecting cyclical business entities or by increasing business taxes. The committee appropriately declined to pass legislation that requires more analysis both by the agency and taxpayers prior to legislative analysis. The committee voted to recommend this bill as Inexpedient to Legislate, but does forecast that the issue will be revisited in the next term. Vote 19-0.

CLERK’S NOTE
The constitutionally required two-thirds of the membership for action by majority vote was declared present.

REGULAR CALENDAR
HB 1127, relative to obligation of religious leaders to report child abuse. MAJORITY: REFER FOR INTERIM STUDY. MINORITY: INEXPEDIENT TO LEGISLATE.
Rep. Mary Stuart Gile for the Majority of Children and Family Law: This bill was introduced to amend RSA 516:35 (Privileged Communications, Religious Leaders) to make it consistent with RSA 169-C:29, (NH Child Protection Act). Both statutes have been in NH law since 1979. The complexities resulting from the interpretation and application of RSA 516:35, without amendment, have caused confusion with consequence for children. The majority of the committee agreed that Interim Study and further discussion may help to resolve the ambiguity inherent in these two statutes and allow time to make further recommendations, if necessary. Vote 10-5.

Rep. Karen K. McRae for the Minority of Children and Family Law: The minority of the committee supported the subcommittee report of Inexpedient to Legislate. This issue is fraught with constitutional issues as well as religious ramifications and has been studied this year as well as two years ago. The minority feels that the study will not result in an effective way to prevent child abuse or neglect. Rep. Mooney requested a roll call; sufficiently seconded.

HB 1580, relative to the child support formula. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPERIENT TO LEGISLATE.

Rep. David A. Bickford for the Majority of Children and Family Law: This bill, as amended, utilizes time spent in each parents' home as part of the formula to determine the child support amount. Therefore, both parents have an appropriate means of providing for their children. The court is required to retain the calculation used to determine the child support obligation and give the rational for why it did or did not deviate when the issue of special circumstances is brought before the court. This hopefully will bring fairness to both parents and their children. Vote 7-5.

Rep. Carolyn M. Gargasz for the Minority of Children and Family Law: Even though changes to the Child Support formula need to be considered, the changes in this bill are premature. The Child Support Commission has not completed its work including the financial analysis by an economist. According to some who work in the field of family law, there is no urgency for this formula.

Majority Amendment (0985h)

Amend the bill by replacing all after the enacting clause with the following:

1 Child Support; Definitions; Adjusted Gross Income and Child Support Obligation. Amend RSA 458-C:2, I-II to read as follows:

I. “Adjusted gross income” means gross income, less:

(a) Court-ordered or administratively ordered support actually paid to others, for adults or children.

(b) Fifty percent of actual self-employment tax paid.

(c) Mandatory, not discretionary, retirement contributions.

(d) Actual state income taxes paid.

(e) Amounts actually paid by the [obligor] person for allowable child care expenses or medical insurance coverage for the minor children to whom the child support order applies.

I-a. “Allowable child care expenses” means actual work-related child care expenses for the children to whom the order applies, up to no more than an annual total of $5,000 for one child, $9,000 for 2 children, and $12,000 for 3 or more children.

II. “Child support obligation” means the [proportion of total] support obligation which the obligor parent is ordered to pay in money to the parent or other party as child support as determined by the calculations set forth in RSA 458-C:3, II(a).

2 Child Support; Definition of Minimum Support Order and Net Income. Amend RSA 458-C:2, V-VI to read as follows:

V. “Minimum support order” means an order of support equal to $50 per month. There shall be no minimum support if both parents or parties have an equal child support obligation.

VI. “Net income” means the parents' [combined] adjusted gross income less standard deductions published on an annual basis by the department of health and human services and based on federal Internal Revenue Service withholding table amounts for federal income tax, F.I.C.A., and Medicare, which an employer withholds from the monthly income of a single person who has claimed a withholding allowance for 2 people.

[(a) Federal income tax;]

[(b) F.I.C.A.;]
3 Child Support: Definition of Percentage. Amend RSA 458-C:2, IX to read as follows:

IX. "Percentage" means the numerical figure that is applied to net income as part of the calculation to determine the amount of child support.

4 Child Support Formula. RSA 458-C:3 is repealed and reenacted to read as follows:

458-C:3 Child Support Formula.

I. Number of Children

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percentage of Net</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>25 percent</td>
</tr>
<tr>
<td>2</td>
<td>33 percent</td>
</tr>
<tr>
<td>3</td>
<td>40 percent</td>
</tr>
<tr>
<td>4 or more</td>
<td>45 percent</td>
</tr>
</tbody>
</table>

The number of children in the same household for which child support is paid shall determine the percentage applied against net income.

II. (a) The child support obligation shall be determined in a separate calculation for each parent or party by multiplying each parent’s or party’s annual net income, as defined in RSA 458-C:2, VI, by the appropriate percentage derived from this section divided by 365.25 then multiplied by the number of days within the year that the other parent or party has residential responsibility for the dependent child or children, as specified in the court-approved parenting plan if one exists. The parent or party with the greater annual child support obligation shall be designated as the obligor and the child support owed to the other parent or party shall be based upon the obligor’s annual child support obligation less the annual child support obligation of the other parent or party. If both parents or parties have an equal annual child support obligation, no child support payment shall be ordered by the court.

(b) In cases where public assistance is provided on behalf of the dependent child or children and the right to support is assigned to the department of health and human services, the department’s net income shall be zero for purposes of the child support guidelines calculation.

(c) The court shall determine the frequency of the obligor’s child support payments in the child support order.

(d) All child support payments calculated pursuant to this chapter shall be rounded to the nearest whole dollar.

III. The self-support reserve and minimum child support obligation shall be calculated as follows:

(a) If the obligor’s gross income is less than the self-support reserve and the court has determined that the obligor is not voluntarily unemployed or underemployed, the court shall order the child support obligation in the amount of a minimum support order.

(b) If the obligor’s gross income is greater than the self-support reserve but payment of the order as calculated under this chapter would reduce the obligor’s income below the self-support reserve, the obligor’s child support obligation shall be presumed to be the difference between the self-support reserve and that parent’s adjusted gross income, but in any event shall be no less than the amount of a minimum support order.

5 New Section; Child Support Guidelines Worksheet. Amend RSA 458-C by inserting after section 3 the following new section:

458-C:3-a Child Support Guidelines Worksheet. At every hearing in which child support is involved, the party seeking the order shall file a child support guideline worksheet, as published by the department of health and human services, division of child support services, duly completed by either the party or attorney. The other party shall file a child support guideline worksheet if the guideline amount is in dispute. In any case where the court or court personnel complete or assist the parties in the completion of a child support guidelines worksheet, the worksheet shall be retained in the court file and made available for inspection at the request of the parties. In any event, the worksheet that results in the ordered child support obligation shall be kept in the file and available to the parties. The fact that the parties have agreed to an amount or may be requesting adjustments to the child support guidelines shall not suspend the requirements of this section. In cases where the other party has failed to disclose his or her income, a worksheet shall be completed using a reasonable estimate of that party’s income.

6 New Paragraph; Application of Guidelines. Amend RSA 458-C:4 by inserting after paragraph IV the following:

V. The court shall provide the calculations for child support and the rationale for deviating from the guidelines, including reasons why or why not there were adjustments for special circumstances in accordance with RSA 458-C:5.

7 Repeal. RSA 458-C:2, XI, relative to the definition of total support obligation, is repealed.

8 Effective Date. This act shall take effect January 1, 2007.
**AMENDED ANALYSIS**

This bill amends the child support formula so that child support amounts are based primarily on income and the amount of time that the child spends with each parent. The bill also directs the parties to file their child support worksheets with the court and requires the court to provide the basis for either adjusting or declining to adjust the guidelines for special circumstances. Majority committee amendment adopted.

HB 1374, establishing a committee to require personal information holders to disclose a security breach. REFER FOR INTERIM STUDY.

Rep. Jane S. Langley for Commerce: The committee has heard four bills dealing with this subject and has recommended HB 1404 and HB 1414-FN as Inexpedient to Legislate, but has incorporated all the issues of concern into HB 1660-FN. The committee felt that it was prudent to keep one bill in committee pending the outcome of HB 1660-FN and therefore recommended refer to interim study. Vote 15-0.

Rep. Sheila Francoeur yielded to questions
Committee report adopted.

HB 1404, relative to breach of security of computerized personal information. INEXPEDIENT TO LEGISLATE.

Rep. Charles L. Clark for Commerce: The bill is another in a group of proposed identity theft related legislation which the committee decided to find Inexpedient to Legislate in order to fold it into HB 1660-FN. Vote 15-0.

Committee report adopted.

HB 1542, relative to responsible drug advertising. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. James R. Martin for the Majority of Commerce: This is another attempt to regulate prescription drug advertising. It deems any drug advertising "false" unless the ad includes a black box warning label stating that this is a prescription drug. It makes advertising without such a warning a misdemeanor or a felony and provides for a minimum of $25,000 in damages and up to three times actual damages. Prescription drug advertising is likely preempted by federal law, indeed the FDA recently announced that it preempts all prescription drug labeling (the package insert). When prescription drug ads refer to matters included in the package inserts, the ads must fairly present the contents of the package inserts. First, it appears that this bill is unnecessary because virtually all prescription drug ads already state they are by prescription only. Second, this bill would violate the First Amendment of the United States Constitution which not only protects the right to speech but also the right not to
Rep. Bonnie G. Mitchell for the Minority for Commerce: While the majority believes that the FDA is “doing a fine job” in regulating prescription drugs and advertising, the minority believes there are many areas of drug regulation, particularly advertising, where consumer safety would be enhanced by complementary state law. Prescription drug abuse is an epidemic. There are now more people abusing prescription drugs than those who abuse heroin, cocaine and methamphetamines, combined! Research estimates 15 million Americans abuse prescription drugs. There is a clear need for consumer protection, which is the historic and constitutionally protected domain of the states. Yet New Hampshire has been unwilling to protect the public in an area that the White House has labeled as an epidemic, prescription drug abuse. We should not be surprised that prescription drug abuse has spiked over the past several years. Since 1997, the drug industry has increased spending on advertising from $265 million to nearly $4 billion today. But the public continues to lack basic, understandable safety information. Ads tell people, especially kids, that these drugs are “good,” “make you sexy” or “will make your life better”. Why are we surprised that prescription drug abuse is increasing? As we know, advertising is a powerful medium, but warnings continue to be inadequate. A representative of the FDA’s medical experts told a Congressional panel that federal drug regulators were “virtually incapable of protecting America.” This bill seeks to add safety information to advertisements. The warning says, “State Law Requires a Prescription For Use, Do Not Try To Diagnose Yourself. That Should Only Be Done By A Healthcare Professional.” This makes the public aware that they are receiving information about a powerful prescription drug. While the majority insists this information “is always” presented in ads, the minority is amazed at the creative ways the drug industry has found to downplay the recognition of this fact by consumers. For its part, the minority makes two further arguments against this bill: Federal Preemption and the Commerce Clause, relative to interstate commerce, both of which are questionable. While the drug industry, and more recently the FDA, has argued for federal preemption of all state drug regulation, this simply does not exist. In fact recent FDA rules changes, which again purported federal preemption, was met with a stinging rebuke from the President of the National Conference of State Legislators. Simply put, just because the drug industry and FDA want preemption, does not make it so. This bill does not frustrate FDA efforts, it enhances public safety. Finally, this bill, as a proposed state law, will only affect advertising specifically subject to New Hampshire state law. We are free to protect New Hampshire consumers as we see fit. We have done this in other areas such as banking, securities and tobacco advertising. While neighboring states have different laws in these areas, there is no Commerce Clause violation, nor is there in this bill. The minority believes that this committee has a duty to protect consumers. This duty extends to protecting New Hampshire consumers from the current epidemic of prescription drug abuse, as labeled by the White House. Rep. DeJoie spoke against and yielded to questions. Rep. James Martin spoke in favor and yielded to questions. On a division vote, 231 members having voted in the affirmative and 93 in the negative, the majority committee report was adopted. Rep. Baroody declared a conflict of interest and did not participate.

(Deputy Speaker Weyler in the Chair)

HB 1151, relative to the prohibition of illegal aliens. INEXPEDIENT TO LEGISLATE.

Rep. Peter M. Sullivan for Criminal Justice and Public Safety: The committee shares the sponsor’s concern with the problem of illegal immigration. The federal government has clearly failed to provide a tough, effective enforcement scheme, and there is a clear need for a change in existing policies. Unfortunately, HB 1151 would create more problems than it would solve. The legislation would require New Hampshire business owners to perform a review of documentation with little guidance or training in such procedures. It would require businesses to comply with confusing and conflicting regulatory and record-keeping requirements, creating a chaotic environment for New Hampshire businesses. In addition, the United States Immigration and Nationality Act
explicitly prohibits states from enacting state-level employer sanction laws, raising serious ques-
tions as to the constitutionality of this legislation. While we are unable to support HB 1151 in its
current form, we believe public attention should remain focused on this issue. Vote 18-0.
Rep. Ulery spoke against.
Rep. Ulery requested a roll call; sufficiently seconded.

HB 1178, relative to the definition of an adequate education. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Timothy E. Easson for the Majority of Education: The prime sponsor of the bill sought to replace the current statute that defines the “criteria for an equitable education” in RSA 193-E:2 with the Kentucky definition of an “adequate public education.” The Kentucky criteria is inadequate because it lacks any reference to reading, writing and speaking English; skill in mathematics; skill in methods of science; knowledge of biological, physical and earth sciences; economics; geography; and technological skills. Additionally, the committee learned that in 1998, after the Claremont II decision, the House and Senate Education Committees met jointly and used the Kentucky standards as a starting point by which they arrived at the current statute. The majority takes the position that moving forward with this bill would be a major step backward. Vote 10-6.

Rep. Emma L. Rous for the Minority of Education: The minority believes the term “adequacy” must be returned to the language in Chapter 193 E. By substituting the term “equity” for “adequacy”, we have shifted the focus from educational content to educational funding. The committee intends to set up an ad hoc committee to discuss the issue of adequacy.

Majority committee report adopted.

HB 1323, relative to the statement of purpose in the statewide education improvement and assessment program. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. William J. Remick for the Majority of Education: This bill removes the word “democracy” from RSA 193-C:1. The vast majority of the committee disagrees. Vote 12-1.

Rep. Timothy E. Easson for the Minority of Education: It is important to have the statement of purpose of RSA 193-C:1 to accurately reflect the fact that our nation is a republic and not a democracy. The minority believes that this distinction needs to be clarified in current law.

Majority committee report adopted.

HB 1509, relative to campaign expenditures for the office of governor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael D. Whalley for Election Law: This bill as introduced would increase the limitation on campaign expenditures for candidates for the office of governor who agrees to limit campaign expenditures. As amended by the committee, the limitations on campaign expenditures for candi-
dates for United States Senate and candidates for Representative to Congress would also be increased. The bill, as amended, would also increase the maximum contribution to a candidate who agrees to abide by the spending limit as an additional incentive to agree to the spending limit. The effective date was also changed to July 1, 2006. Vote 14-0.

Amendment (0855h)
Amend the title of the bill by replacing it with the following:

AN ACT relative to campaign expenditure and contribution limitations.

Amend the bill by replacing all after the enacting clause with the following:

1 Political Contribution Limitations. Amend RSA 664:4, V to read as follows:

V. By any person (1) if in excess of $25,000 in value, except for contributions made by a candidate in behalf of his or her own candidacy, or if in excess of $1,000 in value by any person or by any political committee to a candidate or a political committee working on behalf of a candidate who does not voluntarily agree to limit his or her campaign expenditures and those expenditures made on his or her behalf as provided in RSA 664:5-a, (2) if made anonymously or under a name not that of the donor, (3) if made in the guise of a loan, (4) if any other manner concealed, (5) if made without the knowledge and written consent of the candidate or his or her fiscal agent, a political committee or its treasurer, or not to any one of the same.

2 Political Expenditure Limitation Amounts. Amend RSA 664:5-b, I-II to read as follows:

I. For governor:
   (a) [625,000] $1,250,000 in a state primary election.
   (b) [625,000] $1,250,000 in a state general election.
I-a. For United States senator:
   (a) [625,000] $1,250,000 in a state primary election.
   (b) [625,000] $1,250,000 in a state general election.
II. For representative to Congress:
   (a) [350,000] $625,000 in a state primary election.
   (b) [350,000] $625,000 in a state general election.

3 Effective Date. This act shall take effect July 1, 2006.

AMENDED ANALYSIS

This bill increases the limitation on campaign expenditures for candidates for the offices of governor, United States senator, and representative to Congress who agree to limit campaign expenditures. This bill also increases the limitation on the amount that may be contributed to a candidate who voluntarily agrees to limit his or her campaign expenditures.

Amendment adopted.

Committee report adopted and ordered to third reading.

(Speaker Scamman in the Chair)

HB 1384, relative to standardizing the format for special education budgets. INEXPEDIENT TO LEGISLATE.

Rep. Emma L. Rous for Education: This bill seeks to isolate a district’s special education budget from the annual school district budget. While special education regularly appears as a line item in district budgets, highlighting special education in a separate budget risks exposing the identity of special education students and opens a mandated budget to debate. In addition, it is inappropriate for the legislature to prescribe State Board of Education forms. Vote 7-6.

Reps. Ingbretson and Stephen L’Heureux spoke against.

Rep. Ingbretson requested a roll call; sufficiently seconded.

Floor Amendment (1138h)

Amend the bill by replacing all after the enacting clause with the following:

I. A school district shall establish an approved program or programs for educationally disabled children, or shall enter into cooperative agreements with other districts to provide approved programs for educationally disabled children, or shall pay tuition to such an approved program maintained by another school district or by a private organization. Eligibility for participation in an approved program of special education shall be determined by the school board of the school district under rules adopted by the state board of education.

II. A school district responsible for providing special education programs or services to any educationally disabled pupil shall, for informational purposes only, prepare an annual special education budget separate from the annual school district budget. Such special education budget shall be prepared using the same budget format as the general education budget, and shall be provided to the school district legislative body at the same time as the general education budget. The special education budget shall include all line item cost detail and descriptions used to prepare the general education budget, including salaries and associated employee benefit costs, overhead cost allocations based on percentage of space used, and special education pupil population.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires a school district to prepare, for informational purposes only, a separate special education budget to be provided to the school district legislative body.

Rep. O'Brien spoke in favor and yielded to questions.

Rep. Giuda requested a roll call; sufficiently seconded.

and the motion was adopted.

SUSPENSION OF RULES

Reps. O’Neil and Craig moved that the Rules deadline be so far suspended as to allow referral to a second committee of HB 1384, relative to standardizing the format for special education budgets. On a division vote, 263 members having voted in the affirmative and 67 in the negative, the motion was adopted by the necessary two-thirds. Referred to the committee on Finance.

SPECIAL ORDER

HB 1269, relative to the taking of red deer or elk. OUGHT TO PASS WITH AMENDMENT. Rep. David L. Smith for Fish and Game: This bill enables a farmer to raise red deer and elk and permit them to be harvested directly by a purchaser. These elk and red deer farmers have the option of harvesting themselves and selling a whole carcass to a buyer or they may have the meat USDA inspected so it can be sold to restaurants and stores. This last option of USDA inspection has become too expensive to market meat at a profitable price. Hopefully this bill will help these farmers, and the state will not lose his agricultural activity. The bill was heard by the Fish and Game Committee because even raised and personally owned red deer and elk are legally defined as wildlife. Vote 9-1.

Amendment (0566h)

Amend the bill by replacing section 1 with the following:

I Purpose. The propagation of red deer (Cervus elaphus) or elk (Cervus elaphus nigratifi) is an important agricultural industry in this state. Therefore, providing for equal treatment of alternate livestock and expanding the market for red deer or elk by allowing for the sale of live red deer or elk to individuals for their own consumption will provide economic benefit to the state.

Amend the bill by replacing section 3 with the following:

3 New Section; Red Deer or Elk. Amend RSA 208 by inserting after section 1-e the following new section:

208:1-f Red Deer or Elk.

I. No person shall, at any time, hunt, take, or possess, any red deer or elk, or any part of the carcass, taken in this state, except as follows:

(a) Red deer or elk which have been propagated within this state may be taken.

(b) Notwithstanding RSA 212:30-e, V, persons licensed to propagate red deer or elk shall be permitted to sell live animals for on premises field harvest by the purchaser.

(c) Persons licensed to propagate red deer or elk, or their designated agent, shall accompany a purchaser into the harvest area, and shall stay in the purchaser’s presence until the harvest is completed. Only one purchaser shall be permitted in the harvest area at one time.

(d) The propagator shall provide the purchaser with a bill of sale for each red deer or elk carcass, bearing the date of purchase, the total weight of the carcass, the name and address of the purchaser and the address and permit number of the propagator. The bill of sale shall remain with the carcass as long as it remains in the state.

II. The provisions of this section shall not affect any other law on the transportation, importation, or sale of red deer or elk.

AMENDED ANALYSIS

This bill allows for the taking of red deer or elk and establishes regulation of the process. Amendment adopted.

REGULAR CALENDAR (CONT’D.)

HB 1681-FN, establishing the unused prescription drug program. OUGHT TO PASS WITH AMENDMENT.

Rep. Cindy Rosenwald for Health, Human Services and Elderly Affairs: The committee recognized that prescription drugs are often thrown away at hospitals and other health care facilities, wasting thousands of dollars a month and potentially creating an environmental hazard. This bill creates a program to allow for unused prescription drugs and devices to be safely re-dispensed as long as they are in tamper-proof packaging and have never been in the possession of an individual. At least 20 other states have enacted similar legislation. As amended, the Board of Pharmacy would set rules to allow hospitals, other health care facilities, pharmacies and correctional institutions to voluntarily agree to store, re-label and re-dispense drugs and devices appropriately and safely. This could save the state money in the prison system. The amendment also removes the fiscal impact on the state since the program would be self-funded through fees. Vote 16-0.

Amendment (0793h)

Amend the bill by replacing all after the enacting clause with the following:

1. New Subdivision; Unused Prescription Drug Program. Amend RSA 318 by inserting after section 55 the following new subdivision:

   Unused Prescription Drug Program

   318:56 Unused Prescription Drug Program Established. There is established the unused prescription drug program for the purpose of allowing the donation of unused prescription drugs and medical devices to uninsured or underinsured individuals. The program shall be administered by the New Hampshire pharmacy board.

   318:57 Definitions. In this subdivision:

   I. “Board” means the New Hampshire pharmacy board.

   II. “Medical device” means an instrument, apparatus, implement, machine, or similar article, or any attachment or component part thereof, that has been prescribed by a physician or other authorized health care practitioner.

   III. “Patient” means a person to whom a drug or a medical device has been prescribed, that patient’s authorized representative, or the executor or administrator of the patient’s estate.

   IV. “Prescription drug” means a drug as defined in RSA 318:1, XVII, excluding any controlled drug as defined in RSA 318-B:1, VI.

   V. “Program” means the unused prescription drug program.

   318:58 Donating, Accepting, and Redispersing Unused Drugs.

   I. Any person may donate unused prescription drugs and medical devices to the program.

   II. Any person authorized to dispense prescription drugs and medical devices pursuant to RSA 318 or other law may re-dispense such drugs and devices for the purposes of the program.

   III. The following facilities and services may accept donations of unused prescription drugs and medical devices for the program:

   a. Any pharmacy as defined in RSA 318:1, XI;

   b. Any hospital, nursing home, hospice, or outpatient clinic licensed pursuant to RSA 151; and

   c. New Hampshire hospital, Glencliff home for the elderly, New Hampshire veterans home, and the state and county correctional facilities.
IV. The following prescription drugs and medical devices may be accepted and redispensed through the program; provided, that they have not been in the possession of the patient or other member of the public:

(a) Unused prescription drugs that have not reached their expiration date, are contained in unopened unit dose or other tamper-evident packaging, and show no evidence of contamination; and

(b) Medical devices that have not been opened or adulterated.

V. Unused prescription drugs and medical devices may not be resold, but the facility or service redispensing such drug or device may charge a handling fee for the service not to exceed $15.

VI. A facility or service may redispense unused prescription drugs and medical devices under the program to uninsured or underinsured persons as defined by the board, but redispensing to other patients is permitted if no uninsured or underinsured person is available.

318:59 Rulemaking. The board shall adopt rules, pursuant to RSA 541-A, for the program relative to:

I. Standards and procedures for the donation, acceptance, storage and redispensing of unused prescription drugs and medical devices.

II. Eligibility of individuals to receive unused drugs.

III. The maximum allowable handling fee for redispensing drugs and devices.

IV. Content and format of all forms required under this subdivision.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the unused prescription drug program under which unused prescription drugs are accepted and dispensed to uninsured or underinsured persons. Under this bill, persons licensed to dispense drugs and certain other licensed entities may collect, relabel, and redispense donated prescription drugs and medical devices. Controlled drugs are exempted from the provisions of the bill. The New Hampshire pharmacy board is granted rulemaking authority for the purposes of the bill. Amendment adopted.

Committee report adopted and ordered to third reading.

CACR 39, relating to the administration of the Supreme Court. Providing that Supreme Court rules shall no longer have the force and effect of law. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John B. Hunt for the Majority of Judiciary: The committee heard three bills related to the court’s ability to make rules for themselves. This amendment to the constitution would remove the last sentence to Part II Article 73-a which was enacted in 1978 and states: “The chief justice of the court shall be the administrative head of all the courts. He shall, with the concurrence of a majority of the Supreme Court justices, make rules governing the administration of all courts in the state and the practice and procedure to be followed in all such courts. The rules so promulgated shall have the force and effect of law. The committee felt that removing a seemingly redundant sentence would not change the effect of the remaining constitutional amendment, but may cause confusion on whether court rules are enforceable. The sponsor’s intent is similar to another bill (HB 1193) which the committee heard this session relating to the issue of whether the 1972 constitutional convention intended for the sentence to be included in the constitutional amendment. This is an old issue and was litigated in the 1993 case of Bosa vs. Merrill. The legislature addressed the issue by enacting a statute that requires the actual wording be placed on the ballot. Evidently, prior to the passage of this law most constitutional amendments did not have the actual wording of the amendment on the ballot upon which the voters would be voting. The official signed copy of the proposed amendment did include the extra sentence. Vote 14-6.

Rep. Gregory M. Sorg for the Minority of Judiciary: The committee’s research appears to have shown conclusively that the final sentence of Article 73-a (“The rules so promulgated shall have the force and effect of law”) was not on the ballot and, therefore, was not ratified by the people. The majority, however, takes the position that the error was harmless, because to say that court rules have the force and effect of law is simply to state a truism. The minority, though, is mindful that the word “law” is commonly understood to be synonymous with the word “statute.” And while there is no disputing that properly promulgated rules and regulations operate as the functional equivalent of law in the sense that they must be obeyed, the same as any statute, it is nevertheless true that in the hierarchy of law, rules and regulations are understood to be subordinate to statute; that is, a rule or regulation cannot be issued
without statutory authorization to do so, and can be nullified by statute, while a statute can never be nullified by rule or regulation. Adding the unratified sentence to Article 73-a has given rise to the subtle and — as it has developed — pernicious assumption on the part of the Supreme Court that its rules are not just the equal of statute, but superior. This has resulted in a momentous alteration of the separation of powers between the judicial and legislative branches, giving the judicial branch constitutional cover to place its policy choices in the area of rulemaking beyond the power of the legislative branch.

Majority committee report adopted.

**HB 1597-FN-L**, relative to municipal obligations for indigent medical expenses. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Eric G. Stohl for the Majority of Municipal and County Government: The original bill excluded medical assistance from the type of relief provided by municipalities under the general assistance statute RSA 165. The obligation under RSA 165 is broadly worded and could be interpreted to require coverage of a wide range of physician and hospital charges. The Department of Health and Human Services does not know how much municipalities pay for medical assistance now due to the fact that this is confidential information between the municipality and the individual seeking the assistance. The committee feels that the language of the original bill was too strict. An amendment was drafted and presented to the committee for its consideration. The majority of the committee feels that the amendment properly addresses the issue raised by the bill. Currently, towns and cities are mandated to adopt written guidelines relative to general assistance. The amendment allows the local governing body of a town or city to adopt written guidelines to exclude from its general assistance program surgical and medical expenses, except for prescribed medication. This exclusion is only when there is no other means to provide such medication. Vote 10-4.

Rep. Jesse L. Osborne for the Minority of Municipal and County Government: This bill simply shifts the cost for health care from local community to non-profit and private hospitals. This will cause the health insurance rates to rise and also to cause non-profits to close. This is not a problem and this bill is a solution looking for a problem.

**Majority Amendment (0921h)**

Amend the bill by replacing section 1 with the following:

I New Paragraph; Aid to Assisted Persons; Medical Expenses. Amend RSA 165:1 by inserting after paragraph III the following new paragraph:

IV. The local governing body of a town or city may adopt written guidelines to exclude from its general assistance program surgical and medical expenses, except for prescribed medication, when there is no other means to provide such medication.

**AMENDED ANALYSIS**

This bill permits a municipality to exclude medical expenses, other than certain prescription medication, from the municipality’s local assistance program.

Majority committee amendment adopted.

The question now being adoption of the majority committee report.

Rep. Stohl spoke in favor.

Majority committee report adopted and ordered to third reading.

**HCR 22**, relative to the right to pursue a livelihood in natural resources industries. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for the Majority of State-Federal Relations and Veterans Affairs: New Hampshire fishermen have a long proud and beneficial history to the state and country as a whole. While it is understood that the demands of over fishing and unlimited fishing have undesirable effects on fishing stocks, affecting the livelihood of the men and women engaged in the industry, it should be noted that due to Homeland Security issues the US Coast Guard has become distracted from one primary mission of protecting US fishing. Hopefully this HCR will provide the opportunity to highlight this shortcoming. We must protect our fishing industry from illegal factory ships farming large stocks of fish within our territorial waters. Vote 10-2.

Rep. Russell A. Albert for the Minority of State-Federal Relations and Veterans Affairs: Using history as an example of unrestricted fishing, restriction may soon hurt it — but over time will benefit the fishing industry.

Majority committee report adopted and ordered to third reading.
SPECIAL ORDER

HR 22, urging Congress to promote and publicize the report to the Congress of the United States entitled “A Review of the Restrictions on Persons of Italian Ancestry During World War II.”

INEXPEDIENT TO LEGISLATE.

Rep. Kris E. Roberts for State-Federal Relations and Veterans Affairs: This U.S. Department of Justice Report was released in November 2001. The report provides both previously undisclosed information and cites footnotes for additional information. However, classified information is not included and in most cases this classified information will not be disclosed for some time. The report is available to anyone and, with the current information age, readily available for promoting through the Internet. Vote 7-3.

Rep. Pepino spoke against and yielded to questions.

(Deputy Speaker Weyler in the Chair)

Rep. Renzullo spoke against.
Rep. Roberts spoke in favor.
Rep. John Flanders moved the previous question.
Adopted.
Rep. Rollo requested a roll call; sufficiently seconded.

Converse, Ferland, HB recycling Rep.
TO Rep. Motion Rep. Cloutier, Amend mental Prichard, Hofemann, Cataldo, Splaine, Quandt, dents cars that ing Amendment Rollo, Dunlap, McKinney, Gould, Katsakiros, George Coburn, Fesh, Amend Harriet, Fick, Fes, Coburn, to "recycling" in the yard. Congress. our yard. yard licenses. OUGHT TO PASS WITH AMENDMENT. Rep. Jean-Guy J. Bergeron for Transportation: This bill requires all applicants for a motor vehicle recycling yard license, a motor vehicle junk yard license, or a license renewal to include certification of compliance with best management practices established by the Department of Environmental Services. The amendment was to change the effective date to January 1, 2007. Vote 12-2. Amend the bill by replacing section 3 with the following: 3 Effective Date. This act shall take effect January 1, 2007. Amendment adopted. (Speaker Scamman in the Chair) HB 1328-FN, relative to motor vehicle inspections. INEXPEDIENT TO LEGISLATE. Rep. Sherman A. Packard for Transportation: This bill would change the current practice of inspecting our vehicles from once a year to once every two years. The argument is that cars are safer today than in the past. Many other states have changed their inspection requirements in a variety of different ways. The problems the committee has is that there have been no comprehensive studies done that can prove or disprove whether changing from a yearly inspection to every other year or eliminating it altogether has had an impact on motor vehicle crashes. Another problem was whether EPA would consider us in violation of our emission testing program if we decided to test every other year instead of the agreed annual test on all cars 1996 and newer. Each year thousands of new and used cars are being added to the roadways in our state. The committee does not believe that now is the time to take a chance on allowing unsafe vehicles onto our highways and possibly cause more accidents and injuries due to defective equipment. We do not know whether a person will put 10,000 or 50,000 miles per year on their vehicle. The committee believes that we should try and assure the driving public that other vehicles on the road are as safe as possible. We don't feel that changing our inspections to every two years would offer that assurance. Vote 11-0. Rep. Vaillancourt spoke against and requested a roll call; sufficiently seconded.

HB 1417-FN, establishing gold star number plates. INEXPEDIENT TO LEGISLATE.
Rep. Brenda L. Ferland for Transportation: This bill would have required the Department of Motor Vehicles to furnish one set of special number plates, at no extra cost, for one vehicle owned by a parent, spouse, or child of a person killed while on duty in the armed forces. No veterans came and spoke in support of this bill. The majority of the committee took the stance that we don’t need another new number plate and that there are other ways to honor our armed service people who have died while on duty. Vote 9-4.
Reps. Bettencourt and Merrick spoke against.
Reps. Guida and Ferland spoke in favor and yielded to questions.

Amend the bill by replacing section 1 with the following:

1 New Section; Gold Star Number Plates. Amend RSA 261 by inserting after section 87-b the following new section:

261:87-c Gold Star Number Plates. The department shall furnish one set of special number plates, designed by the director with the approval of the commissioner, for one motor vehicle owned by a parent or spouse of a person killed while on duty in the United States armed forces. These gold star number plates shall be issued upon payment of the regular registration and number plate fees.

Floor amendment (1121h) adopted.

The question now being adoption of the motion of Ought to Pass as amended.

Rep. DeJoie requested a roll call; sufficiently seconded.

HB 1101-FN-L, relative to the definition of “hotel” for purposes of exclusion from the meals and rooms tax. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Shawn N. Jasper for the Majority of Ways and Means: While this is well intended legislation; it would exempt rooming houses, which provide low cost, short term living space, from the rooms and meals tax. As it is, the tax is not applied to rental agreements greater than 180 days or is refunded when agreements go beyond 180 days. Proof that the refund was provided to the taxpayer is required to get the 180 day refund. Under this legislation only rooms which rent for less than $140.01 per week would be affected. Under this legislation the benefit would accrue to the proprietor, current law provides that the taxpayer is the renter and must receive the refund, the tax amount would be less than $1.61 per day. As with many of the changes we make to existing law, there are often unintended consequences. By definition it is impossible to anticipate what all of those consequences would be, in this case the Commissioner of the Department of Revenue Administration indicated that he did not see a way to insure that there would be no such problems. An amendment was offered in an attempt to fix the potential problems and more narrowly define what a rooming house is. The amendment would have required the department to adopt rules, rules require the reallocation of resources to develop, administrate and enforce; resources which are better used collecting money owed the state. There is concern that even with the amendment, there are certain other types of rentals that may become eligible for the exemption, an unexplored example would be a cabin rental which is available on a year round basis. Vote 12-5.
Rep. Susan W. Almy for the Minority of Ways and Means: For those who suddenly cannot afford to pay the rent or mortgage, low-cost commercial rooming houses are the only alternative to sleeping out in the cold or throwing themselves on the mercy of municipal welfare departments or the overcrowded charitable shelters. These rooming houses struggle with high property taxes and maintenance costs, and their numbers have shrunk over the years as their target clientele finds them harder to afford. The Rooms and Meals Tax adds about 10 percent onto their cost. Eight percent is for the tax, and the rest for the complicated paperwork needed for what is usually a 6-20 bed operation. This bill as amended would respect the constitutional mandate of reasonable taxation by exempting low-rent rooming houses licensed as charging $20/night or less from the Rooms and Meals Tax, thus making it easier for this free enterprise alternative to town welfare to survive. Majority committee report adopted.

**HB 1418-FN**, relative to road toll refunds. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Christine C. Hamn for Ways and Means: Under current law, consumers are allowed to apply for a road toll refund for the tax levied on gasoline purchased for use in boats and other off-road vehicles. In 2005, more than half the people entitled to these refunds did not apply for them, thus causing these monies to lapse – half into the general fund, the balance to the Fish and Game Department. This legislation would enable consumers entitled to the refund to elect to direct these funds either to the Navigation Safety Fund or to the Lake Restoration and Preservation Fund to be allocated to the control and prevention of exotic aquatic species. Most of the committee doubted this would amount to a significant increase in the allocations currently provided for these undertakings but, considering that most of these monies were generated through boating activities, the majority considered it appropriate to give consumers the opportunity to direct their refunds to benefit the state’s lakes and ponds. The amendment was submitted to provide a mechanism for improving some technicalities relating to filing times and administration of the refund. Vote 10-8.

**Amendment (0512h)**

Amend the bill by replacing section 1 with the following:

1 Road Tolls; Refunds; Deadline. Amend RSA 260:47, III(a) to read as follows:

(a)(1) Except as provided in subparagraph (2), all applications for refunds shall be made subject to prosecution for unsworn falsification pursuant to RSA 641:3 and shall be filed with the department no later than the deadline for filing with the federal government for refund of the federal excise taxes on fuel. This filing deadline may be waived by the commissioner for just cause for agencies of political subdivisions within the state. The waiver shall not be granted to any such agency more often than once in 3 years.

(2) All applications for refunds for fuel used for off highway recreational vehicles, snowmobiles, and boats shall be made subject to prosecution for unsworn falsification pursuant to RSA 641:3 and shall be filed with the department annually no later than April 15 of the year following the calendar year the motor fuel was purchased by the user.

Amend the bill by deleting section 3 and renumbering the original section 4 to read as 3.

**AMENDED ANALYSIS**

This bill authorizes the payment of road toll refunds to the navigation safety fund or the lake restoration and preservation fund if requested by the applicant. This bill also changes the deadline for road toll refund applications for fuel used for off highway recreational vehicles, snowmobiles, and boats. Amendment adopted.

On a division vote, 225 members having voted in the affirmative and 38 in the negative, the committee report was adopted.

Ordered to third reading.

**HB 1515-FN-A**, increasing the tobacco tax and dedicating certain tobacco tax revenues to the tobacco use prevention fund. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Howie Lund for the Majority of Ways and Means: This bill would increase the tobacco tax and dedicate a certain portion of tobacco tax to the tobacco use and prevention fund. The Tobacco Prevention Program is currently funded yearly with $1.6 million of federal funds. The committee felt the goal of the bill was laudable but that this very important revenue stream should not be changed at this time. The tobacco tax was raised 54 percent (twenty-eight cents) during our last session. This is the state’s fourth largest tax source which makes it a key contributor in the funding of the state’s budget. Vote 13-6.
Rep. Susan W. Almy for the Minority of Ways and Means: Last year, the percentage of New Hampshire’s population that smokes started up again. We know these smokers will cost us dearly through our county nursing homes, state Medicaid budget, private insurance rates, general worker productivity, and early loss of life. We also have good evidence now that prevention works—econometric modeling based on all 50 states shows a doubling of the reduction in the smoking rate over 6 years if every state followed at least the minimum CDC recommended funding levels of $6 per capita. We had a good program started in 2001, we lost the American Legacy Fund money because we killed all state funding in 2003, and the federal grants remaining are both uncertain and much smaller. We are handing the next generation two major burdens—greatly increased health budgets, and working lives cut short. This Legislature must get serious about prevention of future cost escalation.

Rep. Francis Sullivan requested a roll call; sufficiently seconded.

MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Kevin L. Camm for the Majority of Ways and Means: This bill would have provided tax credits to employers that develop ride share/commuter initiatives up to the $250 per employee. The majority believes that such a policy would have indeterminable costs and unconvincing results. The committee is not in favor of narrowly focused tax credits since others must replace lost revenue. Should a business employ an individual to administer such a program, those costs are already legitimate business expenses to the company. It should be a case-by-case business decision to organize ride share programs. Since it is a laudable idea, individuals that take their cars off the road will benefit through less gas and oil expenses as well as less wear and tear on their vehicles and thus more money in their pockets. Should four individuals from a company organize their commuting efforts that would take three cars off the road providing major savings to the four individuals? The state would benefit by less congestion on the road and an improvement to air quality. The state would lose the revenue from the gas tax of the three vehicles removed from the road. To then further reward the company $1000 in tax credits was deemed too excessive. Vote 15-4.

Rep. Christine C. Hamm for the Minority of Ways and Means: This legislation elicited testimony from a variety of sources, including members of the public, the business community, non-profit agencies and the Department of Environmental Services, all of whom saw it as a creative attempt to preserve the state’s quality of life by providing a small incentive for lessening gasoline consumption, relieving traffic congestion, alleviating parking problems and reducing toxic emissions that contaminate the state’s air quality and degrade even its most remote and superlative views. Although there was an attempt to amend the bill to provide appropriate agency oversight, the majority of the committee voted Inexpedient to Legislate. The minority believes a better alternative would have been Interim Study, which would have provided an opportunity for members of the Ways and Means Committee to reduce the state’s fiscal exposure by capping the tax credits, at the same time enabling them to collaborate with other legislative committees to preserve the bill’s benefits while addressing its perceived shortcomings. Majority committee report adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Hopfgarten moved that the House reconsider its action whereby it found HB 1651-FN-A-L, repealing the statewide enhanced education tax, Inexpedient to Legislate.

Rep. Camm spoke against.

Rep. Mirski requested a roll call; sufficiently seconded.

YEAS 90 NAYS 171

YEAS 90

BELKNAP

Boyce, Laurie  Morrison, Gail  Piliod, James  Rosen, Ralph

Wendelboe, Fran
Rep. O’Neil moved that the balance of today’s calendar and bills removed from the Consent Calendar be made a Special Order for Tuesday, March 7, 2006.
HB 1628, relative to expenses of operating bingo games.
HB 1638-FN-A, reducing the rate of the communications services tax.
HB 1335, relative to the authority of law enforcement officers during a state of emergency.
HB 1639-FN, prohibiting the confiscation of lawfully owned and lawfully carried firearms during a state of emergency.
HB 1193-FN, directing the secretary of state to remove certain language from the text of Part II, Article 73-a of the New Hampshire constitution.
HB 1266, relative to acceptance of consular identification documents.
HB 1322, relative to the establishment of alodial rights.
HB 1641-FN, establishing a common law court.
HCR 25, urging the United States to withdraw funding for the United Nations if the United Nations adopts a resolution in violation of the United States Constitution.
HB 1699-FN-A-L, establishing a tax on fees charged by railroad companies for transiting of cargo over, under, or across railroad rights-of-way.

Motion adopted.

SUSPENSION OF RULES
Reps. O'Neil and Craig moved that House Rules be so far suspended as to allow referral to a second committee of HB 1331, relative to the New Hampshire Temporary Assistance to Needy Families (TANF) program.

Adopted by the necessary two-thirds. Referred to the committee on Finance.

MOTION TO PRINT REMARKS

On a division vote, 128 members having voted in the affirmative and 130 in the negative, the motion failed.

RESOLUTION
Rep. O'Neil offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday, March 7, 2006 at 1:00 p.m.

Adopted.

LATE SESSION
Third reading and final passage

HB 1435, relative to the emergency plan for service animals.
HB 1157, relative to the definition of a sending district.
HB 690-FN, relative to aid to the needy blind and relative to undue hardship for public assistance.
HB 1656-FN-A, establishing an electronic toll collection transponder inventory fund.
HB 1765-FN-A-L, relative to funding for disaster relief efforts in response to the October 2005 floods and making an appropriation therefor.
HB 1140, establishing a committee to study the establishment and enforcement of protection zones for nesting loons.
HB 1182-FN, relative to the limited commercial lobster license fees.
HB 1646-FN, relative to the use of a leashed tracking dog in the recovery of a wounded deer, moose, or bear.
HB 1747-FN, establishing a New Hampshire healthy tidal waters and shellfish protection program and making an appropriation therefor.
HB 1346, requiring certain persons to keep the contents of prescriptions confidential.
HB 1465-FN, relative to food stamp overpayments.
HB 1709-FN, establishing an autism registry in the department of health and human services.
HB 1722-FN, relative to the New Hampshire council on developmental disabilities.
HB 1763, extending a committee and adding certain duties relative to pharmacy reimbursement.
HB 1764, relative to the committee to study medicaid reimbursement rates for pharmacy providers.
HB 1512, establishing a committee to study volunteer activity related to transportation.
HB 1636-FN, relative to appeals from class A misdemeanor sentences imposed by the district courts.
HB 1273, relative to the disposition and retention of municipal records and legalizing the September 13, 2005 special meeting of the town of brookline.
HB 1584, relative to cemetery setbacks and septic systems.
HB 1313, naming a bridge between the towns of Newfields and Stratham the United States Submarine Veterans of World War II Memorial Bridge.
HJR 23, designating a Purple Heart Trail spur to the New Hampshire state veterans cemetery and providing additional signs for the Purple Heart Trail.
HB 1146, establishing a committee to study renewable portfolio standards.
HB 1754, relative to canteen privileges at veterans’ clubs licensed by the liquor commission.
HB 1201, relative to child passenger restraints.
HB 1484, relative to including motorcycle and tractor-trailer safety in driver education courses.

SJR 4, urging Congress to require the Department of Defense to reinstate the terminology of “POW” or “Prisoner of War” into the classification of military personnel. (State-Federal Relations and Veterans Affairs)

SENATE MESSAGE
NONCONCURRENCE

HB 515, relative to purchasing alliances.
HB 538, relative to deconstruction of structures.

RECESS

RESOLUTION
(Rep. Cloutier in the Chair)

Rep. Graham offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 253, 281, 282, 296, 300, 325, 334, 359, 396, and 400 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 253, relative to enforcement of support orders for college and postsecondary educational expenses. (Judiciary)
SB 281-FN, establishing an organ and tissue donor registry. (Transportation)
SB 282-FN-L, relative to removal of abandoned vehicles. (Transportation)

SB 396, repealing the rulemaking authority of the New Hampshire children's trust fund board. (Children and Family Law)
SB 400-FN, relative to highway welcome signs. (Transportation)

(Speaker Scamman in the Chair)

Rep. Weyler moved that the House adjourn.
Adopted.
The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

We begin today, O God, with gratitude for the week just passed. A week most of us spent catching up on the things we'd left behind during our last rigorous session and catching up with loved ones. And so we return to another full week of legislative duties grateful for our many blessings. In the days to come, O God, we face many important, weighty debates, bills and resolutions. Together we will wrestle with issues concerning eminent domain, same-sex marriage, voting rights, school vouchers, job protection and many other far ranging topics.

Give us, we pray, a willing spirit to listen with attentiveness to arguments which do not match our own opinions. To articulate fairly and respectfully the positions at which we arrive. To always remain open to new insights and understandings. To listen for Your will anew, even if we already think we know it. To legislate not only for what is practical but for that which will bless, serve, protect and uphold the common good and our shared future as brothers and sisters, and citizens of New Hampshire. In Your name we pray. Amen.

The National Anthem was sung by Janet Schmitt, a student from Lebanon High School.

LEAVES OF ABSENCE

Reps. Nelson Allan, Barker, Callaghan, Carlson, Claudia Chase, Chabot, Gillick, Hunter, Lessard, Oliver, Pantelakos, Putnam, Snyder and Wiley, the day, illness.

Reps. Abbott, Adams, Aguiar, Charles Clark, Mark Clark, Daniuk, Dexter, Drisko, Daniel Eaton, Donald Flanders, Gile, Ginsburg, Goodwin, Greco, Haley, Christine Hamm, Hutchinson, Kobel, Lary, Lockwood, Mirski, Naro, O'Neil, Reardon, Reeves, Rochette, Rosen, Serlin, Souza, Twombly and Wells, the day, important business.

Reps. Matarazzo and Ross, the day, illness in the family.

Reps. Morneau and Walz, the day, death in the family.

INTRODUCTION OF GUESTS

Katherine DeJoie, Rundlett Middle School student, Page for the Day.

MOTION TO VACATE

Rep. Bergin moved that the House vacate the reference of HB 295-FN, relative to registration of business entities, to the committee on Executive Departments and Administration.

Motion adopted.

The Speaker referred HB 295-FN, to the committee on Commerce.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Weiley moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1233-FN, including public officials under the real estate practice act, removed by Rep. Newton.

HB 1399, relative to the compensation paid to directors or officers of a charitable trust, removed by Rep. Cady.

HB 1137, relative to criminal trespass, removed by Rep. Renzullo.

HB 1354, relative to physical force in defense of a person, removed by Rep. Dickinson.
HB 1736-FN-L, relative to tuition payments made to charter schools, removed by Rep. Lars Christiansen.

HB 1481, establishing a moratorium period for lobbying by certain state officers, removed by Rep. Peter Sullivan.

HB 1111, designating the pumpkin as the New Hampshire state fruit, removed by Rep. Babson.

HB 1216, relative to the sale of unpasteurized milk, removed by Rep. Pilliod.

HB 1534, relative to maintaining construction and demolition debris as a solid waste, removed by Rep. Slocum.

HB 1616-FN, establishing a performance measurement system for state agencies, removed by Rep. Coburn.

HB 1129, relative to eminent domain, removed by Rep. Villeneuve.

HB 1510, relative to leave of absences to serve as a legislator, removed by Rep. Cali-Pitts.

CACR 33, relating to the number of members of the senate and senatorial districts. Providing that the senate shall consist of 30 members with 3 elected at large from each district and that senatorial districts shall conform to county boundaries, removed by Rep. Buzzell.

HB 1757, relative to taxation of renewable generation facilities, removed by Rep. Slocum.

HB 1684, establishing a commission to study the effects of leasing state-owned waterfront property and placing a moratorium on the leasing of state-owned waterfront property, removed by Rep. Millham.

HB 1506, requiring children 12 years of age or under to wear personal flotation devices, removed by Rep. Whalley.

HB 1582, prohibiting New Hampshire from participating in a national identification card system, removed by Rep. Dickinson.

Consent Calendar adopted.

HB 1107, relative to requirements for commercial construction contracts. REFER FOR INTERIM STUDY.

Rep. David H. Kidder for Commerce: This bill would establish timely payment requirements; regulate retainage practices as well as prohibiting "no-lien" clauses. The committee believes that this bill has some merit, but it has also raised many questions. The contractors and subcontractors have met and are working on solutions. The committee felt that interim study would provide the venue to achieve those solutions. Vote 17-0.

HB 1112, relative to disclosure of appeals processes under insurance policies. INEXPEDIENT TO LEGISLATE.

Rep. Stephen T. DeStefano for Commerce: This bill would require all insurers to provide, on the first page of an insurance policy to an insured, a description of the appeals process along with the address and telephone number of the insurance department. After lengthy discussion and even talk of sending this to interim study, the committee felt that more work and more information from the insurance department was needed and new legislation should be filed. Vote 15-2.

HB 1126, relative to licenses for first mortgage bankers and brokers. OUGHT TO PASS WITH AMENDMENT.

Rep. Tara G. Reardon for Commerce: This bill was a request by the banking department to update certain sections of the banking statutes that were found to be deficient during rulemaking. The length of the bill is due to the changes being duplicated in five different statutes. Definitions and a procedure to do background checks and fingerprinting of banking department employees were added. Those checks are required for those employees to participate in certain fraud prevention seminars offered by the federal government. Vote 16-0.

Amendment (0997h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to licenses for first mortgage bankers, brokers, pawnbrokers, and money lenders.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definitions. Amend RSA 361-A:1 by inserting after paragraph III-b the following new paragraph:

III-c. "Direct owner" means any person, including individuals, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the applicant or licensee.
2 New Paragraph; Definitions. Amend RSA 361-A:1 by inserting after paragraph VI the following new paragraph:

VI-a. “Indirect owner” means, with respect to direct owners and other indirect owners in a multilayered organization:

(a) In the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25 percent or more of that corporation.

(b) In the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25 percent or more of the partnership’s capital.

(c) In the case of an owner that is a trust, the trust, each trustee and each beneficiary of 25 percent or more of the trust.

(d) In the case of an owner that is a Limited Liability Company (“LLC”):

(1) Those members that have the right to receive upon dissolution, or have contributed, 25 percent or more of the LLC’s capital; and

(2) If managed by elected managers, all elected managers.

(e) In the case of an indirect owner, the parent owners of 25 percent or more of their subsidiary.

3 New Paragraph; Definitions. Amend RSA 361-A:1 by inserting after paragraph VIII-b the following new paragraph:

VIII-c. “Publicly traded” means a company whose securities are traded on a securities exchange system approved and supervised by the Securities and Exchange Commission, including but not limited to the NYSE, AMEX, BSE, and NASDAQ. The term also includes a public reporting company that is subject to sections 12 or 15(d) of the Securities Exchange Act of 1934.

4 Licensed Retail Sellers. Amend the introductory paragraph of RSA 361-A:1, XIII to read as follows:

XIII. “Sales finance company” means a person engaged, in whole or in part, directly or indirectly, in the business of providing motor vehicle financing in this state to one or more retail buyers, or in the business of purchasing retail installment contracts from one or more retail sellers. The term includes but is not limited to any federally chartered bank, savings bank, trust company, credit union, cooperative bank, finance company, lending agency, industrial bank, or investment company, if so engaged. The term does not include the pledgee of an aggregate number of such contracts to secure a bona fide loan thereon, nor does it include a licensed retail seller who:

5 Licensing of Sales Finance Companies and Retail Sellers Required. Amend RSA 361-A:2, II to read as follows:

II. (a) The application for such license shall be in writing and verified on a form prescribed by the commissioner. The application shall contain the name of the applicant; the tax applicant's identification number; date of incorporation, if incorporated; the address where the business is or is to be conducted and similar information as to any branch office of the applicant; the trade name, if any; under which the applicant proposes to conduct such business; and such other pertinent information as the commissioner may require. The application shall include a list of the names and resident addresses of principals and the name of any person occupying a similar status or performing similar functions. Each principal and indirect owner shall provide his or her social security numbers and shall authorize the commissioner to conduct a background check. The applicant shall submit any other information that the commissioner may require including, but not limited to, the applicant’s form and place of organization, the applicant’s proposed method of doing business, the qualifications and business history of the applicant and those persons listed in the application, and in the case of sales finance companies, the applicant’s financial condition and history. The applicant shall disclose if any injunction or administrative order has been issued against the applicant or any of its principals or indirect owners listed in the application and whether the applicant or any of its principals or indirect owners have been convicted of a misdemeanor involving the lending industry or any aspect of the lending business or convicted of any felony.

(1) Unless the applicant is a publicly traded corporation, the department shall complete a background investigation and criminal history records check on the applicant’s principals and any person in a similar position or performing similar functions. If the applicant is a subsidiary, the department shall complete a background investigation and criminal history records check on [the principals of each equity] individuals who are indirect [owner of 10 percent or more of the applicant unless such equity owner is a publicly traded corporation] owners.
6 Retail Sellers and Finance Companies Required to Update Information. Amend RSA 361-A:2, XII to read as follows:

XII. Retail sellers and sales finance companies licensed under this chapter are under a continuing obligation to update information on file with the commissioner. If any information filed with the commissioner becomes materially inaccurate, the retail seller and sales finance company licensee shall promptly submit an amendment to its application records to correct the information on file with the commissioner. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of the amendment. Certain significant events as defined by rule shall be reported to the department in writing within 10 calendar days. A licensee shall submit written notification to the department of the addition or deletion of a person required to be listed in the application, and shall provide the name and address of each new person required to be listed no later than 30 days after such change. Each new person required to be listed shall provide his or her social security number and authorize the commissioner to conduct a background check. The commissioner shall investigate management and ownership changes including, but not limited to, the qualifications and business history of each person required to be listed. The licensee shall investigate and disclose any injunction or administrative order that has been issued against the person required to be listed and whether the person required to be listed has been convicted of a misdemeanor involving the lending industry or any aspect of the lending business or convicted of any felony, prior to the commissioner's approval of such change.

7 Compensation; Assistants. Amend RSA 383:7 to read as follows:

383:7 Compensation; Assistants.

I. The annual salary of the bank commissioner, and that of the deputy commissioner, shall be that prescribed by RSA 94:1-4. The commissioner may appoint examiners and such assistants as may be necessary, within the limits of the appropriations therefor and the rules of the state personnel system. The commissioner, deputy commissioner, examiners, and other assistants shall be allowed their actual traveling expenses when engaged in their official duties. No person shall serve as examiner who would be disqualified to serve as commissioner under the limitations of RSA 383:6, except that examiners may be indebted to such corporations and associations at the time of their appointment, or thereafter, provided any such debt is incurred primarily for personal, household, or family purposes and on terms no more favorable than those afforded to other borrowers, the examiner's employment is disclosed to such corporation or association, and both the examiner and the corporation or association disclose to the commissioner that a debt has been incurred.

II. The banking department shall complete a background investigation and a criminal history records check on every selected applicant for employment in any position in the banking department prior to a final offer of employment. The banking department may extend a conditional offer of employment to a selected applicant after completing a background investigation, with a final offer of employment subject to a successfully completed criminal history records check. No selected applicant may be extended a conditional offer of employment unless the banking department has initiated a criminal history records check. The banking department shall not be held liable in any lawsuit alleging that the extension of a conditional or final offer of employment to an applicant with a criminal history was in any way negligent or deficient if the banking department fulfilled the requirements of this section.

III. The selected applicant for employment shall submit to the banking department a notarized criminal history records release form, as provided by the division of state police, which authorizes the release of the person's criminal records, if any. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern and a second set of fingerprints is necessary in order to complete the criminal history records check, the conditional offer of employment shall remain in effect. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the banking department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where an applicant has lived during the past 5 years.

IV. The banking department shall submit the criminal history records release form to the New Hampshire division of state police, which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.
V. This section applies to any employee or selected applicant for employment of the banking department.

8 Payment of Cost of Examination. Amend RSA 383: 11, II (b) to read as follows:
(b) From non-depository lenders and brokers. Each licensee subject to the supervision of the bank commissioner under the provisions of RSA 397-A, [RSA 398-A:1] RSA 399-A, and sales finance companies under RSA 361-A, shall be charged and shall pay such proportion of said balance applicable to the consumer credit administration division under the banking department’s program appropriation unit designation as its total dollar volume of loans made, originated, funded or brokered bear to the total dollar volume of all such loans made, originated, funded or brokered by such licensees during the preceding calendar year ending December 31, as shown by their annual reports to the commissioner.

9 New Paragraph; Definitions. Amend RSA 397-A:1 by inserting after paragraph VI the following new paragraph:
VI-a. “Direct owner” means any person, including individuals, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the applicant or licensee.

10 New Paragraph; Definitions. Amend RSA 397-A:1 by inserting after paragraph VIII the following new paragraph:
VIII-a. “Indirect owner” means, with respect to direct owners and other indirect owners in a multilayered organization:
(a) In the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25 percent or more of that corporation.
(b) In the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25 percent or more of the partnership’s capital.
(c) In the case of an owner that is a trust, the trust, each trustee and each beneficiary of 25 percent or more of the trust.
(d) In the case of an owner that is a Limited Liability Company (“LLC”):
(1) Those members that have the right to receive upon dissolution, or have contributed, 25 percent or more of the LLC’s capital; and
(2) If managed by elected managers, all elected managers.
(e) In the case of an indirect owner, the parent owners of 25 percent or more of their subsidiary.

11 New Paragraph; Definitions. Amend RSA 397-A:1 by inserting after paragraph XX the following new paragraph:
XX-a. “Publicly traded” means a company whose securities are traded on a securities exchange system approved and supervised by the Securities and Exchange Commission, including but not limited to the NYSE, AMEX, BSE, and NASDAQ. The term also includes a public reporting company that is subject to Sections 12 or 15(d) of the Securities Exchange Act of 1934.

12 License Application; Requirements; Investigations. Amend RSA 397-A:5, I and II(a) to read as follows:
I. To be considered for licensing, each person shall complete and file with the department one verified application prescribed by the commissioner. At a minimum, the application shall state the primary business address of the applicant, the applicant’s tax identification number, the address of its principal office and all branch offices located or to be located within the state, and a list of the principals of the applicant. Each principal and indirect owner shall provide his or her social security number and shall authorize the commissioner to conduct a background check. The applicant shall submit any other information that the commissioner may require including, but not limited to, the applicant’s form and place of organization, the applicant’s proposed method of doing business, the qualifications and business history of the applicant and its principals, and the applicant’s financial condition and history. The applicant shall disclose whether the applicant or any of its principals or indirect owners has ever been issued or been the subject of an injunction or administrative order, has ever been convicted of a misdemeanor involving the lending industry or any aspect of the lending business or has ever been convicted of any felony.
II. (a) Unless the applicant is a publicly traded corporation, the department shall complete a background investigation and criminal history records check on the applicant’s principals and any
person in a similar position or performing similar functions. If the applicant is a subsidiary, the department shall complete a background investigation and criminal history records check on the [principals of each equity] **individuals who are indirect** [owner of 10 percent or more of the applicant unless such equity owner is a publicly traded corporation] **owners**.

13 License Applications: Requirements. Amend RSA 397-A:5, III(c) to read as follows:

(c) Each applicant shall be required to submit to the department detailed financial information sufficient for the commissioner to determine the applicant’s ability to conduct the business of a mortgage banker or a mortgage broker with financial integrity. The application shall include a statement of net worth. An applicant or licensee shall demonstrate and maintain a positive net worth. Net worth statements provided in connection with a license application under this section shall be subject to review and verification during the course of any examination or investigation conducted under the authority of RSA 397-A:12. Each mortgage banker applicant shall demonstrate a net worth at all times of at least $100,000 or increase their posted continuous surety bond to a total amount of $100,000. Each mortgage banker and broker shall post a continuous surety bond in the amount of $20,000 to the commissioner. Surety bonds shall include a provision requiring the surety to give written notice to the commissioner 20 days in advance of the cancellation or termination of the bond. Every bond shall provide that no recovery may be made against the bond unless the state makes a claim for recovery or the person brings suit naming the licensee within 6 years after the act upon which the recovery or suit is based.

14 New Paragraph; License Requirements. Amend RSA 397-A:5 by inserting after paragraph VI the following new paragraph:

VII. Licensees shall comply with the provisions of HOEPA at all times.

15 Change in Name; Ownership; Location. Amend RSA 397-A:10, IV to read as follows:

IV. Persons licensed under this chapter are under a continuing obligation to update information on file with the commissioner. If any information filed with the commissioner becomes materially inaccurate, the licensee must promptly submit to the commissioner an amendment to its application records that will correct the information on file with the commissioner. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of the amendment. **Certain significant events as defined by rule shall be reported to the department in writing within 10 calendar days.**

16 Annual Report. Amend RSA 397-A:13, I to read as follows:

I. Each licensee shall file, under oath, an annual report with the banking department on or before February 1 each year concerning operations for the preceding year or license period ending December 31 upon the form prescribed by the banking department. The annual report shall include a list of all individuals, and the address of the work location **or an undertaking to provide the address immediately upon the department’s request**, of each such individual, who act as originators for the licensee.

17 New Paragraph; Lender’s Rights and Broker’s Rights. Amend RSA 397-A:16 by inserting after paragraph IV the following new paragraph:

V. In order to issue rate lock commitments, a licensee shall comply with rules adopted by the commissioner.

18 Lender’s and Broker’s Rights; Second Mortgage Debt. Amend RSA 397-A:16-a, XIII to read as follows:

XIII. Any second mortgage loan made in violation of paragraphs I-VIII by any person shall be discharged upon payment or tender by the debtor or any person succeeding to his or her interest in such real estate of the principal sum actually borrowed. Any agreement whereby the borrower waives the benefits of paragraphs I-VIII or releases any rights he or she may have acquired by virtue thereof shall be deemed against public policy and void. [The superior court shall have jurisdiction of all suits arising under paragraphs I-VIII and, if a finding is made that such loan secured by any such mortgage violates paragraphs I-VIII, the borrower shall be entitled as a part of his or her costs to a reasonable fee for the services of an attorney in such suit.]

19 New Paragraph; Definitions. Amend RSA 397-B:1 by inserting after paragraph I-a the following new paragraph:

I-b. “Direct owner” means any person, including individuals, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the applicant or licensee.
20 New Paragraph; Definitions. Amend RSA 397-B:1 by inserting after paragraph II the following new paragraph:

II-a. "Indirect owner" means, with respect to direct owners and other indirect owners in a multilayered organization:

(a) In the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25 percent or more of that corporation.

(b) In the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25 percent or more of the partnership’s capital.

(c) In the case of an owner that is a trust, the trust, each trustee and each beneficiary of 25 percent or more of the trust.

(d) In the case of an owner that is a Limited Liability Company ("LLC");

(1) Those members that have the right to receive upon dissolution, or have contributed, 25 percent or more of the LLC’s capital; and

(2) If managed by elected managers, all elected managers.

(e) In the case of an indirect owner, the parent owners of 25 percent or more of their subsidiary.

21 New Paragraph; Definitions. Amend RSA 397-B:1 by inserting after paragraph V the following new paragraph:

V. "Publicly traded" means a company whose securities are traded on a securities exchange system approved and supervised by the Securities and Exchange Commission, including but not limited to the NYSE, AMEX, BSE, and NASDAQ. The term also includes a public reporting company that is subject to Sections 12 or 15(d) of the Securities Exchange Act of 1934.

22 Application of Chapter. Amend RSA 397-B:2, II to read as follows:

II. Persons subject to or [licensed] registered under this chapter shall abide by applicable federal laws and regulations, the laws and rules of this state, and the orders of the commissioner. Any violation of such law, regulation, or rule is a violation of this chapter.

23 Registration; Fees; Term; Renewal. Amend RSA 397-B:4, I(b) and (c) to read as follows:

(b) The applicant shall submit any other information that the commissioner may require including, but not limited to, the applicant’s form and place of organization, the applicant’s tax identification number, and the applicant’s proposed method of doing business. The applicant shall disclose whether the applicant or any of its principals or indirect owners has ever been convicted or been the subject of an injunction or administrative order, has ever been convicted of a misdemeanor involving the lending industry or any aspect of the lending business, or has ever been convicted of any felony. Each principal and indirect owner shall provide his or her social security number and authorize the commissioner to conduct a background check.

(c) Unless the applicant is a publicly traded corporation, the department shall complete a background investigation and criminal history records check on the applicant’s principals and any person in a similar position or performing similar functions. If the applicant is a subsidiary, the department shall complete a background investigation and criminal history records check on the principals of each equity owner of 10 percent or more of the applicant unless such equity owner is a publicly traded corporation or individuals who are indirect owners.

24 Exemption. Amend RSA 397-B:10 to read as follows:

397-B:10 Exemption. The provisions of this chapter shall not apply to any bank, trust company, savings and loan association, or cooperative bank, savings bank, or credit union which may be chartered by this state or any other state or by any agency of the United States, nor shall the registration provisions of this chapter apply to any individual or entity licensed by the banking department as a mortgage banker in accordance with RSA 397-A.

25 New Paragraph; Definitions. Amend 399-A:1 by inserting after paragraph III-a the following new paragraph:

III-b. "Direct owner" means any person, including individuals, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the applicant or licensee.

26 New Paragraph; Definitions. Amend 399-A:1 by inserting after paragraph V the following new paragraph:

V-a. "Indirect owner" means, with respect to direct owners and other indirect owners in a multilayered organization:
(a) In the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25 percent or more of that corporation.

(b) In the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25 percent or more of the partnership’s capital.

(c) In the case of an owner that is a trust, the trust, each trustee and each beneficiary of 25 percent or more of the trust.

(d) In the case of an owner that is a Limited Liability Company (“LLC”):

(1) Those members that have the right to receive upon dissolution, or have contributed, 25 percent or more of the LLC’s capital; and

(2) If managed by elected managers, all elected managers.

(e) In the case of an indirect owner, the parent owners of 25 percent or more of their subsidiary.

27 New Paragraph: Definitions. Amend RSA 399-A:1 by inserting after paragraph XIII-a the following new paragraph:

XIII-b. “Publicly traded” means a company whose securities are traded on a securities exchange system approved and supervised by the Securities and Exchange Commission, including but not limited to the NYSE, AMEX, BSE, and NASDAQ. The term also includes a public reporting company that is subject to Sections 12 or 15(d) of the Securities Exchange Act of 1934.

28 Application and Fees. Amend RSA 399-A:3, 1(a) and (b) to read as follows:

I.(a) Every applicant for licensing under this chapter shall file with the commissioner a written verified application, on a form prescribed by the commissioner. The application shall contain the name of the applicant; the applicant’s tax identification number; the address where the business is or is to be conducted and similar information for any branch office of the applicant; the trade name, if any, under which the applicant proposes to conduct such business; the articles of incorporation or organization or partnership agreement; the name and address of the New Hampshire resident agent if the applicant is a foreign entity; and such other pertinent information as the commissioner may require. The application shall include the names of the applicant’s principals, indirect owners, and the name of any person occupying a similar status or performing similar functions. Each such principal and indirect owner shall provide his or her social security number and shall authorize the commissioner to conduct a background check. The applicant shall submit any other information that the commissioner may require including, but not limited to, the applicant’s form and place of organization, the applicant’s proposed method of doing business, the qualifications and business history of the applicant and its principals, and the applicant’s financial condition and history. The applicant shall disclose if any injunction or administrative order has been issued against the applicant or any of its principals or indirect owners and whether the applicant or any of its principals or indirect owners have been convicted of a misdemeanor involving the lending industry or any aspect of the lending business or of any felony. Each applicant and licensee who conducts payday or title loan lending shall maintain an office in this state that is accessible to consumers. Persons subject to this chapter shall be responsible for the supervision of their employees, agents, and branch offices. Each initial and renewal license application shall be accompanied by a nonrefundable application fee of $450 for the principal place of business of the licensee and the sum of $450 for each branch of such licensee maintained in this state.

(b) Unless the applicant is a publicly traded corporation, the department shall complete a background investigation and criminal history records check on the applicant’s principals and any person in a similar position or performing similar functions. If the applicant is a subsidiary, the department shall complete a background investigation and criminal history records check on [the principals of each equity owner of 10 percent or more of the applicant unless such equity owner is a publicly traded corporation] individuals who are indirect owners.

29 Investigation of Application; License Requirements. Amend RSA 399-A:4, VII to read as follows:

VII. Persons licensed under this chapter are under a continuing obligation to update information on file with the commissioner. If any information filed with the commissioner becomes materially inaccurate, the licensee shall promptly submit an amendment to its application records that will correct the information on file with the commissioner. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of the amendment. A licensee shall submit written notification to the department of the addition or
deletion of a principal, and shall provide the name and address of each new principal no later than 30 days after such change. Each new principal shall authorize the commissioner to conduct a background check. The commissioner shall investigate management and ownership changes including, but not limited to, each principal's qualifications and business history. The licensee shall investigate and disclose any injunction or administrative order that has been issued against the principal and whether the principal has been convicted of a misdemeanor involving the lending industry or any aspect of the lending business or convicted of any felony, prior to the commissioner's approval of such change. Certain significant events as defined by rule shall be reported to the department in writing within 10 calendar days.

30 New Paragraphs. Definitions. Amend RSA 399-D:2 by inserting after paragraph V-a the following new paragraphs:

V-b. "Direct owner" means any person, including individuals, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the applicant or licensee.

V-c. "Indirect owner" means, with respect to direct owners and other indirect owners in a multilayered organization:

(a) In the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25 percent or more of that corporation.

(b) In the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25 percent or more of the partnership's capital.

(c) In the case of an owner that is a trust, the trust, each trustee and each beneficiary of 25 percent or more of the trust.

(d) In the case of an owner that is a Limited Liability Company ("LLC"):

(1) Those members that have the right to receive upon dissolution, or have contributed, 25 percent or more of the LLC's capital; and

(2) If managed by elected managers, all elected managers.

(e) In the case of an indirect owner, the parent owners of 25 percent or more of their subsidiary.

31 New Paragraph. Definitions. Amend RSA 399-D:2 by inserting after paragraph VIII the following new paragraph:

IX. "Publicly traded" means a company whose securities are traded on a securities exchange system approved and supervised by the Securities and Exchange Commission, including but not limited to the NYSE, AMEX, BSE, and NASDAQ. The term also includes a public reporting company that is subject to Sections 12 or 15(d) of the Securities Exchange Act of 1934.

32 License Application; Requirements; Investigations. Amend the introductory paragraph of RSA 399-D:5, II to read as follows:

II. To be considered for licensing, each person, firm, or corporation shall file with the department one verified application on a form prescribed by the commissioner. At a minimum, the application shall be in writing, setting forth the primary business address of the applicant, the applicant's tax identification number, the address of its principal office and all branch offices located or to be located within the state, and a list of the principals or indirect owners and the name of any person occupying a similar status or performing similar functions. Each principal and indirect owner shall provide his or her social security number and shall authorize the commissioner to conduct a background check. The applicant shall submit any other information that the commissioner may require including, but not limited to, the applicant's form and place of organization, the applicant's proposed method of doing business, qualifications, and business history of the applicant and those persons listed in the application, and the applicant's financial condition and history. The applicant shall disclose if any injunction or administrative order has been issued against the applicant or any of its principals or indirect owners and whether the applicant or any of its principals or indirect owners have been convicted of a misdemeanor involving the lending industry or any aspect of the lending business or convicted of any felony. Each application shall designate the name and address of the manager or person in charge at each licensed location and shall contain other information required by rules adopted under this chapter. The applicant shall submit any other information that the commissioner may require. In addition:

33 License Application; Requirements; Investigations. Amend RSA 399-D:5, III(f) to read as follows:

(f) Unless the applicant is a publicly traded corporation, the department shall complete a background investigation and criminal history records check on the applicant's principals and any
person in a similar position or performing similar functions. If the applicant is a subsidiary, the department shall complete a background investigation and criminal history records check on [the principals of each equity owner of 10 percent or more of the applicant unless such equity owner is a publicly traded corporation] individuals who are indirect owners.

34 Licensee’s Duties. Amend RSA 399-D:15, VII to read as follows:

VII. Persons licensed under this chapter are under a continuing obligation to update information on file with the commissioner. If any information filed with the commissioner becomes materially inaccurate, the licensee shall promptly submit to the commissioner an amendment to its application records that will correct the information on file with the commissioner. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that required the filing of the amendment. Certain significant events as defined by rule shall be reported to the department in writing within 10 calendar days.

35 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes certain changes relative to licenses for first mortgage bankers, brokers, pawn-brokers, and money lenders.

This bill was requested by the banking department.

**HB 1188**, relative to notice before entry into a condominium unit. **ought to pass with amendment.**

Rep. Tara G. Reardon for Commerce: This bill provides condominium unit owners with the same right to prior notice before entry that is presently afforded under the landlord tenant law to renters. Additionally, it provides the condominium unit owners’ association with the right to access after notice to enable them to exercise and discharge their responsibilities. Vote 16-0.

**Amendment** (0981h)

Amend RSA 356-B:41, I-a and I-b as inserted by section 1 of the bill by replacing them with the following:

_I-a. No unit owners’ association, its agents, or its employees shall willfully enter into the unit of a unit owner without providing prior notice to the owner, other than for emergency purposes._

_I-b. No unit owner, tenant, or other person occupying a condominium unit shall willfully refuse the unit owners’ association, its agents, or its employees access through a condominium unit as is necessary to enable them to exercise and discharge their respective powers and responsibilities at a reasonable time after notice which is adequate under the circumstances. But to the extent that damage is inflicted on the common areas or any unit through which access is taken, the unit owner causing the same, or the unit owners’ association if it caused the same, shall be liable for the prompt repair thereof._

**AMENDED ANALYSIS**

This bill gives condominium unit owners the right to notice before the owners’ association, its agents, or its employees may enter a unit other than for emergency purposes.

**HB 1190**, establishing a committee to study refunds of insurance premiums overcharged under SB 110. **INEXPEDIENT TO LEGISLATE.**

Rep. Marshall E. Quandt for Commerce: This bill establishes a committee to study refunds of insurance premiums overcharged under SB 110. The committee felt that this information can be obtained by SB 125, Chapter 225, Laws of 2005 oversight committee. Vote 18-0.

**HB 1192**, relative to property and casualty insurance. **ought to pass with amendment.**

Rep. Charles L. Clark for Commerce: This bill is the result of a request by the insurance department to make certain clarifications, updates and technical changes relative to property and casualty insurance. The committee is in complete accord with the insurance department suggestions regarding updates needed to current statutes as a result of advancements in technology, new types of coverage, etc. Vote 18-0.

**Amendment** (0647h)

Amend the bill by deleting section 5 and renumbering the original sections 6-15 to read as 5-14, respectively.
Amend the bill by replacing all after section 13 with the following:

14 Insurance; Electronic Transmittal Added. Amend RSA 400-B:2, III to read as follows:

III. “Complaint” means [a] any written or electronically transmitted communication primarily expressing a grievance.

15 Insurance; Complaint Records. Amend RSA 400-B:7 to read as follows:

400-B:7 Complaint Records. The complaint records required to be maintained under RSA 417 shall include a complaint log or register, or grievance log or register for health insurers, in addition to the actual written complaints. The complaint log or register shall show clearly the total number of complaints for the current year plus the immediately preceding 5 years, the classification of each complaint by line of insurance and by complainant, the nature of each complaint, the insurer’s disposition of each complaint, the time it took to process each complaint, and the complaint number assigned by the department, if applicable. If the insurer maintains the file in a computer format, the reference in the complaint log or register for locating the documentation shall be an identifier such as the policy number or other code. The codes shall be provided to the examiners at the time of an examination.

16 Insurance; Technical Correction. Amend RSA 417-B:3, II to read as follows:

II. Conviction of the named [insurer] insured of a crime having as one of its necessary elements an act increasing any hazard insured against.

17 Effective Date. This act shall take effect 60 days after its passage.

**HB 1274**, relative to certain disclosures to the department of health and human services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen T. DeStefano for Commerce: The original bill and the amendment asked to repeal RSA 125:15-a VIII relative to rulemaking for certain disclosures to the department of health and human services. The second section of the bill asked to repeal RSA 125:25-c relative to disclosure of certain ownership interests to the department of health and human services. The committee felt that disclosure was very important, so the amendment was a compromise between owners filing reports and making sure that the insured have the information on file about ownership of physicians in the companies to which they have been referred. Vote 16-1.

**Amendment (1044h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Disclosure to Respective Boards; Ownership Interest. RSA 125:25-c is repealed and reenacted to read as follows:

125:25-c Disclosure to the Licensing Authority.

I. Notwithstanding any other section of the law, any health care practitioner who has an ownership interest in an entity which provides diagnostic or therapeutic services shall disclose such interest to the appropriate licensing authority regardless of whether any referrals are provided to the health care practitioner’s entity or any other entity. In the disclosure to the appropriate licensing authority, the health care practitioner shall list all diagnostic and therapeutic services provided by any entity in which the health care practitioner has an ownership interest. Disclosure of ownership, as well as the percentage of ownership interest in each entity or entities, shall be made upon application for and renewal of the health care practitioner’s license, on the application and renewal form.

II. An entity which provides diagnostic and therapeutic services shall include services provided by an entity within a hospital, but which is not owned by the hospital.

III. This section shall not apply to in-office ancillary services.

IV. Failure to report such ownership interest may result in disciplinary action by the licensing authority.

2 Repeal. RSA 125:15-a, VIII, relative to rulemaking for certain disclosures, is repealed.

3 Effective Date. This act shall take effect July 1, 2006.

**AMENDED ANALYSIS**

This bill requires a health care practitioner to report an ownership interest in certain health care facilities and businesses to their respective licensing boards instead of the department of health and human services.

**HB 1276**, relative to automobile insurance. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald H. Flanders for Commerce: This bill would prohibit an insurer from charging or increasing a premium under an automobile policy for an adult living in the household of the poli-
HB 1291, relative to automobile insurance coverage for drivers in the same household as the policyholder. INEXPEDIENT TO LEGISLATE.
Rep. Donald H. Flanders for Commerce: This bill requires insurance companies to permit an automobile insurance policy holder to decline coverage for drivers in the same household. This cannot be done as it would be in violation of the provisions of RSA 264:18 which spell out the required provisions of a motor vehicle liability policy issued in New Hampshire. Vote 17-0.

HB 1327, requiring a vote by the tenants who are owners of manufactured housing park units prior to purchase of the manufactured housing park by the tenant or tenants’ association. INEXPEDIENT TO LEGISLATE.
Rep. Donald H. Flanders for Commerce: After a thorough review of the evidence presented, the committee felt that this bill would create a severe hardship for tenant associations to purchase manufactured housing parks by shortening the period for finalizing a purchase from 60 to 30 days, and requiring 51% of the parks’ tenants to vote in favor of the acquisition prior to proceeding. The current rules are working well and we see no reason to change them at this time. Vote 15-2.

HB 1338, relative to medical malpractice insurance rates. INEXPEDIENT TO LEGISLATE.
Rep. Stephen B. Stepanek for Commerce: This bill would freeze malpractice rates until the final report of the committee to study medical malpractice insurance rates. This report is not due out until December 1, 2010. Although we appreciate the intent of the sponsors, freezing the malpractice rates for this long would effectively eliminate malpractice insurance in New Hampshire. Vote 18-0.

HB 1355, permitting the use of certain campers or recreational vehicles in manufactured housing parks. INEXPEDIENT TO LEGISLATE.
Rep. Donald H. Flanders for Commerce: After hearing all testimony, it was determined that RSA 205-A:2 excludes campers or recreational vehicles within the definition of manufactured housing and therefore they are not eligible to rent space from a manufactured housing park. It also appeared to be primarily a local issue so the committee felt it could be better addressed through municipal rules and ordinances. Vote 14-4.

HB 1365, relative to public pooled risk management. INEXPEDIENT TO LEGISLATE.
Rep. Tara G. Reardon for Commerce: This bill would require all three boards of the New Hampshire Public Pooled Risk Management to be elected or appointed public officials, officer or employees of an entity that is a member of the pool. The committee amended this statute in 1997 to require that a majority of the board be elected or appointed public officials, officers, or employees. Two of the boards already consist of all elected or appointed officials and the third has a 10-member board with two non-elected or appointed members. A representative of the board stated that they like to have the ability to include a board member with professional expertise at times and this has never proven to be a problem. Noting that no issues have occurred with these non-elected or appointed members, the committee did not feel this legislation warranted. Vote 17-0.

HB 1447, requiring a New Hampshire bank to credit a customer’s account within 24 hours of notification that a check is good. INEXPEDIENT TO LEGISLATE.
Rep. Tara G. Reardon for Commerce: The determination of the availability of funds is determined by federal law, Regulation CC. Any law enacted to vary that procedure would only apply to our state-chartered banks, that quite often make funds available sooner than the federal guidelines provide. Vote 18-0.

HB 1469-FN, requiring hospitals to make the price of certain common procedures available to the public. INEXPEDIENT TO LEGISLATE.
Rep. Marshall E. Quandt for Commerce: This bill requires hospitals to compile a list of charges for common services. This bill grants rulemaking authority to the commissioner of the Department of Health and Human Services. The majority of the committee, including the sponsor, agreed that the issues raised by this bill are expected to be covered by other legislation. Vote 17-1.
HB 1485, establishing a commission to study the feasibility of forming self-insurance groups for medical malpractice. INEXPEDIENT TO LEGISLATE.
Rep. Stephen B. Stepanek for Commerce: There is nothing that now prevents any group from being formed to provide self-insurance for medical malpractice. In fact, the New Hampshire Medical Society has looked at this issue twice and Southern New Hampshire Medical of Nashua also investigated self-insurance. In all three situations, it was found that the capital requirement to allow a medical malpractice self-insurance group to be formed was so large as to make it impractical. It was felt by the committee that this commission was not needed. Vote 15-3.

HB 1488, establishing a committee to study regulation of employers self-insured group health plans. INEXPEDIENT TO LEGISLATE.
Rep. Stephen T. Pelkey for Commerce: Self-insured group health plans fall under federal jurisdiction of Employee Retirement Income Security Act (ERISA) and therefore are not subject to mandates imposed by the state. Vote 15-2.

HB 1513, requiring legislative approval for changes to the purpose of a special corporation. INEXPEDIENT TO LEGISLATE.
Rep. Stephen T. Pelkey for Commerce: On September 20, 2005, SB 70, Chapter 282, Laws of 2005, relative to the powers of a special corporation, became law amending RSA 292:8-1 by adding paragraph II which permits the purpose of a special corporation to be changed by a majority vote of the corporation and the filing of a certified copy of the vote with the Secretary of State. This bill would basically nullify what was passed last session after only five months of existence. The Attorney General’s office opposes this bill. Vote 17-0.

HB 1528, establishing a committee to study the adequacy of consumer protection laws in New Hampshire. INEXPEDIENT TO LEGISLATE.
Rep. Stella Scaman for Commerce: This bill would create another committee to study the adequacy of consumer protection laws in New Hampshire. The committee felt that this study committee was not necessary. These issues have all been addressed under separate legislation in the recent past. Vote 18-0.

HB 1533, relative to services provided by manufacturers and distributors of beer to beer retailers. INEXPEDIENT TO LEGISLATE.
Rep. David H. Kidder for Commerce: This bill would permit manufacturers and distributors of beer to provide carbon dioxide filters to beer retailers and would be an exception to RSA 179:11. It was decided that it was more appropriate to tackle this problem from the Liquor Commission end as opposed to the distributor/vendor end of the situation. Vote 18-0.

HB 1537, relative to the procedure for resolving disputes regarding construction defects between homeowners and contractors. INEXPEDIENT TO LEGISLATE.
Rep. Tara G. Reardon for Commerce: The committee made great effort last year to put in place a dispute resolution process to keep contractors and homeowners out of court. This bill was filed prior to the new procedure becoming effective on January 1, 2006. We have enhanced the powers of the Attorney General’s Office, Consumer Protection Division to pursue and prosecute the criminals who are holding themselves out as contractors and defrauding consumers. We would like to wait and see how the new law works. Vote 18-0.

HB 1555, establishing a commission to investigate cost drivers in providing health care. OUGHT TO PASS WITH AMENDMENT.
Rep. Stella Scaman for Commerce: The amendment to this bill adds a member from the Retail Merchants Association and creates a 20 member commission. The amendment also refers to federal and state reimbursement associated with cost shifting. The committee believes that passing this bill and investigating healthcare cost drivers is an important step to finding solutions. Vote 18-0.

Amendment (0905h)
Amend paragraph 1 of section 2 of the bill by inserting after subparagraph (m) the following new subparagraph:

(n) One member of the Retail Merchants Association of New Hampshire, appointed by such association.

Amend paragraph 1 of section 3 of the bill by replacing it with the following:

1. Cost shifting associated with federal and state reimbursements.
Rep. Donald H. Flanders for Commerce: This is a bill that was requested by the insurance department to clarify certain continuation of coverage proceedings in the group accident and health insurance provisions. It also requires insurance carriers to continue to provide benefits to covered members under a group insurance policy which has been cancelled for any reason for up to 39 weeks or until such member becomes eligible for benefits under another group, whichever comes first. Where coverage has ended as a result of nonpayment of premiums, the member electing continuation coverage shall not be liable for any accrued and unpaid premium that was the employer’s responsibility under the policy, or any amount previously paid by the person for coverage under the policy that, due to the employer’s actions, was not paid to the carrier. Vote 18-0.

Amendment (1048h)

Amend the bill by replacing section 5 with the following:

5 New Paragraphs; Continuation of Coverage; Termination of Coverage. Amend RSA 415:18 by inserting after paragraph XIV the following new paragraphs:

XV. In paragraphs XVI and XVII:

(a) “Carrier” means an entity that offers or provides a policy, contract, or certificate of insurance coverage in this state. “Carrier” shall include an insurer, a health maintenance organization, or any other entity providing a policy, contract, or certificate of insurance coverage subject to state insurance regulation.

(b) “Cancellation” means the circumstance when the employer/employee relationship ceases to exist.

(c) “Individual” means any person covered under a group health plan, including but not limited to, the covered employee, the spouse of the covered employee, whether surviving, dependent, former dependent, or legally separated; or the dependent child of the employee, and any other person including a child born or placed for adoption with the covered employee, who is covered under a group health plan through the employment relationship.

(d) “Health insurance” means all group hospital and medical expense policies subject to RSA 415, group health service plan contracts pursuant to RSA 420-A, and health maintenance organization policies and plans issued pursuant to RSA 420-B, and all other plans that are additionally subject to RSA 420-G, except for small employers of size one defined pursuant to RSA 420-G:2, XVI.

(e) “Entire group termination” means that circumstance when all health insurance coverage to the group ends.

XVI. Continuation of Coverage.

(a) Carriers shall provide continuation of coverage when an individual covered by a plan of group health insurance that provides medical, hospital, and/or surgical expense benefits, except short-term student insurance where the policyholder is the school, loses coverage under the plan, coverage shall be provided in accordance with the procedures described in this section.

(b) Continuation coverage shall be identical to the coverage provided to other similarly situated members of the group that are still covered by the plan. The policy shall not be changed, except that normal premium rate increases or decreases upon renewal affecting the group plan may also affect the continuation premium rate. The effective date of continuation coverage shall be the date the individual’s coverage under the group plan ceased.

(c) Periods of coverage shall be as follows:

(1) Eighteen month period – When any individual loses coverage under a group health insurance plan for any reason except dismissal from employment for gross misconduct or carrier termination, coverage shall continue subject to this section for a period of 18 months, unless the individual is eligible for coverage under subparagraph (2), (3), (4), or (5).

(2) Thirty-nine week period (entire group insurance termination) – Whenever the entire group is terminated, coverage shall continue subject to this section for a period of 39 weeks. Where an individual has continuation coverage, coverage shall continue until it would have expired had the plan not been terminated or for 39 weeks, whichever occurs first.

(3) Twenty-nine month period (disability) – An individual who is determined to be disabled within the first 60 days of the date such individual loses coverage shall be entitled to 29 months of continuation coverage. Determination of disability shall be under Title II or XVI of the federal Social Security Act or any future Act that has the same purpose.
(4) Thirty-six month period – Subject to subparagraph (e), coverage shall continue subject to this section for a period of 36 months if any individual loses coverage under a group health insurance plan for one of the following reasons:

(A) Death of a covered employee;
(B) The divorce or the legal separation of the covered employee;
(C) A substantial loss of coverage by retirees and dependents within one year of the employer filing for protection under the bankruptcy provisions of Title 11 of the United States Code; or

(D) A dependent child ceasing to be a dependent child.

(5) Eligible for Medicare – When the surviving spouse, divorced spouse, or legally separated spouse is 55 years of age or older and loses coverage because of the death, divorce, or legal separation of the covered employee, coverage shall continue subject to this section until such time as the spouse becomes eligible for participation in another employer-based group plan or becomes eligible for Medicare.

(d) Premium Payments:

(1) Determination. When an individual’s coverage has ended, the amount of the premium charged to the individual electing continuation coverage shall not exceed 102 percent of the group premium amount.

(2) Responsibilities:

(A) It shall be the responsibility of the employer to notify the carrier when an individual loses coverage under the employer’s plan, and it shall be the responsibility of the carrier to notify the individual of the right to elect continuation coverage.

(B) It shall be the responsibility of the individual electing continuation coverage to make timely premium payments. Failure to make a timely remittance of the premium shall be grounds for cancellation.

(C) Where the premium is submitted to the carrier through the employer or plan administrator, it shall be the responsibility of the employer or plan administrator to promptly forward payments received from the individual to the carrier.

(3) Liabilities:

(A) If the employer or plan administrator responsible fails to forward the premium payment and the individual’s continuation coverage is terminated as a result, the employer or plan administrator shall be liable for benefits to the same extent that the carrier would have been if coverage had not been terminated.

(B) Whenever a carrier fails to notify an individual that his or her coverage will not continue unless the individual so elects, the carrier shall be liable, in accordance with the terms of the policy, for claims accrued until such notice is made, except that any carrier that in good faith mailed a notice to the last known address of the individual shall not be held liable. Such carrier’s liability shall in no way diminish the liability of the employer.

(4) Notice Requirements and Procedures.

(A) A carrier shall notify the employer or individual of the discontinuance or termination of a policy as follows:

(i) Notice of the right to continue coverage shall be set forth in each master policy and individual certificate of coverage.

(ii) When coverage for an individual will cease under the group policy, the carrier shall notify the individual of the individual’s right to continue, the amount of the premium required to continue coverage, and the procedure for electing continuation coverage. The notice of continuation shall specify the election period that shall not be less than 31 days after the date of the notice and shall be mailed to the last known address of the individual provided by the employer or plan administrator.

(iii) The carrier shall specify in each notice of continuation whether premium payments are to be remitted to the employer, plan administrator, or directly to the carrier.

(iv) If the employer or plan administrator to which the premium payments have been remitted fails to forward the premium payment and the individual’s continuation coverage is terminated as a result, the employer or plan administrator shall be liable for the benefits to the same extent that the carrier would have been if coverage had not been terminated.

(v) The carrier shall notify the individual of the right to continue coverage within 15 days of the date the coverage ceased. The additional period shall expire 31 days after the date of the notice.
(B) When the individual shall notify the carrier or the employer:

(i) An individual electing continuation coverage shall notify the carrier in writing with a copy of the notice provided to the employer or plan administrator when the election is made. Such election shall be made within 31 days of the date of notice.

(ii) Where the employee’s spouse is also covered by the group plan, and there is a divorce or legal separation, the employee shall notify the employer of the divorce or separation within 30 days, and shall provide the employer and carrier with the employee’s spouse’s mailing address. In case of a divorce or legal separation, the carrier shall provide a separate notice of the right to continue to the divorced or separated spouse. The divorced or separated spouse may elect to continue coverage by notifying the carrier within 31 days of the date of the notice and remitting the premium payment.

(C) Election and waiver:

(i) Election by the individual shall be made within 31 days of the date of the notice of the right to continue, by written notice to the carrier and the employer. The required premium payment, as specified in the notice of the right to continue, shall be remitted as required in the notice with the written notice of election.

(ii) Where an individual declines the right to continue coverage, waiver shall be made by an affirmative means of declination, including but not limited to written declination of continuation coverage or electronic contact to the employer or plan administrator.

(iii) Where proper notice has been given, and no response is made within 31 days, coverage may be deemed waived if the carrier has in good faith made reasonable efforts to contact the eligible individual. However, no carrier may deem any coverage waived if a notice does not fully comply with this section.

(iv) Where an individual has attempted to notify the carrier, employer, or plan administrator of election, and where the written election has not included a premium payment, the carrier, employer, or administrator shall allow the individual to fully comply by paying the full amount of the unpaid premiums within 31 days.

(v) Where more than one person covered by the group health insurance plan will lose coverage as a result of the covered employee’s termination from the group, each individual shall be provided with a notice and shall have the opportunity to elect or waive coverage. Where there is a choice among plans, each individual shall have the opportunity to choose a plan.

(e) End of continuation coverage. Nothing in this chapter shall require a carrier to continue coverage beyond:

(1) The first day of the month following the individual’s eligibility for a group plan through a different employer;

(2) In the case of an individual that is eligible for Medicare, the date of the first Medicare open enrollment period following the date the individual became ineligible for continued participation under the group plan;

(3) In the case of a period of extended coverage for a person who has been determined to be disabled during the first 60 days of continuation coverage, the month that begins more than 30 days after the date of a final determination that the person is no longer disabled;

(4) The date on which continuation coverage ceases because the individual has failed to pay the premium. The individual shall be given a 30-day grace period before coverage is cancelled, and shall be provided with a notice within 15 days of the date of termination that the coverage will be cancelled if the premium is not paid; or

(5) The date on which the group plan terminates subject to the continuation rights set forth in RSA 415:26.

XVII. Termination of Coverage.

(a) Whenever any group hospital, surgical, medical insurance plan, or health maintenance organization coverage terminates for any reason, the benefits of such plan shall be available at the same group rate to the covered members of the group plan, for an extension period of 39 weeks, or until such member of the group plan becomes eligible for benefits under another group plan, whichever occurs first.

(b) Written notice of the right to continue such group coverage upon termination shall be given by the carrier in each master policy, certificate, and group policy. The carrier shall send the notice within 15 days of the termination of the policy to the policyholder and each certificate holder under the policy.
(c) The member electing continuation of coverage under this subparagraph shall provide the carrier written notice of election together with the required premium contribution within 31 days of the date of the notice. The group rate shall be paid by the member directly to the carrier. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate, but a reasonable administrative fee not to exceed 2 percent of the monthly premium may be charged to offset billing and payment costs.

(d) If group members become entitled to the 39-week extension period due to termination of the policy, the carrier shall:

1. Notify such person or member of the option to elect continuation of coverage for the extension period of 39 weeks and the conditions applicable to such coverage within 15 days of the date the plan terminates.

2. If the carrier fails to notify the members of the termination of the group plan within 15 days of the date of termination of the group coverage, the members shall not be liable for any premiums that have not been paid prior to the date the notice was sent. In no event shall a person or member entitled to coverage for the extension period of 39 weeks be responsible for premiums accrued and unpaid prior to the date of the termination or cancellation of the coverage.

3. Where coverage has ended as a result of an employer’s nonpayment of premiums, the member electing continuation coverage shall not be liable for any accrued and unpaid premium that was the employer’s responsibility under the policy, or any amount previously paid by the person for coverage under the policy that due to the employer’s actions was not paid to the carrier.

(e) If the carrier fails to comply with the applicable employee notification requirements, the carrier shall be liable for lost benefits payable under and according to the terms of the group policy or contract to the employee resulting from the termination of the employee’s benefit plan. Such liability shall extend only for the period of non-compliance beginning on the date notification of the employee was required and ending 31 days after the date notice was mailed.

Amend the bill by inserting after section 11 the following and renumbering the original sections 12 and 13 to read as 15 and 16, respectively:

12 Individual Health Insurance Market; Eligibility. Amend RSA 404-G:5-e, V(c) to read as follows:

(c) The individual’s premiums are paid for or reimbursed by the health care provider or the individual’s premiums are paid by any government sponsored program or government agency, except if the person is an “eligible individual” as defined in section 2741(b) of the Public Health Service Act] eligible under RSA 404-G:5-e, (d) or (e).

13 Individual Health Insurance Market; Reference Change. Amend RSA 404-G:5-f, II to read as follows:

14 New Paragraph; Health Coverage; Enrollment. Amend RSA 420-G:8 by inserting after paragraph II the following new paragraph:

II-a. Notwithstanding the provisions of paragraph I-a and II, small employers who are self-employed individuals shall have 90 days from the date their business is first established to enroll in a plan. Health carriers shall make their plans available to such individuals for effective dates beginning on the first day of the month following enrollment.

Amend the bill by replacing section 16 with the following:

16 Effective Date. This act shall take effect January 1, 2007.

HB 1652-FN, relative to certain insurance claims. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald H. Flanders for Commerce: This bill clarifies when an insurer may impose a retroactive denial of a previously paid claim beyond 18 months and codifies the details in such a manner that it should eliminate the problems that have occurred in the past. It was fully supported by both the industry and the insurance department. Vote 18-0.
Amendment (1149h)

Amend the bill by replacing all after the enacting clause with the following:
1 Individual Health Care Insurance; Retroactive Denials. Amend RSA 415:6-i, II(b)(5) to read as follows:

(5) The claim payment is the subject of an adjustment with another a different insurer, administrator, or payor and such adjustment is not affected by a contractual relationship, association, or affiliation involving claims payment, processing, or pricing; or

2 Group Health Insurance; Retroactive Denials. Amend RSA 415:18-m, II(b)(5) to read as follows:

(5) The claim payment is the subject of an adjustment with another a different insurer, administrator, or payor and such adjustment is not affected by a contractual relationship, association, or affiliation involving claims payment, processing, or pricing; or

3 Health Service Corporations; Retroactive Denials. Amend RSA 420-A:17-e, II(b)(5) to read as follows:

(5) The claim payment is the subject of an adjustment with another a different insurer, administrator, or payor and such adjustment is not affected by a contractual relationship, association, or affiliation involving claims payment, processing, or pricing; or

4 Managed Care; Retroactive Denials. Amend RSA 420-J:8-b, II(b)(5) to read as follows:

(5) The claim payment is the subject of an adjustment with another a different insurer, administrator, or payor and such adjustment is not affected by a contractual relationship, association, or affiliation involving claims payment, processing, or pricing; or

5 Effective Date. This act shall take effect 90 days after its passage.

HB 1668, relative to providing bank account balance information. INEXPEDIENT TO LEGISLATE.
Rep. Tara G. Reardon for Commerce: The intent of this bill was to prevent an unauthorized person from making a deposit into an account, learning the balance and then defrauding the customer. It appears only one bank prints balances on the deposit slip and they have never encountered this scenario. They testified it would be extremely expensive for them to change their software, which currently prints balances because 95% of their customers request it. Because this would only affect state-chartered banks, it could be an incentive for a bank to change to a federal charter. Additionally, a minimal deposit made, on camera at the bank, would be unlikely and most likely generate a “suspicious activity” report by the lender. Vote 18-0.

HB 1769, relative to insurance records required for market conduct purposes. INEXPEDIENT TO LEGISLATE.
Rep. Stephen T. DeStefano for Commerce: This bill would interfere with existing contracts between insurance companies and their agents with respect to record keeping. The record keeping is a cost of doing business and should be left to the parties to agree upon. This bill goes far beyond its intended purpose of market conduct examination. Vote 15-3.

HB 298, relative to consolidating statutes relating to driving while intoxicated. OUGHT TO PASS WITH AMENDMENT.
Rep. John E. Tholl for Criminal Justice and Public Safety: This bill is a 2nd committee referral, having already passed the house on the consent calendar. The bill simply places all of the existing DWI statutes under one title (XXI) making no changes to existing law. The committee amended the bill to assure that Fish and Game officers could still retain the ability to enforce portions of the DWI laws pertaining to OHRV’s, snowmobiles, watercraft and boats that they currently have under existing statutes. Vote 18-0.

Amendment (0830h)

Amend the introductory paragraph of RSA 265-A:2, I as inserted by section 1 of the bill by replacing it with the following:

1. No person shall drive or attempt to drive a vehicle upon any way or operate or attempt to operate an OHRV:

   Amend the bill by inserting after section 35 the following and renumbering the original sections 36-37 to read as 37-38, respectively:

   36 Fish and Game; Executive Director and Conservation Officers; Enforcement Power. Amend RSA 206:26-b, I to read as follows:

   I. The executive director and each conservation officer shall:

      (a) Be ex officio constables throughout the state; [and]
(b) Have general power to enforce all criminal laws of the state and to serve criminal processes and make arrests, under proper warrants, in all counties; and

c Have general power to enforce any provision of RSA title XXI relative to the operation of OHRVs, snowmobiles, watercraft, or boats.

**HB 624-FN**, relative to penalties in certain health and health-related professions. **OUGHT TO PASS.**
Rep. John E. Tholl for Criminal Justice and Public Safety: Criminal Justice received this bill as a second committee to review the penalties. No one appeared at the public hearing to oppose the issue and the committee felt that making the penalty consistent with the other licensing statutes was the appropriate thing to do. Vote 15-2.

**HB 1155**, creating a violation for failure to pay a highway toll. **OUGHT TO PASS.**
Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill came to us as a second committee to review the penalty. The bill itself deals with failure to pay a highway toll and the committee unanimously agreed that a violation is an appropriate penalty for this infraction. Vote 14-0.

**HB 1180**, relative to distributing sexual offender registry information. **INEXPEDIENT TO LEGISLATE.**
Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The bill intends to allow local law enforcement agencies, at the discretion of the governing body, to distribute information about sex offenders living in the geographical area. The committee felt there are many flaws in this bill. The governing body is different in different parts of the state. The committee feels this might become an Article 28A issue. The subject is addressed in another bill currently in the committee. Vote 16-0.

**HB 1209**, relative to notification requirements for criminal offenders. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Gene P. Charron for Criminal Justice and Public Safety: This bill requires a school administrative unit, school district, or charter school to adopt a policy designating certain categories of volunteers as “designated volunteers” who may be required to undergo a background check and background investigation. It allows local law enforcement agencies to notify schools within its jurisdiction of the address of a registered criminal offender, provides limited liability to a school administrative unit, school district, or charter school for permitting certain volunteers to have contact with students. Vote 16-0.

**Amendment (1229h)**
Amend the bill by replacing all after the enacting clause with the following:

1 School Boards; School Employee and Volunteer Background Investigations. Amend RSA 189:13-a, VI-VII to read as follows:

VI. This section applies to any employee, selected applicant for employment, [or] designated volunteer [with private businesses and agencies], or volunteer [organizations] organization which [contract] contracts with a [school administrative units, school districts, or charter schools] school administrative unit, school district, or charter school to provide services, including but not limited to cafeteria workers, school bus drivers, custodial personnel, or any other service where the contractor or employees of the contractor provide services directly to students of the district or charter school. The cost for background investigations, including criminal history records checks, for employees or selected applicants for employment with such contractors shall be borne by the contractor.

VII. The school administrative unit, school district, or charter school shall not be required to complete a background investigation or a criminal history records check on volunteers, provided [however,] that the governing body of a school administrative unit, school district, or charter school [may] shall adopt a policy designating certain categories of volunteers as “designated volunteers” who may be required to undergo a background investigation and a criminal history records check.

2 New Paragraph; School Boards; School Employee and Volunteer Background Investigations. Amend RSA 189:13-a by inserting after paragraph VII the following new paragraph:

VIII. A school administrative unit, school district, or charter school which has adopted a policy establishing procedures for certain volunteers shall be immune from civil or criminal liability, provided the school administrative unit, school district, or charter school has acted in accordance with its policy.
3 Registration of Criminal Offenders; Release of Certain Sexual Offenders into the Community. Amend RSA 651-B:3 to read as follows:

651-B:3 Release of Certain Sexual Offenders Into the Community; Duties.

I. Upon release of any sexual offender or offender against children required to register, whether on probation, parole, conditional or unconditional release, completion of sentence, release from secure psychiatric care, or for any other reason, the official in charge of such release shall notify the offender of the offender’s duty to report under this chapter. The offender shall acknowledge in writing that he has received such notice. The official shall obtain the address at which the offender expects to reside upon release and shall report such address to the department. The department shall inform the local law enforcement agency in the city or town where the offender expects to reside. The local law enforcement agency in the city or town where the offender expects to reside may notify all schools within its jurisdiction of the address at which the offender expects to reside. If such notification occurs, the local law enforcement agency shall notify all schools within its jurisdiction of any changes to the offender’s information made pursuant to RSA 651-B:5. The division shall enter the information concerning the offender’s release and notification in the LENS system.

II. Upon receipt from any out-of-state law enforcement agency of information that a sex offender or offender against children has moved to New Hampshire, the department shall locate and shall serve notice upon such offender of the offender’s duty to report under this chapter. The offender shall acknowledge in writing that the offender has received such notice. The department shall obtain the address at which the offender expects to reside and shall inform the local law enforcement agency. The local law enforcement agency in the city or town where the offender expects to reside may notify all schools within its jurisdiction of the address at which the offender expects to reside. The division shall enter the information concerning the offender’s location in New Hampshire and notification in the LENS system.

4 New Paragraph: Registration of Criminal Offenders; Change of Name or Alias or Address. Amend RSA 651-B:5 by inserting after paragraph III the following new paragraph:

IV. The local law enforcement agency in the city or town of the offender’s new place of residence may notify all schools within its jurisdiction of a change in residence of a person required to be registered under this chapter. The local law enforcement agency in the city or town where the offender resides may notify all schools within its jurisdiction of any change in name or alias of a person required to be registered under this chapter.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

I. Requires a school administrative unit, school district, or charter school to adopt a policy designating certain categories of volunteers as “designated volunteers” who may be required to undergo a background investigation and a criminal history records check.

II. Allows local law enforcement agencies to notify schools within its jurisdiction of the address of a registered criminal offender.

III. Provides limited liability to a school administrative unit, school district, or charter school for permitting certain volunteers to have direct contact with students.

HB 1235-FN, establishing a criminal penalty for driving a commercial motor vehicle while violating an out-of-service order. OUGHT TO PASS.

Rep. Jordan G. Ulery for Criminal Justice and Public Safety: This bill modifies RSA 263:93-a. Under current law, there is no immediate tool available to law enforcement when a commercial driver, or that driver’s employer, operates a commercial vehicle following the issuance of an “out-of-service” order to either a vehicle or driver. This bill creates a misdemeanor crime for “jumping” such an order. This bill is a deterrent to both the driver, or the driver’s employer to such violation of an order and results in safer commercial motor vehicle operation. The Department of Safety testified in favor of this bill. Vote 14-0.

HB 1349, relative to costs of personnel and rates for equipment use in hazardous waste incidents. OUGHT TO PASS.

Rep. Bob M. Fesh for Criminal Justice and Public Safety: This bill would permit establishment of state-wide rates which would be fair and reasonable relative to costs of personnel and rates for equipment use in hazardous waste incidents. This responds to the frustration expressed by municipalities and the Department of Environmental Services. Vote 12-0.
HB 1369, relative to the posting of signs restricting the bearing of arms. INEXPEDIENT TO LEGISLATE.

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: While the committee understands the intent of the bill, the members of the committee were unable to produce an amendment that would have been workable. Numerous attempts by the sponsor and others failed to provide an acceptable piece of legislation that satisfied the committee. Vote 16-0.

HB 1377, relative to certain mandatory minimum sentences. OUGHT TO PASS WITH AMENDMENT.

Rep. William V. Knowles for Criminal Justice and Public Safety: This bill eliminates a mandatory one year sentence of imprisonment in addition to the sentence provided for the underlying felony for the felonious use of a firearm, first offense. In addition, it eliminates the three year minimum mandatory sentence for reckless conduct, a felony, an element of which is the possession, use or attempted use of a deadly weapon which is a firearm. This will give judges more sentencing discretion. We have seen instances where shooting a firearm in the air has resulted in three years mandatory jail time. Another element of the bill clarifies a violent crime under incest and endangering the welfare of a child. The violent crime will apply if the victim is under the age of 18 under the incest statute and under the age of 16 under the endangerment statute when the prosecution is for the solicitation to engage in child pornography, or sexual penetration. Vote 16-0.

Amendment (0657h)

Amend RSA 651:2, II-b as inserted by section 1 of the bill by replacing it with the following:

II-b. A person convicted of a second or subsequent offense for the felonious use of a firearm, as provided in RSA 650-A:1, shall, in addition to any punishment provided for the underlying felony, be given a [minimum mandatory sentence of one year imprisonment for a first offense and] a minimum mandatory sentence of 3 years imprisonment [for any subsequent offense].

Neither the whole nor any part of the additional sentence of imprisonment hereby provided shall be served concurrently with any other term nor shall the whole or any part of such additional term of imprisonment be suspended. No action brought to enforce sentencing under this section shall be continued for sentencing, nor shall the provisions of RSA 651-A relative to parole apply to any sentence of imprisonment imposed.

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Assault and Related Offenses; Reckless Conduct. Amend RSA 631:3 by inserting after paragraph II the following new paragraph:

III. A person convicted of a class B felony offense under this section shall not be subject to the provisions of RSA 651:2, II-g.

3 Sentences; Sentences and Limitations. Amend RSA 651:5, XIII(g) to read as follows:

(g) Incest under RSA 639:2, III or endangering the welfare of a child by solicitation under RSA 639:3, III; or

4 Effective Date. This act shall take effect January 1, 2007.

AMENDED ANALYSIS

This bill:

I. Provides that a person convicted of a second or subsequent offense for the felonious use of a firearm shall receive a minimum mandatory 3-year sentence in addition to any sentence for the underlying offense.

II. Excludes anyone convicted of felony reckless conduct from receiving the minimum mandatory sentence.

III. Defines incest committed against a person under the age of 18 as a violent crime for the purposes of annulment of a criminal record.

HB 1386, relative to exceptions to the prohibition on carrying and selling knives. OUGHT TO PASS WITH AMENDMENT.

Rep. George D. Winchell for Criminal Justice and Public Safety: This bill, as amended, includes the following in the exception clause RSA 159:17 to the Carrying or Selling Weapons statute RSA 159:16: emergency medical technicians, firefighters, military personnel while in the course of their duties, as well as duly authorized military or civil organizations when parading, or the members thereof when at, or going to or from their customary places of assembly. The committee attempted to include knife dealers and collectors in this exception. However, neither group is defined anywhere by statute and the committee felt that including that category would lead to unintended consequences. Vote 15-1.
Amendment (1217h)
Amend RSA 159:17 as inserted by section 1 of the bill by replacing it with the following:
159:17 Exceptions. The provisions of the preceding section shall not apply to officers of the law, to persons holding hunters’ licenses when lawfully engaged in hunting, to employees of express companies while on duty, [or] to watchmen while on duty, to emergency medical technicians, firefighters, or military personnel while in the course of their duties, or to duly authorized military or civic organizations when parading, or to the members thereof when at, or going to or from, their customary places of assembly.

HB 1389, relative to firearms in locked vehicles. INEXPEDIENT TO LEGISLATE.
Rep. John E. Tholl for Criminal Justice and Public Safety: This bill as introduced had few supporters. The committee was unable to devise a workable means of addressing the bill’s intent. Vote 16-0.

HB 1390, relative to official oppression. INEXPEDIENT TO LEGISLATE.
Rep. George D. Winchell for Criminal Justice and Public Safety: This bill is an attempt to address violations of civil rights. As this area is already covered under federal law, the committee felt that it is not needed in state statute. Vote 15-1.

HB 1420-FN, prohibiting remote control and Internet hunting. OUGHT TO PASS WITH AMENDMENT.
Rep. John E. Tholl for Criminal Justice and Public Safety: The committee received the bill to review the penalties. The committee amendment brings the penalty section in line with other penalties under the codes. Additionally, after a public hearing, a change was made to RSA 159:12 to allow firearms instructors to lawfully utilize live ammunition during hunter safety or other firearm instruction while instructing minors. This will be done with the permission of the parents or legal guardian. The Attorney General’s office had advised Fish and Game that unless current laws were changed they would have to curtail the hunter safety programs. The committee acted to allow this essential activity to continue. Vote 17-0.

Amendment (1159h)
Amend the title of the bill by replacing it with the following:
AN ACT prohibiting remote control and Internet hunting and relative to exceptions to the prohibitions on the sale of firearms to minors and the furnishing of arms to persons under 16.

Amend RSA 207:8-a, I as inserted by section 1 of the bill by replacing it with the following:
I. No person shall offer for sale, take, or assist in the taking of wildlife by use of remote control or Internet hunting. Any person who violates this section shall be guilty of a class A misdemeanor if a natural person and guilty of a felony if any other person. In addition, the executive director may impose a civil penalty of not less than $10,000 for each violation of this section, with the moneys received from imposition of such civil penalty to be deposited in the fish and game fund.

Amend the bill by inserting after section 1 the following and numbering the original section 2 to read as 4:
2 Pistols and Revolvers; Sale to Minors. Amend RSA 159:12 to read as follows:
159:12 Sale to Minors.
 I. Any person who shall sell, barter, hire, lend or give to any minor any pistol or revolver shall be guilty of a misdemeanor.
 II. This section shall not apply to:
 (a) Fathers, mothers, guardians, administrators or executors who give a revolver to their children or wards or to heirs to an estate.
 (b) Individuals instructing minors in the safe use of firearms during a supervised firearms training program, provided the minor’s parent or legal guardian has granted the minor permission to participate in such program.
 (c) Licensed hunters accompanying a minor while lawfully taking wildlife.
 (d) Individuals supervising minors using firearms during a lawful shooting event or activity.
3 Breaches of the Peace and Related Offenses; Furnishing Arms to Persons Under 16. Amend RSA 644:15 to read as follows:
644:15 Furnishing Arms to Persons Under 16.
 I. Any person who shall sell, barter, hire, lend, or give to any person under the age of 16 years any cartridges or shotshells suitable for discharging in any rifle, pistol, revolver, or shotgun shall be guilty of a violation.
II. This section shall not apply to:
(a) Fathers, mothers or guardians of such children.
(b) Individuals instructing such children in the safe use of firearms during a supervised firearms training program, provided the child's parent or legal guardian has granted the child permission to participate in such program.
(c) Licensed hunters accompanying such children while lawfully taking wildlife.
(d) Individuals supervising such children using firearms during a lawful shooting event or activity.

AMENDED ANALYSIS
This bill prohibits remote control or Internet hunting and establishes criminal and civil penalties for violations.

The bill also sets forth exceptions to the prohibitions on sale of firearms to minors and the furnishing of arms to persons under 16 years of age.

HB 1480, amending the provisions relative to registration of criminal offenders. OUGHT TO PASS WITH AMENDMENT.
Rep. William V. Knowles for Criminal Justice and Public Safety: This legislation requires criminal offenders required to register because of a violation of RSA 632-A:2, aggravated felonious sexual assault, or RSA 632-A:3, felonious sexual assault, to be designated as offenders against children if the victim was under the age of 18 at the time of the offense. These names will be available to the public for reasons of safety. Vote 18-0.

Amendment (1055h)
Amend the bill by replacing section 1 with the following:
1 Sexual Assault and Related Offenses; Felonious Sexual Assault. Amend RSA 632-A:3, II to read as follows:
II. Engages in sexual penetration with a person, other than his legal spouse, who is 13 years of age or older and under 16 years of age where the age difference between the actor and the other person is 3 years or more; or
Amend RSA 651-B:6, II as inserted by section 3 of the bill by replacing it with the following:
II. Any sexual offender required to register as a result of a violation or attempted violation of RSA 632A:4, I(a) or (b), or RSA 645:1, II, and any offender against children required to register as a result of a violation or attempted violation of RSA 633:3 or 645:2, I, or of an equivalent offense in an out-of-state jurisdiction, shall be registered for a 10-year period from the date of release, provided that any such registration period shall not run concurrently with any registration period resulting from a subsequent violation or attempted violation of an offense for which the person is required to register.
Amend RSA 651-B:1, V(a) as inserted by section 4 of the bill by replacing it with the following:
(a) Any of the following offenses, where the victim was under the age of 18 at the time of the offense, RSA 632-A:2, RSA 632-A:3, RSA 633:1, RSA 633:2, RSA 633:3, RSA 639:2, or RSA 645:2; or

AMENDED ANALYSIS
This bill:
I. Requires lifetime registration for persons convicted of aggravated felonious sexual assault.
II. Requires certain persons convicted of sexual assault to be registered for 10 years.
III. Amends the statute on felonious sexual assault involving sexual penetration with a person 13 years old but under 16 years old where the age difference between the actor and victim is 3 years or more.
IV. Repeals the statute requiring the department of safety to locate and serve notice on an offender who has moved into the state and has already registered with a local law enforcement agency.

HB 1482, relative to false information provided in connection with registering a motor vehicle belonging to a foreign national. INEXPEDIENT TO LEGISLATE.
Rep. Jordan G. Ulery for Criminal Justice and Public Safety: While the committee recognizes that the fraudulent application for motor vehicle license/registration is a real problem, it was pointed out that RSA 260:10 already requires that all applications filed with the New Hampshire Division of Motor Vehicles display the notice "This application is signed under penalty of un-sworn falsification pursuant to RSA 641:3" including those for foreign persons. Vote 17-0.
HB 1522, relative to extended authority for law enforcement assistance. INEXPEDIENT TO LEGISLATE.
Rep. Peter M. Sullivan for Criminal Justice and Public Safety: The authority of law enforce-
ment officials to respond to requests for assistance from outside of their jurisdiction is covered
by RSA's 48:11-a, 104:6, 105:9-a and 106:C. The committee believes that existing law is more
than adequate to address current needs and that this bill would only undermine the intent of exist-
ing statutes. Vote 17-0.

HB 1620-FN, relative to hunting restrictions of certain convicted felons. OUGHT TO PASS
WITH AMENDMENT.
Rep. Elbert I. Bicknell for Criminal Justice and Public Safety: This bill came forward from the
law enforcement arm of New Hampshire's Fish and Game Department where some of the enforce-
ment officers came upon convicted felons hunting with Cross Bows, which are not defined as being
dangerous weapon under N.H. Statutes. Two of our courts in Carroll and Coos Counties ruled
that the felon was hunting bear and not humans and was licensed to do so. They were found not
guilty. Further, the amendment states it is an affirmative defense if a person convicted in another
jurisdiction of a felony which would not have constituted a felony in the State of New Hampshire
at that time of the offense. The bill prohibits certain felons from obtaining a hunting license, or
signing an application for a license. Vote 17-0.

Amendment (0922h)
Amend RSA 214:1, II as inserted by section 1 of the bill by inserting after subparagraph (b) the
following new subparagraph:
(c) It is an affirmative defense to a charge under this paragraph that a felony of which
a defendant has been convicted in another jurisdiction would not have constituted a felony in
the state of New Hampshire at the time such felony was committed.
Amend RSA 207:2-b as inserted by section 2 of the bill by inserting after paragraph II the follow-
ing new paragraph:
III. It is an affirmative defense to a charge under this section that a felony of which a defen-
dant has been convicted in another jurisdiction would not have constituted a felony in the state of
New Hampshire at the time such felony was committed.

HB 1624-FN, relative to boat noise. OUGHT TO PASS WITH AMENDMENT.
Rep. Gene P. Charron for Criminal Justice and Public Safety: This bill was referred to the com-
mittee to review the increase in fine from $100 to $250 according to RSA 270:41-A. Addition-
ally, the amendment eliminates an increase in penalty which was not supported. Section 4 of the
bill is eliminated by the amendment which would have added a misdemeanor for a natural person,
or a felony for a business or corporation, for failure to pass a noise test, or for altering a marine
engine that results in a failure to pass a noise test. Vote 17-0.

Amendment (1210h)
Amend the bill by deleting section 4 and renumbering the original section 5 to read as 4.

AMENDED ANALYSIS
This bill modifies the boat noise limits.

HB 1625, establishing penalties for court-appointed advocates who fail to file reports which are
required by the court. OUGHT TO PASS WITH AMENDMENT.
Rep. Gene P. Charron for Criminal Justice and Public Safety: The committee came to the conclu-
sion that something needed to be done. We heard from the public, a judge and other interested and
affected parties. Reports should be on time and when they are not, there should be a penalty. In-
cluded in the amendment is a charge for the cost of the parties to the action for the day of the
hearing. People have taken time off from work, attorneys are present and in some cases children.
When a report is not done on time and there is a continuance it becomes costly to all parties.
Furthermore, we feel that it is imperative that the Guardian Ad Litem Board continue with the
completion of the rules and regulations as soon as possible, so that Guardians Ad Litem come under
one board. Vote 18-0.
Amend the title of the bill by replacing it with the following:

AN ACT establishing penalties for guardians ad litem who fail to file reports which are required by the court.

Amend the bill by replacing section 1 with the following:

1 New Section; Guardians Ad Litem: Failure to File Reports. Amend RSA 490 by inserting after section 490:26-f the following new section:

490:26-g Guardians Ad Litem; Failure to File Reports Required by the Court. A guardian ad litem who fails to file a report required by any court by the date the report is due shall be subject to a fine, established by supreme court rule, of not less than $100 and not more than the amount of court costs of the parties to the action for the day of the hearing. The court clerk shall report a guardian ad litem who fails to file a report by the date the report is due to the guardian ad litem board. The court clerk and the guardian ad litem board shall make such report available to the public.

AMENDED ANALYSIS

This bill establishes penalties for guardians ad litem who fail to file reports which are required by the court.

HB 1660-FN, regulating identity theft. OUGHT TO PASS.

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill requires any persons who own or license computerized data that includes personal information to notify affected individuals of any security breach of such system as soon as they become aware of the breach. It sets forth the manner in which notification will be given. The penalty listed is consistent with similar corporate violations. Vote 16-0.

HB 1667-FN, establishing penalties for methamphetamine manufacturing and possession of substances with intent to manufacture methamphetamine. OUGHT TO PASS WITH AMENDMENT.

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: The amendment replaces the bill. The committee strongly believes that methamphetamine use and especially the production of methamphetamine (labs) is a serious danger to the citizens of New Hampshire. Of the 18 labs discovered in New England during 2005, twelve of the labs were in New Hampshire. The production of methamphetamine exposes New Hampshire residents to the dangers of explosion and contamination which can and often does lead to serious long-lasting injuries or death. For every one pound of “meth” produced there is 5 to 7 pounds of toxic waste produced which is often disposed of without regard for others. The bill provides for appropriate penalties for manufacture/possession of methamphetamine. Vote 17-0.

Amendment (1123h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Methamphetamine-Related Offenses. Amend RSA by inserting after chapter 318-C the following new chapter:

CHAPTER 318-D

METHAMPHETAMINE-RELATED OFFENSES

318-D:1 Definitions. In this chapter:

I. In this section:

I. “Clandestine lab site” means any structure or conveyance or location occupied or affected by conditions or chemicals typically associated with the manufacturing of methamphetamine.

II. “Emergency response” includes, but is not limited to, removing and collecting evidence, securing the site, removal, remediation, and hazardous chemical assessment or inspection of the site where the relevant offense or offenses took place, regardless of whether these actions are performed by a public entity, a private contractor paid by a public entity, or the property owner.

III. “Remediation” means proper cleanup, treatment, or containment of hazardous substances or methamphetamine at or in a clandestine lab site, and may include demolition or disposal of structures or other property.

IV. “Removal” means the removal from the clandestine lab site of precursor or waste chemicals, chemical containers, or equipment associated with the manufacture, packaging, or storage of illegal drugs.
318-D:2 Manufacture of Methamphetamine.

I. It shall be unlawful for any person to knowingly manufacture or attempt to manufacture methamphetamine. A person is guilty of an attempt to manufacture methamphetamine if the person:

(a) With the purpose that the crime of manufacturing methamphetamine be committed, the person engages in any conduct that, under the circumstances as the person believes them to be, is an act constituting a substantial step toward the commission of the crime; or

(b) Possesses one or more of the following substances or their salts or isomers, with the intent to manufacture methamphetamine:

(1) Acetic anhydride.
(2) Acetone.
(3) Ammonium nitrate.
(4) Anhydrous ammonia.
(5) Benzaldehyde.
(6) Benzyl chloride.
(7) Benzyl cyanide.
(8) Benzyl methyl ketone.
(9) Chlorophedrine.
(10) Chloropseudoephedrine.
(11) Cyclohexane.
(12) Ephedrine.
(13) Ether.
(14) Ethylamine.
(15) Hydriodic acid.
(16) Hydriotic acid.
(17) Hydrochloric acid.
(18) Hypophosphorus acid.
(19) Iodine.
(20) Lithium metal.
(21) Mercuric chloride.
(22) Methyl isobutyl ketone.
(23) Methylamine.
(24) Nitroethane.
(25) Organic solvents.
(26) Phenylacetone.
(27) Phenyl-2-propanone.
(28) Phenylacetic acid.
(29) Pseudoephedrine.
(30) Red phosphorus.
(31) Sodium hydroxide.
(32) Sodium hypophosphite.
(33) Sodium metal.
(34) Sodium/potassium cyanide.
(35) Sulfuric acid.
(36) Tetrachloroethylene.
(37) Thiouyl chloride.
(38) Toluene.
(39) White phosphorus.
(40) Yellow phosphorus.

II. Notwithstanding the provisions of RSA 318-B:26, I, a person convicted under this section may be sentenced to imprisonment for not more than 30 years, a fine of not more than $500,000, or both. A person convicted under this section who has one or more prior offenses as defined in RSA 318-B:27, shall be sentenced to imprisonment for not less than 5 years and not more than life imprisonment, a fine of not more than $500,000, or both.

III. A court may require a person convicted of manufacturing or attempting to manufacture methamphetamine, where the response to the crime involved an emergency response, to pay restitution to all public entities that participated in the response. The restitution ordered shall cover the reasonable costs of the public entities' participation in the response.
IV. In addition to the restitution authorized in paragraph III, a court may require a person convicted of manufacturing or attempting to manufacture methamphetamine to pay restitution to a property owner who incurred removal or remediation costs as a result of the crime.

318-D:3 Injury Resulting From the Manufacture of Methamphetamine.
I. A person shall be guilty of an offense if that person recklessly causes serious bodily injury to a law enforcement officer, firefighter, emergency medical technician, ambulance operator, ambulance attendant, or social worker, acting in his or her official duties, as a result of the hazards posed by the person’s conduct in manufacturing or attempting to manufacture methamphetamine. For purposes of this section, a person who takes any substantial step towards the manufacture of methamphetamine acts recklessly.

II. A person convicted of an offense under this section may be sentenced to imprisonment for not more than 20 years, or a fine of not more than $300,000 or both.

318-D:4 Transfer of Real Estate in Which Methamphetamine Has Been Produced. Before signing an agreement to sell or transfer real property, the seller or transferor shall disclose in writing to the buyer or transferee if, to the seller’s or transferor’s knowledge, methamphetamine production has occurred on the property. If methamphetamine production has occurred on the property, the disclosure shall include a statement to the buyer or transferee informing the buyer or transferee.

318-D:5 Anhydrous Ammonia; Prohibited Conduct.
I. In this section, “tamper” means action taken by a person not authorized to take that action by law or by the owner or authorized custodian of an anhydrous ammonia container or of equipment where anhydrous ammonia is used, stored, distributed, or transported.

II. No person shall:
(a) Steal or unlawfully take or carry away any amount of anhydrous ammonia.
(b) Purchase, possess, transfer, or distribute any amount of anhydrous ammonia, knowing, or having reason to know, that it will be used to unlawfully manufacture a controlled substance.
(c) Place, have placed, or possess anhydrous ammonia in a container that is not designed, constructed, maintained, and authorized to contain or transport anhydrous ammonia.
(d) Transport anhydrous ammonia in a container that is not designed, constructed, maintained, and authorized to transport anhydrous ammonia.
(e) Use, deliver, receive, sell, or transport a container designed and constructed to contain anhydrous ammonia without the express consent of the owner or authorized custodian of the container.
(f) Tamper with any equipment or facility used to contain, store, or transport anhydrous ammonia.

III. The department of safety shall adopt rules, pursuant to RSA 541-A, relative to prohibited conduct under this section.

IV. Except as provided in paragraph V, a person who tampers with anhydrous ammonia containers or equipment under this section shall have no cause of action for damages arising out of the tampering against:
(a) The owner or lawful custodian of the container or equipment;
(b) A person responsible for the installation or maintenance of the container or equipment; or
(c) A person lawfully selling or offering for sale the anhydrous ammonia.

V. Paragraph IV shall not apply to a cause of action against a person who unlawfully obtained the anhydrous ammonia or anhydrous ammonia container or who possesses the anhydrous ammonia or anhydrous ammonia container for any unlawful purpose.

VI. A person who knowingly violates paragraph II may be sentenced to imprisonment for not more than 5 years or a fine of not more than $50,000, or both.

2 New Subparagraph; Controlled Drug Act; Penalties. Amend RSA 318-B:26, I(a) by inserting after subparagraph (3) the following new subparagraph:
(4) Methamphetamine or its analog, in a quantity of 5 ounces or more, including adulterants or dilutants.

3 Controlled Drug Act; Prior Offenses. Amend RSA 318-B:27 to read as follows:
318-B:27 Prior Offenses. In the case of any person charged with a violation of any provision of this chapter or RSA 318-D, who has previously been convicted of a violation of the laws of the United States or any state, territory or the District of Columbia relating to controlled drugs as defined in this chapter, such previous conviction shall be deemed a prior offense.

4 Effective Date. This act shall take effect January 1, 2007.
HB 1674-FN, requiring emergency care providers to report information on certain sexual assault crimes to law enforcement officials. OUGHT TO PASS WITH AMENDMENT.

Rep. Karl I. Gilbert for Criminal Justice and Public Safety: This bill requires emergency care providers to report any relevant information on certain sexual assault crimes to law enforcement officials. The bill also provides that an emergency care provider who has shown due diligence shall not be held liable for failure to suspect abuse, or for reporting to law enforcement officials in good faith, without malice, any suspected abuse. Vote 16-0.

Amendment (1124h)

Amend RSA 631:6, IV as inserted by section 1 of the bill by replacing it with the following:

IV. (a) Except as provided in paragraph II, a person is guilty of a misdemeanor if, having knowingly examined or treated a person under the age of 18 years, where the situation indicates that an offense under RSA 632-A:2 or RSA 632-A:3 may exist, he or she fails to immediately notify a law enforcement official of any relevant information he or she possesses concerning the suspected offense, including the name, address, parents’ names, suspected perpetrator, if known, and the nature of the injuries.

(b) No emergency care provider who has shown due diligence shall be held liable for failure to suspect abuse, or for reporting to law enforcement officials in good faith, without malice, any suspected abuse.

AMENDED ANALYSIS

This bill requires emergency care providers to report any relevant information on certain sexual assault crimes to law enforcement officials. The bill also provides that an emergency care provider who has shown due diligence shall not be held liable for failure to suspect abuse, or for reporting to law enforcement officials in good faith, without malice, any suspected abuse.

HB 1706-FN, requiring certain persons to have Transportation Security Administration training and certification to provide airport security support in emergency situations. INEXPEDIENT TO LEGISLATE.

Rep. George D. Winchell for Criminal Justice and Public Safety: This bill would require that at least 100 persons who are National Guard members or state, or county or local law enforcement officers, be trained and certified by the Transportation Security Administration to provide airport security support in emergency situations. The fiscal note attached to the bill states that it is impossible to estimate the fiscal impact since the breakdown of personnel among governments, the cost of training each person, or what government or governments would absorb the cost is unknown. The High Sheriff of Rockingham County and the administration at the Manchester Airport have expressed their opposition to this bill. Vote 16-0.

HB 1745-FN, relative to methamphetamine-related crimes involving children and incapacitated adults. OUGHT TO PASS WITH AMENDMENT.

Rep. John E. Tholl for Criminal Justice and Public Safety: As amended, this bill provides for laws that directly impact those persons who knowingly engage in conduct involving methamphetamine labs or the illicit production of methamphetamine in such locations where a child or incapacitated adult may come into contact with the drug production, or its residue. It further provides that the Department of Health and Human Services shall be responsible for the care, shelter and medical treatment screening of the children found in or near a lab, or that may have been exposed to the toxic chemicals or residue. Vote 18-0.

Amendment (1083h)

Amend RSA 639-A:4 as inserted by section 1 of the bill by replacing it with the following:

639-A:4 Protective Custody for Health Screening; Reports Required.

I. A peace officer shall, pursuant to RSA 169-C:6, take any child present in an area where any of the activities described in RSA 639-A:2 are taking place into protective custody. Upon taking a child into protective custody, the peace officer shall follow the procedures outlined in RSA 169-C:6 and shall report the matter to the department of health and human services as a suspected incident of abuse or neglect under RSA 169-C:29. The department shall investigate the report in accordance with RSA 169-C:34 and shall, as part of its investigation, screen the child for possible health concerns related to exposure to methamphetamine.
II. If a peace officer does not take a child into protective custody under this section, but has reason to believe that the child may have been exposed to methamphetamine, the peace office shall report the matter to the department of health and human services as a suspected incident of abuse or neglect under RSA 169-C:29. The department shall investigate the report in accordance with RSA 169-C:34 and may, as part of its investigation, screen the child for possible health concerns related to exposure to methamphetamine.

HB 1749-FN, relative to access to motor vehicle records by certain defense contractors. OUGHT TO PASS.

Rep. Jordan G. Ulery for Criminal Justice and Public Safety: This bill alters RSA 260:14, Records and Certification, to allow NH contractors with certain Department of Defense contracts to obtain limited information from motor vehicle records under a waiver from the Commissioner of Safety which can be granted for a period of up to one year. This bill addresses concerns of national security. Vote 15-2.

HB 1113, adding a definition of “public academy” to New Hampshire law. OUGHT TO PASS WITH AMENDMENT.

Rep. David W. Hess for Education: The committee unanimously recommends that this bill be passed as amended. It contains a useful definition of a “public academy” and the amendment ensures that this definition will have no bearing on whether or not public academies and their employees are eligible to participate in the New Hampshire Retirement System. Vote 15-0.

Amendment (1142h)

Amend the title of the bill by replacing it with the following:

AN ACT adding a definition of “public academy” to the definition of “high school.”

Amend the bill by replacing all after the enacting clause with the following:

I School Districts; Definition of High School. Amend RSA 194:23 to read as follows:

194:23 Definition of High School.

I. The term “high school” shall mean a public school or public academy comprising a span of grades beginning with the next grade following an approved elementary, middle or junior high school as defined by RSA 189:25 and ending with grade 12. Such a school shall:

[F-] (a) Offer those subjects prescribed by statute, including instruction in history, government, and constitutions of the United States and New Hampshire and of the organization and operation of New Hampshire municipal, county, and state government;

[H-] (b) Provide such other subjects as the school district maintaining such school shall determine by its school board or by vote of the district; and

[H-] (c) Comply with standards prescribed by the state board of education which shall be uniform in their application to all schools.

II. In this section, “public academy” means an independent school which contracts with one or more school districts to provide education services to such districts in compliance with RSA 194:23. All contracts between a public academy and a school district shall be subject to approval by the state board of education. In this section, “independent school” means a school which is governed by a board of trustees or other officials who are not publicly elected. An independent school shall not include a charter school established under RSA 194-B.

III. The enactment of paragraph II shall not affect a determination of the New Hampshire retirement system board of trustees under RSA 100-A regarding the eligibility of an employer or its employees to participate in the New Hampshire retirement system.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds a definition of “public academy” to the definition of “high school.”

HB 1136, establishing a commission to study the care needs of medically fragile students in the school system. INEXPEDIENT TO LEGISLATE.

Rep. David W. Hess for Education: The committee voted unanimously to kill this bill after the sponsors advised that the bill was unnecessary. Vote 15-0.
HB 1159, relative to procedures for certain court ordered out-of-district placements. INEXPEDIENT TO LEGISLATE.

Rep. Nancy F. Stiles for Education: The committee recognized the value of the requirement for courts to consider school district information from special education teachers and specialists prior to out of district placement. HB 1159 will be considered in the Special Education Ad Hoc Committee review of all special education laws where we can also discuss the inclusion of the IEP which includes parental involvement. Vote 15-0.

HB 1170, requiring state education aid to be used exclusively for public education. INEXPEDITI-ENT TO LEGISLATE.

Rep. Stephen R. L'Heureux for Education: By a unanimous vote the committee believes current law is appropriate. We found the following as problematic: aside from an error by government, no additional money can be sent to a school district. The Dept. of Revenue Administration (DRA) reviews warrants and minutes to assure approvals are legal and DRA reduces appropriations for any illegal expenditure. Further, education aid is paid directly to the school district and not to the municipality. Vote 15-0.

HB 1532, revising the special education statutes. REFER FOR INTERIM STUDY.

Rep. Clifford A. Newton for Education: This bill, while well intended, was originally brought forward as a housekeeping bill. It was soon realized that there were additional concerns with the bill and an amendment was then offered. The amendment, while clarifying some concerns of the committee, brought up even more concerns. The bill was then referred to interim study so that the appropriate time and energy could be given to the issue of revising the special education statutes that this deserves. Vote 15-0.

HB 1640-FN-L, requiring school boards to disclose the financial costs of contracts to the voters.

INEXPEDITI-ENT TO LEGISLATE.

Rep. David W. Hess for Education: This bill would impose additional obligations and possibly additional costs on local school districts in requiring them to inform the legislative body of the district; i.e. the public, about contracts of any value over which the legislative body has no power or authority. In addition, it has potential Article 28-A problems as an unfunded mandate. Vote 14-0.

HB 1172-FN, relative to registration of political committees. OUGHT TO PASS WITH AMENDMENT.

Rep. Claudia A. Chase for Election Law: This bill strengthens existing law pertaining to the registration of political committees by requiring that such a committee file an amendment to its registration reporting any change of officers or purpose. Vote 12-0.

Amendment (1136h)

Amend the bill by replacing section 1 with the following:

1 Registration of Political Committees. Amend RSA 664:3, 1 to read as follows:

1. Any political committee, except the political committee of a political party, shall register with the secretary of state as provided in this section. The committee shall register with the secretary of state not later than 24 hours after receiving any contribution in excess of $500 or before making any expenditure in excess of $500, but in no event later than 14 days after the formation of the committee. The registration shall be accompanied by a fee of $50, which shall be deposited by the secretary of state into the election fund established pursuant to RSA 5:6-d; provided, however, that the political committee of a candidate which registers under this section shall not be required to pay the $50 fee. Each political committee shall designate a treasurer or agent who is a citizen of this state and who is authorized to receive all process and other legal documents on behalf of the political committee, and through whom may be obtained access to all books and records of the political committee. The political committee shall file with the secretary of state a statement of the purpose of the committee and shall indicate whether the committee will be making independent expenditures in support of or in opposition to any candidate including a statement of the name, address, occupation, and principal place of business of its chairperson [;] and treasurer or agent, and the names and addresses of other officers. The committee shall file an amendment to its registration within 14 days of any change in the officers or purpose of the committee.
HB 1217, requiring the secretary of state to publish certain information on campaign contributions. OUGHT TO PASS.

Rep. Richard B. Drisko for Election Law: The committee feels that this bill has merit. This is or is about to become the practice of the Secretary of State. Information is already being published by way of the internet. Because the technology already exists, and Help America Vote Act (H.A.V.A.) dollars are already in place to federally fund this venture, it seems that it is the right time to fully implement this information technology which will enable the Secretary of State to identify campaign contributions and contributors online. Vote 15-0.

HB 1219, prohibiting the use of public funds to advocate for the success or defeat of a candidate or ballot question. REFER FOR INTERIM STUDY.

Rep. Claudia A. Chase for Election Law: Representatives of such entities as the New Hampshire Municipal Association, government services and town administrations were concerned that activities they perform in the service of providing requested information would be construed as electioneering. Representatives of the judicial branch were concerned that their practice of advocating for ballot questions, which they routinely do, would be made illegal. In the service of such concern, it is necessary to fully explore the consequences and wording of this bill. Vote 15-1.

HB 1237-FN-L, requiring matching expenditures when public money is paid for purposes of electioneering. REFER FOR INTERIM STUDY.

Rep. Jane A. Clemons for Election Law: The committee has agreed to study a number of bills regarding public money, campaigns, electioneering and will address these issues in the fall in order to make an appropriate recommendation. Vote 16-0.

HB 1312, relative to the definition of gift as it applies to elected officials. INEXPEDIENT TO LEGISLATE.

Rep. Charles F. Weed for Election Law: This bill was filed to clarify the definition of a gift relative to the prohibition of cash gifts passed in the spring of 2005. The committee now believes that this is unnecessary because of the passage of SB 206 which does a thorough job of defining gifts. Vote 15-1.

HB 1421-FN, relative to campaign contributions and expenditures. REFER FOR INTERIM STUDY.

Rep. James R. Splaine for Election Law: This legislation would establish a fund to provide campaign financing for eligible candidates for governor, executive councilor and state senator. Candidates would qualify for that financing by collecting a required number of small contributions and by complying with other provisions of the state’s financing laws. The candidate would then use money received from the fund instead of so many private contributions to finance his or her campaign. The committee believes that the concept and purpose of this bill are positive and deserve further review and study. Vote 13-3.

HB 1544, establishing a committee to study the propriety of a university of New Hampshire employee working in and being paid by the governor’s office. INEXPEDIENT TO LEGISLATE.

Rep. James M. Carew for Election Law: The committee recommends this bill be inexpedient to legislate as the content of this bill is incorporated into SB 206. The sponsor has agreed with the decision of this committee. Vote 16-0.

HB 1547, clarifying what constitutes physical presence for purposes of establishing domicile under the election laws. REFER FOR INTERIM STUDY.

Rep. Jane A. Clemons for Election Law: This bill was put in interim study because the committee feels we need time to look closely at what constitutes “physical presence” and domicile. The committee agrees we need to be careful as not to disenfranchise legitimate voters and further study is appropriate. Vote 15-1.

HB 1553, relative to electioneering. REFER FOR INTERIM STUDY.

Rep. William L. O’Brien for Election Law: This bill brought before the committee the important issues of the conduct of elections at and near polling stations and electioneering by public officials. It quickly became apparent that each component of the bill introduced a host of competing public safety and freedom of speech issues, as well as a need for substantial public input on current voting practices, concerns and suggestions for improvement. No one aspect of the bill would permit legislative remedy now, without greater consideration and study, and that
any attempt to do so would surely result in unintended and adverse consequence. This concern was shared by each member of the committee who considered the bill in unanimously voting to recommend the bill be referred to interim study. Vote 15-0.

**HB 1613-FN-L**, relative to polling place arrangement and accessibility. **ought to pass with amendment.**

Rep. Richard B. Drisko for Election Law: This legislation was requested by the offices of the Secretary of State and the Attorney General to bring our RSA’s into full compliance with the Help America Vote Act and the Americans with Disabilities Act of 1990. The original bill specified that the Secretary of State shall provide one disabled voter accessible voting booth to each municipality. The amendment clarified that the voting booth would be provided to each polling place to be in compliance with the subject laws. Vote 15-1.

Amendment (0878h)

Amend the bill by replacing section 3 with the following:

3 Accessible Voting Booths and Voting Screens. Prior to the effective date of section one of this act, the secretary of state shall provide to each polling place one accessible voting booth that satisfies the requirements of RSA 658:9, III and 2 voting screens that satisfy the requirements of RSA 658:9, IV.

**HB 1635-FN-L**, relative to direct recall elections. **inexpedient to legislate.**

Rep. Ralph G. Boehm for Election Law: We may all feel at sometime that a recall maybe necessary, but this opens up elected public officials to abuse by a minority of voters. This bill calls for 15% of voters to sign a petition and then 30% of voters to vote in a special recall election. This would cause additional cost to municipalities. Vote 15-0.

**HB 1394**, relative to determination of value of property in current use. **ought to pass with amendment.**

Rep. Donald R. Philbrick for Environment and Agriculture: Current use value is determined by the income producing value of the property solely for growing forest or agricultural crops and not real estate market value. The amendment defines current use value to further clarify RSA 79-A. Vote 18-0.

Amendment (1059h)

Amend RSA 79-A:2, V as inserted by section 1 of the bill by replacing it with the following:

V. “Current use value” means the assessed valuation per acre of open space land based upon the income-producing capability of the land in its current use solely for growing forest or agricultural crops, and not its real estate market value. This valuation shall be determined by the assessor in accordance with the range of current use values established by the board and in accordance with the class, type, grade and location of land.

**Amended Analysis**

This bill provides that the value of property in current use shall be based on the income-producing capability of the land solely for growing forest or agricultural crops.

**HB 1429**, relative to municipal exemptions for hazardous waste cleanup liability. **ought to pass with amendment.**

Rep. J. David Knox for Environment and Agriculture: This bill seeks to amend RSA 147-A:9 and RSA 147-B:10 to remove strict liability to municipalities in transporting locally collected household hazardous waste to regional hazardous waste collection centers. The New Hampshire Department of Environmental Services accepts the responsibility of any inadvertent spillage in this transportation and thus eliminates a concern municipalities have had in sponsoring local hazardous waste collection events. This would thus help eliminate the problem of mixing hazardous waste with municipal solid waste at local disposal facilities. No one testified against this bill and all individuals and groups representing municipalities in New Hampshire that spoke to the committee were supportive of this change. Vote 13-1.

Amendment (1065h)

Amend the bill by replacing sections 1-2 with the following:

1 New Paragraph; Exemptions Added. Amend RSA 147-A:9 by inserting after paragraph I the following new paragraph:

1-a. Strict liability under paragraph I and cost recovery under paragraph II shall not extend to government entities, including their employees, while lawfully transporting locally collected household hazardous waste over the byways of the state, to regional hazardous waste collection centers
or in-state or out-of-state disposal facilities. In the event of a release during transportation, the department of environmental services shall be liable for containment of household hazardous wastes, removal of the household hazardous wastes, necessary cleanup and restoration of the affected site and the surrounding environment, and any required evaluation, assessment, and monitoring associated with the release.

2 New Paragraph; Exemptions Added. Amend RSA 147-B:10 by inserting after paragraph I the following new paragraph:

I-a. Strict liability under paragraph I and cost recovery under paragraph II shall not extend to government entities, including their employees, while lawfully transporting locally collected household hazardous waste over the byways of the state, to regional hazardous waste collection centers or in-state or out-of-state disposal facilities.

AMENDED ANALYSIS

This bill creates municipal exemptions for hazardous waste cleanup liability.

HB 1438-FN, relative to mandatory recycling of solid waste. INEXPEDIENT TO LEGISLATE.

Rep. David E. Essex for Environment and Agriculture: This bill would have prohibited the disposal of construction and demolition (C & D) waste except through an appropriate recycling program. The committee heard testimony that such a requirement might add an onerous burden to businesses and municipalities, and conflict with other pending legislation and studies, thus making this bill premature. Vote 14-0.

HB 1455-FN-A, relative to the recovery, reuse, and recycling of used electronic devices. OUGHT TO PASS WITH AMENDMENT.

Rep. Suzanne S. Butcher for Environment and Agriculture: Hundreds of thousands of computers, monitors and televisions will become obsolete in New Hampshire this year. They should not go into our landfills or incinerators, both because of sheer volume and because they contain toxics such as lead (several pounds in each CRT), cadmium, and mercury. HB 1455 was introduced as part of a ten-state Council of State Governments effort to develop coordinated legislation to deal with consumer e-waste, requiring manufacturers to assume responsibility for the cost of recycling. Since the CSG discussions are not yet completed, the Environment and Agriculture Committee amended HB 1455 simply to ban disposal of computer monitors and televisions in landfills and incinerators. New Hampshire businesses accept and process e-waste. Until more comprehensive regional or national legislation can be developed, consumers will have to continue to pay to recycle our old computers and TVs, or continue to store them in our basements or garages. Vote 13-0.

Amendment (0868h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the disposal of video display devices.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definitions. Amend RSA 149-M:4 by inserting after paragraph XXVII the following new paragraph:

XVIII. “Video display device” means a visual display component of a television or a computer, whether separate or integrated with a computer central processing unit/box, and includes a cathode ray tube, liquid crystal display, gas plasma, digital light processing, or other image projection technology, greater than 4 inches when measured diagonally, and its case, interior wires, and circuitry.

2 New Paragraph; Refuse Reduction. Amend RSA 149-M:27 by inserting after paragraph III the following new paragraph:

IV.(a) No person shall dispose of any video display device in any solid waste landfill or incinerator in New Hampshire after July 1, 2007.

(b) Owners or operators of such facilities shall not be found to have knowingly disposed of a video display device if the facility has implemented mechanisms to avoid such disposal which shall include, at a minimum, posting of signs at the facility or providing written notification to, or agreements with, the facility’s customers concerning the disposal prohibition.

3 Report by Department. The department of environmental services shall monitor and participate in any regional initiatives regarding the financing and disposal of electronic wastes and shall report the results of such efforts, to date, to the house environment and agriculture committee and the senate environment and wildlife committee by November 1, 2006.

4 Effective Date. This act shall take effect July 1, 2006.
AMENDED ANALYSIS

This bill defines video display devices and prohibits disposing of video display devices in solid waste landfills or incinerators after July 1, 2007. This bill also requires the department of environmental services to monitor the disposal of electronic waste.

HB 1479, relative to debris and solid waste removal at manufactured housing parks. INEXPEDITED TO LEGISLATE.

Rep. Peter B. Schmidt for Environment and Agriculture: The committee recognized an existing problem at a particular manufactured housing park, which gave rise to this bill. But, the committee believes a) that existing statutes provide adequate authority to address the situation, and b) that, even if passed, the bill would offer no greater guarantee of re-mediating the aforementioned problem and/or avoiding court action than existing statutes. Vote 16-1.

HB 1571, relative to reports of legislative standing committees on environmental legislation and relative to the adoption of rules concerning environmental regulation. INEXPEDITED TO LEGISLATE.

Rep. Betty B. Hall for Environment and Agriculture: The subject matter of this bill, requiring standing committees of the House and Senate review environmental matters to include a technical and scientific basis for regulation, will be considered with another bill on developing environmental policy being studied by the committee. Vote 13-0.

HB 1630-L, relative to land use change taxes imposed for certain road construction on rights-of-way. OUGHT TO PASS WITH AMENDMENT.

Rep. Timothy D. O'Connell for Environment and Agriculture: This bill shifts the responsibility for the land use change tax involving a right of way to the party responsible for causing the change. Today, the party who caused the change is not responsible for paying the tax. This bill also mandates that the land beneath the right of way remains in current use. Vote 12-1.

Amendment (1220h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Current Use; Land Use Change Tax; Right-of-way Road Construction. Amend RSA 79-A:7, VI by inserting after subparagraph (d) the following new subparagraph:

(c) A road is constructed on a existing right-of-way on current use land solely for the purpose of access to an adjoining lot where the owner of the land in current use does no other activity changing the use of the land under this section and does not share any ownership interest in the adjoining lot. Provided, however, and notwithstanding any other provision of law to the contrary, that if such road construction on a existing right-of-way would constitute a change in use if done by the owner of the land in current use, then the owner of such adjoining property utilizing the road for access shall be responsible for and shall be assessed the land use change tax penalty as provided for in this section. Enforcement and collection proceedings shall be applied to the party responsible for the payment of the penalty under this subparagraph.

2 Land Use Change Tax; Lien. Amend RSA 79-A:7, II to read as follows:

II. The land use change tax shall be due and payable by the owner, or by the responsible party pursuant to RSA 79-A:7, VI(e), at the time of the change in use to the town or city in which the property is located. If the property is located in an unincorporated town or unorganized place, the tax shall be due and payable by the owner or responsible party at the time of the change in use to the county in which the property is located. Moneys paid to a county from the land use change tax shall be used, in addition to any other funds, to pay for the cost of the services provided in RSA 28:7-a and 7-b. The land use change tax shall be due and payable according to the following procedure:

(a) The commissioner shall prescribe and issue forms to the local assessing officials for the land use change tax bill which shall provide a description of the property which is subject to a non-qualifying use, the RSA 75:1 full value assessment, and the tax payable.

(b) The prescribed form shall be prepared in quadruplicate; the original, duplicate, and triplicate copy of the form shall be given to the collector of taxes for collection of the land use change tax along with a special tax warrant authorizing the collector to collect the land use change tax assessed under the warrant; the quadruplicate copy of the form shall be retained by the local assessing officials for their records.
(c) Upon receipt of the land use change tax warrant and the prescribed forms, the tax collector shall mail the duplicate copy of the tax bill to the owner responsible for the tax as the notice thereof. Such bill shall be mailed, at the latest, within 12 months of the date upon which the local assessing officials receive written notice of the change of use from the landowner or his agent, or within 12 months of the date the local assessing officials actually discover that the land use change tax is due and payable. Upon receipt of payment, but except for proceedings under RSA 79-A:7, VI(e), the collector shall forward the original tax bill to the register of deeds of the county in which the land is located for the purpose of releasing recorded contingent liens required under RSA 79-A:5, VI. The tax bill shall state clearly whether all, or only a portion, of the land affected by the notice of contingent lien is subject to release. The recording fee charged by the register of deeds shall be paid by the owner of the land in accordance with the fees to which the register of deeds is entitled under RSA 478:17; 478:17-f or 478:17-g, I as applicable.

(d) Payment of the land use change tax, together with the recording fees due the register of deeds, shall be due not later than 30 days after mailing of the tax bills for such tax, and interest at the rate of 18 percent per annum shall be due thereafter on any taxes not paid within the 30-day period.

(e) All land use change tax assessments levied under this section shall, on the date of the change in use, create a lien upon the lands on account of which they are made and against the owner of record of such land or against the responsible party pursuant to RSA 79-A:7, VI(e). Furthermore, such liens shall continue for a period of 18 months following the date upon which the local assessing officials receive written notice of the change of use from the landowner or his agent, or the date the local assessing officials actually discover that the land use change tax is due and payable, and such assessment shall be subject to statutory collection proceedings against real estate as prescribed by RSA 80.

(f) Thereafter, the land which has changed to a use which does not qualify for current use assessment shall be taxed at its full RSA 75:1 value. The land shall again become eligible for current use assessment if it meets the open space criteria established by the board under RSA 79-A:4, I.

3 Effective Date. This act shall take effect July 1, 2006.

HB 1689, relative to the New Hampshire-Vermont interstate waste compact. INEXPEDIENT TO LEGISLATE.

Rep. Betty B. Hall for Environment and Agriculture: The process of withdrawing from the New Hampshire-Vermont interstate waste compact is proceeding on schedule and this bill is premature. Vote 13-0.

HB 1247-FN, relative to licensure of pharmacy benefit managers. REFER FOR INTERIM STUDY.

Rep. Charlotte Houde-Quimby for Executive Departments and Administration: Pharmacy drug benefit managers negotiate drug prices with pharmaceutical firms for health plans and health insurance companies for drug dispensation to covered individuals within the state. Pharmacy benefits managers owe a fiduciary duty to covered individuals but expressed concern about revealing trade secrets. Issues of drug substitution, lower priced generic drugs and negotiated rates raised significant questions in the committee. The breadth and depth of pharmaceuticals in the spiraling costs of health care moved the committee to explore this issue in greater detail. Vote 12-0.

HB 1287, requiring legislative approval of any rules proposed by the state board of education. INEXPEDIENT TO LEGISLATE.

Rep. Charlotte Houde-Quimby for Executive Departments and Administration: Testimony from the Department of Education reassured the committee that the multiple rules processes (10-12 per year) which take 12-18 months in time are working. The current process is more open thanks to the last successful set of rules. The committee also objected to subjecting rulemaking requirements for the Board of Education to an extent that exists for no other agency. Vote 11-0.

HB 1298, establishing a commission to evaluate disciplinary procedures of the board of medicine. OUGHT TO PASS WITH AMENDMENT.

Rep. James B. Coburn for Executive Departments and Administration: This committee felt a performance audit would better serve the purpose than a commission. The bill was amended to indicate a study committee in case the request for a performance audit was denied. The committee expects that the performance audit will result in additional legislation to correct any problems found. Vote 11-0.
Amendment (1021h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a study committee to evaluate disciplinary procedures of the board of medicine.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a study committee to evaluate the policies, procedures, and effectiveness of the disciplinary process of the board of medicine under RSA 329.

2 Membership and Compensation.

I. The members of the committee shall be as follows:
   (a) Three members of the house of representatives, 2 of whom shall be members of the executive departments and administration committee and one of whom shall be a member of the judiciary committee, appointed by the speaker of the house of representatives.
   (b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall evaluate the policies, procedures, and effectiveness of the disciplinary process of the board of medicine under RSA 329.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2006.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a study committee to evaluate the policies, procedures, and effectiveness of the disciplinary process of the board of medicine.

HB 1337, relative to the regulation of carnival and amusement ride operators. OUGHT TO PASS WITH AMENDMENT.

Rep. Ken Hawkins for Executive Departments and Administration: This bill will establish an Amusement Safety Advisory Board within the Department of Safety. The board will be like the Tramway Board to ensure that rides are inspected; employees are trained, etc; to help ensure the safety of the public. Vote 12-0.

Amendment (1086h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the amusement ride safety advisory board.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Amusement Ride Safety Advisory Board. Amend RSA 321-A by inserting after section 9 the following new sections:

321-A:10 Amusement Ride Safety Advisory Board; Membership.

1. There is established the amusement ride safety advisory board, comprised of the following members:
   (a) The commissioner or designee, who shall serve as the chair of the board.
   (b) One representative of owners or operators of carnival or amusement rides which are portable in nature, appointed by the governor with the advice and consent of the council.
   (c) One representative of owners or operators of permanently placed carnival or amusement rides, appointed by the governor with the advice and consent of the council.
   (d) One representative of the fair managers in New Hampshire, appointed by the governor with the advice and consent of the council.
   (e) An insurance professional with experience underwriting carnival or amusement rides, appointed by the governor with the advice and consent of the council.
   (f) An electrical engineer with experience in the mechanisms of amusements, appointed by the governor with the advice and consent of the council.
   (g) A member of the general public, appointed by the governor.
II. The first members of the board shall serve staggered terms, appointed as follows: members appointed under subparagraphs I(b) and (c) shall be appointed for one-year terms, members appointed under subparagraphs I(d) and (e) shall be appointed for 2-year terms, members appointed under subparagraphs I(f) and (g) shall be appointed for 3-year terms. Thereafter, appointed members shall serve 4-year terms, and until their successors are appointed. Any vacancy on the board shall be filled for the remainder of the unexpired term.

III. Members of the board may be removed from office only as provided in RSA 4:1.

IV. Members of the board shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in official duties.

321-A:11 Amusement Ride Safety Advisory Board; Duties; Administratively Attached to Department of Safety.
I. The duties of the amusement ride safety advisory board shall be:
(a) To assist the division with the formulation of rules and regulations regarding the safe operation of amusement rides; and
(b) To give the division such counsel and advice as will aid it in the proper enforcement and administration of the provisions of this chapter.

II. The board shall be administratively attached to the department of safety, division of safety services for the purposes of reporting and sharing support services.

III. On or before January 1 of each year, the board shall submit a report of its activities, findings, and recommendations to the department of safety.

2 Rulemaking Relative to Carnival and Amusement Rides; Consultation with Amusement Ride Safety Board. Amend RSA 321-A:2 to read as follows:

321-A:2 Rules. The commissioner shall adopt rules, in consultation with the amusement ride advisory board and pursuant to RSA 541-A, for the safe installation, repair, maintenance, use, operation, and inspection of all carnival or amusement rides, air supported structures, and amusement attractions, as covered by this chapter, for the protection of the general public. The rules shall be based upon generally accepted engineering standards, formulas, and practices.

3 Effective Date. This act shall take effect January 1, 2007.

AMENDED ANALYSIS

This bill establishes the amusement ride safety advisory board.

HB 1347, relative to licensure, registration, or certification of regulated professions. REFER FOR INTERIM STUDY.

Rep. Donald F. Ryder for Executive Departments and Administration: The committee felt this bill to be of great importance to the public but some relevant points were not covered. Many meaningful ideas were presented but time prevented the committee from fully addressing them. Interim study will allow the committee to review them and make the bill more protective. Vote 13-0.

HB 1351, relative to the rulemaking process. OUGHT TO PASS WITH AMENDMENT.

Rep. A. Laurie Harding for Executive Departments and Administration: This amended bill does the following: 1) requires proposed legislation which contains rulemaking to include a clear statement of intent; 2) establishes a process for dealing with a preliminary objection by the Joint Legislative Committee on Administrative Rules which includes the option of sending a copy of the objection to the standing policy committee and requiring notice to the agency affected; and 3) establishes a study committee on the rule process to discuss a number of concerns including but not limited to: (a) the development of a process to record a clear statement of legislative intent on every bill sent out of a house or senate committee with a favorable report; such process may involve requiring a purpose clause to be included in every bill in the form of either chapter law or statute, requiring a statement of intent to be included in every bill filed, requiring a statement of intent to be included in each house committee report, or requiring all house hearing and executive session to be recorded; (b) the development of a formal process for ensuring that the Joint Legislative Committee on Administrative Rules receives input from the appropriate policy committees on proposed rules; such process may involve the establishment of a rules review subcommittee within each policy committee of the house and senate and/or participation by a policy committee member prior to the agency public comment period; (c) adopting methods to provide for an expedited rulemaking process to adopt rule changes with minimal impact, including the adoption or revision of forms used by agencies; (d) developing an RSA 541-A training program for members newly appointed to the Joint Legislative Committee on Administrative Rules and an educational program on rules for all House members. Vote 13-0.
Amendment (0995h)

Amend RSA 14:39-a as inserted by section 1 of the bill by replacing it with the following:

14:39-a Legislation Granting Rulemaking Authority. Any member of the house of representatives or senate proposing legislation which includes provisions granting rulemaking authority to any agency as defined in RSA 541-A:1, II, shall include an explanation of the intent for the proposal relative to the parameters under which rulemaking authority under RSA 541-A may be used. Rulemaking provisions in proposed legislation shall not grant broad authority for the adoption of rules, including general authority to implement a program, but shall specify the issues to be addressed by rules. Amend RSA 541-A:7 as inserted by section 5 of the bill by replacing it with the following:

541-A:7 Style of Rules. Rules shall be written in a clear and coherent manner using words with common and everyday meanings [consistent with the text of the rule, except when] for those persons who engage in the activities that are regulated by the rules, which may include technical language [as] necessary.

Amend RSA 541-A:13, V(b) as inserted by section 6 of the bill by replacing it with the following:

(b) If the committee objects to the final proposal as filed or as amended pursuant to paragraph II, the committee shall send the agency a preliminary written objection stating the basis for the objection. A preliminary objection or conditional approval shall require the assent of a majority of the votes cast, a quorum being present. If a preliminary objection is made to a rule proposed to implement a new or newly amended state statute, the committee may send a copy of the preliminary objection to the appropriate standing policy committees and, if so, shall give notice to the agency. Within 30 days of the date the preliminary objection was entered, the standing policy committee may review the proposed rules and the preliminary objection and may advise the committee relative to the basis for the preliminary objection.

HB 1381, requiring the department of environmental services to do a criminal background check on any applicant for a permit. INEXPEDIENT TO LEGISLATE.

Rep. Ken Hawkins for Executive Departments and Administration: The Department of Environmental Services issues over 10,000 permits per year. The bill was amended so that air pollution permits would not be granted to anyone for various reasons, including felony convictions in the previous five years as well as numerous other subjective reasons. The committee, after much discussion, felt that DES has enough enforcement power to revoke permits now. Vote 10-2.

HB 1397, prohibiting an agency from adopting rules over the objection of the joint legislative committee on administrative rules. INEXPEDIENT TO LEGISLATE.

Rep. Peter F. Bergin for Executive Departments and Administration: This bill was not necessary as HB 1351 would address the concerns of the rule making process. Vote 12-0.

HB 1456-FN, relative to licensure of septic system inspectors. INEXPEDIENT TO LEGISLATE.

Rep. Charlotte Houde-Quimby for Executive Departments and Administration: The committee heard testimony on the increasing number of problems confronting sellers and purchasers of real estate that deal with septic systems. Currently, there are no regulations in New Hampshire concerning qualifications for inspection of septic systems or the qualifications of inspectors themselves. The committee supports the work of Department of Environmental Services and home inspectors to address these problems and encourages them to pursue in greater depth the mechanism for licensure versus certification, requirements for continuing education, and the requirements for qualifications as a septic inspector. Vote 12-0.

HB 1517-FN, relative to membership on the board of medicine and the medical review subcommittee. OUGHT TO PASS WITH AMENDMENT.

Rep. James B. Coburn for Executive Departments and Administration: The committee agreed that more public oversight on the board and subcommittee was a good thing. An amendment added one public member to the board and two public members to the subcommittee. It also staggered the terms of the public members and cleared up some wording. Vote 12-2.

Amendment (1038h)

Amend the bill by replacing all after the enacting clause with the following:

1 Board of Medicine; Membership. Amend RSA 329:2, I to read as follows:

I. There shall be a board of medicine consisting of [9] 10 members; including 5 members selected from among physicians and surgeons, one member selected to represent physician as-
sistant regulated by the board, the commissioner or the medical director of the department of health and human services, or in the case of a vacancy in the office of medical director, the commissioner shall appoint a designee. and [2] 3 public members. Only board members provided for in this paragraph shall have the authority to vote in board determinations. Any public member of the board shall be a person who is not, and never was, a member of the medical profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in either the provision of medical services or an activity directly related to medicine, including the representation of the board or profession for a fee at any time during the 5 years preceding appointment.

2 Board of Medicine; Appointment. Amend RSA 329:4 to read as follows:

329:4 Appointment; Term; Removal.

I. The commissioner or the medical director of the department of health and human services shall serve as a voting member of the board, or in the case of a vacancy in the office of medical director, the commissioner shall appoint a designee. The commissioner and the medical director, or designee, are exempt from the provisions of RSA 329:4, II.

II. The remaining [8] 9 members of the board shall be appointed, as their terms expire, by the governor with the advice and consent of the council. Their terms of office shall be 5 years and until their successors are appointed and qualified. No member shall be appointed to more than 2 consecutive terms. Appointments to fill vacancies shall be for the unexpired term. The governor and council may remove any appointed member of the board for malfeasance, misfeasance, or nonfeasance.

3 Medical Review Subcommittee; Public Members. Amend RSA 329:17, V-a to read as follows:

V-a. A medical review subcommittee of [7] 9 members shall be nominated by the board of medicine and appointed by the governor and council. The subcommittee shall consist of one member of the board of medicine and [6] 8 other persons, [no more than] 3 of whom shall be public members and 5 of whom shall be physicians, one of whom shall be a medical director as defined in paragraph III-b of this section. Any public member of the subcommittee shall be a person who is not, and never was, a member of the medical profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in either the provision of medical services or an activity directly related to medicine, including the representation of the board or profession for a fee at any time during the 5 years preceding appointment. The terms of the public members shall be staggered so that no 2 public members' terms expire in the same year. The subcommittee members shall be appointed for 3-year terms, and shall serve no more than 2 terms. Upon referral by the board, the subcommittee shall review disciplinary actions reported to the board under paragraphs II-V of this section, except that matters concerning a medical director involved in a current internal or external grievance pursuant to RSA 420-J shall not be reviewed until the grievance process has been completed. Following review of each case, the subcommittee shall make recommendations to the board. Funds shall be appropriated from the general fund for use by the subcommittee to investigate allegations under paragraphs I-V of this section. The board shall employ a physician as a medical review subcommittee administrator who shall serve at the pleasure of the board. The salary of the medical review subcommittee administrator shall be established by the board in accordance with duties, experience, and amount of time required for the position.

4 Effective Date. This act shall take effect 60 days after its passage.

**AMENDED ANALYSIS**

This bill adds public members to the board of medicine and the medical review subcommittee, and allows for a designee in the case of a vacancy in the office of medical director of the department of health and human services.

**HB 1526**, relative to the composition of the medical review subcommittee of the medical review board. **OUGHT TO PASS.**

Rep. James B. Coburn for Executive Departments and Administration: This bill deletes the requirement that one member of the medical review subcommittee is a medical director. The requirement was specified back when there were perceived issues with HMOs that a medical director would be best qualified to address. The issues never became serious and now there are only a few medical directors in the state. The Board of Medicine and the New Hampshire Medical Society support this bill. Vote 12-0.
HB 1572, establishing a commission to study the mission and organization of the fish and game department. **INEXPEDIENT TO LEGISLATE.**

Rep. Ronald J. Nowe for Executive Departments and Administration: While we oppose the forming of a commission to investigate the mission and organization of the Fish and Game Department, we feel an LBA performance audit would objectively identify problems which then could be rectified. We also realize that the Fish and Game Committee has the intent of setting up a study of the Fish and Game Department. In an effort to eliminate duplication of effort and redundancy, we could not support this bill. Vote 3-0.

HB 1574, relative to membership on the public employees deferred compensation commission. **OUGHT TO PASS WITH AMENDMENT.**

Rep. A. Laurie Harding for Executive Departments and Administration: This bill permits the director of the Office of Securities Regulation to appoint a designee to serve on the Public Employee Deferred Compensation Commission. Vote 1-0.

**Amendment (1179h)**

Amend RSA 101-B:2. I(c) as inserted by section 1 of the bill by replacing it with the following:

(c) The [director of the office of securities regulation, department] secretary of state, or designee;

**AMENDED ANALYSIS**

This bill replaces the director of the office of securities regulation with the secretary of state or designee as a member of the public employees deferred compensation commission.

HB 1590-FN, relative to the pari-mutuel commission. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James M. Fitzgerald for Executive Departments and Administration: This bill, as amended, was brought forward at the request of the pari-mutuel commission after consultation with the attorney general’s office to make technical changes and strengthen language in pari-mutuel licensing. The bill provides the pari-mutuel commission and the attorney general with authority to conduct criminal background checks, require proper disclosure of information and set conditions for license holders and applicants. It also gives the pari-mutuel commission and the attorney general authority to audit and investigate at the applicant or licensees expense. The bill also defines the duties and powers of the racing stewards and judges, bringing them into compliance with common practices in the industry. Vote 13-0.

**Amendment (0884h)**

Amend the bill by replacing all after the enacting clause with the following:

I License Fees: Background Checks. Amend RSA 284:12-a to read as follows:

284:12-a License Required; Investigation Fees.

I. No person, association, corporation, or any other type of entity shall hold any running or harness horse or dog race or meet at which pari-mutuel pools are sold without a license from the commission.

II. Investigation fees shall be collected by the commission and shall be continually appropriated to the commission and used by the commission to offset the costs of conducting background checks and monitoring of license applicants and licensees as required under this section, RSA 284:16, RSA 284:16-a, RSA 284:18-a, RSA 284:19, RSA 284:20, and RSA 284:20-b. Funds received hereunder and not expended for such investigations shall lapse to the general fund 2 years after receipt of such funds.

II. License Applicants; Audits. Amend RSA 284:15, III to read as follows:

III. The commission shall have the power to require, at the applicant’s or holder’s expense, that any financial information provided under paragraphs I and II be verified by an audit performed by a certified public accountant. The commission shall have the further power to require that as a condition of securing a license or of continuing to hold a license the license applicant or holder make available its books and records so as to permit the commission to perform such independent auditing or financial analysis as the commission may deem necessary. In so doing, the commission may employ certified public accountants and any other financial analysts or investigators necessary to perform said auditing and may [pay them reasonable compensation on the warrant of the governor, out of any money in the treasury not otherwise appropriated] bill the license applicant or holder for all costs associated with the auditing.
3 Disclosure of Information. RSA 284:15-b is repealed and reenacted to read as follows:

284:15-b Disclosure of Information; Expenses of Investigations.
I. Any person, association, corporation or any other type of entity applying for or holding a license issued pursuant to the provisions of this chapter shall file annually, not later than December 31, with the attorney general a complete and detailed written statement, signed under oath, by the applicant or holder of such license, if an individual, or by the officers of the applicant or holder, if a corporation or an association, containing the following information:

(a) The name, residence address, and nature of the ownership interest, including where applicable the number of shares of stock held and, if known, how obtained, of every person who possesses an ownership interest in such license applicant or holder;

(b) The name, address, present principal occupation or employment, and the name and principal business of any corporation or other organization in which such employment is carried on of every director, officer, and holder of 10 percent or more ownership interest in such license applicant or holder;

(c) The name and all information which a license applicant or holder has or might reasonably be expected to have as to any felony convictions of any officer, director, or holder of an ownership interest of any degree; provided, that if the license applicant or holder is an association or corporation in which 25 or fewer individuals or organizations hold an ownership interest or stock, then the information required by subparagraphs (a) and (b) shall be provided by each such interest holder or stockholder, who shall be further required to submit a detailed statement of assets and liabilities on forms prescribed by the attorney general; and

(d) Such information as the commissioner may prescribe by rule or rejection.

II. The attorney general shall have the authority to conduct an investigation on the attorney general’s motion into the background of the license applicant or holder, of any person included in paragraph I or of any person or entity upon whom the license applicant or holder relies for financial support. In addition, whenever the commission shall receive an application, it shall refer the application to the attorney general who shall conduct such an investigation. The investigation may be conducted through any appropriate state or federal law enforcement system and may seek information as to the subject’s financial, criminal or business background, or any other information which the attorney general, in the attorney general’s sole discretion, may find to bear on the subject’s fitness to be associated with racing in New Hampshire, including, but not limited to, the subject’s character, personal associations, and the extent to which the subject is properly doing business in the manner in which it purports to operate. When the commission requests such an investigation, the attorney general shall report the results of such investigation to the commission within 90 days after the receipt of the request. Notwithstanding any other law to the contrary, the results of any such investigation shall be confidential and shall not be subject to disclosure or to public inspection, except that the attorney general shall have sole discretion to determine the extent to which and the manner in which the results may be reported to the commission or other state agency or official and, if reported, whether such results are to retain their confidential character; provided, however, that whenever the attorney general conducts such an investigation, the attorney general shall notify the commission whether or not in the attorney general’s opinion such person is fit to be associated with racing in New Hampshire. Notwithstanding any other provision of law, no person shall be issued or hold a license if in the opinion of the attorney general such person is not fit to be associated with racing in this state.

III. The reasonable expenses of the commission and the office of attorney general in conducting any investigation authorized in this section, including the services of consultants, experts, accountants and other assistants, shall be a direct charge against the applicant or holder.

IV. In any investigation conducted pursuant to paragraph II, the attorney general or any duly authorized justice department staff member may require, by subpoena or otherwise, the attendance of witnesses and the production of such correspondence, documents, books, and papers as the attorney general or staff member deems advisable, and for purposes of this section, may administer oaths and take the testimony of witnesses. No person shall be excused from testifying or from producing any book or paper in any investigation conducted pursuant to paragraph II upon the ground that such testimony or documentary evidence might tend to incriminate such person; provided that if, after a claim of privilege, the attorney general, in writing, orders such person to testify or produce documentary evidence, that person shall not be prosecuted, punished, or subjected to any penalty or forfeiture for or on account of any act, transaction, matter, or thing which such person, under oath, disclosed or produced. No person so testifying shall be exempt from prosecution or punishment for any perjury committed by such person in such testimony.
4 Condition of Licensee. Amend RSA 284:16-b to read as follows:
I. The commission shall monitor the [financial] condition of its licensees on a continuing basis and shall have the power to revoke, after hearing, any license if in its judgment the [financial] condition of the holder thereof does not warrant a continuation of said license, or, in lieu of revocation, to impose such conditions upon the continued possession of the license as the commission deems reasonably necessary [to the functioning of said licensees on a sound financial basis].
II. The commission, after conducting a hearing, may require a licensee to divest itself of any partner, person, sub-corporation, shareholder, or any other entity of the licensee if the commission determines that any partner, person, sub-corporation, shareholder, or any other entity of the licensee is not fit to be associated with racing in this state.
III. The licensee shall notify the commission of any change of, or transfer of any of the owners of the voting stock or other voting interest, if the licensee is privately held. In the case of a publicly-traded entity holding the license, the commission shall be notified of any changes to the board of directors, or when more than 10 percent of the publicly-held shares or other voting interest are closely held by one entity. The licensee shall provide such notice to the commission in writing within 10 days of the occurrence of any such event. On receipt of such notice, the commission shall assess whether the change in ownership affects the licensee’s qualifications for continued licensure.

5 Powers of Stewards. Amend RSA 284:20 to read as follows:
284:20 Stewards. There shall be at least 3 stewards to supervise each running or harness horse race or meet, conducted under the provisions of this chapter, at which pari-mutuel pools are sold. One of such stewards shall be the official steward of the state racing commission, and the remaining stewards shall be appointed by the person, association, corporation, or any other type of entity conducting the race or meet, subject to the approval of the commission. Said stewards shall be authorized to assess fines and suspend licenses and shall exercise such other powers and perform such duties at each race meet as may be prescribed by the rules and regulations of the commission. Any person who has been assessed a fine or whose license has been suspended may appeal any fine or suspension imposed by the stewards under this section to the commission.

6 Powers of Judges. Amend RSA 284:20-b to read as follows:
284:20-b Judges. There shall be at least 3 judges to supervise each dog race or meet, conducted under the provisions of this chapter, at which pari-mutuel pools are sold. One of such judges shall be the official judge of the state greyhound racing commission, and the remaining judges shall be appointed by the person, association, corporation, or any other type of entity conducting the race or meet, subject to the approval of the commission. Said judges shall be authorized to assess fines and suspend licenses and shall exercise such other powers and perform such duties at each race as may be prescribed by the rules and regulations of the commission. Any person who has been assessed a fine or whose license has been suspended may appeal any fine or suspension imposed by the judges under this section to the commission.

7 Compensation of Stewards. Amend RSA 284:20 to read as follows:
284:20-d Compensation of Stewards, Judges, and Veterinarians. Compensation of the commission veterinarian, and of the official state steward or associate judges of the commission shall be reimbursed to the state by the person, association, corporation, or any other type of entity conducting the race or meet, and such reimbursement shall include the employer’s share of OASI taxes. The commission may establish the salaries of the state steward and associate judges. Payments to the state required under this section shall be made no later than 30 calendar days after receipt of billing from the commission. Failure to make payments in the time prescribed shall subject the licensee to a civil forfeiture of up to $50 for each day the payments are overdue, at the discretion of the pari-mutuel commission.

8 New Section; Background and Criminal Records Check. Amend RSA 284 by inserting after section 284:20-e the following new section:
284:20-f Background and Criminal Records Check.
I. Each applicant for a license pursuant to this chapter and rules adopted by the pari-mutuel commission shall submit to the commission with his or her license application a background and criminal record release authorization form provided or approved by the pari-mutuel commission.
II. Upon receipt of an applicant’s background and criminal record information, the commission shall make a determination of eligibility for licensure.

9 Effective Date. This act shall take effect 60 days after its passage.
AMENDED ANALYSIS

This bill makes changes in the laws regulating horse and greyhound racing, including license requirements and fees, payment for audits, powers of stewards and judges, and compensation of track veterinarians.

HB 1595-FN, relative to voluntary certification of electronic systems technicians. OUGHT TO PASS WITH AMENDMENT.

Rep. Ken Hawkins for Executive Departments and Administration: This bill will license electronic system technicians who install sound systems and home theaters and place them under the Electricians Board. Presently, systems that are being installed that do not meet wiring codes could result in a public safety concern. Vote 14-0.

Amendment (1188h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to certification of electronic systems technicians by the electricians' board.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision: Electronic Systems Technicians. Amend RSA 319-C by inserting after section 15 the following new subdivision:

Electronic Systems Technicians
319-C:16 Certification of Electronic Systems Technicians.

I. The board shall establish and administer an electronic system technician certification program for the purpose of certifying an individual whose primary occupation is the design or integration, installation, and field maintenance or service of cabling infrastructure and products that do any of the following:

(a) Transport voltage of less than 100 volts of voice, video, audio, control, and data signals in commercial and residential premises.

(b) Capture and display or otherwise annunciate signals.

(c) Control voice, video, audio, or data signals.

(d) Use signals to control mechanical and electrical apparatus.

II. The board, with the approval of the commissioner of safety, shall adopt rules pursuant to RSA 541-A developed by the advisory committee on electronic systems technicians relative to:

(a) The establishment of minimum education and training standards and continuing education requirements for certified electronic systems technicians.

(b) The establishment of fees for certification. After the first year of this program, such fees shall be sufficient to produce estimated revenues equal to 125 percent of the direct operating expenses of the program for the previous fiscal year.

III. Whoever falsely claims to be certified as an electronic systems technician through advertising, signage, or verbal representation shall be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person.

IV. Electricians licensed by the board under this chapter shall be exempt from the requirements of this subdivision.

V. Telephone, cable, and utility workers when performing their duties shall be exempt from the requirements of this subdivision.

319-C:17 Criminal Records Check.

I. All applicants for certification as an electronic systems technician shall submit to the New Hampshire department of safety, division of state police, a notarized criminal record release authorization form, along with the appropriate fee, prior to submitting an application for a certification to the board.

II. The board shall supply the criminal record release authorization form to applicants.

III. Upon receipt of an applicant's criminal record information, the board shall make a determination of eligibility for certification.

319-C:18 Advisory Committee on Electronic Systems Technicians. There is established an electronic system technicians advisory committee appointed by the governor with advice of the council. The term of office for members shall be 3 years and until a successor is appointed. The initial members of the commission shall serve staggered terms. Vacancies shall be filled in the same manner and for the unexpired terms.

I. The advisory committee shall be comprised of the following members:

(a) Three representatives of the Custom Electronic Design and Installation Association.
HB 1602-FN, eliminating the reduction of a New Hampshire retirement system annuity at age 65. INEXPEDIENT TO LEGISLATE.

Rep. Ken Hawkins for Executive Departments and Administration: At the present time when an eligible employee retires, he or she receives a retirement check from the New Hampshire Retirement System. Upon reaching the age of 65, the benefit is reduced by 10%. This bill if passed would require an additional $11 million dollars be collected from both employer and employee. In the 60's, 70's and early 80's, there was a 100% reduction at age 65 because of the Social Security benefit that was reduced to 10% sometime in the 1980's. Vote 9-2.

HB 1633-FN, relative to membership, eligibility, and financing of the New Hampshire retirement system. OUGHT TO PASS WITH AMENDMENT.

Rep. Ken Hawkins for Executive Departments and Administration: This makes a few technical changes to the New Hampshire Retirement System. It would also change the date the fiscal committee may approve COLA's from February 1 to May 31 of each year. This would allow four more months to analyze the returns the system has attained. Vote 12-0.

Amendment (0862h)

Amend the bill by replacing sections 6 and 7 with the following:

6 Political Subdivisions; Modifications. Amend RSA 100-A:22 to read as follows:

100-A:22 Modifications. Membership in the retirement system shall be optional for officers and employees of the employer who are in the service of the employer on the date when participation becomes effective, and any such officer or employee who elects to join the retirement system within one year thereafter shall be credited with prior service covering such periods of prior service rendered to such employer for which the employer is willing to make accrued liability contributions. If the employer is unable or unwilling to make such contributions, a member in service may petition the board of trustees for periods of prior service rendered to such employer. Upon payment by the member of the amount determined in accordance with RSA 100-A:3, VI(b) and with the approval of the board, the member shall receive credit for such prior service. Thereafter, service for such employer on account of which contributions are made by the employer and member shall also be considered as creditable service. However, in no event shall prior service purchased as creditable service under this section be used as creditable service for the purpose of eligibility for medical benefits under RSA 100-A:52, RSA 100-A:52-a, or RSA 100-A:52-b. Membership shall be compulsory for all employees entering the service of such employer after the date participation becomes effective. Municipalities may, by action of their city council or board of selectmen, exempt their chief administrative officer, [as an unclassified employee] at the time of initial hiring or appointment, from compulsory membership provided herein. The chief fiscal officer of the employer, and the heads of its departments, shall submit to the board of trustees such information and shall cause to be performed with respect to the employees of such employer, who are members of the retirement system, such duties as shall be prescribed by the trustees in order to carry out the provisions of this chapter.

7 Supplemental Allowances. Amend RSA 100-A:41-a, II to read as follows:

II. [On February ] No later than May 31 of each year, [beginning in 1999,] the fiscal committee of the general court may approve [COLA's] COLAs for the July 1 thereafter upon certification from the actuary of the amount of the COLA which may be granted to each member classification based on the funds available in the special account for each member classification. The actuary shall look at each member classification component of the special account separately and shall certify to the fiscal committee the funds available and any other information required by the committee, including but not limited to any change in the Consumer Price Index-Urban for the
year prior to the year in which the allowance is granted. Any such supplemental allowance when granted by the fiscal committee of the general court shall become a permanent addition to the beneficiary’s base retirement allowance, and shall be included in the monthly annuity paid to the retired member, or to the member’s beneficiary if the member is deceased and the beneficiary is receiving an allowance under RSA 100-A:8, 100-A:9, 100-A:12, 100-A:13, 100-A:19, the provisions of former RSA 100-A:16, I(c)(2) relative to additional contributions, or similar provisions of predecessor systems.

Amend the bill by inserting after section 7 the following and renumbering the original sections 8 and 9 to read as 9 and 10, respectively:

8 New Paragraph: Creditable Service; Purchase of Nonqualified Service Credit. Amend RSA 100-A:4 by inserting after paragraph VI the following new paragraph:

VII. Notwithstanding any provision of this section, a member in active service in the retirement system who currently has at least 5 years of creditable service in the state, shall be entitled to receive credit for not less than one month nor more than 5 years of nonqualified service credit within the meaning of section 415(n) of the United States Internal Revenue Code of 1986, as amended, upon payment by the member of the full actuarial cost of such credit and upon approval of the board, subject to the following:

(a) Credit shall not be granted until the active member has fully paid for the nonqualified service in a lump sum or by installment payments as permitted by the board. The actuarial cost shall be the product of the member’s annual rate of compensation at the time of buy-in, multiplied by the sum of the member and employer contribution rates in effect with respect to the member at the time of buy-in, multiplied by the number of years of nonqualified service credit bought. The member’s payment shall be credited to the member annuity savings fund.

(b) “Nonqualified service credit” means time that is not otherwise purchasable under this chapter.

(c) Requests concerning the purchase of nonqualified service credit pursuant to this paragraph shall be limited to 2 such requests per member per calendar year.

AMENDED ANALYSIS

This bill makes various changes to the New Hampshire retirement system concerning service of members, determination of benefits, and administration of RSA 100-A.

HB 1683-FN, establishing a homestead food license for residential, non-commercial kitchens. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald F. Ryder for Executive Departments and Administration: The establishing of a homestead food license causes out of state suppliers to be subject to the same requirements as in-state suppliers. It establishes a two level license based on gross sales. The bill reduces a one-time registration fee and requires training and certification of processors and manufacturers of home made foods. Vote 16-0.

Amendment (0662h)

Amend RSA 143-A:12, II as inserted by section 2 of the bill by replacing it with the following:

II. There is hereby established a 2-level homestead license. For a level one license, a one-time fee of $25 shall be paid to the department of health and human services. The level 2 homestead license shall be based on gross sales. It shall be unlawful for a processor or a manufacturer to operate a homestead within a homestead license as required under this subdivision. The commissioner and the commissioner of the department of agriculture, markets, and food shall administer the homestead licensure required under this subdivision.

Amend RSA 143-A:13, V as inserted by section 2 of the bill by replacing it with the following:

V. Fees for a level 2 license, including application fees and fees for renewal.

HB 1696-FN, relative to the cremation of human remains. OUGHT TO PASS WITH AMENDMENT.

Rep. Charlotte Houde-Quimby for Executive Departments and Administration: This bill provides for licensing and annual inspection of crematoria under the auspices of the Department of Health and Human Services. The committee heard testimony from law enforcement and family members about multiple egregious violations of practices, bookkeeping and behavior in a New Hampshire crematorium and believes that it is imperative to the grieving families of New Hampshire to in-
sure that this tragedy never be repeated. Provisions are made to allow the assistant deputy medical examiner to remove pacemakers and other such devices at the crematorium. Regulations are put in place to protect the final remains and mandates that only one remain be processed at one time unless the remains are family members whose authorizing agent so deems. Crematory authorities shall retain for at least seven years after the cremation, with appropriate backup if electronic, documents required under this chapter. Finally, the department may impose disciplinary actions as well as fines not to exceed $20,000 per violation. Vote 14-0.

**Amendment (1198h)**

Amend the bill by replacing section 1 with the following:

1 Cremation of Human Remains. RSA 325-A is repealed and reenacted to read as follows:

**CHAPTER 325-A**

**CREMATION OF HUMAN REMAINS**

325-A:1 Definitions. In this chapter:

I. “Alternative container” means a container in which human remains are placed in a cremation chamber for cremation.

II. “Authorizing agent” means a person vested with the right to control the disposition of human remains pursuant to RSA 290.

III. “Casket” means a rigid container made of wood, metal, or other similar material, ornamented and lined with fabric, which is designed for the encasement of human remains.

IV. “Commissioner” means the commissioner of health and human services.

V. “Cremated remains” means the residue of human remains recovered after cremation and the processing of such remains by pulverization, leaving only bone fragments reduced to unidentifiable dimensions, and the unrecoverable residue of any foreign matter, such as eyeglasses, bridge-work, or other similar material, that was cremated with the human remains.

VI. “Cremated remains” receipt form means a form provided by a crematory authority to an authorizing agent or his or her representative that identifies cremated remains and the person authorized to receive such remains.

VII. “Cremation” means the technical process that uses heat and evaporation to reduce human remains to bone fragments.

VIII. “Cremation chamber” means the enclosed space within which a cremation takes place.

IX. “Crematory” means a building or portion of a building which contains a cremation chamber and holding facility.

X. “Crematory authority” means the legal entity subject to licensure by the department to maintain and operate a crematory and perform cremation.

XI. “Crematory operator” means a person who is responsible for the operation of a crematory.

XII. “Delivery receipt form” means a form provided by a funeral establishment to a crematory authority to document the receipt of human remains by such authority for the purpose of cremation.

XIII. “Department” means the department of health and human services.

XIV. “Funeral director” means funeral director as defined in RSA 325.

XV. “Holding facility” means the area of a crematory designated for the retention of human remains prior to cremation and includes a refrigerated facility.

XVI. “Human remains” means the body of a deceased person, or a human body part, in any stage of decomposition and includes limbs or other portions of the anatomy that are removed from a person or human remains for medical purposes during treatment, surgery, biopsy, autopsy, or medical research.

XVII. “Permanent container” means a receptacle made of durable material for the long-term placement of cremated remains.

XVIII. “Temporary container” means a receptacle made of cardboard, plastic, or other similar material in which cremated remains are placed prior to the placement of such remains in an urn or other permanent container.

325-A:2 Crematory; License Required. A crematory shall not be established, operated, or maintained in this state except by a crematory authority licensed by the department under this chapter. The department shall issue a license to a crematory authority that satisfies the requirements for licensure under the chapter. Human remains shall not be cremated in this state except at a crematory operated by a crematory authority licensed under this chapter.
325-A:3 Building and Location Requirements.
   I. A crematory shall conform to all building codes and environmental regulations.
   II. A crematory may be constructed at any location consistent with applicable zoning and environmental regulations.

325-A:4 License; Application; Requirements; Fee. An applicant for an initial or renewal license as a crematory authority shall file a written application with the department. The application shall be accompanied by the license fee required under RSA 325-A:7 and a certificate confirming that the crematory operator has attended, prior to issuance of the license, a training course provided by the Cremation Association of North America or by the manufacturer of the cremation chamber maintained and operated by the crematory authority and shall set forth the full name and address of the applicant, the address and location of the crematory, the name of the crematory operator, the name and address of the owner of the crematory, and additional information as required by the department, including affirmative evidence of the applicant's ability to comply with rules adopted under this chapter. The application shall include the applicant's social security number if the applicant is an individual. The social security number shall not be public record and shall only be used for administrative purposes.

325-A:5 License; Expiration. Except as otherwise provided in this chapter, licenses issued pursuant to this chapter shall expire 5 years after the date of issuance. Licenses shall be issued only for the crematory authority named in the application and shall not be transferable or assignable.

325-A:6 Change in Location, Ownership, or Name.
   I. A crematory authority desiring to relocate a crematory shall file a written application with the department at least 30 days prior to the designated date of such relocation. The application shall be accompanied by a fee as determined by the department in rules adopted under RSA 541-A.
   II. A crematory authority desiring to change ownership of a crematory shall file a written application with the department at least 30 days prior to the designated date of such change. The application shall be accompanied by a fee as determined by the department in rules adopted under RSA 541-A.
   III. A crematory authority desiring to change its name shall file a written application with the department at least 30 days prior to such change. The application shall be accompanied by a fee as determined in rules adopted under RSA 541-A.

325-A:7 Licensure; Fees.
   I. The fee for an initial or renewal license as a crematory authority shall include a fee determined in rules adopted under RSA 541-A.
   II. If the license application is denied, the license fee shall be returned to the applicant, except that the department may retain an administrative fee and may retain the entire license fee if an inspection has been completed prior to such denial.
   III. The department shall collect a fee for reinstatement of a license that has lapsed or has been suspended. The department shall collect a fee for a duplicate original license.
   IV. The department shall collect a fee for a certified statement that a crematory authority is licensed in this state and a fee for verification that a crematory authority is licensed in this state.
   V. The department shall collect all fees authorized under the chapter and shall remit such fees to the state treasurer for deposit in the general fund of the state.

325-A:8 Inspection; Department; Duties.
   I. The department shall annually inspect or provide for the inspection of any crematory operated by a crematory authority licensed under this chapter in such manner and at such times as provided in rules adopted by the commissioner.
   II. The department shall issue an inspection report and provide a copy of the report to the crematory authority within 10 working days after the completion of an inspection. The department shall review any findings of noncompliance contained in such report within 20 working days after such inspection.
   III. If the department determines, after such review, that the evidence supports a finding of noncompliance by a crematory authority with any applicable provisions of this chapter or rules adopted under this chapter, the department may send a letter to the crematory authority requesting a statement of compliance. The letter shall include a description of each alleged violation, a request that the crematory authority submit a statement of compliance within 10 working days, and a notice that the department may take further action if the statement of compliance is not submitted. The statement of compliance shall indicate any actions by the crematory authority which have been or
will be taken and the period of time estimated to be necessary to correct each alleged violation. If the crematory authority fails to submit such statement of compliance or fails to make a good faith effort to correct the alleged violations, the department may take further action as provided in this chapter. 325-A:9 Complaints.

I. Any person may submit a complaint to the department and request investigation of an alleged violation of this chapter or rules adopted under this chapter. The department shall review all complaints and determine whether to conduct an investigation relating to such complaints.

II. A complaint submitted to the department under this section shall be confidential. A person submitting such complaint shall be immune from criminal or civil liability of any nature, whether direct or derivative, for submitting the complaint or for disclosure of documents, records, or other information to the department relating to such complaint.

325-A:10 Imminent Danger; Department Powers.

I. If the commissioner determines that a crematory authority is operating a crematory so as to create an imminent danger of death or serious physical harm to persons employed at or in proximity to such crematory, he or she may order the temporary suspension or temporary limitation of the license of the crematory authority and may order the temporary closure of the crematory pending further action by the department. A hearing shall be held by the department no later than 10 days after the date of such order. The department shall also simultaneously institute proceedings for revocation, suspension, or limitation of the license of the crematory authority.

II. A continuance of the hearing under paragraph I shall be granted by the department upon written request from the crematory authority. Such continuance shall not exceed 30 days.

III. A temporary suspension or temporary limitation order by the commissioner under this section shall take effect when served upon the crematory authority and shall not exceed 90 days. If further action is not taken by the department within such period, the temporary suspension or temporary limitation shall expire.

325-A:11 Deny or Reform to Renew License; Grounds. The department may deny or refuse to renew a license under this chapter or take disciplinary action against a crematory authority licensed under this chapter as provided in RSA 325-A:12 on any of the following grounds:

I. Violation of this chapter or rules adopted and pursuant to this chapter;

II. Conviction of any crime involving moral turpitude;

III. Conviction of a misdemeanor or felony under state law, federal law, or the law of another jurisdiction which, if committed within this state, would have constituted a misdemeanor or felony and which has a rational connection with the fitness or capacity of the crematory authority to operate a crematory;

IV. Conviction of a violation pursuant to RSA 325-A:15;

V. Obtaining a license as a crematory authority by false representation or fraud;

VI. Misrepresentation or fraud in the operation of a crematory; or

VII. Failure to allow access by an agent or employee of the department to a crematory operated by the crematory authority for the purposes of inspection, investigation, or other information collection activities necessary to carry out the duties of the department.

325-A:12 Disciplinary Actions.

I. The department may impose any one or more of the following types of disciplinary action against a crematory authority licensed under this chapter:

(a) A fine not to exceed $20,000 per violation;

(b) A limitation on the license and upon the right of the crematory authority to operate a crematory to the extent, scope, or type of operation, for such time, and under such conditions as the commissioner finds necessary and proper;

(c) Placement of the license on probation for a period not to exceed 2 years during which the crematory may continue to operate under terms and conditions fixed by the order of probation;

(d) Suspension of the license for a period not to exceed 2 years during which the crematory may not operate; and

(e) Revocation and permanent termination of the license.

II. Any fine imposed and unpaid under this chapter shall constitute a debt to the state of New Hampshire which may be collected in the manner of a lien foreclosure or sued for and recovered in any proper form of action in the name of the state in the superior court of the county in which the crematory is located. The department shall, within 30 days after receipt, remit any such fines to the state treasurer for deposit in the general fund.
325-A:13 Appeal. Any party to a decision of the department under this chapter may appeal such
decision. The appeal shall be in accordance with RSA 541.
325-A:14 License Reinstatement or Relicensure.
I. If the license of a crematory authority has lapsed for nonpayment of fees, such license shall
be eligible for reinstatement at any time upon application to the department and payment of the
applicable fee as provided in RSA 325-A:7.
II. If the license of a crematory authority has been placed on probation, such license shall be
eligible for reinstatement at the end of the period of probation upon successful completion of an
inspection if the department determines an inspection is warranted.
III. If the license of a crematory authority has been suspended, such license shall be eligible for
reinstatement at the end of the period of suspension upon successful completion of an
inspection and payment of the applicable fee as provided in RSA 325-A:7.
IV. If the license of a crematory authority has been suspended, such license may be reinstated
by the department prior to the completion of the term of suspension upon petition by the licensee.
After reviewing such petition and any material submitted by the licensee with such petition, the
department may order an inspection or investigation of the licensee. Based on such review and
such inspection or investigation, if any, the commissioner shall grant full reinstatement of the license,
modify the suspension, or deny the petition for reinstatement. The commissioner’s decision shall
become final 30 days after mailing the decision to the licensee unless the licensee requests a hearing
within such period. Any requested hearing shall be held according to rules of the department.
V. If the license of a crematory authority has been revoked, such crematory authority shall not
be eligible for relicensure until 5 years after the date of such revocation. A reapplication for
an initial license may be made by the crematory authority at the end of such 5-year period.
325-A:15 Acts Prohibited; Penalty.
I. Maintaining or operating a crematory in violation of this chapter or any rules of the depart-
ment is a public nuisance and may be abated as a nuisance as provided by law.
II. It shall be a felony to establish, operate, or maintain a crematory subject to this chapter
without being licensed as a crematory authority under this chapter, to hold oneself out to the public
as a crematory authority without being licensed, or to perform a cremation without a cremation
authorization form signed by the authorizing agent and a completed permit for transit or crem-
ation as provided by the department or a cremation permit.
III. Signing a cremation authorization form with actual knowledge that the form contains false,
incorrect, or misleading information is a felony.
IV. A violation of any other provision of this chapter is a misdemeanor.
325-A:16 Injunctions. The department may maintain an action in the name of the state for an injunction
against any person for establishing, operating, or maintaining a crematory without first obtaining
a license as a crematory authority under this chapter. In charging any defendant in a complaint in such
action, it shall be sufficient to charge that such defendant did, upon a certain day and in a certain county,
establish, operate, or maintain a crematory without obtaining a license as a crematory authority under
this chapter, without alleging any further or more particular facts concerning the same.
325-A:17 Right to Authorize Cremation. The right to authorize the cremation of human remains
and the final disposition of the cremated remains, except in the case of a minor and unless other
directions have been given by the decedent in the form of a testamentary disposition or a pre-need
contract, vests pursuant to RSA 290.
325-A:18 Crematory Authority.
I. A crematory authority upon receiving human remains shall sign a delivery receipt form and
shall hold the human remains, prior to cremation, as provided in this section. The form shall in-
clude the name of the deceased, the time and date of delivery of such remains, and the signatures of
the owner of the crematory or his or her representative and the funeral director or his or her
representative, or the next-of-kin or designated agent as provided in RSA 290.
II. If a crematory authority is unable to cremate the human remains immediately upon taking
receipt thereof, the crematory authority shall place the human remains in a holding facility. A
holding facility shall be designed and constructed to comply with all applicable public health laws,
provide for the health and safety of persons employed at such facility, and prevent any unautho-
rized access to such facility.
III. A crematory authority may refuse to accept for holding an alternative container or casket from
which there is any evidence of leakage of the body fluids from the human remains in the container.
IV. If human remains received by the crematory authority are not embalmed, such remains shall be held no longer than 24 hours from the time of death unless the human remains are placed within a refrigerated facility in accordance with the laws of this state.
325-A:19 Crematory Operation; Limitations.
I. No person shall be permitted in a crematory, unless authorized by the crematory authority, while any human remains are in the crematory awaiting cremation, being cremated, or being removed from the cremation chamber.
II. The human remains of more than one person shall not be simultaneously cremated within the same cremation chamber unless the crematory authority has received specific written authorization from the authorizing agent for the human remains to be so cremated.
325-A:20 Crematory Authority; Requirements.
I. A crematory authority shall not accept human remains for cremation without a proper label placed on the exterior of the alternative container or casket indicating the name of the deceased and the name and location of the funeral establishment, or the name of the next-of-kin or designated agent as provided in RSA 290.
II. No crematory authority shall make or enforce any rules requiring that human remains be placed in a casket before cremation or that human remains be cremated in a casket. No crematory authority shall refuse to accept human remains for cremation if the human remains are not in a casket.
III. No crematory authority shall accept human remains for cremation unless the human remains are delivered to the crematory authority in an alternative container or casket or delivered to the crematory authority’s holding facility to be placed in an alternative container or casket. Human remains delivered to a crematory in an alternative container shall not be removed from the alternative container, and the alternative container shall be cremated with the human remains. A crematory authority may refuse a noncombustible casket or any other container that is not an alternative container or a casket or container that is not labeled as required under paragraph I.
IV. An alternative container shall:
(a) Be composed of readily combustible materials suitable for cremation;
(b) Be able to be closed to provide for complete encasement of the human remains;
(c) Be resistant to leakage or spillage;
(d) Be rigid enough for easy handling; and
(e) Provide protection for the health and safety of persons handling such container.
325-A:21 Cremation Authorization Form.
I. A crematory authority shall not cremate human remains until it has received a cremation authorization form as provided in paragraph II, a completed and executed permit for transit or cremation as provided by the department or the appropriate cremation permit from the state from which the human remains were delivered, indicating that the human remains are to be cremated, and a delivery receipt form.
II. A cremation authorization form shall be signed by the authorizing agent and shall include, but not be limited to, the following information:
(a) The name of the deceased;
(b) Date and place of death;
(c) The identity of the funeral director involved in the preparation of the human remains for cremation, if any;
(d) Notification that the death did or did not occur from a disease declared by the department to be infectious, contagious, communicable, or dangerous to the public health;
(e) The name of the authorizing agent and the relationship between the authorizing agent and the deceased;
(f) Authorization by the authorizing agent for the crematory authority to cremate the human remains;
(g) A representation that the authorizing agent is aware of no objection to the human remains being cremated by any person who has a right to control the disposition of the human remains;
(h) A representation that the human remains do not contain any material, implants, or conditions that may be potentially hazardous to equipment or persons performing the cremation;
(i) The name of the person authorized to claim the cremated remains from the crematory authority; and
(j) The intended disposition of the cremated remains.
III. A crematory authority shall retain, for at least 7 years after the cremation, in printed or electronic format with suitable backup, copies of the cremation authorization form, permit for transit or cremation as provided by the department or cremation permit, cremated remains receipt form, delivery receipt form, and any other records required under this chapter.

325-A:22 Signature.

I. Any person signing a cremation authorization form shall be deemed to warrant the truthfulness of any facts set forth on such form, including the identity of the deceased whose remains are sought to be cremated and the authority of the person to authorize such cremation. Any person signing a cremation authorization form is personally liable for all damages resulting from false, incorrect, or misleading information contained on such form.

II. A crematory authority may cremate human remains upon the receipt of a cremation authorization form signed by an authorizing agent and a completed and executed permit for transit or cremation or cremation permit as required by law.

325-A:23 Potentially Hazardous Conditions.

I. No human remains shall be cremated with the knowledge that the human remains contain a pacemaker or defibrillator or other potentially hazardous implant or condition. The authorizing agent shall take all necessary steps to ensure that any such hazardous implant or condition is removed or corrected prior to cremation. If an authorizing agent informs the funeral director and the crematory authority on the cremation authorization form of the presence of such potentially hazardous implant or condition in the human remains, the funeral director shall ensure that all necessary steps have been taken to remove or correct the implant or condition before delivering the human remains to the crematory. A funeral director who knowingly fails to ensure the removal or correction of the hazardous implant or condition prior to delivery and who knowingly delivers such human remains shall be liable for any damages resulting from such failure. If human remains with hazardous implants or conditions are in the custody of a crematory authority, such authority shall have the hazardous implants or conditions removed or corrected by a licensed funeral director and embalmer or a licensed embalmer at a funeral establishment within an embalming preparation room, or at a medical facility by appropriate medical personnel, or at the crematory by an assistant deputy medical examiner of the department of health and human services.

II. No human remains shall be cremated with the knowledge that the human remains contain jewelry or other valuables unless authorized by the authorizing agent. The authorizing agent shall take all necessary steps to ensure that any jewelry or other valuables are removed prior to cremation. If the authorizing agent informs the funeral director and the crematory authority on the cremation authorization form of the presence of jewelry or other valuables on the human remains, the funeral director shall ensure that all necessary steps have been taken to remove the jewelry or other valuables before delivering the human remains to the crematory. A funeral director who knowingly fails to ensure the removal of the jewelry or other valuables prior to delivery and who knowingly delivers such human remains shall be liable for any damages resulting from such failure. If human remains with jewelry or other valuables are in the custody of a crematory authority, such authority shall provide for the removal of such jewelry or other valuables by a licensed funeral director and embalmer or his or her agent.

325-A:24 Disputes.

I. If a crematory authority or funeral establishment is aware of any dispute concerning the cremation of human remains, or has a reasonable basis to believe that such a dispute exists or to question any of the representations made by the authorizing agent with respect to such remains, until the crematory authority receives a court order that a dispute with respect to such remains has been settled, the crematory authority or funeral establishment may refuse to accept such human remains for cremation or to perform a cremation of such remains.

II. If a crematory authority or funeral establishment is aware of any dispute concerning the release or disposition of cremated remains, the crematory authority or funeral establishment may refuse to release cremated remains until the dispute has been resolved or the crematory authority or funeral establishment has been provided with a court order authorizing the release or disposition of the cremated remains.

325-A:25 Cremated Remains; How Treated.

I. In so far as is possible, upon completion of the cremation, all of the recoverable residue of the cremation shall be removed from the cremation chamber and any foreign matter or anything other than bone fragments shall be removed from such residue and shall be disposed of by the crematory
authority. The remaining bone fragments shall be processed by pulverization so as to reduce the fragments to unidentifiable particles. This paragraph shall not apply when the commingling of human remains during cremation is otherwise authorized by law. The presence of incidental and unavoidable residue in the cremation chamber from a prior cremation is not a violation of this paragraph.

II. The cremated remains with proper identification shall be placed in a temporary container or permanent container selected or provided by the authorizing agent. The cremated remains shall not be contaminated with any other object unless specific written authorization to the contrary has been received from the authorizing agent.

III. If the entirety of the cremated remains will not fit within a temporary container or permanent container, then the remainder of such remains shall be returned to the authorizing agent or his or her representative in a separate container with proper identification.

IV. If the cremated remains are to be shipped, the temporary container or permanent container shall be packed securely in a suitable shipping container that complies with the requirements of the shipper. Unless otherwise directed in writing by the authorizing agent, cremated remains shall be shipped only by a method which includes an internal tracking system and which provides a receipt signed by the person accepting delivery of such remains.

I. For purposes of this chapter, the delivery of the cremated remains to the authorizing agent or his or her representative shall constitute final disposition. If, after a period of 60 days after the date of cremation, the authorizing agent or his or her representative has not directed or otherwise arranged for the final disposition of the cremated remains or claimed the cremated remains for final disposition as provided in this section, the crematory authority or the funeral establishment in possession of the cremated remains may dispose of the cremated remains after making a reasonable attempt to contact the authorizing agent or his or her representative. This method of disposition may be used by any crematory authority or funeral establishment to dispose of all cremated remains in the possession of a crematory authority or funeral establishment on or after the effective date of this chapter.

II. Cremated remains shall be delivered or released by the crematory authority to the representative specified by the authorizing agent on the cremation authorization form. The owner of the crematory authority or his or her representative and the party receiving the cremated remains shall sign a cremated remains receipt form. The form shall include the name of the deceased, the date, time, and place of receipt of the cremated remains, and the signatures of the owner of the crematory or his or her representative and the authorizing agent or his or her representative. If the cremated remains are shipped, a form used by the shipper may be used in lieu of a completed cremated remains receipt form if the shipper's form contains the information required for a cremated remains receipt form. Both the party delivering such remains and the party receiving such remains shall retain a copy of the cremated remains receipt form or shipper's form. Upon delivery, the cremated remains may be further transported within this state in any manner without a permit.

325-A:27 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A relative to:
I. Procedures for licensure of crematory authorities.
II. Establishing all required fees.
III. The content of all forms.
IV. Conditions under which human remains of persons whose death was caused by a disease declared by the department to be infectious, contagious, communicable, or dangerous to the public health may be transported in this state to a crematory for the purpose of cremation.
V. Minimum sanitation standards for all crematories.
VI. Inspection procedures for crematories as required under RSA 325-A:8.

325-A:28 Crematory Authority; Bylaws. A crematory authority may enact reasonable bylaws not inconsistent with this chapter for the management and operation of a crematory operated by such authority. Nothing in this section shall prevent a crematory authority from enacting bylaws which contain more stringent requirements than those provided in the act.

325-A:29 Chapter Construed. This chapter shall be construed and interpreted as a comprehensive cremation law, and the provisions of this chapter shall take precedence over any existing laws or rules that govern human remains that do not specifically address cremation.

Amend the bill by replacing section 4 with the following:

4 Applicability. Crematory authorities, as defined in section 1 of this act, operating crematories on the effective date of this act, which apply for licensure within 60 days after the effective date of this act, shall be presumed to meet requirements for initial licensure under RSA 325-A as inserted by section 1 of this act.
HB 1284-FN-A, increasing the appropriation to the firemen’s relief fund. REFER FOR INTERIM STUDY.

Rep. Robert Wheeler for Finance: The firemen’s community had met to consider this bill but did not conclude on the subject. As a result, the sponsor and the community requested Interim Study and the committee concurred. Vote 21-0.

HB 1740-FN-A, making an appropriation to increase the hourly rate of pay for care providers for persons with developmental and acquired disabilities. INEXPEDIENT TO LEGISLATE.

Rep. Elizabeth Hager for Finance: The contents of this bill are now contained in HB 1710-FN-A. Vote 21-0.

HB 1546, establishing a committee to study the application of the patients’ bill of rights to all licensed health practitioners and their facilities. OUGHT TO PASS WITH AMENDMENT.

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill extends the Patient’s Bill of Rights list of health care providers under RSA 332-1:1,II to include pharmacists, mental health professionals and adds office (practice) clinic and health center. This bill also includes office employees or agents working in this setting. The bill outlines a Patient Bill of Rights pertaining to the health care providers listed under RSA 332-1. The Bill of Rights included 5 specific sections dealing with the right to courtesy and respect; right to receive information regarding the benefits, risks and cost of treatment; the right to an extensive and specific treatment plan; the right of the patient to make decisions about their care. Finally, the healthcare provider shall not reveal confidential information without the consent of the individual. The committee unanimously supported the bill as amended. Vote 17-0.

Amendment (0969h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to patient information.

Amend the bill by replacing all after the enacting clause with the following:

I. Medical Records; Health Care Provider. Amend RSA 332-1:1, II to read as follows:

II. In this chapter, “health care provider” means any person, corporation, facility, or institution either licensed by this state or otherwise lawfully providing health care services, including, but not limited to, a physician, hospital, office, clinic, health center or other health care facility, dentist, nurse, optometrist, pharmacist, podiatrist, physical therapist, or [psychologist] mental health professional, and any officer, employee, or agent of such provider acting in the course and scope of employment or agency related to or supportive of health care services.

2 Patient Information. RSA 332-1:2 is repealed and reenacted to read as follows:

332-1:2 Patient Information.

I.(a) The patient has the right to courtesy, respect, dignity, responsiveness, and timely attention to his or her needs.

(b) The patient has the right to receive information from the health care provider and to discuss the benefits, risks, and costs of appropriate treatment alternatives.

(c) The patient shall be fully informed by the health care provider of his or her medical condition, health care needs and diagnostic test results, including the manner by which such results will be provided and the expected time interval between testing and receiving results, unless medically inadvisable and so documented in the medical record.

(d) The patient has the right to make decisions regarding the health care that is recommended by the health care provider. Accordingly, patients may accept or refuse any recommended medical treatment and to be involved in experimental research upon the patient’s written consent only.

(e) The health care provider shall not reveal confidential communications or information without the consent of the patient, unless provided for by law or by the need to protect the welfare of the individual or the public interest.

II. Facilities subject to RSA 151:21 and RSA 151:21-b shall be exempt from paragraph I.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the patient information that is to be provided to a patient by a health care provider.
HB 1672-FN, relative to a registry for founded cases of abuse, neglect, or exploitation of incapacitated adults. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill deals with an existing critical gap in our system to safeguard adults receiving care in the health and human services system including developmental and mental health services. The gap is the difficulty in identifying persons who have abused individuals in the past if they have not been arrested and convicted of a crime. DCYF has a well-established system to identify abusers who are listed in a registry. This bill will provide the same protection for those agencies providing services to adults. This bill also requires that DHHS write administrative rules including rules to protect the confidentiality of the registry. No one spoke against this bill and it was strongly supported at the public hearing. The amendment was also agreed to by DHHS and the Disability Rights Center. Vote 17-0.

**Amendment (1140h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to a registry for substantiated cases of abuse, neglect, or exploitation of incapacitated adults and establishing a task force relative to central registries.

Amend the bill by replacing all after the enacting clause with the following:

1 Elderly and Adult Services; Immunity From Liability. Amend RSA 161-F:47 to read as follows:

161-F:47 Immunity From Liability. Any person or agency, other than an alleged perpetrator, participating in good faith in the making of a report of an alleged incident of adult abuse, neglect or exploitation, providing information relative to such incident or following a reporting protocol developed jointly with the department, or who in good faith investigates the report, administers the registry, or who participates in a judicial or administrative proceeding resulting from that complaint, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed. Any person or agency providing information in good faith, including materials requested by the department pursuant to RSA 161-F:56, shall have the same immunity with respect to participation in any investigation by the commissioner or his authorized representative or in any judicial proceeding resulting from such report.

2 Registry for Substantiated Cases of Abuse, Neglect, or Exploitation of Incapacitated Adults. RSA 161-F:49 is repealed and reenacted to read as follows:

161-F:49 Registry.

I. There shall be established a state registry of abuse, neglect, and exploitation reports at the department for the purpose of maintaining a record of information on each case of abuse, neglect, or exploitation toward an individual by a paid caregiver that is substantiated by an investigator. For the purposes of this section:

(a) “Individual” means an individual found eligible for or receiving services pursuant to RSA 171-A, RSA 135-C:13, RSA 135-C:14, or programs licensed under RSA 151:2, I(b), (e), or (f), or who is an “adult,” as defined in RSA 161-F:43, I.

(b) The investigators shall be designated or employed by the department, in accordance with a protocol developed by the department to ensure objectivity, thoroughness, timeliness and uniformity in methodology and format in the conduct of investigations and investigation reports. The investigators may include investigators employed by area agencies or community mental health centers, if designated by the department.

II. Within 5 business days of completion of an investigation report in accordance with paragraph I, the investigator shall provide the investigation report to the commissioner, or designee. Except as provided in paragraph IV, for a substantiated report, the commissioner, or designee, shall, within 5 business days, notify the perpetrator:

(a) Of the substantiated finding against him or her and that such information shall be entered on the registry and the consequences of such a finding.

(b) The right to contest the finding by appealing within 10 business days.

(c) The right to receive a full and fair hearing, including the right to be represented by counsel at his or her own expense.

(d) That he or she may petition the probate court to expunge his or her name from the registry pursuant to RSA 161-F:49, VIII.

III. Except as provided in paragraph IV, a substantiated finding of abuse, neglect, or exploitation, and other information the commissioner deems necessary, shall be entered on the registry upon:

(a) Expiration of the 10-day period for appeal when the perpetrator does not request an appeal.
(b) An administrative hearing officer sustaining the finding unless the finding is reversed by a court.

(c) A court sustaining a substantiated finding.

IV. If it is determined by the investigator or after a hearing requested pursuant to subparagraph II(c) that a substantiated finding was caused by factors beyond the control of the perpetrator, then the finding shall not be entered onto the registry as substantiated.

V. All employers of programs which are licensed, certified, or funded by the department to provide services to individuals shall be required before hiring a prospective employee who may have client contact to submit his or her name, for review against the central registry of substantiated reports of abuse, neglect, and exploitation to determine whether the person is on the registry. The employer shall not hire the prospective employee if the person is listed on the registry with a substantiated case of abuse, neglect, or exploitation, unless the employer requests and obtains a waiver from the department to hire such person. The employer, upon receiving of notice that a prospective employee is on the registry and in order to determine whether he or she should request a waiver from the department, may request permission from the prospective employee for the authority to obtain further information about a substantiated case of abuse, neglect, or exploitation. It shall be unlawful for any employer other than those specified under this paragraph to require as a condition of employment that the employee submit his or her name for review against the central registry of substantiated reports of abuse and neglect and any violation of this provision shall be punishable as a violation.

VI. Substantiated reports of abuse and neglect shall be retained for a period of 7 years subject to an individual’s right to petition for the earlier removal of his or her name from the central registry as provided in this section.

VII. Any individual whose name is listed in the substantiated reports maintained on the central registry may petition the probate court to have his or her name expunged from the registry as follows:

(a) A petition to expunge shall be filed in the probate court where the petitioner resides or where the abuse, neglect, or exploitation occurred.

(b) A petition to expunge shall be filed on forms provided by the probate courts. The petition shall include certified copies of the petitioner’s criminal record and may include any other information the petitioner deems relevant.

(c) When a petition to expunge is filed, the probate court shall require the department to report to the court concerning any additional substantiated abuse and neglect reports relative to the petitioner and shall require that the petitioner submit the petitioner’s name, birth date, and address to the state police to obtain information about criminal convictions. The court may require the department to provide any additional information that the court believes may aid it in making a determination on the petition.

(d) Upon the receipt of the department’s report, the court may act on the petition without further hearing or may schedule the matter for hearing at the request of either party. If the court determines that the petitioner does not pose a present threat to the safety of adults and has exhibited best efforts to eliminate the likelihood of reoccurrence of the type of behavior that resulted in his or her entry onto the registry, the court shall grant the petition and order the department to remove the individual’s name from the central registry. Otherwise, the petition shall be dismissed.

VIII. The department shall, in the notice it sends out pursuant to RSA 161-F:49, II(d), notify the perpetrator of his or her right to petition to have his or her name expunged from the central registry. No petition to expunge shall be brought within one year from the date that the petitioner’s name was initially entered on the central registry. If the petition to expunge is denied, no further petition shall be brought more frequently than every 3 years thereafter.

IX. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

(a) Setting forth the process and criteria for requesting and granting a waiver pursuant to RSA 161-F:49, V.

(b) Safeguarding the confidentiality of and access to the registry except for the functions necessary to comply with this section. Such safeguards shall include limitations on which persons in an employment situation may request and access the names of persons on the registry.

(c) Requiring the department to notify the employer:

(1) Relative to a prospective employee who is not on the registry of that fact within 5 days of receipt of a request from the employer.

(2) Relative to a prospective employee who is on the registry of that fact within 5 business days of receipt of the request from the employer, including in the notice the date the person was placed on the registry.
3 Task Force Established. There is established a task force to study the need for further improvements in the efficiency, effectiveness, and accessibility of the central registries established pursuant to RSA 161-F:49 and RSA 169-C:35. The task force shall also study the provisions of 42 CFR 488 (c)-(e).

4 Membership and Compensation.
I. The members of the task force shall be as follows:
(a) Two members of the house of representatives, appointed by the speaker of the house of representatives.
(b) Two members of the senate, appointed by the president of the senate.
(c) The commissioner of the department of health and human services and a member appointed by the commissioner of the department of health and human services, or 2 designees.
(d) The long-term care ombudsman, department of health and human services.
(e) The commissioner of the department of education, or designee.
(f) The attorney general, or designee.
(g) A representative of the Disabilities Rights Center, appointed by the center.
(h) A representative of New Hampshire Legal Assistance, appointed by such office.
(i) A representative of the Community Services Council of New Hampshire, appointed by the council.
(j) A representative of the Behavioral Health Network, Inc., appointed by the network.
(k) A representative of Granite State Independent Living Foundation, appointed by such foundation.

II. The task force shall solicit information from any other person or entity the task force deems relevant to its study.

III. Legislative members of the task force shall receive mileage at the legislative rate when attending to the duties of the task force.

5 Duties. The task force shall study the need for further improvements in the efficiency, effectiveness, and accessibility of the central registries established pursuant to RSA 161-F:49 and RSA 169-C:35 and shall include in its study an examination of 42 CFR 488(c)-(e). The task force shall determine the need, desirability, and feasibility of merging or combining the registries into one registry or otherwise improving access to and between the registries so that all licensed, certified, and funded programs by the department and the department of education or other local or state programs have greater access to substantiated perpetrator information in and across all systems serving children and incapacitated or vulnerable adults.

6 Chairperson; Quorum. The members of the task force shall elect a chairperson from among the members. The first meeting of the task force shall be called by the first-named house member. The first meeting of the task force shall be held within 45 days of the effective date of this section. Six members of the task force shall constitute a quorum.

7 Report. The task force shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before December 1, 2006.

8 Effective Date.
I. Sections 3-7 of this act shall take effect upon its passage.
II. The remainder of this act shall take effects January 1, 2007.

AMENDED ANALYSIS

This bill requires employers of programs licensed, certified, or funded by the department of health and human services to check the backgrounds of certain prospective employees against the registry for substantiated cases of abuse, neglect, or exploitation of incapacitated adults.

This bill also establishes a task force to study central registries.

HB 1718-FN, relative to the provision of medical services at nursing facilities. OUGHT TO PASS WITH AMENDMENT.

Rep. Hilda W. Sokol for Health, Human Services and Elderly Affairs: This bill, as amended, requires nursing homes to provide a written statement disclosing all the medical services offered on site; the rates charged by the nursing home and what is included in the rates; and the client’s rights in the event of a necessary temporary absence from the nursing facility or discharge (or transfer) to another facility. Vote 17-0.
Amend the title of the bill by replacing it with the following:

AN ACT requiring a written disclosure statement be provided to prospective nursing home facility clients.

Amend RSA 151:25-a as inserted by section 1 of the bill by replacing it with the following:

151:25-a Nursing Home Facility Statement Required. Any nursing home licensed under this chapter, which offers medical services shall provide a written statement setting forth the following to prospective clients:

I. A specific description of the medical services offered on site.
II. The rates charged by the nursing home and what is included in the rates.
III. The client’s rights in the event of a temporary absence from the nursing home facility, in accordance with RSA 151:25, and the client’s rights in the event of a proposed transfer or discharge from the facility, in accordance with RSA 151:26.
IV. The circumstances under which a discharge or transfer to another facility may occur, including situations in which the client’s needs would exceed what the nursing home could provide, and the responsibility of the nursing home in transitioning the client to another location.
V. A statement affirming that the proposed client has received the nursing home disclosure statement in accordance with this section, that the client has read it or it has been read to the client, and that the client understands its contents.
VI. Any other disclosures or information required by this chapter, if applicable, and any other provisions of state or federal law.

AMENDED ANALYSIS

This bill requires nursing home facilities to provide a written statement of certain disclosures to prospective clients.

CACR 35, relating to an automatic address of judges every 10 years. Providing that all judges shall be reviewed every 10 years by governor and council as if there has been an address for removal of the judge by both houses of the legislature. INEXPEDIENT TO LEGISLATE.

Rep. Bea Francoeur for Judiciary: This bill would create an automatic presumption every ten years that sitting judges in the state of NH would be subject to the constitutional bill of address procedure. In addition, all sitting judges would still be subject to the bill of address procedure by legislative act. Thus by the act of individual legislator, the possibility exists that any number of bills of address could be taking place simultaneously at any given time at great cost to the state and individual judges. The committee believes that such a circumstance would not further the efficiency of justice for the citizens of New Hampshire. There currently exists periodic review of judges by the judicial branch, the results of which are public. Additionally, the legislature can address or impeach a judge. The committee believes these are sufficient safeguards to assure the quality of members of our judiciary. Vote 17-1.

Rep. Coughlin declared a conflict of interest and did not participate.

HB 1116, relative to service of the notice to quit and writ of possession in landlord tenant actions. OUGHT TO PASS WITH AMENDMENT.

Rep. Gregory M. Sorg for Judiciary: This bill, as amended, clarifies and simplifies the procedure for evictions by changing the name of the “Notice to Quit” to be the less confusing “Eviction Notice.” It also directs the district court system to create forms for both the Demand for Rent and Eviction Notice for use by landlords in order to minimize the number of eviction actions dismissed for technical defects that sometimes occur in such documents when prepared by non-lawyers. Finally, it allows for service of the Writ of Summons in a landlord/tenant action by either a local law enforcement officer or the county sheriff. Vote 17-0.

Amend the title of the bill by replacing it with the following:

AN ACT relative to service of the notice to quit and writ of summons in landlord tenant actions.

Amend RSA 540:5, I as inserted by section 2 of the bill by replacing it with the following:

I. Any notice of a demand for rent or [a] an eviction notice [to quit] may be served by any person and may be served upon the tenant personally or left at his or her last and usual place of
abode. Proof of service must be shown by a true and attested copy of the notice accompanied by an affidavit of service, but the affidavit need not be sworn under oath. A notice of a demand for rent shall be sufficient if served upon the tenant at any time after the rent becomes due and prior to or simultaneously with the service of a notice to quit. an eviction notice.

Amend the bill by replacing section 3 with the following:

3 Service of Writ of Summons. Amend RSA 540:13, III to read as follows:

 III. The writ of summons and the notice provided in paragraph II shall be returnable 7 days from the date of service of the writ by the sheriff or other local law enforcement officer. The writ of summons shall provide an opportunity for the landlord, at the landlord’s option, to make a claim for an award of unpaid rent. If the landlord elects to make a claim for unpaid rent, the court shall consider any defense, claim, or counterclaim by the tenant which offsets or reduces the amount owed to the plaintiff. If the court finds that the landlord is entitled to possession on the ground of nonpayment of rent, it shall also award the landlord a money judgment. If the court determines that the amount owed by the landlord to the tenant, as a result of set-off or counterclaim exceeds or equals the amount of rent and other lawful charges owed by the tenant to the landlord, judgment in the possessory action shall be granted in favor of the tenant. If the court finds that the tenant’s counterclaim exceeds the amount of the nonpayment, a money judgment shall issue in favor of the tenant. Any decision rendered by the court related to a money judgment, shall be limited to a maximum of $1,500 and shall not preclude either party from making a subsequent claim in a court of competent jurisdiction to recover any additional amounts not covered by the $1,500 judgment.

AMENDED ANALYSIS

This bill changes the name of the notice to quit to an eviction notice; directs the supreme court to make forms for an eviction notice and demand for rent available on the district court’s website; and authorizes any local law enforcement officer to serve a writ of summons.

HB 1234-FN, reducing the maximum amount of debt or damages for small claims actions. INEXPEDIENT TO LEGISLATE.

Rep. Stephen J. Shurtleff for Judiciary: This bill would reduce the amount of debt or damages for a small claims action from $5,000 to $2,500. The committee felt that the small claims courts truly are the people’s court. They allow private individuals to seek damages by representing themselves in non-evidentiary proceedings. This bill would increase the cost to plaintiffs by necessitating the need to hire legal counsel for a formal hearing. Plaintiffs would also incur additional court cost, which are not imposed in small claims cases. Vote 13-2.

HB 1254, relative to eminent domain. REFER FOR INTERIM STUDY.

Rep. Maureen C. Mooney for Judiciary: The committee received 2 bills this session relative to defining “public use” for the first time in New Hampshire law. After careful consideration, this bill closely resembles SB 287 which recently passed in the Senate 24-0. The committee voted to place this bill into Interim Study and work off of SB 287 to define “public use” and update eminent domain law. Vote 17-0.

HB 1340, relative to references to “United States citizen” in the New Hampshire statutes. INEXPEDIENT TO LEGISLATE.

Rep. Gail C. Morrison for Judiciary: The bill changes all statutory references to “United States Citizen” to “American Citizen of the United States.” The sponsor believes the language proposed would better describe a citizen’s relation to the judicial government. The committee disagreed and determined the language change is unnecessary. Vote 19-0.

HB 1556, relative to the disclosure of certain financial documents filed with the probate court. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Judiciary: This bill is another attempt to protect New Hampshire citizens’ financial records from being publicly available. Although the committee would very much want to do more, this legislation unfortunately is not workable. All findings by the court must be publicly available. The committee did consider studying the issue further, but since this bill was a result of a study committee, it was decided that more studying would not find a solution. Vote 17-2.
HB 1560, shortening the enforcement period for a restraining order against one's spouse. INEXPEDIENT TO LEGISLATE.
Rep. Stephen J. Shurtleff for Judiciary: This bill would shorten the enforcement period of a restraining order against a spouse to three months. The committee believes that the current law is perfectly adequate. This belief was reinforced by testimony from the NH Association of Chiefs of Police, the Attorney General's office, Merrimack County Attorney's office, and domestic violence counselors. Currently, a NH judge can set the period of enforcement for a restraining order not to exceed one year. Upon motion of a defendant, the order can be reviewed at any time during this period. The proposed change in the law would cause an unnecessary burden to the plaintiff and additional work for the court system. Vote 17-2.

HB 1569, relative to trust protectors, trust advisors, and directed trusts. REFER FOR INTERIM STUDY.
Rep. John B. Hunt for Judiciary: This bill would create several new kinds of trusts. Given that there is a Senate bill that would also include these and other new forms of trust, the committee decided to keep this bill in committee in case the Senate bill is unsuccessful. Vote 14-2.

HB 1598-FN, relative to publication of the New Hampshire Revised Statutes Annotated. INEXPEDIENT TO LEGISLATE.
Rep. Robert H. Rowe for Judiciary: This bill would remove the Supreme Court Case Citation that currently appears in the state’s publication of the Revised Statutes Annotated. These citations, when they appear after a law, describe the case and the interpretation of the law or a position of the law to the court. The citations are helpful to parties conducting legal research. Vote 16-0.

HB 1759, relative to liens for labor and materials. INEXPEDIENT TO LEGISLATE.
Rep. Robert D. Mead for Judiciary: The sponsor failed to appear at the hearing and no one spoke in favor or against this bill. It appears to be unnecessary legislation which solves no known problems and is not needed at this time. Vote 17-0.

HB 524, relative to outsourcing of jobs. REFER FOR INTERIM STUDY.
Rep. Russell D. Bridle for Labor, Industrial and Rehabilitative Services: The committee would like to work on this bill over the next few months. An amendment is being worked on to narrow the scope of the bill. Vote 10-2.

HB 1109, establishing a committee to study the calculation of unemployment benefits. INEXPEDIENT TO LEGISLATE.
Rep. William J. Infantine for Labor, Industrial and Rehabilitative Services: While the committee understood the sponsors’ concerns and desires to study this issue, we believe this task is already performed periodically by the Department of Labor and through the Department Advisory Board. Vote 13-0.

HB 1139, relative to the time required between mandatory shifts or other work periods. INEXPEDIENT TO LEGISLATE.
Rep. William J. Infantine for Labor, Industrial and Rehabilitative Services: The committee believes that appropriate rest between shifts is important and that each industry, occupation job, etc. should be dealt with individually. This bill would cover all employees and employees and the committee believes the bill is too broad and may have significant negative effects during emergencies. Vote 12-2.

HB 1543, relative to protections for temporary workers. REFER FOR INTERIM STUDY.
Rep. Randolph N. S. Holden for Labor, Industrial and Rehabilitative Services: The committee unanimously realized the importance of this bill but had several unanswered questions. In an effort to pass responsible legislation the committee and the prime sponsor agreed Interim Study was the best option. Vote 13-0.

HB 1751, relative to penalties for failure to have workers' compensation coverage. OUGHT TO PASS.
Rep. Sharon M. Carson for Labor, Industrial and Rehabilitative Services: Current law only allows the Department of Labor to levy fines when it is made aware that an employer does not have workers compensation coverage. This bill changes the law and allows the Department to levy fines back to a point where it can show when an employer had employees and did not have workers compensation coverage. Vote 12-1.
HB 1752, requiring notice regarding the classifications of employee and independent contractor. OUGHT TO PASS.

Rep. Sharon M. Carson for Labor, Industrial and Rehabilitative Services: This bill requires that, in every workplace, information concerning the classifications of workers as employees or independent contractors be posted as part of the "Know Your Rights" notice. The committee believes it is important that all employees working in the State of New Hampshire be advised of their rights and strongly supported the bill. Vote 12-0.

CACR 42, relating to sessions of the legislature. Providing that the legislature meet biennially and only on weekday nights and weekends. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Legislative Administration: The sponsor's intent was to help more people to be able to serve in public office and to help the public to attend legislative sessions. Unfortunately it does not affect hearings and committee work and one of the reasons we now have annual sessions was because of the many special sessions that were occurring before the constitutional change. Vote 11-0.

HB 1207, establishing a committee to study the creation of a flag to honor all police departments in the state. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Legislative Administration: The sponsor requested that the bill not go forward since the efforts to create the flag are proceeding without the need for the committee. Vote 11-0.

HB 1326, relative to donation of compensation by members of the general court. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Legislative Administration: The committee did not see the need for this legislation since anyone can make a donation to help print copies of the constitution. Vote 11-0.

HB 1357, changing the name of the joint committee on legislative facilities and codifying the powers and duties of the committee. OUGHT TO PASS WITH AMENDMENT.

Rep. John B. Hunt for Legislative Administration: This bill was an attempt to clarify the laws related to the Facilities Committee. The amendment replaces the bill with the same intent to delete obsolete laws and clarifying the committee responsibilities, but removed any new responsibilities. The only real change is that the minority and majority leaders can either serve or now appoint someone to serve for them. The name of the committee will not change. Vote 11-0.

Amendment (1052h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the legislative facilities committee.

Amend the bill by replacing all after the enacting clause with the following:

1 Legislative Facilities Committee; Membership. Amend RSA 17-E:2, III and IV to read as follows:

III. The majority leaders of each house, or designees;

IV. The minority leaders of each house, or designees;

2 Chairperson; Gender Neutral. Amend RSA 17-E:3 to read as follows:

17-E:3 [Chairman] Chairperson. The [chairmanship of] chairperson for the committee shall rotate biennially between the president of the senate or [his] designee and the speaker of the house or [his] designee, provided that the speaker shall serve as the first chairman. In the event that the presiding officer or [his] designee serving as [chairman] chairperson resigns or for any reason is unable to serve, the other presiding officer or [his] designee shall become [chairman] chairperson, provided that such substitution shall not change the rotation hereinafore provided for.

3 Subcommittees; Gender Neutral. Amend RSA 17-E:5 to read as follows:

17-E:5 House and Senate Subcommittees. The house members, with the speaker as [chairman] chairperson, shall be a subcommittee for legislative management for the house; and the senate members, with the president as [chairman] chairperson, shall be a subcommittee for legislative management of the senate. All transfers within the house or senate appropriations and all salaries of legislative attaches and other employees unless otherwise specifically provided by statute shall require the approval of the respective subcommittee. The salaries as determined hereunder shall be a charge upon the appropriation made for the legislature.

4 New Section; Powers and Duties. Amend RSA 17-E by inserting after section 5 the following new section:
17-E:5-a Powers and Duties. The committee shall have the following powers and duties:

I. To review and approve all joint legislative budgets.

II. To appoint the directors or heads of all joint legislative agencies, departments, or offices, and to establish the salary for such positions, except as otherwise provided.

III. To approve the appointment and compensation recommendations for the employees of the office of legislative services made by the director of that office, and the appointment and compensation recommendations made by the director or head of any other joint legislative agency, department, or office for the employees of those offices, except as otherwise provided.

IV. To establish a compensation and classification schedule for all employees of joint legislative service agencies, departments, and offices, except the legislative budget assistant and employees of that office. The house subcommittee shall establish salary schedules and benefits for all house employees. The senate subcommittee shall establish salary schedules and benefits for all senate employees.

V. To enter into contracts and hire consultants.

VI. To establish rules of procedure for the conduct of the business of the committee in accordance with rules of the house and the senate.

VII. To conduct its proceedings in compliance with the provisions of RSA 91A.

VIII. To establish policies regarding the use of the facilities under control of the legislature in the state house, the legislative office building, the Upham Walker house, parking garages and lots, and any future facility that may come under legislative management.

IX. To perform all actions authorized by statute.

X. To study ways and means to improve legislative operation, facilities, and working conditions.

5 Committee Records. Amend RSA 17-E:6 to read as follows:

17-E:6 Committee Records. A record of the minutes of committee and subcommittee meetings shall be available to the public and shall be maintained in accordance with the provisions of RSA 91-A:2, II. The minutes shall include the names of members in attendance and of persons appearing before the committee, and a brief description of the subjects discussed, votes taken, and final dispositions of all actions. The minutes shall be available and open to public inspection within 144 hours of the meeting. The record of the minutes of the joint committee on legislative facilities and the house and senate subcommittees shall be available at the office of legislative accounting. [The record of the minutes of the house and senate subcommittees shall be available at the office of the clerk of the appropriate chamber.]

6 Repeal. The following are repealed:

I. 1973, 368, relative to establishing a legislative facilities committee.
II. 1974, 38:23 and 24, relative to the legislative parking facility.
III. 1975, 308, relative to legislative printing.
IV. 1975, 430:2, relative to renovating the Old Post Office in Concord.
V. 1975, 465:1, relative to duties of the legislative facilities committee.
VI. 1975, 479:4, relative to a legislative parking facility.
VII. 1975, 491:1 and 2, relative to state house renovations.
VIII. 1981, 568:79, relative to legislative branch employee fringe benefits.
IX. 1983, 469:110, relative to the office of legislative accounting.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill states the powers and duties of the legislative facilities committee, allows for designees of the majority and minority leaders appointed to the legislative facilities committee, and clarifies the availability of committee records. The bill also repeals certain historical session laws related to the legislative facilities committee.

HB 1442, relative to identifying legislative enactments as public policy. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Legislative Administration: The committee was very concerned with the chaos that this law would create and questions its constitutionality. New Hampshire is well representative of the people with its 400 member House and does not need referendums. Vote 10-1.
**HCR 20**, a resolution commending the New Hampshire committee for Employer Support of the Guard and Reserve. **OUGHT TO PASS.**  
Rep. Michael S. Rollo for Legislative Administration: This resolution honors the committee that makes it possible for New Hampshire Guard and Reservists to serve our state and nation without fear of reprisal by their employers if they are away from their jobs for an extended period of time. The committee serves as an ombudsman if the need arises to protect both employee and employer. Vote 9-0.

**HR 20**, recognizing Mendon McDonald for his service as chairman of the state committee on aging. **INEXPEDITIOUS TO LEGISLATE.**  
Rep. John B. Hunt for Legislative Administration: The sponsor’s needs were met with a Proclamation from the Speaker, so the resolution was not necessary. Vote 9-0.

**HB 1124**, relative to the wording of ballot questions and specifying that a simple majority is required to pass a ballot question, unless a supermajority vote is otherwise required. **INEXPEDITIOUS TO LEGISLATE.**  
Rep. Harry S. Gale for Municipal and County Government: This bill would require that any question seeking an appropriation be worded in a manner that requires a “yes” or a “no.” This bill also sought to require only a simple majority vote to pass a ballot question unless the law required a supermajority vote. The committee feels that this is a solution looking for a problem. The committee feels that the municipalities are wording their questions in an appropriate manner that allows understanding by their voters. Vote 16-0.

**HB 1174**, requiring that voters who request a secret ballot be present at the town meeting. **OUGHT TO PASS.**  
Rep. Andrew Renzullo for Municipal and County Government: This bill clarifies the RSA’s to specify that those requesting a secret ballot at a town meeting must be present at that town meeting. The committee feels this is common sense. Presently the law is silent and could be construed to allow signatures requesting a secret ballot to be collected outside of the meeting. While this may be highly unlikely to occur, the law needs to be made specific to prevent unintended consequences and ambiguity. Vote 15-0.

**HB 1196**, relative to cost items submitted to the town meeting. **INEXPEDITIOUS TO LEGISLATE.**  
Rep. Laurie J. Boyce for Municipal and County Government: In the collective bargaining statute, RSA 273-A, cost items of a multi-year contract need to be addressed in a warrant article in the first year and then may be placed in the operating budget in subsequent years during the period of the contract. This bill mandates placing the cost items every year on the ballot as a special warrant article. Public employee labor relations’ statutes require both parties to bargain in good faith. The placement of the cost items in a “special” warrant article may be construed as not bargaining in good faith. The bill also added to RSA 32:3, VI an additional definition of what constitutes a special warrant article. Vote 12-0.

**HB 1206**, relative to the assessing standards board. **OUGHT TO PASS WITH AMENDMENT.**  
Rep. Eric G. Stohl for Municipal and County Government: This bill deletes a requirement that the assessing standards board recommend the guidelines for the adequacy of tax maps since RSA 31:95-a already sets the requirements pertaining to tax maps, clarifies that a quorum of the assessing standards board is not required when holding public forums because no decisions are made during these public forums and changes the name of a job category for property assessor trainee to property assessor assistant. The bill, as amended, also requires the assessing standards board to recommend certain guidelines relative to revaluation and to adopt rules relative to the practices and procedures for mass appraisals. These guidelines will give documentation of the analysis of market data, assumptions and calculations used to set property values so that the governing bodies and the taxpayers of the State of New Hampshire will be able to understand the process by which their tax bill was generated. Vote 12-0.

**Amendment (0777h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Intent. The general court finds the assessing guidelines developed by the assessing standards board have been an effective tool in measuring the assessing practices throughout the state. In order to ensure fair and equitable assessing practices, the general court recommends
that some requirements regarding documentation are necessary to explain how the values are calculated, what assumptions are used by the assessing community in developing value, and the effect of those assumptions. Documentation of the analysis of market data used to set values are needed by the governing body and the taxpayers in the state of New Hampshire. The general court also finds that documentation, assumptions, and calculations shall be transparent for our citizens and shall be guided by the 2005 Edition of the Uniform Standards of Professional Appraisal Practices. Standard 6. The general court’s intent is that a written report of a revaluation or mass appraisal pursuant to Asb 301.10 must clearly communicate the elements, results, opinions, and value conclusions of the appraisal. This Standard 6 will be in effect until administrative rules are adopted by the assessing standards board using USPAP Standard 6. The general court does not intend to affect any existing municipal assessing contracts on file with the department of revenue administration as of the effective date of this act.

1. The assessing standards board shall recommend guidelines and appropriate legislation relative to:

(a) Guidelines to be followed by assessors, selectmen, and boards of assessors throughout the state, relating to the administration of the property tax and assessment of real property used in any state property tax system.

(b) The establishment of guidelines for monitoring of local assessment practices by the department of revenue administration (guidelines for the adequacy of tax maps and other records) and guidelines for audit by the department of revenue administration of municipalities.

(c) The establishment of guidelines for revaluations by July 1, 2006 based on the 2005 edition of USPAP Standard 6. The department of revenue administration shall in its assessment review process incorporate these guidelines and report its findings to the assessing standards board and the municipality, in accordance with RSA 21-J:11-a, II. These guidelines shall be reported to the assessing standards board for all reviews conducted on or after the April 1, 2006 assessment year. These guidelines shall be incorporated in the assessment review process for all reviews conducted on or after the April 1, 2007 assessment year.

(rev) (d) The identification of practices which constitute sales-chasing and penalties to be adopted by the legislature regarding such practices.

[rev] (e) Any study conducted for the purpose of determining the status of assessing practices or the improvement of assessing in the state.

I-a. The assessing standards board shall adopt rules, pursuant to RSA 541-A, relative to:

(a) The establishment of certification, continuing education, and revocation and suspension standards for assessing officials. The department of revenue administration shall be responsible for the enforcement of those standards.

(b) The forms and procedures necessary to fulfill the duties of the board consistent with board recommendations and to assure a fair opportunity for public comment.

(c) [The annual update and publication of an assessing procedures manual for selectmen and boards of assessors] The establishment of practices and procedures for mass appraisal which shall become standards for assessing officials.

II. All guidelines and practices developed or identified by the board, pursuant to this section, shall be reviewed and updated annually. The board shall hold a series of at least 3 public forums annually throughout the state to receive general comment through verbal and written testimony on assessing guidelines and practices. A quorum of the board shall not be required to hold such public forums.

III. The board, on or before December 1 of each year, shall report its findings and recommendations for proposed legislation to the governor, the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, and the state library.

3 Certification of Assessors; Functional Job Category. Amend RSA 21-J:14-f, II(b) to read as follows:

(b) Property assessor [trainee] assistant.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the assessing standards board to recommend certain guidelines relative to revaluations and to adopt rules relative to practices and procedures for mass appraisals.
This bill also deletes a requirement that the assessing standards board recommend guidelines for the adequacy of tax maps and other records; clarifies that a quorum of the assessing standards board is not required when holding public forums throughout the state; and changes the name of a job category for which a person may be certified by the department of revenue administration pursuant to rules adopted by the board.

**HB 1253**, authorizing contracts and probationary periods for the hiring of appointed police chiefs. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert W. Brundige for Municipal and County Government: This bill authorizes a town or city to appoint a police chief pursuant to a contract specifying that employment be for a certain period of time and/or a probationary period. Currently, the governing body may appoint the police chief. This position may continue as long as the office holder maintains good behavior unless sooner removed for cause by the governing body after notice and hearing. This bill seeks to add a provision for the governing body to hire a police chief pursuant to a contract. This contract will need to be signed by the police chief and members of the governing body that specifies that employment be for a certain period of time or subject to a probationary period, or both. The committee heard testimony from several members of the law enforcement community who were opposed to the bill. Much of this testimony highlighted that hiring a police chief through contracts/probation manner could undermine the authority of the chiefs, placing their position subject to the whims of the governing body. Vote 15-0.

**HB 1272**, relative to the authority of elected police chiefs in towns with populations of more than 3,000. **INEXPEDIENT TO LEGISLATE.**

Rep. Harry S. Gale for Municipal and County Government: This bill expands the authority of elected police chiefs in towns with populations of more than 3000. It sought to give exclusive authority to control all law enforcement services within the police department to the police chief. This included the terms and conditions of employment of subordinate officers and civilian employees. It further directed the selectmen to not interfere with the chief’s direct provision of law enforcement duty. The committee feels that the police chief should have control of any and all law enforcement activities within his jurisdiction without interference from the governing body. Currently, selectmen in these municipalities implement general policies for all departments. The selectmen at this time are also responsible for terms and conditions of employment for police officers and all civilian employees. The committee feels that to take away this general authority of the governing bodies would be inappropriate. Vote 15-0.

**HB 1282**, establishing a committee to study the reasons why the economically disadvantaged are relocating to rural communities. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen G. Prichard for Municipal and County Government: This bill asked for the establishment of a committee to study the reasons why the economically disadvantaged are relocating to rural communities. The underlying reason seemed to be a way of discovering how to stop poor people from moving to the north country to find social services and low cost housing. While obtaining more information can be helpful, the committee felt enough is known about the problems (results of a current survey were presented to the committee). What is needed now are suggestions for solutions which the legislature can then consider. Vote 12-2.

**HB 1301-L**, relative to the purchase of conservation, preservation, and agricultural preservation restrictions. **REFER FOR INTERIM STUDY.**

Rep. Nancy K. Johnson for Municipal and County Government: This bill applies to statutes in RSA 331-A:26 which are for governing the New Hampshire Real Estate Practice Act to the agent or agency using public funds for the purchase of conservation, preservation and agricultural preservation restrictions. The reason the committee wants to put this in interim study is it is recognized that there may be ethical abuses surrounding the purchase of the easement restrictions. Vote 14-2.

**HB 1320**, relative to penalties for planning and zoning violations. **OUTH TO PASS.**

Rep. Paul R. Hopfgarten for Municipal and County Government: This bill sets a fixed dollar amount for the daily fine for the first planning/zoning ordinance violation. The committee agrees with the sponsor that this provides for a non-discretionary fee schedule, whereas the current statute allows a judge to set a civil penalty of his/her choosing for the first offense. This makes the statute more standardized with the second and subsequent offenses already having a fixed dollar amount in the current statute. Vote 16-0.
HB 1330, clarifying the laws relative to municipal enrollment in the National Flood Insurance Program and relative to adopting flood insurance rate map amendments. **OUGHT TO PASS.** Rep. Eric G. Stohl for Municipal and County Government: The committee heard testimony that most municipalities in New Hampshire adopted flood plain ordinances when there was no statutory authority. This was not done irresponsibly; it was an oversight of the National Flood Insurance Program (NFIP) process. This bill ratifies these previously adopted municipal flood plain ordinances as well as enabling the adoption of flood insurance rate map amendments by a simple resolution of the local governing body. Vote 16-0.

HB 1339, relative to voting procedures for local land use boards. **INEXPEDIENT TO LEGISLATE.** Rep. Robert W. Brundige for Municipal and County Government: This bill would require any tie vote of a local land use board be declared a vote in favor of the motion. Implementation of this bill would reverse a time honored procedure that a tie vote fails. The applicant has the opportunity to appeal the decision. This bill could lead to mischief making of all sorts. Vote 12-2.

HB 1391, relative to the default budget in official ballot towns. **INEXPEDIENT TO LEGISLATE.** Rep. Stephen G. Prichard for Municipal and County Government: This bill requires a default budget to be reduced by unspent funds and defines certain items to be used in a default budget. Concerns about default budgets that are no lower than the proposed budget are problematic for some. While sympathetic to that concern, the committee believes this particular bill tries to remedy the problem by swapping the local boards' responsibility for a solution and mandating what should be and what should not be in the default budget. It belies the principal of local control. Several administrators directly involved in the process of creating default budgets made it clear that such "micro-managing" of budget making in this way will make the problem worse, not better. What is expended in one year does not necessarily have anything to do with what you have to spend next year. For instance, towns often don't know what "unspent funds" in the warrant budget will be when they are preparing next year's budget. Because the language in this bill is unclear, it would make its application in the wide variety of circumstances now existing in towns and school districts difficult at best and impossible at worst. Vote 11-1.

HB 1392, relative to school budget committee membership. **INEXPEDIENT TO LEGISLATE.** Rep. Harry S. Gale for Municipal and County Government: This bill requires the additional member in a cooperative school district that has a budget committee to serve as a non-voting liaison between the cooperative school board and the budget committee. The intent of the bill was to remove the ability of the liaison from having two bites of the apple in respect to the budget. Also, the bill increased the deadline for filling a vacancy on a cooperative school budget committee from 5 to 21 days. The committee was concerned that the action of making a non-voting member would create a possible situation that would affect other budget committees where governing bodies are part of the committee. In order to be fair and consistent it would be necessary to review all the different types of budget committees in their formation and composition. Vote 14-2.

HB 1405, relative to the schedule for the adoption, revision, and amendment of municipal charters. **REFER FOR INTERIM STUDY.** Rep. Robert W. Brundige for Municipal and County Government: Much work has been done pertaining to municipal charters but more needs to be done. An adhoc committee presented our committee with a recommended amendment. Due to time restrictions there was not sufficient time to do justice to the subject. Interim study will give the opportunity to study and present a bill that will improve the procedure for amending, revising and adoption of municipal charters. Vote 13-0.

HB 1430, allowing cities, towns, and counties to adopt an October 1 fiscal year. **INEXPEDIENT TO LEGISLATE.** Rep. Laurie J. Boyce for Municipal and County Government: During last year's budget process, a timing issue revolving around when the local school districts were notified of the amount of education funding that would be received was noticed by the sponsors of HB 1430. When the education funding formula was first established, the amount each district would receive was set in the fall and provided to the school districts in time for their budget preparations and spring school district meetings. Since then, the legislature has changed the education funding formula after local school district's budgets had been determined. The sponsors of HB 1430 attempted to address this issue by allowing cities, towns and counties the ability to adopt an October 1 fiscal year. However, the bill does not give school districts the same authority. The bill also raised more questions than it answered. There could be unintended consequences for the counties because of the December 17th required date for
the towns to pay the county portion of their taxes in accordance with RSA 29:11. The committee felt that at this time there is no need for another fiscal year. It would be too financially confusing in the cities, towns and counties and would not address the intent of the sponsors. Vote 14-0.

**HB 1441**, relative to the procedure for amending a municipal charter. INEXPEDITION TO LEGISLATE.
Rep. Nancy K. Johnson for Municipal and County Government: Under current law, charter amendments that are initiated by petitioners are approved by the state only after signatures are collected and verified. This bill requires the state to review the petitioner initiated amendment prior to the issuance of petitions, rather than after signatures are collected. The committee understands the merit of HB 1441. However, the committee also would like to take the subject matter of this bill and study it in relation to HB 1405, relative to the schedule for adoption, revision and amendment of Municipal Charters, which the committee is recommending to Interim Study. Vote 14-0.

**HB 1449-FN-L**, requiring a reduced property assessment when a building is damaged. INEXPEDITION TO LEGISLATE.
Rep. Mary R. Cooney for Municipal and County Government: The premise that property loses value if it is damaged has merit. However, the selectmen or board of assessors can abate property tax if such damage occurs. Problems would occur with town assessment values for the following year. Property valuation is tied to April 1st. If this bill passed it would create a moving target for assessments and valuation which would increase the need for documentation and changing of the assessed values that would increase costs at the local level. Vote 12-0.

**HB 1451-FN**, requiring a prorated assessment of new construction in the year completed. INEXPEDITION TO LEGISLATE.
Rep. Jessie L. Osborne for Municipal and County Government: This bill requires that any new construction shall be assessed at its improved value when it is completed and not at the current assessing property tax year. Currently, property is assessed at its market value as of April 1 annually. This bill would require the local assessor to determine the value of the completed structure, and then notify the tax collector within ten days of the new value. The tax collector then shall, within ten days, deliver a supplemental bill based upon the prorated amount. This procedure would add to the workload of the assessor and tax collector of the municipality which would constitute an unfunded mandate. Vote 12-0.

**HB 1487**, relative to marriage licenses. OUGHT TO PASS WITH AMENDMENT.
Rep. Stephen G. Prichard for Municipal and County Government: The original bill removes the three day waiting requirement for a marriage license. When blood tests were required for a marriage license, sufficient time was needed to complete the tests and get the results. Blood tests now are no longer required. Secondly, the bill also makes terms gender neutral when referring to those officiating at weddings. Lastly the original bill required town clerks to determine the sobriety of both the applicants. The bill as amended removes the sobriety determination by the town clerks. Vote 15-2.

**Amendment (0788h)**

Amend the bill by replacing section 1 with the following:

1 Marriage License. Amend RSA 457:26 to read as follows:

457:26 Marriage License. The town clerk shall deliver to the parties a marriage license embodying the facts required in RSA 457:22, specifying the time when the application was entered, which license shall be delivered to the minister or magistrate who is to officiate, before the marriage is solemnized. The license shall be valid for [a period of not less than 3 days and] not more than 90 days from the date of filing.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect 60 days after its passage.

**AMENDED ANALYSIS**

This bill removes the 3-day waiting requirement for a marriage license. The bill also requires gender neutral references to clergy on marriage license forms.

**HB 1508**, relative to acceptance of applications by planning boards. OUGHT TO PASS WITH AMENDMENT.
Rep. David L. Buhlman for Municipal and County Government: This bill sets the timeline for applications to planning boards to be vested at the point when the planning board notifies the
Amend the bill by replacing section 1 with the following:

1 Building Permits to be Withheld in Certain Cases; Plat or Application Subject of Notice. Amend RSA 676:12, VI to read as follows:

VI. The provisions of paragraph I shall not apply to any plat or application which has been [formally accepted] the subject of notice by the planning board pursuant to RSA 676:4, [I(b)] I(d) prior to the first legal notice of a proposed change in a building code or zoning ordinance or any amendment thereto. No proposed subdivision or site plan review or zoning ordinance or amendment thereto shall affect a plat or application [formally accepted] which has been the subject of notice by the planning board pursuant to RSA 676:4, [I(b)] I(d) so long as said plat or application was [accepted] the subject of notice prior to the first legal notice of said change or amendment.

AMENDED ANALYSIS

This bill exempts plats and applications which have been the subject of notice by the planning board from the moratorium on building permits when changes are proposed in the zoning ordinance or building code for consideration at a town or village district meeting.

HB 1520, requiring certain information in the financial reports of counties. INEXPEDIENT TO LEGISLATE.

Rep. Eric Stohl for Municipal and County Government: This bill requires financial reports of counties that are submitted to the department of revenue administration to include capital expenses, operating expenses, and revenues allocated by town. The required information that counties need to provide now is a summary of receipts and expenditures according to uniform classifications. A balance sheet showing assets and liabilities at the close of every year is also required at the present time. The committee feels that the additional requirement to list this information by municipality would require additional work for the counties. Some counties stated that they would have to hire additional personnel and purchase new software to accomplish the data that is required by the bill. The committee feels that this data is available now at the counties to anyone that wishes it. The committee does not believe that this bill is needed. Vote 13-1.

HB 1529, establishing a committee to study the implantation and use of growth management ordinances. INEXPEDIENT TO LEGISLATE.

Rep. Robert W. Brundige for Municipal and County Government: The intent of this bill was to look at the requirements of growth management ordinances described in RSA 674 and to study the impact of the growth in all its aspects at the local and regional level. Some town growth ordinances seem to be forever while some towns are fulfilling the requirements to update and upgrade the town infrastructure to accommodate growth. At the present time, the Growth and Development Roundtable, consisting of a broad coalition of diverse interests concerning growth and its impact on our quality of life, our economy, our landscape and our ability to afford homes, is meeting to address some of the growth management issues. The sponsor is willing to attend these meetings and to listen to the concerns of the group that may result in another bill in the coming session that will suggest solid solutions. With this energy already being focused within the state, the committee felt that a less formal arrangement is a better solution than a study committee at this time. Vote 12-0.

HB 1614-FN-L, relative to bonding requirements for certain roads. INEXPEDIENT TO LEGISLATE.

Rep. Jessie L. Osborne for Municipal and County Government: The committee believes that this bill should be voted inexpedient to legislate because it would allow builders to escape any responsibility by having the subcontractors pay for the bonds. The site review cost per square foot is arbitrary and might not cover the actual costs and there is no definition as to what constitutes a disturbed area. Vote 12-0.
HB 1627, relative to the assessment of open space land. **OUGHT TO PASS.**
Rep. Eric G. Stohl for Municipal and County Government: This bill eliminates the requirement that the valuations of open space land be equalized for the purposes of assessing current use taxes. Equalization brings all property assessments to fair market value within the community, county and state. Current use values are assessed by the category of potential revenue that could be produced from the land. The amount of tax generated from current use properties is significantly less than residential/commercial properties. The workload placed upon the municipalities to equalize current use values is not cost productive. Vote 12-0.

HB 1631-FN-L, relative to property taxation of certain property of the Appalachian Mountain Club. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Eric G. Stohl for Municipal and County Government: The Appalachian Mountain Club (AMC) is a major factor in promoting the protection, enjoyment and wise use of the natural resources of the State of New Hampshire. AMC assists in the search and rescue of hikers in the White Mountains and maintains hiking trails and hut systems within the forests and mountains of New Hampshire. The bill, as originally introduced, provided for taxation of the land and buildings of the Highland Center in the town of Carroll, the Pinkham’s Notch Center in the unincorporated place of Pinkham’s Grant and the Cardigan Lodge in the town of Alexandria operated by the AMC because the bill sponsors believe that some of the facilities may create competition with local lodging and restaurant businesses. To address this concern, the committee recommends that the public policy should be to encourage payment in lieu of taxes. The final amendment that was submitted to the committee for consideration subjected these facilities to certain payments in lieu of taxes (PILOT) to their host municipalities. The committee feels that it is imperative that the AMC and the host municipalities enter into negotiations in good faith so that AMC does not compete with the local business and, if they do so, they should pay their appropriate share of property taxes in the form of a PILOT. The committee further feels that if the parties cannot agree on the amount of the PILOT that either party may file an appeal with the Board of Tax and Land Appeals (BTLA). Vote 14-0.

Amendment (1237h)
Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Intent.
   I. The general court recognizes that the Appalachian Mountain Club (AMC) has and continues to be a major factor in promoting the protection, enjoyment, and wise use of the natural resources in the state of New Hampshire. The general court further recognizes that, in addition, the AMC has assisted in the search and rescue of hikers in the White Mountains, and annually undertaken work to maintain and improve hiking trails and hut systems within the forests and mountains of New Hampshire. These core missions of AMC are well recognized to be of significant benefit to the citizens of this state.
   II. The general court finds that the AMC is considered an educational, public-service-oriented organization and therefore enjoys property tax-exempt status as a charitable organization pursuant to RSA 72. The general court finds that the AMC also maintains and operates other overnight facilities including the Highland Center in the town of Carroll, the Pinkham’s Notch Visitor’s Center in the unincorporated place of Pinkham’s Grant, and the Cardigan Lodge in the town of Alexandria which serve the scientific, artistic, and educational purposes for which the corporation has been granted an exemption from property taxation. The general court finds that these mixed use activities may be construed to create competition with local businesses. Therefore the public policy is to encourage the payment in lieu of taxes to the host municipality.
   2 Certain Property of the Appalachian Mountain Club; Payments in Lieu of Taxes. The Appalachian Mountain Club, regarding its ownership and operation of the Highland Center in the town of Carroll, the Pinkham’s Notch Visitor’s Center in the unincorporated place of Pinkham’s Grant, and the Cardigan Lodge in the town of Alexandria, shall enter into negotiations for a payment in lieu of taxes with the respective governing bodies in which such facilities are located which shall be based on usage of the facility as determined by the parties. The department of revenue administration may assist in determining the usage at the Appalachian Mountain Club’s Highland Center, Pinkham’s Notch Visitor’s Center, and Cardigan Lodge. If the parties cannot agree on the amount of payment in lieu of taxes, either party may file an appeal with the board of tax and land appeals pursuant to RSA 71-B no later than April 15 of the tax year. The board of tax and land appeals shall render a decision on such appeals within 3 months of the date of filing. The decision of the board of tax and land appeals shall be appealable pursuant to RSA 541.
   3 Effective Date. This act shall take effect 60 days after its passage.
AMENDED ANALYSIS

This bill requires that the land and buildings of 3 facilities operated by the Appalachian Mountain Club be subject to certain payments in lieu of taxes.

HB 1637-FN-L, reducing the rate of the timber tax. INEXPEDIENT TO LEGISLATE.
Rep. Harry S. Gale for Municipal and County Government: This bill reduces the rate of the timber tax from ten percent on the stumpage value at the time of cutting to seven percent. Many communities, especially in the North Country, rely on this tax to supplement their budgets. The intent of the timber tax, also known as yield tax, is just that — a yield tax, due to the fact that property in the State of New Hampshire that has standing timber on it is only assessed for the value of the land itself and the value of the timber is never assessed until it is harvested. Therein lies the term “yield tax.” In a general sense this timber tax/yield tax is paid by the person doing the harvesting, not the landowner. The result of reducing the timber tax will be to increase the property tax rate. Vote 14-0.

HB 1755, establishing a statutory property tax relief commission, and relative to information on property tax bills. INEXPEDIENT TO LEGISLATE.
Rep. John P. Dowd for Municipal and County Government: This bill establishes a statutory property tax relief commission to make recommendations on tax exemptions, reverse mortgages and other methods for tax relief. The bill also requires that a reference to a brochure and where to get the brochure is printed on the tax bill or inserted in the tax bill. Many municipalities still use “mailers” that do not allow for any inserts. Also if the municipalities are forced to add additional information, it will require supplements to be mailed, effectively doubling the cost of mailing tax bills, possible creating an unfunded mandate. The Department of Revenue Administration already has brochures available to explain any and all property tax exemptions that could be sent to the municipalities upon request. Therefore, there is no need for this bill. Vote 11-1.

HB 1215, relative to the winter maintenance of Diamond Pond Road in the towns of Colebrook and Stewartstown. OUGHT TO PASS WITH AMENDMENT.
Rep. Franklin T. Tilton for Public Works and Highways: Since 1967, the Commissioner of Transportation has been authorized to reimburse the towns of Colebrook and Stewartstown for the winter maintenance of 4.33 miles of a class III highway, known as Diamond Pond Road, from January 1 until April 1 of each year. The last increase in the rate of payment was in 1985. This bill increases the rate from $1500 to $2500 per mile and the amendment provides for future payments to be 102 percent of the previous biennium’s payment. Vote 15-0.

Amendment (0903h)
Amend the bill by replacing section 3 with the following:

3 Future Winter Maintenance Payments by State. For the biennium beginning July 1, 2007 and every biennium thereafter, the Diamond Pond Road maintenance payment calculated for the previous biennium shall be multiplied by 102 percent. The product shall be the payment to the towns of Colebrook and Stewartstown for the next biennium.

AMENDED ANALYSIS

This bill increases the winter maintenance payment to the towns of Colebrook and Stewartstown for maintaining the state road to Diamond Pond from $1,500 to $2,500 per mile and provides for future payments to be 102 percent of the previous biennium’s payment. The payment was last increased in 1985.

HB 1223-FN, relative to the use of real estate brokers by the department of transportation. OUGHT TO PASS WITH AMENDMENT.
Rep. David B. Campbell for Public Works and Highways: The intent of this bill is to allow the Department of Transportation flexibility in the use of real estate professionals (brokers) in the disposition of excess industrial or commercial real estate owned by D.O.T. The current legislation as passed last session, according to the Attorney General’s Office, can be interpreted to require that D.O.T. must use real estate professionals in disposition of all excess D.O.T. industrial and commercial property. This was not the intent of the Public Works Committee when it recommended passage of the original legislation last year. The amendment adds further flexibility and legislative accountability by giving the Long Range Capital Planning and Utilization Committee (which has oversight in the disposition of excess D.O.T. property) the power to require that D.O.T. use real estate professionals in the sale of any particular parcel or parcels. Vote 17-0.
Amendment (0753h)

Amend the bill by replacing section 1 with the following:

1 Intent. The intent of this act is to allow the department of transportation to contract with licensed real estate professionals to sell excess commercial and industrial property owned by the department.

Amend RSA 228:31-b, II as inserted by section 2 of the bill by replacing it with the following:

II. The general court hereby declares that [it shall be the policy of] the department of transportation [to] may negotiate contracts for professional real estate services on the basis of demonstrated competence and qualifications for the type of professional services required, and at fair and reasonable prices, to sell surplus commercial and industrial property obtained with funds derived from the highway fund or the turnpike fund; provided that the long range capital planning and utilization committee, established in RSA 17-M, may require the department of transportation to use professional real estate services for the sale of any parcel or parcels of excess commercial or industrial property.

Amend the bill by inserting after section 2 the following and renumbering the original sections 3 and 4 to read as 4 and 5, respectively:

3 New Subparagraph; New Duty Added. Amend RSA 17-M:2, I(b) by inserting after subparagraph (3) the following new subparagraph:

(4) Have the authority to require that professional real estate services be used for the sale of a certain parcel or parcels of property in accordance with RSA 228:31-b, II.

AMENDED ANALYSIS

This bill allows the department of transportation to use licensed real estate professionals in the sale of certain real estate, and allows the long range capital planning and utilization committee to require that real estate professionals be used for the sale of certain parcels.

HB 1344, relative to a certain highway project in Merrimack. REFER FOR INTERIM STUDY. Rep. John A. Graham for Public Works and Highways: The bill as introduced would have dedicated the proceeds from the sale of certain parcels of land to be dedicated to the construction of portions of the Nashua “circumferential highway.” The committee feels that any discussion regarding highway or bridge construction, including the sources of funding, should take place in the context of the state’s Ten Year Transportation Plan. The prime sponsor of the bill was agreeable to this approach and the issue will be discussed during the public hearings on the Ten Year Highway Plan. Vote 14-0.

HB 1352, relative to the placement of regional electronic toll collection system transponder readers. INEXPEDIENT TO LEGISLATE. Rep. Franklin T. Tilton for Public Works and Highways: This bill would restrict the placement of transponder readers for the regional toll collection system to toll booths. The committee felt that this bill would have deprived the Department of Transportation of a useful tool that could be beneficial in traffic counting and traffic management. The committee strongly encouraged the Department of Transportation to establish a policy for any use of transponder readers at locations other than toll booths and the Department of Transportation agreed to do so. Vote 10-3.

HB 1360-FN-L, relative to law enforcement accounts in the regional electronic toll collection system. INEXPEDIENT TO LEGISLATE. Rep. James W. Danforth for Public Works and Highways: The committee felt that this bill, in allowing all unmarked municipal law enforcement vehicles to be exempt from tolls on the turnpike system, creates too many issues and problems. There is no limit on how many free transponders could be issued to each municipality for law enforcement vehicles. The issue of off duty use and the fact that the transponders are easily transferable makes accountability difficult. Presently, marked and/or unmarked vehicles may pass through the toll plaza free of charge by showing the proper identification. Additionally, the Department of Transportation has no method to renew accounts to insure proper on-going use. The Department of Transportation is constantly working on the evolving E-Z Pass program and as technology improves the department will be in a better position to accommodate these few municipal vehicles. Vote 16-1.
HB 1530, naming the road to the supreme court and the administrative office of the courts Charles Doe Drive and naming the campus of the supreme court and the administrative office of the courts Charles Doe Place. OUGHT TO PASS.

Rep. Robert A. Foose for Public Works and Highways: This action, requested by the Supreme Court, honors the memory of Charles Doe (1830-1896), a native of Derry, who served with distinction for thirty-five years on the Supreme Court until his death in 1896. The committee feels that this is totally appropriate. Vote 16-1.

HB 1536, relative to bonds required from persons excavating or disturbing certain highways. OUGHT TO PASS WITH AMENDMENT.

Rep. Mark E. McConkey for Public Works and Highways: Testimony from timberland owners stated that RSA 236:10 does not allow persons or entity’s the right to offer cash as an acceptable form of security and they have had difficulty collecting their security after the excavation or disturbance was complete. House Bill 1536 amends RSA 236:10 adding the option of cash as an acceptable form of security and once work is completed, the authority that granted permission shall not arbitrarily withhold funds, but shall make a good faith effort to resolve any difference with the contractor. Timber owners additionally testified that they were having trouble with authorities requiring restoration that exceeded the condition of the roadway prior to their disturbance. RSA 236:11 requires the contractor to restore the highway to the satisfaction of the official empowered to give such written permission. House Bill 1536 amends RSA 236:11 to read that the highway shall be returned to a condition at least equal to the condition that was present before the excavation, or disturbance was initiated. Vote 12-1.

Amendment (1146h)

Amend the bill by replacing all after the enacting clause with the following:

1 Regulations; Bond. Amend RSA 236:10 to read as follows:

236:10 Regulations; Bond. The person or entity giving such written permission may make rules and regulations to govern the excavation and restoration of such highway and may require that a bond satisfactory to him or her be furnished to the state, city, or town providing for the satisfactory restoration of the highway. The person or entity providing the bond shall determine the type of bond furnished and it may be in the form of cash, letter of credit from a bank or lending institution licensed in New Hampshire and acceptable to the person giving written permission, or a bond furnished by an insurance company. The person or entity granting permission shall not arbitrarily withhold funds from any cash bond or letter of credit, but shall first make a good faith effort to resolve any differences with the contractor doing the excavation or restoration.

2 Restoration; Standard. Amend RSA 236:11 to read as follows:

236:11 Restoration. Any person, entity, or corporation who excavates or disturbs the shoulders, ditches, embankments, or the surface improved for travel of any such highway shall restore such highway to the satisfaction of the official empowered to give such written permission a condition at least equal to the condition that was present before the excavation or disturbance.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires persons who excavate or disturb the shoulders, ditches, embankments, or surface of highways to post a bond to return the highway to its prior condition.

HB 1655-FN-A, making rail system development a complement to the Interstate Route 93 highway expansion project. INEXPEDIENT TO LEGISLATE.

Rep. Kevin K. Waterhouse for Public Works and Highways: The committee understands and respects the motives underlying this bill. We understand the desire for a multi-modal transportation system to serve the needs of one of the fastest growing states in the nation. However, this bill relies on bonding in excess of the states capacity for a project inferior in priority to the Lowell to Nashua to Manchester rail line. This bill, as submitted, does not answer questions as to what operating costs would be subsidized by the state’s general fund. It has not been shown that a commuter rail line built with no plan for Massachusets’ cooperation would reduce the need for a four lane addition to I-93. Furthermore, the committee heard testimony that at this time commuter rail is not as flexible as the express bus service that could be provided by paving the “extra lane” in the DOT’s plan. Vote 16-0.
HB 1259, relative to the classification of wetlands as contributing or noncontributing. INEXPERIEN-
DIENT TO LEGISLATE.
Rep. Elisabeth N. Sanders for Resources, Recreation and Development: This bill would require
the department of environmental services to develop criteria for classifying wetlands as contribut-
ing or noncontributing and makes noncontributing wetlands exempt from regulation. The major-
ity of testimony opposed the bill for a variety of reasons, including severe costs to develop such
a classification system especially as wetlands are not static; the current cooperative application
system between the US Army Corps of Engineers and the State of New Hampshire is a stream-
lined and cost effective program that could be in jeopardy; and the need for SB 140 relative to
wetland in-lieu fee program would be virtually eliminated. This bill would essentially allow small
“noncontributing” wetlands to be filled without regulation, and there would be more of a negative
impact to existing wetlands programs and regulations, than would be gained. Vote 18-0.

HB 1289, relative to Pennichuck Brook and its watershed. OUGHT TO PASS WITH AMEND-
MENT.
Rep. Mary Ellen Martin for Resources, Recreation and Development: This provides a structure
for protecting the water quality of the principal drinking water supply source for Nashua and other
municipalities of the region. The Department of Environmental Services (DES), US EPA, and the
US water supply profession affirm that source protection is a key component of their preferred
approach. Vote 18-0.

Amendment (0973h)
Amend the bill by replacing all after the enacting clause with the following:
1 New Subdivision; Pennichuck Brook and Watershed. Amend RSA 485 by inserting after sec-
tion 61 the following new subdivision:

Pennichuck Brook and Watershed

485:62 Purpose. The purpose of this subdivision is to protect the purity of water of the
Pennichuck Brook pond system, which is the principal drinking water supply source for the city
of Nashua and an important water supply source for other municipalities in the region receiv-
ing water from the Pennichuck Water Works system.

485:63 Affected Area. This subdivision shall be effective within the Pennichuck Brook watershed
above the Supply Pond dam which is located at approximate latitude 42 degrees 47' 30", longitude
71 degrees 28' 29", in the towns of Amherst, Hollis, Merrimack, Milford, and the city of Nashua.

485:64 Definitions. In this subdivision:
I. “Pennichuck Brook ponds” means the series of ponds or impoundments and the connecting
waters on Pennichuck Brook beginning with Pennichuck Pond and terminating at the Supply Pond dam.
II. “Pennichuck Water Works” means the owner of the public water system serving the city
of Nashua and portions of other towns in the region;
III. “Protected area” means that portion of the area described in RSA 485:63 above which lies:
(a) Within 400 feet of the reference line of the Pennichuck Brook ponds;
(b) Within 200 feet of the reference line of any stream or other water body tributary to said
ponds visible on the version of the U. S. Geological Survey 7 ½minute topographic maps current
in 2006, except for intermittent streams depicted with a broken line; or
(c) Within 100 feet of any intermittent tributary visible on the version of the U. S. Geo-
logical Survey 7 ½minute topographic maps current in 2006, or any wetland adjacent to the
Pennichuck Brook ponds or other water body tributary to said ponds.
IV. “Reference line” means “reference line” as defined in RSA 483-B:4, XVII.
V. “Restricted area” means that portion of the protected area which is a wetland or lies within
100 feet of the reference line of the Pennichuck Brook ponds or any stream or other water body
tributary to said ponds.
VI. “Wetland” means “wetland” as defined in RSA 482-A:2, X.

485:65 Prohibited Activities. No person shall:
I. Alter the terrain, build, or expand any structure or pavement, or any septic system, cess-
pool, privy, or other device for the reception, storage, or discharge of domestic sewage, other than
a structure necessary for the operation of the water works within the restricted area.
II. Allow any wastewater, sink drainage, excrement, or water that has been used for washing
or cleansing materials, persons, or food, to run into any of the Pennichuck Brook ponds or their
tributaries, or into any excavation or cesspool in the ground or onto the surface of any ground within
the restricted area.
III. Deposit any substance which is subject to decay, including any dead animal or fish or parts thereof, food or food waste, or any waste, into the waters of or upon the ice of the Pennichuck Brook ponds or their tributaries or in the restricted area.

IV. Place or leave within the protected area any hazardous waste, as defined in RSA 147-A.

V. Place or leave within the protected area any solid waste as defined in RSA 149-M.

VI. Place or leave within the protected area any chemical waste or regulated contaminant as defined in RSA 485-C:2, XIII.

VII. Store on the ground any bulk fertilizer, compost, or manure within the protected area. This paragraph shall not prohibit outdoor storage of such items where protections approved by the department of agriculture, markets, and food to prevent leaching into the soil are used.

VIII. Place or use any boat, floating device, or recreational equipment on the Pennichuck Brook ponds below Holt Pond Dam, located at Thornton Road in the city of Nashua and the town of Merrimack.

IX. Bathe, swim, or wade in the Pennichuck Brook ponds.

X. Place or use a boat, floating device, or other equipment powered by petroleum products on the Pennichuck Brook ponds.

XI. Permit or take any action of any kind which may endanger the purity of the Pennichuck Brook ponds.

XII. Apply pesticides or herbicides as defined in RSA 430:29 within the area under RSA 485:63, other than in strict conformance with the rules of the New Hampshire pesticide control board.

XIII. Apply fertilizer, manure, or compost to the land in the affected area under RSA 485:63, other than in strict conformance with Manual of Best Management Practices for Agriculture in New Hampshire, reprinted May 2001, or any subsequent best management practices identified and published by the commissioner of agriculture, markets, and food under RSA 431:34.

485:66 Exemptions. RSA 485:65 shall not apply to:

I. Employees of Pennichuck Water Works or their designees engaged in the performance of necessary duties for studying, monitoring, protecting, and controlling said stream and ponds.

II. The establishment and maintenance of trails and other facilities for passive recreational uses.

III. The establishment and maintenance of facilities for the operation of the water works.

485:67 Development Restrictions.

I. (a) Development in the entire protected area shall be subject to the minimum shoreland protection standards that normally apply within the 250-foot protected shoreland and the natural woodland buffer requirement that normally applies within 150 feet of the reference line provided for in RSA 483-B:9.

(b) In determining whether a natural woodland buffer is “existing” in the sense of RSA 483-B:9, V(a)(1), the department shall determine whether said buffer existed as of the effective date of this subdivision.

II. The following shall apply to any activity requiring local subdivision approval or site plan approval that will result in impervious cover of more than 15 percent of the lots involved within the area described in RSA 485:63:

(a) Infiltration of stormwater from a 2-year, 24-hour storm event post-development shall equal or exceed infiltration from the 2-year, 24-hour storm event pre-development.

(b) A stormwater management system shall be designed to comply with rules adopted by the department and to remove 80 percent of the average annual load of total suspended solids, grease, oil, and floatables in the runoff leaving the site after the site is developed.

(c) A stormwater management system shall have an operation and maintenance plan to ensure that the system continues to function as designed.

(d) The owner of the land on which the stormwater management system is located shall operate and maintain the system according to the plan required in subparagraph (c).
(c) The owner of the land on which such activity is proposed to take place shall provide a copy of all submissions required by the local planning board to Pennichuck Water Works, Nashua Regional Planning Commission, Pennichuck Brook Watershed Council, and the planning boards of the municipalities named in RSA 485:63, at the same time such submissions are provided to the local planning board, to enable all parties to determine whether the proposed activity will comply with the standards in this paragraph.

485:68 Nonconforming Uses. An existing nonconforming land use within the protected area shall be governed by the following:

I. A nonconforming land use existing as of the effective date of this subdivision may be continued, subject to the following:
   (a) On lawns or areas with grass, no fertilizers may be used except those used in accordance with the department of agriculture, markets, and food’s best management practices under RSA 431:34.
   (b) The department shall require the use of best management practices if the department determines they are needed to restore or protect water quality.

(c) Existing agricultural operations operating in compliance with the Manual of Best Management Practices for Agriculture in New Hampshire, reprinted May 2001, or any subsequent best management practices identified and published by the commissioner of agriculture, markets, and food pursuant to RSA 431:34, shall be exempt from the restrictions in subparagraph (a).

II. If a change in use, including a change from seasonal to year-round use or an increase in the intensity of a land use to such an extent that the nature or magnitude of its impact on water quality can be expected to increase, occurs or is proposed, all of the requirements of this subdivision shall apply.

III. If an existing nonconforming use is discontinued for 2 consecutive years, all the requirements of this subdivision shall apply.

485:69 Notice. The Pennichuck Water Works shall provide to the public a summary of the prohibitions listed below by:

I. Posting notice at all locations identified by the department where persons might reasonably be expected to access the Pennichuck Brook ponds or their tributaries.

II. Publishing notice annually in a newspaper of general circulation in the areas affected by said provisions.

III. Providing a copy of this section annually to the planning board and conservation commission of each municipality listed in RSA 485:63.

485:70 Enforcement. In accordance with the provisions of RSA 485:24, the department shall designate the health officers and the boards of health of the city of Nashua and the towns of Amherst, Hollis, Merrimack, and Milford and their duly authorized agents as agents of the department for the enforcement of this section in cooperation with the department.

485:71 Penalty. Any person violating this subdivision shall, in accordance with RSA 485:26, be guilty of a misdemeanor if a natural person or guilty of a felony if any other person.

485:72 Effect on Local Ordinances. Nothing in this chapter shall be deemed to preempt the authority of the municipalities in the affected area, under other statutes, to enact local ordinances or regulations protecting Pennichuck Brook and its watershed; provided, however, that requirements imposed under this subdivision shall be considered as minimum.

2 Effective Date. This act shall take effect January 1, 2007.

AMENDED ANALYSIS

This bill codifies certain proposed rules of the department of environmental services to protect the purity of Pennichuck Brook and its watershed.

HB 1315, relative to the definition and classification of dams. OUGHT TO PASS WITH AMENDMENT.

Rep. Mary Ellen Martin for Resources, Recreation and Development: This bill clarifies the definition and hazard classification of a dam. The current ABC designation does not tell you which is best or worst. We now classify each as low, significant or high level of hazard potential. It also exempts certain storm water detention areas from being defined as a dam. Vote 17-0.

Amendment (0935h)

Amend RSA 482:2, II(a) as inserted by section 2 of the bill by replacing it with the following:

II.(a) “Dam” means any artificial barrier, including appurtenant works, which impounds or diverts water, and which has a height of 4 feet or more, or a storage capacity of 2 acre-feet or more,
or is located at the outlet of a great pond. A roadway culvert shall not be considered a dam if its invert is at the natural bed of the water course, it has adequate discharge capacity, and it does not impound water under normal circumstances. Artificial barriers which create surface impoundments for liquid industrial or liquid commercial wastes, septic, or [municipal] sewage, regardless of height or storage capacity, shall be considered dams.

**HB 1317**, relative to the eradication of exotic aquatic weeds. **OUIGHT TO PASS WITH AMENDMENT.**

Rep. Donald A. Brueggemann for Resources, Recreation and Development: This bill was initiated by the Exotic Aquatic Weeds Committee which was established as a clearing house and legislative focus for addressing invasive species in state waters. During the past couple of years, an integrated approach that includes hand-pulling, barriers, monitoring, mapping and targeted herbicide application has yielded significant success. The experience of a treatment for variable milfoil to Lower Suncook Lake two seasons ago has even raised the possibility of eradication. If this possibility is to be fulfilled, however, it was clear that a more flexible and straight-forward aquatic herbicide application process was necessary. The original bill changed primary oversight of aquatic herbicide application from the Department of Agriculture to the Department of Environmental Services. The amendment eliminates this change, but instead requires the four departments that have oversight (including Fish and Game and DRED) to prepare a report to be submitted to the Exotic Aquatic Weeds Committee that evaluates the current permitting process for aquatic herbicide applications and offers suggestions for improvements. Vote 17-0.

**Amendment** (0933h)

Amend the title of the bill by replacing it with the following:

**AN ACT** relative to the control or eradication of exotic aquatic weeds and requiring a review by the department of agriculture, markets, and food, the department of environmental services, the fish and game department, and the department of resources and economic development, evaluating the current permitting process for special permits for aquatic applications of pesticides to control or eradicate exotic aquatic weeds and making recommendations to improve the process.

Amend the bill by replacing all after the enacting clause with the following:

1. **Control of Exotic Aquatic Weeds.** Amend RSA 487:17, II(b) to read as follows:

   (b) Control [small new] infestations of exotic aquatic weeds, according to the following criteria:

   (1) [The waterbody had been free, within the previous 5 years, of the exotic aquatic weed to be treated:

   (2) The infestation is not widespread in the waterbody, and] The department shall have determined that the exotic aquatic weed can in fact be controlled in the waterbody.

   [(3) (2) The most environmentally sound treatment technique relative to the specific infestation will be used, which also meets the requirements of state rules, including rules adopted under RSA 430.

   2. Report Required.

   I. The department of agriculture, markets, and food, the department of environmental services, the fish and game department, and the department of resources and economic development shall prepare a report that evaluates the current permitting process for aquatic applications of pesticides to control or eradicate exotic aquatic weeds and makes recommendations to improve that permitting process. The report shall be prepared in consultation with appropriate stakeholders, including licensed aquatic applicators, lake associations, environmental protection groups, and others interested in critiquing and improving the current special permitting process for aquatic herbicide applications. The report shall include identification and analysis of potential improvements to the current permitting process that would support and enhance integrated pest management practices and not increase risk to public health or the environment or violate federal regulations including:

   (a) Improvements related to creating a more flexible permitting process including consideration of changes to allow for the use of certain pesticides, weather-related delays, locational changes, and addressing the need for follow-up pesticide treatments while also providing appropriate notification and protection of water users;
(b) Changes that would allow for a reduction in the time it takes to obtain a special permit to apply pesticides to control or eradicate exotic aquatic weeds including but not limited to interagency communication and notification requirements;

(c) Changes that may be appropriate for new infestations or the use of integrated pest management approaches.

II. The department of agriculture, markets, and food, the department of environmental services, the fish and game department, and the department of resources and economic development shall report their findings and any recommendations for proposed rules changes or legislation, or both, to the exotic aquatic weeds and species committee, established under RSA 487:30, by September 30, 2006. Interim progress reports may be requested by the committee.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill changes certain criteria for the control of exotic aquatic weeds and requires a report from the department of agriculture, markets, and food, the department of environmental services, the fish and game department, and the department of resources and economic development that evaluates the current permitting process for special permits for aquatic applications of pesticides to control or eradicate exotic aquatic weeds and makes recommendations to improve the process. These recommendations for rules change or legislation, or both, will be reported to the exotic weeds and species committee.

HB 1395, relative to public drinking water protection. REFER FOR INTERIM STUDY.
Rep. Richard T. Cooney for Resources, Recreation and Development: This bill, and various proposed amendments, has the intent of protecting our drinking water. The committee agrees with intent but has several problems with the language of the bill and proposed amendments and felt more study was needed. Vote 17-0.

HB 1446, establishing requirements for the development of a regional all terrain vehicle (ATV) park in the city of Berlin. OUGHT TO PASS WITH AMENDMENT.
Rep. Judith T. Spang for Resources, Recreation and Development: New Hampshire's newest and third largest park will be developed to accommodate New England wide ATV use. It will also include the current uses of Jericho Lake, snowmobiling cross country skiing and hiking. The committee felt that a management plan for the park should be developed and presented to the public and the legislature before the park is formally opened. This would include financial plans and memoranda of understanding for enforcement and emergency services. The Department of Resources and Economic Development (DRED) has agreed that the plan can be readily prepared and presented to the public by the time the park opens. The bill also calls for DRED to present a progress report to the legislature to pull together data gathered but not assembled in a comprehensive report. Vote 17-0.

Amendment (0022h)
Amend the title of the bill by replacing it with the following:

AN ACT requiring the department of resources and economic development to prepare and submit a management and financial plan to the general court and the public prior to the opening of the Berlin regional ATV park.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Off Highway Recreational Vehicles; State Park in Berlin. Amend RSA 215A by inserting after section 44 the following new subdivision:

Park Management Plan

I. Prior to the formal opening of the park in the city of Berlin to ATV use, the commissioner of the department of resources and economic development shall develop a management and financial plan and shall present the plan to the public and the general court. The plan shall include, but not be limited to:

(a) Existing land uses, including acreage, park boundaries, trails, facilities, recreational areas, and natural areas.

(b) Proposed park land uses, including extent and location of trails by user type, facilities for visitors and park management, non-trail recreational resources, natural areas and their management, and buffer areas.
(c) Proposed improvements and estimated phasing schedule, including improvements to be made prior to opening of the park.

(d) Provisions for enforcement of OHRV regulations and for emergency response, including memora nda of understanding with state agencies, municipalities, and other groups.

(e) A financial plan, including proposed expenditures and sources of revenues.

II. In accordance with RSA 215-A:41, II(f), the plan shall be presented at a public hearing advertised in a newspaper of statewide circulation. Prior to this hearing, the plan shall be presented to appropriate legislative committees and to the governor.

III. An annual report shall be presented to the speaker of the house of representatives, the senate president, the house resources, recreation and development committee, the senate environment and wildlife committee, and the governor by January 15 of each year. The report shall include:

(a) Development completed within the park.

(b) Projected development for the coming year.

(c) A financial report on revenues and expenditures for the past year and projections for the next 5 years.

(d) The number of visitors and report of enforcement and emergency activity in the park.

(e) Marketing of the park.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of the department of resources and economic development, prior to the formal opening of the park in the city of Berlin to ATV use, to develop a management and financial plan and to present the plan to the public and the general court.

HB 1462-FN-L, placing a temporary moratorium on the issue of certain water permits. INEXPE DIENT TO LEGISLATE.

Rep. David H. Russell for Resources, Recreation and Development: This bill would have established a temporary moratorium on some groundwater withdrawals. At the Public Hearing, no testimony was given to indicate that our groundwater supply is in jeopardy. The Department of Environmental Services (DES) testified that there have been no issues indicating the need for a moratorium to date. A similar bill, SB 326, was unanimously voted ITL by the Senate last week. Finally, there is a groundwater commission established by SB 155, Chapter 305, Laws of 2003 which shall report its findings annually, with a final report due November 2008. The committee felt that this commission is better prepared to make the proper decision. Vote 17-0.

HB 1463-FN, relative to boating and water safety. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald A. Brueggemann for Resources, Recreation and Development: The sponsors of HB 1463-FN did an admirable job incorporating several suggestions for boating safety that were gleaned from last summer’s hearings. The amendment removed a couple of impractical sections and reworked the section on safe boater education. In its amended form, the bill requires for the passage of a safe boater education course the completion of a proctored examination with a passing grade of 80% or more. This is a change from the on-line option with a passing grade of 70%. In addition, this bill: 1) requires kayaks, rowboats, canoes and similar vessels to carry a safety signaling device, such as a distress flag or whistle under most circumstances; 2) stipulates that a flag be displayed when a person towed on water skis, aquaplane or similar device has fallen; and 3) prohibits the display of any lights on shore visible from the water that resemble required navigation lights. Vote 16-0.

Amendment (1166h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Operation of Boats; Safety Signaling Device Required. Amend RSA 270 by inserting after section 30-c the following new section:

270:30-d Safety Signaling Device Required. Except for those bodies of water where petroleum-powered vessels are prohibited, any person operating a kayak, rowboat, canoe, or any similar vessel not displaying sails more than 150 feet from shore shall carry, in a readily accessible place, a safety signaling device, such as a distress flag or whistle. This section shall not apply to a vessel operated in a water event permitted under RSA 270-D:4. Any person violating this section shall be guilty of a violation.
2 Motorboats Towing Water Skiers and Aquaplanes; Flag Required. Amend RSA 270-D:3, I to read as follows:

I. No person shall operate a motorboat while towing water skiers, aquaplanes, or similar devices unless another person is present in the motorboat who is physically able to observe and assist the person or appurtenance being towed. The observer shall be 13 years of age or older. *The observer shall display a flag when the person being towed has fallen.*

3 New Section; Boating and Water Safety; Shore Lights. Amend RSA 270-D by inserting after section 7 the following new section:

270-D:7-a Shore Lights. No person shall display, at any point on the shore visible from the water, any lights that resemble in color or configuration the required navigation lights of any vessel.

4 Safe Boater Education Course; Examination. Amend RSA 270-D:13, I(a) to read as follows:

(a) Passes a safe boater education course approved by the commissioner in accordance with the criteria of the National Association of State Boating Law Administration. *[The] A classroom course shall require successful completion of a proctored examination administered by a person authorized by the commissioner in accordance with rules adopted by the commissioner.* The minimum passing grade for the [course] examination shall be [70] 80 percent; or

5 Boat Safety Course. Amend RSA 270:46-a, II-III to read as follows:

II. Any person who pays such penalty and who, within 6 months of conviction, completes at such person’s own expense a boat safety classroom course as specified in rules adopted, under RSA 541-A, by the director of safety services shall have his or her $200 refunded to him or her from the navigation safety fund by the director.

III. In addition to any other penalty imposed, any person who is convicted of violating any of the following boating laws or rules of the division of safety services, and who has not already successfully completed an approved boating safety course shall complete a boat safety classroom course, at that person’s own expense, within 6 months of conviction. Any person who fails to complete the boat safety classroom course within 6 months may be prevented from reregistering the boat:

(a) Laws or rules relative to speed limit, safe passage, or personal flotation devices.
(b) RSA 270:37, decibel limits on noise.

6 Effective Date. This act shall take effect January 1, 2007.

**AMENDED ANALYSIS**

This bill:

I. Establishes safety display requirements for certain vessels.

II. Prohibits the display of shore lights that resemble navigation lights.

III. Establishes examination requirements for safe boater education courses.

**HB 1491,** establishing a committee to study the publicly owned treatment plant needs of New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald A. Brueggemann for Resources, Recreation and Development: This bill establishes a commission to study the publicly owned wastewater treatment plant needs of New Hampshire. This study is particularly timely since many of these facilities will be encountering their own limitations due to age and capacity even as population increases and more stringent environmental standards will demand more. The amendment adds two representatives appointed by the New Hampshire Water Pollution Control Association and changes the report date to November 30, 2007. Vote 17-0.

**Amendment (1154h)**

Amend paragraph 1 of section 2 of the bill by inserting after subparagraphs (f) the following new subparagraph:

(g) Two representatives from publicly owned treatment facilities/works, appointed by the New Hampshire Water Pollution Control Association.

Amend the bill by replacing section 5 with the following:

5 Report. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 30, 2007.

**HB 1493,** declaring that groundwater is part of the public trust. **REFER FOR INTERIM STUDY.**

Rep. Mary Ellen Martin for Resources, Recreation and Development: This one-line bill will put squarely in statute a principle that has run through numerous passages of RSA’s and rules: that
the state has the right and obligation to protect groundwater for the public interest. This does not interfere with the reasonable use by private land owners of water under their land. It would duplicate provisions in the statutes that state that New Hampshire surface waters are part of the public trust. The committee wanted to retain the bill to study its legal intricacies. Vote 17-1.

**HB 1686-FN**, relative to the allocation of certain off highway recreational vehicle fees. **INEXEMPLARY TO LEGISLATE.**

Rep. Harry C. Merrow for Resources, Recreation and Development: This would increase fees for ATV registration and rearrange the appropriations to give Fish and Game more money for enforcement. Fish and Game was asked several times to present a plan to the committee on how the money would be spent. None came forth so the committee is recommending that the bill be voted ITL. Vote 16-0.

**HB 1568**, establishing a committee to study the siting and construction of industrial wind energy facilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sam A. Cataldo for Science, Technology and Energy: This bill establishes a committee to study the siting and construction of industrial wind energy facilities (windmills). The committee learned that several siting proposals are now under consideration for large electric energy windmill projects in the state. Although we amended the bill to reflect the existing energy facility evaluations (RSA 162-H:1), we agreed with the sponsors that it was in the state’s interests to study the unique aspects and options for these new wind projects. Vote 15-0.

**Amendment (0948h)**

Amend the title of the bill by replacing it with the following:

ACT establishing a committee to study the siting and construction of commercial wind energy facilities.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the siting and construction of commercial wind energy facilities.

2 Membership and Compensation.
   I. The members of the committee shall be as follows:
      (a) Four members of the house of representatives, appointed by the speaker of the house of representatives.
      (b) One member of the senate, appointed by the president of the senate.
   II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study:
   I. The federal, state, and local regulatory processes for the siting and construction of commercial wind energy facilities, including the applicability of the site evaluation committee certificate process under RSA 162-H, consistent with the findings and purposes set forth in RSA 162-H:1.
   II. The economic, environmental, and visual effects that such facilities would have.
   III. The effect such facilities would have on the provision of electricity to New Hampshire customers.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before December 1, 2006.

6 Effective Date. This act shall take effect upon its passage.

**AMENDED ANALYSIS**

This bill establishes a committee to study the siting and construction of commercial wind energy facilities.

**HB 1758**, classifying biodeisel as a renewable energy source. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert L. Theberge for Science, Technology and Energy: This bill, as amended, clarifies the definition of biodeisel fuel as a renewable energy source for the use as a substitute for petroleum
based diesel fuel. The bill further amends the following affected Revised Statutes Annotated: RSA 362-A:1-a, X; RSA 374-F:3, V (f)(3); RSA 362-A:1-a, I; and RSA 374-D:1, IV. The bill in addition requires that biodiesel fuel meet the requirements of the American Society for Testing and Materials (ASTM) specification D 6751. Vote 15-0.

Amendment (0733h)
Amend RSA 362-A:1-a, I as inserted by section 1 of the bill by replacing it with the following:
1. "Biodiesel" means a renewable diesel fuel substitute that is composed of mono-alkyl esters of long chain fatty acids, is derived from vegetable oils or animal fats, meets the requirements of the American Society for Testing and Materials (ASTM) specification D6751, and is commonly blended with petroleum-based diesel fuel.

Amend the bill by replacing section 3 with the following:
3 Renewable Energy; Biodiesel Added. Amend RSA 374-F:3, V(f)(3) to read as follows:
(3) For purposes of subparagraph (f), "renewable energy" means geothermal energy, tidal or wave energy, wind energy, solar thermal energy, photovoltaic energy, landfill gas energy, hydro energy, biomass energy, energy derived from biodiesel as defined in RSA 362-A:1-a, I, excluding any petroleum diesel component of the fuel, or combusted municipal waste energy where mercury emissions are reduced to an emission rate of 0.028 milligrams per dry standard cubic meter or less corrected to 7 percent oxygen by volume on a dry basis, or at least 85 percent control efficiency. Amend the bill by inserting after section 4 the following and renumbering the original section 5 to read as 8:

5 Multiple Pollutant Reduction Program; Renewable Energy. Amend RSA 125-O:2, VIII to read as follows:
VIII. "Renewable energy" means energy derived from hydro, geothermal, wind, solar thermal, photovoltaic, biomass, biodiesel as defined in RSA 362-A:1-a, I, excluding any petroleum diesel component of the fuel, methane waste, tidal, or other source approved by the department.

6 Business Finance Authority Revenue Bonds; Small Scale Power Facility. Amend RSA 162-I:2, X-a to read as follows:
X-a. "Small scale power facility" shall be an eligible facility and means any facility which is suitable for producing electric energy from biomass, biodiesel as defined in RSA 362-A:1-a, I, excluding any petroleum diesel component of the fuel, waste, geothermal energy, or renewable resources including, but not limited to, the flow of water, and which has a rated capacity of not more than 80 megawatts, or any facility that is used to produce, collect, generate, transmit, store, distribute, or convey electric energy or gas and is part of a system providing service to the general populace of one or more communities or municipalities, but in no event more than 2 contiguous counties.

7 Municipal Small Scale Power Facility Bonds; Facility. Amend RSA 374-D:1, IV to read as follows:
IV. "Small scale power facility" or "facility" means a facility which produces electrical energy solely by the use, as a primary energy source, of biomass, biodiesel as defined in RSA 362-A:1-a, I, excluding any petroleum diesel component of the fuel, waste, geothermal energy, renewable resources including but not limited to the flow of water, or any combination thereof and which has a rated capacity of not more than 80 megawatts. Such facility shall include all other equipment and structures designed to generate, distribute, and transmit electrical energy either to or from such facility.

HJR 26, urging Congress to reevaluate Title IX. INEXPEDIENT TO LEGISLATE.
Rep. Russell A. Albert for State-Federal Relations and Veterans Affairs: The committee felt that it is just good governance to have a in-depth review of all legislation such as special education and Title IX every 10 to 15 years to insure the original intent is being accomplished and to enhance the positive effect with removing or correcting negative parts. However, this bill only addresses the impact on male sports, thus overlooking Title IX legislation as a whole. Over all, Title IX has had a positive impact on the education experiences of women in general. Today we have women participating in sports that were closed to them. More women graduate from college than men, more women take part in the political process, more women are now in business and community leaders. Much of the credit goes to Title IX. Vote 10-0.

HB 1260, relative to informing first-time driver’s license applicants of the controlled drug laws, and prohibiting the issuance of a youth operator’s license to controlled drug violators. OUGHT TO PASS WITH AMENDMENT.
Rep. Brenda L. Ferland for Transportation: This bill, upon passage, will inform first time driver license applicants of controlled drug laws along with the driving while intoxicated laws. The law
will say it is unlawful for any person to manufacture, possess, have under his or her control, sell, purchase, prescribe, administer or transport or possess with intent to sell, dispense, or compound any controlled substance, except as authorized by law. The prime sponsor wanted the bill to read the director shall not issue a license to any applicant 16 years of age or older and under 21 years of age who has been convicted of any offense involving a controlled substance during the one year preceding the application. The committee felt the punishment part should be the same as driving under the influence. This bill and two other bills dealing with the same issue were considered and therefore the bill was amended to read the same as driving while under the influence. Vote 10-0.

Amendment (0733h)
Amend the title of the bill by replacing it with the following:

AN ACT relative to informing first-time driver’s license applicants of the controlled drug laws.

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS
This bill requires the department of safety to inform first-time driver’s license applicants of the controlled drug laws.

HB 1353, relative to addresses on motor vehicle registrations. REFER FOR INTERIM STUDY.
Rep. Brenda L. Ferland for Transportation: This bill would establish requirements for vehicle registration by persons without a permanent street address. The committee agreed that there is a problem with people who sell their homes and live in a motor home. They do not have a permanent street address. The language of the bill was objected to by the Town Clerks’ Association and therefore the committee would like the chance to come up with language that will solve the problems. Vote 12-0.

HB 1356, relative to on-board diagnostic system inspections. OUGHT TO PASS WITH AMENDMENT.
Rep. Sherman A. Packard for Transportation: This bill, as introduced, had three sections. The first would require all inspection stations to post the price that they charge for safety inspections and the price for OBD II testing. The committee agrees with this section. The second section would eliminate three counties from having to do OBD II testing. If this section were to pass, it would violate our agreement with EPA. The committee felt that it was unfair to single out only three counties for elimination. The third part would continue to allow inspection stations that do less than 200 inspections a year not to participate in the Gordon Darby Program. This an issue that the Advisory Committee will address. The committee amendment eliminates the second and third sections of the bill. Vote 12-0.

Amendment (0734h)
Amend the bill by deleting sections 2 and 3 and renumbering the original section 4 to read as 2.

AMENDED ANALYSIS
This bill requires that OBD II fees be charged separately from vehicle inspection fees.

HB 1448, relative to the applicability of drivers’ license revocations for drugs or alcohol involvement. OUGHT TO PASS WITH AMENDMENT.
Rep. Brenda L. Ferland for Transportation: Any person under 21 years of age who is involved in the sale, possession, use, or abuse of alcohol or controlled drugs may at the discretion of the court be subject to revocation or denial of a drivers’ license. The amended language adds for not less than 90 days but not more than one year on the first finding or conviction. The director, upon receipt of notification from the court, shall issue a formal order of suspension or denial of an application. Nothing in this amendment prevents the court from requiring any person to successfully complete any abuse education. Vote 10-0.

Amendment (0735h)
Amend the bill by replacing section 1 with the following:

1 Revocation or Denial for Drugs or Alcohol Involvement. Amend RSA 263:56-b to read as follows:

263:56-b Revocation or Denial for Drugs or Alcohol Involvement.
1. Any person who is not yet 21 years of age on the date of the incident, who is convicted, found to be delinquent under RSA 169-B, or found to be in need of services under RSA 169-D,
for any offense involving the sale, possession, use, or abuse of alcohol or of controlled drugs as defined in RSA 318-B:1, VI, or of a controlled drug analog as defined under RSA 318-B:1, VI-a, may at the discretion of the court be subject to the revocation or denial of a driver's license or privilege to drive [as provided in this section] for not less than 90 days but not more than one year on the first finding or conviction under this paragraph, and not less than 6 months but not more than 2 years for a subsequent finding or conviction. Nothing in this section shall prevent the court from requiring any person subject to its provisions from successfully completing any alcohol or substance abuse education program in lieu of a loss or denial of driving license or privilege. The director, upon receipt of a notification from the court that the court has ordered the suspension of a person's license or driving privilege pursuant to this paragraph, shall forthwith issue a formal order of suspension and, in the case of denial of an application for a license, the period imposed shall begin on the date the person is eligible by age for the issuance of a license. Notwithstanding RSA 169-B:35 or any other law regarding confidentiality, any court which convicts or makes a finding that an offense described in this section has occurred involving a person who meets the age limits specified in this section shall forward a notice of such conviction or finding to the director. The director shall maintain the confidentiality of notices received.

II. The director shall, unless otherwise ordered by the court, revoke the driver's license or privilege to drive or deny an application for a license for not less than 90 days but not more than one year on the first finding or conviction under paragraph I, and not less than 6 months but not more than 2 years for a subsequent finding or conviction; provided, however, that the director shall not revoke or deny a license or privilege to drive under this paragraph without first giving the person an opportunity for a hearing to determine that the person is the individual who was convicted of the offense and against whom the court order applies. In the case of denial of an application for a license, the period imposed shall begin on the date the person is eligible by age for the issuance of a license.

III. Any person who is [15 years of age or older and] not yet 18 years of age on the date of the incident, and who is convicted, found to be delinquent under RSA 169-B, or found to be in need of services under RSA 169-D, for the offense of sale or possession with intent to sell controlled drugs as defined in RSA 318-B:1, VI or a controlled drug analog as defined under RSA 318-B:1, VI-a, shall be subject to revocation or denial of a driver's license or privilege to drive for a mandatory period of at least one year and a maximum period of up to 5 years. In the case of denial of an application for a license under this section, the period imposed shall begin on the date the person is eligible by age for the issuance of a license.

IV. The driver's license [or privilege to drive] of any person who is 18 years of age or older on the date of the incident, and who is convicted of the offense of sale or possession with intent to sell controlled drugs as defined in RSA 318-B:1, VI or a controlled drug analog as defined under RSA 318-B:1, VI-a, may be revoked, at the discretion of the court, for any period of time, including for life. [Any person convicted of such offense may be denied a driver's license or privilege to drive at the discretion of the court, for any period of time, including for life.] The court of relevant jurisdiction shall have the discretion to determine when the revocation shall begin.

HB 1466-FN, relative to registration of slow-moving vehicles. REFER FOR INTERIM STUDY.
Rep. Brenda L. Ferland for Transportation: This bill will be looked at along with other bills the committee held. The use of farm, tractor, and agricultural plates has been expanded to include other types of vehicles and their usage. The time has come to study what these plates were meant for, different types of vehicles being used today on the farms and highways, and how do we register and inspect them. Vote 13-0.

HB 1587, establishing a committee to study the use of electronic traffic monitoring systems. INEXPEDIENT TO LEGISLATE.
Rep. Brenda L. Ferland for Transportation: This bill would have set up a study committee to explore the use of traffic monitor systems. During the 2005 session, there was a bill that would have allowed traffic cameras at intersections to catch red light violations. This bill was soundly defeated by the House. The committee saw no reason to study this again. Vote 12-1.

HB 1238-FN, relative to centralized voter registration database information. OUGHT TO PASS.
Rep. Sharon M. Carson for Ways and Means: This bill allows the Secretary of State to sell to any political committee of a political party as defined by RSA 664:2 or a candidate who has filed for or who has been nominated for any office in a general election a statewide public voter checklist of
more than 2,500 names for a fee of $25 plus $0.0005 per name in excess of 2,500, plus any shipping costs. This will not interfere with a town selling its local public voter checklist which will charge the same fee as the state. Fees collected at the state level are to be deposited in an election fund established by RSA 5:6-d. Fees collected at the local level will remain at the municipality. The Secretary of State will provide the public voter checklist to the administrative office of the courts and to the clerks of the District Court of the United States to prepare master jury lists. The bill also establishes penalties for the use of the public voter checklist for commercial purposes. Vote 18-0.

**HB 1278**, increasing the fine for violating certain laws relative to labor. **OUGHT TO PASS.** Rep. Peyton B. Hinkle for Ways and Means: This bill came to Ways and Means from the House after being considered by the Labor, Industrial and Rehabilitative Services Committee. It increases the fine paid by employers who violate any provision of RSA 275-A from $1,000 to $2,500 per day per employee. This would apply to employers who hire professional strikebreakers, or professional pickets, or an alien that is not in possession of any of the appropriate documents authorizing him to work in the U.S.A. Thus, this would increase the penalty for employers who hire illegal aliens. Vote 18-0.

**HB 1407-FN-A**, relative to funding exotic aquatic weeds eradication and control. **OUGHT TO PASS.** Rep. Jim Ryan for Ways and Means: This bill passed the House in a recent session and was referred to Ways and Means on the issue of making permanent the use of boat registration fees to fund the successful Milfoil and Exotic Aquatic Plant Prevention Program. The committee agrees the registration fee should remain permanent. Vote 13-1.

**HB 1478**, relative to penalties for employers who give false or incomplete required information about employees to the department of employment security and establishing an amnesty period for certain unpaid contributions. **OUGHT TO PASS.** Rep. Jim Ryan for Ways and Means: This bill offers an amnesty period to encourage good reporting by employers and develops a discretionary fine schedule for use by the Department of Employment Security with regard to employers who misclassify employees. We recommend, consistent with the work of a prior House committee, the bill ought to pass. Vote 18-0.

**HB 1715-FN**, relative to funding of the professional assistance program of dentists. **OUGHT TO PASS.** Rep. Jim Ryan for Ways and Means: This bill was referred to Ways and Means after passage by a House policy committee. The bill authorizes the board to augment licensing fees in a sum of not more than $30 to be utilized exclusively to fund programs designed to aid dentists who encounter professional difficulties and are ordered to take certain steps as required by the Board of Dentistry. Vote 17-0.

**REGULAR CALENDAR**

**SPECIAL ORDERS**

**HB 1335**, relative to the authority of law enforcement officers during a state of emergency. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John E. Tholl for Criminal Justice and Public Safety: This bill as amended, addresses the possibility that during a declared State of Emergency, additional uniformed law enforcement assistance may be needed from outside the state. The bill provides for an avenue to obtain the assistance. The responding uniformed officers will have the necessary authority during the declared State of Emergency. Supervision of the responding officers will be by N. H. Law Enforcement, thus retaining local control. Vote 19-1.

**Amendment (0880h)**

Amend RSA 106-I:2 as inserted by section 1 of the act by replacing it with the following:

106-I:2 Emergency Declared by Governor; Authority of Officers.

I. For the duration of any state of emergency declared by the governor because of a natural disaster, riot, or act of terrorism, notwithstanding any law to the contrary:

(a) The governor, the commissioner of safety, or the commissioner’s designee, may request assistance from a duly trained and certified state, county, or local law enforcement officer from New Hampshire or from any other state, county, or local law enforcement agency;

(b) A uniformed law enforcement officer who responds to the request for assistance shall have the authority to make arrests and shall have full police powers, under the supervision, direction, and control of New Hampshire state, county, or local law enforcement officers; and
(c) The authority of a law enforcement officer who responds to the request for assistance shall continue until terminated by New Hampshire law enforcement authorities or by law enforcement authorities in the jurisdiction of the responding officer.

II. A law enforcement officer who responds to the request for assistance, and who is acting under the supervision, direction, and control of New Hampshire law enforcement authorities, shall have the same privileges and immunities as an officer in the jurisdiction of the state of emergency. Amendment adopted.

The question now being adoption of the committee report
Rep. Phinizy spoke against.
Rep. Tholl spoke in favor.

HB 1639-FN, prohibiting the confiscation of lawfully owned and lawfully carried firearms during a state of emergency. INEXPEDIENT TO LEGISLATE.

Rep. John E. Tholl for Criminal Justice and Public Safety: While the committee understands the concerns of the sponsors, there has never been an instance in New Hampshire where the concerns addressed by the bill have ever even remotely arisen. The committee felt that although it may be an emotional issue for some, the bill is not needed. The genesis for this bill is the incidents that took place in Louisiana. New Hampshire is not Louisiana. Vote 13-5.

Rep. Tholl spoke in favor.
Rep. Dickinson requested a roll call; sufficiently seconded.

and the committee report was adopted.
Rep. Ulery did not vote and notified the Clerk that he wished to be recorded against.
Reps. Reed and Stiles voted Yea and intended to vote Nay.

**HB 1193-FN**, directing the secretary of state to remove certain language from the text of Part II, Article 73-a of the New Hampshire constitution. **INEXPEDIENT TO LEGISLATE.**

Rep. John B. Hunt for Judiciary: This bill is attempting to address the same problem in CACR 39, related to the last sentence in article 72A in the constitution. The bill directs the Secretary of State
to remove the sentence "the rules so promulgated shall have the force and effect of law." The sponsor brought in extensive research from the constitutional convention to demonstrate the last sentence was deleted at the convention. The Secretary of State, however, brought in a single copy from the convention with the last sentence included. Finally the committee felt the only constitutional way to change the constitution is with another constitutional amendment. Vote 15-4.

Rep. Marple spoke against.
Rep. Lasky spoke in favor.
Rep. Dokmo spoke against.
Motion failed.

On a division vote, 234 members having voted in the affirmative and 66 in the negative, the committee report was adopted.

**HB 1266**, relative to acceptance of consular identification documents. **INEXPEDIENT TO LEGISLATE.**

Rep. John B. Hunt for Judiciary: A consular identification is an identification card issued by a foreign embassy for its expatriates. The bill would require that state agencies and law enforcement accept the card as proof of citizenship and that financial institutions may accept the card as a form of identification. The majority of the committee felt that since the federal government may include regulation of these cards in the real ID legislation, it is premature and unnecessary for N.H. to pass anything. The committee, also, was concerned that state agencies must accept an ID that is not a passport but issued by a foreign country. Vote 13-5.

Rep. Renzullo requested a roll call; sufficiently seconded.

HB 1322, relative to the establishment of allodial rights. INEXPEDIENT TO LEGISLATE.
Rep. Stephen J. Shurtleff for Judiciary: This law makes reference to NH colonial laws and methodology by which property was transferred. The bill would require that property could only be "acquired" by the use of "lawful" money. The term "lawful" money was defined as being gold or silver coin. It was the feeling of the committee that this would cause a tremendous burden to the citizens of New Hampshire, and be extraordinarily disruptive to commerce. Furthermore, it is the responsibility of the federal government to define what is "lawful money," not the State of N.H. Vote 13-0. Rep. Marple spoke against.
Rep. Sorg spoke in favor.
Committee report adopted.

HB 1641-FN, establishing a common law court. INEXPEDIENT TO LEGISLATE.
Rep. Stephen J. Shurtleff for Judiciary: This bill would set up a court of "Common Law." The committee felt that this was unnecessary, unwarranted and an added expensive for our citizens. N.H. has a workable court system that relies on common law when no applicable law exists. This new court would be unmanageable and duplicative. Vote 13-0.
Rep. Marple spoke against.
On a division vote, 295 members having voted in the affirmative and 14 in the negative, the committee report was adopted.
**HCR 25**, urging the United States to withdraw funding for the United Nations if the United Nations adopts a resolution in violation of the United States Constitution. **OUGHT TO PASS.**

Rep. Lars T. Christiansen for State-Federal Relations and Veterans Affairs: The committee agrees that the General Court should request that the United States withdraw funding for the United Nations if it adopts a resolution to forbid private ownership of firearms and any other constitutionally guaranteed rights which would be in violation of the United States Constitution and the New Hampshire Constitution. Vote 9-1.

Rep. Dumaine requested a roll call; sufficiently seconded.

HB 1628, relative to expenses of operating bingo games. INEXPEDIENT TO LEGISLATE.
Rep. Shawn N. Jasper for Ways and Means: This bill would allow charitable organizations to opt out of retaining the seven percent collected from bingo players in a winner take all game. This seven percent take was only just authorized this past session. While some charities have seen a drop in attendance, given a number of factors such as rising fuel prices and hurricane relief, it is unlikely that the drop in attendance in the past few months has much if anything to do with the seven percent retention. Having a situation where organizations have a different payout percentage for the same game will no doubt lead to confusion and even angry players, when they receive less than they were expecting. It will also create a situation where the operators of games, who run bingo on different nights for different charities, will be subject to a different percentage according to the dictates of the various charities. This could easily lead to incorrect payouts. Vote 20-0.
Reps. Vaillancourt and Palazzo spoke against.
Reps. Boyce and Jasper spoke in favor.
On a division vote, 218 members having voted in the affirmative and 88 in the negative, the committee report was adopted.

HB 1638-FN-A, reducing the rate of the communications services tax. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.
Rep. Shawn N. Jasper for the Majority of Ways and Means: Reducing the communications services tax will reduce general fund revenue by $15 million per year beginning in FY 2007 without an offsetting reduction in spending or an increase in another revenue source. The bill’s sponsor felt this bill would have a revenue neutral effect due to the people who continue to use land lines. The committee felt it is unlikely that the proposed reduction in the communication services tax would be the area which would enhance our overall tax climate, dollar for dollar. Vote 17-2.
Rep. Steve Vaillancourt for the Minority of Ways and Means: This bill would reduce the communications service tax from 7 to 5.5 percent. More commonly, that’s known as the tax on telephones, and it generates approximately $70 million a year. This 1.5 percent reduction would mean $15 million a year less for state coffers, a fact the minority readily acknowledges. How are you going to make up for such a loss? That’s the first question those of us on Ways and Means ask when considering tax reductions, and without an answer a bill is virtually dead on arrival. The same day the committee exceed this bill, we began the process of revenue estimates and learned that business taxes could well run $35-50 million ahead of schedule this year and at least $10 million ahead for next year. Other taxes, except rooms and meals taxes and the real estate transfer taxes, are mostly on target, so there is ample evidence that the state, even after resupplying the rainy day fund, can afford this tax reduction. The minority believes this bill can stand as a proxy for lower taxes. The minority believes we should view it as a good faith down payment to our citizenry which has been hit with numerous tax and fee increases this biennium, everything from the 28 cent per pack cigarette tax increase to an increase on motor vehicle violation fines (which went into effect without even as much as a public hearing) to an increase in filing fees in district courts. We could not afford
to temporarily reduce the gasoline tax as proposed by the sponsor of HB 1473. That would have cost the state approximately $60 million in total. We could not afford to eliminate the BET and reduce the BPT (HB 1599) as proposed by the sponsor of this bill. That would have cost the state approximately $144 million a year. We could not afford HB 1319 which would have reduced the cigarette tax by 28 cents a pack and would have cost the state more than $47 million this year. The same argument cannot be made for this bill. Quite simply, we can afford to do this. What we cannot afford to do is continually tell the public that we favor lower taxes and then not reduce them when provided the opportunity to do so. This tax was enacted in 1990 at a rate of three percent with a surcharge of 66 2/3 percent, making the effective rate five percent. A year later, we kept the rate at three percent but increased the surcharge to 100 percent, making the effective rate six percent. Through the years, we kept saying this was going to be a temporary tax until in 2003 we made it a permanent tax at the rate of seven percent. Since this tax has such a muddled history, we should do everything we can to roll it back and live up to past promises. Since virtually everyone has a telephone, the decrease would be spread to virtually everyone in the state, at least to those who pay the tax. (The exemption on the first $12 per month of a phone bill would remain in effect). To say no to this reduction when we can afford it is to acknowledge the sad truth that our top priority here is to increase spending rather than to reduce taxes.

Rep. Jasper spoke in favor and yielded to questions.
Rep. Boyce requested a roll call; sufficiently seconded.

## SULLIVAN

| Irish, Christopher | Phinizy, James |                  |                |

and the majority committee report was adopted.

**HB 1699-FN-A-L**, establishing a tax on fees charged by railroad companies for transiting of cargo over, under, or across railroad rights-of-way. **INEXPEDIENT TO LEGISLATE.**

Rep. John H. Thomas for Ways and Means: This bill is really a disclosure bill rather than a tax bill. There is a lot of related historical information that has an affect on the issue of disclosure and many in the committee feel the bill should be re-crafted with the appropriate amount of study given to those issues. Vote 18-1.

Rep. Danforth spoke against and yielded to questions.

Rep. Thomas spoke in favor.

On a division vote, 173 members having voted in the affirmative and 135 in the negative, the committee report was adopted.

## REGULAR CALENDAR

**HB 1229-FN**, prohibiting the use of false documentation for employment, government services, or permits. **INEXPEDIENT TO LEGISLATE.**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: At the deadline for reporting this bill to the House, the committee did not see a purpose for the bill. We have learned, however, that more information may be available very soon. If this happens, the committee will provide the information to the House when the bill is before the body for debate. Vote 12-2.

Rep. Welch spoke against.

and the committee report failed.
Rep. Stevens moved Ought to Pass, spoke in favor and yielded to questions.

LAID ON THE TABLE
Rep. Phinizy moved that HB 1229-FN, prohibiting the use of false documentation for employment, government services, or permits, be laid on the table.
Rep. Hebert requested a roll call; sufficiently seconded.

REGULAR CALENDAR (CONTD.)

HB 1525, relative to the safety of school bus stops. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.
Rep. Nancy F. Stiles for the Majority of Education: This bill was brought forward to address a single situation and to outline a process of recourse. Two amendments were offered and defeated. Since this particular situation had already been resolved locally, the majority of the committee felt this bill would micro manage local school boards. Vote 11-4.
Rep. Deanna P. Rush for the Minority of Education: A subcommittee came up with an amendment that would have laid out the process for a parent or guardian to request the local school board to evaluate the safety problem. It also allowed for a review by the State Board of Education if the problem was not resolved. The minority believes in the amendment however, the amendment was defeated. Majority committee report adopted.

HJR 21, urging the university of New Hampshire to restore intercollegiate baseball and softball. OUGHT TO PASS.
Rep. Timothy E. Esson for Education: In 1997, the University of New Hampshire discontinued the baseball program citing budget cuts and obstacles brought on by Title IX. Since that time, private groups comprised of UNH alumni, New Hampshire business owners, and citizens have worked to raise money to try to reinstate the baseball program and to implement a softball program. Despite this private effort, UNH has refused to reinstate baseball and implement softball, even though many students and alumni desire to see these programs at the school. UNH is the only state university in New England to not have baseball or softball as part of a Division 1 athletics
program. If UNH alum and Hall of Fame catcher Carleton Fisk was a student today he would not be able to play baseball for his school. Statistical analysis shows that baseball is one of the top three sports offered at the high school level across the state. This resolution has no financial obligation and makes it clear the legislature has not forgotten the issue and that a re-evaluation is appropriate and overdue. Vote 9-3.

Rep. Bettencourt spoke in favor and yielded to questions.

HB 1403, relative to explanations of proposed constitutional amendments appearing on the ballot.

MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Thomas J. Langlais for the Majority of Election Law: The majority of the committee feels that this legislation would simplify in laymen’s language the wording of any future constitutional amendments that may be voted on by our citizens. This would further eliminate any bias either way and pose the question in a simple voter friendly, yes or no context. This bill would have the General Court approve the language beforehand so as to avoid future litigation in the Supreme Court. Vote 11-3.

Rep. James R. Splaine for the Minority of Election Law: While the intent of the sponsors is good, this legislation gives much greater power and political voice to the majority by allowing their selected persuasive words to be written on the ballot. Editorializing does not belong on the ballot. The integrity of democracy and the credibility of the election process requires unbiased ballots and full balanced public discussion. The solution is to write ballot questions that are clear and make sense, not allowing advocacy writing printed on the ballot to get the voter to say “yes”.

Rep. Splaine spoke against.

Reps. Itse and Langlais spoke in favor.

Rep. Whalley requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.
HB 1123, requiring equestrian helmets for first-time riders. INEXPEDIENT TO LEGISLATE.
Rep. Burton W. Williams for Environment and Agriculture: The majority of the committee members felt that the use of equestrian helmets is a matter of personal responsibility rather than a legislation issue. Vote 9-3.
Committee report adopted.

HB 1130, relative to the definition of necessary shelter for dogs. INEXPEDIENT TO LEGISLATE.
Rep. James G. Phinizy for Environment and Agriculture: The majority of the committee felt the problem this bill tried to address would best be dealt with by better enforcement of current statute. At present, dogs are required to be sheltered from inclement weather and sun, have fresh water, be properly fed, and provided shelter that will retain the dog’s natural body heat. Anything less subjects the owner to a misdemeanor fine of up to $2000 and a class B felony for the second offence. Current statute is worded in such a manner with such latitude to allow the arresting officer or animal control officer to seize the dog immediately on probable cause, if that officer feels that the dogs
is in danger or "...left without supervision or adequate provision for its care." This bill, while its intention is to be helpful, creates more problems than it solves. For example, its one-size-fits-all definition of shelter for dogs would have made illegal some of the better quality, commercially sold doghouses. Whether a shelter has 3, 4 or 5 sides or is square, rectangular, obtuse or igloo-style should not be the issue. What is important is that it protects the dog from injury, mistreatment, unnecessary suffering or the clear and imminent threat thereof. Current law provides those protections, if enforced. Vote 12-5.

Committee report adopted.

HB 1265, establishing the council on the relationship between public health and the environment. OUGHT TO PASS WITH AMENDMENT.

Amendment (0330h)

Amend RSA 125-P:1, I(o) as inserted by section 2 of the bill by replacing it with the following:

(o) Additional public members not to exceed 7, representing advocacy, academia, philanthropy, and other professional organizations, all appointed by the governor.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 1333, relative to solid waste reduction goals. OUGHT TO PASS WITH AMENDMENT.

Rep. Timothy D. O'Connell for Environment and Agriculture: The committee amendment replaced the bill. In regards to the solid waste diversion goal of 40%, neither imported tonnage nor byproducts of imported solid waste will figure in the calculation. To reduce unnecessary reliance on incineration and land filling, the hierarchy of disposal solutions is revised to only include source reduction, recycling and reuse, composting and deconstruction, as equally preferred options. Vote 11-2.

Amendment (1232h)

Amend the bill by replacing all after the enacting clause with the following:

1 Solid Waste Management Districts; Powers; References Deleted. Amend the introductory paragraph RSA 53-B:7, XX to read as follows:

XX. To contract with any person who owns or operates any facility for the provision of solid waste management services. Such contract shall be consistent with the [hierarchy and] goals of solid waste management under RSA 149-M:2 and RSA 149-M:3. A contract for facility use may call for delivery of guaranteed minimum tonnage, provided that said contract is in keeping with the policy set forth in RSA 149-M:2 and RSA 149-M:3. In the event that a district's delivered tonnage falls below the level stipulated in contract, the district may procure tonnage from sources outside the district, in compliance with the public benefit requirements of RSA 149-M:11 and as provided in the contract. A contract may contain such other terms and conditions as the district may determine to be in its best interest.

2 Solid Waste Management; Waste Reduction Goal. Amend RSA 149-M:2 to read as follows:

149-M:2 Waste Reduction Goal.

I. The general court declares its concern that there are environmental and economic issues pertaining to the disposal of solid waste in landfills and incinerators. It is important to reserve landfill and incinerator capacity for solid wastes which cannot be reduced, reused, recycled or composted. The general court declares that the goal of the state [by the year 2000] is to achieve a 40 percent minimum weight diversion of solid waste landfilled or incinerated on a per capita basis. Diversion shall be measured with respect to changes in waste generated and originated and subsequently landfilled or incinerated in New Hampshire. In order to apply towards the 40 percent waste reduction goal, only solid wastes generated within New Hampshire shall apply and shall not include any solid wastes generated as a byproduct from solid wastes imported into New Hampshire. The goal of weight diversion may be achieved through source reduction, recycling, reuse, and composting, or any combination of such methods. The general court discourages the disposal of recyclable materials in landfills or processing of recyclable materials in incinerators and encourages the use of deconstruction techniques wherever possible.
II. In exercising any and all powers conferred upon the department under this chapter, the department shall use and consider criteria relevant to the waste reduction goal [and disposal hierarchy established] in RSA 149-M:2 [and 149-M:3]. The department shall not take any action relative to the 40 percent weight reduction goal which causes the municipalities organized under RSA 53-A and 1986, 139 or RSA 53-B to violate or incur penalties under legal obligations existing on June 26, 1990.

3 Solid Waste Management; Achieving Goals. Amend RSA 149-M:3 to read as follows:

149-M:3 Achieving Goals[=Hierarchy]. To reduce the unnecessary reliance on incineration and landfilling, the general court supports integrated solid waste disposal solutions which are environmentally and economically sound. The general court endorses [= in order of preference] equally the following waste management methods:

I. Source reduction.
II. Recycling and reuse.
III. Composting.

[IV. Waste-to-energy technologies (including incineration).
V. Incineration without resource recovery.
VI. Landfilling.]

IV. Deconstruction.

4 Solid Waste Management; Public Benefit Requirement; References Deleted. Amend RSA 149-M:11, III(b) to read as follows:

(b) The ability of the proposed facility to assist the state in achieving the implementation of the [hierarchy and] goals under RSA 149-M:2 and RSA 149-M:3.

5 New Paragraph; Definitions. Amend RSA 149-M:4 by inserting after paragraph IV the following new paragraph:

IV-a. “Deconstruction” means the process of taking apart a structure with the primary goal of preserving the value of all useful building materials, so that they may be recycled or reused.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies the goals declared by the general court for the reduction of solid waste. This bill also defines “deconstruction.” Amendment adopted.

HB 1373, establishing a commission to study ways to encourage the proper recycling and disposal of grease trap wastes and to determine ways to develop additional disposal capacity. OUGHT TO PASS WITH AMENDMENT.

Rep. Burton W. Williams for Environment and Agriculture: This bill addresses a problem with the handling and disposal of grease in our municipal sewers and wastewater treatment facilities. Also, it will study ways to handle and recycle the grease that develops. Vote 13-1.
Amend the bill by replacing all after the enacting clause with the following:

1 Commission Established. There is established a commission to study ways to encourage the proper recycling and disposal of grease trap wastes and to determine ways to develop additional disposal capacity.

2 Membership and Compensation.
   I. The members of the commission shall be as follows:
      (a) Two members of the house of representatives, appointed by the speaker of the house of representatives.
      (b) One member of the senate, appointed by the president of the senate.
      (c) Two representatives of the department of environmental services, appointed by the commissioner of the department of environmental services.
      (d) Two members appointed by the New Hampshire Association of Septage Haulers.
      (e) Two members of the hospitality industry, appointed by the New Hampshire Lodging and Restaurant Association.
      (f) Two members of the wastewater treatment industry, appointed by the New Hampshire Water Pollution Control Association.
      (g) Two members with expertise in biodiesel research from the university of New Hampshire, appointed by the university president.
   II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

3 Duties. The commission shall study:
   I. Ways to ensure the proper recycling and disposal of grease trap wastes.
   II. Systems for managing grease trap wastes currently used in the United States and Canada.
   III. The status of the in-state and regional markets available for handling grease trap wastes and methods for future development of in-state disposal capacity.
   IV. The ability of the department of environmental services to assist municipalities in regard to rules, regulations, penalties, and best management practices for grease trap sizes, cleaning cycles, standards, and pumping.

4 Chairperson. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section.

5 Report. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

6 Effective Date. This act shall take effect upon its passage.

Amendment adopted.
Committee report adopted and ordered to third reading.

HB 1433, establishing a committee to study secured landfills. OUGHT TO PASS WITH AMENDMENT.

Rep. James F. Powers for Environment and Agriculture: This bill is to study the need to establish secured landfills for solid wastes which are high in concentrations of toxic pollutants, including materials from recycling or separation of construction and demolition waste (C & D) and ash from incineration of solid waste. The landfill study is particularly important because some portion of the materials from construction and demolition waste will have to be placed into these landfills despite efforts to recycle, reuse or find other uses for C & D debris. It is especially necessary since Massachusetts has banned the landfilling of C & D with the result that New Hampshire is becoming an importer of that state’s debris. In 2004, New Hampshire disposed of 643,652 tons of C & D debris of which nearly 200,000 tons came from outside New Hampshire. Consistent with planning for the state’s future needs in a sensible and logical manner, the majority of the committee also felt it important to extend the moratorium on burning C & D until the study committee established by HB 517, Chapter 205, Laws of 2005, produces it report, which will have an impact on the state’s landfill needs. The Governor’s office and the Commissioner of the Department of Environmental Services testified before the committee strongly in support of this extension of the moratorium so that it would coincide with the recommendations of both the HB 517 study and this study. Vote 14-3.
Amendment (1079h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study secured landfills and establishing a moratorium on the incineration of construction and demolition waste.

Amend the bill by replacing all after section 5 with the following:

6 Incineration Moratorium. Notwithstanding any provision of law to the contrary, there is hereby established a moratorium on the disposal of construction and demolition waste by incineration until December 31, 2007. This moratorium shall not apply to any municipal waste combustor subject to RSA 149-M or to any municipal incinerator as defined in RSA 149-M, that is permitted by the department of environmental services and was in operation on January 1, 2005.

7 Effective Date.
   I. Section 6 of this act shall take effect June 30, 2006.
   II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study secured landfills and establishes a moratorium on the incineration of construction and demolition waste. Amendment adopted.

The question now being adoption of the committee report. Rep. Maxfield spoke against and yielded to questions. On a division vote, 209 members having voted in the affirmative and 79 in the negative, the committee report was adopted. Ordered to third reading.

HB 1551, establishing a committee to study incentives for reducing consumer solid waste for disposal in landfills and incinerators. REFER FOR INTERIM STUDY.

Rep. Betty B. Hall for Environment and Agriculture: Realizing that “pay as you throw” programs result in significant solid waste reduction in landfills and incinerators, exploring innovative incentives for “pay as you throw” is warranted. Vote 9-4.

Committee report adopted.

HB 1594-FN, relative to eligibility of an owner of a dog or cat to participate in the animal population control program. OUGHT TO PASS WITH AMENDMENT.

Rep. James G. Phinizy for Environment and Agriculture: The state spay neuter fund was started over ten years ago. It has been highly successful; however, the funds, which come solely from dog licensing, are depleted usually within the first three quarters of the year due to the demand. There are two parts to this popular program. Vouchers for spaying or neutering dogs and cats are given out through shelters and humane societies when dogs and cats are adopted. These vouchers are dispensed regardless of income. The other part of the program consists of participation directly through veterinarians. Individuals who pass a means test receive a voucher and have their animals altered. The majority of the committee feels that it is important to direct the funds where they can do the most good, towards providing low cost spaying and neutering for individuals on limited means. This bill, as amended, not only brings the program completely in line with other state assistance programs by applying means testing uniformly and across the board, it will concentrate the funds where they are needed most regardless of whether the dog or cat is adopted from a shelter, humane society or the neighbor down the road. Every other aspect of this successful program will remain the same. For example, veterinarians will still be compensated for the animal’s first visit and initial inoculations. Vote 14-3.

Amendment (1107h)

Amend the bill by inserting after section 1 the following and renumbering the original sections 2-3 to read as 3-4, respectively:

2 New Paragraph; Advertisement for Spay and Neuter Program. Amend RSA 437-A:3 by inserting after paragraph II the following new paragraph:

III. Any animal shelter facility, pet store, breeder, or other facility that sells cats or dogs may display the criteria listed in RSA 437-A:3 in a prominent place and advise purchasers or adopters of cats or dogs of the criteria at the time of sale or adoption.
AMENDED ANALYSIS

This bill repeals the provision of law allowing a person who has adopted a dog or cat from an animal shelter to participate in the animal population control program for sterilization. This bill also allows shelters and other dog and cat sellers to advertise the criteria for eligibility in the animal population control program for sterilization.

Amendment adopted.

The question now being adoption of the committee report.

On a division vote, 141 members having voted in the affirmative and 144 in the negative, the committee report failed.

Adopted.

HCR 24, a resolution supporting the increased production of renewable energy by the agricultural community. INEXPEDIENT TO LEGISLATE.

Rep. David L. Babson for Environment and Agriculture: Unfortunately, this bill was not acted upon in a timely fashion which now requires an ITL recommendation. The resolution is part of a nation wide campaign to promote alternative fuel sources. The committee may propose another action on the House floor. Vote 14-0.

Committee report adopted.

HB 1741-FN, relative to reporting requirements concerning infections in hospitals. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Charles E. McMahon for the Majority of Health, Human Services and Elderly Affairs: The intent of the bill is to require hospitals to provide data on the incidence of hospital acquired infections (HAI), their incidence rates and to make them available for public review. This is an important part of ensuring confidence in the level of quality care provided at health care facilities utilized by all of us in New Hampshire. When New Hampshire citizens make a decision as to where to go for a medical procedure, they deserve timely and accurate information as to a facilities’ quality of care which is critical in making an informed decision. Testimony heard in committee highlighted the need for identifying the incidence of hospital acquired infections, possible methods to reduce the causes and finally, procedures in how this data is provided to the public. It is imperative that the information be validated and risk adjusted by hospital and by procedure performed. This is the work that would be performed through the Department of Health and Human Services working with the Foundation for Healthy Communities, New Hampshire’s hospitals and surgical centers and health care professionals in the state. This information would be made available via a web site for public review, respecting the individual’s confidentiality while fostering cooperation between the state and all health facilities. The committee agreed that the bill, upon completion of this important work, provided the citizens of New Hampshire the information required to evaluate an institution as to rates of infection and quality of care. The confidence in the information would be supported by the Health and Human Services Department and the state through the directive of this bill by the legislature to establish protocols for data validation and risk adjustment. With existing resources to assist the department such as the New Hampshire Health Care Quality Assurance Committee authorized in 2005 via HB 514 and the Foundation for Healthy Communities, a non-profit partnership of hospitals, doctors and health plans, the state’s commitment to achieving the goal of reducing HAI’s, improving health care quality and saving lives can and will be met. We resolve, with the passage of this bill, to provide the opportunity to improve the lives of New Hampshire citizens by setting a higher standard of care. Vote 13-4.

Rep. Joseph M. Miller for the Minority of Health, Human Services and Elderly Affairs: While hospital acquired infections have been a well recognized dilemma for infectious disease experts working to improve care and reduce hospital morbidity, New Hampshire had already taken steps to address this problem. HB 514, sponsored by a bipartisan group of legislators from both House and Senate, and signed into law in June 2005, had already established a commission to study medical errors and other adverse events. The Foundation for Healthy Communities, a non-profit New Hampshire health consortium, became the commission’s administrator and quickly identified healthcare associated infections as its first priority. With help from the federally designated Quality Improvement Organization, the commission established a liaison with all twenty-six New Hampshire acute care hospitals and existing ambulatory surgical units to make public evidence-
based information of validated hospital infections. The first report of these data is scheduled for release on June 1, 2006. HB 1741 will now vitiate the good work of that commission and assign these functions to personnel at the Department of Health and Human Services, whose expertise and epidemiologic-trained personnel appear to have limited experience in this area of research. Also, the budget for re-starting this endeavor will require substantially large state funding.

**Majority Amendment (1043h)**

Amend the bill by replacing all after the enacting clause with the following:

I. New Subdivision; Reporting of Hospital Infections. Amend RSA 151 by inserting after section 31 the following new subdivision:

**Reporting of Hospital Infections**

151:32 Definitions. In this subdivision:

I. “Commissioner” means the commissioner of the department of health and human services.

II. “Department” means the department of health and human services.

III. “Infection” means any localized or systemic patient condition that resulted from the presence of an infectious agent or agents, or its toxin or toxins as determined by clinical examination.

151:33 Hospitals Required to Report.

I. Any hospital licensed pursuant to this chapter shall maintain a program capable of identifying and tracking infections for the purpose of reporting under this section. Such program shall have the capacity to identify the following elements:

(a) The specific infectious agents or toxins and site of each infection;

(b) The clinical department or unit within the facility where the patient first became infected or is first diagnosed; and

(c) The patient’s diagnoses at time of admission and any relevant specific surgical, medical, or diagnostic procedure performed during the current admission.

II. (a) Hospitals shall initially identify, track, and report infections to include:

(1) Central line related bloodstream infections;

(2) Ventilator associated pneumonia; and

(3) Surgical wound infections.

(b) Hospitals shall also initially identify, track, and report process measures including:

(1) Adherence rates of central line insertion practices;

(2) Surgical antimicrobial prophylaxis; and

(3) Coverage rates of influenza vaccination for health care personnel and patients/residents.

III. Subsequent to the initial requirements identified in paragraph II, the department shall, from time to time, require the tracking and reporting of other types of infections, including urinary tract infections when reporting protocols are identified by the department, that occur in hospitals in consultation with technical advisors who are regionally or nationally-recognized experts in the prevention, identification, and control of hospital infections and the reporting of performance data. The department shall make progress reports every 6 months to the oversight committee on health and human services, established in RSA 126-A:13, concerning the development of reporting protocols for tracking of urinary tract infections and shall notify the oversight committee on health and human services when the tracking of urinary tract infections has commenced which shall be on or before July 1, 2007.

IV. The department shall establish guidelines, definitions, criteria, standards, and coding for hospital identification, tracking, and reporting of infections which shall be consistent with the recommendations of recognized centers of expertise in the identification and prevention of infections including, but not limited to the National Health Care Safety Network and the Healthcare Infection Control Practices Advisory Committee of the Centers for Disease Control and Prevention or its successor, the Joint Commission on the Accreditation of Healthcare Organizations, the Centers for Medicare and Medicaid Services, the Hospital Quality Alliance, the National Quality Forum, and the New Hampshire health care quality assurance commission under RSA 151-G.

V. Each hospital shall regularly report to the department the hospital infection data it has collected. The commissioner shall establish data collection and analytical methodologies that meet accepted standards for validity and reliability. In no case shall the frequency of reporting be required to be more frequently than once every 3 months, and reports shall be submitted not more than 60 days after the close of the reporting period.
151:34 Statewide Database Required.

I. The department shall establish a statewide database of all reported infection information for the purpose of monitoring quality improvement and infection control activities in hospitals. The database shall be organized so that consumers, hospitals, health care professionals, purchasers, and payers may compare individual hospital experience with that of other individual hospitals as well as regional and statewide averages and, where available, national data.

II. (a) Subject to subparagraph (c), on or before June 1 of each year, provided that the data collection and analytical methodologies meet accepted standards for validity and reliability, the commissioner shall report on the department’s web site infection rates both exclusive and inclusive of adjustments for potential differences in risk factors for each reporting hospital, an analysis of trends in the prevention and control of infection rates in hospitals across the state, regional and, if available, national comparisons for the purpose of comparing individual hospital performance, and a narrative describing lessons for safety and quality improvement that can be learned from leadership hospitals and programs.

(b) The commissioner shall consult with technical advisors who have regionally or nationally acknowledged expertise in the prevention and control of infections and infectious diseases in order to develop the adjustment for potential differences in risk factors to be used for public reporting.

(c)(1) Within 180 days of the effective date of this section, the department shall establish an infection reporting system capable of receiving electronically transmitted reports from hospitals. Whether or not the department has established such a reporting system, hospitals shall begin to submit reports as required by this section within 6 months of the effective date of this section.

(2) The first 6 months of data submission under this section shall be considered the “pilot phase” of the statewide infection reporting system. The purpose of the pilot phase is to ensure, by various means, the completeness and accuracy of infection reporting by hospitals.

(3) No later than 60 days after the conclusion of the pilot phase, the commissioner shall issue a report to hospitals and to the oversight committee on health and human services assessing the overall accuracy of the data submitted in the pilot phase and provide guidance for improving the accuracy of infection reporting.

(4) After the pilot phase is completed, all data submitted under this section and compiled in the statewide infection database established under this section and all public reports derived therefrom shall include hospital identifiers.

(5) The first public report required pursuant to subparagraph (4) shall be made not later than 7 months after the completion date of the pilot phase.

III. To assure the accuracy of the self-reported hospital infection data and to assure that public reporting fairly reflects what actually is occurring in each hospital, the department shall make a quarterly report to the oversight committee on health and human services on its infection rate data. If the commissioner is not satisfied with the overall accuracy of the data submitted, the commissioner shall validate the results and the methodology used to collect and analyze the data. The commissioner shall notify the oversight committee on health and human services relative to the validation of such data. After notification to the oversight committee, the commissioner may release such information to the public. If, however, the commissioner concludes that he or she is unable to adequately validate the data, the commissioner shall notify the oversight committee on health and human services of that fact and the reasons therefor and, in that case, the commissioner shall not be required to include hospital identifiers in the information released to the public.

2 New Subparagraph; New Hampshire Health Care Quality Commission; Member Added. Amend RSA 151-G:1, II by inserting after subparagraph (3) the following new subparagraph:

(4) The state epidemiologist, department of health and human services.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires hospitals to report on infections to the department of health and human services. Under this bill, the commissioner of the department of health and human services is required to establish a statewide database for the purposes of public reporting.

Majority committee amendment adopted.

The question now being adoption of the majority committee report.

HB 1714-FN, relative to an electronic controlled drug prescription monitoring program. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.

Rep. Deborah J. Hogancamp for the Majority of Health, Human Services and Elderly Affairs: This bill, as amended, establishes an electronic controlled drug prescription monitoring program within the Department of Health and Human Services. There were 40 deaths from prescription drug abuse in NH in 1999, but by 2005 the number of deaths had risen to 147 – a 150% increase. The intent of this bill is to reduce the mortality, morbidity and criminal activity associated with prescription drug diversion. The committee heard testimony from other states who have years of experience in running similar programs. The programs have been successful in helping those addicted to prescription drugs through treatment, while protecting individual privacy. Twenty-two states have addressed this issue by establishing similar programs, and have proved effective in reducing deaths and prescription drug addiction. These states include ME, MA, RI, NY, PA, and pending legislation in Vermont. This bill, as amended, establishes a database to monitor controlled prescription drugs listed in Schedule II-IV. This program will be consistent with American Society for Automation in Pharmacy Standards. The program will be administered by an Advisory Committee comprised of representatives from health care regulatory boards, health care practitioners, the Attorney General’s office and a single law enforcement officer, thus maintaining a health care focus. Costs associated with the design, implementation and administration of the program will be paid through grants and gifts. There are federal grants available to fund each step of establishing the program; however, should grants no longer be available, the bill allows the commissioner to use fees to support the program. Patient confidentiality in the program was discussed and investigated at length. Existing programs in Maine and Kentucky have reported no security breaches. The databases have proved over time to be more secure than those found in pharmacies. Currently, the prescription information that will be contained in this program database is already held in databases in pharmacies around the state. This program brings the prescription information together in one database and allows controlled practitioner access to help provide patients with safe, appropriate medical care. Access to patient-identified data is limited to 5 entities and the individual. Unauthorized access and dissemination of anyone’s personal data is a class B felony. The bill, as amended, does not allow fishing expeditions through the limited access. This program has been developed over 5 years by a number of medical practitioners, pharmacists, law enforcement officials (including the state medical examiner), and interested members of the public. It was supported by the Attorney General’s Office, State Medical Examiner, physicians practicing pain management and addiction treatment, as well as the Department of Health and Human Services. Vote 11-7.

Rep. Cindy Rosenwald for the Minority of Health, Human Services and Elderly Affairs: The minority agrees that prescription drug abuse is a problem and that monitoring controlled substances will help cut down on the fraudulent use of prescription drugs. The question is what kind of program can target most efficiently the abuse problems while also protecting the privacy rights of the majority of New Hampshire’s residents. The minority believes the committee amendment is far broader than necessary. The privacy of nearly a third of New Hampshire’s population will be needlessly put at risk when a large amount of private personal and medical information is collected in an electronic database. To put this into perspective, methadone by itself accounted for one third of all drug deaths in New Hampshire last year. Further, among all the people who died from using drugs, 35 specific prescription drugs were identified. Yet, the committee amendment will collect the prescription records on nearly 200 drugs and result in the inclusion of significant personal and medical information in a new electronic database for
almost 400,000 people. Along with patients whose doctors have prescribed narcotics, the individuals in the database will include children treated for ADHD, men who are treated for sexual problems, and thousands of people who take sleep aids or drugs for anxiety. The minority has grave concerns about the security of such a database, particularly given that one of New Hampshire’s important electronic databases was recently hacked. Several other states have reported security breaches where personal information has fallen into the wrong hands. The minority believes that adding criminal penalties for willful misuse of someone’s private medical information does not make up for the embarrassment caused by accidental misuse. We believe a more effectively targeted program should be developed to balance privacy rights of the majority of patients in New Hampshire who legitimately receive prescriptions for controlled drugs with the need to find those drug addicts fraudulently obtaining prescription drugs.

**Majority Amendment (1129h)**

Amend the bill by replacing section 2 with the following:

2 New Subdivision; Controlled Drug Prescription Monitoring Program Act. Amend RSA 318-B by inserting after section 30 the following new subdivision:

Controlled Drug Prescription Monitoring Program Act

318-B:31 Definitions. In this subdivision:

I. “Committee” means the controlled prescription drug advisory committee established in RSA 318-B:33.

II. “Department” means the department of health and human services.

III. “Dispenser” means a person who delivers a schedule II–IV controlled prescription drug or its analog to the ultimate user but does not include:

(a) A licensed hospital pharmacy that distributes such drugs for the purpose of inpatient hospital care.

(b) A practitioner, or other authorized person who administers such a drug.

(c) A wholesale distributor of a schedule II–IV controlled prescription drug or its analog.

318-B:32 Controlled Drug Prescription Monitoring Program; Penalties.

I. The department shall design and establish an electronic system consistent with the American Society for Automation in Pharmacy (ASAP) standards to monitor the prescribing and dispensing of controlled prescription drugs listed in schedules II, III, and IV, and other additional prescription drugs demonstrating a potential for abuse, by practitioners within the state, and the dispensing of such controlled prescription drugs to an individual at a specific address within the state by a pharmacy permitted by or registered with the pharmacy board.

II. (a) Each dispenser shall submit to the department, within 15 days of the last day of each month by electronic means, information regarding each dispensing of a controlled prescription drug. The information submitted for each dispensing shall include, but not be limited to:

1. Dispenser’s DEA registration number.
2. Prescriber’s DEA registration number.
3. Date of dispensing.
4. Prescription number.
5. Prescription is new or a refill.
6. Number of refills granted.
7. NDC Code of drug dispensed.
8. Quantity dispensed.
9. Number of days supply of drug.
10. Patient’s name.
11. Patient’s address.
12. Patient’s date of birth.
13. Patient’s telephone number.
14. Date prescription was written by prescriber.

(b) This section does not apply to controlled drugs:

1. Administered by a health care practitioner directly to a patient.
2. Dispensed by a health care practitioner authorized to dispense pursuant to RSA 318:42 and RSA 318-B:10.

3. Either dispensed by a pharmacist or administered by a health care practitioner to an in-patient or resident receiving care from a hospital, nursing home, assisted living facility, home health care agency, hospice, or intermediate care facility for the developmentally disabled or mentally ill which is licensed in this state.
III. Any person who knowingly fails to submit this information within the time period designated in paragraph II or knowingly submits incorrect information shall be guilty of a violation for which a civil fine shall be imposed. The fine schedule shall be established by rule, pursuant to RSA 541-A, and shall not exceed a maximum of $500 per violation.

IV. Any person who knowingly fails to report the dispensing of a controlled prescription drug listed in schedules II-IV, as required by this section, shall be guilty of a violation and subject to the penalties established under RSA 318-B:26 and Ph 710 of the pharmacy board’s administrative rules.

V. Any person who knowingly engages in prescribing or dispensing of controlled prescription drugs without having registered with the pharmacy board shall be guilty of a violation for which a civil penalty may be imposed. The civil penalties shall be established by rule adopted by the pharmacy board pursuant to RSA 541-A.

VI. The department shall develop a system of registration for all prescribers and dispensers of controlled substances within the state. The contents of the application and any fee for registration shall be established by the commissioner by rule, pursuant to RSA 541-A.

VII. All costs incurred by the department for implementing the prescription monitoring system shall be supported through grants or gifts, or both, dedicated specifically for such system. Thereafter, the program shall be self-funding by either the aforementioned grants, gifts, or fees charged under this paragraph. The department may charge a fee to an individual who requests their own program information or to a person who requests statistical, aggregate, or non-personally identified information from the program. The department may charge a fee to an individual who requests information for public research, policy, or education purposes as long as all information revealing the identity of the patient, the prescriber, the dispensing pharmacist, or the dispensing pharmacy has been removed. A fee charged for an individual’s request shall not exceed the actual cost of providing the requested information.

VIII. No person shall procure, dispense, administer, or prescribe a controlled drug without having first obtained a registration to do so from the department. An application together with any fee that may be required by the department shall be filed annually on or before October 1.

318-B:33 Advisory Committee Established.

I. There is hereby established an advisory committee to assist the commissioner in carrying out his or her duties under this subdivision. The members of the committee shall be as follows:

(a) A representative of the New Hampshire board of medicine, appointed by the board.
(b) A representative of the pharmacy board, appointed by the board.
(c) A representative of the board of dental examiners, appointed by the board.
(d) A representative of the New Hampshire nursing board, appointed by the board.
(e) The attorney general, or designee.
(f) The commissioner of the department of health and human services, or designee.
(g) A representative of the New Hampshire Medical Society, appointed by the society.
(h) A representative of the New Hampshire Dental Society, appointed by the society.
(i) A representative of the New Hampshire Association of Chiefs of Police, appointed by the association.
(j) A representative of a retail pharmacy, appointed jointly by the New Hampshire Pharmacists Association, the New Hampshire Independent Pharmacy Association, and the New Hampshire Association of Chain Drug Stores.

II. In addition to the duties under RSA 318-B:34, the purpose of the committee shall be to:

(a) Adopt and revise the criteria for reviewing the prescribing and dispensing information collected.
(b) Adopt and revise the criteria for reporting matters to the applicable health care regulatory board for further investigation.
(c) Adopt and revise the criteria for reporting matters to and working cooperatively with the appropriate law enforcement agency for further investigation.
(d) Adopt and revise the criteria for notifying health care providers of individuals that are engaged in obtaining controlled substances from multiple prescribers.
(e) Collect information on the outcomes and impact of the prescription monitoring program including: user satisfaction, impact on prescribing patterns, impact on referrals to regulatory boards and law enforcement entities, and other relevant measures.
III. The committee shall meet on a quarterly basis and other times as determined by the committee to discharge its responsibilities and to evaluate data.

318-B:34 Access to Prescription Information.

I. Prescription information submitted to the department shall be confidential and not be subject to RSA 91-A, except as provided under paragraphs III and IV. Information contained in the program and any information obtained from it, and information contained in the records of requests for information from the program, is privileged and strictly confidential, is not a public record, and is not subject to discovery, subpoena, or other means of legal compulsion for release except as provided in this section. Information from the program shall not be released, shared with an agency or institution, or made public except as provided in this chapter. Information collected for the program shall be retained by the program for 4 years. The information shall then be destroyed.

II. The department shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained, is not disclosed to persons except as provided in paragraphs III and IV.

III. The committee may review the prescription information as outlined in RSA 318-B:33. III. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the committee shall notify the appropriate law enforcement or professional licensing, certification, or regulatory agency or entity and provide prescription information required or necessary for an investigation.

IV. (a) The committee may provide data from the prescription monitoring program to the following persons and entities:

1. Persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients.

2. An individual who requests his or her own prescription monitoring information.

3. The state boards listed in RSA 318-B:33, the board of registration in optometry, and the board of podiatry.

4. Local, state, and federal law enforcement or prosecutorial officials and others as established by rule, pursuant to RSA 541-A, engaged in the administration, investigation or enforcement of the laws governing licit drugs.

5. The department of health and human services.

6. A court in a criminal matter or a grand jury which requests such information.

(b) The committee may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify prescribers, individual patients, and persons who received prescriptions from a dispenser.

318-B:35 Authority to Contract. The department may contract with another agency of this state or with a private vendor, as necessary, to ensure the effective operation of the controlled drug prescription monitoring program.

318-B:36 Rulemaking. The commissioner shall adopt rules pursuant to RSA 541-A, relative to:

I. A schedule of fines under RSA 318-B:32, III.

II. Content and format of all forms required under this subdivision.

III. Procedures, meetings, and conduct of the advisory committee established in RSA 318-B:33.

318-B:37 Limitation of Liability. Any agency or individual who provides or receives information in good faith from the controlled drug prescription monitoring program shall not be liable for civil damages, be prosecuted criminally, or be subjected to disciplinary action by an employer.

318-B:38 Unauthorized Access, Alteration, Destruction, or Disclosure of Information. A person is guilty of a class B felony if the person knowingly discloses or attempts to disclose, or uses or attempts to use, prescription monitoring information except as authorized in this subdivision or as otherwise authorized by law.

Amend the bill by replacing section 5 with the following:

5 New Section: Positive Identification Required. Amend RSA 318-B by inserting after section 9 the following new section:

318-B:9-a Positive Identification Required.

I. (a) A pharmacist shall not dispense a controlled substance listed in schedule II, III, or IV to a patient or a patient's agent without first determining, in the exercise of his or her professional
judgment, that the order is valid. A pharmacist or pharmacist’s agent shall request the patient’s or patient’s agent’s identification information prior to dispensing any controlled substance. Appropriate identification shall be in the form of:

(1) A valid driver’s license of the patient or patient’s agent, issued under New Hampshire law or the law of any other state;
(2) A valid military identification issued to either the patient or the patient’s agent; or
(3) Any other government issued photo identification document.

(b) If the patient or patient’s agent does not have the appropriate identification, the pharmacist may dispense the controlled substance only when the pharmacist determines, in the exercise of his or her professional judgment, that the order is valid and includes such information in the patient’s record. The commissioner may adopt, by rule, under RSA 541-A, the required patient information for controlled drug dispensing and procedures for a pharmacist to verify the validity of a prescription for a controlled substance in which the pharmacist was not provided the required information.

II. Any pharmacist that dispenses by mail, a controlled prescription drug, listed in schedule II, III, or IV shall be exempt from the requirement to obtain suitable identification for that prescription dispensed by mail.

III. Any controlled prescription drug listed in schedule II, III, or IV may be dispensed by a pharmacist upon an oral or electronic prescription if, before filling the prescription, the pharmacist reduces it to writing, pursuant to the requirements of RSA 318-B:9, III, IV, and V or records it electronically, if permitted by federal law. Such prescriptions shall contain the date of the oral or electronic authorization.

Majority committee amendment adopted.
Rep. Hess offered floor amendment (1267h)

Floor Amendment (1267h)
Amend RSA 318-B:34, III as inserted by section 2 of the bill by replacing it with the following:

III. The committee may review only the prescription information as outlined in RSA 318-B:33, III after removing information that could be used to identify prescribers, individual patients, and persons who received prescriptions from a dispenser. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the committee shall notify the appropriate law enforcement or professional licensing, certification, or regulatory agency or entity and provide prescription information required or necessary for an investigation.

Amend RSA 318-B:34, IV(a)(4) as inserted by section 2 of the bill by replacing it with the following:

(4) Local, state, and federal law enforcement or prosecutorial officials and others as established by rule, pursuant to RSA 541-A, engaged in the investigation or enforcement of the laws governing licit drugs.

Floor amendment (1267h) adopted.

The question now being adoption of the majority committee report as amended.
Reps. Keans, Rosenwald and Miller spoke against.
Reps. Hess and MacKay spoke in favor.
Rep. Hogancamp spoke in favor and yielded to questions.
Rep. John Flanders moved the previous question.
Adopted.
Rep. Hess requested a roll call; sufficiently seconded.

Rep. Weyler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 8, 2006 at 10:00 a.m. Adopted.
LATE SESSION

Third reading and final passage

HB 1126, relative to licenses for first mortgage bankers, brokers, pawnbrokers, and money lenders.
HB 1188, relative to notice before entry into a condominium unit.
HB 1192, relative to property and casualty insurance.
HB 1274, relative to certain disclosures to the department of health and human services.
HB 1555, establishing a commission to investigate cost drivers in providing health care.
HB 1592-FN, making certain changes in the insurance laws.
HB 1652-FN, relative to certain insurance claims.
HB 298, relative to consolidating statutes relating to driving while intoxicated.
HB 624-FN, relative to penalties in certain health and health-related professions.
HB 1155, creating a violation for failure to pay a highway toll.
HB 1209, relative to notification requirements for criminal offenders.
HB 1235-FN, establishing a criminal penalty for driving a commercial motor vehicle while violating an out-of-service order.
HB 1349, relative to costs of personnel and rates for equipment use in hazardous waste incidents.
HB 1377, relative to certain mandatory minimum sentences.
HB 1386, relative to exceptions to the prohibition on carrying and selling knives.
HB 1420-FN, prohibiting remote control and Internet hunting and relative to exceptions to the prohibitions on the sale of firearms to minors and the furnishing of arms to persons under 16.
HB 1480, amending the provisions relative to registration of criminal offenders.
HB 1620-FN, relative to hunting restrictions of certain convicted felons.
HB 1624-FN, relative to boat noise.
HB 1625, establishing penalties for guardians ad litem who fail to file reports which are required by the court.
HB 1660-FN, regulating identity theft.
HB 1667-FN, establishing penalties for methamphetamine manufacturing and possession of substances with intent to manufacture methamphetamine.
HB 1674-FN, requiring emergency care providers to report information on certain sexual assault crimes to law enforcement officials.
HB 1745-FN, relative to methamphetamine-related crimes involving children and incapacitated adults.
HB 1749-FN, relative to access to motor vehicle records by certain defense contractors.
HB 1113, adding a definition of “public academy” to the definition of “high school.”
HB 1172-FN, relative to registration of political committees.
HB 1217, requiring the secretary of state to publish certain information on campaign contributions.
HB 1613-FN-L, relative to polling place arrangement and accessibility.
HB 1394, relative to determination of value of property in current use.
HB 1429, relative to municipal exemptions for hazardous waste cleanup liability.
HB 1455-FN-A, relative to the disposal of video display devices.
HB 1630-L, relative to land use change taxes imposed for certain road construction on rights-of-way.
HB 1298, establishing a study committee to evaluate disciplinary procedures of the board of medicine.
HB 1337, establishing the amusement ride safety advisory board.
HB 1351, relative to the rulemaking process.
HB 1517-FN, relative to membership on the board of medicine and the medical review subcommittee.
HB 1526, relative to the composition of the medical review subcommittee of the medical review board.
HB 1574, relative to membership on the public employees deferred compensation commission.
HB 1590-FN, relative to the pari-mutuel commission.
HB 1595-FN, relative to certification of electronic systems technicians by the electricians’ board.
HB 1633-FN, relative to membership, eligibility, and financing of the New Hampshire retirement system.
HB 1683-FN, establishing a homestead food license for residential, non-commercial kitchens.
HB 1696-FN, relative to the cremation of human remains.
HB 1546, relative to patient information.
HB 1672-FN, relative to a registry for substantiated cases of abuse, neglect, or exploitation of incapacitated adults and establishing a task force relative to central registries.
HB 1718-FN, requiring a written disclosure statement be provided to prospective nursing home facility clients.
HB 1116, relative to service of the notice to quit and writ of summons in landlord tenant actions.
HB 1751, relative to penalties for failure to have workers' compensation coverage.
HB 1752, requiring notice regarding the classifications of employee and independent contractor.
HB 1357, relative to the legislative facilities committee.
HCR 20, a resolution commending the New Hampshire committee for Employer Support of the Guard and Reserve.
HB 1174, requiring that voters who request a secret ballot be present at the town meeting.
HB 1206, relative to the assessing standards board.
HB 1320, relative to penalties for planning and zoning violations.
HB 1330, clarifying the laws relative to municipal enrollment in the National Flood Insurance Program and relative to adopting flood insurance rate map amendments.
HB 1487, relative to marriage licenses.
HB 1508, relative to acceptance of applications by planning boards.
HB 1627, relative to the assessment of open space land.
HB 1631-FN-L, relative to property taxation of certain property of the Appalachian Mountain Club.
HB 1215, relative to the winter maintenance of Diamond Pond Road in the towns of Colebrook and Stewartstown.
HB 1223-FN, relative to the use of real estate brokers by the department of transportation.
HB 1530, naming the road to the supreme court and the administrative office of the courts Charles Doe Drive and naming the campus of the supreme court and the administrative office of the courts Charles Doe Place.
HB 1536, relative to bonds required from persons excavating or disturbing certain highways.
HB 1289, relative to Pennichuck Brook and its watershed.
HB 1315, relative to the definition and classification of dams.
HB 1317, relative to the control or eradication of exotic aquatic weeds and requiring a review by the department of agriculture, markets, and food, the department of environmental services, the fish and game department, and the department of resources and economic development, evaluating the current permitting process for special permits for aquatic applications of pesticides to control or eradicate exotic aquatic weeds and making recommendations to improve the process.
HB 1446, requiring the department of resources and economic development to prepare and submit a management and financial plan to the general court and the public prior to the opening of the Berlin regional ATV park.
HB 1463-FN, relative to boating and water safety.
HB 1491, establishing a committee to study the publicly owned treatment plant needs of New Hampshire.
HB 1568, establishing a committee to study the siting and construction of commercial wind energy facilities.
HB 1758, classifying biodeisel as a renewable energy source.
HB 1260, relative to informing first-time driver's license applicants of the controlled drug laws.
HB 1356, relative to on-board diagnostic system inspections.
HB 1448, relative to the applicability of drivers' license revocations for drugs or alcohol involvement.
HB 1238-FN, relative to centralized voter registration database information.
HB 1278, increasing the fine for violating certain laws relative to labor.
HB 1407-FN-A, relative to funding exotic aquatic weeds eradication and control.
HB 1478, relative to penalties for employers who give false or incomplete required information about employees to the department of employment security and establishing an amnesty period for certain unpaid contributions.
HB 1715-FN, relative to funding of the professional assistance program of dentists.
HB 1335, relative to the authority of law enforcement officers during a state of emergency.
HCR 25, urging the United States to withdraw funding for the United Nations if the United Nations adopts a resolution in violation of the United States Constitution.
HJR 21, urging the University of New Hampshire to restore intercollegiate baseball and softball.
HB 1403, relative to explanations of proposed constitutional amendments appearing on the ballot.
HB 1265, establishing the council on the relationship between public health and the environment.
HB 1333, relative to solid waste reduction goals.
HB 1373, establishing a commission to study ways to encourage the proper recycling and disposal of grease trap wastes and to determine ways to develop additional disposal capacity.
HB 1433, establishing a committee to study secured landfills and establishing a moratorium on the incineration of construction and demolition waste.

HB 1741-FN, relative to reporting requirements concerning infections in hospitals.

HB 1714-FN, relative to an electronic controlled drug prescription monitoring program.

RECONSIDERATION

Having voted with the prevailing side, Rep. Giuda moved that the House reconsider its action whereby it passed on third reading, HB 1714-FN, relative to an electronic controlled drug prescription monitoring program.

Rep. Giuda requested a roll call; sufficiently seconded.

</table>
MOTION TO SPECIAL ORDER

Rep. David Campbell moved that HB 1714-FN, relative to an electronic controlled drug prescription monitoring program, be made a Special Order as the second item of business on Wednesday, March 8, 2006.

Adopted.

SPECIAL ORDERED

Without Objection, the Speaker made the remainder of bills on today’s calendar be made Special Orders for March 8, 2006.

RECESS MOTION

Rep. Weyler moved that the House stand in recess for the purposes of introduction of bills, receiving enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 6:25 p.m.

RECESS

(Speaker Scamman in the Chair)

Rep. Weyler moved that the House adjourn.

Adopted.
The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend David P. Jones, Rector of St. Paul’s Episcopal Church in Concord.

Wise and gentle One, You inscribe upon each of us the indelible markings of Your signature of authorship. Give us eyes to see Your very own “John Hancock” written boldly at the core of each person we encounter this day, that all the decisions made in this venerable chamber may reveal that very same autograph. Amen.

Rep. Herbert F. Whiting, member from Franklin, led the Pledge of Allegiance.

The National Anthem was sung by members of the Merrimack Middle School Chamber Singers, Annie Steeves, Rachel Oxford, Cady Hickman, Caitlin Ortega, Annie Crossman and Amber Steeves.

LEAVES OF ABSENCE
Reps. Albert, Nelson Allan, Barker, Barry, Callaghan, Carlson, Chabot, David Cote, Goodwin, Hebert, Hinkle, Hunter, O’Neil, Oliver, Owen. Putnam, Snyder and Wiley, the day, illness.
Reps. Abbott, Aguiar, Charles Clark, Dalrymple, Dexter, Donahue, Donald Flanders, Foote, Ginsburg, Hagan, Heon, Hess, Hutchinson, Kobel, Pepino, Rochette, Twombly, the day, important business.
Rep. MaryAnn Blanchard, the day, illness in the family.
Rep. Morneau, the day, death in the family.

INTRODUCTION OF GUESTS

CLERK’S NOTE
When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

SPECIAL ORDER FROM MARCH 7, 2006
HB 1111, designating the pumpkin as the New Hampshire state fruit. OUGHT TO PASS.
Rep. Derek Owen for Environment and Agriculture: The bill to designate the pumpkin as the state fruit met little opposition. This opposition came from apple growers who felt the apple was considered more popular and well known and sold more pies than pumpkin pies. The various pumpkin festivals, including the largest pumpkin grown in the state and the Keene pumpkin lighting help to prompt the importance of our fall agricultural economy. The committee felt the versatility of the pumpkin warranted the designation as the state fruit. Vote 17-0.
Reps. Peter Allen, O’Connell and Solomon spoke in favor.
Committee report adopted by the necessary two-thirds.
Ordered to third reading.

MOTION TO PRINT DEBATE
Rep. Babson moved that the debate on HB 1111, designating the pumpkin as the New Hampshire state fruit, be printed in the Permanent Journal.
Adopted by the necessary two-thirds.

DEBATE ON HB 1111
Rep. Peter Allen: Thank you very much, Mr. Speaker. Ladies and gentlemen and members of the House. It’s a pleasure to be here. House Bill 1111 would establish the pumpkin as our state fruit. Pumpkins were cultivated here by Native Americans long before we discovered this place. This bill was on the Consent Calendar with unanimous Ought To Pass votes in the Environment and Agriculture Committee.
Four students at Wells Memorial School in Harrisville presented excellent brief speeches in support of House Bill 1111. They presented ample justification for passage of this bill. This state holds the record for the largest pumpkin ever grown and the Keene Pumpkin Festival holds the Guinness Book of Records mark of 23,727 pumpkins carved, lit and displayed at one time. The city of Boston has tried the last two years to beat it and they haven’t yet. There are four co-sponsors of this bill whose names I failed to get to the House Clerk in time for printing, Senator Flanders and Representatives Dunn, Butynski and Mattarazzo. Their names will appear in the permanent record. Senator Eaton said, “I’ll have to think about it,” and he never got back to me, so I missed the deadline for getting the names in. Thank you.

Rep. O’Connell: Thank you, Mr. Speaker. Mr. Speaker, good morning. Good morning, honorable members of the House. Mr. Speaker, I first learned about House Bill 1111, “the pumpkin bill,” from the good representative from Alton, who asked me if I was the prime sponsor. And as I recall, I made some flippant comment like, “Yeah, right.” But since that time last fall, this doubting Timothy has become a convert to these orange orbs and I’d like to tell you why I think we should pass this bill. As a vegetable and fruit grower with a couple of degrees in biology, I knew that botanically the pumpkin, like the tomato, is indeed classified as a fruit. And as the good representative from Harrisville just indicated to you, historically the pumpkin was grown by our Native Americans long before the first European colonists came to our shores. Over these last 300 years the pumpkin has continued to be cultivated for a diversity of uses from pies, soup, ice cream, roasted seeds, livestock feeds, and of course, the ornamental use of pumpkins as a symbol of Halloween and Thanksgiving. Not only has the fruit continued to be an economical and profitable crop for our growers, but it also marks the end of the growing season and the arrival of a profitable tourist season which we rely on so heavily. But what is so special about the pumpkin? What is the New Hampshire connection? Why should we vote for this? Well, first of all, you should know that our own university in New Hampshire is a leader of selective breeding of pumpkin cultivars. Dr. James B. Loy of University of New Hampshire (UNH) continues to develop a new line of fruit that are commercially available. Snack Jack is a hull-less seed variety that is perfect for roasting and snacking. Dr. Loy’s disease resistant strains are constantly being released for commercial productions and my farm, Butternum Farm, will be growing them this year. I hope that all of you have marveled at the mountains of pumpkins that highlight cleverly designed displays at our local farm stands in autumn. I invite you to come to the Milford Pumpkin Festival where thousands of others come each Columbus Day weekend and celebrate the pumpkin in a 3-day fun filled festival. Also, as the representative from Harrisville indicated to you, why don’t you enter a pumpkin in the Jack-O-Lantern contest in Keene and again become part of maybe breaking that Guinness world record of 23,727 pumpkins. Just for the fun of it. I’d urge you to attend our local “ag” fairs where the New Hampshire Giant Pumpkin Growers Association routinely display their large fruit weighing anywhere between a quarter to a half a ton. Charlie Houghton of Goffstown, the good Representative Wheeler from Goffstown, holds the world’s record for a little gem that weighed 1,337 pounds. Ladies and gentlemen of the House, yes, the pumpkin is indeed a fruit with close ties to New Hampshire and truly worthy of our designation as the state fruit. And finally, Mr. Speaker, think of all the fun that pumpkins have provided in your lifetime for your children, for your grandchildren, and especially for all of those wonderful kids in our gallery this morning showing their support for the pumpkin and the learning experience that it has provided. Thank you, Mr. Speaker. And thank you, kids.

Rep. Robert L’Heureux: Thank you, Mr. Speaker. Of all the good things that we have heard about the pumpkin, are you aware that every year there’s a world championship pumpkin throwing competition that takes place in Pennsylvania? And are you aware that the world champions are from New Hampshire, and are you aware that the pumpkin that was used to break the world record came from New Hampshire?

Rep. O’Connell: I’m aware of the world pumpkin record by weight; I intended to make reference to the Greenfield situation. If you’ve ever driven by Greenfield on Route 31, you’re going to see this rusty monstrosity out in a field and actually there are two, I believe. It’s a giant cannon which shoots these little suckers over half a mile and then also there’s a trebuchet. I was going to do that but I didn’t know how to spell trebuchet.

Rep. Roberts: I’ve got my pumpkin shirt on today and my pumpkin tie. The question I have is a little bit off the “pumpkin,” but in today’s society where we have children who are afraid to risk failure, shouldn’t we really be worrying about rewarding people who go out and make an effort whether they win or lose. Because these kids showed up, they put in the effort, this is a perfect opportunity, wouldn’t you agree, to reward the efforts that these students did?
Rep. O'Connell: I guess I would briefly say, that in all honesty I think win or lose, they are the winners. It has been a great experience for them and I’m sure they will remember it for the rest of their lives.

Rep. Solomon: I would like to, as one of the many Peters in the House, I would like to urge my fellow Peters to join with me in supporting this noble idea of having the pumpkin, as our nursery rhyme says, “Peter, Peter, pumpkin eater, “ I hope this will encourage all of them to support this in the House. Thank you.

**CLERK’S NOTE**

On March 7, 2006, the House voted to reconsider its action whereby it passed with amendment **HB 1714**, relative to an electronic controlled drug prescription monitoring program. The bill was Special Ordered to March 8, 2006 as the second order of business.

**SPECIAL ORDER-RECONSIDERATION OF HB 1714**

**HB 1714-FN**, relative to an electronic controlled drug prescription monitoring program.

The question now being adoption of Ought to Pass as amended.

Motion failed.

Motion adopted by the necessary two-thirds.

**CLERK’S NOTE**

The constitutionally required two-thirds of the membership for action by majority vote was declared present.

**COMMITTEE OF CONFERENCE REPORT ON SB 206**

Committee of Conference on **SB 206-FN**, relative to the state code of ethics and establishing an executive ethics commission.

Recommendation:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 21-G:21, II-a as inserted by section 1 of the bill by replacing it with the following:

II-a. “Executive branch official” means every elected official as defined by RSA 15-B:2, III, who holds an executive branch office, every public official as defined by RSA 15-B:2, X, every constitutional official as defined by RSA 15-B:2, II, and every public employee as defined by RSA 15-B:2, IX.

Amend RSA 21-G:25 as inserted by section 2 of the bill by replacing it with the following:

21-G:25 I. Acceptance and Giving of Gifts. Any public employee, public official, and any public employee’s or public official’s spouse or dependent who gives, solicits, accepts, or agrees to accept a gift from a person who is subject to or likely to become subject to or interested in any matter or action pending before or contemplated by the public employee or official or by the governmental body with which that employee or official is affiliated shall disclose the gift in the statement of financial disclosure filed under RSA 21-G:28. Nothing in this section shall be construed to prohibit gifts made to the state of New Hampshire and accepted in accordance with the law.

Restrictions on Simultaneous Employment and Public Service. Volunteer service shall not be used, directly or indirectly, for personal financial gain, or to facilitate non-public communications with executive branch officials for the purpose of promoting or advancing any matter on behalf of a third party, or to influence executive branch officials in the performance of their duties. In furtherance of this prohibition:

I. No person shall serve as a public employee, as defined by RSA 15-B:2, IX, or serve as an appointee or volunteer for any multi-branch commission, committee, board, or similar governmental entity, and simultaneously be a person who has a duty to register as a lobbyist pursuant to RSA 15, or is employed by, or maintains an ownership interest in, any entity which employs a registered lobbyist.

II. No person shall serve as a public employee in a position that establishes policy or adjudicates matters before any agency while maintaining any ownership interest in, or being
employed by, any entity, engaged in promoting or opposing, directly or indirectly, any legislation pending or proposed before the general court, or promoting or opposing any action or inaction on any matter, contract, license, permit, or administrative rule, proposed or pending, before the executive branch.

III. Unless otherwise prohibited by law, the prohibitions of RSA 21-G:25, I and II, shall not apply to:

(a) Appearances before the courts or any adjudicative proceedings, or non-adjudicative processes, as defined by RSA 541-A;

(b) Service in a position subject to appointment by the governor and council;

(c) Testimony or participation in any public meeting, or service on any commission, committee, board, panel, or other similar governmental entity that is subject to the public meeting and notice requirements of RSA 91-A, or the public right of access mandated by part I, article 8 of the New Hampshire constitution.

(d) Volunteer public service related entirely to a ceremonial, celebratory, historical, or recreational program or event; public health or safety incident or drill, or consumer protection assistance;

(e) Ownership of publicly-traded stock; or

(f) A public employee, appointee, or volunteer's personal application for any license, permit, or ruling from a state agency.

Amend RSA 21-G:29, III as inserted by section 3 of the bill by replacing it with the following:

III. The committee shall consist of 7 members, nominated in the following manner:

(a) Three members, nominated by the governor, one of whom shall be a member of the democratic party, one of whom shall be a member of the republican party, and one of whom shall have no political party affiliation.

(b) Two members, nominated by the secretary of state, one of whom shall be a member of the democratic party and one of whom shall be a member of the republican party.

(c) Two members, nominated by the treasurer, one of whom shall be a member of the democratic party and one of whom shall be a member of the republican party.

Amend RSA 21-G:29, VI as inserted by section 3 of the bill by replacing it with the following:

VI. Committee members shall serve terms of 3 years and until their successors are appointed and qualified. However, initially, the governor shall nominate one member for a one-year term, one member for a 2-year term and one member for a 3-year term; the secretary of state shall nominate one member for a 2-year term, and one member for a 3-year term; the treasurer shall nominate one member for a one-year term and one member for a 2-year term. Initial nominations to the committee shall be made no later than 90 days after the effective date of this section. The initial appointments shall begin on July 1, 2006 and end on June 30 of the appropriate year. Vacancies shall be filled for the remainder of any unexpired term. During their term of appointment, members may not hold or campaign for elective office, serve as an officer of any political party or political committee, permit their names to be used in support of or in opposition to any candidate or proposition, participate in any way in any election campaign, make a contribution as defined in RSA 664:2 to any candidate for office or political committee, or act as or assist a lobbyist required to be registered under RSA 15:1.

Amend RSA 14-B:2, III as inserted by section 5 of the bill by replacing it with the following:

III. Appointments to the committee shall be made by December 31 prior to the first legislative session of the biennium. A committee meeting shall be called no later than February 1 in the first legislative session of the biennium. The members shall elect Prior to the first committee meeting, the speaker of the house of representatives and the senate president shall jointly select from the members of the committee a chairperson and vice-chairperson [at this meeting]. The members shall serve for the biennium and shall not be removed from the committee for any reason except for good cause by unanimous vote of the remaining committee members. Members shall receive no compensation, except that legislative members shall receive mileage at the legislative rate and public members shall receive mileage at the state employee rate. The committee shall provide the executive branch ethics committee with copies of all publicly issued guidelines, procedures, decisions, and opinions.

Amend RSA 15:1, II(b) as inserted by section 7 of the bill by replacing it with the following:

(b) To promote or oppose, directly or indirectly, any action by the governor, governor and council, or any state agency, as defined in RSA 15-A:2, where such action concerns legislation or contracts pending or proposed before the general court, any pending or proposed administrative rule, or the procurement of goods or services that are being or may be purchased by the state, subject to the exclusions in paragraph III.
Amend RSA 15-B:2, IX as inserted by section 9 of the bill by replacing it with the following:

IX. “Public employee” means any person, including but not limited to a classified or non-classified employee or volunteer, who conducts state business on behalf of the governor, any executive branch official, agency, or the general court

Confeerees: Sens. Clegg, Dist. 14; Boyce, Dist. 4; and Larsen, Dist. 15.

Rep. Whalley moved that the House adopt the Committee of Conference Report.

Rep. Whalley spoke in favor and yielded to questions.

Committee of Conference Report adopted.

SPECIAL ORDERS - BILLS FROM MARCH 7, 2006

CACR 36, relating to the rulemaking authority of the Supreme Court. Providing that the Supreme Court may adopt rules, that the general court may regulate these matters by statute, and that in the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall prevail over the rule. INEXPEDIENT TO LEGISLATE.

Rep. David E. Cote for Judiciary: This amendment is unclear, in that it purports to establish the primacy of statute over court rule, yet states that “such enactment [of the legislature] may not abridge the Judiciary’s necessary adjudicatory functions.” Thus, it is neither fish nor fowl; sweeping too broadly or not broadly enough, and will serve only to confuse both the courts and the public. In addition, leaving aside the question of its clarity, the subject matter has been before the public on two separate occasions in the last few years. Vote 16-4.

Committee report adopted.

HB 1565, relative to evictions in cases involving incidents of domestic violence. OUGHT TO PASS WITH AMENDMENT.

Rep. Nancy J. Elliott for Judiciary: This bill, as amended, protects tenants that are involved in an incident of domestic violence from an unfair eviction based solely on that single incident. It also protects a landlord from being unable to evict a tenant that has a lifestyle of disturbances. The bill represents a bipartisan effort to ensure that the rights of both landlord and tenant are preserved. Representatives of both landlord and tenant associations are in agreement with this bill as amended. Vote 15-1.

Amendment (1191h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Actions Against Tenants; Relief in Cases Involving Incidents of Domestic Violence. Amend RSA 540:14 by inserting after paragraph III the following new paragraph:

IV. In any action for termination of tenancy under RSA 540:2, II(c) or (d), where the sole basis is a single occasion of domestic violence pursuant to RSA 173-B and there is no threat of violence to others living outside the rental unit from which the domestic violence emanated, the judge shall have the discretion to allow the victim’s tenancy to continue and to make such orders as justice may require. The court may re-open the action upon the lessor or owner’s complaint of a subsequent incident of domestic violence within one year from the first incident. Nothing in this paragraph shall prohibit the lessor or owner from proceeding with a termination of tenancy under RSA 540:2, II(c) or (d) based on a subsequent incident.

2 Effective Date. This act shall take effect January 1, 2007.

AMENDED ANALYSIS

This bill grants the court discretion, in certain cases of domestic violence, to permit the victim’s tenancy to continue.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 1761, exempting vacation rentals from regulation as a tenancy and extending the committee to study the appeals process in cases between landlords and tenants, established in 2005, 45. OUGHT TO PASS WITH AMENDMENT.

Rep. Gregory M. Sorg for Judiciary: This bill, as amended, creates a new chapter 540-C to the RSA’s, dealing with the eviction of tenants who rent seasonal recreational rental units in the off-season. Due to the high rent and short period of time for which such units can be rented during vacation season, advocates both for landlords and tenants agreed that it is appropriate and neces-
sary to have an accelerated process for removing holdover off-season tenants. This chapter provides that as long as the landlord makes the off-season rental by written lease specifying that it is seasonal property, specifying the date by which the off-season tenants must vacate, and specifying that failure to so vacate will result in removal by a law enforcement officer without any court order, the tenant may be so removed upon the law enforcement officer’s being presented with the expired lease. Vote 19-1.

**Amendment (0877h)**
Amend the title of the bill by replacing it with the following:  
AN ACT relative to hold over tenants in vacation or recreational rental units.
Amend the bill by replacing all after the enacting clause with the following:  
1 New Chapter: Vacation or Recreational Rental Units. Amend RSA by inserting after chapter 540-B the following new chapter:

**CHAPTER 540-C**

**VACATION OR RECREATIONAL RENTAL UNITS**

541-C:1 Covered Units. This chapter shall apply to all dwelling units which are:  
I. Rented for recreational or vacation use at least one month out of the year; and  
II. Rented for residential purposes by persons who have no other residence, during part or all of the non-recreational or vacation period.

540-C:2 Lease Required. In order to evict an occupant from a dwelling unit covered by this chapter without fulfilling the requirements of RSA 540, the owner or the owner’s authorized agent and the tenant shall sign a lease which:  
I. States the date by which the tenant shall vacate the premises; and  
II. Informs the tenant that if he or she remains on the premises after the expiration of the lease without the written permission of the owner or the owner’s authorized agent, the tenant may be removed from the premises by a law enforcement officer without any judicial process.

540-C:3 Removal Upon Expiration of Lease. Any law enforcement officer of this state, upon presentation of the expired lease by the owner or the owner’s authorized agent, shall remove the occupants from the dwelling unit. Upon removal the occupants shall be deemed to have abandoned his or her rights of occupancy and the owner may then make such unit available to other occupants.

541-C:4 Civil Penalty. Any person who directs a law enforcement officer to remove a tenant from a dwelling unit covered by this chapter without complying with RSA 540-C:3, or misrepresents to a law enforcement officer that the unit is a covered unit under this chapter shall be liable to any tenant who is involuntarily removed from the unit by the law enforcement officer in an amount equivalent to 3 months rent, plus costs and attorneys fees.

2 Repeal. RSA 540:1-a, I(c), relative to the classification of vacation or recreational dwellings rented during the off-season as nonrestricted property, is repealed.

3 Effective Date. This act shall take effect January 1, 2007.

**AMENDED ANALYSIS**

This bill permits a law enforcement officer to remove a holdover tenant from a vacation or recreational rental unit without judicial process if the parties have signed a lease that specifies the date by which the tenant shall vacate the premises and that the tenant may be removed from the property if the tenant remains beyond the date specified. The bill exempts vacation and recreational rental units from the eviction process in RSA 540.

Amendment adopted.

Committee report adopted and ordered to third reading.

**HB 1194**, relative to job protection for volunteer firefighters, rescue workers, and emergency medical personnel. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jeffrey P. Goley for Labor, Industrial and Rehabilitative Services: This bill allows a member of a fire department rescue squad, or emergency medical services agency to take leave without pay from his or her place of employment to respond to a state of emergency declared by the Governor or the General Court under RSA 4:45. The employer shall not require the employee to use or exhaust his or her vacation or other accrued leave for the period of emergency services. Request for service shall be directed to the chief of the member’s fire department, rescue squad, or emergency medical services agency and a copy to the member’s employer. Vote 15-0.
Amendment (1218h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to job protection for firefighters, rescue workers, and emergency medical personnel.

Amend the bill by replacing RSA 275:66, I-II as inserted by section 1 of the bill with the following:

I. When the governor or the general court declares a state of emergency under RSA 4:45, a member of a fire department, rescue squad, or emergency medical services agency who is called into service of the state or a political subdivision shall have the right to take leave without pay from his or her place of employment to respond to the emergency. No employer shall require an employee to use or exhaust his or her vacation or other accrued leave for the period of emergency service. The employee may choose to take vacation or other accrued leave for the period of emergency service.

II. A firefighter, rescue squad member, or emergency medical services member shall be called into service of the state or a political subdivision for purposes of this subdivision when his or her services are requested in writing by the director of emergency services, communications, and management or by the head of a local organization for emergency management established under RSA 21-P:39. The request shall be directed to the chief of the member’s fire department, rescue squad, or emergency medical services agency and a copy shall be provided to the member's employer.

AMENDED ANALYSIS

This bill gives firefighters, rescue workers, and emergency medical personnel the right to take leave without pay from a place of employment when mobilized after the governor has declared a state of emergency unless certified as essential to an employer’s emergency relief efforts.

Amendment adopted.

Committee report adopted and ordered to third reading.

INTRODUCTION OF SPECIAL GUESTS

Members of the delegation from the Republic of Kazakhstan, sponsored and hosted by Partners for Peace - New Hampshire 2006, which is a joint undertaking of the University of New Hampshire, the New Hampshire National Guard and the United States Department of Defense, guests of the House.

SPECIAL ORDERS- BILLS FROM MARCH 7, 2006 (CONT’D.)

HB 1564, prohibiting mandatory tip charges for small parties. INEXPEDIENT TO LEGISLATE.

Rep. Randolph N. S. Holden for Labor, Industrial and Rehabilitative Services: The committee overwhelmingly concluded that this bill would hurt the littlest of little guys, the waitperson. This bill targets the very people who need our help; those men and women who receive $2.38 hr. The bill further removes the owner’s decision to protect his employee and just goes against the New Hampshire sense of fairness. Vote 14-0.

Committee report adopted.

CACR 37, relating to the legislature. Providing that compensation shall be based on present value. OUGHT TO PASS.

Rep. Karen A. Hutchinson for Legislative Administration: Today’s monetary value of our $100 annual compensation is approximately $2000. While this increase certainly does not change our “volunteer legislature” status, it is hoped that it will allow for more diversified legislative participation, particularly working-age individuals who are unable to serve in the legislature due to lost wages. Vote 7-4.

Rep. Hunt requested a roll call; sufficiently seconded.

</table>
HB 1141, relative to innovative land use controls. INEXPEDIENT TO LEGISLATE.
Rep. Mary R. Cooney for Municipal and County Government: Although the basic intent of this bill is to encourage towns to adopt open space housing concepts, this bill would mandate those municipalities to allow the Village Plan alternative who had previously voted to only permit cluster development. There is already a mechanism in place for a municipality to adopt the Village Plan alternative. One unintended consequence might be municipalities choosing to reject both choices because they couldn’t pick one or the other. Vote 15-1.
Rep. Mirski spoke against.
Committee report adopted.

HB 1342, relative to the development of land and cutting of trees on land surrounding burial grounds and cemeteries. INEXPEDIENT TO LEGISLATE.
Rep. Nancy K. Johnson for Municipal and County Government: This bill as written restricts the cutting of trees and development within 25 feet of a known burial site. The majority of the committee agrees that cemeteries and the immediate surrounding area should be treated with respect. However, the bill is too restrictive in some regards and omits many other needed restrictions. For example, if a tree is dead or needs to be removed, this bill would restrict the necessary activity. In addition, the bill does not address the need to limit the cutting of other vegetation such as lilac bushes or protecting stone walls around a cemetery. Vote 13-3.
Committee report adopted.

HB 1345, establishing a commission to study community relations between the town of Plymouth and Plymouth state university. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.
Rep. Eric G. Stohl for the Majority of Municipal and County Government: The committee received two bills regarding conflicts between the town of Plymouth, Plymouth State University (PSU) and the University System of New Hampshire (USNH). HB 1679 was amended to resolve the issue where there was competition between the private vendors on campus and the private businesses in the community. The committee unanimously agreed on a 13-0 committee vote to a compromise, placed HB 1679 on the Consent Calendar and the bill was passed by a voice vote on the floor of the House. The second bill, this one, sought to establish a commission to study community relations between the town of Plymouth and Plymouth State University (PSU). An amendment to replace the entire bill was introduced at the public hearing. This amendment required USNH to meet with the governing body of Plymouth at least once every three years to negotiate a reasonable cost-sharing agreement for public safety services and to determine a reimbursement amount for the same. It further required that if the parties reached an impasse in negotiations, the Board of Tax and Land Appeals (BTLA) shall conduct an expedited hearing and issue a ruling on the provisions to be contained in the new agreement. The majority of the committee feels that the resolution in HB 1679, relative to the property tax exemption for the university system property, will help assist in acquiring a resolution to the local issues stated in the amendment to HB 1345 in Plymouth and therefore no further action is needed to be taken by this legislature. Vote 8-6.
Rep. Mary R. Cooney for the Minority of Municipal and County Government: The people of Plymouth have had their constitutional rights violated by a system set in place in 1963 when the legislature granted the University System of New Hampshire exemption from all taxation and responsibility to host communities for public safety costs associated with its buildings and residential population. HB 1345 as amended seeks to remedy a flawed negotiations’ process between the town of Plymouth and Plymouth State University. True negotiations are characterized by equal power by both parties. The process as it currently exists puts 100% power in the hands of the University. USNH’ legislative immunity from responsibility to its host community has produced unfair, lopsided public safety reimbursement agreements and gross underpayments, which in turn, have inflated local tax rates. This long-standing PSU cost-shifting, tolerated by the legislature, is violating the peoples’ rights under Articles 8 and 12 of the NH Constitution and increasingly compromising the safety and security of an entire community, townspeople, and students alike. The issue is fairness. This bill simply seeks to eliminate the “take it or leave it” USNH attitude that presently prevails and replace it with an authentic and fair negotiations process characterized by “Give and Take.” To ensure fairness, this bill establishes a requirement to negotiate at least every three years and an appeal process with the Board of Tax and Land Appeals in the event agreement is not reached. The provisions of this bill are necessary to remedy a flawed process, for future public safety negotiations. Town officials believe this legislation will restore a small measure of local control enabling the local recovery of fair share basic public safety costs from Plymouth State University. Plymouth is not seeking reimbursement for other municipal costs or any other public expenses. PSU cost shifting has reached an untenable level; the town and taxpayers do not have the tax base or fiscal means to continue absorbing the growing extensive and expensive impact. This bill simply corrects a flawed process ensuring just and fair compensation, hence, allowing the town’s ability to provide for the most basic of services: public safety. Majority committee report adopted.

Rep. Heald declared a conflict of interest and did not participate.

HB 1629-FN-L, relative to property revaluation schedules in towns and cities and review by the department of revenue administration. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Paul R. Hopfgarten for the Majority of Municipal and County Government: This bill requires that the Department of Revenue Administration ensure that all towns or cities have a complete property revaluation in the past two years be completed by December 31, 2007. As a result of the court cases involving assessing practices statewide, the Assessing Standards Board was created. One thing that was mandated by the legislature was a time frame for all municipalities to have their assessments reviewed by the DRA. This review process needed to be completed within a five-year cycle that ends in the year 2007. The majority finds this legislation unnecessary in light of current practices already in place that will have all the municipalities’ assessment review completed by April 1, 2007. Vote 13-1.

Rep. Harry S. Gale for the Minority of Municipal and County Government: If you thought that revaluation and county taxing formulas were designed to create equalization, proportionality, fairness and equity, and you come to understand, for example, that a community with 8% of a county’s population pays 28% of the county tax liability and that a community with a population of 850 citizens paid $700,000.00 in county taxes and that a community which uses 3% of the county’s services pays 28% of the county’s taxes, and that a community with 12% of the county’s population pays almost 30% of the county taxes, and that several communities pay more in county taxes than they do to operate their respective local governments, would you not feel compelled to file a minority report against a committee of ITL HB 1698? The minority feels that a motion to kill this bill is nothing more than a postponement of a legislative obligation to repair such matters. To do so would in fact achieve the greatest relief for property taxpayers throughout our state. Majority committee report adopted.

HB 1343, establishing a committee to study the administration and jurisdiction of the council on resources and development. OUGHT TO PASS WITH AMENDMENT.

Rep. James B. Rausch for Public Works and Highways: This bill, as amended, replaces the original bill and makes statutory changes that clarify the role of the Council on Resources and Development (CORD) to be advisory. Since the inception of CORD in 1950 the duties of the council were specified to be advisory only. In 1961 RSA 162, which established the council was repealed.
In 1963 RSA 162-C was passed which re-established CORD and again stated the decisions were to be advisory only. This bill makes CORD advisory to the Long Range Capital Planning and Utilization Committee and the Governor and Council for the disposal of state-owned real estate. It additionally requires the Council to provide a copy of its minutes to the Senate President, Speaker of the House, Long Range Capital Planning and Utilization Committee and the Governor and Council. The amendment further requires the disposal of surplus property by the NH Housing Finance Authority to receive approval from the Long Range Capital Planning and Utilization Committee and the Governor and Council for the leasing of railroad properties. This bill makes no changes to the responsibilities CORD has under Chapter 162-C for L-CHIP property, or to any other existing statutory responsibility. The clarification of the advisory duties of CORD allows for the Governor and Council and the Long Range Planning and Utilization Committee to fulfill their statutory responsibilities. Vote 12-0.

**Amendment (1173h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the council on resources and development.

Amend the bill by replacing all after the enacting clause with the following:

1 Disposal of State-Owned Real Estate; Role of the Council on Resources and Development.

Amend RSA 4:40, I to read as follows:

I. Except as provided in RSA 4:39-c, RSA 228:31-b, and RSA 204-D, upon recommendation of the head of any state department having jurisdiction over the same [and with the approval of the council on resources and development], all requests for the disposal or leasing of state-owned properties shall be reviewed and approved by the long range capital planning and utilization committee, with advice from the council on resources and development, prior to submission to the governor and council for approval. Upon determination that the property is no longer needed by the state, the governor and council shall first offer it to the town, city, or county in which the property is located. If the town, city, or county refuses the offer, the governor and council may sell, convey, transfer, or lease the real property.

2 Council on Resources and Development; Responsibilities. Amend RSA 162-C:2, IV to read as follows:

IV. Make studies and recommendations concerning changes to effectively coordinate the work of the agencies which have membership in the council [Recommendations adopted by a majority vote of the council shall be binding on the affected agencies which have membership in the council, unless the recommendations are in conflict with existing laws or rules];

3 Council on Resources and Development; Meeting Minutes. Amend RSA 162-C:4 to read as follows:

162-C:4 Meetings. The council shall meet at least once every 3 months, but may meet more often as it shall determine. The chairman shall prepare and deliver an agenda to all members at least 7 days in advance of each meeting. The council shall provide a copy of the minutes from each meeting to the senate president, the speaker of the house of representatives, the long range capital planning and utilization committee, and the governor and council.

4 Council on Resources and Development; Land Conservation Investment Program; Management. Amend RSA 162-C:9, I to read as follows:

I. Each assignment of land under this subdivision to a state agency or a municipality shall be subject to review and reassignment if the council deems it advisable.

5 Surplus Lands Housing Program; Sale of Land by New Hampshire Housing Finance Authority. Amend RSA 204-D:4, V to read as follows:

V. The authority may sell or otherwise transfer land transferred to the authority pursuant to this chapter upon which affordable housing has been constructed only if the authority has established controls to ensure that the housing shall remain affordable to persons of low or moderate income for a period of at least 30 years after such sale or transfer. The authority may sell or otherwise transfer undeveloped land transferred to the authority under this chapter only after receiving approval from the long range capital planning and utilization committee, with advice from the council on resources and development established in RSA 162-C and final approval by the governor and council. The authority may lease land which is transferred to the authority under this chapter.
6 Leasing Railroad Properties. Amend RSA 228:57-a, II to read as follows:

II. The provisions of RSA 4:40, requiring first offering the land for lease to political subdivisions, shall not apply to this section. However, leases shall continue to be approved by the council on resources and development and the long range capital planning and utilization committee, with advice from the council on resources and development, before final approval by the governor and council.

7 Effective Date. This act shall take effect July 1, 2006.

AMENDED ANALYSIS

This bill:
I. Requires the council on resources and development to give advice, rather than approval, prior to the disposal of state-owned lands.
II. Removes the binding effect of the council’s recommendations relative to coordination of member agencies.
III. Requires the council to provide the legislature and governor and council with copies of the council’s meeting minutes.
IV. Requires the New Hampshire housing finance authority to obtain the approval of the long-range capital planning and utilization committee, with advice from the council on resources and development, and final approval by the governor and council, prior to the transfer of lands under the surplus lands housing program.

Amendment adopted.
Committee report adopted and ordered to third reading.

HB 1603-FN, relative to administration and enforcement by the division of forests and lands over forest resources and timber harvesting. OUGHT TO PASS WITH AMENDMENT.

Rep. Elisabeth N. Sanders for Resources, Recreation and Development: This bill accomplishes four things: (1) All forest rangers hired after January 1, 2005 are to complete the preparatory training for full-time police officers established by the police standards and training council; (2) authorizes the director of the division of forests and lands to regulate entry into, or movement within, the state of any wood product which may cause the introduction or spread of a dangerous insect or disease; (3) defines and regulates wood concentration yards; and (4) penalizes the failure to provide a written contract for the purchase or sale of forestry products as a deceptive forestry business practice. This legislation supports the efforts of the Division of Forests and Lands, and while some committee members felt that the full-time police training is unnecessary, the bill will provide Forest Rangers with enhanced tools to better protect the forest resources under their jurisdiction. Vote 14-3.

Amendment (1108h)

Amend the bill by replacing all after the enacting clause with the following:

I. Forestry; Definitions. Amend RSA 227-G:2, XIV to read as follows:

XIV. “Primary wood processing mill” means any permanent or portable mill, or any off-site log yard operated by a primary wood processing mill, wherever located, sawing or otherwise processing logs, bolts, pulpwood, or other primary forest products into secondary forest products.

2. Forestry; Definitions. Amend RSA 227-G:2, XVII to read as follows:

XVII. “Wood concentration yard” means any site established and used for the purchase and resale of primary forest products from off-site locations and which is not a primary wood processing mill.

XVIII. “Woodland” includes cut-over land, slash, and such other land as bears a sufficient amount of wood growth, wood, weeds, grass, or other growth as to be likely to be burned over.

3. New Paragraph; Forestry; Fines; Penalties. Amend RSA 227-G:5-a, by inserting after paragraph II the following new paragraph:

III. Unless otherwise provided by law, any person who violates any rule adopted under RSA 227G:4 shall be guilty of a violation.

4. Forestry; Validity of Prosecutions. Amend RSA 227-G:8 to read as follows:

227-G:8 Validity of Prosecutions. Forest rangers and officials of the division appointed to enforce this title and other laws provided for in RSA 227-G:7 are authorized, upon successful completion of the preparatory training programs for full-time or part-time police officers established by the police standards and training council under RSA 188-F and their subsequent certification as
full-time or part-time police officers, to prosecute these laws within the jurisdiction of municipal and district courts, unless the prosecutorial jurisdiction over a particular case or class of cases is preempted by the county attorney or the attorney general. Prosecutions for violations of any provisions of this title are declared to be valid and proper, notwithstanding the existence of any law of this state dealing with matters that may be the same as or similar to those covered by this title.

5 Forestry; Training of Forest Rangers. Amend RSA 227-G:9 to read as follows:

227-G:9 Training of Forest Rangers.

I. Any forest ranger of the division appointed to enforce the provisions of this title and other laws provided for in RSA 227-G:7, shall successfully complete the preparatory training for part-time police officers established by the police standards and training council pursuant to RSA 188-F no later than one year from the date of hire. Upon successful completion of the training program, such forest ranger shall be certified as a part-time police officer.

II. Any forest ranger of the division hired after January 1, 2005 appointed to enforce the provisions of this title and other laws provided for in RSA 227-G:7, shall successfully complete the preparatory training for full-time police officers established by the police standards and training council pursuant to RSA 188-F no later than one year from the date of hire. Upon successful completion of the training program, such forest ranger shall be certified as a full-time police officer.

III. Any forest ranger of the division hired before January 1, 2005 shall be certified as a full-time police officer upon successful completion of the preparatory training for full-time police officers established by the police standards and training council pursuant to RSA 188-F.

6 New Paragraphs; Forest Health; Duties of the Director. Amend RSA 227-K:2 by inserting after paragraph II the following new paragraphs:

III. The director and the director’s authorized agents may prohibit or regulate the entry into the state, or the movement within the state, of any tree, timber, log, wood, pole, underwater, or bark, or the products thereof, which in the agent’s judgment may cause the introduction or spread of a dangerous insect or disease.

IV. The director, with the approval of the commissioner and after notice and hearing pursuant to RS 541-A, may impose an administrative fine not to exceed $2,000 for each offense upon any person who violates any provision of this chapter. Rehearings and appeals from a decision of the director under this paragraph shall be in accordance with RSA 541. Any administrative fine imposed under this section shall not preclude the imposition of further penalties under this chapter. The commissioner shall adopt rules, under RSA 541-A, relative to:

(a) A schedule of administrative fines which may be imposed under this paragraph for violation of this chapter.

(b) Procedures for notice and hearing prior to the imposition of an administrative fine.

V. The proceeds of administrative fines levied pursuant to paragraph III shall be deposited by the director into the forest management and protection fund established under RSA 227-G:5, 1.

7 Forest Resource Information; Primary Wood Processing Mills. Amend RSA 227-L:9 to read as follows:

227-L:9 Primary Wood Processing Mills; Wood Concentration Yards; Registration; Penalty.

I. In order to [provide for the safety of woodlands from fire in relation to primary wood processing mills, and to protect and develop the state’s forest resources, information as to location, owner, type of mill, operating capacity, species and volumes of wood and timber being processed, and output of wood and timber products shall be required] protect and develop the state’s forest resources, provide for the safety of woodlands from fire in relation to primary wood processing mills, and to respond to forest health threats, such mills and wood concentration yards shall be registered by the director. Primary wood processing mills shall provide the director with information on the locations, owner, type of mill, operating capacity, species, volumes, and state of origin of wood harvested and timber processed, purchased, and sold, and the output of wood and timber products.

II. (a) No person shall operate or cause to be operated any mill processing primary forest products or wood concentration yard unless said mill or wood concentration yard shall be registered by the director.

(b) There shall be an annual mill registration fee of $20 for all mills processing primary forest products or wood concentration yards, regardless of size, type of mill or wood concentration yard, or primary product being processed.
(c) Application for registration shall be made on forms provided by the director, giving the name of owner or owners, and locations, [type and capacity] of a primary wood processing mill or a wood concentration yard. Primary wood processing mills shall provide the director with information on the [_] products produced, type, capacity, and such other pertinent information as the director may require. One application shall cover a mill complex in a given location involving more than one unit of equipment.

(d) The director shall issue to the applicant a permanent registration number assigned to the mill or wood concentration yard described in the application together with a sign or plate denoting such registration number, to be displayed in a conspicuous place at the mill or wood concentration yard.

III. The director, or duly authorized agent, may, at any time, inspect any primary wood processing mill or wood concentration yard to assure compliance with the provisions of this chapter.

IV. Any person who violates any of the provisions of this section or rules adopted under RSA 541A shall, for the first 30-day period, be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person. Each subsequent 30-day period or part thereof shall constitute a separate offense.

8 Timber Harvesting; Deceptive Forestry Business Practices. Amend RSA 227-J:15, II to read as follows:

II. In this section, “adulterated” means varying from a standard of composition or quality prescribed by any statute providing criminal penalties for such variance, or set by established commercial usage. In this section, “mislabeled” means varying from a standard of truth or disclosure in labeling prescribed by any law providing criminal penalties for such variance, or set by established commercial usage. In this section, “scale slip” means a written or printed form or combination of forms which provide an accurate, readily understandable record [of the measurement of the wood to which it relates and is prepared by the person who measured the wood] containing the species of wood product, board footage of each individual log when the standard unit of measurement is per thousand board feet, or tonnage or cordage when not sold per thousand board feet, gross scale, defect, net scale, date wood was measured, and the name of the party scaling the wood.

III. A person is guilty of a misdemeanor if, in the course of buying or selling a forest product as defined in RSA 227-G:4, VII, he or she recklessly fails to provide a written contract to the owner, prior to the cutting from the owner’s property any forest products which are subject to a notice of intent to cut as defined in RSA 79:10. The contract shall be signed by both parties, specify the remuneration for the forest products to be cut, and the time in which remuneration shall be made.

9 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

I. Requires all forest rangers hired after January 1, 2005 to complete the preparatory training for full-time police officers established by the police standards and training council and provides that any forest ranger hired before January 1, 2005 shall be certified as a full-time police officer upon successful completion of the preparatory training course.

II. Authorizes the director of the division of forests and lands to regulate entry into, or movement within, the state of any wood product which may cause the introduction or spread of a dangerous insect or disease.

III. Defines and regulates wood concentration yards.

IV. Penalizes the failure to provide a written contract for the purchase or sale of forestry products as a deceptive forestry business practice.

Amendment adopted.
On a division vote, 227 members having voted in the affirmative and 84 in the negative, the committee report was adopted.
Ordered to third reading.

HB 1666-FN-A, authorizing a memorandum of understanding between state and local law enforcement and the United States Department of Homeland Security regarding immigration enforcement and making an appropriation therefor. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Kris E. Roberts for the Majority of State-Federal Relations and Veterans Affairs: This bill as written raises far more questions than it answers. The majority of the committee believes that
immigration enforcement is a federal government issue. Under current law, any law enforcement officer has the ability to arrest any person for violation of any state or federal law. They also have the right to hold an individual for immigration violations and then notify Department of Homeland Security for pickup. In most cases Department of Homeland Security will release the individual with future court date. Second, the majority of the committee has concerns with the uncertain fiscal impact of this bill on the state of New Hampshire. While the federal government may fund the tuition cost of the training, the local community in the state still has to fund the salaries of personal undergoing training, along with the cost of overtime. The only way to not pay their costs is create a gap in the police portion. The majority believes this would be an uncertain expense to our general fund in the future. In addition, there is also a fiscal cost to our local communities. If the local law-enforcement officer is doing immigration enforcement, he/she is taken away from his/her primary job. The majority of the committee is not prepared to support the imprecise fiscal consequences of this bill. Third, the bill gives the Department of Safety discretion to enter into a memorandum of understanding with Department of Homeland Security. The majority of the committee believes this is much too broad and would have rather seen more details about what is in this memorandum on the bill. Vote 9-2.

Rep. Lars T. Christiansen for the Minority of State-Federal Relations and Veterans Affairs: Forthcoming federal legislation on local reimbursement funding left questions to be answered. My recommendation of interim study would provide time for such research, but was not accepted by the committee.

Rep. Renzullo and Mirski spoke against.

Rep. Roberts and Coughlin spoke in favor and yielded to questions.

Rep. John Flanders moved the previous question.

Adopted.

SPECIAL ORDER - BILLS REMOVED FROM CONSENT CALENDAR

HB 1233-FN, including public officials under the real estate practice act. INEXPEDIENT TO LEGISLATE.

Rep. Stella Scamman for Commerce: This bill would require public officials to follow the Real Estate Practice Act and have real estate licenses. The committee felt this bill was not necessary. First, there was no testimony of any serious problems. Second, all public officials do take an oath of ethics to hold office. Third, licensure is not necessary. Training sessions sponsored by such organizations as the New Hampshire Municipal Association can give public officials the background and skills necessary in dealing with real estate issues. Vote 16-1.

RECESS

(Deputy Speaker Weyler in the Chair)

The House reconvened at 1:25 p.m.

SPECIAL ORDER – BILLS REMOVED FROM CONSENT CALENDAR (CONT’D.)

HB 1399, relative to the compensation paid to directors or officers of a charitable trust. INEXPE-DIENT TO LEGISLATE.

Rep. Stephen T. Pelkey for Commerce: Setting percentage limitations on salaries of presidents and CEO’s of charitable trusts is a violation of the 14th Amendment as stated by the Attorney General’s office. Additionally, the Internal Revenue Service looks closely at reasonable compensation paid to directors and officers through 990 reporting of charitable trusts. Most of the testimony in support of this bill was focused primarily on the perceived high compensation paid to presidents and CEO’s of hospitals which were within national averages for these positions to assume responsibility to manage budgets as high as 500 million dollars. Vote 15-2.

Rep. McLeod spoke in favor.
On a division vote, 249 members having voted in the affirmative and 61 in the negative, the committee report was adopted.

(Speaker Scamman in the Chair)

HB 1137, relative to criminal trespass. INEXPE-DIENT TO LEGISLATE.

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill attempts to make legal an action that was ruled unconstitutional by a district court judge. During testimony, the Attorney General’s representative said these were serious constitutional questions. A further unintended consequence was pointed out in that if a person was arrested and convicted under the provisions of this bill, as soon as they were released they would be subject to immediate re-arrest ad infinitum. Vote 14-2.

Rep. Renzullo spoke against.
Rep. Stevens spoke in favor and yielded to questions.
Rep. John Flanders moved the previous question.
Adopted.
Rep. Renzullo requested a roll call; sufficiently seconded.

HB 1354, relative to physical force in defense of a person. INEXPEDIENT TO LEGISLATE. Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill purposely removes the duty to retreat in the face of an attack. RSA 627:4 as currently written already sufficiently covers this concern. The duty to retreat does not occur if you are within your dwelling or its curtilage or, if any other place, where you can do so with complete safety. This bill also would create a presumption that an attacker intended to cause serious bodily injury. This raises many concerns and could result in unintended consequences. Vote 13-3.

MOTION TO SPECIAL ORDER
Rep. Robert Wheeler moved that HB 1354, relative to physical force in defense of a person, be made a Special Order for Thursday, March 9, 2006.
Adopted.

SPECIAL ORDER - BILLS REMOVED FROM CONSENT CALENDAR (CONT’D.)
HB 1736-FN-L, relative to tuition payments made to charter schools. INEXPEDIENT TO LEGISLATE.
Rep. Michael A. Balboni for Education: The purpose of this bill, to authorize the Dept. of Education to send tuition money directly to state-approved charter schools instead of through a local school district, and to authorize the state treasurer to distribute these adequate education grants from the Education Trust Fund, has already been incorporated into HB 76 that passed the House and is now in the Senate. Therefore, there is no longer a need to pass this bill. Vote 15-0.

MOTION TO LAY ON THE TABLE
Rep. Lars Christiansen moved that HB 1736-FN-L, relative to tuition payments made to charter schools, be laid on the table.
Motion failed.

The question now being adoption of the committee report. Committee report adopted.

SPECIAL ORDER - BILLS REMOVED FROM CONSENT CALENDAR (CONT’D.)
HB 1481, establishing a moratorium period for lobbying by certain state officers. REFER FOR INTERIM STUDY.
Rep. Richard B. Drisko for Election Law: This bill would amend RSA 15:1-a by extending the moratorium period on allowing former state officials or employees to become lobbyists. The bill expands the definition of affected employees and public officials. The committee is concerned that the bill as written has the potential to unfairly limit employment opportunities for certain individuals after they complete a period of service to the state. The committee felt that the issue should be subjected to additional review. In addition, some of the content of the bill was considered in SB 206. Vote 13-4.
Reps. Peter Sullivan and Soltani spoke against.
Rep. Whalley spoke in favor.
Rep. John Flanders moved the previous question.
Adopted.
Rep. Peter Sullivan requested a roll call; sufficiently seconded.

HB 1216, relative to the sale of unpasteurized milk. OUGHT TO PASS WITH AMENDMENT. Rep. Jane E. Beaulieu for Environment and Agriculture: This bill is a matter of choice. Unpasteurized milk and milk products may be sold and served only if such milk products are clearly labeled as unpasteurized similar to the labeling of unpasteurized apple cider. All dairy farmers will continue to follow all rules and regulations set forth by the Department of Agriculture and the Department of Health and Human Services. The Commissioner may adopt rules pursuant to RSA 541-A relative to the manufacturer, labeling and the sale of milk and milk products in New Hampshire. Vote 13-0.

Amendment (1223h)
Amend the bill by replacing all after the enacting clause with the following:

1 Pasteurization. RSA 184:30-a is repealed and reenacted to read as follows:

184:30-a Pasteurization of Milk and Milk Products Not Required.

I. Unpasteurized milk and milk products may be sold, offered for sale, and served only if such milk and products are clearly labeled as unpasteurized and such label is clearly displayed. The commissioner may adopt rules pursuant to RSA 541-A, relative to the manufacture, labeling, and sale of milk and milk products in New Hampshire.

II. The provision of paragraph I shall not prohibit the sale, within the state, of cheese made from raw milk when such cheese has been aged a minimum of 60 days at a temperature above 35 degrees fahrenheit, and is clearly labeled as unpasteurized.

2 Original Containers. Amend RSA 184:30-b to read as follows:

184:30-b Original Containers. It shall be unlawful for any fixed and mobile restaurant; coffee shop; cafeteria; short-order cafe; luncheonette; grille; soda fountain; tearoom; cocktail lounge; roadside stand; hospital and other institution; industrial feeding establishment; school; private organization routinely serving the public; catering kitchen; commissary or similar places in which food is prepared for sale or for service on the premises or elsewhere, or any eating or drinking establishment where food is served to or provided for the public with or without charge to sell or serve milk or fluid milk products unless [pasteurized and] in the original individual containers and clearly marked as pasteurized or unpasteurized in which they were packaged at the milk plant.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the sale of unpasteurized milk if such milk and milk products are clearly labeled as unpasteurized.

This bill is a request of the department of health and human services.

Rep. Pilliod spoke against.

Rep. Sawyer spoke in favor and yielded to questions.

On a division vote, 213 members having voted in the affirmative and 110 in the negative, the committee amendment was adopted.

Committee report adopted and ordered to third reading.
(Deputy Speaker Weyler in the Chair)

HB 1534, relative to maintaining construction and demolition debris as a solid waste. OUGHT TO PASS.

Rep. James F. Powers for Environment and Agriculture: This bill regulates the wood component of construction and demolition waste as a solid waste thereby ensuring that there will be proper control and oversight of wood waste products that contain or are treated with toxic pollutants. The committee was unanimous in its opinion that care should be taken in handling such wood debris, particularly as much of it is being imported from out of state. Salvaged materials and items, such as doors, wood frames, window frames, and other wood products, as well as reusable dimensional lumber from dismantling or deconstructing buildings and structures are not affected by this classification. Vote 18-0.

Rep. Slocum spoke against and yielded to questions.
Rep. Itse spoke against.
On a division vote, 216 members having voted in the affirmative and 97 in the negative, the committee report was adopted.
Ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Bergin moved that HB 1616, establishing a performance measurement system for state agencies, be made a Special Order to its regular place on the calendar for March 9, 2006.
Adopted.

SPECIAL ORDER – BILLS REMOVED FROM CONSENT CALENDAR (CONT’D.)

HB 1129, relative to eminent domain. REFER FOR INTERIM STUDY.

Rep. Maureen C. Mooney for Judiciary: This bill proposes a statutory definition for “public use” in New Hampshire law. The committee noted that this bill closely resembles HB 1254 and SB 287 and therefore recommended Interim Study. The sponsor agreed to this recommendation. Vote 17-0.

Rep. Villeneuve spoke against.
Committee report adopted.

(Speaker Scamman in the Chair)

HB 1510, relative to leave of absences to serve as a legislator. INEXPEDIENT TO LEGISLATE.

Rep. Sharon M. Carson for Labor, Industrial and Rehabilitative Services: This bill tries to establish a procedure for leaves of absence in order to be a candidate for and, if elected, serve as a legislator in the New Hampshire General Court. The committee understood the intent of this bill, which was to encourage participation in our governmental process, but determined the bill as written to be a burden to the employer with many unintended consequences. Concerns about encouraging citizen participation can be addressed in Interim Study on HB 1133, establishing the Employee Civic Duty Act. Vote 10-4.

Rep. Cali-Pitts spoke against.
Committee report adopted.

CACR 33, relating to the number of members of the senate and senatorial districts. Providing that the senate shall consist of 30 members with 3 elected at large from each district and that senate districts shall conform to county boundaries. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Legislative Administration: The sponsor’s intent was to increase representation for the North Country. Unfortunately, the United States Supreme Court would rule that it violates the one-man one vote rule and it would be struck down. The sponsor wanted the committee to pass it anyway, but the committee is reluctant to take on an expensive and ultimately futile effort. Vote 9-0.

On a division vote, 259 members having voted in the affirmative and 40 in the negative, the committee report was adopted by the constitutionally required three-fifths vote.
REGULAR CALENDAR

**CACR 41**, relating to representative districts. Providing that representative districts shall be apportioned according to specified standards. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard B. Drisko for Election Law: The long standing tradition in New Hampshire is to have as many small representative districts as possible so as to best represent all the people of New Hampshire. This CACR, as amended, will allow the legislature to use flotarial districts as used in the past without question or challenges in the courts. This will make sure that our state will have as many small house districts as possible. Vote 16-0.

**Amendment (1162h)**

Amend paragraph I of the resolution by replacing it with the following:

I. That the second part of the constitution be amended by replacing article 11 with the following:

[Art.] II. [Small Towns; Representation by Districts.] When the population of any town or ward, according to the last federal census, is within a reasonable deviation from the ideal population for one or more representative seats the town or ward shall have its own district of one or more representative seats. The apportionment shall not deny any other town or ward membership in one non-flotarial representative district. When any town, ward, or unincorporated place has fewer than the number of inhabitants necessary to entitle it to one representative, the legislature shall form those towns, wards, or unincorporated places into representative districts which contain a sufficient number of inhabitants to entitle each district so formed to one or more representatives for the entire district. In forming the districts, the boundaries of towns, wards, and unincorporated places shall be preserved and contiguous. The excess number of inhabitants of a district may be added to the excess number of inhabitants of other districts to form at-large or flotarial districts conforming to acceptable deviations. The legislature shall form the representative districts at the regular session following every decennial federal census.

Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

“Are you in favor of amending the second part of the Constitution by amending article 11 to read as follows:

[Art.] II. [Small Towns; Representation by Districts.] When the population of any town or ward, according to the last federal census, is within a reasonable deviation from the ideal population for one or more representative seats the town or ward shall have its own district of one or more representative seats. The apportionment shall not deny any other town or ward membership in one non-flotarial representative district. When any town, ward, or unincorporated place has fewer than the number of inhabitants necessary to entitle it to one representative, the legislature shall form those towns, wards, or unincorporated places into representative districts which contain a sufficient number of inhabitants to entitle each district so formed to one or more representatives for the entire district. In forming the districts, the boundaries of towns, wards, and unincorporated places shall be preserved and contiguous. The excess number of inhabitants of a district may be added to the excess number of inhabitants of other districts to form at-large or flotarial districts conforming to acceptable deviations. The legislature shall form the representative districts at the regular session following every decennial federal census.”

**AMENDED ANALYSIS**

This constitutional amendment concurrent resolution provides that when a town or ward has enough inhabitants to equal or exceed the number required for one representative seat, it shall have its own district. The legislature shall form towns, wards, or unincorporated places with fewer than the number of inhabitants necessary for a representative seat into districts entitled to one or more representatives. Excess population may be combined with other contiguous districts to allow for additional at-large or flotarial representatives.

Amendment adopted.

On a division vote, 256 members having voted in the affirmative and 55 in the negative, the committee report was adopted by the constitutionally required three-fifths vote.

Ordered to third reading.

**CACR 30**, relating to limits on the taking of private property. Providing that eminent domain shall not be used to transfer ownership of real property for private use or economic development. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISlate.**

House Journal March 8, 2006  761

Court held that private property may be taken by eminent domain and transferred to private developers solely to promote economic development. CACR 30 is a direct response to the Kelo decision. New Hampshire citizens were justifiably concerned that the Supreme Court had defined “public purpose” so broadly as to render meaningless the existing property protections found in our State Constitution and the jurisprudence of our New Hampshire Supreme Court. In prior cases, the New Hampshire Supreme Court has interpreted the constitution as allowing an uncertain and amorphous “balancing test” for “economic development” takings. Kelo has simply rendered that “balancing test” meaningless. It has set the bar so low as to ensure that property owners will never be able to stop, protest or obtain meaningful judicial review of a governmental entity’s decision to take that citizen’s property and immediately transfer it to enrich a wealthier or more politically influential private developer. CACR 30 is a legislative answer to these real concerns. Part I, Art. 2 of the New Hampshire Constitution lists “natural rights” which are “natural, essential and inherent” to citizens. Among those rights is “acquiring, possessing and protecting property.” New Hampshire citizens want and deserve a chance to vote on whether to restore the fundamental property protections the U.S. Supreme Court stripped away in Kelo. CACR 30 will restore the original and common understanding that private property cannot be taken by eminent domain for anything other than use by a political subdivision, state-regulated public utility or common carrier, or when the taking is necessary for the ownership or the use of the property by the public at large (i.e., not for the private profit of private developers).

The language of the amended CACR also mirrors SB 287, which comprehensively defines “public use” in the statutes. SB 287 recently passed in the Senate 24-0. Additionally, if approved by the voters, this amendment will be in its own new Article 12-a, so as to preserve the original 1784 language of Article 12, which addresses taxation, as well as property rights. We believe that we have an obligation to allow the citizens of New Hampshire to vote to affirm that Kelo-like takings were not, are not, and will never be, the New Hampshire way. As legislators, we took a solemn oath to support and defend the Constitutions of the State of New Hampshire and the United States of America. When an event such as Kelo so threatens and undermines our long-standing, common understanding of what the government can and can not do to the citizens through the use of the eminent domain power, support for CACR 30 is the only appropriate response. Vote 11-9.

Rep. Bette R. Lasky for the Minority of Judiciary: The bipartisan minority of the Judiciary Committee feels very strongly in protecting our citizens’ ownership of property. The NH Constitution says in Part I, Art.12 that “... no part of a man’s property shall be taken from him, or applied to public uses, without his own consent, or that of the representative body of the people.” NH statutes and judicial decision have been consistent in the protection of private property rights as well. Also, the Senate has just addressed SB 287-FN with a resounding vote of 24-0 which further clarifies the term “public use” and makes the possibility of a “Kelo vs. New London” decision here even more remote. The minority feels a change in the constitution is premature. Additionally, there is legislation pending to form a study committee to review our existing eminent domain laws. The minority believes this should be place before we make any change in our constitution.

Majority Amendment (0982h)

Amend the title of the bill by replacing it with the following:

RELATING TO:  limits on the taking of private property.

PROVIDING THAT:  eminent domain shall not be used to transfer real property from one owner to another on the grounds that private use of the land will benefit the public. Property may be taken by the state only when necessary for the enjoyment of the land by the public at large.

Amend paragraph I of the resolution by replacing it with the following:

I. That the first part of the constitution be amended by inserting after article 12 the following new article:

[Art.] 12-a [Power to Take Property Limited.] The power of eminent domain shall not include taking property from one owner and transferring it to another on the grounds that the public will benefit from development or other private use of the property. Private property may be taken by the state, a political subdivision, or a state regulated public utility or common carrier, only when necessary for the ownership or use of the property by the public at large.

Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

“Are you in favor of amending the first part of the constitution by inserting a new article 12-a to provide that private property can only be taken as follows:
[Art.] 12-a [Power to Take Property Limited.] The power of eminent domain shall not include taking property from one owner and transferring it to another on the grounds that the public will benefit from development or other private use of the property. Private property may be taken by the state, a political subdivision, or a state regulated public utility or common carrier, only when necessary for the ownership or use of the property by the public at large."

AMENDED ANALYSIS
This constitutional amendment concurrent resolution prohibits the use of eminent domain on the grounds that private development will benefit the public. Eminent domain may be used by the state only when necessary for the ownership or use of the property by the public at large.
Rep. DiFruscia spoke against.
Reps. Rowe and Soltani spoke in favor and yielded to questions.
Majority committee amendment adopted.

MOTION TO SPECIAL ORDER
Rep. Whalley moved that CACR 30, relating to limits on the taking of private property. Providing that eminent domain shall not be used to transfer ownership of real property for private use or economic development, be made a Special Order for Wednesday, March 22, 2006 and spoke in favor. Motion adopted.

SPECIAL ORDER - BILLS REMOVED FROM CONSENT CALENDAR

HB 1757, relative to taxation of renewable generation facilities. INEXPEDIENT TO LEGISLATE.
Rep. Andrew Renzuollo for Municipal and County Government: While the committee may support renewable energy facilities, the burden of their economic viability should not be transferred to the backs of the residential property owner. If the state wished to encourage alternative energy development it should do so with its own funding sources. In addition, the President's State of the Union address spoke of encouraging alternative energy initiatives. Thus the federal incentives should precede any state incentives. It is noted that an amendment was submitted on deadline day. This amendment was sufficiently different from the original bill as to have necessitated a public hearing. Vote 13-1.
Rep. Slocum spoke against.
On a division vote, 198 members having voted in the affirmative and 103 in the negative, the committee report was adopted.

HB 1684-FN, establishing a commission to study the effects of leasing state-owned waterfront property and placing a moratorium on the leasing of state-owned waterfront property. INEXPEDIENT TO LEGISLATE.
Rep. James B. Rausch for Public Works and Highways: This bill established a commission to study leasing of state owned waterfront property. The committee recognizes that there are existing statutory regulations and an existing process that governs the leasing of these properties. The existing process requires extensive review by the Department of Transportation and then legislative review by the Long Range Capital Planning and Utilization Committee. If approval is granted, the request must additionally go before the Governor and Council for final review and approval. Also, the Council on Resources and Development is required to give advice on the leasing of the property. The committee feels this process is sufficiently comprehensive and that no study committee is necessary to study this process. Vote 13-1.
Committee report adopted.

HB 1506, requiring children 12 years of age or under to wear personal flotation devices. OUGHT TO PASS WITH AMENDMENT.
Rep. Sandra B. Kears for Resources, Recreation and Development: This bill only increases the age from five to age twelve. The current law is working well for the “little guys” and is a common sense answer for protecting the older child who will now be required to wear a coast guard approved flotation device. Vote 16-0.

Amendment (0771h)
Amend the bill by replacing section 1 with the following:
1 Persons 12 Years of Age or Under. Amend RSA 270:30-a to read as follows:
270:30-a Persons [5] 12 Years of Age or Under. No person operating or in control of a boat or vessel upon the public waters of the state shall transport a child [5] 12 years of age or under unless
said child is wearing a personal flotation device of a type approved by the United States Coast Guard; provided, however, boats, vessels, and ships with continuous side rails enclosing the perimeter of the boat, vessel, or ship, 3 feet or more in height and enclosed between the deck and the top of the railing in a way that would reasonably prevent passage of a small child are exempted from the provisions of this section.

**AMENDED ANALYSIS**

This bill extends the age where children are required to wear a personal flotation device.

**MOTION TO SPECIAL ORDER**

Rep. Currier moved that *HB 1506*, requiring children 12 years of age or under to wear personal flotation devices, be made a Special Order for Thursday, March 9, 2006. Motion failed.

The question now being adoption of the committee amendment.

Reps. Keans and David Campbell spoke against.

Rep. Whalley spoke in favor.

On a division vote, 164 members having voted in the affirmative and 135 in the negative, the committee amendment was adopted.

Rep. Whalley offered floor amendment (1311h).

**Floor Amendment (1311h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to personal flotation device requirements for children.

Amend the bill by replacing section 1 with the following:

1 Persons 12 Years of Age or Under. Amend RSA 270:30-a to read as follows:

270:30-a Persons [5] 12 Years of Age or Under.

I. No person operating or in control of a boat or vessel upon the public waters of the state shall transport a child 5 years of age or under unless said child is wearing a personal flotation device of a type approved by the United States Coast Guard; provided, however, boats, vessels, and ships with continuous side rails enclosing the perimeter of the boat, vessel, or ship, 3 feet or more in height and enclosed between the deck and the top of the railing in a way that would reasonably prevent passage of a small child are exempted from the provisions of this paragraph.

II. No person 12 years of age or under shall operate or be a passenger on a boat or vessel upon the public waters of the state unless such person:

(a) Is wearing a personal flotation device of a type approved by the United States Coast Guard; or

(b) If the person is between 6 and 12 years of age, is accompanied by a person 18 years of age or older.

**AMENDED ANALYSIS**

This bill requires that a personal flotation device be worn by certain children when operating a boat or vessel or when unaccompanied by an adult.

Rep. Whalley spoke in favor and yielded to questions.

Reps. Gibson and David Campbell spoke against and yielded to questions.

Rep. Mirski spoke against.

Rep. John Flanders moved the previous question.

Adopted.

Rep. Balboni requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

HB 1582, prohibiting New Hampshire from participating in a national identification card system.

INEXPEDIENT TO LEGISLATE.

Rep. Sherman A. Packard for Transportation: This bill as written, and with two proposed amendments, prevents us from participating in the Real ID Act of 2005. The committee as a whole abhors the Real ID Act. Agreeing with the sponsors for our dislike of this federal legislation we must be realistic about the consequences of our actions if we refuse to participate. The law states that all states driver licenses and non driver identification cards must conform to requirements of Real ID. At present, certain requirements are certain in the law. The Department of Homeland Security has the responsibility to finalize the rule making and expand on any areas not specified in the law. The minimum requirements on a DL/ID card are full legal name, date of birth, gender, DL/ID number, digital photo, address of legal residence, signature, and security features to prevent tampering. A New Hampshire driver’s license already conforms to these requirements. There are a number of verification requirements that a DMV must adhere to before issuing a DL/ID. These requirements will be for US citizens and foreign nationals. Real ID doesn’t penalize a state by withholding any federal monies if New Hampshire does not comply, but our DL/ID cards will not be accepted by a federal agency. This means anyone boarding an airplane, entrance into a federal court house, social security buildings, medicaid or medicare facilities or entrance into federal parks, national monuments or congressional office buildings. The list has not been finalized by DHS. If our DL/ID cards are not accepted, then any New Hampshire citizen would be required to obtain a passport for federal purposes. Imagine telling a family of two adults and four children that they must have passports to visit Grandma and Grandpa by plane. A passport price is $95.00. It was suggested that we could pass the law, send a message and then repeal if the Real ID Act was not changed at the federal level. New Hampshire and Kentucky have been chosen as pilot states to start the implementation of Real ID. We have been given a grant of $3 million. If this bill passes, it prevents us from legally using the money to proceed with changes needed to implement Real ID. If we send the money back because we refuse to implement Real ID and then change our minds later, we will have to make a state appropriation that could run into the millions of dollars. The Senate has a resolution condemning Real ID as do many other state legislatures. We hope that if enough states pressure their congressional delegates they will change or repeal the law. We ask that you vote against placing us in the position of having to inform our citizens at some future date that their DL/ID’s are not accepted at any federal facility. This could and would cause undue hardships on an unknown number of New Hampshire citizens. Vote 12-1.

Rep. Giuda spoke against and yielded to questions.

Rep. Packard spoke in favor and yielded to questions.

Rep. Dickinson requested a roll call; sufficiently seconded.

Motion adopted
Ordered to third reading.

REGULAR CALENDAR (CONT'D.)

HB 1452-FN, requiring insurance coverage for the cost of testing for bone marrow donation.
OUGHT TO PASS WITH AMENDMENT.

Rep. Stephen T. Pelkey for Commerce: This bill requires insurance companies to pay for any insured NH resident for the costs associated with human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The amendment further allows the testing to be performed in a facility that is accredited by the American Association of Blood Banks or its successors, or the College of American Pathologists, or its successors, or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists and is licensed under the Clinical Laboratory Improvement Act of 1967. Currently, insurers cover all costs associated with the testing, transplant procedure, search of the donor registry, and as well as all costs for testing family members of the patient. The majority of the committee feels strongly that this bill would greatly improve the quality of life of those affected by a variety of cancers. Although not a determinable amount, the cost savings to the insurance industry, finding a donor match in the early stages of diagnosis, may greatly offset the ongoing associated treatment of these diseases. Most importantly, the small amount of money ($75 per test) is a small price to pay to save just one life. Vote 14-4.

Amendment (0453h)

Amend the bill by replacing sections 1 and 2 with the following:

1 New Section; Coverage for the Cost of Testing for Bone Marrow Donation. Amend RSA 415 by inserting after section 6-k the following new section:

415:6-1 Coverage for the Cost of Testing for Bone Marrow Donation. Each insurer that issues or renews any individual policy, plan, or contract of accident or health insurance providing benefits for medical or hospital expenses, shall provide to certificate holders of such insurance, who are residents of this state, coverage for expenses arising from human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The testing shall be performed in a facility that is accredited by the American Association of Blood Banks or its successors, or the College of American Pathologists, or its successors, or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists, and is licensed under the Clinical Laboratory Improvement Act of 1967, 42 U.S.C. section 263a, as amended. At the time of the new testing, the person tested shall complete and sign an informed consent form that also authorizes the results of the test to be used for participation in the National Marrow Donor Program.

2 New Section; Coverage for the Cost of Testing for Bone Marrow Donation. Amend RSA 415 by inserting after section 18-p the following new section:

415:18-q Coverage for the Cost of Testing for Bone Marrow Donation. Each insurer that issues or renews any policy of group or blanket accident or health insurance providing benefits for medical or hospital expenses, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state, coverage for expenses arising from human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The testing shall be performed in a facility that is accredited by the American Association of Blood Banks or its successors, or the College of American Pathologists, or its successors, or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists, and is licensed under the Clinical Laboratory Improvement
Act of 1967, 42 U.S.C. section 263a, as amended. At the time of the new testing, the person tested shall complete and sign an informed consent form that also authorizes the results of the test to be used for participation in the National Marrow Donor Program.
Amendment adopted.

Committee report adopted and ordered third reading.

SPECIAL ORDERED
Without objection, the Speaker ordered the remainder of bills on today's calendar be made Special Orders for March 9, 2006.

RESOLUTION
Rep. Weyler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 9, 2006 at 10:00 p.m.
Adopted.

LATE SESSION
Third reading and final passage

HB 1111, designating the pumpkin as the New Hampshire state fruit.
HB 1565, relative to evictions in cases involving incidents of domestic violence.
HB 1761, relative to hold over tenants in vacation or recreational rental units.
HB 1194, relative to job protection for firefighters, rescue workers, and emergency medical personnel.
HB 1343, relative to the duties of the council on resources and development.
HB 1603-FN, relative to administration and enforcement by the division of forests and lands over forest resources and timber harvesting.
HB 1216, relative to the sale of unpasteurized milk.
HB 1534, relative to maintaining construction and demolition debris as a solid waste.
CACR 41, relating to representative districts. Providing that representative districts shall be apportioned according to specified standards.
HB 1506, requiring children 12 years of age or under to wear personal flotation devices.
HB 1582, prohibiting New Hampshire from participating in a national identification card system.
HB 1452-FN, requiring insurance coverage for the cost of testing for bone marrow donation.

UNANIMOUS CONSENT
Adopted.

REMARKS
Rep. Tholl: On March 1st outside of Baghdad, the Humvee in which Sergeant Jose Pequeno was riding came under attack by an IED and RPGs. Sgt. Pequeno suffered severe life-threatening head injuries and is currently in Walter Reed Medical Center in Bethesda, Maryland.
Back in the world, Sgt. Pequeno is a father, husband and my friend, as well as the Chief of Police for the Town of Sugar Hill, New Hampshire. I ask you to remember Jose with your prayers and wishes for his speedy recovery and I would ask for a moment of silence.
The Speaker requested that the House stand and observe a moment of silence for Sgt. Pequeno.

RECESS MOTION
Rep. Weyler moved that the House stand in recess for the purposes of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.
Adopted.
The House recessed at 6:25 p.m.

RECESS
(Rep. Brundige in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 406 and 1184.

RESOLUTION

Rep. Hogancamp offered the following: RESOLVED, that the late drafting and introduction having been approved by the Rules Committee, in accordance with the list in the possession of the Clerk, House Bill numbered 2006, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 2006, relative to the state 10-year transportation improvement plan. (Chandler, Carr 1: Public Works and Highways)

RECESS

(Speaker Scamman in the Chair)

COMMITTEE ASSIGNMENT

C. Pennington Brown, on Public Works and Highways.

RECESS

Rep. Weyler moved that the House adjourn.

Adopted.
The House assembled at 10:00, the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

God of real life, help us to know that You are not only a transcendent God of sublime peace and comfort, but that You are also an immanent God, a God who is more than game to walk with us through life’s challenges, painful moments, disagreements and unfinished business. The work we do here and in our own lives can be challenging, painful, full of disagreement and even messy at times. Give us the wisdom to trust that You are what is ultimately real. That You are real enough to love us even when we err. Real enough to assure us when life’s storms overtake us. Real enough to point the way through the shadows to the light that is true joy. We offer up our prayers today for blessing upon all those gathered here, and those we know who may be suffering in some fashion today. Grant them hope and healing. We offer up prayers that Your spirit would support Speaker Scamman in his task of leadership. We offer up prayers for our governor and for all those engaged in the leadership of New Hampshire government at all levels. Grant that our work today would honor Your commitment to all those in our care; people of all hues, ages, faiths, languages, abilities, sexual orientations and aspirations. Give them, and us, joy, in the simple gift of being alive today. This we ask in Your Holy Name. Amen.

Rep. James F. Powers, member from Portsmouth, led the Pledge of Allegiance.

The National Anthem was sung by Hannah Clayman, a sophomore student from Concord High School.

**LEAVES OF ABSENCE**

Reps. Algren, Nelson Allan, Barker, Barry, MaryAnn Blanchard, Carlson, Chabot, Coates, David Cote, Goodwin, Hebert, Hinkle, Hunter, Jillette, Kobel, Lefebvre, Moore, O’Neil, Owen, Pepino, Putnam, Snyder, and Tahir, the day, illness.

Reps. Abbott, Aguiar, Charles Clark, Daniuk, Dexter, Donald Flanders, Foote, Ginsburg, Greco, Hess, Hutchinson, Kobel, Naro, Morelli, Reardon, Reed, Rochette, Stepanek and Twombly, the day, important business.

Reps. Paula Johnson and Ross, the day, illness in the family.

**INTRODUCTION OF GUESTS**

Brad Wiley, West Running Brook Middle School student, Page for the Day.

**MOTION TO VACATE**

Rep. Dokmo moved that the House vacate the reference of SB 253, relative to enforcement of support orders for college and postsecondary educational expenses, to the committee on Judiciary. Motion adopted.

The Speaker referred SB 253 to the committee on Children and Family Law.

**MOTION TO LIMIT DEBATE**

Rep. Jasper moved that the House limit debate to four minutes for each speaker, excluding questions and parliamentary inquiries.

SPECIAL ORDER - REGULAR CALENDAR

HB 1707-FN-A-L, establishing a school choice certificate program. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. W. Packy Campbell for the Majority of Education: This bill is not an indictment or a criticism of public schools. The majority believes that public schools do a good job for most students, but some students can excel in a different educational environment. House Bill 1707 is a constitutional and responsible step that gradually introduces school choice certificates over the next eight years in a manner that makes the certificates proportionately available across the state. The bill is constitutional because the money is spent by the parent. The certificate is made out to the parent and sent to the school of the parent’s choice. The parent must then go to the school and endorse the check over to it. There is a philosophical difference with regard to school choice. The majority sees that the greater purpose of public education dollars is to provide the best education possible to students, even if it means leaving a government school. To further that end, parents of limited financial means must be empowered to choose another school for the benefit of the child. This bill is designed to help the needy by giving first priority on the certificates to families whose income is at or below 200% of the federal poverty guidelines. Then, if certificates are left over, families up to 300% of the federal poverty guidelines can utilize this opportunity. During the committee process, the opinion was offered that bills such as this take money away from public schools. HB 1707 does not do that. The first year a student is in the program, the school is held harmless financially. In subsequent years, the sending public school continues to count the student in their ADMR. Furthermore, they are able to plan ahead to be able to keep 20% of the per pupil aid amount. Thus the public school will benefit as well by getting money for a child they won’t have to educate. For the sake of families of limited means, school choice is an idea that needs to be given a chance in New Hampshire. Vote 11-9.

Rep. Emma L. Rous for the Minority of Education: This bill directly opposes the New Hampshire constitutional provision that “no money raised by taxation shall ever be granted or applied for the use of the schools or institutions of any religious sect or denomination.” (Part 2, Art. 83; also Part 1, Art. 6). Private religious schools are not subject to federal disability laws and are allowed to discriminate on the basis of religion. In January, Florida’s Supreme Court struck down the nation’s only statewide voucher program because it undermined a uniform system of free public schools. This proposal provides a middle class subsidy at the expense of local school budgets. It requires districts to pay private schools 80% of their “state aid” per pupil or the state average aid per pupil for each certificate awarded. In districts whose only “state aid” is the locally collected statewide property tax, all of this money will come directly from local tax dollars. Under this bill, up to 42% of a district’s population could attend private schools at taxpayer expense and without taxpayer approval. A free democratic society depends on an educated citizenry; we are responsible to educate all of our children, not a few at the expense of many.

Majority Amendment (1023h)

Amend the bill by replacing section 2 with the following:

2 New Chapter; School Choice Certificate Program. Amend RSA by inserting after chapter 193H the following new chapter:

CHAPTER 193-I

SCHOOL CHOICE CERTIFICATE PROGRAM

193-1:1 Program Established. A school choice certificate program is hereby established for the purpose of allowing the parent or legal guardian of a child to receive, on request, a certificate that may be used for tuition at an approved public or nonpublic school in New Hampshire selected by the child’s parent or legal guardian.

I. (a) School choice certificates shall be available as set forth in this section for payment of tuition at an approved public or nonpublic school up to the value of the certificate. Funding of school choice certificates shall be from the education trust fund established in RSA 198:39 and as provided in RSA 193:1-5.

(b) Entry into the program shall be limited to those pupils entering grades 1-12. Pupils entering grades 2-12 must have been enrolled in a New Hampshire public school for the full academic year preceding the year of entry into the program.

(c) Only pupils whose family income does not exceed 300 percent of the federal poverty guidelines, as established and updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. section 9902 (2), are eligible for entry to the program. The department of education shall require proof that a pupil is a legal resident of this state as a prerequisite to participation in this program and shall annually verify the income eligibility of each program participant.

(d) Applications for the program shall be submitted to the appropriate department of education official, on a form provided by the department of education, not earlier than December 1 and not later than May 1 of the academic year preceding the year of participation. The department of education shall notify applicants of acceptance or non-acceptance into the program during the month of July.

II. Certificates shall be made available as follows:

(a) In the first year of the program, to children entering grades 1-12, up to a maximum of 2,000 certificates statewide.

(b) In the second year of the program, to children entering grades 1-12, up to a maximum of 4,000 certificates statewide.

(c) In the third year of the program, to children entering grades 1-12, up to a maximum of 6,000 certificates statewide.

(d) In the fourth year of the program, to children entering grades 1-12, up to a maximum of 8,000 certificates statewide.

(e) In the fifth year of the program, to children entering grades 1-12, up to a maximum of 10,000 certificates statewide.

(f) In the sixth year of the program, to children entering grades 1-12, up to a maximum of 12,000 certificates statewide.

(g) In the seventh year of the program, to children entering grades 1-12, up to a maximum of 14,000 certificates statewide.

(h) In the eighth year of the program, to children entering grades 1-12, up to a maximum of 16,000 certificates statewide.

III. For each pupil's first year of the certificate program only, the state shall pay to such pupil's resident school district the per pupil aid amount. Such payments shall be made from the education trust fund established in RSA 198:39.

IV. (a) Except as provided in paragraph VII, the number of certificates allocated to a school district in a given year shall be a percentage of the total number of certificates available in that year. Such percentage shall be calculated by dividing the most recently available average daily membership in residence (ADMR) in the school district as defined in RSA 198:38, VI, by the most recently available total statewide average daily membership in residence as calculated by the department of education.

(b) Notwithstanding RSA 193:12, a pupil participating in this program shall be counted in the ADMR of the pupil's resident school district for as long as such pupil participates in the certificate program.

V. In any school district where there are more applicants for certificates than certificates available in a given year as determined under paragraph IV, a lottery shall be held by the department of education and certificates shall be allocated according to the following criteria:

(a) First, to pupils who were awarded certificates in the immediately preceding year.

(b) Second, to pupils from families where the family income is below 200 percent of the federal poverty guidelines as established and updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. section 9902 (2).

(c) Third, to pupils from families where the family income is below 300 percent of the federal poverty guidelines as established and updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. section 9902 (2).
VI. A parent or legal guardian of a pupil enrolled in the school choice certificate program shall notify the department of education no later than June 30 of each year of his or her intent to remain in the program.

VII. No later than July 31 of any year in which fewer certificates are granted than are available under the program, the department of education shall conduct a statewide lottery for the unused certificates, and shall allocate such certificates to any pupil who is eligible under RSA 193-I:2, and who applied for, and was denied a certificate. Available certificates shall be awarded first to pupils from families where the family income is below 200 percent of the federal poverty guidelines as set forth in paragraph V(b). Any remaining certificates shall be awarded to pupils from families where the family income is below 300 percent of the federal poverty guidelines as set forth in paragraph V(c). Certificates issued under this paragraph shall not exceed 5 percent of a school district's average daily membership in residence for any one year. The department of education shall notify lottery participants of its decision no later than August 10.

193-I:3 Value of Certificate.
I. The value of a school choice certificate for any individual pupil shall be 80 percent of the state calculated per pupil aid for the municipality in which the student resides as determined by the department of education, or 80 percent of the state average per pupil aid amount, whichever is less.

II. In this chapter, "per pupil aid" shall be defined as the total state funding, including that raised by the statewide enhanced education tax under RSA 76:3, divided by the ADMR used for the calculation of state aid for that year, provided that:

(a) No parent shall receive a school choice certificate whose family income for federal income tax purposes is greater than 300 percent of the federal poverty guidelines as set by the United States Department of Health and Human Services.

(b) Parents whose family income for federal income tax purposes is not greater than 300 percent of the federal poverty guidelines as set by the United States Department of Health and Human Services shall be eligible for 100 percent of the school choice certificate amount established in this section.

193-I:4 Participating Schools.

I. Any approved public or nonpublic school operating in this state may participate in the school choice certificate program.

II. A public or nonpublic school may admit a child with a certificate, up to the limit of the school's capacity, after reserving places for children admitted in accordance with the school's regular admissions practices.

III. A public or nonpublic school shall establish criteria for the admission of children with certificates that are consistent with the admissions criteria that it regularly applies.

IV. Participating schools shall be permitted flexibility to educate pupils in accordance with the school's educational mission.

193-I:5 School Choice Payments.

I. The appropriate official in the department of education shall administer the certificate program for each pupil who participates in the program. Each public or nonpublic school which participates in this program shall, no later than May 1 of each year, submit to the pupil's resident school district verification of each pupil in attendance for the full school year under this program on a form provided by the department of education. Such verification shall list the name, address, dates of attendance, and the tuition cost for each pupil attending under this program.

II. The school choice payment shall be a check issued by the resident school district, made out to the pupil's parent or legal guardian and mailed by the school district to the public or nonpublic school of choice. The receiving public or nonpublic school shall ensure that a parent or legal guardian endorses the check for redemption by an official of the public or nonpublic school. Payments made under this section shall be made in equal installments on September 1, November 1, January 1, and April 1 of the year in which the pupil is enrolled in a participating school.

III. The payment shall be prorated on a per diem basis for pupils enrolled in public or nonpublic school for less than a full school year.

IV. A participating nonpublic school shall not apply any payments made under this program to the cost of religious classes or other sectarian educational programs or services. The nonpublic school shall return any remaining payment to the pupil's resident school district.

193-I:6 Transportation. Any transportation costs for transporting a child, including a child receiving special education services pursuant to an individual education plan approved under RSA 186-C:7, to a public or nonpublic school outside of the local school district shall be borne by the child's parent or legal guardian.
193-1:7 Liability for Special Education Services. The school district in which the child resides shall not be responsible for providing special education programs or services to any child who attends another school pursuant to the school choice certificate program in this chapter.

193-1:8 Testing.
I. Each nonpublic school which accepts a pupil participating in the school choice certificate program shall:
   (a) Comply with the statewide education improvement and assessment program pursuant to RSA 193-C for such pupils; or
   (b) Petition the department of education to waive compliance with the statewide education improvement and assessment program, and allow the nonpublic school to administer its own standardized testing program for such pupils. The department of education shall render a decision on all waiver requests no later than 15 days from the date of the petition. If a petition is denied for good cause shown, the nonpublic school shall comply with the provisions of the statewide education improvement and assessment program for those pupils participating in the school choice certificate program.
   (c) A pupil required to participate in the statewide improvement and assessment program shall do so in the school district in which he or she resides.

II. Each public or nonpublic school which accepts a pupil who is a participant in the school choice certificate program shall submit to the department of education, no later than June 30 of each year, the test scores of any standardized test taken while such pupil was enrolled in the public or nonpublic school. No personally identifiable information shall be released with the test scores. The standardized test shall be a test that is nationally accredited or recognized and which offers an objective, comprehensive estimate of a pupil’s educational development in areas such as language arts, reading, mathematics, and social studies.

193-1:9 Liability Limited.
I. Except as specifically provided in this chapter, a public or nonpublic school shall not be required to comply with additional laws or rules as a result of attendance by pupils whose parents receive school choice certificates.

II. A public or nonpublic school shall not be required to accept pupils whose parents receive school choice certificates.

III. The school district in which the pupil resides shall not be held liable for damages in an action to recover for bodily injury, personal injury, property damage as defined in RSA 507-B:1, or failure to educate pupils, where the action arises out of a parent’s exercise of options under the provisions of this chapter.

193-1:10 Rulemaking. The state board of education shall adopt rules, pursuant to RSA 541-A, relative to the development of forms necessary to implement this chapter.

193-1:11 Severability. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 School Money: Education Trust Fund. Amend the introductory paragraph to RSA 198:39, I to read as follows:

I. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute equitable education grants to municipalities’ school districts pursuant to RSA 198:42, [and] to provide low and moderate income homeowners property tax relief under RSA 198:56-198:61, and to make payments to school districts as provided in RSA 193-I. The state treasurer shall deposit into this fund immediately upon receipt:

AMENDED ANALYSIS

This bill establishes a school choice certificate program which makes available a certain number of school choice certificates to be used at participating public or nonpublic schools.

Reps. Rush, Claire Clarke, Casey and Rous spoke against and yielded to questions.
Reps. Sorg, Stiles and Asselin spoke in favor.
Rep. Easson spoke in favor and yielded to questions.
Rep. Easson requested a roll call; sufficiently seconded.

**Floor Amendment (1293h)**

Amend the bill by replacing section 2 with the following:

2 New Chapter; School Choice Certificate Program. Amend RSA by inserting after chapter 193H the following new chapter:

**CHAPTER 193-I**

**SCHOOL CHOICE CERTIFICATE PROGRAM**

193-I:1 Program Established. A school choice certificate program is hereby established for the purpose of allowing the parent or legal guardian of a child to receive, on request, a certificate that may be used for tuition at an approved public or nonpublic school in New Hampshire selected by the child’s parent or legal guardian.

193-I:2 School Choice Certificate Eligibility.

I. (a) School choice certificates shall be available as set forth in this section for payment of tuition at a state-approved public or nonpublic school up to the value of the certificate. Funding of school choice certificates shall be from the education trust fund established in RSA 198:39 and as provided in RSA 193-I:5.

(b) Entry into the program shall be limited to those pupils entering grades 1-12. Pupils entering grades 2-12 must have been enrolled in a New Hampshire public school for the full academic year preceding the year of entry into the program.

(c) Only pupils whose family income does not exceed 300 percent of the federal poverty guidelines, as established and updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. section 9902 (2), are
eligible for entry to the program. The department of education shall require proof that a pupil is a legal resident of this state as a prerequisite to participation in this program and shall annually verify the income eligibility of each program participant.

(d) Applications for the program shall be submitted to the commissioner of the department of education, or designee on a form provided by the department of education, not earlier than December 1 and not later than May 1 of the academic year preceding the year of participation. The department of education shall notify applicants of acceptance or non-acceptance into the program during the month of July.

II. Certificates shall be made available as follows:

(a) In the first year of the program, to children entering grades 1-12, up to a maximum of 2,000 certificates statewide.

(b) In the second year of the program, to children entering grades 1-12, up to a maximum of 4,000 certificates statewide.

(c) In the third year of the program, to children entering grades 1-12, up to a maximum of 6,000 certificates statewide.

(d) In the fourth year of the program, to children entering grades 1-12, up to a maximum of 8,000 certificates statewide.

(e) In the fifth year of the program, to children entering grades 1-12, up to a maximum of 10,000 certificates statewide.

(f) In the sixth year of the program, to children entering grades 1-12, up to a maximum of 12,000 certificates statewide.

(g) In the seventh year of the program, to children entering grades 1-12, up to a maximum of 14,000 certificates statewide.

(h) In the eighth year of the program, to children entering grades 1-12, up to a maximum of 16,000 certificates statewide.

III. For each pupil's first year of the certificate program only, the state shall pay to such pupil's resident school district the per pupil aid amount. Such payments shall be made from the education trust fund established in RSA 198:39.

IV. (a) Except as provided in paragraph VII, the number of certificates allocated to a school district in a given year shall be a percentage of the total number of certificates available in that year. Such percentage shall be calculated by dividing the most recently available average daily membership in residence (ADMR) in the school district as defined in RSA 198:38, VI, by the most recently available total statewide average daily membership in residence as calculated by the department of education.

(b) Notwithstanding RSA 193:12, a pupil participating in this program shall be counted in the ADMR of the pupil's resident school district for as long as such pupil participates in the certificate program.

V. In any school district where there are more applicants for certificates than certificates available in a given year as determined under paragraph IV, a lottery shall be held by the department of education and certificates shall be allocated according to the following criteria:

(a) First, to pupils who were awarded certificates in the immediately preceding year.

(b) Second, to pupils from families where the family income is below 200 percent of the federal poverty guidelines as established and updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. section 9902 (2).

(c) Third, to pupils from families where the family income is below 300 percent of the federal poverty guidelines as established and updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. section 9902 (2).

VI. A parent or legal guardian of a pupil enrolled in the school choice certificate program shall notify the department of education no later than June 30 of each year of his or her intent to remain in the program.

VII. No later than July 31 of any year in which fewer certificates are granted than are available under the program, the department of education shall conduct a statewide lottery for the unused certificates, and shall allocate such certificates to any pupil who is eligible under RSA 193-I:2, and who applied for, and was denied a certificate. Available certificates shall be awarded first to pupils from families where the family income is below 200 percent of the federal poverty guidelines as set forth in paragraph V(b). Any remaining certificates shall be awarded to pupils from families where the family income is below 300 percent of the federal poverty guidelines as set forth
in paragraph V(c). Certificates issued under this program shall not exceed 5 percent of a school district's average daily membership in residence for any one year. The department of education shall notify lottery participants of its decision no later than August 10.

193-I:3 Value of Certificate.

I. The value of a school choice certificate for any individual pupil shall be 80 percent of the state calculated per pupil aid for the municipality in which the student resides as determined by the department of education, or 80 percent of the state average per pupil aid amount, whichever is less.

II. In this chapter, "per pupil aid" shall be defined as the total state funding, including that raised by the statewide enhanced education tax under RSA 76:3, divided by the ADMR used for the calculation of state aid for that year, provided that no parent shall receive a school choice certificate whose family income for federal income tax purposes is greater than 300 percent of the federal poverty guidelines as set by the United States Department of Health and Human Services.

193-I:4 Participating Schools.

I. Any approved public or nonpublic school operating in this state may participate in the school choice certificate program.

II. A public or nonpublic school may admit a child with a certificate, up to the limit of the school's capacity, after reserving places for children admitted in accordance with the school's regular admissions practices.

III. A public or nonpublic school which accepts children under this chapter shall establish criteria for the admission of children with certificates that are consistent with the admissions criteria that it regularly applies.

193-I:5 School Choice Payments.

I. The commissioner of the department of education, or designee shall administer the certificate program for each pupil who participates in the program. Each public or nonpublic school which participates in this program shall, no later than May 1 of each year, submit to the pupil's resident school district verification of each pupil in attendance for the full school year under this program on a form provided by the department of education. Such verification shall list the name, address, dates of attendance, and the tuition cost for each pupil attending under this program.

II. The school choice payment shall be a check issued by the resident school district, made out to the pupil's parent or legal guardian and mailed by the school district to the public or nonpublic school of choice. The receiving public or nonpublic school shall ensure that a parent or legal guardian endorses the check for redemption by an official of the public or nonpublic school. Payments made under this section shall be made in equal installments on September 1, November 1, January 1, and April 1 of the year in which the pupil is enrolled in a participating school.

III. The payment shall be prorated on a per diem basis for pupils enrolled in public or nonpublic school for less than a full school year.

IV. A participating nonpublic school shall not apply any payments made under this program to the cost of religious classes or other sectarian educational programs or services. The nonpublic school shall return any remaining payment to the pupil's resident school district.

193-I:6 Transportation. Any transportation costs for transporting a child, including a child receiving special education services pursuant to an individual education plan approved under RSA 186-C:7, to a public or nonpublic school outside of the local school district shall be borne by the child's parent or legal guardian.

193-I:7 Special Education Services. No pupil shall be considered an out-of-district placement for the purposes of receiving special education services while participating in the program. Participation in the program shall not affect a pupil's eligibility to receive special education services upon such pupil's return to the school district in which he or she resides.

193-I:8 Testing.

I. Each nonpublic school which accepts a pupil participating in the school choice certificate program shall:

(a) Comply with the statewide education improvement and assessment program pursuant to RSA 193-C for such pupils; or

(b) Petition the department of education to waive compliance with the statewide education improvement and assessment program, and allow the nonpublic school to administer its own standardized testing program for such pupils. The department of education shall render a decision on all waiver requests no later than 15 days from the date of the petition. If a petition is denied for good cause shown, the nonpublic school shall comply with the provisions of the statewide education improvement and assessment program for those pupils participating in the school choice certificate program.
(c) A pupil required to participate in the statewide improvement and assessment program shall do so in the school district in which he or she resides. Such pupil’s test scores shall not be counted in the school district’s statewide improvement and assessment average.

II. Each public or nonpublic school which accepts a pupil who is a participant in the school choice certificate program shall submit to the department of education, no later than June 30 of each year, the test scores of any standardized test taken while such pupil was enrolled in the public or nonpublic school. No personally identifiable information shall be released with the test scores. The standardized test shall be a test that is nationally accredited or recognized and which offers an objective, comprehensive estimate of a pupil’s educational development in areas such as language arts, reading, mathematics, and social studies.

193-I:9 Liability Limited.

I. Except as specifically provided in this chapter, a public or nonpublic school shall not be required to comply with additional laws or rules as a result of attendance by pupils whose parents receive school choice certificates.

II. A public or nonpublic school shall not be required to accept pupils whose parents receive school choice certificates.

III. The school district in which the pupil resides shall not be held liable for damages in an action to recover for bodily injury, personal injury, property damage as defined in RSA 507-B:1, or failure to educate pupils, where the action arises out of a parent’s exercise of options under the provisions of this chapter.

193-I:10 Rulemaking. The state board of education shall adopt rules, pursuant to RSA 541-A, relative to the development of forms necessary to implement this chapter.

193-I:11 Severability. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 School Money: Education Trust Fund. Amend the introductory paragraph to RSA 198:39, I to read as follows:

I. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute equitable education grants to municipalities’ school districts pursuant to RSA 198:42, [and] to provide low and moderate income homeowners property tax relief under RSA 198:56-198:61, and to make payments to school districts as provided in RSA 193-I. The state treasurer shall deposit into this fund immediately upon receipt:

AMENDED ANALYSIS

This bill establishes a school choice certificate program which makes available a certain number of school choice certificates to be used at participating public or nonpublic schools.

Rep. Rous spoke against.

Rep. W. Packy Campbell spoke in favor and requested a roll call; sufficiently seconded.

and the motion was adopted.
Rep. Asselin voted Yea and intended to vote Nay.

The House recessed at 12:05 p.m.

RECESS

(Speaker Scamman in the Chair)
The House reconvened at 1:30 p.m.

SPECIAL ORDER - REGULAR CALENDAR (CONT’D.)

HB 1766, relative to the duties of the state board of education concerning educating pupils on AIDS and venereal diseases. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Emma L. Rous for the Majority of Education: The State Board of Education already reviews and evaluates the effectiveness of course materials and instruction regarding venereal diseases. The bill blames school curricula for rising STD rates with no corroborating evidence, and only spe-
cifically recommends evaluating abstinence curricula. The legislature repealed the requirement that the Department of Education submit a written report of its findings, and no funding is provided in this bill to reinstate reporting. Vote 10-4.

Rep. Michael A. Balboni for the Minority of Education: This bill would simply require the Board of Education to do what it is supposed to do in current law: evaluate sexually transmitted diseases (STD’s) education methods and materials used in this state as well as other states, and make recommendations on curricula that actually reduce STD rates. Why should you support passage of this bill? There is an epidemic of STD’s in our state. Our own Dept. of Health and Human Services has tracked STD’s in our state for many years. Their figures show huge increases in STD rates over the past 5 years, especially within our teenage population. Yet the State Board of Education, responsible for curriculum recommendations, continues to recommend STD education methods and materials that are ineffective in reducing STD’s in our state. To not pass this bill condemns many of our teens to a lifetime of sexually-related problems that could have been prevented with the appropriate school instruction.

Majority committee report adopted.

HB 1566, relative to the definitions of resident for motor vehicle law purposes and domicile for voting purposes. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: IN-EXPEDITED TO LEGISLATE.

Rep. William L. O’Brien for the Majority of Election Law: Over this legislative session, the Election Law Committee has received testimony from a number of witnesses who have expressed surprise that individuals could register to vote in New Hampshire without at that time having an obligation to obtain a New Hampshire operators license or register their motor vehicles in New Hampshire should they choose to operate or own a motor vehicle in New Hampshire. By simply stating that the presence and intent to maintain New Hampshire as a domicile will establish residency for motor vehicle purposes. HB 1566 eliminates this confusion. In order to further eliminate confusion, the bill establishes the same time period of 40 days for obtaining a new license or vehicle registration for persons moving their residence within the state and persons from other states coming to New Hampshire to live instead of the present rule of ten days for intra-state moves and 60 days for those first coming into New Hampshire. This bill does not nullify any right to vote because it neither requires a New Hampshire driver’s license to vote nor requires persons to obtain a New Hampshire drivers license if they vote when they otherwise do not want to have a driver’s license. Unlike most states, New Hampshire does not require its voters to have a minimum period of residency in order to vote: all this bill would say is that by voting in New Hampshire, a person is confirming his or her residency for motor vehicle purposes and has to get a license and change vehicle registration if he or she wants to drive or keep a vehicle on the road. Clearly defining when residency begins does not discriminate against anyone except those who would choose to vote in a New Hampshire election and then want to claim that doing so does not confirm or make him or her a New Hampshire resident. Vote 12-4.

Rep. Charles F. Weed for the Minority of Election Law: By equating residency for motor vehicle purposes with the fundamental right to vote, this bill will nullify the right of some United States citizens to participate in federal elections if they do not believe a New Hampshire driver’s license should be a requirement to vote. Transitional voters may not be vested in any specific community, but are entitled to vote if they are citizens over age 18 and live more than one half year in a town or village in New Hampshire. If the legislature wishes to discriminate against some legitimate transitional voters in federal elections, then in order to meet constitutional requirements, New Hampshire must provide separate ballots for federal and state elections.

Majority Amendment (1182h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definitions of resident for motor vehicle law purposes and domicile for voting purposes and relative to vehicle registration and driver’s license requirements.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 7:

3 Registration of Vehicles; Resident of State. Amend RSA 261:45 to read as follows:

261:45 Resident of State. Notwithstanding the provisions of RSA 261:44, when a nonresident has established a bona fide residency in this state, said resident shall have a maximum of [60] 40 days from the date his or her residency was established in which to register his or her vehicle in New Hampshire.
4 Registration of Vehicles; Change of Address or Name. Amend RSA 261:55 to read as follows: 261:55 Change of Address or Name.
I. Whenever any person after making application for or obtaining the registration of a vehicle shall move from the address named in the application or shown on a registration certificate or certificate of title, such person shall within [40] 40 days thereafter notify the division in writing of his or her old and new address.
II. Whenever the name of any person who has made application for or obtained the registration of a vehicle is thereafter changed by marriage or otherwise, such person shall within [40] 40 days notify the division of such former and new name.
5 Drivers' Licenses; Change of Name or Address. Amend RSA 263:9 to read as follows: 263:9 Notice of Change of Licensee's Name or Address. Whenever any person who has been duly licensed to drive a motor vehicle within this state shall change his or her permanent residence [he] the person shall notify the director in writing of such change within [40] 40 days.
6 Drivers' Licenses; Nonresident Who Establishes a Residency in the State. Amend RSA 263:35 to read as follows: 263:35 Nonresident Who Establishes a Residency in the State. Notwithstanding the provisions of RSA 261:44 or any other law to the contrary, any nonresident driver of a motor vehicle who holds a valid driver's license in another jurisdiction, upon the establishment of a bona fide residency in this state, shall have a maximum of [60] 40 days from the date his or her residency was established to obtain a driver’s license issued by the state of New Hampshire.

AMENDED ANALYSIS
This bill modifies definition of resident for motor vehicle law purposes and makes the determination of residence for motor vehicle law purposes the same as that of domicile for voting purposes. This bill also establishes a 40-day deadline for notifying the department of safety of changes of name or address and obtaining vehicle registrations and drivers’ licenses by new residents. On a division vote, 176 members having voted in the affirmative and 121 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report.
Rep. Weed spoke against.
Rep. O'Brien spoke in favor and yielded to questions.
Rep. Weed requested a roll call; sufficiently seconded.

HB 1711-FN, relative to the regulation of fuel gas fitters. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Donald F. Ryder for the Majority of Executive Departments and Administration: This bill is relevant to the regulation of fuel gas fitters. It has been referred to “Amilia’s Law,” which was the result of a gas explosion tragedy resulting in the loss of life. As such, it establishes licensing for persons who install or service liquefied propane and natural gas equipment. The bill allows the State Fire Marshall to define the license and renewal requirements, sets penalties for non-compliance and provides for inspection of work performed. In addition, the State Fire Marshall shall establish, through rules pursuant to RSA 541-A, the nature of the examinations required for issuance of fuel gas fitter licenses. The State Fire Marshall shall have the authority to appoint inspectors to insure compliance throughout the state with practices consistent with the public safety and welfare. It also provides license renewal relief for reservists called to active duty. Vote 10-3.

Ordered to third reading.
Rep. Ken Hawkins for the Minority of Executive Departments and Administration: This bill, as well intentioned as it is, is really searching for a solution to a problem that does not exist. The bill was brought forward because of a tragedy that occurred when a carpenter cut a gas line that was turned off in a wall when they were doing repairs to the house because pipes had frozen and had flooded certain sections of the house. The gas was turned on by the occupants on a week-end visit and an explosion killed a child. All of the testimony we heard agreed that licensing would not have prevented this tragedy.

Majority Amendment (1206h)
Amend the bill by replacing all after the enacting clause with the following:

I New Paragraph; Department of Safety; State Fire Marshal; Fuel Gas Fitter Regulation. Amend RSA 21-P:12 by inserting after paragraph VI the following new paragraph:

VII. Administration, supervision, and enforcement of RSA 153:27-37 regulating fuel gas fitters. 2 New Subparagraph; Department of Safety; Fuel Gas Fitters. Amend RSA 21-P:14, II by inserting after subparagraph (dd) the following new subparagraph:

(ee) Licensing fuel gas fitters, as authorized by RSA 153:27-37.

3 New Subdivision; Fuel Gas Fitters. Amend RSA by inserting after RSA 153:26 the following new subdivision:

Fuel Gas Fitters

153:27 Definitions. In this subdivision:

I. "Fuel gas fitter" means a hearth system installation and service technician, a liquefied propane installation technician, a liquefied propane service technician, a natural gas installation technician, a natural gas service technician, or a piping installer regulated by this subdivision.

II. "Fuel gas fitting" means the installation, repair, alteration, service, demolition or removal of pipes, fixtures, fittings, appliances, or apparatus necessary for supplying natural gas or propane for residential or non-residential use from the point of delivery and all gas piping before connection to the combustion zone and including the applicable venting of flue gases to the outside atmosphere and the provisions for air for combustion and ventilation.

III. "Hearth system installation and service technician" means any person engaged in the installation, servicing, and repair of liquefied propane or natural gas hearth appliances and venting systems.

IV. "Liquefied propane installation technician" means any person engaged in the installation of inside and outside piping from the outlet of the gas meter or second stage regulator or residential and non-residential heating equipment systems or water heating systems using liquefied propane gas.

V. "Liquefied propane service technician" means any person engaged in the servicing and repair of inside and outside piping from the outlet of the gas meter or second stage regulator or residential and non-residential heating equipment systems or water heating systems using liquefied propane gas.

VI. "License" means any license issued pursuant to this subdivision, including any specialty license.

VII. "Natural gas installation technician" means any person engaged in the installation of inside and outside piping from the outlet of the gas meter or second stage regulator or residential and non-residential heating equipment systems or water heating systems using natural gas.

VIII. "Natural gas service technician" means any person engaged in the service and repair of inside and outside piping from the outlet of the gas meter or second stage regulator or residential and non-residential heating equipment systems or water heating systems using natural gas.

IX. "Person" means a natural person, corporation, partnership, association, trust, or other entity capable of holding title to real property, or any combination thereof.

X. "Piping installer" means any person engaged in the installation of liquefied propane gas or natural gas piping or who is a New Hampshire licensed plumber and by demonstration, approved by the state fire marshal, through affidavit, experience, education or training in the use of NFPA 54, national fuel gas code as adopted pursuant to RSA 153:5 in the state fire code.

153:28 Powers and Duties of the State Fire Marshal; Rulemaking.

I. The state fire marshal shall adopt rules under RSA 541-A necessary for the proper performance of the state fire marshal’s duties to implement the licensure requirements established in this subdivision, which shall include the following:

(a) Standards regarding education or its equivalent, experience requirements, and testing requirements for applicants for initial licensure for the following specialty licenses:

(1) Hearth system installation and service technician.

(2) Liquefied propane installation technician.
(3) Liquefied propane service technician.
(4) Natural gas installation technician.
(5) Natural gas service technician.
(6) Piping installer.

(b) Standards for license renewal and continuing education requirements. Continuing education requirements may be fulfilled in full or in part by existing training programs approved by the state fire marshal. The rules shall address continuing education requirements for each specialty license, including but not limited to the number of hours of continuing education for each specialty license, and education applicable to holders of multiple specialty licenses.

(c) The state fire marshal shall adopt rules relative to the establishment of application fees for licensure, for renewal, and for late renewal of licenses under this subdivision. The fee for examination by third parties shall be separate from the fees established by the state fire marshal.

(d) After the first year, fees shall be sufficient to produce estimated revenues equal to 125 percent of the direct operating expenses of the previous fiscal year. Fees shall be deposited in the fire standards and training and emergency medical services fund, established by RSA 21-P:12-d.

II. The state fire marshal shall adopt technical standards for fuel gas fitting by rule under RSA 541-A. The state fire marshal shall adopt the most recent edition of the national fuel gas code adopted by the state under RSA 153:5.

III. The state fire marshal shall administer, and enforce the provisions of this subdivision. The heating system certification advisory committee established under RSA 153:16-c shall assist the state fire marshal in carrying out the duties under this subdivision by providing advice regarding:

(a) Developing rules required for this subdivision.
(b) Implementing the licensing requirements under this subdivision.

153:29 Examinations: Licenses.

I. The state fire marshal shall establish, through rulemaking pursuant to RSA 541-A, the nature of the examinations required for issuance of fuel gas fitter licenses. The scope of such examinations and the methods of procedure shall be prescribed by the state fire marshal. This may include an outside organization approved by the state fire marshal.

II. Each license issued by the state fire marshal shall identify which of the following special licenses applies to the licensee.

(a) Hearth system installation and service technician.
(b) Liquefied propane installation technician.
(c) Liquefied propane service technician.
(d) Natural gas installation technician.
(e) Natural gas service technician.
(f) Piping installer.

III. No licensee shall engage in any activity not covered by his or her specialty license.

IV. The licensee shall have in his or her possession a current biennial license issued by the state fire marshal. The license shall be available for inspection on request. The state fire marshal shall issue both a wall license and a license suitable to be carried by the individual licensee.

153:30 Expiration and Renewal.

I. Licenses shall be renewed as follows:

(a) All licenses shall expire every 2 years on the last day of the month of the holder’s birth. The state fire marshal shall renew a valid license issued under this subdivision on receipt of an application for renewal and the required fee before the expiration date of the license.

(b) If a person fails to renew his or her license prior to expiration, the person may have the license reinstated within 90 days of its expiration by paying the reinstatement fee in addition to the renewal fee. A late fee is not required during the first 30 days of expiration.

(c) Any application received 90 days or more after the expiration of the license shall be rejected unless accompanied by proof of successful completion of the examination required under RSA 153:29 subsequent to its expiration.

(d) Applicants for license renewal shall provide to the state fire marshal evidence of completion of continuing education within the previous 24-month period.

II. Upon the request of a licensed fuel gas fitter who is a member of any reserve component of the Armed Forces of the United States and is called to active duty, the state fire marshal shall place the person’s license on inactive status. The license may be reactivated within one year of the licensee’s discharge by payment of the renewal fee and with proof of completion of the most current continuing education requirement unless still within the renewal period.
153:31 Emergencies. The state fire marshal is authorized, at his or her discretion, to waive the requirements of this subdivision for the purpose of restoring service during an emergency.

I. The state fire marshal may undertake disciplinary proceedings:
   (a) Upon his or her own initiative; or
   (b) Upon written complaint of any person which charges that a person licensed by the state fire marshal has committed misconduct under paragraph II and which specifies the grounds therefor.

II. Misconduct sufficient to support disciplinary proceedings under this subdivision shall include:
   (a) The practice of fraud or deceit in procuring or attempting to procure a license to practice under this subdivision;
   (b) Conviction of any criminal offense involving injury to a victim or the risk of such injury or any criminal offense involving dishonesty;
   (c) Any unprofessional conduct, or dishonorable conduct unworthy of, and affecting the practice of, the profession;
   (d) Unfitness or incompetence by reason of negligent habits or other causes; or negligent or willful acts performed in a manner inconsistent with the health or safety of persons under the care of the licensee;
   (e) Addiction to the use of alcohol or other habit-forming drugs to a degree which renders him or her unfit to practice under this subdivision;
   (f) Mental or physical incompetence to practice under this subdivision;
   (g) Willful or repeated violation of the provisions of this subdivision; or
   (h) Suspension or revocation of a license, similar to one issued under this subdivision, in another jurisdiction and not reinstated.

III. The state fire marshal may take disciplinary action in any one or more of the following ways:
   (a) By reprimand;
   (b) By suspension, limitation, or restriction of license for a period of up to 5 years after hearing before the fire marshal or his or her designee pursuant to RSA 541-A, unless waived by the licensee;
   (c) By revocation of license after hearing before the fire marshal or his or her designee pursuant to RSA 541-A, unless waived by the licensee; or
   (d) By requiring the person to participate in a program of continuing education in the area or areas in which he or she has been found deficient.

153:33 Appeals. Any person affected by a final decision of the state fire marshal may appeal such final decision pursuant to RSA 541.

153:34 Inspectors.

I. The state fire marshal shall have the authority to appoint such inspectors as are necessary to insure compliance throughout the state with practices consistent with the public safety and welfare.

II. An inspector appointed under this subdivision shall have the authority to enter any premises in which a fuel gas fitter subject to regulation is performing, or has performed, work regulated under this subdivision for the purpose of making such inspection as is necessary to carry out his or her duties under this subdivision. If consent for such inspection is denied or not reasonably obtainable, the state fire marshal or his or her designee may obtain an administrative inspection warrant under RSA 595-B.

III. An inspector appointed under this subdivision may order the removal or correction of any violation of this subdivision.

IV. Whenever an inspector orders the removal or correction of a violation under paragraph III, he or she shall immediately notify the local building inspection department or administrative authority of the town where the violation is located, and further order that all the work in violation be corrected prior to continuance. The local building authority shall approve the continuation of work upon being satisfied that violations have been corrected and shall notify the inspector of such approval.

153:35 Local Enforcement. The rules adopted pursuant to RSA 153:28, may be enforced by the building inspection department or by any officer designated by the administrative authority of the city or town; provided, however, that a city or town may adopt and enforce ordinances more stringent than the rules adopted under this subdivision.

153:36 Exception. The license requirements of this subdivision shall not apply to anyone who performs fuel gas fitting within an existing structure owned or occupied by the person who performs the fuel gas fitting work, and such structure is used as the individual's primary residence. Notwithstanding
any provision to the contrary, any person who is exempt under this subdivision shall perform fuel gas
fitting work in accordance with applicable technical standards, and comply with any applicable code,
anapplication, and inspection requirements that may apply to the fuel gas fitting work performed.
153:37 Penalties.
I. Any person who performs fuel gas fitting without first having obtained a license, shall be
guilty of a misdemeanor.
II. Any person who violates any rule adopted under RSA 153:28 or whoever violates any ordi-
nance or bylaw enacted pursuant to the provisions of RSA 153:35 shall be guilty of a misdemeanor.
III. Any person which procures any license based upon inaccurate information contained on
an application, or procures any license by fraud, shall be guilty of a misdemeanor.
IV. Any person who performs fuel gas fitting without first having obtained a license, or who
violates any rule adopted pursuant to this subdivision, and such performance of fuel gas fitting
results in serious bodily injury or death, shall be guilty of a felony.
V. The penalties in this subdivision shall not apply until after one calendar year following the
effective date of rules first adopted under this subdivision.
4 Certification of Heating Equipment Installers. Amend the section heading of RSA 153:16-b
and RSA 153:16-b, I and II to read as follows:
153:16-b Certification of Heating Equipment Installers []; and Heating Equipment Service
Personnel [; and Gas Piping Installers]; Penalty.
1. The state fire marshal shall establish a voluntary certification program for certifying the
following:
(a) Individuals involved in the installation of residential and [commercial] non-residential
heating equipment systems, [domestic] water heating systems, or appliances using heating oil[];
liquefied petroleum gas (propane), or natural gas.
(b) Individuals involved in the servicing and repair of heating equipment, [domestic] water
heating systems, or appliances using heating oil [], liquefied petroleum gas, or natural gas.
(c) Individuals involved in the installation of gas piping for heating systems, domestic water
heating systems, or appliances using natural gas or liquefied petroleum gas.
(d) Individuals involved in the installation of hearth systems using liquefied petroleum gas
or natural gas.
2. The commissioner of the department of safety shall adopt rules, pursuant to RSA 541-A,
relative to the establishment of minimum education and training standards for voluntarily certi-
fied heating equipment installers[; and heating equipment service personnel[; gas piping install-
ers, and hearth system installers].
5 Effective Date. This act shall take effect January 1, 2007.

AMENDED ANALYSIS
This bill establishes the licensure of fuel gas fitters by the state fire marshal.
Majority committee amendment adopted.
Rep. Ryder offered floor amendment (1246h).

Floor Amendment (1246h)
Amend RSA 153:30, II as inserted by section 3 of the bill by replacing it with the following:
II. Upon the request of a licensed fuel gas fitter who is a member of any reserve component
of the armed forces of the United States or the national guard and is called to active duty, the state
fire marshal shall place the person’s license on inactive status. The license may be reactivated within
one year of the licensee’s discharge by payment of the renewal fee and with proof of completion of
the most current continuing education requirement unless still within the renewal period.
Amend RSA 153:34, II as inserted by section 3 of the bill by replacing it with the following:
II. An inspector appointed under this subdivision shall have the authority to enter any premises in
which a fuel gas fitter subject to regulation is performing, or has completed, work regulated under this
subdivision for the purpose of making such inspection as is necessary to carry out his or her duties
under this subdivision. If consent for such inspection is denied or not reasonably obtainable, the state
fire marshal or his or her designee may obtain an administrative inspection warrant under RSA 595-B.
Amend the bill by inserting after section 4 the following and renumbering the original section 5
to read as 6:
5 Transition; Certified Installers. Individuals certified as gas piping installers or hearth system
installers under RSA 153:16-b immediately prior to the effective date of this act, shall be permit-
ted to continue practicing as certified gas piping installers or hearth system installers for one year following the adoption of rules by the state fire marshal under RSA 153:28. Following the one-year period all such persons shall be required to be licensed pursuant to RSA 153:27-37.

Rep. Ryder spoke in favor.

Floor amendment (1246h) adopted.

On a division vote, 219 members having voted in the affirmative and 101 in the negative, the majority committee report as amended was adopted.

Ordered to third reading.

Rep. Hagan declared a conflict of interest and did not participate.

**HB 1224-FN**, establishing reciprocity for liability limitations on claims against the state and against foreign jurisdictions. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for Judiciary: The purpose of this bill was to begin the process of establishing reciprocal arrangements with other states to limit the liability of each when sued for damages in another. The exposure to damages of each state enacting this or any substantially identical bill would be limited to the statutory limit (if any) enacted by that state, regardless of in which other participating state it was sued. In the case of New Hampshire, this would mean that, when sued in the courts of any other participating state, its exposure would be limited to the current statutory cap of $250,000 establishing by RSA 541-B:14, the same limit to which it is exposed when sued in the courts of this state. Several objections to this bill were raised, which included its confusing wording, the question of why other states would wish to limit the recovery rights of its citizens to a cap so low as that of New Hampshire, and the constitutionality—notwithstanding decisions of our Supreme Court upholding it—of any statutory cap on damage awards, given the right expressed in Article 14 of our Bill of Rights that every subject of the state is entitled to have recourse to a complete remedy for all injuries. Vote 15-5.

Committee report adopted.

**HB 1492**, granting immunity from liability to pharmacists who refuse to dispense an emergency contraceptive pill. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Vivian J. Desmarais for the Majority of Judiciary: The committee believes that an immunity bill is unnecessary since the contraceptive bill law passed in the last session which states very clearly the responsibility and the duties of the pharmacists in dispensing this pill. The current law provides that pharmacists must volunteer to dispense this drug and can only do so after taking a course about procedures to be used. Anything further would just complicate matters, therefore putting the young women into a position of having an unwanted pregnancy. Vote 17-3.

Rep. Nancy J. Elliot for the Minority of Judiciary: There are some pharmacists in this state that have a moral objection to dispensing pills that in some instances abort a fetus. This bill allows a pharmacist to refuse to dispense the “morning after pill” and be free from liability for such refusal. Doctors who refuse to perform abortions are protected; our pharmacists should be also.

Reps. Souza and McRae spoke against.

Reps. Itse and Hagan spoke against and yielded to questions.

Reps. Bergin and Lasky spoke in favor and yielded to questions.

Rep. Langlais requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
HB 1768-FN, relative to the corporate purposes of the New Hampshire Bar Association and the regulation of attorneys by the Supreme Court. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert D. Mead for Judiciary: This bill in addition to establishing a committee to study the effects of rescinding the charter granted by the legislature in 1873 to the New Hampshire Bar Association and the subsequent incorporation of a voluntary membership organization, does the following. It establishes the authority and procedures for the regulation of attorneys by the Supreme Court, and removes from current law all references to the New Hampshire Bar Association, and its mandatory membership as a requirement to practice law or hold state appointed positions in RSA 494:1, RSA 363:1, RSA 604-B4, and RSA 161-B:2X. It further deletes the contract approval requirement by the “board of governors of the New Hampshire Bar Association” for the public defender program, and replaces with the words “State Bar” all previous references to the New Hampshire Bar Association. Vote 13-7.

**Amendment (1152h)**

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the effects of rescinding the charter of the New Hampshire Bar Association, and relative to the regulation of attorneys by the supreme court.

Amend the bill by replacing sections 1 and 2 with the following:

I. There is established a committee to study the effects of rescinding the charter of the New Hampshire Bar Association. The study shall consider that subsequent incorporation shall be limited to the association purposes stated in articles of incorporation by voluntary membership of attorneys admitted by the supreme court to practice in this state, and shall not be made or interpreted to require membership in the association as a condition of practicing law as a licensed attorney.

II. The members of the committee shall be as follows:

(a) Three members of the house of representatives, one of whom shall be a member of the finance committee and 2 of whom shall be members of the judiciary committee, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall study:

(a) The effects of rescinding the charter of the New Hampshire Bar Association, including contractual ramifications, distribution of assets, removal and reassignment of duties of officers, and any other effects deemed worthy by the committee.

(b) Matter related to subsequent incorporation of a voluntary bar association.

(c) The collection and deposit of fees paid by attorneys to be licensed to practice law, whether in the general fund or other state fund.

(d) The payment of attorney dues and supreme court fees by state and local governments.

V. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

VI. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before July 1, 2007.

2 Attorneys and Counselors. RSA 311 is repealed and reenacted to read as follows:

**CHAPTER 311**

**ATTORNEYS**

**311:1 Admission to Practice; Regulation of Attorneys.**

I. The supreme court shall regulate the practice of law by attorneys and their admission to practice law in New Hampshire. It shall have continuing supervisory authority over attorneys practicing before courts and agencies in this state, and may assess fees for the purpose of regulating the practice of law and for disciplinary investigations, hearings, and enforcement.

II. Any citizen of the age of 18 years, of good moral character and suitable qualifications, on application to the supreme court and upon meeting the requirements of the supreme court shall be admitted to practice law as an attorney.
III. The supreme court shall adopt rules for the regulation of attorneys, including procedures for admission and examination, establishing all fees, disciplinary procedures, and other matters necessary for administration of this chapter.

311:2 Right to Appear.

I. A party in any cause or proceeding may appear, plead, prosecute, or defend in his or her proper person, that is, pro se, or may be represented by any citizen of good character. For the purposes of this section, a citizen shall be presumed to be of good character unless demonstrated otherwise.

II. No person shall act as attorney in any cause in which the person has acted as judge.

311:3 Oath.

I. Every attorney admitted to practice shall take and subscribe, in open court, the oaths to support the constitution of this state and of the United States, and the oath of office in the following form: You solemnly swear or affirm that you will do no falsehood, nor consent that any be done in the court, and if you know of any, that you will give knowledge thereof to the justices of the court, or some of them, that it may be reformed; that you will not wittingly or willingly promote, sue or procure to be sued any false or unlawful suit, nor consent to the same; that you will delay no person for lucre or malice, and will act in the office of an attorney within the court according to the best of your learning and discretion, and with all good fidelity as well to the court as to your client. So help you God or under the pains and penalty of perjury.

II. No person shall be permitted commonly to practice in New Hampshire as an attorney unless he or she has been admitted by the court and taken the oath prescribed in paragraph I.

311:4 Discipline; Disbarment. The supreme court shall inquire in a summary manner into any charges of fraud, malpractice, or contempt of court against an attorney, and, upon satisfactory evidence of the attorney’s guilt, shall suspend such attorney from practice, or may disallow or revoke the authority to practice law in New Hampshire.

311:5 Effect of Suspension. No person while suspended from practice pursuant to RSA 311:4, or until the person’s restoration to status in the state bar, shall be permitted to practice law in New Hampshire.

311:6 Practice by Corporations Prohibited. No corporation shall practice or appear as an attorney in any court in the state or before any judicial body or hold itself out to the public or advertise as being entitled to practice law, and no corporation shall draw agreements, or other legal documents not relating to its lawful business, or draw wills, or practice law, or give legal advice or legal information as an attorney, or hold itself out in any manner as being entitled to do any of the foregoing acts, by or through any person orally or by advertisement, letter, or circular; provided that the foregoing prohibition shall not prevent a corporation from employing an attorney in regard to its own affairs or in any litigation to which it is or may be a party. Any person violating any provisions of this section shall be guilty of a felony. Any natural person, including every officer, agent or employee of any such corporation, who, on its behalf, directly or indirectly engages in any of the acts herein prohibited or assists such corporation to do such prohibited acts shall be guilty of a misdemeanor. The term “corporation” as used in this section shall not include a corporation of attorneys organized as a professional association under the provisions of RSA 294-A.

311:7 Lien on Verdict. From the commencement of an action, bill in equity or other proceeding in any court, the filing of a counterclaim or plea in set-off or recoupment, or appearance in any proceeding before any state or federal department, board, or commission, the attorney who appears for a client in such proceeding shall have a lien for reasonable fees and expenses upon the client’s cause of action, upon the judgment decree or other order in the client’s favor entered or made in such proceeding, and upon the proceeds derived therefrom. The lien cannot be affected by any settlement between the parties before or after the judgment decree or other order. Upon the request of the client or the attorney, the court in which the proceeding is pending, or, if the proceeding is not pending in a court, the superior court, may determine and enforce the lien; provided that this section shall not apply to matters arising under RSA 282-A and any case where the method of determination of attorneys’ fees is otherwise expressly provided by statute.

Unauthorized Practice of Law

311:8 Definitions. In this subdivision:

I. “Bar association” means a professional society that may be a corporation for attorneys who are licensed by the supreme court and admitted to practice law in New Hampshire.

II. “Person” means an individual, corporation, partnership, or association.
311:9 Petition for Injunction. Upon the attorney general’s own information or upon complaint of any person, including any judge or any organized bar association in this state, the attorney general may maintain an action for injunctive relief in the supreme or superior court against any person who renders, offers to render, or holds himself or herself out as rendering any service which constitutes the unauthorized practice of the law. Any organized bar association in this state may intervene in the action, at any stage of the proceeding, for good cause shown.

311:10 Investigation by Attorney General.

I. The attorney general may investigate any complaint of unauthorized practice of the law and the attorney general, or a deputy attorney general or an assistant attorney general designated by the attorney general, may subpoena witnesses, compel their attendance, examine them under oath, and require the production of any relevant documentary evidence.

II. The laws relating to the attendance of witnesses in civil actions and the payment of their fees and expenses to those witnesses shall apply to investigations made by the attorney general.

III. If a person fails or refuses to obey a subpoena or to testify as to any material matter regarding which the person may be interrogated, the superior court, upon application by the attorney general, may issue to the person an order requiring the person to appear before the attorney general, or a deputy attorney general or an assistant attorney general designated by the attorney general, to produce documentary evidence or testify. Failure to obey the order of the court may be punished by the court as a contempt of court.

IV. When requested, public officers, their assistants, clerks or employees shall furnish to the attorney general, the deputy or an assistant attorney general designated by the attorney general all information and assistance.

V. Investigations under this section shall be confidential. Any person participating in the investigation who, except as required in the discharge of the person’s official duties, discloses to any person, other than to a person under investigation, the name of any person under investigation or any witness examined, or any other information obtained in the investigation is guilty of a misdemeanor.

VI. Every person whose conduct is investigated under this section shall be furnished with a written specification of the issues which are to be considered, and shall be given an opportunity to present evidence and be heard upon the specified issues.

311:11 Remedies and Procedures Additional to Those Now Existing. The remedies and procedures provided in this subdivision are in addition to and not in substitution for other available remedies and procedures.

Amend the bill by replacing section 4 with the following:

4 Judicial Council. Amend RSA 494:1, VIII and IX to read as follows:

VIII. Eight other members appointed by the governor and council, 3 of whom shall be [members of the New Hampshire Bar Association] attorneys of wide experience who have been admitted to practice in the state for more than 5 years, and 5 of whom shall be lay persons; and

IX. Five other members appointed by the chief justice of the supreme court, 3 of whom shall be [members of the New Hampshire Bar Association] attorneys of wide experience who have been admitted to practice in the state for more than 5 years, and 2 of whom shall be lay persons.

AMENDED ANALYSIS

The bill establishes a committee to study the effects of rescinding the charter of the New Hampshire Bar Association.

The bill also establishes the authority and procedure for the regulation of attorneys by the supreme court.

Amendment adopted.

The question now being adoption of the committee report.

Rep. Mead requested a roll call; sufficiently seconded.

And the committee report was adopted.

Ordered to third reading.

Reps. David Campbell, Hughes and Peter Sullivan declared a conflict of interest and did not participate.

HB 1770, requiring the state to obtain a warrant for telephone and wireless telephone subscriber or customer information and billing records. INEXPEDITED TO LEGISLATE.

Rep. Donald R. Buxton for Judiciary: The sponsor was not the only person to appear in favor of the bill. The Attorney General, Chiefs of Police, State Police, New Hampshire Sheriffs and some local police all testified against the bill. The consensus was that this bill would take away an effective tool from law enforcement. Presently a warrant is necessary for a wire tap order but not a telephone record. The Attorney General and/or his/her designee may issue a subpoena for telephone records now. There are certain restrictions and there is no record of abuse of this process. Vote 14-5.

Rep. Kurk spoke against and yielded to questions.

Rep. Buxton spoke in favor and yielded to questions.

Rep. Sorg spoke in favor.

Rep. Boyce requested a roll call; sufficiently seconded.

HILLSBOROUGH
HB 1133, establishing the employee civic duty act. MAJORITY: REFER TO FOR INTERIM STUDY. MINORITY: INEXPEDIENT TO LEGISLATE.
Rep. Sharon M. Carson for the Majority of Labor, Industrial and Rehabilitative Services: This bill seeks to establish an employee civic duty act which gives employees the ability to take time off without pay to perform civic duties. The majority of the committee believes there is merit to this bill, but it needs additional work to create a mechanism which allows employees to engage in public service while respecting the needs and rights of employees. Vote 11-4.
Rep. Jarvis M. Adams for the Minority of Labor, Industrial and Rehabilitative Services: The genesis of this bill is a court case involving one person. No one who testified before the committee knew of even one other example that required this bill. New Hampshire has one of the highest rates of volunteerism in the country. The premise of this bill is faulty and not necessary for even interim study. Majority committee report adopted.

HB 1310, relative to strikes by public employees. INEXPEDIENT TO LEGISLATE.
Rep. Jarvis M. Adams for Labor, Industrial and Rehabilitative Services: The committee believes that the day to day operations of the state or municipalities rely upon a wide variety of essential public employees that are not accounted for in this bill. Strikes by such employees would have a devastating effect on cities and towns if this bill became law. Vote 11-3.
Rep. Weed spoke against.
Rep. DiFruscia spoke in favor.
On a division vote, 179 members having voted in the affirmative and 107 in the negative, the committee report was adopted.
HB 1762, extending a committee and adding a certain duty relative to pharmacy reimbursement.
WITHOUT RECOMMENDATION.
Adopted.

HB 1117, relative to the economic development section of a master plan. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.
Rep. Harry S. Gale for the Majority of Municipal and County Government: The intent of the sponsor was to make the local land use boards aware of the issue of workforce housing and low income housing when they were developing the economic development plan section of their master plan. The inclusion of an economic development plan in the master plan is an option that the planning board can choose to include or not as stated in RSA 674:2, III, (c). The planning Board already does this type of planning in the housing section of RSA 674:2, II (I). So this legislation is not necessary. Also SB 190 was passed by the Senate which establishes a committee to study including workforce housing in zoning ordinances. The committee has heard a great deal of concern from the business community, housing finance authority, chambers of commerce and other entities in the state about the lack of affordable housing. The number of bills that address this issue is growing. The legislature and the interested entities in the state need to sit at the table and find a solution using a public/private partnership template where both parties take responsibility for reaching a solution, not just putting out a percentage for the local communities. Vote 12-4.
Rep. Jessie L. Osborne for the Minority of Municipal and County Government: The minority of the committee believes that this bill ought to pass since it would provide a way for the municipalities to address the need for affordable housing in their master plans economic development section. This bill is enabling.
Majority committee report adopted.
Rep. Gibson did not vote and notified the Clerk that he wished to be recorded against.

HB 1379, relative to the investment of trust funds. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.
Rep. John P. Dowd for the Majority of Municipal and County Government: This bill authorizes the trustees of the trust funds to invest in certain mutual funds if they conform to the trustees’ investment policy which was adopted for trust funds. It also requires the trustees to adopt an investment policy for capital reserve funds and to file all investment policies with the Attorney General. By eliminating the reference to RSA 35:9, which regulates the establishment and handling of capital reserve funds, and only referring to RSA 31:5, which dictates how the trustees will manage all trust funds held by their town, diminishes the investment policies of the capital reserve funds. Under RSA:9, the governing body shall review and adopt investment policies on a yearly basis. By removing RSA 35:9 and only referring to RSA 31:5 would mean only the trustees of the trust funds would adopt an investment policy for these capital reserve funds. The majority of the committee feels that no testimony was heard to indicate that the present policy making process is flawed. Vote 10-6.
Rep. Gilman C. Shattuck for the Minority of Municipal and County Government: The intent of HB 1379 is to correct a longstanding problem in existing legislation. It clarifies investment of funds by trustees. It was strongly supported in testimony by the Attorney General’s office. This is a minor technical correction that would facilitate the work of trustees.
Rep. Lund spoke against.
Rep. Dowd spoke in favor and yielded to questions.
On a division vote, 179 members having voted in the affirmative and 107 in the negative, the majority committee report was adopted.
Rep. Rollo declared a conflict of interest and did not participate.

HB 1527, allowing municipalities to establish local community services and care planning boards. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.
Rep. Robert W. Brundige for the Majority of Municipal and County Government: All communities have within them wonderful organizations such as churches, Rotary clubs, food kitchens, youth organizations, senior citizens and many more. These organizations contribute to the well being of their communities on a daily basis. Establishment of these local community services and care planning boards would add an additional layer of bureaucracy and duplication of effort. The committee believes this bill is not necessary. Vote 13-4.
Rep. Stephen G. Prichard for the Minority of Municipal and County Government: This bill would have allowed, not required, a municipality to establish a local community services and care planning board. If created by a town, such a board would coordinate services and social activities and provide the continuity for such activities that all too easily get lost as service leaders come and go. It would not compete with service groups or tell them what to do only help enable them while assessing needs that might be met by such groups. Many towns could greatly benefit from such a board.

Majority committee report adopted.

HB 1426, granting a right-of-way over and a license to use certain parcels of state-owned land.

OUGHT TO PASS WITH AMENDMENT.

Rep. Candace C. W. Bouchard for Public Works and Highways: This bill, as amended, grants a right-of-way over state-owned land. In 1972, over 30 years ago, NH Fish and Game traded a land-locked 1 ¼ acre parcel on the west side of the Merrimack River in Concord for a 2 acre unrestricted access parcel on the east side of the Merrimack River. NH Fish and Game used this land to build a public-access boat ramp that is currently used today and listed on NH Fish and Games web site. The Fish and Game parcel is currently assessed by the City of Concord as having an appraised value of $277,800. The parcel received from the State is currently appraised by the City of Concord with a value of $5,400. This legislation conforms the deeds more fairly to complete that transaction, taking into account the original land sale and more than 30 years of conduct between the parties. The amended bill removes the right of this land owner to use public land for private use. The committee supports the current process of obtaining a lease approved by the Governor and Governor's Council. Vote 8-6.

Amendment (0521h)

Amend the title of the bill by replacing it with the following: AN ACT granting a right-of-way over state-owned land.

Amend the bill by replacing all after the enacting clause with the following:

1 Grant of Right-Of-Way in Concord, New Hampshire. Notwithstanding any provision of law to the contrary, the state of New Hampshire, acting through the commissioner of transportation, shall grant to Leonard Brochu a permanent, continuing right-of-way over land formerly of the Boston and Maine railroad and now owned by the state. The right-of-way shall provide Leonard Brochu with access for agricultural purposes via 2 crossings, no more than one at grade, to a certain parcel of land recorded in the Merrimack County Registry of Deeds Book 1122, Page 285. The location of the crossings shall be at the existing dry trestle and, as created by the department of transportation in 1995 in providing passage over the location of the former railroad trestle, shall be no more than 25 feet in width. The commissioner shall reserve to the state the right to use the railroad land as necessary. The state at its cost may reduce the Brochu access to one crossing of the former railroad land in the vicinity of the existing trestle.

2 Signs. Leonard Brochu shall maintain stop signs and warning signs at the grade crossing.

3 Appurtenant Rights. The right-of-way, including the crossing or crossings to be granted to Leonard Brochu shall be appurtenant rights to the property conveyed to him by the state of New Hampshire by deed recorded in the Merrimack County Registry of Deeds, Book 1122, Page 285, and shall benefit successor owners of that parcel.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill grants a right-of-way over the former Boston and Maine railroad land in Concord, New Hampshire.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 1168, establishing a commission to determine how to optimize boating safety on water bodies. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Judith T. Spang for the Majority of Resources, Recreation and Development: At hearings in the past year, the committee heard repeatedly that enforcement of existing boating regulations has been ineffectual. This bill provides the opportunity to determine the causes and possible solutions to this problem. Vote 13-4.
Rep. John M. Gibson for the Minority of Resources, Recreation and Development: The committee heard numerous testimonies that major safety issues are occurring on New Hampshire waterways, the commission established under this legislation would make recommendations to the legislature to address water safety issues in 2008 and those recommendations will not take effect until the 2009 boating season. The minority believes the expertise to address water safety issues belong to the Resources, Recreation and Development Committee.

**Majority Amendment (1134h)**

Amend subparagraph I(a) of section 2 the bill by replacing it with the following:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives, one of whom shall be a member of the resources, recreation and development committee.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

**HB 1324**, relative to leasing the Cannon Mountain ski area. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Richard T. Cooney for the Majority of Resources, Recreation and Development: This bill, as introduced, would require the Department of Resources of Economic Development (DRED) to solicit lease proposals for the Cannon Mountain Ski Area. It would also create a legislative committee to review responses and gives the capital budget overview committee the authority to approve any lease. The committee felt this proposal was premature since the state park study commission formed by SB 5, Chapter 276, Laws of 2005, is charged with studying such initiatives and is actively studying state park issues. The committee amendment replaces the bill with a modification of the SB 5 study commission by adding a legislative member who shall be a member of the House Resources, Recreation and Development Committee. Vote 14-3.

Rep. John M. Gibson for the Minority of Resources, Recreation and Development: The majority of the committee changed the language of this legislation to put another House member from the Resources, Recreation and Development Committee on the commission to study issues related to the state parks even though this legislation originally called for the leasing of Cannon Mountain Ski Area to a private entity. The minority believes that issues related to the leasing of the state owned ski area should be further studied to see if it is feasible and further enhances the ski experience at Cannon Mountain.

**Majority Amendment (1132h)**

Amend the title of the bill by replacing it with the following:

**AN ACT** relative to the commission to study the state park system.

Amend the bill by replacing all after the enacting clause with the following:

1 Commission to Study State Park System; Membership. Amend 2005, 276:2, I(b) to read as follows:

(b) [Two] Three members of the house of representatives, appointed by the speaker of the house of representatives, at least one of whom shall be a member of the committee on resources, recreation and development.

2 Effective Date. This act shall take effect upon its passage.

**AMENDED ANALYSIS**

The bill increases the number of house members on the commission to study the state park system. Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

**HB 1494**, relative to public use of groundwater. **INEXPEDIENT TO LEGISLATE.**

Rep. John M. Gibson for Resources, Recreation and Development: This legislation gives "primacy" of groundwater to municipally controlled water suppliers. The committee found this legislation confusing and heard testimony from the Department of Environmental Services (DES) stating this legislation was unclear and that more information was required to address the concerns expressed by the sponsor of this legislation. Vote 14-3.

Committee report adopted.
HB 1519, relative to all-terrain vehicle and trail bike trails. INEXPEDIENT TO LEGISLATE.
Rep. Harry C. Merrow for Resources, Recreation and Development: This bill would require proposals for all terrain vehicle and trail bike trails to be compatible with local planning and zoning ordinances. The committee felt this would lead to a hodgepodge of rules and regulations as the trails traveled from one town to another. One town could possibly shut down an entire trail. Vote 11-4. Committee report adopted.

HB 1541, requiring applicants for large groundwater withdrawal permits to comply with local ordinances. INEXPEDIENT TO LEGISLATE.
Rep. D. L. Chris Christensen for Resources, Recreation and Development: This bill requires that all local ordinances requirements be met before applying to the Department of Environmental Services (DES) for a large groundwater withdrawal permit. Testimony indicated that some committees presently require DES approval before final action at the local level. This bill was seen as complicating rather than simplifying the permitting process. Vote 13-3. Committee report adopted.

HB 1609-FN, requiring an impact study before a large groundwater withdrawal permit may be issued. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.
Rep. Jacalyn L. Cilley for the Majority of Resources, Recreation and Development: The original bill intended to include impacts upon further water needs of municipalities as part of the large groundwater withdrawal permitting process. The committee determined that while the intent of the original bill was commendable it was best to require the Department of Environmental Services (DES) to develop a pilot program in order to establish the appropriate methodologies for estimating future water needs of communities as well as to identify key stakeholders to the process. DES will assume responsibility for the development of said pilot program as part of its ongoing work of inventorying water availability in a defined geopolitical area of the state. Vote 13-5.
Rep. John M. Gibson for the Minority of Resources, Recreation and Development: This legislation is not needed due to the fact the Department of Environmental Services (DES) is currently conducting a pilot program to devise methods of estimating water needs. This legislation is better suited to wait until the SB 155 groundwater study commission finishes its work and submits its report to the legislature this fall.

Majority Amendment (1046h)
Amend the title of the bill by replacing it with the following:
AN ACT requiring a pilot project to estimate future water needs and availability.
Amend the bill by replacing all after the enacting clause with the following:
I. The department of environmental services shall conduct a pilot project to devise methods of estimating future water needs and water availability for a 10 year planning period within a defined geopolitical area of the seacoast area of New Hampshire. The project shall recommend methodologies for municipalities to use in the development of water management plans and to inform the department of environmental services in the large groundwater permitting process. The project shall include an analysis of all current water withdrawals, estimated available surface and groundwater, and estimates of future water needs of municipal water systems, residential, agricultural, commercial, and industrial water users within the study area. The department shall consult appropriate stakeholders within the pilot project area for assistance in designing and implementing the project. These stakeholders shall include, but not be limited to, the office of energy and planning, regional planning commissions, municipal authorities, applicable conservation commissions, and those associations representing agricultural, commercial, and industrial interests.
II. The department shall conduct the pilot project using existing resources and currently available information.
III. The department shall make regular progress reports as requested by the chairperson of the water resources committee, established in RSA 481:1-b, and the chairperson of the commission to study issues relative to groundwater withdrawals, established by 2003, 305 as extended by 2005, 287. Effective Date. This act shall take effect upon its passage.
AMENDED ANALYSIS

This bill requires the department of environmental services to conduct a pilot project to devise methods of estimating future water needs and availability.
Majority committee amendment adopted.
Majority committee report adopted.
Ordered to third reading.

HB 1531, establishing a commission to study implementing the Regional Greenhouse Gas Initiative (RGGI) program. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Roy D. Maxfield for the Majority of Science, Technology and Energy: This bill would establish a commission to study implementing the Regional Greenhouse Gas Initiative (RGGI) program in New Hampshire. The initiative was the started in New York state by Governor Pataki and is aimed at reducing carbon dioxide pollution through a mandatory cap on the electric generating sector, coupled with a market based trading program to hopefully achieve low compliance costs. Six (6) New England governors from New Jersey to Maine, including Governor Lynch, have signed a Memorandum of Understanding (MOU) and in doing so have made a commitment to bring the RGGI framework before the legislature. New Hampshire and Maine are unique in that legislative approval is required before any commitment is made. The next step in the process is development of a model rule by the regional group including members from the New Hampshire’s Public Utilities Commission and the Department of Environmental Services. Once these model rules are adopted sometime this year, the state will examine the RGGI MOU and model rules and design a program that is in the best interests of New Hampshire. The majority of the committee feels strongly that the best way to proceed at this time is to allow the Department of Environmental Services, which has been involved with this process from the start, to work with the legislature, stakeholders and the electric industry to design an implementation program. The majority also concluded that a commission would complicate this process and is not needed for the state to proceed in the development of a program by the DES and recommendations for legislative approval to be acted on next year. This time frame is consistent with the outline in the MOU for our action and is consistent with projected action time frames in other New England states. Once legislation is proposed for next year the real debate will begin. Issues such as increased electric rates, possible increased pollution from regions outside of New England, business community impact and concerns that RGGI should be a national and not regional issue, will all be debated at length. Vote 9-7.

Rep. Jacqueline A. Cali-Pitts for the Minority of Science, Technology and Energy: The minority of the committee feels that the Regional Greenhouse Gas Initiative (RGGI) signed by seven northeast states including New Hampshire is worthy of study and that that study be placed in statute. RGGI is an agreement which strives to reduce carbon dioxide emissions from power plants through a market-based system. We feel that the implementation and the impact on New Hampshire are far too important to be left to being done without adequate resources and input from the legislature. The DES favors this bill which would better enable them to dedicate resources and time to this study. The bill sets up a commission, which would allow legislative input, and input from parties of interest before final approval of the plan in New Hampshire.

Rep. Cali-Pitts spoke against.
Rep. Maxfield spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
HB 1756, relative to alternative regulation of small incumbent local exchange carriers. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.**

Rep. James M. Garrity for the Majority of Science, Technology and Energy: This bill is a technical amendment and improvement to a bill signed into law by the Governor in June 2005. This bill allows small incumbent local exchange carriers (ILEC) to file and negotiate alternative regulation plans with the Public Utility Commission. Such plans will allow the small ILECs to more flexibly compete in the rapidly changing and aggressively competitive communications market. The results of alternate regulation plans should result in more customer choice. Vote 11-5.

Rep. Gene F. Andersen for the Minority of Science, Technology and Energy: The bill in its current form directs the Public Utility Commission to consider alternative forms of deregulation for basic telephone service provided by small incumbent telephone companies. The majority of the committee decided alternative plans for deregulation should be considered without defining competition, as they felt it is impossible to define what competition would be at any particular point in time when an alternative plan could be considered. Under this bill there is no assurance of meaningful competition or customer choice of telephone service providers. Under some scenarios it is possible that in the future the cost of basic service from small telephone companies could increase. Real competition to assure reasonable rates requires a level playing field for new providers. Neither competition nor affordable services are defined. Once rates are deregulated it will be very difficult at best to fix the problem.

**Majority Amendment (0989h)**

Amend RSA 374:3-b, III(b) as inserted by section 1 of the bill by replacing it with the following:

(b) The plan provides for maximum [basis] **basic** local service rates at levels [prevailing throughout the state as of the effective date of this section plus allowances for inflation and adjustments to reflect changes in federal, state, or local government taxes, mandates, rules, regulations, or statutes; provided, that no small incumbent local exchange carrier may increase basic local service rates] that do not exceed the comparable rates charged by the largest incumbent local exchange carrier operating in the state and that do not increase by more than 10 percent [per year] in each of the 4 years after a plan is approved with the exception that the plan may provide for additional rate adjustments, with public utilities commission review and approval, to reflect changes in federal, state, or local government taxes, mandates, rules, regulations, or statutes; Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HJR 25, encouraging the United States Congress to propose an amendment to the Constitution concerning eminent domain. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James G. Rolston for Majority of State-Federal Relations and Veterans Affairs: The intent of this bill is to encourage Congress to propose to amend the constitution so that real property can not be seized by eminent domain except for public use. The majority of the committee felt that it was important to have a national agreement on preventing the taking of private property for private gain. Vote 6-5.

Rep. Kris E. Roberts for the Minority of State-Federal Relations and Veterans Affairs: The minority did not believe that any amendment to the constitution would be able to address every eminent domain issue that may present itself. Matter of fact, a Constitutional Amendment may restrict the state's ability to address important and necessary local concerns. It is firmly believed that the state has the responsibility to and can better address local eminent domain issues than the federal government.

Rep. Rolston spoke in favor and yielded to questions.

Rep. Soltani spoke in favor.

Rep. Dumaine requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.
HB 1243-FN, reducing certain fines for motor vehicle violations. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Shawn N. Jasper for the Majority of Ways and Means: The bill was introduced primarily because the motor vehicle fines were increased last year without a public hearing. The sponsor indicated this sets a dangerous precedent. One member from the public felt the provision about coasting in the fine schedule is obsolete and should not be considered a violation. The fines had not been increased in over 15 years. A committee of 12 district judges from around the state considered the fine adjustments relative to harshness/leniency of the current motor vehicle fines; vis-à-vis other fines currently being levied. The judges also considered the fiscal impact any increases would have on the defendants they see appearing before them. The judge's recommendations were submitted to the Department of Safety, the New Hampshire Police Standards and Training Council, and the New Hampshire Police Chief's Association for review and input. The new schedule was also compared to the current fines in place for selected motor vehicle offenses in our neighboring states of Maine, Vermont and Massachusetts. The new fine schedule was agreed to by the committee of conference on the budget last June and passed by both Houses. This agreement came after many discussions with all parties associated with the funding from the penalty assessments on the fines. Most of the testimony taken was from the agencies that would benefit from the increased fines and associated penalty assessments (Police Standards and Training Fund, Victim's Assistance Fund and Legal Services Fund). They were concerned the increased revenues were not meeting the planned projections. The increased fine schedule was due to commence on July 1, 2005 but due to a delay in printing and distributing new tickets was not implemented until November. Fine revenues collected in January are on target. Vote 12-7.

Rep. John M. Pratt for the Minority of Ways and Means: This bill, as amended, would sunset the increase in motor vehicle fines which were imposed on the legislature last year by the Committee of Conference on the budget. These increases never had a public hearing; they were never reviewed by a competent committee of jurisdiction (either Criminal Justice or Transportation); and the House went so far as to refuse to let them in the first time they came before us. The minority believes that the one and only way to put a stop to this odious practice of backdoor, midnight tax increases is to sunset the increases and then let them go through proper legislative procedures with the proper public hearings and determination by the proper House committee.

Rep. Pratt spoke against.

Rep. Major spoke in favor.

Rep. Soltani spoke against and yielded to questions.

Reps. Jasper and Whalley spoke in favor and yielded to questions.

Rep. Maybeck requested a roll call; sufficiently seconded.

and the majority committee report failed.
Rep. Pratt moved Ought to Pass and offered floor amendment (0392h).

Minority Amendment (0392h)
Amend the bill by replacing all after section 28 with the following:
29 Penalty Assessment; Deposit of Funds. Amend RSA 188-F:31, IV to read as follows:

IV. The clerk of each court shall collect all penalty assessments and shall transmit the amount collected under paragraphs I-III to the state treasurer for deposit in the following funds. The state treasurer shall deposit [65] 75 percent of the amount collected in the police standards and training council training fund [−29] and 25 percent of the amount collected in the victims’ assistance fund [−18] and the remainder in the general fund.

30 Effective Date. This act shall take effect July 1, 2007.
Rep. Pratt spoke in favor and yielded to questions.
 Minority committee amendment (0392h) adopted.
Minority committee report adopted.
Ordered to third reading.
HB 1329-FN-A-L, repealing the provision allowing operators to retain 3 percent of meals and rooms taxes collected. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Jim Ryan for the Majority of Ways and Means: This bill seeks to repeal a certain provision of the Rooms and Meals Tax. Specifically, the sponsors argue that allowing business entities to collect the tax and retain 3 percent of the remittance is unfair when compared with other business entities that collect tax revenue. The sponsors urge that the tax remain, but that the collection percentage allocated to the small businesses that collect the tax be repealed. Repeal of the tax would, according to figures supplied by the DRA, yield additional state revenues of over $11 million in each biennium. The 3 percent collection practice has existed in New Hampshire statutes for several decades and is a functional and predictable part of business practice and cycle within the hospitality industry. Most importantly, and critical to the committee’s action, is that the ability of a business to secure the 3 percent collection fee is expressly linked to timely reporting and submission to the DRA. Businesses who do not report or remit that tax in a timely fashion DO NOT receive the collection amount. The timely recording, reporting and remittance of the tax by the industry of room and meal tax revenue – the second largest source of state revenue – is of critical importance to revenue streams. The public/private means of collection – carefully monitored by the DRA – is a vital part of cash flow to fund the services and obligations of the state. The thrust of the sponsor’s claim at the hearing appeared to be that involved businesses received the 3 percent without having to undertake any work. This is not the case. To receive the collection amount, as noted above, the business must file reports by the 15th day of the month after the revenue is received. Failure to do so within the time limits that are strictly enforced means the business does not receive the collection amount. The small businesses that provide hospitality are the gatekeepers to our tourism industry. The practices within the statute should be sustained and this bill is, accordingly, recommended as Inexpedient to Legislate. Vote 15-6.

Rep. Steve Vaillancourt for the Minority of Ways and Means: This bill, as introduced, would have repealed the three percent “commission” restaurants and hotels are allowed to keep for collecting and sending in the eight percent rooms and meals tax. As amended, the bill would continue to allow the three percent but would cap the amount any particular business may retain at $100 a month (or $1200 a year for those operating year-round). With the rooms and meals tax generating approximately $200 million a year, the commission could amount to $6 million a year. For various reasons, that amount is actually $5.5 million. The bill was introduced as a result of another bill which came to Ways and Means last year, one which would have reinstated a commission to cigarette wholesalers for applying a tax stamp to cigarette packages. That “commission” had been removed the previous session when a committee of conference discovered it as a source of $2 million to help balance the state budget. Several members of Ways and Means, noting that more work is involved in actually affixing tax stamps to packages than to simply have a computer calculate the rooms and meals tax, believed this was a classic case of unfairness. Since the legislature voted not to allow a “commission” for the stamping, the minority believes that simple equity requires that no “commissions” be granted at all. A subcommittee formed to study this matter worked long and hard to craft a compromise amendment which passed by an overwhelming and bipartisan vote of 6-1. Those who knew the data most intimately, in other words, were behind the amendment which was crafted, according the data provided by the Department of Revenue Administration, so that 5277 businesses would not have lost a single penny. 998 businesses would have been affected. The minority understands that approximately the same amount of work is required to generate a $100 or $1000 or a $10,000 or even a $75,000 commission. Not only do businesses receive the commission, they are also allowed the “float” (money banked each month before the tax is due) on the entire rooms and meals tax collected, a “float” of approximately $31 million for that small number of business which keeps the $75,000. The average commission is in fact $877 a year, so the average establishment would not be “hurt” by this amendment. However, the state would keep $3,124 million of the monies it now rebates in commissions. While this revenue would be important to state coffers, the minority believes the issue is one of fairness first and foremost. Most other states do not have separate rooms and meals tax but catch such transactions as part of their sales taxes. Approximately half the states allow businesses to retain a portion of sales taxes collected, but not only is the percentage less than our three percent but in virtually all cases, it is capped at a smaller amount than $100 a month, a recognition that even while some cost is incurred in collecting this tax, it is a limited cost. No other New England state allows any commission at all. New York State caps it
at $150 a quarter, Florida at $30 a month, far less generous than in the amendment crafted by the subcommittee. The minority was also guided by the knowledge that with the exception of the real estate transfer tax, a portion of which is shared with collecting counties, no other tax in the state is subject to a commission, not the Communications tax which telephone companies collect from customers and pass along to the state; not the gasoline tax; not the electric tax. None. Keep in mind, this rooms and meals tax, like those other taxes, is paid by the general public, not by business. What's fair for one industry should be fair for others. Those cigarette stamp affixers are doing far more work than restaurants and hotels, yet they are reimbursed zero for the service they provide the state. Another amendment in Ways and Means is available as a floor amendment. It would allow a penny a pack to the stamp affixers, at a cost of $2 million. The state would still come out ahead by more than a million, and we would benefit from the moral advantage of equity as well. Opponents of the amendment take an "if it ain’t broke, don’t fix it" approach. The minority counters that if that is true, there would be no need for a legislature at all, since much of what we do here is to "fix" things. In the case of the rooms and meals tax, the three percent commission was in effect when the tax was six percent. When it went up to eight percent, no greater effort was required to collect it, but the businesses received a 33 percent increase. The fix should have been to lower the "commission" at the time, if in fact it was ever appropriate. This fix is clearly needed, and it is not geared at hurting any one group or industry but rather at instilling confidence that everyone who pays a tax will be treated fairly in the State of New Hampshire.

Reps. Osgood, Vaillancourt and Jasper spoke against.
Reps. Ryan spoke in favor.
Reps. Bickford spoke against and yielded to questions.
Reps. Major requested a roll call; sufficiently seconded.

HB 1612-FN, relative to the use of lottery revenue as purses for horse and dog racing. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. Priscilla P. Lockwood for the Majority of Ways and Means: This bill would remove the race track lottery purse. At the present time, monies are given from the lottery income to subsidize a race at Rockingham and the dog tracks. The income from these races to the education fund has decreased over the years. However, the tracks do contribute to the local economy and removing this subsidy would have a deleterious effect on the racing business and the communities they are in. Vote 14-6. Rep. Peyton B. Hinkle for the Minority of Ways and Means: This bill seeks to repeal a subsidy that has, according to compelling testimony, existed since 1963 with the advent of the New Hampshire Sweepstakes. Simply stated, the state provides several pari-mutuel tracks with an annual aggregate grant of $325,000 for use by the tracks in creating purses for horse and dog races. The money comes from lottery sales at the tracks. Industry claims that the practice of funding purses has been a commitment on the part of the state for years and that it has been relied upon by the industry. Opponents of the subsidy argue that Art. 6-b, Part I of the New Hampshire Constitution clearly requires all monies from the state lottery to be used exclusively for the school districts of the state, and there is no justification to make a direct grant to a particular industry. The minority did not support the view urged upon us by the racing industry that a subsidy to support racing purses was to cover “administrative” expenses exempted from the will of the people, as expressed in the constitution, that lottery money be dedicated to public education. It is clear that, after 1990, the General Court and the citizens of the state created a greater interest in funding public education from the lottery. Since the constitution is supposed to trump legislation, the minority felt that this was a good opportunity to bring the statute in line with the constitution. Reps. Almy, Vaillancourt and Mirski spoke against. Rep. Lockwood spoke in favor. Rep. Nancy Elliott requested a roll call; sufficiently seconded.

and the majority committee report failed.
Rep. Almy moved Ought to Pass and offered minority committee amendment (0605h).

Minority Amendment (0605h)

Amend the bill by replacing section 8 with the following:

8 Effective Date. This act shall take effect July 1, 2007.

Minority committee amendment (0605h) adopted.
Minority committee report adopted.
Ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Vaillancourt moved that the House reconsider its action whereby it ordered to third reading, HB 1612-FN, relative to the use of lottery revenue as purses for horse and dog racing, and reconsideration failed.

SPECIAL ORDERS – REGULAR CALENDAR (CONT’D.)

HB 1295, requiring disclosure regarding brake shift interlock by automobile dealers. REFER FOR INTERIM STUDY.

Rep. Sheila T. Francoeur for Commerce: The bill would require automobile dealers to disclose to the purchaser of a vehicle if the vehicle has a brake shift interlock. The committee has great concern for the reasons the sponsor filed this bill, and want to help him accomplish his goal, but at the same time had concern for the New Hampshire auto dealers incurring or perceiving to incur, a liability that was not theirs. The committee has moved interim study knowing that the sponsor and the NH auto dealers are working together on an agreement that would address the concerns of both parties and can be offered as a floor amendment to this bill. Vote 18-0.

Rep. Sheila Francoeur spoke against.
Committee report failed.
Rep. Sheila Francoeur moved Ought to Pass and offered floor amendment (1221h).

Floor Amendment (1221h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring notification regarding brake shift interlock and key positions by automobile dealers to consumers.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Equipment on Vehicles; Notification of Brake Shift Interlock and Key Positions. Amend RSA 266 by inserting after section 27-a the following new section:

266:27-b Notification of Brake Shift Interlock and Key Position by Automobile Dealers. At the time of the retail sale of every new and used motor vehicle in this state, all motor vehicle dealers shall provide a copy of the following notice to be signed by the consumer:

Important Safety Factors Regarding Automatic Transmissions and Key Positions

1. Most newer model motor vehicles with automatic transmissions are engineered with a “brake shift interlock” system as a safety mechanism, which prevents movement from the “park” position unless the brake is applied.
2. Some vehicles are engineered whereby the vehicle may be shifted from “park” to “neutral” in a “key” position before the engine has been started which may cause the vehicle to roll. Your vehicle may not contain roll prevention safety in all key positions.
3. Consumers should become familiar with the specific characteristics of their vehicles in all “key” positions.
4. It is strongly recommended that the “parking” brake be engaged when the vehicle is parked on a grade.

2 Effective Date. This act shall take effect 90 days after its passage.
AMENDED ANALYSIS
This bill requires motor vehicle dealers to provide consumers with a written notice regarding the operation of a brake shift interlock systems and key positions.
Rep. Sheila Francoeur spoke in favor.
Floor amendment (1221h) adopted.
The motion of Ought to Pass as amended adopted.
Ordered to third reading.

MOTION TO SPECIAL ORDER
Without objection, the Speaker ordered the remaining bills from the Regular Calendar of March 9, 2006 be made Special Orders for Tuesday, March 21, 2006 at 10:00 a.m.

RESOLUTION
Rep. Weyler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjours today it be to meet Tuesday, March 21, 2006, at 10:00 a.m. Adopted.

LATE SESSION
Third reading and final passage
HB 1566, relative to the definitions of resident for motor vehicle law purposes and domicile for voting purposes and relative to vehicle registration and driver’s license requirements.
HB 1711-FN, relative to the regulation of fuel gas fitters.
HB 1768-FN, establishing a committee to study the effects of rescinding the charter of the New Hampshire Bar Association, and relative to the regulation of attorneys by the Supreme Court.
HB 1426, granting a right-of-way over state-owned land.
HB 1168, establishing a commission to determine how to optimize boating safety on water bodies.
HB 1324, relative to the commission to study the state park system.
HB 1609-FN, requiring a pilot project to estimate future water needs and availability.
HB 1756, relative to alternative regulation of small incumbent local exchange carriers.
HJR 25, encouraging the United States Congress to propose an amendment to the Constitution concerning eminent domain.
HB 1243-FN, reducing certain fines for motor vehicle violations.
HB 1612-FN, relative to the use of lottery revenue as purses for horse and dog racing.
HB 1295, requiring notification regarding brake shift interlock and key positions by automobile dealers to consumers.

UNANIMOUS CONSENT
Reps. W. Packy Campbell, Daniel Eaton, Bicknell and Kennedy addressed the House.

MOTION TO PRINT REMARKS
Adopted.

REMARKS
Rep. W. Packy Campbell: Mr. Speaker, I would just like to come down and personally thank all the members of the Commerce Committee, especially the good Chairman or Chairlady, as the case may be. I’d like to thank the members of the Automobile Dealers Association that put aside some real liability concerns and put ahead of the concerns of their members, the importance of letting people know the dangers that are hidden in our vehicles today. I think it was important to send a message to the automobile manufactures that it is not OK in New Hampshire to sell a product that has a defect and that has a design flaw that has a safety feature that doesn’t work and not tell consumers.
It was very important what we did today and it will make a difference as we move forward. Today, Senator Clinton and Senator Sununu met in a joint news conference in Washington, DC, along with Senator Gregg, and showed the entire New Hampshire delegation was working a mandate that brake shift interlock will work in all key positions for all cars. This was something that in 1992 was passed as a federal law. Automobile manufacturers failed to upgrade their shift columns on super duties, on Econolines, Rangers, sport utility vehicles, and these manufacturers failed to tell consumers. In my case, a 2002 vehicle which was equipped with brake shift interlock, rolled ... when the way it was sold, and the way it was perpetuated to work, and even the owner’s manual said that couldn’t happen. What really made me angry as I went on in my research in 2004, you know what they did? They changed the owner’s manual to disclose that it may roll in certain key positions. The vehicle I bought in 2002 didn’t have such a disclosure. Had that automobile manufacturer thought it prudent to inform the consumers who bought the vehicle in 2002, my son may still be alive. This is by far the most important issue that I will ever take up as a public servant. This is by far, the symbol of why I love to be here. Why I love this body and why I love this state. You are my colleagues, and I thank each and every one of you for passing this bill today.

RECESS MOTION
Rep. Weyler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.
Adopted.
The House recessed at 6:05 p.m.

RECESS

(Rep. Danforth in the Chair)

SENATE MESSAGES

ADOPTION OF COMMITTEE OF CONFERENCE REPORT

SB 206-FN, relative to the state code of ethics and establishing an executive ethics commission.

CONCURRENCE

HB 380, relative to absentee voting.
HB 653-FN-L, relative to bonds for construction, development, improvement, and acquisition of broadband facilities.
HB 1115, relative to the definition of resident for purposes of fish and game laws.
HB 1119, relative to naming the Richard Monahan Bridge in the town of Carroll.
HB 1283, relative to sheep and goat identification requirements.
HB 1296, relative to the voluntary scrapie flock certification program.
HB 1468-FN-L, relative to Reservoir Road in the town of Deering and Lyme Road in the town of Hanover.
HB 1605-FN, relative to transfers from prepaid fish and game license fund.
HB 1658, relative to authorizing agreements by the fish and game department with nonprofit partners for the purpose of accepting gifts, grants, bequests, or donations to further department goals.
HB 1659, relative to the use of certain small caliber firearms in taking wildlife.

RECESS

(Speaker Scamman in the Chair)

Rep. Weyler moved that the House adjourn.
Adopted.
The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day’s opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

O Holy Presence, ground of our being, comforter of our wounds, source of everything in us and around us that is free, that is joy, that is just; we gather together this morning with some special people in our thoughts, and we offer their care up to You at the outset of this day. Be with Karen Wadsworth as she recuperates from surgery. Be with Robert Barker who is struggling mightily with cancer, giving comfort and strength we pray to him, to his daughter, Crystal and their whole family. Be with any here today who has recently lost someone, who is suffering in body, in mind or in spirit. Grant to them a springtime renewal of hope and courage. Be with the homeless, the hungry, the displaced and the poor of this state as they struggle each day simply to make it through until tomorrow. And be with us today as we debate several issues which are close to our hearts and consciences. In our work here, help us, we ask, always to seek to elevate the condition and the well-being of all those who live in this state, but especially those who are most prone to being marginalized. Open us to endless possibilities, free us from all prejudice, and make us, we pray, truly servants of Your grace and Your love. All this we ask in Your Holy Name. Amen.

Rep. Tim O’Connell, member from Milford, led the Pledge of Allegiance.

The National Anthem was sung by Mrs. Meegan Gagnon from Manchester.

LEAVES OF ABSENCE
Reps. Barker, Carlson, Chabot, Clemons, Gibson, Hunter, Kobel, Lefebvre, Maybeck, Messier, Putnam and Snyder, the day, illness.
Reps. Aguiar, Ahlgren, Bridle, Danforth, Dexter, Donahue, Giuda, Gonzalez, Langley, Moore, Norelli, Reed, Stella Scaman, Katherine Taylor, Twombly and Wiley, the day, important business.
Reps. MaryAnn Blanchard, Naro and Shaw, the day, illness in the family.

INTRODUCTION OF GUESTS

Hillary Bailey, a ninth grade student from Merrimack Valley High School, Page for the Day.

COMMITTEE REPORTS
CONSENT CALENDAR
Rep. Weyler moved that the Consent Calendar with the relevant amendments as printed in the day’s House Record be adopted.
Consent Calendar adopted.

HB 1331, relative to the New Hampshire Temporary Assistance to Needy Families (TANF) program. OUGHT TO PASS WITH AMENDMENT.
Rep. Neal Kurk for Finance: This bill is the first step in revising the state’s welfare program (Transitional Assistance to Needy Families, or TANF) to comply with the changes to the program mandated by Congress last month. These changes include increasing TANF recipients’ participation in the work force to 50% or face significant financial penalties, starting in October of this year. Federal rules implementing the program have yet to be written. The bill, as introduced, was
a study committee. Just before reporting deadlines, the Department of Health and Human Services (HHS) proposed an amendment to the Health, Human Services and Elderly Affairs Committee which, under time pressure, adopted it without referral to a subcommittee or any in-depth examination. The bill passed the House and was referred to Finance. Finance determined that the amendment contained significant policy decisions that had not received a public hearing or policy committee consideration. It also determined that many other policy decisions were to be made through the rules process and not through the legislative process. Furthermore, it was unable to determine the fiscal impact of the amendment. As a result, Finance amended the bill to take out the policy and rules issues, retaining only those changes in state statute that were mandated by Congress. The bill is thus "policy neutral". The committee understands that HHS will be proposing a significantly different amendment in the Senate. Commissioner Stephen stated that he will also present the amendment to the policy and Finance committees so that the amendment can be studied and policy decisions and financial consequences determined. This will put the House in the best possible position in the inevitable committee of conference to revise the TANF program in ways that reflect its position. Vote 19-0.

Amendment (1336h)

Amend the bill by replacing all after the enacting clause with the following:

I New Hampshire Employment Program and Family Assistance Program; Statement of Purpose.

Amend RSA 167:77 to read as follows:

167:77 Statement of Purpose.

I. The purpose of this subdivision is to reform welfare through the vehicle made available by the federal government [, whether through block grants or by a federal waiver. If a waiver is necessary, it is the intent of the general court that the commissioner of the department of health and human services request such a waiver so that this subdivision may be implemented]. To the extent permitted by federal law, it is the intent of the general court to [replace the aid to families with dependent children program with] operate the Temporary Assistance to Needy Families (TANF) program through 2 subprograms:

(a) The New Hampshire employment program which shall provide financial assistance for families with dependent children when the children are cared for by a parent or relative who is receiving assistance and is considered to be able-bodied for employment.

(b) The family assistance program which shall provide financial assistance for families with dependent children when the parent or other relative is considered unable to work due to a physical or mental disability or the children are cared for by a relative other than a parent who is not receiving assistance.

II. [Such replacement establishes] The New Hampshire employment program and the family assistance program [as the] are cash assistance programs upon which Medicaid and Food Stamps are automatically granted in the same relationship [as under the AFDC program].

III. [A waiver or a block grant may be phased in, at the discretion of the commissioner. If there is a phasing-in then the existing AFDC/JOBS program may be maintained in all or part of the state at the discretion of the commissioner. To the extent that some portions of the state are covered by the AFDC/JOBS program, the statutes and rules governing that program shall apply and be in effect.] Notwithstanding any other laws to the contrary, the New Hampshire employment program and family assistance program shall be covered by this subdivision and the rules adopted under the authority of this section. All statutory provisions within RSA 161 and 167 which are not inconsistent with the provisions of this subdivision shall remain in full force and effect and shall apply to the New Hampshire employment program and the family assistance program.

IV. The New Hampshire employment program shall promote economic independence and help maintain and strengthen family life by enabling able-bodied persons with dependent children to assume responsibility for their families through the dignity of work. Work shall be promoted by:

(a) Offering employment services, support services, and transitional financial assistance with the expectation that participants move quickly towards employment.

(b) Developing long-term employment skills that lead to self-sufficiency.

(c) Recognizing the equal responsibility of both parents to provide economic support for their children.

V. The goals of the New Hampshire employment program shall be to:

(a) Eliminate or reduce the harmful effects of poverty on families and children by fostering employment and opportunity as a means to economic independence.
(b) Assist participants to gain employment as rapidly as possible, given due consideration to individual circumstances, labor market conditions, the needs of the dependent children for continuing care and protection, and the ultimate goal of long-term economic independence.

(c) Eliminate the stigma of welfare by promoting a philosophy and perception that the purpose of welfare is to eliminate or reduce the harmful effects of poverty on families and children by promoting work opportunities for all New Hampshire residents.

(d) Support and coordinate with activities that promote self-sufficiency and strengthen family life.

(e) Provide a comprehensive support service package that includes: medical assistance, food stamps, child care, transportation, child support, and other support services necessary to promote economic independence.

(f) Promote successful transition from public assistance through the provision of job readiness activities, training, and education activities concurrently with employment or seeking employment, family support skills, and follow-up services for problem resolution and job advancement.

(g) Develop partnerships with employers to create job opportunities and meet the needs of both employers and participants.

(h) Provide a program where it is more advantageous to work than not to work by rewarding self-sufficiency.

VI. The goals of the family assistance program shall be to:

(a) Eliminate or reduce the harmful effects of poverty on families and children by providing financial assistance and medical assistance only to families with children in a manner compatible with decency and health.

(b) Promote employment opportunities [on a voluntary basis].

2 Definition of Employment-Related Activities. RSA 167:78, IX is repealed and reenacted to read as follows:

IX. “Employment-related activities” mean activities that meet the federally defined work activities in The Personal Responsibility and Work Opportunity Reconciliation Act, Public Law 104-193, Section 407(d) of the Social Security Act, as amended by the Deficit Reduction Act of 2005, and further defined in rules adopted pursuant to RSA 541-A.

3 Employment Program: Eligibility. Amend RSA 167:79, II to read as follows:

II. The following persons shall be included in the assistance group, unless such person receives state supplemental assistance or supplemental security benefits under Title XVI of the Social Security Act, foster care or adoption assistance, if living in the same household or temporarily absent from the household: any dependent child and all minor blood-related, step, or adoptive brothers and sisters, and all natural, step, or adoptive parents of such children, including cohabitating adults who share a minor child. In the case of a minor parent, the assistance unit may also include all natural, step, or adoptive parents of the minor parent and all minor blood-related, step or adoptive brothers and sisters. If the parents are not residing together a child shall be considered residing with the parent who has physical custody of the child the majority of the time.

4 Employment Program; Requirement to Prevent Reduction in Benefits. Amend RSA 167:79, VI (c) to read as follows:

(c) A parent/caretaker relative and case members shall cooperate with [all employment-related activities of] required appointments for entry into the employment program.

5 Employment Program Characteristics. Amend RSA 167:82 to read as follows:

167:82 Employment Program Characteristics.

I. The program shall provide financial assistance to assistance groups who meet and comply with all the eligibility and employment program participation requirements under RSA 167:79, 167:80, and 167:81.

II. The following persons shall be temporarily deferred from the participation [requirements in RSA 167:85, 167:90, and 167:91] in employment-related activities:

(a) Dependent children under the age of 16.

(b) Dependent children age 16 or older who are full-time students in an elementary, secondary, vocational/technical school, or the equivalent.

(c) [One] A parent or caretaker relative [per assistance group] who is personally providing care for a child under the deferral age established by the department by rules adopted pursuant to RSA 541-A.
(d) A parent or caretaker relative who is 60 years of age or older.
(e) A pregnant woman as defined by the department by rules adopted pursuant to RSA 541-A.
(f) A person who is employed full-time as defined by the department by rules adopted pursuant to RSA 541-A.

(g) A person who is temporarily unable to participate in program requirements due to illness or incapacity as certified by a licensed physician or board certified psychologist. The physician or psychologist shall certify, on a form provided by the department, the duration and limitations of the disability.

(h) A parent or caretaker relative required to be in the home to care for another relative or assistance group member who resides in the same household due to that member’s illness, or incapacity or disability; and there are no other household members to provide the care; and required care is considered necessary by a licensed physician or board certified psychologist. The physician or psychologist shall certify, on a form provided by the department, the duration that care is required.

(i) A person with significant employment-related barriers, as determined by the department by rules adopted pursuant to RSA 541-A, that prevent the person from accepting immediate employment.

(j) Any other person as determined by the department by rules adopted pursuant to RSA 541-A as necessary to promote the purpose and goals of this subdivision.

III. Financial assistance for an assistance group shall be reduced if a parent or caretaker relative of the assistance group:

(a) Fails to assign child support rights to the department.

(b) Fails to cooperate with child support requirements without good cause. A parent or caretaker relative shall have good cause for noncooperation with child support requirements when efforts to establish paternity or secure support are against the best interests of the child or parent or caretaker relative or when efforts to establish paternity or secure support can reasonably be anticipated to result in physical or emotional harm to the child or parent or caretaker relative. A parent or caretaker relative shall also have good cause for noncooperation with child support requirements when at least one of the following conditions exists:

(1) The child for whom support is sought was conceived as a result of incest or forcible rape;

(2) Proceedings for adoption of the child are pending in a court; or

(3) A social service agency is helping the parent or caretaker relative decide whether to relinquish the child for adoption, and the discussions have not occurred for more than 3 months.

(c) Voluntarily quits a job consisting of at least 20 hours of work per week without good cause 60 days or less prior to the date of application for financial assistance, and such parent or caretaker relative has not become reemployed at a level consisting of at least 20 hours of work per week. Good cause for leaving employment shall include any of the following:

(1) Discrimination by an employer based on age, race, sex, color, physical or mental disability, religious belief, national origin, or political beliefs;

(2) Work demands or conditions that render continued employment unreasonable, including but not limited to, employment in which the degree of risk to health or safety is unreasonable or employment yielding weekly earnings of less than the state or federal hourly minimum wage;

(3) Resignation by a person under the age of 60 which is recognized by the employer as retirement;

(4) Employment which becomes or is revealed to be unsuitable following acceptance of such employment, including, but not limited to, employment which the parent or caretaker relative is physically or mentally unfit to perform, or employment in which the distance from the parent or caretaker relative’s home to the place of employment is unreasonable considering the wage and the time and cost of commuting;

(5) Acceptance by the parent or caretaker relative of new employment[, or enrollment of at least half-time in any recognized school, training program or institution of higher education,] that requires the parent or caretaker relative to leave current employment;

(6) Leaving a job in order to accept a bona-fide job offer which job offer, because of subsequent circumstances beyond the control of the applicant, is withdrawn or results in employment of fewer than 20 hours per week or weekly earnings of less than the state or federal hourly minimum wage;

(7) Leaving a job in connection with patterns of employment in which workers frequently move from one employer to another, such as migrant farm labor or construction work, even though employment at the new site has not actually begun;
(8) Leaving a job because of circumstances beyond the control of the parent or caretaker relative which render continued employment impracticable, including but not limited to, lack of transportation or child care, or illness, incapacity or disability of the parent or caretaker relative, or illness, incapacity or disability of another household member serious enough to require the presence in the home of the parent or caretaker relative, net loss of cash income, required court appearance, or mandated appointments; or

(9) Other good cause.

(d) Voluntarily quits or refuses a job without good cause as defined in RSA 167:82, III(c) while receiving financial assistance. A parent or caretaker relative shall be considered to have voluntarily quit a job while receiving financial assistance if such person fails to report for work without good cause as defined in RSA 167:82, III(c), resulting in the termination of the parent or caretaker relative’s employment while receiving assistance. A parent or caretaker relative who is fired or resigns from a job at the request of the employer due to such person’s inability to maintain the employer’s normal work productivity standard shall not be considered to have voluntarily quit the job.

(e) Fails to comply without good cause with ongoing participation requirements in RSA 167:85, 167:88, 167:90, or 167:91. Good cause shall exist when circumstances are beyond the participant’s control, including, but not limited to, lack of transportation or child care, or illness, incapacity or disability of the participant, or illness, incapacity or disability of another household member serious enough to require the presence in the home of the participant, net loss of cash income, required court appearance, mandated appointments, or unreasonable risk to the health or safety of any household member.

(f) Fails to comply with other eligibility requirements as determined by the department by rules adopted pursuant to RSA 541-A as necessary to promote the purpose and goals of this subdivision.

IV. Financial assistance for an assistance group shall be reduced if a non-deferred dependent child of the assistance group:

(a) Fails to comply without good cause with ongoing participation requirements as required by RSA 167:85, 167:88, 167:90, or 167:91. Good cause shall exist when circumstances are beyond the participant’s control, including, but not limited to, lack of transportation or child care, or illness, incapacity or disability of the participant, or illness, incapacity or disability of another household member serious enough to require the presence in the home of the participant, net loss of cash income, required court appearance, mandated appointments, or unreasonable risk to the health or safety of any household member.

(b) Failure to comply with other eligibility requirements as determined by the department by rules adopted pursuant to RSA 541-A as necessary to promote the purpose and goals of this subdivision.

V. The department shall establish reduction rates, and the duration of the reduction for reductions under RSA 167:79, VI, 167:82, III, and 167:82, IV by rules adopted pursuant to RSA 541-A. The initial reduction rate imposed on any household shall be determined by disregarding the needs of the participant who is out of compliance, but not the needs of the dependent children. If the participant remains out of compliance at the end of the initial reduction period, then a greater reduction may be imposed which partially disregards the needs of the dependent children. No reduction shall be imposed on a household unless the participant who is out of compliance has received prior written notice of the reason for the reduction of assistance and the specific actions which must be taken in order to reinstate full assistance. No reduction shall be imposed which disregards the needs of the children when the parent or caretaker relative who is out of compliance lacks the means necessary to immediately come into compliance.

VI. Participants shall be eligible for medical assistance as categorically needy provided they receive financial assistance under this subdivision, or are otherwise eligible to receive such assistance but do not. An assistance group that becomes ineligible due to new or increased earnings shall remain eligible for medical assistance for 12 months from when the assistance group became ineligible pursuant to rules adopted under RSA 541-A.

VII. (a) Financial assistance payments shall be based on the characteristics of the assistance group under this section and the standard of need and payment standard as authorized in RSA 167:7, II. The financial assistance grant is the difference between the assistance group’s net income and the
payment standard. The financial assistance payments may be contingent on the performance of program activities and may be made after the performance of such program activities. The following disregards and deductions shall be allowed in determining net income:

(1) An applicant earned income disregard.
(2) A participant earned income disregard.
(3) A deduction for all amounts actually paid by the assistance group for court-ordered payments.
(4) A deduction for amounts actually paid for child care expenses not to exceed the applicable rate as determined by the department by rules adopted pursuant to RSA 541-A.
(5) [Repealed.]
(6) Any other disregard or deduction established by the department by rules adopted pursuant to RSA 541-A as necessary to promote the purpose and goals of this subdivision.

(b) The department may establish the amount of the earned income disregard or any other disregard or deduction by rules adopted pursuant to RSA 541-A.

VIII. When the department has made a final determination that a parent or caretaker relative, without good cause, has failed to comply with employment program work requirements under RSA 167:85, and assistance to the household has been reduced or closed pursuant to RSA 167:82, III(c)-(e) or IV(a), the amount of reduction shall be a qualified state assistance reduction. The reduction or closure shall remain a qualified state assistance reduction for so long as the parent or caretaker relative is a New Hampshire employment program recipient and maintains the present ability to cure the reduction by complying with employment program work requirements. The department shall provide advance notice to the parent or caretaker relative of the amount and effective date of the qualified state assistance reduction or closure and that a city or town may consider the amount as deemed income for purposes of calculating eligibility for and the amount of general assistance. Upon request, the department, in a timely manner, shall make available to the welfare administrator of any city or town information as to the existence and amount of any qualified state assistance reduction or closure amount that has been imposed on any person applying for assistance from that municipality.

6 Infringement on Rights of Other Employees Prohibited. Amend RSA 167:82-a, I to read as follows:

I. The employment program shall not [use participants] permit individuals to participate in the employment program in any way contrary to federal law under section 407(f) of the Social Security Act.

7 Rulemaking; Notice Requirements. Amend RSA 167:83, II(b) to read as follows:

(b) Notification of case decisions which affect the type or amount of benefits, [or] the level of eligibility [to participants], or changes in participation requirements.

8 Rulemaking. Amend RSA 167:83, II(o) to read as follows:

(p) Any other matters necessary to implement the program in a manner that promotes the purpose and goals of this subdivision.

9 Right to Notice of Type and Amount of Benefits. Amend RSA 167:83, III(c) to read as follows:

(c) To be notified of the decision relative to eligibility, and benefit amounts and of any changes which affect the benefit amount, the level of eligibility, or changes in participation requirements.

10 Family Assistance Program. Amend RSA 167:84, I and II to read as follows:

I. The family assistance program shall provide financial assistance for dependent children who:

[a] Are deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity, or the unemployment or underemployment of a parent; and
[b] Reside with either their nonable-bodied specified relative or a caretaker relative who is not included in the assistance group. Financial assistance shall be provided to the parents of the dependent child. Financial assistance may be provided to the nonable-bodied caretaker relative—

(a) Are cared for by a caretaker relative who is not included in the assistance group.
(b) Are cared for by a specified relative and does not meet the definition of RSA 167:78, I.
(c) Are cared for by caretaker relative who is included in the case and does not meet the definition of RSA 167:78, I.
II. An applicant shall meet all eligibility requirements under RSA 167:78, II, III, IV, V, VI(a), 167:80 and 167:81 to be eligible for financial assistance under this section, and shall be subject to applicable sanctions or case closures under RSA 167:82, III(a), III(b), and III(f).

11 Specialized Employment-Related Activities. Amend the section heading and introductory paragraph of RSA 167:91 and RSA 167:91, I-VI to read as follows:

167:91 Specialized [Services] Employment-Related Activities. The following describes [the employment program specialized services] certain specialized employment-related activities and associated participant requirements:

I. Each participant less than [24] 20 years of age, who is not enrolled in school and who does not have a general education diploma (GED) or a high school diploma (HSD) shall:
(a) Actively pursue an education designed to prepare such person to qualify for a high school equivalency diploma; or
(b) Enroll in school to pursue a high school diploma.

II. Each participant required to pursue an education under paragraph I and who is unable to obtain a GED or HSD in a specified period of time may be offered services to enhance basic literacy and work skills.

III. A participant shall be permitted to volunteer to participate under paragraphs I and II as funding and resources permit.

IV. The commissioner may offer English as a Second Language services.

V. A participant shall be exempt from the requirements of paragraphs I and II if:
(a) The participant is unable to successfully complete educational activities and is willing and able to participate in job search activities; or
(b) The participant’s involvement in educational activities is inappropriate, based on assessment and the employment goals established in the employment contract, and such goals do not require a high school diploma or equivalent.

VI. The commissioner may provide on-the-job training. A participant shall make satisfactory progress in the employment placement to continue to qualify as an employment-related activity under the employment program and be an approved activity under The Personal Responsibility and Work Opportunity Reconciliation Act, as amended by the Deficit Reduction Act of 2005.

12 Repeal. The following are repealed:
I. RSA 167:78, XXVI, relative to benefits program.
II. RSA 167:85, II(a), (b), and (c), relative to job search requirements in the calculation of certain employment-related activity.

13 Legislative Oversight. The oversight committee established by RSA 126-A:13 shall monitor changes to the state TANF program made pursuant to this act and shall provide informational meetings on such changes to the general court.

14 Effective Date. This act shall take effect June 30, 2007.

HB 1593-FN-L, relative to the construction of high school athletic fields in the town of Bedford. OUGHT TO PASS.

Rep. Kenneth Weyler for Finance: School construction aid can include not only the buildings but also the athletic fields and the cost of that property. This bill introduces a new concept and likely future savings to the state’s construction aid account. Although the original bill was specific to the town of Bedford, it was amended before it came to the Finance Committee. The bill now allows school building aid to be used to improve municipally owned buildings or lands to be used for athletic fields or any other school district purpose if the costs are lower than they would be if they involved new acquisition. Vote 19-0.

HB 1601-FN-L, relative to the funding of catastrophic special education aid and making an appropriation to the department of education to support the Laurent Clerc Academy. REFER FOR INTERIM STUDY.

Rep. Linda T. Foster for Finance: This bill came to the committee very late in the session and involves very complex fiscal issues and policy. For example, the committee learned that some districts net out funds from other state sources when calculating catastrophic aid and some don’t. The committee will explore and research this and other related issues and construct legislation to be considered in the next session. Vote 19-0.
HB 1611-FN, relative to reimbursement for personal care services. OUGHT TO PASS.
Rep. Mary Jane Wallner for Finance: The Finance Committee found that this bill will not increase state expenditures. The bill will allow Health and Human Services to, in certain cases; reimburse a parent for providing personal care to a child with special health care needs. Vote 19-0.

HB 1645-FN, relative to fireworks display permits, the position of permissible fireworks inspector, and the sale of permissible fireworks. REFER FOR INTERIM STUDY.
Rep. Peter Franklin for Finance: The hearings held on this bill led the Finance Committee to the conclusion that the bill needs much work. The committee recommendation is for Interim Study, with representation of Finance, Ways and Means and Criminal Justice. If a full time classified position of Fireworks Inspector is to be established, it should be carefully defined and funding should be established. This and all other matters of disagreement should be resolved. Vote 18-0.

HB 1227-FN, relative to late fees and reinstatement fees paid by business entities. OUGHT TO PASS.
Rep. Christine C. Hamm for Ways and Means: This bill, as introduced, as corrective legislation, at the request of the Secretary of State’s office, came to Ways and Means after passing the Commerce Committee 14-0 and the full House on the Consent Calendar. It requires the repayment of erroneously imposed fees, and changes certain late fees from $25 per month to $50 per year. Vote 17-1.

HB 1470, relative to overweight vehicle permit fees. OUGHT TO PASS.
Rep. Philip G. Osgood for Ways and Means: This bill allows an increase in fees for special permits to allow trucks to operate on the state highway system at a weight greater than its registered gross weight. This is a point A to point B permit and is required every time a trucker is going to exceed the registered weight of the truck. These fees have not been increased in over 10 years. The committee voted unanimously in favor of this increase. Vote 15-0.

REGULAR CALENDAR
SPECIAL ORDERS

HB 1177, prohibiting smoking in restaurants and cocktail lounges. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.
Rep. Sheila T. Francoeur for the Majority for Commerce: This bill will prohibit smoking in restaurants and cocktail lounges in New Hampshire. Current law allows smoking in restaurants with seating for fewer than 50 and in segregated areas having a physical barrier of 56 inches in height and a four foot wide separation. This bill will change that. Over the years much information has been provided proving that second hand smoke is dangerous and, in fact, that second hand smoke kills. Smoking in restaurants and cocktail lounges is a health issue for the employees in these establishments and for the patrons. There has been concern in the past that prohibiting smoking in these establishments would cause an economic hardship on our restaurant industry as their business would go across the border. That threat is no longer viable as all of our border states have gone smoke free. It should also be noted that the New Hampshire Lodging and Restaurant Association has not opposed this bill as they have done in the past. Additionally, studies have proven that in states that have enacted smoking bans business has not declined but actually increased and increased the revenue derived from the rooms and meals tax. The amendment clarifies the language in the original bill and in the Indoor Smoking Act. The majority of the committee believes that this bill is pro-health and pro-business and strongly recommends its passage. Vote 14-3.

Rep. Jane S. Langley for the Minority for Commerce: The minority believe that business owners know best how to satisfy their customers, and they, rather than the government, should be allowed to decide whether to allow, restrict or ban smoking in their establishments. Many, or most, have already decided to go smoke-free. Any action on our part will only make matters worse. The owners know their customers and should be the ones to accommodate their desires. New Hampshire is surrounded by states with smoking bans. Many residents of these states now patronize restaurants and bars in New Hampshire border communities. The economic benefit this provides will be lost if this ban is passed. This could make a difference in our rooms and meals tax, tobacco tax, liquor tax, business tax, not to mention the lottery sales. With a 3.3% unemployment rate in New Hampshire, it is unlikely a waitperson could not find employment elsewhere
if they do not care to work in a smoking establishment. A smoking ban has been considered many times in the past and this House has rejected it. A large number of restaurants have gone smoke-free depending upon local circumstances. Again, let the market decide.

**Majority Amendment** (1172h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting smoking in restaurants, cocktail lounges, and certain enclosed public places.

Amend the bill by replacing all after the enacting clause with the following:

1 Indoor Smoking Act; Definition of “Effectively Segregated.” Amend RSA 155:65, V to read as follows:

V. “Effectively segregated” means all the following conditions have been met:

(a) Procedures for accurately and fairly determining preference have been followed;

(b) The size and location of no-smoking and smoking-permitted areas are designed, designated, or juxtaposed so that smoke does not cause harm or unreasonably intrude into the area occupied by persons who are not smoking;

[(c) A contiguous portion of the enclosed public place, including any seating arrangements, measures a minimum of 200 square feet, and at least one of the following 2 contingencies exist:

(1) There is a continuous, physical barrier such as a wall, partition or furnishing at least 56 inches in height to separate the no-smoking area from a smoking-permitted area. The barrier must contain doors or portals for exit and entry; or

(2) There is a space of at least 4 feet in width to separate the smoking-permitted and no-smoking areas. This space may be either an unoccupied area or a section of a smoking area representing a buffer zone in which smoking is not permitted, but which itself is not part of the no-smoking designated area.]

[(d) (c) In buildings where existing ventilation systems are in place, areas designated as smoking areas are located, where reasonably possible, proximate to exhaust vents.

2 Indoor Smoking Act; Definition of “Restaurant.” Amend RSA 155:65, XIV to read as follows:

XIV. “Restaurant” means any room or enclosed place used and kept open on a regular basis and in a bona fide manner for the serving of meals to guests for compensation. “Restaurant” shall include any restaurants in resorts, hotels, and motels.

3 Indoor Smoking Act; Smoking Prohibited. RSA 155:66 is repealed and reenacted to read as follows:

155:66 Smoking Prohibited.

I. Except as provided in RSA 155:67 and notwithstanding any law to the contrary, smoking is prohibited in:

(a) Public educational facilities at any time, and in child care agencies licensed under RSA 170-E during the hours of operation, except foster family homes and foster family group homes.

(b) Hospitals and other acute care facilities.

(c) Grocery stores by customers.

(d) Elevators, tramways, gondolas, and other such public conveyances.

(e) Public conveyances.

(f) Restaurants.

(g) Cocktail lounges.

(h) Enclosed places owned and operated by social, fraternal, or religious organizations when open to the general public. Purposes for which such places may be open to the general public may include, but not be limited to, public meetings, voting, suppers, bingo games, theatrical events, fairs, and bazaars.

II. Smoking may be permitted in enclosed places of public access and publicly-owned buildings and offices, including workplaces, other than those listed in paragraph I, in effectively segregated smoking-permitted areas designated by the person in charge. Smoking shall be totally prohibited in any such enclosed place, if smoking cannot be effectively segregated. The person in charge may declare any facility non-smoking in its entirety.

4 Repeal. The following are repealed:

I. RSA 155:67, VIII, relative to an exemption for certain restaurants.

II. RSA 155:67, IX, relative to an exemption for cocktail lounges.

5 Effective Date. This act shall take effect 90 days after its passage.
AMENDED ANALYSIS

This bill prohibits smoking in restaurants, cocktail lounges, and certain enclosed public places in New Hampshire.
This bill clarifies the smoking prohibited section of the indoor smoking act.
This bill also clarifies certain definitions under the indoor smoking act.

Reps. Hunt, Weyler and Cilley spoke against.
Rep. Holden spoke against and yielded to questions.
Reps. Pelkey, MacKay and Sheila Francoeur spoke in favor and yielded to questions.

(Rep. Price in the Chair)
Rep. Sheila Francoeur requested a roll call; sufficiently seconded.

Floor Amendment (1242h)

Amend RSA 155:66, I(h) as inserted by section 3 of the bill by replacing it with the following:

(h) Enclosed places owned and operated by social, fraternal, or religious organizations.

Amend the bill by replacing section 4 with the following:

4 Repeal. The following are repealed:

I. RSA155:67, II, relative to an exemption for certain enclosed places when used for private purposes.

II. RSA 155:67, VIII, relative to an exemption for certain restaurants.

III. RSA 155:67, IX, relative to an exemption for cocktail lounges.

AMENDED ANALYSIS

This bill prohibits smoking in restaurants, cocktail lounges, and enclosed places owned and operated by social, fraternal, or religious organizations in New Hampshire.

This bill clarifies the smoking prohibited section of the indoor smoking act.

This bill also clarifies certain definitions under the indoor smoking act.

Rep. Vaillancourt spoke in favor and yielded to questions.

Rep. Dokmo spoke against.

and floor amendment (1242h) failed.
Rep. Hunt offered floor amendment (1287h).

**Floor Amendment (1287h)**

Amend the title of the bill by replacing it with the following:

**AN ACT relative to smoking in restaurants and cocktail lounges.**

Amend the bill by replacing all after the enacting clause with the following:

1 Indoor Smoking Act; Definition of “Effectively Segregated.” Amend RSA 155:65, V to read as follows:

V. “Effectively segregated” means all the following conditions have been met:

(a) Procedures for accurately and fairly determining preference have been followed;

(b) The size and location of no-smoking and smoking-permitted areas are designated, or juxtaposed so that smoke does not cause harm or unreasonably intrude into the area occupied by persons who are not smoking;

(c) A contiguous portion of the enclosed public place, including any seating arrangements, measures a minimum of 200 square feet, and [at least one of the following 2 contingencies exist: (+)] there is a continuous, physical barrier such as a wall [;] or partition [or furnishing at least 56 inches in height] to separate the no-smoking area from a smoking-permitted area. The barrier [may] shall contain doors or portals for exit and entry; [or]

(2) There is a space of at least 4 feet in width to separate the smoking-permitted and no-smoking areas. This space may be either an unoccupied area or a section of seating area representing a buffer zone in which smoking is not permitted, but which itself is not part of the no-smoking designated area; and

(d) In buildings where existing ventilation systems are in place, areas designated as smoking areas are located, where reasonably possible, proximate to exhaust vents.

2 Indoor Smoking Act; Definition of “Public Access.” Amend RSA 155:65, X to read as follows:

X. “Public access” means any enclosed place of business, commerce, banking, financial service, or other service-related activity, whether publicly or privately owned and whether operated for profit or not, to which the general public has access or which the general public uses, including, but not limited to, buildings, offices, means of transportation, common carrier waiting rooms, arcades, restaurants, retail stores, grocery stores, libraries, theaters, concert halls, auditoriums, arenas, barber shops, hair salons, laundromats, shopping malls, museums, art galleries, sports and fitness facilities, planetariums, historical sites, cocktail lounges, and common areas of resorts, hotels, and motels, including the lobbies, hallways, elevators, restaurants, restrooms, and cafeterias.

3 New Section; Employees Working in Smoking Permitted Areas. Amend RSA 155 by inserting after section 72 the following new section:

155:72-a Employees Working in Smoking Permitted Areas. No employee shall be required, in the performance of ordinary work responsibilities, to enter any area in which smoking is permitted.

4 Repeal. The following are repealed:

I. RSA 155:67, VIII, relative to an exemption for certain restaurants.

II. RSA 155:67, IX, relative to an exemption for cocktail lounges.

5 Effective Date. This act shall take effect January 1, 2007.

**AMENDED ANALYSIS**

This bill requires effectively segregated smoking areas in restaurants with seating for fewer than 50 people and in cocktail lounges. This bill clarifies the definition of “effectively segregated” for the purposes of the indoor smoking act. This bill also provides that no employee shall be required to enter any area in which smoking is permitted.

Reps. McLeod and Sheila Francoeur spoke against.
Reps. Hunt and Dickinson spoke in favor.
On a division vote, 103 members having voted in the affirmative and 242 in the negative, floor amendment (1287h) failed.
Rep. Rowe offered floor amendment (1432h).
Floor Amendment (1432h)

Amend the title of the bill by replacing it with the following:
AN ACT prohibiting smoking in enclosed places and private conveyances where there are children.

Amend the bill by replacing all after the enacting clause with the following:

1 Indoor Smoking Act; Definitions. Amend RSA 155:65, VI to read as follows:

VI. “Enclosed place” means a structurally enclosed location, or portion of such location enclosed by a floor, ceiling, and 3 or 4 solid walls, partitions, or windows, exclusive of doors or passageways. “Enclosed place” shall include residential structures.

2 New Paragraph; Definition Added. Amend RSA 155:65 by inserting after paragraph IX the following new paragraph:

IX-a. “Private conveyance” means privately owned vehicles, including but not limited to automobiles, buses, and vans.

3 Indoor Smoking Act; “Public Conveyance.” Amend RSA 155:65, XII to read as follows:

XII. “Public conveyance” means any air, land, or water vehicle of public access, which has enclosed sections, used for the transportation of persons in the state of New Hampshire, whether or not for compensation, including, but not limited to, airplanes, trains, buses, boats, vans, or taxis. This definition shall [not include privately owned vehicles when used for private purposes, but shall] include all vehicles owned by the state and its political subdivisions.

4 New Paragraph; Indoor Smoking Act; Smoking Prohibited. Amend RSA 155:66 by inserting after paragraph VII the following new paragraph:

VIII. Enclosed residential places where children are residing or present and private conveyances where children are present.

5 Effective Date. This act shall take effect 90 days after its passage.

AMENDED ANALYSIS

This bill prohibits smoking in enclosed places and private conveyances where there are children residing or present.

Rep. Rowe spoke in favor.

Rep. Sheila Francoeur spoke against.

MOTION TO LAY ON THE TABLE

Rep. Dickinson moved that HB 1177, prohibiting smoking in restaurants and cocktail lounges, be laid on the table.

Rep. Mead requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.
Rep. Gibson did not vote and notified the Clerk that he wished to be recorded against.

MOTION TO LIMIT DEBATE
Rep. Carter moved that debate on the remaining bills of the day be limited to four minutes excluding questions and parliamentary inquiries.
Rep. Phinizy moved to amend the motion by limiting debate to one-half hour on each side, equally divided.
MOTION TO LAY ON THE TABLE

Rep. Vaillancourt moved that the motion to limit debate, be laid on the table. Adopted.

UNANIMOUS CONSENT

RECESS

The House recessed at 12:40 p.m.

(Speaker Scamman in the Chair)

The House reconvened at 1:40 p.m.

REGULAR CALENDAR

SPECIAL ORDERS (CONT’D.)

HB 1354, relative to physical force in defense of a person. INEXPEDIENT TO LEGISLATE.

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill purposely removes the duty to retreat in the face of an attack. RSA 627:4 as currently written already sufficiently covers this concern. The duty to retreat does not occur if you are within your dwelling or its curtilage or, if any other place, where you can do so with complete safety. This bill also would create a presumption that an attacker intended to cause serious bodily injury. This raises many concerns and could result in unintended consequences. Vote 13-3.

Rep. Giuda inquired if Section 1, Paragraphs I through VII could be divided.

The Speaker ruled that the bill was divisible, and without objection, Section 1, Paragraphs I through VII would be considered at the present time.

The question now being adoption of the committee report of Inexpedient to Legislate on Section 1, Paragraphs I-VII.

Reps. Bicknell, Dickinson and Stevens spoke in favor.

On a division vote, 290 members having voted in the affirmative and 36 in the negative, Section 1, Paragraphs I through VII, were voted Inexpedient to Legislate.

The question now being adoption of the committee report of Inexpedient to Legislate on the remainder of the bill.

Rep. Dickinson spoke against and yielded to questions.

Rep. Stevens spoke in favor and yielded to questions.

HB 1649-FN, including “unborn child” in the definition of “another” for the purpose of first and second degree murder, manslaughter, and negligent homicide. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Lori A. Movsesian for the Majority of Criminal Justice and Public Safety: This bill would create the unintended consequence of creating personhood for a fetus. New Hampshire law already...
imposes an additional penalty for assailants who commit a violent act toward a pregnant woman resulting in miscarriage or stillbirth. In 1991, New Hampshire passed laws that punish an assailant who "purposely or knowingly causes injury to another resulting in miscarriage or stillbirth" (RSA 631:2, I(c)). Such heinous crimes are already well defined within our penal code. The committee has had this legislation numerous times. It has been to interim study during 2004 and no legislation was recommended. The committee recognizes the tremendous loss a pregnant woman suffers when she loses her fetus through violent action. However, neither those in support of the bill's intent, or those opposed could craft an amendment that would recognize the loss without bestowing other legal rights to the fetus. Vote 8-5.

Rep. Maurice Villeneuve for the Minority of Criminal Justice and Public Safety: This bill does not create personhood under numerous United States Supreme Court decisions. All this bill does is acknowledge that the unborn child carried by a pregnant woman has value to the pregnant woman. The bill, as written following study, merely charges an individual with a crime when that individual kills a pregnant woman's child. All this bill does is recognize that there is an enhanced penalty for the taking of the life of a pregnant woman and/or her child. This is a pro-woman bill that differs extensively from current law and merely recognizes the tremendous loss a pregnant woman sustains with the loss of her child.

Reps. Souza, Ulery and Hagan spoke against.

Rep. Sorg requested a roll call; sufficiently seconded.

CARROLL

CHESHIRE
HB 1314, relative to an adult roles and responsibilities curriculum. MAJORITY: INEXPEDITI-
ENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Paul C. Ingbretson for the Majority of Education: This bill requires the Dept. of Education to suggest guidelines for the teaching of values related to parenting, marriage, and other family issues in public schools. For many, these are issues of faith that may conflict with values promoted at home. Secondly, the U.S. is last in basic education areas among the industrialized nations and highly illiterate yet this bill encourages taking more teaching time away from basics. Finally, this law is unnecessary: school districts now teach in these areas without Department of Education involvement. Vote 8-7.

Rep. Debra A. Naro for the Minority of Education: The minority of the committee supported as unanimous subcommittee report of ought to pass with amendment. The ultimate aim of this legis-
lation is to help the students to achieve their full potential to have strong families, strong commu-
nities and strong workplaces. Existing research indicates that when fundamental life skills and effective communication skills are present in a student’s life, the more positive the outcomes. These students are more likely to succeed in school, have good relationships with their peers and fami-
lies, be less likely to abuse alcohol and other drugs and be less likely to be school drop-outs. This bill respects and retains local control by requiring the State Board of Education to establish a practice guideline for dissemination and review by local school districts. Policy decisions regarding adoption remain with the local school boards.

and the majority committee report was adopted.

SPECIAL ORDER
Rep. O’Neil moved that the House special order HB 1236-FN-L, relative to disclosure of public expenditures related to lobbying and electioneering, to its regular place in the calendar on March 22, 2006. On a division vote, 182 members having voted in the affirmative and 152 in the negative, the motion was adopted.

REGULAR CALENDAR
SPECIAL ORDERS (CONT’D.)
HB 1304-FN, relative to the scope of registration of lobbyists and statements of lobbying activities. REFER FOR INTERIM STUDY.
Rep. Michael D. Whalley for Election Law: This bill would require that lobbying include activities influencing the executive branch and administrative agencies and those lobbyist statements include certain information and disclosures. The committee felt that lobbying activities as amended in SB 206 should satisfy the concerns of the sponsors. Activities influencing the executive branch are now included in the definition of lobbying. SB 206 also includes financial reporting requirements for lobbyists. However, the committee did feel that there may be some questions that may arise that deserve further review. Vote 15-1.
Committee report adopted.

HB 1490, relative to procedures on ethics violations by legislators. INEXPEDIENT TO LEGISLATE.
Rep. Richard B. Drisko for Election Law: This bill, although well intended, is only repeating what is in statute or practice. The available disciplinary actions are clear in current ethics guidelines and additional penalties have been established by practice. Appropriate actions may already be taken with regard to a legislator’s leadership position by leadership or a more severe action by the full house or senate. Vote 9-6.
Committee report adopted.

HB 1567, relative to removing names from the checklist. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.
Rep. William L. O’Brien for the Majority of Election Law: The benefits of a statewide voter database that can be used for comparisons with the voter rolls of other states and to discover duplicative registrations within the state would evaporate unless there is the authority and a procedure to refresh local voter checklists. All information in the statewide voter database will be based entirely on the voter checklists of our towns and cities. If those checklists become dated, so too
will the statewide voter database. Recognizing this, the secretary of state requested that HB 1567 be filed. The bill, as amended, would allow anyone to submit a request for correction of the checklist. These requests will be considered at the next session of the checklist supervisors. At that next session and only if the supervisors have “a reasonable basis” to challenge a voter’s registration, they then will follow a procedure of notice to the voter and opportunity of the voter to confirm his registration. The amendment to the bill that was adopted by the committee arose out of testimony by the representative of the secretary of state that the current practice of many checklist supervisors is to accept credible information from anyone to determine if a voter’s presence on the checklist should be confirmed. The committee was told by the secretary of state’s representatives that he would support confirming this practice in HB 1567. This bill does not mandate “investigation” of voters. Indeed, the word “investigate” is not used in the bill; rather it gives the checklist supervisors authority to contact voters to see if they still are residents. In this regard, the only act that the bill states supervisors “shall” do is give notice to voters before they remove the voter’s name from the checklist. Further this enabling legislation does not present any Article 28A issue. It simply gives the supervisors of the checklist additional tools and a procedure to carry out the task already assigned to them, maintaining accurate voter rolls. Vote 11-6.

Rep. James R. Splaine for the Minority of Election Law: The amendment on this bill substantially changes the original bill making it into legislation that would allow anyone to challenge any voter who appears on the checklist. The supervisors of the checklist then “...shall...” investigate those voters so challenged. The minority believes this bill would further intimidate voters. We also believe that it creates a costly internal process for cities and towns, raising questions relating to 28A mandates, which the state should not obligate municipalities to pay for. This bill is simply not needed to ensure that voter checklists are clean and accurate because town and city clerks and supervisors for the checklists have all the authority they need to double-check compliance with state and local laws.

**Majority Amendment (1085h)**

Amend the bill by replacing section 1 with the following:

1. New Section; Periodic Maintenance and Verification of Checklists; Request to Correct the Checklist. Amend RSA 654 by inserting after section 36 the following new section:

654:36-a Request to Correct the Checklist.

I. A supervisor of the checklist, the town or city clerk, or any other person, may submit a request for correction of the checklist to the supervisors of the checklist or to the town or city clerk based upon a reasonable belief that a person listed on the checklist is not qualified as a voter in the town or ward. The clerk shall forward requests for correction of the checklist to the supervisors of the checklist. At the next session of the supervisors, they shall examine the requests and determine if a reasonable basis exists to doubt the person’s qualifications.

II. (a) If a reasonable basis exists to doubt the person’s qualifications and the next election will not occur for more than 30 days after the determination by the supervisors, the supervisors shall send a notice to the person and afford the person at least 30 days to provide proof of his or her qualifications. If the person fails to respond to the 30-day notice or responds but fails to provide proof that establishes that it is more likely than not that the person is qualified to vote in the town or ward, the person’s name shall be removed from the checklist.

(b) If a reasonable basis exists to doubt the person’s qualifications and the next election will occur sooner than 30 days after the determination by the supervisors, the supervisors shall enter a challenge to the person with the moderator, and if the person appears to vote on election day or submits an absentee ballot, the challenge shall be processed in the manner provided by law.

**AMENDED ANALYSIS**

This bill authorizes any person to request that a person be removed from the checklist based on a reasonable belief that the person is not qualified as a voter in the town or ward. Majority committee amendment adopted.

and the majority committee report was adopted.
Ordered to third reading.

HB 1258-FN-A, establishing a sunset review process for executive agency and judicial programs and making an appropriation therefor. REFER FOR INTERIM STUDY.
Rep. Charlotte-Houde Quimby for Executive Departments and Administration: This committee appreciates the benefits of periodic review for agencies and legislative oversight procedures. This bill, in conjunction with HB 1616-FN, establishing a performance measurement system for state agencies, requires more extensive review. Therefore, the committee voted for interim study. Vote 14-0.
Committee report adopted.

HB 1616-FN, establishing a performance measurement system for state agencies. INEXPEDIENT TO LEGISLATE.
Rep. James B. Coburn for Executive Departments and Administration: This bill would establish a performance measurement system that requires state agencies to identify program objectives and to measure program outcomes. There was an amendment submitted to establish a commission on the development of a performance measurement system for state government. The committee agrees that setting performance objectives for agency programs and measuring results or outcomes is important because it could help identify and remove failing programs. The committee felt that a successful program would require participation of performance management experts and ongoing action by the House. This activity will require long term cultural change with supporting administrative/IT resources. It requires state agency sponsorship. Vote 13-0.
On a division vote, 121 members having voted in the affirmative and 200 in the negative, the committee report failed.
Motion adopted.

(Speaker Scamman in the Chair)

HB 1670-FN, relative to membership on certain professional regulatory boards. INEXPEDIENT TO LEGISLATE.
Rep. Alida I. Millham for Executive Departments and Administration: The intent of this bill is to add a second public member to every professional board currently having only one. This would be done for the purpose of enhancing the transparent functioning of the board and allowing more public accountability. So doing required, in most cases, adding more regular members to protect the working balance of the board. In one case, it required disrupting a delicate balance between two branches of one profession. The cost of this move would be covered by an increase in the professional license fee. This kind of fee increase is not a problem in groups with many licensed members, but much more of a burden in small licensed groups. While considered to be a reasonable idea, a slim majority of the committee felt it was not workable across all the licensing boards. Vote 7-6.
Committee report adopted.
HB 1744-FN-A, authorizing the pari-mutuel commission to regulate games of chance conducted by charitable organizations and relative to tournaments conducted by charitable organizations where chips have no monetary value face. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James M. Fitzgerald for Executive Departments and Administration: This bill, as amended, is the result of many hours of collaborative effort among the sponsor, the Pari-Mutuel Commission, the Attorney General’s office and the committee. This bill is about regulating what is already going on; it is not about expanding gambling. The bill gives the Pari-Mutuel Commission authority to administer and enforce “games of chance,” with the assistance of the Attorney General’s office and the local police chief. It will allow them to adopt rules similar to what is currently being done with Bingo and to better regulate the licensing process, game operations and operators, financial reporting, inspections, and criminal background checks. The bill places a $300 a day limit on games of chance where chips have no monetary value such as “Texas hold-em tournaments” and “casino nights.” The bill also establishes a “games of chance study commission” that will evaluate current regulations, look at establishing minimum amounts to be paid to charities, possible revenue streams and limits on wagering and prizes. The commission will complete its study and make recommendations for improvements within a year. Vote 17-1.

**Amendment (1177h)**

Amend the bill by replacing all after section 3 with the following:

4 Games of Chance; Enforcement. Amend RSA 287-D:1-a to read as follows:

287-D:1-a [Administration and] Enforcement. The pari-mutuel commission, with the assistance of the attorney general and the [respective] chief of police of any city or town where games of chance are held, shall administer and enforce the provisions of this chapter.

5 New Section; Rulemaking. Adopt RSA 287 by inserting after section 287-D:1-a the following new section:

287-D:1-b Rulemaking. The pari-mutuel commission shall adopt rules, pursuant to RSA 541-A, relative to:

I. The application procedure for games of chance licenses for charitable organizations.

II. Information to be required on license applications for games of chance licenses for charitable organizations.

III. The application procedure for games of chance licenses for game operators.

IV. Information to be required on license applications for games of chance licenses for game operators.

V. Procedures for a hearing following revocation of any license issued pursuant to this chapter.

VI. The operation of games of chance.

VII. The rental or lease of facilities pursuant to RSA 287-D:2-a, VI and the leasing or purchasing of equipment for use in games of chance.

VIII. Refunds of license fees pursuant to RSA 287-D:2-d, VI.

IX. Accountability controls to ensure game integrity, including, but not limited to, cash, attendance, prizes, income, expense and financial reporting, and record-keeping to be implemented by licensed charitable organizations and licensed game operators in addition to requirements set forth in RSA 287-D:5.

X. Enforcement of this chapter pursuant to RSA 287-D:6 and RSA 287-D:7.

XI. Background and criminal records checks pursuant to RSA 287-D:8.

XII. The issuance of subpoenas pursuant to RSA 287-D:9.

XIII. Other matters related to the proper administration of this chapter.

6 Games of Chance Authorized. Amend RSA 287-D:2, II to read as follows:

II. No one may apply for a license for the operation of games of chance without first obtaining written permission of the owner of the property where the games will be conducted. Such permission shall be acknowledged before a notary public or justice of the peace and shall be obtained on a form supplied by the [chief of police of said city or town] pari-mutuel commission.

7 Games of Chance; License Applications. Amend RSA 287-D:2-a to read as follows:

287-D:2-a License Applications.

I. Applications shall be submitted to the [respective chief of police and to the attorney general] pari-mutuel commission by an officer, director, or duly authorized official of the charitable organization. Proof of authority to submit the application on behalf of the charitable organization may be required. The applicant shall send copies of the application submitted to the pari-mutuel commission to the attorney general and the chief of police of each city or town where games of chance are held.
II. Applications shall be made only on the forms supplied to the charitable organization by the [attorney general] pari-mutuel commission including, at a minimum, the following information provided that the commission may, by rule, establish additional items to be submitted on the application form or attached to it:

(a) If known, the date or dates and location or locations of each game of chance to be sponsored by the charity.

(b) A list of the names and addresses of the current bona fide members of the charity.

(c) The name of the New Hampshire bank and the bank account number for the account in which money from the game of chance will be deposited and withdrawn.

(d) The name, date of birth, and social security number of all bona fide charitable organization members who will participate in the operation of the games. The pari-mutuel commission shall keep as exempt from disclosure, pursuant to RSA 91-A, any social security numbers submitted.

(e) The name and address of any game operator who will be involved in the operation of the games.

(f) If any of the proposed games are to be held in a location licensed pursuant to RSA 287-D:2-a, VI, the name and address of the person or business from whom the space is being rented.

(g) If the charitable organization is buying or renting any equipment for the game of chance, the name and address of the seller or renter.

III. No license shall be issued unless the application form is fully completed by the duly authorized officer, director, or official of the charitable organization.

IV. Initial applications shall be received by the pari-mutuel commission at least 60 days before the first game date of the year. Each subsequent application shall be received by the [chief of police and attorney general] pari-mutuel commission [15 days prior to the first game date of each month] on or before December 1 for a license for games to be held during the following year. This requirement may be waived by the [attorney general] pari-mutuel commission for good cause shown.

V. The applicant shall certify under oath that:

(a) The information provided on the application is accurate.

(b) Only bona fide members of the charitable organization or persons complying with the requirements of RSA 287-D:2-c will operate the games of chance.

(c) That neither the applicant nor any [member of the charitable organization] person who will be participating in the operation of the games of chance has been convicted of a [felony or class A misdemeanor within the previous 10 years which has not been annulled by a court, or a class B misdemeanor within the past 5 years which has not been annulled by a court] [a crime] felony within the previous 10 years which has not been annulled by a court or a misdemeanor involving falsehood or dishonesty within the previous 5 years which has not been annulled by a court, or has violated any statutes or rules governing charitable gambling.

(d) The applicant or any [member of the charitable organization] person who will be participating in the operation of the games of chance is aware of all statutes and rules applicable to the operation of games of chance.

VI. If a charitable organization intends to lease or rent premises for the conduct of any game of chance from an entity other than a charitable organization or governmental subdivision, the entity leasing or renting out the premises shall be licensed by the pari-mutuel commission. The license shall be applied for by filing an application supplied by the pari-mutuel commission. The pari-mutuel commission may issue a license for a period of one year which shall expire on June 30 of each year unless sooner revoked or suspended for just cause by the pari-mutuel commission.

VII. To be eligible for licensure under this chapter, a charitable organization shall:

(a) Document that it is exempt from federal income tax.

(b) Establish that the religious, civic, fraternal, veterans, or charitable purposes for which it was organized, other than charitable gambling, are furthered through activities conducted in the town or city in which the charitable organization is organized.

(c) Register, if required under RSA 7:19 - RSA 7:32, with the director of charitable trusts.

(d) Maintain a current list of bona fide members.

(e) Maintain a New Hampshire bank account solely in the name of the charitable organization in which the money from games of chance shall be deposited and withdrawn.

(f) Meet all other applicable requirements specified in this chapter and in rules adopted by the pari-mutuel commission.
VIII. No person shall be permitted to participate in the operation of a game of chance, unless that person is:

(a) Listed on the application form pursuant to subparagraph II(d), or added to the list pursuant to paragraph IX, and has submitted to a background and criminal record check pursuant to RSA 287-D:8; or

(b) A licensed game operator pursuant to RSA 287-D:2-c.

IX. The charitable organization may amend or supplement the list of members who will participate in the operation of a game of chance, pursuant to subparagraph II(d), up to 10 working days prior to any particular game.

X. At least 45 days prior to each game date, the charitable organization shall submit the date and location of the game of chance if this information has not already been submitted to the pari-mutuel commission pursuant to subparagraph II(a).

8 Operation of Games of Chance. Amend RSA 287-D:2-b, I and II to read as follows:

I. (a) Only persons complying with the requirements of RSA 287-D:2-c or bona fide members of charitable organizations shall operate games of chance; except that, if all bona fide members of a charitable organization are under 18 years of age, adult officers or directors of the charitable organization or parents or legal guardians of bona fide minor members, who have been authorized by the officers or directors of the charitable organization, shall operate the games. Proof of bona fide membership shall be required for any person not subject to the requirements of RSA 287-D:2-c.

(b) Notwithstanding subparagraph (a), if, by reason of the established criteria for membership, all bona fide members of the charitable organization are physically or mentally disabled, or both, the officers, directors, or authorized officials of the charitable organization may designate individuals to conduct the operation of games of chance on behalf of said charitable organization. Individuals so designated are subject to all applicable provisions of this chapter, shall be listed pursuant to RSA 287-D:2-a, II(b) or RSA 287-D:2-a, IX, and the designation of such individuals is subject to the approval of the [chiefs of police] pari-mutuel commission.

(c) Notwithstanding subparagraph (a), all charitable organizations that conduct games of chance for charitable purposes may allow spouses, sons, and daughters of bona fide members who are at least 18 years of age to assist with the operation of the games of chance. [A list of the names of the persons assisting shall be submitted to the chief of police prior to the scheduled game of chance event:] These spouses, sons, and daughters are subject to all applicable provisions of this chapter, shall be listed pursuant to RSA 287-D:2-a, II(b) or RSA 287-D:2-a, IX, and are subject to the approval of the pari-mutuel commission.

II. No compensation shall be paid to operators of a game of chance unless agreed to in advance in writing by the charity. Compensation shall include, but is not necessarily limited to, money or any other thing of value. If the paid game operator’s compensation is contingent upon the amount of revenue received from a game of chance, the compensation shall be a fixed percentage of the gross revenue from the game of chance excluding the paid game operator's expenses. If the compensation of a paid game operator is not contingent upon the amount of revenue received, the compensation shall be a reasonable estimate, expressed as a percentage of the gross revenue. The contract shall clearly disclose the assumptions upon which the estimate is based. The stated assumptions shall be based upon all of the relevant facts known to the paid game operator regarding the services to be provided and the past performance of games of chance operated by the paid game operator.

II-a. Unless otherwise agreed to in advance, pursuant to paragraph II, in writing by the charitable organization, operators of games of chance may be reimbursed for their out-of-pocket expenses in an amount not to exceed $825 per game date, provided that such expenses are itemized and submitted in writing to the charitable organization.

9 New Paragraphs: Operation of Games of Chance. Amend RSA 287-D:2-b by inserting after paragraph VI the following new paragraphs:

VII. Only the treasurer of the charitable organization or a bona fide member of the charitable organization designated by the treasurer, shall handle any monetary transactions related to the game of chance.

VIII. The charitable organization shall deposit cash and proceeds from a game of chance into the New Hampshire bank account required by RSA 287-D:2-a, VII(c). All expenses, including prizes of more than $500.00, game operator fees, and equipment and hall rental fees shall be paid by check from that New Hampshire bank account. The treasurer of the charitable organization shall document all prizes awarded as prescribed in rules adopted by the pari-mutuel commission.
IX. All game of chance paraphernalia or related equipment used in conducting games of chance shall be subject to inspection and approval by the pari-mutuel commission.

X. The charitable organization shall keep a record of all persons participating in the operation of a game of chance, including but not limited to, the date and location of the game and the person’s name, address, telephone number, and type of participation in the game.

XI. For games where chips have no monetary face value, the charitable organization may offer any number of games per game date up to a limit of $300 per person including buy-ins and re-buys.

10 New Section; Licensing of Game Operators. Adopt RSA 287-D:2-c by inserting after section 287-D:2-b the following new sections:

287-D:2-c Licensing of Game Operators.
I. As used in this section, game operators means any consultant or any person other than a bona fide member of the charitable organization involved in conducting, managing, supervising, directing, or running the games of chance, and those involved in such tasks as dealing, running a roulette wheel, handling chips, and serving beverages or food.

II. Applications shall be made only on the forms supplied to the game operator by the pari-mutuel commission including, at a minimum, the following information provided that the pari-mutuel commission may, by rule, establish additional items to be submitted on the application form or attached to it:

(a) The name of the game operator.
(b) The name of the game operator’s employer and the employer’s address and telephone number.
(c) A list of the games of chance in which the game operator will participate including the date of the game, the location of the game, and the charitable organization holding the game.
(d) A list of any other states in which the game operator has been registered or licensed as a professional fundraiser, professional game operator, or other similar position.
(e) Whether a registration or license listed in subparagraph (d) has been denied, suspended, revoked, or enjoined by a court or state agency, or if such proceedings are pending; and
(f) The names and addresses of any individuals with whom the applicant is affiliated in the fundraising or game operating business.

III. No person shall be permitted to participate in the operation of a game of chance as a game operator, unless that person:

(a) Is listed on a charitable organization’s application form pursuant to RSA 287-D:2-a, II(e);
(b) Has submitted a background and criminal check pursuant to RSA 287-D:8; and
(c) Is a licensed game operator pursuant to this section.

IV. Initial applications shall be received by the pari-mutuel commission at least 60 days before the first game date of the year. Each subsequent application shall be received by the pari-mutuel commission on or before December 1 for a license for games to be held during the following year.

V. The game operator or the game operator’s employer shall submit a $20,000 bond to the pari-mutuel commission with the application form.

287-D:2-d License Fees and Specifications.
I. An applicant for a charitable organization license under RSA 287-D:2-a shall apply to the pari-mutuel commission, and upon payment of a fee of $25 per game date and if the applicant meets all other requirements of this chapter, a license shall be issued. Only one license shall be issued to each applicant per year to operate games of chance for 10 days, which 10 days need not be consecutive. A license issued under RSA 287-D:2-a shall expire on December 31. The pari-mutuel commission shall notify the attorney general and police chief of any city or town where games of chance are held of any applications approved.

II. An applicant for a game of chance facility license under RSA 287-D:2-a, VI shall apply to the pari-mutuel commission, and upon payment of a fee of $250 per game and if the applicant meets all other requirements of this chapter, a license shall be issued. Only one license shall be issued to each applicant per year. A license issued under RSA 287-D:2-a, VI shall expire on June 30.

III. An applicant for a game operator license under RSA 287-D:2-c shall apply to the pari-mutuel commission, and upon payment of a fee of $500 per year and if the applicant meets all other requirements of this chapter, a license shall be issued. Only one license shall be issued to each applicant per year. A license issued under RSA 287-D:2-c shall expire on December 31. The pari-mutuel commission shall notify the attorney general and police chief of any city or town where games of chance are held of any applications approved. RSA 7:28-c shall not apply to game operator licensees subject to this chapter.
IV. A license issued under RSA 287-D:2-a shall authorize games at specific times on specific dates at specific locations.

V. No more than 2 licensed charitable organizations may conduct games of chance at any one location on any specified date.

VI. Any license issued under RSA 287-D:2-a or RSA 287-D:2-c shall not be transferable and the fees for the license shall not be refunded except for good cause shown as specified in rules adopted by the pari-mutuel commission.

11 New Paragraphs; Equipment; Wagering; Prizes; Facilities. Amend RSA 287-D:3 by inserting after paragraph V the following new paragraphs:

VI. Any contract for the rental of a facility for a game of chance shall be independent of any contract for the rental of equipment. Those contracts shall not be contingent upon the charitable organization’s agreement that it will contract with a particular business for a particular facility or equipment.

VII. A charitable organization shall only rent a facility by means of a fixed rental payment. The fixed rental payment shall not be based on a percentage of what the charitable organization receives from the game of chance and it shall reflect fair rental value of the property for any use not just as a place to hold a game of chance. Any rental entered into by the charitable organization shall be submitted with the charitable organization’s license application for review by the pari-mutuel commission.

12 Fees; Financial Reports and Inspections. RSA 287-D:5 is repealed and reenacted to read as follows:

287-D:5 Financial Reports and Inspections.

I. A charitable organization shall submit a complete financial report for each license issued under RSA 287-D:2 and RSA 287-D:2-a to the pari-mutuel commission on forms supplied to the charitable organization by the pari-mutuel commission within 30 days of the end of each month during which a game of chance was held.

II. The financial report shall be completed by the treasurer of the charitable organization or a duly authorized officer, director, or official of the charitable organization who shall certify such accounting under oath.

III. The financial report shall include:

(a) A complete statement of all revenues and expenses.

(b) A record of the amount of prizes awarded.

(c) The names and addresses of the members who participated in the games of chance.

(d) The name and address of any fundraising counsel or game operator involved in conducting the games of chance.

IV. The charitable organization shall retain canceled checks for the payment of expenses and prizes for a period of 2 years.

V. All financial reports filed by charitable organizations shall be maintained by the pari-mutuel commission for a period of one year from the date of filing and shall be open to public inspection.

VI. All financial records pertaining to the games of chance shall be maintained by the treasurer of the charitable organization or other duly authorized director, officer, or official of the charitable organization and shall be made available to the pari-mutuel commission, the attorney general or the chief of police of any city or town where games of chance are held upon request. The pari-mutuel commission may audit such financial records.

VII. A charitable organization shall maintain complete and accurate documentation of all revenues and expenses contained in the financial reports for at least 2 years from the date the financial report is filed.

13 New Paragraph; Penalties; Suspension; and Revocation. Amend RSA 287-D:6 by inserting after paragraph II the following new paragraph:

III. The pari-mutuel commission may suspend or revoke the license of any licensee who violates any provision of this subdivision or for just cause shown. Any licensee whose license is revoked shall not be eligible for licensure for a period of up to one year from the date of revocation.

14 New Section; Rehearing and Appeal. Amend RSA 287-D by inserting after section 6 the following new sections:

287-D:7 Rehearing and Appeal. Any person aggrieved by a decision of the pari-mutuel commission to deny or revoke a license issued pursuant to this chapter may apply to the pari-mutuel commission for a rehearing within 15 business days of the decision. Rehearings and appeals shall be governed by RSA 541.
287-D:8 Background and Criminal Records Check.
I. All applicants for a license pursuant to this chapter shall submit to the pari-mutuel commission with their license application a New Hampshire department of safety, division of state police, notarized criminal record release authorization form.
II. Upon receipt of an applicant's criminal record information, the pari-mutuel commission shall make a determination of eligibility for licensure.
III. All applicants shall also be subject to a background check by the pari-mutuel commission to determine if they are eligible for licensure under this chapter.

287-D:9 Subpoenas. The pari-mutuel commission may issue subpoenas for witnesses and for documents relative to investigations or adjudicatory hearings held by the pari-mutuel commission.

15 Games of Chance Study Commission Established. There is established a games of chance study commission to evaluate the effect of this legislation on games of chance.

I. The members of the games of chance study commission shall be as follows:
   (a) Three members of the house of representatives, 2 of whom shall be from the house executive department and administration committee and one of whom shall be from the ways and means committee, appointed by the speaker of the house of representatives.
   (b) One member of the senate, appointed by the president of the senate.
   (c) A commissioner from the pari-mutuel commission, chosen by the pari-mutuel commission chairman.
   (d) The executive director of the pari-mutuel commission, or the director's designee.
   (e) One member from the gaming industry who represents companies presently involved in games of chance appointed by the chairman of the pari-mutuel commission.
   (f) Two persons representing the charities who are currently involved in the operation of games of chance, appointed by the attorney general.
   (g) One member of the New Hampshire Police Chief's Association who has experience with games of chance held in his or her community appointed by the association.
   (h) One representative of the department of justice, appointed by the attorney general.

II. Legislative members of the games of chance study commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The games of chance study commission shall evaluate the effect of this legislation on games of chance. The commission shall solicit input from the regulated community to assist the commission. The commission shall also solicit input from individuals with experience relevant to implementation, administration, and enforcement of RSA 287-D, as deemed necessary by the games of chance study commission. The games of chance commission shall also study:
   (a) The establishment of minimal amounts to be paid to charity.
   (b) The existence of possible streams of state revenue.
   (c) Limits on wagering, prizes, and any other pertinent issues regarding revenue.
   (d) Any other areas the commission deems related to the effect of this act on games of chance.

IV. The members of the games of chance study commission shall elect a chairperson from among the members. The first meeting of the commission shall be held within 60 days of the effective date of this section. The chairperson of the commission shall hold meetings no less than once per quarter. Six members of the commission shall constitute a quorum.

V. The games of chance study commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before July 1, 2007.

16 Effective Date. This act shall take effect July 1, 2006.
Amendment adopted.
Rep. Kurk offered floor amendment (1260h).

Floor Amendment (1260h)
Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-16 to read as 2-17, respectively:

1 Findings and Purpose. The legislature finds that:
   I.(a) Charitable organizations provide important and necessary educational, religious, and social services to the people of this state;
   (b) Charitable gaming has been authorized in this state for the specific purposes of affording charitable organizations an alternative method of raising funds so that they may further the purpose for which they were established;
(c) Increasingly, a large percentage of the proceeds of charitable games are being diverted away from the charitable organizations to private businesses; and
(d) Uniform regulation for the conduct of charitable games of chance is in the best interest of charitable organizations and the people of the state.

II. The 2006 amendments to RSA 287-D made by this act are enacted with the purposes to ensure that charitable organizations that sponsor games of chance obtain the maximum possible financial return, and to protect the interest of the public by ensuring the integrity of such games. The provisions of RSA 287-D shall be liberally interpreted, construed, and administered to effectuate these purposes. Amend RSA 287-D:3 as inserted by section 12 of the bill by inserting after paragraph VII the following new paragraph:

VIII. The charitable organization shall retain no less than 40 percent of the gross revenues less any prizes paid for any game date on which game operators licensed under RSA 287-D:2-c are involved in any capacity. Such revenues shall be used by the organization to advance its charitable purpose. Reps. Kurk and Fitzgerald spoke in favor.

Floor amendment (1260h) adopted.
Committee report adopted and ordered to third reading.

**HJR 20**, supporting stem cell research. **MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Hilda W. Sokol for the Majority of Health, Human Services and Elderly Affairs: This resolution strongly endorses and supports stem cell research which has the potential of leading to medical therapies for the prevention and treatment of numerous different debilitating diseases and conditions, bringing new hope to many people. If passed by the NH Senate and House of Representatives, a copy will be sent to the President and Vice-President of the United States, the Speaker of the U. S. House of Representatives and the NH Congressional delegation to encourage our federal government to provide funding for this promising research. Vote 11-3.

Rep. April H. Mason for the Minority of Health, Human Services and Elderly Affairs: The minority of the committee supported an amendment that encouraged research in adult stem cells including umbilical cords, umbilical cord blood and placentas. Adult stem cells have proven benefits in human patients with new uses consistently being found. The minority of the committee felt we could be united, as a matter of public policy, and support the use of adult stem cell research. The amendment failed on a 7-7 vote. The minority of the committee does not support the use of embryonic stem cell research. To date, proven results have come from adult stem cell research while there continues to be much debate on the benefits of embryonic stem cell research. Many states have passed legislation limiting stem cell research to adults, recognizing the controversy and potential unintended consequences of supporting embryonic stem cell research. The overwhelming public testimony heard in committee did not support embryonic stem cell research, but did support adult stem cell research including umbilical cords, umbilical cord blood and placentas. In conclusion, the minority of the committee felt that supporting this resolution in its original form included embryonic stem cell research, and therefore, could not support it.

Rep. Mason offered floor amendment (0910h).

**Minority Amendment** (0910h)

Amend the resolution by replacing the title of the resolution with the following:

A RESOLUTION supporting adult stem cell research.

Amend the resolution by replacing all after the title with the following:

Whereas, in recent years it has been demonstrated that significant advancement in the treatment and prevention of a multitude of tragically debilitating conditions can be enhanced through the use of adult stem cell multipotential therapy; and

Whereas, several states have endorsed and funded adult stem cell research; and

Whereas, the encouragement of adult stem cell research would be economically beneficial to the state of New Hampshire through entrepreneurial activity in the field of bio-medical research; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:
That the general court of New Hampshire strongly endorses and supports adult stem cell research, including the use of stem cells from umbilical cords, umbilical cord blood, and placentas; and

That copies of this resolution be sent by the house clerk to the President of the United States, the Vice President of the United States, the Speaker of the United States House of Representatives, and the New Hampshire congressional delegation.
AMENDED ANALYSIS

This house joint resolution supports adult stem cell research.
Reps. Buxton and Pilliod spoke against.
Reps. Mason and Souza spoke in favor.
Rep. Boyce requested a roll call; sufficiently seconded.

The question now being adoption of the majority committee report. Majority committee report adopted and ordered to third reading. Rep. Coates notified the Clerk that he voted Yea and intended to vote Nay.

**CACR 34**, relating to the definition of marriage. Providing that marriage between one man and one woman shall be the only legal union that shall be valid or recognized in this state. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John B. Hunt for the Majority of Judiciary: Currently New Hampshire laws require that a marriage is between one man and one woman and if any other state does something different it would not be recognized in New Hampshire. The sponsors of this constitutional amendment feel that it is critical that New Hampshire pass a preventative amendment before the New Hampshire Supreme Court may do the same as other courts have in other states in requiring same sex marriage. However, the majority of the committee felt that this amendment would also preclude the legislature from creating any other forms of “union.” The majority voted against this CACR for several reasons. Traditionally the State Constitution has been perceived as a protector for minority rights and the idea that an amendment would take away a minority right would seem to be an anathema. CACR 34 is clearly discriminatory to a particular class of people. The majority of the committee feels that this “House of the People” should not enshrine discrimination of any kind in our NH Constitution. All our citizens deserve the freedoms, protections and rights guaranteed in our constitution. The majority feels that the constitution should not be used to reflect current social policy trends of the day so that future generations would be unable to change to reflect different trends. Amending the constitution should not be taken lightly and there is no guarantee that attempting to preempt future court action would be successful. A Franklin Pierce Law Center professor astutely observed that the quickest, surest way to involve the New Hampshire Supreme Court in this matter is to pass a constitutional amendment on the subject. When the proponents argue that the issue of same sex marriage should be put to a vote of the people, they are ignoring that this is a citizen legislature of four hundred and twenty-four from all different backgrounds. We are “the people” elected to address social policy in legislation, and, on the subject of this CACR, the people have spoken. The defeat of this amendment should not be interpreted as the legislature’s lack of support for marriage between one man and one woman but rather a clear message to the court that the Legislature does reflect the will of the people and the protection of their rights. There is no need for this CACR or for the courts to change New Hampshire law. Vote 14-7.

Rep. Nancy J. Elliot for the Minority of Judiciary: Regardless of your personal feelings on this issue, either you will allow the people to decide our state’s definition of marriage or you will allow the courts to decide. This amendment defines marriage as the union between one man and one woman. It would prevent a court challenge in NH similar to the ones currently occurring in over a dozen states regarding separate but equal definitions of marriage and civil unions/domestic part-
nnerships. The amendment prevents a court decision similar to the one in California, which ruled that having two separate institutions, marriage and civil unions have the exact same benefits, was discriminatory. As stated in the media, same-sex couples married in MA, are poised to move to NH and use the courts to get their “marriages” legally recognized in NH. Unlike what happened in MA, the NH legislature has the perfect opportunity this year to put this vital decision in the hands of the people whom we serve and represent. If you withhold from the people the permission to vote on this important issue, the courts will force same-sex marriage upon our constitution, just like MA. Let’s not be like MA; let the people vote!

Rep. Balboni spoke against and yielded to question.
Rep. Sorg spoke against.
Rep. Desmarais spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Hutchinson moved that CACR 34, relating to the definition of marriage. Providing that marriage between one man and one woman shall be the only legal union that shall be valid or recognized in this state be laid on the table.

and the majority committee report was adopted.
Rep. Gibson did not vote and notified the Clerk that he wished to be recorded against.
HB 1336, relative to administrators of estates. **INEXPEDIENT TO LEGISLATE.**
Rep. John B. Hunt for Judiciary: The sponsor’s concern was when administrator of trusts uses family or fellow employees for providing billable services in the settlement of an estate. Although the committee appreciates the sponsor’s intent, the legislation had several problems (such as defining “family” and “business associates”). Currently some probate judges have disallowed some associations by administrators and any one can address their concerns to the court. Vote 14-7.
Committee report adopted.

**SPECIAL ORDER**

Motion adopted.

**REGULAR CALENDAR**

**SPECIAL ORDERS (CONT’D.)**

**HB 1682**, relative to parental notification of a parent or legal guardian of a child who has been provided with emergency contraception by a pharmacist. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Janet G. Wall for the Majority of Judiciary: This bill would have a pharmacist notify a parent or legal guardian if a person who is less than 16 years of age has been provided with emergency contraception. Within 48 hours of dispensing the medication, the pharmacist would have to do the notification by means of certified mail and include the child’s name, the name of the notification, dosage, potential side effects, date of dispensing and information on the pharmacy and pharmacist. While the bill is well-intended, it is flawed. It does not include a refusal clause. There is no enforcement provision in this bill. In the case of divorced or separated parents, who will be notified? What if the minor gives false information as to parentage or legal guardianship? Who will verify identities or addresses? Furthermore, while we all want to believe we are good parents, not all families provide the kind of support system this bill would presuppose. We want our children to come to us, but cannot legislate good parenting. Statistics show that 60% of children would tell their parents and 20% would not seek parental involvement even if it was required. There are documented cases of incest even in New Hampshire. Is it appropriate to notify the father who may have had incest with his daughter? Emergency contraception is exactly what the term implies. There is a short period of time (72 hours) during which this medication would be effective. Emergency contraception is not an abortion medication, but rather, one that prevents pregnancy from occurring. Sending a letter by certified mail would cause unnecessary delay. Yes, there are possible side effects to this medication. There are possible side effects to all medications - even ones purchased over the counter. It is the belief of the majority that without a thorough consideration of the above mentioned this bill must be voted ITL. Vote 13-7.
Rep. Nancy J. Elliot for the Minority of Judiciary: This common sense bill provides notification to parents of a child under the age of 16, who has been provided with emergency contraception by a pharmacist. These high dose hormone pills have side effects that include nausea, vomiting, infertility, breast tenderness, life threatening ectopic pregnancy and blood clot formation. It is essential a parent is aware what drug their minor child received in order to get the proper medical treatment in the case of adverse side effects. We go to extreme measures to keep the kids of this state safe, from seat belts to bicycle helmets. We need to give our parents the tool they need in this crucial area of their child’s healthcare. Dispensing drugs with less care than we do cigarettes is irresponsible.
Reps. Souza and Mark Clark spoke against.
Rep. Nancy Elliott spoke against and yielded to questions.
Reps. Houde-Quimby and Millham spoke in favor.
Rep. John Flanders moved the previous question.
Adopted.
Rep. Weyler requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1719-FN, defining human life as beginning at the moment of fertilization. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.
Rep. Bette R. Lasky for the Majority of Judiciary: This bill was an attempt to define human life as beginning at the moment of fertilization. This determination is one that scientists and ethicists and medical specialists are unable to exactly define. The beginning of human life is determined by some by their religious beliefs, while others look to science and empirical data to answer the question. Still scientists and theologians can differ in these definitions even among themselves. The 14-6 vote of the committee to find HB 1719 Inexpedient to legislate reflects this uncertainty. Vote 14-6.
Rep. Bea Francoeur for the Minority of Judiciary: This bill was intended to establish life at fertilization for purposes of supporting maternal needs for women in the state of New Hampshire. Unfortunately the real meaning of life and when it starts was lost by the majority of this committee.
Rep. Hagan spoke against and yielded to questions.
Rep. Lasky spoke in favor.

Rep. O’Neil moved that HB 1138, relative to required pay for employees called into work, be made a Special Order for Wednesday, March 22, 2006. On a division vote, 190 members having voted in the affirmative and 96 in the negative, the motion was adopted.

Rep. O’Neil moved that HB 1496, establishing a right to work act which provides for freedom of choice on whether to join a labor union, be made a Special Order for Wednesday, March 22, 2006 at 11:00 a.m. Adopted.

**REGULAR CALENDAR**

**SPECIAL ORDERS (CONT’D.)**

**HB 1687**, extending certain studies. OUGHT TO PASS WITH AMENDMENT.

Rep. John B. Hunt for Legislative Administration: This is a housekeeping measure to extend the dates of several study committees and task forces. The amendment added another study committee that was the subject in HB 1762 relative to pharmacy reimbursements. The other committees that being extended are: the Commission to Develop a Comprehensive State Mental Health Plan, the Task Force on Deafness and Hearing Loss, the Committee to Study Gaming Options for New Hampshire, the Committee to Study the Special Account in the New Hampshire Retirement System, and the Committee to Study the Classifications of Employees as Independent Contractors. Vote 11-0.
Amendment (1007h)

Amend the title of the bill by replacing it with the following:
AN ACT extending certain studies and adding a certain duty relative to pharmacy
reimbursement.

Amend the bill by replacing section 6 with the following:
6 New Paragraph; Committee to Study Medicaid Reimbursement; Duty Added. Amend 2005, 73:3
by inserting after paragraph II the following new paragraph:
III. Examining a closed pharmacy network by region to bid based on price.
7 Committee to Study Medicaid Reimbursement; Reporting Date Extended. Amend 2005, 73:5
to read as follows:
73:5 Report. The committee shall report its findings and any recommendations for proposed
legislation to the speaker of the house of representatives, the president of the senate, the house
clerk, the senate clerk, the governor, and the state library on or before November 1, [2005] 2006.
8 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends the reporting dates for certain studies.
This bill also extends the committee to study Medicaid reimbursement rates for pharmacy pro-
viders, established in 2005, 73, and adds a duty to the committee’s study. The extension of this
committee and the new duty was requested by the committee established in 2005, 73.
Amendment adopted.

Committee report adopted and ordered to third reading.

HB 1195, relative to salary and compensation increases included in a default budget. INEXPE-
DIENT TO LEGISLATE.

Rep. Gilman C. Shattuck for Municipal and County Government: This bill excludes salary and
compensation increases from a default budget unless the increases are required by a collective
bargaining agreement that was in effect during the preceding fiscal year. There are many con-
cepts and interpretations of what should or should not be included in a default budget in an
official ballot voting (SB2) town. Since the time that official ballot voting has been implemented,
there have been bills introduced every year to tweak the system which as created was a “one
size fits all” solution. The local governing body needs to show its constituents what is in a default
budget and explain the differences between the operating budget and default budget. The legis-
lature needs to stop trying to tweak this form of government and encourage the governing bod-
ies to have truth in budgeting. Vote 11-1.

Committee report adopted.

HB 1293, establishing a procedure for towns to change county affiliation. MAJORITY: INEXPE-
DIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Lawrence D. Brown for the Majority of Municipal and County Government: The bill as pre-
sented attempts to deal with questions of inequities of taxation which might be resolved by a change
of county. A new county affiliation will not necessarily create equity or eliminate disparity and
could very well send old problems to a new host to fester again. Affiliation does not address the
concerns and interests of any receiving county, its implementation costs or any refusal rights it
should have. There is also no consideration here of the impact on legislative representation when
district and county boundaries change or what process should be used as well as a host of other
issues. The committee feels that if a municipality has issues within the county in which it is lo-
cated it should resolve those differences in that county and not seek out another county to align
themselves with. Vote 11-3.

Rep. Harry L. Gale for the Minority of Municipal and County Government: If nothing else, this bill
would lower the frustration and the temperature and have a cathartic result in some of the many com-
munities in our state who suffer from our inability to create fairness and equitable property values and
county taxing formulas within county form of government. In the end many of our citizens can no longer
afford to live in our communities. This House and Senate suggested that we need a process to change
county affiliation much like the educational community has a process under RSA 194:2. In fact, this
bill mirrors RSA 194:2. Why therefore should not the same process be available to cities and towns in our state? For these and other reasons the minority respectfully requests that this bill be passed into law. This action is long overdue and the citizens of New Hampshire will be forever grateful.

Rep. Gale spoke against.

Rep. Patten spoke in favor.

On a division vote, 216 members having voted in the affirmative and 59 having voted in the negative, the majority committee report was adopted.

**HB 1366**, relative to a planning board’s authority to require public access to open space as a condition of subdivision approval. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPE- DIENT TO LEGISLATE.**

Rep. David L. Buhlman for the Majority of Municipal and County Government: This bill prohibits a planning board from requiring public access to the open space of a cluster development, planned unit development, village plan alternative subdivision, or other innovative land use control, as a condition of subdivision approval. The committee heard testimony that some planning boards have been mandating that developers allow public access to private open space areas within their developments. This action could be perceived as a land taking and the intent of this bill is to prevent this situation from happening in the future. Allowing public access to this private open space within a development has possible implications for traffic, safety and liability issues. Vote 9-7.

Rep. Gilman C. Shattuck for the Minority of Municipal and County Government: The bill implicitly or explicitly would discourage a planning board from negotiating an open space agreement with a developer. A planning board should have flexibility in such negotiation when appropriate or presently allowed under existing legislations.

Rep. Patten spoke in favor and yielded to questions.

Rep. Phinizy spoke against.

Reps. Mirski and Buhlman spoke in favor.

On a division vote, 178 members having voted in the affirmative and 101 having voted in the negative, the majority committee report was adopted.

Ordered to third reading.

**HB 1558**, relative to regulation of smoking by cities and towns. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPE- DIENT TO LEGISLATE.**

Rep. Eric G. Stohl for the Majority of Municipal and County Government: This bill clarifies the purpose of the indoor smoking act relating to regulations of smoking by cities and towns. RSA 155:66 prohibits smoking in many public places in general. RSA 155:67 provides some exceptions to RSA 155:66. An example of these two statutes is in RSA 155:66 where smoking is prohibited in all enclosed places of public access but restaurants with seating for fewer than 50 people are exempt. The committee is fully aware of HB 1177, prohibiting smoking in restaurants and cocktail lounges statewide, which we feel also, has merit but the committee strongly believes in local control. This bill provides the ability of all towns and cities in the State of New Hampshire to have local control with relation to the regulating of smoking within their public places. This bill is not mandatory, it is enabling. Vote 12-3.

Rep. Paul R. Hopfgarten for the Minority of Municipal and County Government: Given that there are rules that are working well regarding the control of smoking in bars and restaurants, there is no need for this bill. The market, made up of business owners and patrons, have come up with the solution, and its working fine. There are facilities that have a smoking section, and others that prohibit smoking completely. There is no need for the government at any level to interfere with private enterprises to address a problem that’s already been solved. There is also concern that this intrusion will eventually be extended to prohibit smoking in private houses.

**Majority Amendment** (0768h)

Amend RSA 155:64, II as inserted by section 1 of the bill by replacing it with the following:

*II. In addition to paragraph I, the purpose of this subdivision is to create minimum standards for the regulation of smoking. It is not the purpose of this subdivision to preempt cities and towns from exercising local control over the issue of smoking. Cities and towns may adopt regulations setting forth stricter standards than set forth in this subdivision.***

Majority committee amendment adopted.

The question now being adoption of the majority committee report.

Rep. Buhlman spoke against and yielded to questions.

Rep. Buhlman requested a roll call; sufficiently seconded.

**HB 1760**, allowing municipalities to adopt a property tax exemption for property using, manufacturing, or supplying bio-heat systems. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert W. Brundige for the Majority of Municipal and County Government: This bill seeks to do two things. It allows municipalities to adopt a property tax exemption for all property using, manufacturing or supplying bio-heat systems. Each town or city adopting a bio-heat system property tax exemption shall determine the qualifications for and dollar amounts of the exemption from assessed value, for local property purposes, applicable to residential or commercial property owners or persons manufacturing or supplying bio-heat systems. The committee feels that even though this is enabling it will be extremely difficult to confirm who is and who is not using a bio-heat system. Additionally, the committee has concerns about how local municipalities will be able to determine that the renewable fuel substitute meets the requirements of the American Society for Testing and Materials (ASTM) specifications D6751. With these two concerns in mind the committee feels that enabling municipalities to adopt this exemption along with the requirement of the selectmen or assessors to grant or deny this exemption could result in needing technical experience regarding bio-heat technologies without parameters listed in the bill. The committee believes that encouraging the use of bio-heat systems is an excellent idea. However, this is another bill that would shift the property tax burden from this exemption to other taxpayers within the municipality. Vote 11-3.

Rep. Stephen G. Prichard for the Minority of Municipal and County Government: As oil and natural gas prices rise dramatically our nation's leaders have asked us to search for and promote alternative fuels to heat our homes and propel our vehicles. This bill, with the amendment, does just that by providing a limited property tax exemption not to exceed $5,000 for the use of bio-fuels. The amendment also prevents anyone from abusing the exemption by requiring that at least 20% of the fuel used be bio-diesel. Because this is enabling legislation and not required, and because the town or city shall determine the qualifications and dollar amounts for the exemption it protects any community from unfair burden the exemption might impose. The development and growing acceptance of hybrid automobiles has been very much facilitated by tax rebates. Hybrid prices are now coming down and their sale moves our country toward energy independence. This small tax exemption for bio-fuels could do the same thing for cleaner home heating fuel while cutting the amount of imported oil.

Rep. Essex spoke against and yielded to questions.

Reps. Mirski and Stohl spoke in favor.

On a division vote, 169 members having voted in the affirmative and 104 in the negative, the majority committee report was adopted.

Rep. McRae declared a conflict of interest and did not participate.

**HB 1443**, relative to priorities for development of all terrain (ATV) and trail bike trails. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Christopher R. Irish for the Majority of Resources, Recreation and Development: The use of ATVs as a recreation activity is increasing rapidly on both public and private lands. The need for trail development on state lands is both necessary and required by statute. The committee concluded that the requested language in this bill already exists in current statute. Currently, the priorities for developing ATV trails are: 1: private lands; 2: public lands. The proposed statute does not change those priorities, nor does it strengthen the process. In fact, as with previous bills it would hinder the department's ability to create new ATV trails as it would limit the selection process to public land purchases specifically for ATV use. Current language allows for use of public lands "that are compatible with existing uses and management goals and plans." Concern was also raised that this is targeted legislation, as other motorized vehicles were not considered, such as snowmobiles. Finally, placing a priority on the purchase of new land is established through the land acquisition account, which is funded through registration fees. Vote 12-7.

Rep. Judith T. Spang for the Minority of Resources, Recreation and Development: This bill would clarify the priorities for development of ATV trails in New Hampshire. Current law requires that private lands be considered first, then public lands when trails can be accommodated with other existing uses. This bill would provide that the public lands to be considered after private would be those acquired specifically for the purpose of accommodating ATVs. Several
bills in the recent past have illustrated the resistance to imposing summertime motorized uses into parks that have historically been used by passive recreationists. In some instances, park land was donated to the state by landowners who wanted them protected in their natural state. Forcing ATVs into such a park only creates conflict between riders, other park users, surrounding communities and DRED. This bill does not preclude development of other state lands. It merely states that when state land exists that was acquired specifically for ATVs, such as Berlin, that land should be developed first. Makes sense.

On a division vote, 166 members voted in the affirmative and 103 in the negative, the majority committee report was adopted.

**HB 1523,** relative to certain rulemaking authority of the commissioner of environmental services.

**MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.** Rep. D. L. Chris Christensen for the Majority of Resources, Recreation and Development: This bill is the result of an LBA audit of the department of environmental services. Subsequently, the department determined that certain rulemaking authority was not needed. This included federal assistance and private funds with regard to underground storage tanks. It clarifies a conflict in complying with competitive bidding laws (RSA 21-1:22 – RSA 21-a:22d). Rulemaking permission was added under RSA 486:10 regarding water pollution control assistance to municipalities. Vote 10-7.

Rep. Sandra B. Keans for the Minority of Resources, Recreation and Development: This body enacted legislation in 1996 updating the water pollution statutes, in which the Department of Environmental Services (DES) was to develop certification criteria for operators of pre-treatment facilities. DES would like to keep that authority on hold. The minority believes there is no less a need now than ten years ago. Municipalities are better protected by having certified operators at those locations where substantial accidents can occur that can then impact the municipality’s ability to treat wastewater. The Minority offers an amendment that leaves the status-quo for certification. We also support the remainder of the bill.

**Minority Amendment (1143h)**

Amend the bill by deleting section 5 and renumbering the original sections 6-7 to read as 5-6, respectively.

Rep. Keans spoke in favor and yielded to questions.

Rep. Patten spoke against.

Minority committee amendment (1143h) failed.

Majority committee report adopted and ordered to third reading.

**SPECIAL ORDER**

Rep. O’Neil moved that the remainder of bills on today’s calendar be made Special Orders for Wednesday, March 22, 2006 in their regular place in the calendar.

Adopted.

**RESOLUTION**

Rep. O’Neil offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 22, 2006 at 10:00 a.m.

Adopted.

**LATE SESSION**

**Third reading and final passage**

**HB 1331,** relative to the New Hampshire Temporary Assistance to Needy Families (TANF) program.

**HB 1593-FN-L,** relative to the construction of high school athletic fields in the town of Bedford.

**HB 1611-FN,** relative to reimbursement for personal care services.

**HB 1227-FN,** relative to late fees and reinstatement fees paid by business entities.
HB 1470, relative to overweight vehicle permit fees.
HB 1177, prohibiting smoking in restaurants, cocktail lounges, and certain enclosed public places.
HB 1567, relative to removing names from the checklist.
HB 1744-FN-A, authorizing the pari-mutuel commission to regulate games of chance conducted by charitable organizations and relative to tournaments conducted by charitable organizations where chips have no monetary face value.
HJR 20, supporting stem cell research.
HB 1687, extending certain studies and adding a certain duty relative to pharmacy reimbursement.
HB 1366, relative to a planning board’s authority to require public access to open space as a condition of subdivision approval.
HB 1523, relative to certain rulemaking authority of the commissioner of environmental services.

UNANIMOUS CONSENT

Reps. Stiles and Walz addressed the House.

MEMORIAL REMARKS

Rep. Stiles: The National Foundation for Women Legislators (NFWL) lost a strong leader with the recent passing of Arizona State Senator Marilyn Jarrett. Senator Jarrett (R-Mesa) has been an active member of NFWL and the National Order of Women Legislators since her election to the Arizona House of Representatives in 1995.
Ms. Jarrett was elected by her fellow women legislators to serve as the next President of the Order and was sworn in at the 2005 Annual Conference in Phoenix. Ms. Jarrett was a strong advocate for her constituents as she spearheaded legislation to reduce the risk of deadly forest fires and championed the arts. Her leadership, passion and commitment to supporting fellow women legislators made her a valuable member of National Foundation for Women Legislators and she will be sorely missed.

MEMORIAL REMARKS

Rep. Walz: Thank you, very much, Mr. Speaker. We are used to throwing around words like "hero," "placed their lives in the line of duty," and sometimes we forget just what those words can mean. On March 1st New York State Trooper Andrew Sperr did what troopers do every day. Out in a rural area of the Pennsylvania border, he pulled over to the side of the road to check on a truck with a couple of guys sitting there. Unbeknownst to him, 90 minutes before those two guys had robbed a bank of $1,900. Before he could get a word out, as he bent over to find out what was going on, they opened fire on him with a 357 Magnum and managed to hit him under his vest. They hit him three more times with bullets just before they drove off to leave him to die. But before he died, he managed to return the fire, despite being mortally wounded, he returned the fire and he hit both of those guys with bullets. They were wounded seriously enough that by the end of the day they both sought medical help at the local hospital and because of that those guys were captured that night.
That heroic trooper was my cousin, known to us as A. J. Sperr. Because of A J’s heroic activities, he prevented those evil guys from victimizing any other desperate individuals in the community. This extraordinary performance by A. J. was not out of character. At his funeral, the New York State Superintendent of Police stood up and read from his two most recent performance reviews. They read as follows: "He is as good as there is. As capable as anyone I have ever worked with. His activity is always exceptional. He polices the community with fairness and common sense. He may be the best trooper I have ever worked with." To that end for the last few years of his life, A. J. won the outstanding trooper award from his barracks in downstate New York.
A. J. was the youngest of 11 kids. He was 20 years younger than I am. And despite the fact that I am 5'2" and he was 6'4", he will always be my little cousin who loved to hunt, and fish and
farm. By honoring A. J., we honor the men and women who every day risks their lives for us doing very ordinary activities. Mr. Speaker, I would request that you ask this body to stand in a moment of silence for a man who exemplified the real meaning of the word "hero."

The House stood and observed a moment of silence in memory of Trooper Andrew Sperr.

**RECESS MOTION**

Rep. O'Neil moved that the House stand in recess for the purpose of introduction of bills, receiving enrolled bill amendments, enrolled bill reports and Senate messages only.
Adopted.
The House recessed at 8:10 p.m.

**RECESS**

*(Speaker Scamman in the Chair)*

Rep. O'Neil moved that the House adjourn.
Adopted.
The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

God of possibility, on this day of crossover, we recognize anew just how grueling this session has been. The sheer number of bills has been daunting, the hours long, and although the pizza has been good, sometimes our patience has worn thin. And yet, here we are, having accomplished much. Thank You for the ways in which Your presence has guided and energized us. Bless and guide, we pray, the work we do today as we seek to finish this portion of the agenda, and then grant to us renewed energy for the work which will come to us anew from the Senate. Make us ever servants in the service of all who call this state home. Hear our earnest prayers this morning for Karen Wadsworth in her continued recovery from surgery, and for Robert Barker during this time of profound struggle. We pray likewise for any in this body or any of our family members who find themselves in challenging or painful times in their lives, whose names, although we have not mentioned them out loud, are written clearly on the parchment of our hearts. All this we pray in Your Holy Name. Amen.

Rep. Karen Hutchinson, member from Londonderry, led the Pledge of Allegiance.

The National Anthem was sung by Emily Myers, a junior from Londonderry High School.

LEAVES OF ABSENCE
Reps. Albert, Barker, Carlson, Chabot, Clemons, Dalrymple, Forsing, Gibson, Gillick, Heald, Hunter, Kobel, Lefebvre, Maybeck, Messier, Palangas, Putnam, Snyder, and Tupper, the day, illness.
Reps. Aguaiar, C. Pennington Brown, Danforth, Dexter, Hebert, Hirschmann, Hollinger, Hopfgarten, Klose, Langley, Lessard, Moore, Norelli, Pepino, Reed, Rochette, Stella Scamman, Twombly, Velez and Wiley, the day, important business.
Reps. MaryAnn Blanchard, Hagan and Pepino, the day, illness in the family.

INTRODUCTION OF GUESTS

Kara Heon, Cushing Academy student, Page for the Day.

INTRODUCTION OF SPECIAL GUESTS
Caitlin Peck, Jillian Hurd, Jamie Shomphe, Molly Rice, Karissa Krause, Courtney Whitehead, Katie Halstead, Stephanie Larpenter, Kayla Dole, Jessica Merrill, Danielle Slavin and Hannah Preston, members of the Sunapee Middle-High School Girls Basketball Team and the 2006 Class S State Champions, accompanied by Head Coach Bruce Swain and Assistant Coach Dean Larpenter, Sean Moynihan, School Principal and David Barry, Athletic Director, guests of the House.

(Deputy Speaker Weyler in the Chair)

SPECIAL ORDER

CACR 30, relating to limits on the taking of private property. Providing that eminent domain shall not be used to transfer ownership of real property for private use or economic development. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Maureen C. Mooney for the Majority of Judiciary: In the well-publicized case of Kelo et al. v. City of New London and New London Development Corp., 125 S.Ct. 2655 (2005), the U.S. Supreme
Court held that private property may be taken by eminent domain and transferred to private developers solely to promote economic development. CACR 30 is a direct response to the Kelo decision. New Hampshire citizens were justifiably concerned that the Supreme Court had defined “public purpose” so broadly as to render meaningless the existing property protections found in our State Constitution and the jurisprudence of our New Hampshire Supreme Court. In prior cases, the New Hampshire Supreme Court has interpreted the constitution as allowing an uncertain and amorphous “balancing test” for “economic development” takings. Kelo has simply rendered that “balancing test” meaningless. It has set the bar so low as to ensure that property owners will never be able to stop, protest or obtain meaningful judicial review of a governmental entity’s decision to take that citizen’s property and immediately transfer it to enrich a wealthier or more politically influential private developer. CACR 30 is a legislative answer to these real concerns. Part I, Article 2 of the New Hampshire Constitution lists “natural rights” which are “natural, essential and inherent” to citizens. Among those rights is “acquiring, possessing and protecting property.” New Hampshire citizens want and deserve a chance to vote on whether to restore the fundamental property protections the U.S. Supreme Court stripped away in Kelo. CACR 30 will restore the original and common understanding that private property cannot be taken by eminent domain for anything other than use by a political subdivision, state-regulated public utility or common carrier, or when the taking is necessary for the ownership or the use of the property by the public at large (i.e., not for the private profit of private developers). The language of the amended CACR also mirrors SB 287, which comprehensively defines “public use” in the statutes. SB 287 recently passed in the Senate 24-0. Additionally, if approved by the voters, this amendment will be in its own new Article 12-a, so as to preserve the original 1784 language of Article 12, which addresses taxation, as well as property rights. We believe that we have an obligation to allow the citizens of New Hampshire to vote to affirm that Kelo-like takings were not, are not, and will never be, the New Hampshire way. As legislators, we took a solemn oath to support and defend the Constitutions of the State of New Hampshire and the United States of America. When an event such as Kelo so threatens and undermines our long-standing, common understanding of what the government can and can not do to the citizens through the use of the eminent domain power, support for CACR 30 is the only appropriate response. Vote 11-9.

Rep. Bette R. Lasky for the Minority of Judiciary: The bipartisan minority of the Judiciary Committee feels very strongly in protecting our citizens’ ownership of property. The NH Constitution says in Part I, Article 12 that “… no part of a man’s property shall be taken from him, or applied to public uses, without his own consent, or that of the representative body of the people.” NH statutes and judicial decision have been consistent in the protection of private property rights as well. Also, the Senate has just addressed SB 287-FN with a resounding vote of 24-0 which further clarifies the term “public use” and makes the possibility or a “Kelo vs. New London” decision here even more remote. The minority feels a change on the Constitution is premature. Additionally there is legislation pending to form a study committee to review our existing eminent domain laws. The minority believes this should be place before we make any change in our Constitution.

**Majority Amendment (0982h)**

Amend the title of the bill by replacing it with the following:

**RELATING TO:**

limits on the taking of private property.

**PROVIDING THAT:**

eminent domain shall not be used to transfer real property from one owner to another on the grounds that private use of the land will benefit the public. Property may be taken by the state only when necessary for the enjoyment of the land by the public at large.

Amend paragraph I of the resolution by replacing it with the following:

I. That the first part of the constitution be amended by inserting after article 12 the following new article:

[Art.] 12-a [Power to Take Property Limited.] The power of eminent domain shall not include taking property from one owner and transferring it to another on the grounds that the public will benefit from development or other private use of the property. Private property may be taken by the state, a political subdivision, or a state regulated public utility or common carrier, only when necessary for the ownership or use of the property by the public at large.
Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the first part of the constitution by inserting a new article 12-a to provide that private property can only be taken as follows:

[Art.] 12-a [Power to Take Property Limited.] The power of eminent domain shall not include taking property from one owner and transferring it to another on the grounds that the public will benefit from development or other private use of the property. Private property may be taken by the state, a political subdivision, or a state regulated public utility or common carrier, only when necessary for the ownership or use of the property by the public at large."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution prohibits the use of eminent domain on the grounds that private development will benefit the public. Eminent domain may be used by the state only when necessary for the ownership or use of the property by the public at large. The majority committee amendment was adopted on March 8, 2006. The bill was on second reading. Rep. DiFruscia offered floor amendment (1381h).

Floor Amendment (1381h)

Amend the title of the bill by replacing it with the following:

RELATING TO: limits on the taking of private property.

PROVIDING THAT: eminent domain shall not be used to transfer real property from one owner to another on the grounds that private use of the land will benefit the public. Property may be taken by the state only when necessary for the enjoyment of the land by the public at large, provided that the general court approves the expenditure.

Amend paragraph 1 of the resolution by replacing it with the following:

I. That the first part of the constitution be amended by inserting after article 12 the following new article:

[Art.] 12-a [Power to Take Property Limited.] The power of eminent domain shall not include taking property from one owner and transferring it to another on the grounds that the public will benefit from development or other private use of the property. Private property may be taken by the state, a political subdivision, or a state regulated public utility or common carrier, only when necessary for the ownership or use of the property by the public at large; provided, however, that any state expenditure shall require the approval of the general court.

Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the first part of the constitution by inserting a new article 12-a to provide that private property can only be taken as follows:

[Art.] 12-a [Power to Take Property Limited.] The power of eminent domain shall not include taking property from one owner and transferring it to another on the grounds that the public will benefit from development or other private use of the property. Private property may be taken by the state, a political subdivision, or a state regulated public utility or common carrier, only when necessary for the ownership or use of the property by the public at large; provided, however, that any state expenditure shall require the approval of the general court."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution prohibits the use of eminent domain on the grounds that private development will benefit the public. Eminent domain may be used by the state only when necessary for the ownership or use of the property by the public at large and any state expenditure must be approved by the general court.

Rep. DiFruscia spoke in favor and yielded to questions.

Rep. Mooney spoke against.

On a division vote, 24 members having voted in the affirmative and 197 in the negative, floor amendment (1381h) failed.

Rep. DiFruscia offered floor amendment (1411h).
Floor Amendment (1411h)

Amend the title of the bill by replacing it with the following:
RELATING TO: limits on the taking of private property.

PROVIDING THAT: a person’s property shall not be taken by eminent domain if the taking is for private use.

Amend paragraph I of the resolution by replacing it with the following:

I. That the first part of the constitution be amended by inserting after article 12 the following new article:

[Art.] 12-a [Power to Take Property Limited.] No part of a person’s property shall be taken by eminent domain and transferred, directly or indirectly, to another person if the taking is for the purpose of private development or other private use of the property.

Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the first part of the constitution by inserting a new article 12-a to provide that private property can only be taken as follows:

[Art.] 12-a [Power to Take Property Limited.] No part of a person’s property shall be taken by eminent domain and transferred, directly or indirectly, to another person if the taking is for the purpose of private development or other private use of the property."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution prohibits the use of eminent domain for private use.

On a division vote, 284 members voted in the affirmative and 43 in the negative, floor amendment (1411h) was adopted.

The question now being adoption of the majority committee report as amended.

Rep. Mooney spoke in favor and yielded to questions.

Rep. Marjorie Smith spoke against and yielded to questions.

Rep. Splaine spoke in favor.

Rep. Garrity moved the previous question.

Adopted.

MOTION TO PRINT DEBATE

Rep. Dokmo moved that the debate on CACR 30, relating to limits on the taking of private property. Providing that eminent domain shall not be used to transfer ownership of real property for private use or economic development be printed in the Permanent Journal. Adopted.
DEBATE ON CACR 30

Debate on floor amendment (1381h)

Rep. DiFruscio: Thank you, Mr. Speaker. Members of the House, I call your attention to the House Calendar on page 1295. At the bottom, you’ll see the amendment, if you turn the page, the last line amending Article 12-A is the amendment that says, “however, that any state expenditure shall require the approval of the General Court.” I want to say that again one more time, “however, that any state expenditure shall require the approval of the General Court.” I feel it’s kind of important for you to get an overview about what is eminent domain without boring all of us. The first eminent domain takes place in the United States in 1832 with President, as you know the president who moved the Indians out of their territory, Jackson. In fact, what happened was the Indians decided they didn’t want to get moved so they went up to the Supreme Court of the United States which had Marshall as the Chief Justice, and the Supreme Court agreed with them. However, President Jackson said “try to enforce it.”

But from that point on, we’ve had within our constitution, the federal constitution, the taking of private property for the purpose of public use. Now I don’t want to get any of you confused because in my opinion this is not a partisan issue. Some people would like to make it that. Now fast forward a couple hundred years and you get on to urban renewal in the 1960s. Now what was “urban renewal?” Urban renewal was when you were eradicating blight, you’re taking out slums, and you’re replacing it. The Federal government displaces and replaces with housing that goes out to public developers. So there’s a public bid. Now all of a sudden we had the infamous decision that came out of Connecticut, Kelo, which twisted a little bit the difference between public use. That is where a taking takes place and the public-at-large owns it. For example, highways. Now what happens after that with Kelo? Kelo now dove-tags the Connecticut constitution that uses public use. However, federal constitution stretches that a little bit and says “public use can be public purpose.” Again, going on the concept of the 1960s courts.

We have never had a problem in the state of New Hampshire concerning what we mean by “public use.” However, the Committee on Judiciary has worked long and hard, and I compliment them. When the original bill or CACR came out, you would note that it indicated that the great and General Court was to be involved in any and all taking. Now I assume that the reason behind that was to insure the fact that public use meant public use, that the public-at-large would own the property.

Now you have a situation going on right now, if you read the Manchester Union Leader, when there is a person who is holding out because of some developers. This amendment is simplistic. We’re simply dealing with the fact that if there is a state expenditure that’s required, that the great and General Court each and every one of you are going to pass on it. I’m not going to beleaguer the issue but suggest to each and every one of you, my concern is simple. When asked by a member of this great and General Court a few weeks ago, “Why did you take the language out concerning the General Court?” there was really no answer.

I’m hoping the committee will at least come forward because we don’t basically disagree, we believe that if you really need to clarify the constitution of the state of New Hampshire under Article 12, then add a new constitutional amendment of 12A and if you’re doing, then let’s make it perfectly clear that we are not eliminating the great and General Court.

Now, as an aside, if you read closely what the committee has recommended, is they have put in a new twist. If you look at the amendment again on 1296, it says “private property may be taken by the state, a political subdivision or a state regulated public utility or common carrier only when necessary for the ownership or use of the property by the public at large.” Well, that’s a new twist that is absolutely an expansion of Article 12A, but if that is what the committee wishes and that is what this general body wants to do, I have no quarrel with it. All I’m saying is, if we really believe that we want to make sure that no favorite private developer is going to be able to take private property and take advantage of that then, this great and General Court should obviously have the ability to say “yes” or to say “no” because you’re dealing with state funds. I was very careful in drafting this amendment. Careful because we used the words “state expenditures.” Let me further point out to you that the Senate bill that is coming over is a very good bill. I supplements this. I would hope that the members of the great and General Court would agree with this very limited amendment that does not eliminate us but includes us as the original said it should. I would hope, Mr. Speaker that I would be able to have a division as previously requested to th Clerk. I would like that because I would hope to do a parliamentary inquiry if necessary.
I hoped obviously that the committee would agree to this simplistic amendment, but unfortunately they haven’t. So in the event that we do go to a vote by division, I hope that you vote green for this particular amendment. Thank you, Mr. Speaker and I will take questions, if you see fit. But let’s make them rational questions, so to speak, by that I mean let’s not … I’ll take a question…I mean I editorialized. Thank you.

Rep. Graham: Thank you, Mr. Speaker. Thank you, my honorable colleague for yielding. The question I have is about that last sentence that you talked about so vividly, where it says approval of the General Court. If we pass a 10-year transportation plan, would that include all of the takings of land for those projects without coming back to this General Court for each and every one of them? Or would it just be blanket approval to DOT for taking of all land?

Rep. DiFruscia: Thank you for the question. It’s a good question. Obviously, we are not going to do an ex post facto situation. That which was taken, is taken. So we’re obviously not going to interfere with the taking that has already taken place. I think that we all know if we are successful in making this CACR 30 go onto the ballot, the implementation of this would be some time. It’s not going to effect the highway proposal that we’ve already gone through and I appreciate that question.

Rep. Almy: Thank you, Mr. Speaker. Thank you honorable representative. I thought my question was being answered but it wasn’t. In a future year if we pass this through into the constitution, we have a lot of highway projects that take little bits of land all of the time. We have one going on in Lebanon right now. Would each of those have to come in with a bill or could they all be covered by us passing the 10-year highway plan?

Rep. DiFruscia: Future use would be covered and I would suggest if you read the amendment closely, my interpretation is that once you have a blanket taking that you’ve already given approval. So future use would be covered, but you wouldn’t stop the Highway Transportation Committee as it is going through now.

Rep. Almy: Sorry that I’m so dense, but say that the city of Lebanon puts in a request for widening on the state road that goes through our city after this is passed in the constitution, and it requires a certain amount of taking along the way, if it passes in a future highway plan and it has not yet been in a highway plan at that time is passing in the highway plan enough? Or does every single one of those little taking of five yards off of businesses, have to come in to us?

Rep. DiFruscia: Thank you for the question. I would assume that you don’t have to come in for every yard. That’s based upon the fact that you are going to propose a proposal. First of all, that there’s going to be state expenditures, so let’s get over that hurdle. We’re not going to be talking about a particular city or town. Secondly, if you are doing it by way of an omnibus taking for expansion of the highway, I would expect that reason and ration would indicate there would be one approval and one approval only, as we have done in the past. So therefore, it would not affect each and every five yard taking. I wouldn’t expect that in a million years.

Rep. Almy: Thank you, just to get it clear, so then, say that this was approved in the 10-year plan, then once they finished doing the design and decided exactly what going to be taken, they would come back with a bill specifically for that highway widening, and get approval for us for all of those little takings at once?

Rep. Giuda: Thank you, Mr. Speaker. Thank you representative for taking my question. From your last question would we infer that then every single highway project in the state’s 10-year highway plan that took any land, would have to be approved on a project by project basis?

Rep. DiFruscia: Thank you for the question. The answer is no.

Rep. Mooney: Thank you, Mr. Speaker and honorable members of this House. I rise in opposition to this floor amendment. The distinguished gentleman from Windham brings to us a floor amendment which reflects the language of the original committee amendment, but adds a new requirement that for an eminent domain taking, any state expenditure shall require the approval of this General Court. Now while this requirement attempts to secure the validity of an eminent domain taking, it raises serious concerns and ultimately does not address the Kelo ruling which we set out to do. Approval of a state expenditure by the General Court is a procedural issue. Those of us who worked long hours on the amendment meant to carefully insert a rule of law, not a procedural requirement that is better suited for a statutory change.

This floor amendment would divert the attention from prohibiting a taking for public use into new guidelines for routine takings, for utilities, and common carriers, etc. This new procedural
requirement would likely demand new rules, guidelines and a careful study to be established. Furthermore, such a new procedure would demand significant time of this body and delays for public use takings, as well as to interfere with local control.

Nevertheless, the special committee on eminent domain touched upon this very concept last summer. And the subcommittee will likely request that a committee study among other issues this very idea. In sum, for the purposes of addressing of a Kelo-like taking in the New Hampshire constitution, this floor amendment with this new requirement does not fit. Thank you, Mr. Speaker and members for your attention.

Vote on adoption of floor amendment (1381h)
Division vote Y-24 N-197 – floor amendment failed

Debate on Floor Amendment (1411h)

Rep. Giuda: Thank you, Mr. Speaker. Honorable members of the House I rise to seek your support for floor amendment (1411h) located on page 1296 of your calendars. The purpose of a constitution is to define rules. Not only rules of how government operates, but to define as well, rules of what government is allowed or not to do with relationship to the rights of people. Our constitution established the right to own property as a natural right, fundamental. It also, in Article 12, establishes in a somewhat specific sense that a person’s property can be taken for public use. And that is a good thing. We bring this floor amendment before you because having passed the previous amendment two weeks, three weeks ago, some concerns were expressed to supporters that the language was a little bit too loose. We met with some colleagues from both sides of the aisle under the very careful and qualified stewardship of the gentle chairlady of Judiciary to discuss how we could make this a better amendment. The result lies before you in the language of amendment (1411h).

The concern was over whether or not private property could be taken and then at some time in the future converted over to a private use. This amendment makes it very clear. One sentence that you just, as a government entity, can’t take a piece of private property and at some time in the future, whether intentionally or not, I should say some time in the future, with the intention of converting it to a private use. If we take property as a public body, it has to be for public use and there can’t be any question as to that. This floor amendment then makes it very clear, unambiguous. No part of a person’s property shall be taken by eminent domain and transferred directly or indirectly to another person, if the taking is for the purpose of private development or other private use of the property. I submit that our citizens would understand that. I submit that our citizens would strongly endorse that, certainly the feedback that I’ve gotten. I submit that this is simple, it’s clean, and it’s what we need to prevent, under constitutional guidelines, government violating the rules that are in place to keep private and public interests working together.

I ask for your support for the floor amendment and will not take any question at this time.

Vote on adoption of floor amendment (1411h)
Division vote Y-284, N-43 – floor amendment (1411h) adopted

Debate on Motion of Ought to Pass as Amended

Rep. Rausch: I would request clarification on an issue about this amendment. Thank you. My question is if I use I-93 as an example. We have properties along I-93 that the state has a need of one acre but because that taking has detrimentally affected the property, the property owner requests that additional property be taken. That the property be taken in total. So instead of one acre, it takes three acres. The property owner is happy because they have been compensated in total. The state then, when the project is done, will sell the two acres that is surplus. My question is would this amendment prevent the state from selling the two acre surplus and re-cooping our state investment in that property? Or in fact, would we be prohibited from re-cooping our investment? Rep. Mooney: Thank you for the question. The answer is “no,” because at the time of the taking it was for a public use. As the project proceeded, it was realized that perhaps maybe not that much land was needed or what not and there are current statutory provisions in terms of selling it back to the original owner, and things of that nature. So the answer to your question, the answer is “no.” Rep. Rausch: We are not selling it back to the original owner. It could be I-93 that lands being taken very potentially will be sold to private developers for economic development properties. The original owner is happy, they’ve come out whole, but the surplus property will be used for probably commercial development.
Rep. Mooney: Thank you for the follow-up question. And again, I just simply stated that statutory provision covers that, you know, regulations about selling back to the original owner but that’s not a pre-requisite. And again if the property is taken, for the time of that taking it’s for a public use that would all be OK according to this amendment.

Rep. Dokmo: I think I can answer your question to your satisfaction, I hope. If you read the proposed amendment that we just approved, the purpose for the taking cannot be for private development or private use. In your situation, and I was at one time in my life, a right-of-way commissioner for the DOT, so I know a little bit about that in your situation, the purpose for the taking was not for private use, but for public use to build the highway. That’s the purpose of the taking. If down the line, the state or the city took it, didn’t need the property, or didn’t need all of the property, then this amendment would allow them to sell it. Under state law right now, I believe that they have to offer it first to the municipality, and usually the municipality doesn’t want it or they have to offer it first to the land owner who sold it, then to the municipality, and then they can sell it. But this would not prevent that. This is why this was written as carefully as it is.

Rep. Jasper: Thank you, and thank you for yielding. Isn’t it true that in a case where the state wants to buy one part of a parcel and the owner of the remainder of the parcel wants to get rid of it, that’s no longer a taking? As a matter of fact, those become negotiated sales and the constitutional amendment does not affect that in any way because it is not any taking. It is a purchase and sales agreement between a willing buyer and a willing seller.

Rep. Mooney: Yes, that is my understanding, yes. Thank you.

Rep. Mooney: Thank you, Mr. Speaker and thank you members of the House. I rise in support of Ought to Pass with Amendment on CACR 30. Once elected as legislators, there is one requirement we fulfill that allows us to have voting rights within this hall. The requirement is an oath to uphold the New Hampshire constitution. Contained within the constitution are natural rights considered essential and inherent. Among those rights are the rights to acquire, possess and own property. In 2005, the U. S. Supreme Court handed down a ruling that interpreted eminent domain takings to include the taking and transferring to a private developer with the sole purpose of possibly enhancing economic development and possibly increasing employment. This interpretation changed our long standing common understanding that a government taking must be for public use accompanied by just compensation. The decision known as Kelo surprised the nation since this type of taking and transferring to a private developer was never thought to be possible. Moreover, this decision threatens property owners here in New Hampshire and left us vulnerable to a legal loophole in New Hampshire state law. The wording of CACR 30 as amended does several things in one sentence. Among them are: it summarizes the Senate bill which lays out the definition of public use explicitly and excludes the taking for economic development. Second it closes the loophole in New Hampshire found by the Supreme Court last year in the Kelo decision by clearly stating that no person’s property can be taken and transferred for the purpose of private development or private use. And most importantly, the amended language protects to acquire, possess and own property. I ask you now to support CACR 30 and allow the voters of this great state to have a voice in protecting their property. Property that for thousands of residents represents the culmination of years of hard work combined with a lifetime of savings. I feel the time is now, and I think we all do, to let the voters decide as to whether placement of the specific notion that a Kelo taking is not the New Hampshire way, belongs in our constitution right beneath Article 12. Please vote green on this amendment. And I thank you for your attention. Thank you.

Rep. Splaine: Thank you, Mr. Speaker. I have been waiting a long time to talk in this chamber about this issue. As I was driving up from Portsmouth today, I was thinking of the constituents who voted for me for my very first time when I ran in 1968. I had lived in an area of Portsmouth that some people considered not one the best sections of Portsmouth. If you go to Portsmouth, you will see in the downtown area, you will see a lot of fairly new development. That development was what was called the Vaughn Street Urban Renewal Project which was approved by the powers that be in Portsmouth back in 1966. For the first 21 years of my life, I lived in that area. It was considered the melting pot of the City of Portsmouth. We had people who had emigrated through the difficulties and upheavals throughout the world in the early part of the 19th and 20th centuries from Italy, from China, from Japan, from Russia. There were Irish, there were African-Americans, there was Jewish. It was indeed a melting pot in our community. But because the city sometimes did not pay attention to the area, 30 acres of downtown area, streets and sidewalks came into disrepair and some of the homes were certainly not in the best condition.
When I first ran for the legislature and visited homes door-to-door in this rather Democratic part of the city, many people were in the process of being moved out. Homes were being torn down because the Vaughn Street Urban Renewal Project had been approved in 1966. By 1968, my constituency was disappearing. I felt then that we had to do what we could on the local and state and national levels to stop that from happening again.

This is a Democratic issue. It is a Republican issue, too. It's an issue that all of us should be concerned about. But this is a Democratic issue, the most vulnerable among us, that constituency that many of us who are Democrats, and many Republicans, too, but many of us who are Democrats we want to stand up for and represent. They're unconnected. Those people who don't have a lot of money are the ones who are usually punished and abused and exploited by urban renewal projects allowed under eminent domain. If a person is well-to-do, if a person is well-networked with his or her community, they usually work out pretty good deals with any developers who might want to come in. Eminent domain, therefore, tends to be used by city or town government and by other entities against those who don't have that kind of ability to network and work within the system. And many of those are the people that we as Democrats and as Republicans want to represent.

We need to approve this constitutional amendment today. We should be putting this to the ballot in November and we as Democrats should be joining the Republicans or should I say the Republicans should be joining the Democrats in convincing voters in November that this is an important thing to do. This CACR protects people's rights. Yesterday, we were dealing with a constitutional amendment that for the first time that would have put regulations in, or provisions that might have taken rights away. This is our opportunity today to put a simple provision that defends and protects those people who we as Democrats and Republicans say that we want to support and protect as part of our responsibility.

I didn't have an opportunity in this chamber, because I wasn't smart enough then and nobody else made a proposal like this, to introduce one in 1969, my first term. But today, I and You can do something to make sure that we never allow people in New Hampshire again to be mistreated or abused by their local or state governments. Thank you.

Rep. Marjorie Smith: Thank you very much, Mr. Speaker. I had not intended to speak. I had hoped to have some questions answered. But much to my surprise, no one on the Judiciary Committee was willing to answer my questions, and so I'm going to just make a few very brief points. How many of you in this room have read the state constitution of the state Connecticut? The constitution of the state of Connecticut is not the same as the constitution of the state of New Hampshire. That's number one. Number two. In this state we have a Supreme Court decision Merrill vs. Manchester which addresses issues of property rights. Number three. We have coming over from the Senate with a unanimous vote language for a bill which includes much of the same text that is in this constitutional amendment. To me, the most sacred document we have is the constitution of New Hampshire. If we make a change in the constitution, it certainly should be for a very basic reason. That constitution has stood us in good stead for a couple of hundred years. If we pass a law addressing these issues and we find that we might have been off just a little bit, we can correct that in the future. If we pass a constitutional amendment, we're stuck with it.

Let me give you a couple of examples. Not the example that my distinguished colleague from Portsmouth gave you, because we know that urban renewal 40 years ago did a tremendous amount of damage to many communities. We know that, but we learned from that and those mistakes haven't been made again. Let me give you an example in Manchester. Just imagine that a factory building in Manchester closes or in many of the other factory towns that we have in this state and the owners abandon the property. It is better for them to abandon the property and move on, then to try to do anything with that property. That happens and that happens in this state. I don't know about you but I would like the City of Manchester or the appropriate public entity to be able to buy that property and take that property and develop it by perhaps selling it to a private developer who might put in those condos that everybody seems to want. Or might put in shops, or might put in other use that benefits the entire community. If we pass a constitutional amendment on nothing except a knee-jerk reaction to a Supreme Court decision that has not had any manifestation of relevance in the State of New Hampshire, we tie our hands. Why would we do that?

Let's take the bill that comes from the Senate and pass it as law. Let's see if that works. If that doesn't work, let's see if we can then go on to amend the law and make it work even better for the State of New Hampshire. If we can't do that in the fullness of time, having weighed carefully and calmly all of our alternatives, we might decide that, yes, this issue rises to the importance of the
basic rights that we protect in our constitution and therefore, we should have a constitutional amendment. But not now. Not just doing it because there’s been a lot of good press on it. Not because my good friend from Weare has had, you know, to preside, over a meeting to decide whether or not to go after Justice Souter’s house. Let’s use some calmness and some reason. And as I say again, I have enormous respect for both the chair of the Judiciary and the work of the Judiciary Committee and I would just say to you, not now. Thank you.

Rep. Peter Sullivan: Thank you, Mr. Speaker. My question to my colleague from Durham is really two parts. First of all, I represent a constituency that has a lot of folks who live in low income housing. Those folks aren’t going to receive any financial compensation even if there is a taking. Those folks are going to lose their homes. We were facing a situation recently where that was going to happen. First of all, do you think that is an appropriate situation to put those folks in to benefit a private developer from out of town? And if someone decided to revisit Aristotle Onassis’s plan to put an oil refinery in Durham Point, would you have a somewhat different perspective on this issue?

Rep. Marjorie Smith: I’ll answer your last question first. Absolutely not. What we were able to do 30 years ago in Durham is oppose a very powerful Governor of the State of New Hampshire and a very powerful private developer and we did it the right way. We did it by enlisting the legislature of New Hampshire, every House member of New Hampshire. We did it by enlisting the citizens from the seacoast on who rose up and said, “This is wrong and this is why,” and we prevailed. That is why Aristotle Onassis did not get to do what he wanted to do. It is true, by the way, that he actually thought the Oyster River was a fresh water river and that he could cool his plant with the water from the Oyster River and only subsequently found out that, of course, it is salt water. But what you know has to do with his good solid research. That’s the answer to the second question. We did it the right way.

As to the first question, of course, I don’t support that. But the people in Manchester elect a city council or aldermen, I guess you call it, they elect public officials. We are elected. All of us are elected to do the right thing. Do you think that all of you are going to go out there as town officials, as county officials, as state officials and start taking land? I don’t think so. I have more faith in you, and I have more faith in our local officials than that. I give you as proof of that what has happened in the State of New Hampshire with some court action, but mostly with the good sense of the people of this state. You save constitutional amendments for situations where there is no other way to protect the basic rights of the citizens of this state.

Rep. Matarazzo: Thank you, Mr. Speaker. And I’d like to thank the honorable representative from Durham. I speak against this because somebody abandons their factory will leave and then the city can’t use it. Why on earth wouldn’t the city just take it for taxes, or pay for the building. They abandon it. They leave with nothing. The city can buy it from them and they can leave with some dough?

Rep. Marjorie Smith: Thank you, my colleague. I’m not quite sure I understood exactly the question but it does raise another point. That is that we confuse takings, sounds like such a frightening term, or eminent domain from situations referred to earlier where there is a willing buyer and a willing seller. Or where there are other ways including nonpayment of taxes. That’s just one more reason why a constitutional amendment is just not the way to address this problem. We ought to be spending our time figuring out how to improve the housing stock in this state, how to get more money into workforce housing. We ought to be spending our time doing all of those kinds of things, not worrying about something that has not happened in this state and that is only a way to satisfy the people who write editorials. I think we are a better body than that. I yield on principle because I think free and open debate is essential to the work of this body. I do know that you are getting restless and I do know that we had an 11 o’clock Special Order and I want to make sure that the people who could only be here in the morning do not miss the opportunity to vote on that.

Rep. Field: Thank you, Mr. Speaker. Thank you for taking my question the honorable representative from Durham. You mentioned the Senate bill which is to come over to us for approval. Can that bill be refused by a judge or the Supreme Court and be declared unconstitutional and negated? My question is if a constitutional amendment, we allow it to the people to vote it and they vote it in with this amendment, I don’t believe the Supreme Court can declare that unconstitutional. Isn’t that true and doesn’t that make the difference between the two points?

Rep. Marjorie Smith: Thank you for the question. Of course, that is true in terms of the state Supreme Court on occasions when the state Supreme Court has acted, has always acted in these situations has acted to protect property rights. But in fact, don’t forget, we are talking here just about that, state law and state constitution. It does not matter what is in the state constitution, if the US Supreme Court should decide that the New Hampshire constitution violated the US constitu-
tion. Then in fact, the US constitution reigns supreme. What we're taking about here is exclusively a New Hampshire problem or the lack of a problem. And because the Supreme Court looking at the Connecticut constitution acted in one way has nothing at all to do with what happens here and it takes our minds off our other really serious responsibilities to be spending time and a lot of money pushing this constitutional amendment. Thank you.

Rep. Giuda: Thank you, Mr. Chairman. Honorable and very patient members of the House. This constitutional amendment is not about this House. It is about setting rules for every house. It is about setting rules that protect every citizen now and moving forward from the political vagaries of the House. This House is very well qualified, as evidenced yesterday, on judging on whether an issue is one of social concerns and maybe needs to ebb and flow. This is one fundamental principle of ownership of property in which we can allow no latitude. We must draw the line and we can, our people expect it, we are capable. With respect to factories in Manchester that are abandoned, they falter taxes and delinquent taxes result, not in eminent domain, but in tax sales. The market determines the value of that property. The town can sell it at fair market value. That is not an eminent domain taking. Do not confuse the two. With respect to the Senate bill coming across, for one year under the stewardship of the Speaker of the House and the President of the Senate, the majority leaders of both, the sponsors of two bills, myself and Senator Green, we developed a process because of the importance and the depth of debate that the House would be the lead on producing the constitutional amendment; the Senate would produce the statutory support for the amendment. Everything in this has been totally approved by the Senate, leadership, sponsors, and so forth. And as soon as they get it, I'm told that it will pass on a 24 to 0 vote. This is about team work between House and Senate. This is about unity between Republicans and Democrats. This is about the rights of the people now and going forward in perpetuity. Please join me in pressing the green button to allow the people of New Hampshire the voice they deserve in determining how they choose to let their government operate. Thank you, Mr. Speaker.

Vote on the motion of Ought to Pass as amended
Roll call Y-277, N-61 – motion adopted

SPECIAL ORDER

HB 1496, establishing a right to work act which provides for freedom of choice on whether to join a labor union. INEXPEDIENT TO LEGISLATE.

Rep. Benjamin C. Baroody for Labor, Industrial and Rehabilitative Services: The committee heard over five hours of testimony with over 70 speakers against the bill with only five for the bill. This is the same bill we hear every term. The bill was opposed by the Commissioner of Labor who stated he was the sixth consecutive Commissioner to oppose this same bill. The bill was also opposed by the Diocese of Manchester, the Governor of New Hampshire, the New Hampshire Council of Churches, Verizon, which may be the largest employer in the private sector covered under collective bargaining agreements, the Director of the New Hampshire Coalition for Occupational Safety and Health, city mayor, all labor groups and unions. The committee felt that this was just a union busting bill and it is a matter of fairness. Under federal law the union must represent all employees whether they are union members or not. If an employee opts not to be a member of the union that person must pay an agency fee. That fee is only the amount of money it cost to negotiate and maintain the collective bargaining agreement. The committee felt this was fair if all wages, benefits, and representation are given to everyone, each should pay his or her fair share. We felt that this is just bad legislation and is not right for the New Hampshire economy or for its employers and employee’s. The committee knows this bill very well. Vote 14-1.

Rep. Adams spoke against and yielded to questions.

Reps. Heon and Baroody spoke in favor.

Rep. John Flanders moved the previous question.

Adopted.

SULLIVAN

REGULAR CALENDAR

HB 1692-FN, establishing the New Hampshire sexual predators act. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Patricia A. Dowling for the Majority of Criminal Justice and Public Safety: The bill revises the statutes relative to sexual predators, sexual offenders under the age of 18 and also of persons committing an act or acts constituting first degree assault against a person under 13 years of age where the injury has resulted in brain damage or physical disability to the child and it is likely to be permanent. Under current law, a person convicted of aggravated felonious sexual assault against a victim who is less than 13 years of age faces a penalty of 10 to 20 years for a first offense. A second offense can require a penalty of 20 to 40 years. Under this proposed legislation, the court may sentence the first time offender to 25 years to life under the extended term of imprisonment if the prosecuting attorney has notified the defendant of this possible application. For a second offense under this proposed statute, the penalty is life imprisonment without parole. The bill also addresses registration of sexual and other criminal offenders and their duty to report personally every 6 months their name, age, race, sex, date of birth, height, weight, hair and eye color, address of any permanent residence and address of any current temporary residence, within the state or out of state, mailing address, date and place of employment, or schooling, vehicle make, model, color and license tag number. A post office box shall not be provided in lieu of a physical residential address. Registration is required for a minimum of 10 years from release and may be for life for some. Sentences have increased for those who fail to register, or who provide false information. Juveniles found true of committing a sexual offense if so ordered by the judge will also be required to register until they reach the age of 17, or while the court retains jurisdiction over them. This particular list will only be made available to law enforcement and they shall not disclose it to the public. In the discretion of the local law enforcement agency, such agency may affirmatively notify the public that an offender who is included on the public list is in the community. HB 1692 also addresses involuntary civil commitment of sexually violent predators that are incompetent, insane or mentally retarded and makes provisions for confinement, appointment for counsel and commitment for treatment. Procedures for probable release are also covered. A committee shall hereby be established to identify and evaluate classification and risk assessment procedures for convicted sex offenders. This classification system is urgently needed. Currently there is no such system. The Department of Corrections shall implement a study to evaluate the feasibility and efficacy of instituting life – time monitoring by means of global positioning satellite technology and/or other monitoring or tracking systems of sexual offenders and offenders against children with a report due on or before November 1, 2006 and implement a system by July 1, 2008. Vote 17-2.

Rep. Stanley E. Stevens for the Minority of Criminal Justice and Public Safety: The minority members do not oppose the passage of this bill as amended. We believe it falls short in one major area and that is in the sentencing provision contained in section 20 which says in paragraph IV that a person “may” be sentenced to an extended term of imprisonment as follows: (a) A minimum to be fixed by the court of not “more” than 25 years and a maximum of life imprisonment; and the minority amendment proposes changes from “may” to “shall” and “not more than” to “not less than”. This addresses the most dangerous offenders in New Hampshire; those who sexually assault children, the most vulnerable segment of our society. These offenders pose an
ongoing threat. A 2004 study found the likelihood of recidivism increases the longer an offender is back in the community after an incarceration. The provision contained in this amendment provides prosecutors with a tool to ensure a mandatory 25 year sentence upon conviction in the most serious cases.

Majority Amendment (1422h)

Amend the bill by replacing all after the enacting clause with the following:

1 Registration of Criminal Offenders; Definitions. Amend RSA 651-B:1, III to read as follows:

III. "Sexual offender" means a person who is required to register as a result of any violation or attempted violation of:

(a) RSA 632-A:2, 632-A:3, 632-A:4, 1(a), 632-A:4, I(b) if the actor was 21 years of age or older at the time of the offense, 645:1, II, or 645:1, III; or

(b) A law of another state or the federal government reasonably equivalent to a violation listed in subparagraph (a); or

(c) Any other criminal offense which is not specifically listed in subparagraph (a) if the court finds by clear and convincing evidence at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification and protection of the public would be furthered by requiring the person to register. In determining whether the offender should be required to register, the court shall consider the offender's prior criminal history and any other relevant information. Duration of the registration shall be for a period of time as required by the court but not less than 10 years from the date of release from custody. The court shall also make a finding as to whether the offender's name and registration information shall appear on the public list authorized by RSA 651-B:7.

In determining whether the offender's name shall appear on the public list, the court shall consider whether the victim was a minor at the time of the crime; the nature of the offenses that are currently listed on the public list; whether public safety would be furthered by including the offender on the public list; and any other relevant factors. The hearing at which such a determination is made shall comply with due process requirements, including a right to appeal the finding. The court shall provide the defendant an opportunity to be heard on the issue prior to the imposition of the registration requirement and shall state on the record the reasons for its findings and the reasons for requiring registration.

2 Registration of Criminal Offenders; Definitions. Amend RSA 651-B:1, V to read as follows:

V. "Offender against children" means a person who is required to register as a result of any violation or attempted violation of:

(a) Any of the following offenses, where the victim was under the age of 18 at the time of the offense, RSA 633:1, 633:2, 633:3, 639:2, or 645:2; or

(b) RSA 169-B:41, II, 639:3, III, 649-A:3, 649-B:3, 649-B:4 or 650:2, II; or

(c) A law of another state or the federal government reasonably equivalent to a violation listed in subparagraph (a) or (b); or

(d) Any other criminal offense committed against a victim under the age of 18 at the time of the offense which is not specifically listed in subparagraph (a) or (b) if the court finds by clear and convincing evidence at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification and protection of the public would be furthered by requiring the person to register. In determining whether the offender should be required to register, the court shall consider the offender's prior criminal history and any other relevant information. Duration of the registration shall be for a period of time as required by the court but not less than 10 years from the date of release from custody. The court shall also make a finding as to whether the offender's name and registration information shall appear on the public list authorized by RSA 651-B:7. In determining whether the offender's name shall appear on the public list, the court shall consider the nature of the offenses that are currently listed on the public list; whether public safety would be furthered by including the offender on the public list; and any other relevant factors. The hearing at which such a determination is made shall comply with due process requirements, including a right to appeal the finding. The court shall provide the defendant an opportunity to be heard on the issue prior to the imposition of the registration requirement and shall state on the record the reasons for its findings and the reasons for requiring registration.
3 Registration of Criminal Offenders; Definitions. RSA 651-B:1, VII is repealed and reenacted to read as follows:

VII. (a) "Required to register" means that a sexual offender or offender against children was charged with an offense or an attempt to commit an offense listed in this chapter that resulted in one of the following outcomes:
   (1) Conviction;
   (2) A finding of not guilty by reason of insanity;
   (3) An adjudication as a juvenile delinquent and the court at the time of the dispositional hearing finds, pursuant to RSA 169-B:19, that the juvenile is required to register;
   (4) An adjudication of juvenile delinquency or its equivalent in another state or territory of the United States if the juvenile is required to register under the laws of that jurisdiction; or
   (5) An order committing the person as a sexually violent predator pursuant to RSA 135 E.

(b) A juvenile certified to stand trial as an adult, who is convicted, found not guilty by reason of insanity, or committed as a sexually violent predator, shall be treated as an adult for all purposes under this chapter.

4 New Paragraph; Registration of Criminal Offenders; Definitions. Amend RSA 651-B:1, by inserting after paragraph VII the following new paragraph:

VIII. Notwithstanding RSA 21:6-a, in this chapter "residence" means a place where a person is living or temporarily staying for more than a total of 5 days during a one-month period, such as a shelter or structure that can be located by a street address, including, but not limited to, houses, apartment buildings, motels, hotels, homeless shelters, and recreational and other vehicles.

5 Registration of Criminal Offenders; Registration. Amend RSA 651-B:2 to read as follows:

651-B:2 Registration,
I. Every sexual offender or offender against children shall be registered with the department of safety, division of state police, as provided in this [subdivision] chapter.

II. Upon receipt of information pursuant to RSA 106-B:14 concerning [the conviction of] the disposition of any charges against any sex offender or offender against children, the division shall register such person and shall include the relevant information in the law enforcement name search (LENS) system.

III. Upon receipt from any out-of-state law enforcement agency of information that a sex offender or offender against children has moved to New Hampshire, the division shall register such person and shall include the relevant information in the LENS system.

IV. The information that a person is required to register on the public list as a sexual offender or offender against children, including his or her qualifying offense or offenses, shall be available to law enforcement through the offender's criminal record and motor vehicle record. If an offender's obligation to register terminates for any reason, the department shall notify the division of motor vehicles of the change and the offender's motor vehicle record shall no longer reflect that the person is required to register as a sexual offender or offender against children.

6 Registration of Criminal Offenders; Release of Certain Sexual Offenders Into The Community; Duties. Amend RSA 651-B:3 to read as follows:

651-B:3 Release of Certain Sexual Offenders Into The Community; Duties.
I. Upon release of any sexual offender or offender against children required to register, whether on probation, parole, conditional or unconditional release, completion of sentence, release from secure psychiatric care, release into the community after involuntary commitment, release from a juvenile detention facility, or for any other reason, the official in charge of such release shall notify the offender of the offender’s duty to report under this chapter. The offender shall acknowledge in writing that he has received such notice. The official shall obtain the address at which the offender expects to reside upon release and shall report such address to the department. The department shall inform the local law enforcement agency where the offender expects to reside. The division shall enter the information concerning the offender's release and notification in the LENS system.

II. Upon receipt from any out-of-state law enforcement agency of information that a sex offender or offender against children has moved to New Hampshire, the department shall obtain the address at which the offender expects to reside and shall inform the local law enforcement agency. The department shall locate and shall serve notice upon such offender of the offender's duty to report under this chapter. Service by the department is not required if the offender has already registered with the local law enforcement agency in which the offender resides or is located as required by this chapter. At the time of the initial registration, the [The] offender shall...
acknowledge in writing that the offender has received such notice of the duty to report. [The department shall obtain the address at which the offender expects to reside and shall inform the local law enforcement agency.] The division shall enter the information concerning the offender’s location in New Hampshire and notification in the LENS system.

III. Semi-annually, the department shall verify the address at which the offender resides by sending a letter by certified non-forwarding mail to the offender. The address verification shall be sent to the offender prior to the offender’s birthday and again prior to the offender’s 6-month semi-annual registration. The address verification shall remind the offender of the obligation to register person on a semi-annual basis. The offender shall sign the letter and return it to the department within 10 business days of receipt. If the offender’s mailing address is to a post-office box, the department shall deliver by other means as determined by the department a letter to the offender’s residence. The offender shall sign and return the letter within 10 business days of receipt.

7 Registration of Criminal Offenders; Duty to Report. Amend RSA 651-B:4, I to read as follows:

I.(a)(1) Any person required to be registered under this chapter shall report in person [such person’s current mailing address, place of residence or temporary domicile, and place of employment or schooling] to the local law enforcement agency within [30] 5 business days after the person’s release as required under RSA 651-B:3, or within [30] 5 business days after the person’s date of establishment of residence in New Hampshire if the person is required to register as a result of an offense committed in another jurisdiction. Such report shall also be made semi-annually within [30] 5 business days after each anniversary of the person’s date of birth and the sixth month following the person’s date of birth and additionally within [30] 5 business days after any change of [address or place of residence] any information the person is required to report pursuant to this chapter. If an offender has more than one residence, the offender shall report in person to each local law enforcement agency having jurisdiction over each of the offender’s residences.

(2) Such person shall [also] be required to submit to a photograph taken by the law enforcement agency each time the person is required to report to the law enforcement agency under this section.

(3) Such person shall also provide the following information at the time of registration: name, age, race, sex, date of birth, height, weight, hair and eye color, address of any permanent residence and address of any current temporary residence, within the state or out of state, mailing address, date and place of any employment or schooling, and vehicle make, model, color, license tag number. A post office box shall not be provided in lieu of a physical residential address. Such person shall also provide any additional information required by department rules adopted in accordance with RSA 651-B:8.

(b) Any nonresident sexual offender or offender against children who enters this state for the purpose of employment, with or without compensation, or to attend any public or private educational institution for a period exceeding 14 consecutive days or for an aggregate period of time exceeding 30 days during any calendar year shall report in person to the local law enforcement agency having jurisdiction over the place of employment or school within [10] 5 business days of the nonresident offender entering the state for employment or schooling, and additionally within [10] 5 business days after any change of place of employment or schooling. In the event a nonresident offender required to register under this paragraph does not have a principal place of employment, the offender shall register in person with the department in Concord. Upon the nonresident offender’s initial registration, the local law enforcement agency or the department shall notify the offender of the offender’s duty to report under this chapter. The offender shall report the address of the offender’s place of employment or schooling while in the state, the address where the offender resides out of state, and other information required by RSA 651-B:4, I(a)(3) and department rules adopted in accordance with RSA 651-B:8. Such report shall also be made semi-annually within [30] 5 business days after each anniversary of the person’s date of birth and the sixth month following the person’s date of birth, and additionally within [10] 5 business days after any change of address or place of employment or schooling in the information the person is required to report pursuant to this chapter.

8 Registration of Criminal Offenders; Change of Name or Alias, or Address; Duty to Inform. Amend RSA 651-B:5 to read as follows:

651-B:5 Change of Name or Alias, or Address; Duty to Inform.

[1] When any person required to be registered under RSA 651-B:4, I(a) changes residence, or their name or alias; changes any information the person is required to report
pursuant to this chapter the person shall give written notification of the [person's new address, name, or alias] new information to the local law enforcement agency to which he or she last reported under RSA 651-B:4 within [+] 5 business days of such change of information [residence, name, or alias]. Such notice shall not relieve the person of the duty to report under RSA 651-B:4 at the new place of residence, employment, or schooling. The local law enforcement agency receiving such notice shall forward a copy to the division within 3 days after receipt. The division shall notify the local law enforcement agency at the new place of residence employment or schooling, or the appropriate out-of-state law enforcement agency if the new place of residence, employment or schooling is outside New Hampshire[-]. The division [and] shall include [such change-of-address or change-of-name] any new information in the LENS system.

[H. When any nonresident person required to be registered under RSA 651-B:4, I(b) changes residence, place of employment or schooling, or their name or alias, the person shall give written notification of the person’s new address, place of employment or schooling, name, or alias to the local law enforcement agency to which he or she last reported under RSA 651-B:4 within 10 days of such change of residence, place of employment or schooling, name, or alias. Such notice shall not relieve the person of the duty to report under RSA 651-B:4 at the new place of residence. The local law enforcement agency receiving such notice shall forward a copy to the division within 3 days after receipt. The division shall notify the local law enforcement agency at the new place of residence, or the appropriate out-of-state law enforcement agency if the new place of residence is outside New Hampshire, and shall include such change of address or change of name information in the LENS system.]

III. Any sexual offender or offender against children who, with or without compensation, is employed by or attends any public or private educational institution for a period exceeding 14 consecutive days, or for an aggregate period of time exceeding 30 days during any calendar year, shall give written notification of any changes to the person’s place of employment or schooling to the local law enforcement agency to which he or she last reported under RSA 651-B:4 within 10 days of such change of place of employment or schooling. The local law enforcement agency receiving such notice shall forward a copy to the division within 3 days after receipt. If the sexual offender or offender against children continues to be employed by or attend any public or private educational institution, the division shall notify the local law enforcement agency at the new place of employment or schooling, or the appropriate out-of-state law enforcement agency if the new place of employment or schooling is outside New Hampshire, and shall include such changes in the LENS system.]

9 Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6, II to read as follows:

II. Any sexual offender required to register as a result of a violation or attempted violation of RSA 632-A:4, I(a) or RSA 645:1, II, and any offender against children required to register as a result of a violation or attempted violation of RSA 633:3 or 645:2, I, or of an equivalent offense in an out-of-state jurisdiction, shall be registered for a 10-year period from the date of release, provided that any such registration period shall not run concurrently with any registration period resulting from a subsequent violation or attempted violation of an offense for which the person is required to register provisions of paragraph II, any sexual offender or offender against children who is required to register as a result of a violation of more than one offense listed in RSA 651-B:1, III or RSA 651-B:1, V, or who is sentenced to an extended term of imprisonment pursuant to RSA 651:6, I(b) shall be registered for life.

10 New Paragraph: Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6 by inserting after paragraph III the following new paragraph:

IV. Registration of any juvenile required to register pursuant to RSA 651-B:1, VII(a)(3) or (4) shall end when the juvenile turns 17 years of age unless the court which adjudicated the juvenile as a delinquent retains jurisdiction over the juvenile pursuant to RSA 169-B:4, V, in which case registration of the juvenile shall end when the court terminates jurisdiction over the juvenile’s case. When the registration of a juvenile terminates, the department shall remove information relating to the juvenile from the LENS system and records of the juvenile’s registration shall be handled in accordance with RSA 169-B:35 and RSA 169-B:36.
II Availability of Information to the Public. Amend 651-B:7, II-VI(a) to read as follows:

II.(a) The division shall maintain a separate list of all individuals registered pursuant to this chapter who are required to register as a result of any violation or attempted violation of one of the following offenses, or of any law of another state or the federal government reasonably equivalent to one of the following offenses:

(1) RSA 632-A:2, I(j)
(2) RSA 632-A:2, I(k)
[[(h)][(i)] RSA 632-A:2, I(l).
[(e)][(f)] RSA 632-A:2, II-III.
[(g)][(h)] RSA 632-A:3, II, provided that the age difference between the convicted individual required to register and the victim was more than 3 years at the time of the offense. 
[(m)][(n)] RSA 632-A:3, III.
[(o)][(p)] RSA 645:1, II-III.
[(q)][(r)] Any offense described in RSA 651-B:1, V.

(b)(1) The list described in subparagraph (a) shall include:

(A) The name, address, and date of birth of the registered individual.
(B) The offense for which the individual is required to register.
(C) The date and court of the adjudication on the offense for which the individual is registered.

(D) Outstanding arrest warrants, and the information listed in subparagraphs (b)(1)(A)-(C), for any sexual offender or offender against children who has not complied with the obligation to register under this chapter.

(E) A photograph or physical description of the individual, if available.

(2) Where such information is available, the list may also include:

(A) The date and court of the individual's other adjudications, if any.
(B) Information on the profile of the victim or victims of the individual's offense or offenses.

(C) The method of approach utilized by the individual.

(3) In no event shall the list include the identity of any victim. Sexual offenders convicted under RSA 632-A:2 shall be listed on the public list in a manner which does not disclose, directly or indirectly, that the victim and the defendant were related or members of the same household. For sexual offenders convicted under RSA 632-A:1, I, no specific reference to any statutory subparagraph shall appear on the public list.

(c) In no event shall the list made available to the public pursuant to this section include a sexual offender or offender against children who has been adjudicated as a juvenile delinquent.

III. At periodic intervals, not less frequently than once each month, the commissioner of the department of corrections, [and] the superintendent of each county department of corrections and the commissioner of the department of health and human services shall forward to the division a statement identifying every offender who is confined in a facility under their control who is required to register as a result of a violation or attempted violation of an offense described in subparagraph II(a), and who is eligible at that time for any unsupervised work detail, release into the community following secure psychiatric care, or other assignment which may bring the offender into contact with members of the public. These statements shall include the information set forth in subparagraphs II(b)(1)(A), (B), and (C), and may also include the information set forth in subparagraphs II(b)(2)(A)-(D). In no event shall the statements include the identity of any victim. These statements shall be incorporated by the division into the list maintained under paragraph II.

IV.(a) The division shall provide a copy of the list described in this section to each local law enforcement agency at periodic intervals, through written, electronic, computerized, or other accessible means, but in no event less frequently than once each month. The list shall be made available to interested members of the public upon request to a local law enforcement agency. The department of safety may make the list available to interested members of the public through the use of the department's official public Internet access site. The department shall adopt rules, pursuant to RSA 541-A, establishing procedures for the collection of information described in this section, the transmission of the information from the division to the local law enforcement agencies, and the conditions under which the list shall be made available to the public. These rules shall enable the public to request information about a named individual or about all listed individuals residing or confined in the state. The rules may also include provisions for the imposition of a reasonable fee to defray the administrative costs of collecting the information and making the information available to the public.
(b) Local law enforcement agencies may photograph, at the time of the registration, any individual who is required to be registered pursuant to this chapter. The consent of the registrant shall not be necessary. Such photographs may be used in the performance of any valid law enforcement function.

(c) In the discretion of the local law enforcement agency, such agency may affirmatively notify the public that an offender who is included on the public list received by the agency pursuant to paragraph IV(a) is residing in the community.

V. Local law enforcement agencies, employees of local law enforcement agencies, [and] county and state officials, municipal and school officials, and municipalities and school districts shall be immune from civil and criminal liability for good faith conduct under this chapter, including any decision to provide or not provide affirmative notification to the public pursuant to RSA 651-B:7, IV(c). Nothing in this paragraph shall be deemed to grant any such immunity to any person for that person’s reckless or wanton conduct.

VI.(a) Notwithstanding the provisions of this section, any individual required to be registered whose name and information is contained on the list described in subparagraph II(a) and who [has been convicted] is required to register as a result of any violation or attempted violation of RSA 632-A:2, III or RSA 632-A:3, II, provided that the age difference between the [convicted] individual required to register and the victim was 3 years or less at the time of the offense and the person has no prior [convictions] adjudications requiring registration under RSA 651-B:2, may file with the clerk of the superior court for the county in which the judgment was rendered an application for review of the public registration requirement contained in RSA 651-B:7. This application shall not be filed prior to the completion of all the terms and conditions of the sentence and in no case earlier than 10 years after the date of release [following conviction]. After review of the application, the court may schedule a hearing. Prior to granting any petition to remove an offender from the public list, the court shall provide notice to the county attorney who prosecuted the case, the victim advocate, and the victim or victim’s family and permit those parties to be heard on the petition. If the court denies the offender’s petition, the offender may not file another application pursuant to this paragraph for 5 years from the date of the denial and shall include a risk assessment prepared at the offender’s expense.

12 Registration of Criminal Offenders; Penalties. Amend RSA 651-B:9 to read as follows

651-B:9 Penalty.
I. A sexual offender or offender against children who is required to register under this chapter and who negligently fails to comply with the requirements of this chapter shall be guilty of a [violation] misdemeanor.

II. A sexual offender or offender against children who is required to register under this chapter and who knowingly fails to comply with the requirements of this chapter shall be guilty of a [misdemeanor] class B felony. An offender who is required to register for a period of 10 years following his or her release, pursuant to RSA 651-B:6, II, shall be required to register for additional 10 years from the date of conviction for violating this paragraph. The obligation to register for an additional 10 years from the date of conviction for violating this paragraph shall be consecutive to the registration period imposed pursuant to RSA 651B:6 and shall be imposed even if the original registration period has elapsed.

III. A sexual offender or offender against children previously convicted [of a misdemeanor] pursuant to paragraph II who is required to register under this chapter and who knowingly fails to comply with the requirements of this chapter shall be guilty of a class [B] A felony. An offender who is required to register for a period of 10 years following his or her release, pursuant to RSA 651-B:6, II, who is convicted for violating this paragraph shall be required to register for life.

IV. The penalties imposed under paragraphs I-III shall not apply to juveniles required to register pursuant to RSA 651-B:1, VII(a)(3) or (4). The court with jurisdiction over such juveniles may impose an appropriate disposition for a violation of this section.

[V.] V. Any person who violates the provisions of RSA 651-B:7 shall be guilty of a violation.

VI. A sexual offender or offender against children who knowingly provides false information in response to any of the requirements of this chapter shall be guilty of a class B felony.

VII. A person is guilty of a class B felony if the person has reason to believe that a sexual offender or offender against children is not complying, or has not complied, with the require-
ments of this chapter and who purposely assists the offender in eluding any law enforcement agency that is seeking to find the offender to question the offender about, or to arrest the offender for, his or her non-compliance with the requirements of this chapter, and engages in any of the following acts or omissions:

(a) Withholds information from, or does not notify, the law enforcement agency about the offender's noncompliance with the requirements of this section, and, if known, the whereabouts of the offender;

(b) Harbors, or attempts to harbor, or assists another person in harboring or attempting to harbor, the offender;

(c) Conceals or attempts to conceal, or assists another person in concealing or attempting to conceal, the offender;

(d) Provides information to the law enforcement agency regarding the offender which the person knows to be false information; or

(e) Warns the offender that the law enforcement agency is attempting to locate the offender.

13 New Sections; Registration of Criminal Offenders; Registration Fee; Application. Amend RSA 651-B by inserting after section 10 the following new sections:

651-B:11 Registration Fee.

I. A sexual offender or offender against children shall pay a fee of [525] $15 at the time of the offender's initial registration and semi-annually at the time of the offender's re-registration. The department shall use all fees collected under this paragraph to defray the cost of maintaining the sex offender registry. Such funds shall be continually appropriated to the department for such use and shall be nonlapsing.

II. Anyone required to pay the registration fee who cannot afford to pay the fee shall, within 10 days of registration, request a waiver of the fee and a hearing on the matter before the commissioner. If such a request is made, the commission shall promptly schedule and conduct a hearing pursuant to rules adopted under RSA 541-A. At the hearing the offender shall have the burden to prove that the offender cannot afford to pay the fee because the offender is indigent. After hearing, the decision of the commission shall be final, and the offender shall have a right to appeal the decision in the superior court. Under no circumstances shall the offender's request for a hearing or indigency relieve the offender of the obligation to register pursuant to the time-frames required by this chapter.

651-B:12 Application. Whenever possible, the provisions of this chapter shall be interpreted and applied consistent with the provisions of the federal Jacob Wetterling Act, as amended.

14 Capital Offense and Murder in the First Degree. Amend RSA 597:1-c to read as follows:

597:1-c [Capital Offenses and Murder in the First Degree] Offenses Punishable By Life Imprisonment. Any person arrested for an offense punishable by up to life in prison [death or murder in the first degree], where the proof is evident or the presumption great, shall not be allowed bail.

15 Sexual Assault and Offenses; Penalties. Amend the introductory paragraph of RSA 632-A:10-a to read as follows:

632-A:10-a Penalties. Notwithstanding RSA 651:2, and except where an extended term is sought as provided in RSA 651:6:

16 New Subparagraph; Sexual Assault and Offenses. Amend RSA 632-A:10-a, V by inserting after subparagraph (b) the following new subparagraph:

(c) Prior to granting any petition pursuant to paragraph V(b), the court shall provide notice to the county attorney who prosecuted the case, the victim advocate, and the victim or victim's family and permit those parties to be heard on the petition. If the court denies the offender's petition, the offender may not file another application pursuant to this paragraph for 5 years from the date of the denial and shall include a risk assessment prepared at the offender's expense.

17 Sentences; Extended Term of Imprisonment. Amend RSA 651:6, I(j) to read as follows:

(j) Possesses a radio device with the intent to use that device in the commission of robbery, burglary, theft, gambling, stalking, or a violation of any provision of RSA 318-B. In this section, the term "radio device" means any device capable of receiving a wireless transmission on any frequency allocated for law enforcement use, or any device capable of transmitting and receiving a wireless transmission; [or]

18 New Subparagraphs; Sentences; Extended Term of Imprisonment. Amend RSA 651:6, I by inserting after subparagraph (k) the following new subparagraphs:

(l) Has committed or attempted to commit aggravated felony sexual assault in violation of RSA 632-A:2; I(l) or RSA 632-A:2, II where the defendant was 18 years of age or older at the time of the offense;
(m) Has committed or attempted to commit aggravated felonious sexual assault in violation of RSA 632-A:2, III, and one or more of the acts comprising the pattern of sexual assault was an offense under RSA 632-A:2, I(l) or RSA 632-A:2, II, or both, and the defendant was 18 years of age or older when the pattern of sexual assault began;

(n) Has purposely, knowingly, or recklessly with extreme indifference to the value of human life committed an act or acts constituting first degree assault as defined in RSA 631:1 against a person under 13 years of age where the serious bodily injury has resulted in brain damage or physical disability to the child that is likely to be permanent; or

(o) Has committed murder as defined in RSA 630:1-b against a person under 13 years of age. 19 Sentences; Extended Term of Imprisonment. Amend RSA 651:6, III to read as follows:

III. If authorized by paragraph I or II, and if notice of the possible application of this section is given the defendant prior to the commencement of trial, a defendant may be sentenced to an extended term of imprisonment. An extended term is, for a person convicted of:

(a) Any felony, other than murder or manslaughter, a minimum to be fixed by the court of not more than 10 years and a maximum to be fixed by the court of not more than 30 years;

(b) A misdemeanor, a minimum to be fixed by the court of not more than 2 years and a maximum to be fixed by the court of not more than 5 years;

(c) Manslaughter, a minimum to be fixed by the court of not more than 20 years and a maximum to be fixed by the court of not more than 40 years;

(d) Murder, life imprisonment;

(e) Two or more offenses under RSA 632-A:2, life imprisonment without parole;

(f) A third offense under RSA 632-A:3, life imprisonment; or

(g) A class A felony under RSA 632-A:2, I(l) and a subsequent separate offense under RSA 632-A:2, I(l), a minimum to be fixed by the court of not less than 15 years and a maximum of life imprisonment without parole; or

(h) Any of the crimes listed under RSA 651:6, I(j), a minimum to be fixed by the court of not less than 90 days and a maximum of not more than one year.

20 New Paragraphs; Sentences; Extended Term of Imprisonment. Amend RSA 651:6 by inserting after paragraph III the following new paragraphs:

IV. If authorized by subparagraphs I(l), (m), or (n) and if notice of the possible application of this section is given to the defendant prior to the commencement of trial, a person may be sentenced to an extended term of imprisonment as follows:

(a) A minimum to be fixed by the court of not more than 25 years and a maximum of life imprisonment; and

(b) The sentence shall also include, in addition to any other penalties provided by law, a special sentence of lifetime supervision by the department of corrections. The defendant shall comply with the conditions of lifetime supervision which are imposed by the court or the department of corrections. Violation of any of the conditions of lifetime supervision shall be deemed contempt of court. The special sentence of lifetime supervision shall begin upon the offender's release from incarceration, parole or probation. A defendant who is sentence to lifetime supervision pursuant to this paragraph is not eligible for release from the lifetime supervision pursuant to RSA 632-A:10-a, V(b).

V. If authorized by subparagraph I(o) and if notice of the possible application of this section is given to the defendant prior to the commencement of trial, a person shall be sentenced to an extended term of imprisonment as follows: a minimum to be fixed by the court of not less than 35 years and a maximum of life imprisonment.

VI. A person shall be sentenced according to the terms of paragraph VII if the court finds, and includes such findings in the record, that such person:

(a)(1) Committed a violation of RSA 632-A:2, I(l), RSA 632-A:2, II, or RSA 632-A:2, III, in which one or more of the acts comprising the pattern of sexual assault was an offense under RSA 632A:2, I(l) or RSA 632-A:2, II, or both, after having previously been convicted of an offense in violation of one of the aforementioned offenses or any other statute prohibiting the same conduct in another state, territory or possession of the United States, and

(2) The person committed the subsequent offense while released on bail on the earlier offense or the sentence for the earlier conviction involved a term of incarceration, probation, parole, or other supervised release; or
(b)(1) Committed a violation of RSA 631:1 after having previously been convicted of an offense in violation of RSA 631:1, or any other statute prohibiting the same conduct in another state, territory or possession of the United States, if the earlier offense also involved a victim under 13 years of age where the serious bodily injury resulted in brain damage or physical disability to the child that is likely to be permanent; and

(2) The person committed the subsequent offense while released on bail on the earlier offense or the sentence for the earlier conviction involved a term of incarceration, probation, parole, or other supervised release; or

(c)(1) Committed a violation of RSA 630:1-b after having previously been convicted of an offense in violation of RSA 630:1-b, or any other statute prohibiting the same conduct in another state, territory, or possession of the United States; and

(2) The person committed the subsequent offense while released on bail on the earlier offense or the sentence for the earlier conviction involved a term of incarceration, probation, parole, or other supervised release.

VII. If the court has made the findings authorized by RSA 651:6, VI, and if notice of the possible application of this section is given to the defendant prior to the commencement of trial, a person shall be sentenced to an extended term of imprisonment of life without parole.

21 New Chapter; Involuntary Civil Commitment of Sexually Violent Predators. Amend RSA by inserting after chapter 135-D the following new chapter:

IN Voluntary Civil Commitment of Sexually Violent Predators

135-E:1 Findings and Intent. The general court finds that a small but extremely dangerous number of sexually violent predators exist who do not have a mental disease or defect that renders them appropriate for involuntary treatment under RSA 135-C, which is intended to provide short-term treatment to individuals with serious mental disorders and then return them to the community. In contrast to persons appropriate for civil commitment, sexually violent predators generally have antisocial personality features which are unamenable to existing mental illness treatment modalities, and those features render them likely to engage in criminal, sexually violent behavior. The general court further finds that the likelihood of sexually violent predators engaging in repeat acts of predatory sexual violence is high. The existing involuntary commitment procedures for the treatment and care of mentally ill persons are inadequate to address the risk these sexually violent predators pose to society. The general court further finds that the prognosis for rehabilitating sexually violent predators in a prison setting is poor, the treatment needs of this population are very long term, and the treatment modalities for this population are very different from the traditional treatment modalities for people appropriate for commitment under existing law. It is therefore the intent of the general court to create a civil commitment procedure for the long-term care and treatment of sexually violent predators.

135-E:2 Definitions. In this chapter:

I. “Agency with jurisdiction” means the agency that releases, upon lawful order or authority, a person who is serving a sentence in the custody of the department of corrections, or a person who was involuntarily committed upon a finding that the person was not guilty by reason of insanity or incompetent to stand trial.

II. “Commissioner” means the commissioner of the department of health and human services.

III. “Convicted of a sexually violent offense” means a person who has been:

(a) Adjudicated guilty of a sexually violent offense after a trial, guilty plea, or plea of nolo contendere;

(b) Adjudicated not guilty by reason of insanity of a sexually violent offense; or

(c) Found incompetent to stand trial on a charge of a sexually violent offense and the court makes the finding required pursuant to RSA 135-E:5.

IV. “Court” means the superior court in the county where that person was last convicted of a sexually violent offense, or if the person is in custody on an out-of-state or federal sexually violent offense the county where the person plans to reside upon release or, if no residence in this state is planned, in the county where the facility from which the person to be released is located.

V. “Department” means the department of health and human services.

VI. “Likely to engage in acts of sexual violence” means the person’s propensity to commit acts of sexual violence is of such a degree that the person has serious difficulty in controlling his or her behavior as to pose a potentially serious likelihood of danger to others.
VII. "Mental abnormality" means a mental condition affecting a person's emotional or volitional capacity which predisposes the person to commit sexually violent offenses.

VIII. "Parole board" means the adult parole board established in RSA 651-A:3.

IX. "Person" means an individual 18 years of age or older who is a potential or actual subject of proceedings under this chapter.

X. "Sexually motivated" means that one of the purposes for which the defendant committed the crime was for sexual gratification.

XI. "Sexually violent offense" means:

(a) Capital murder in violation of RSA 630:1, I(e);
(b) First degree murder in violation of RSA 630:1-a, I(b)(1);
(c) Aggravated felonious sexual assault in violation of RSA 632-A:2;
(d) Kidnapping in violation of RSA 633:1, I(d), where the offender confined the victim with the purpose to commit sexual assault against the victim;
(e) Burglary in violation of RSA 635:1, I, where the offender entered a building or occupied structure with the purpose to commit sexual assault;
(f) An attempt, criminal solicitation, or conspiracy, to commit any of the offenses listed above; or
(g) A violation of any other statute prohibiting the same conduct as the offenses listed above in another state, territory, or possession of the United States.

XII. "Sexually violent predator" means any person who:

(a) Has been convicted of a sexually violent offense;
(b) Suffers from a mental abnormality or personality disorder that makes the person likely to engage in acts of sexual violence if not confined in a secure facility for long-term control, care, and treatment; and
(c) Is not eligible for involuntary admission under RSA 135-C or RSA 171-B.

XIII. "Total confinement" means that the person is being held in any physically secure facility being operated by or contractually operated for the department of corrections or the department of health and human services. A person shall also be deemed to be in total confinement for applicability of provisions under this chapter if the person is serving an incarcerative sentence under the custody of the department of corrections or is being held in any other secure facility for any reason. A person is not subject to total confinement if the person is subject to an incarcerative sentence or other custody in a secure facility but has contact with the community, such as through work release, a halfway house, or other supervised or unsupervised release into the community.

135-E:3 Notice to County Attorney or Attorney General; Multidisciplinary Teams Established.

I. The commissioner, or designee, shall establish a multidisciplinary team or teams, each of which shall include, but is not limited to, 2 licensed psychiatrists or psychologists or one licensed psychiatrist and one licensed psychologist each of whom has specialized training or experience in the area of treatment and diagnosis of sex offenders. The attorney general shall serve as legal counsel to the multidisciplinary team. The purpose of the team shall be to evaluate whether persons convicted of a sexually violent offense who are eligible for release from total confinement meet the definition of a sexually violent predator.

II. When a person who has committed a sexually violent offense is to be released from total confinement in New Hampshire, the agency with jurisdiction over the person shall give written notice to the county attorney of the county where that person was last convicted of a sexually violent offense, or attorney general if the case was prosecuted by the attorney general. If the person is in custody on an out-of-state or federal sexually violent offense the agency with jurisdiction shall give written notice to the county attorney of the county where the person plans to reside upon release or, if no residence in this state is planned, the county attorney in the county where the facility from which the person to be released is located or to the attorney general if the person has been convicted of murder. Except as provided in RSA 135-E:4, the written notice shall be given:

(a) At least 9 months prior to the anticipated release from total confinement of a person serving a sentence in the custody of the department of corrections, except that in the case of persons who are totally confined for a period of less than 9 months, written notice shall be given as soon as practicable; or
(b) At least 9 months prior to the anticipated hearing regarding possible release of a person committed to the custody of the department who has been found not guilty by reason of insanity for a sexually violent offense.
III. Upon receipt of such notice, if there is an articulable basis to believe that the person is likely to engage in acts of sexual violence, either the county attorney, attorney general, or the agency with jurisdiction may request that the multidisciplinary team assess and evaluate the person to determine whether the person is a sexually violent predator.

IV. If a request to assess and evaluate a person is made pursuant to paragraph III, the agency with jurisdiction shall provide the multidisciplinary team with the following information:

(a) The person’s name, identifying characteristics, anticipated future residence, the type of supervision the person will receive in the community, if any, and the person’s offense history;

(b) The person’s criminal history, including police reports, victim statements, pre-sentence investigation reports, post-sentence investigation reports, if available, and any other documents containing facts of the person’s criminal incidents;

(c) Mental health, mental status, and medical records, including all clinical records and notes concerning the person;

(d) Documentation of institutional adjustment and any treatment received; and

(e) If the person was returned to custody after a period of supervision, documentation of adjustment during supervision and any treatment received.

V. (a) The multidisciplinary team shall assess and evaluate each person referred to the team. The assessment and evaluation shall include a review of the person’s institutional history and treatment record, if any, the person’s criminal background, and any other factor that is relevant to the determination of whether such person is a sexually violent predator.

(b) Before concluding the evaluation, the multidisciplinary team shall offer the person being evaluated a personal interview. If the person agrees to participate in a personal interview, at least one member of the team who is a licensed psychiatrist or psychologist shall conduct the interview. If the person refuses to fully participate in a personal interview, the multidisciplinary team may proceed with its recommendation without a personal interview of the person.

(c) Within 6 months after receiving notice of a person’s anticipated release from total confinement, the department of health and human services shall provide to the county attorney or attorney general a written report of the multidisciplinary team’s findings as to whether the person meets the definition of a sexually violent predator.

135-E:4 Release From Total Confinement; Transfers; Petition to Hold in Custody.

I. In the event that a person who has been convicted of a sexually violent offense is eligible for immediate release from total confinement, the agency with jurisdiction shall provide immediate notice to the county attorney or attorney general of the person’s release. The county attorney or attorney general or the agency with jurisdiction may file a petition for an emergency hearing in the superior court requesting that the person subject to immediate release be evaluated by the multidisciplinary team to determine whether the person is a sexually violent predator. The hearing shall be held within 24 hours of the filing of the petition, excluding Saturdays, Sundays, and holidays. The person shall not be released from total confinement until after the hearing has been held. At the hearing, the court shall determine whether there is probable cause to believe that the person is a sexually violent predator. If the court finds probable cause, the person shall be held in an appropriate secure facility.

II. Within 72 hours after finding probable cause, the multidisciplinary team shall assess whether the person meets the definition of a sexually violent predator. If the multidisciplinary team determines that the person does not meet the definition of a sexually violent predator, the department shall provide notice to the county attorney or attorney general and that person shall be immediately released. If the multidisciplinary team determines that the person meets the definition of a sexually violent predator, the team shall provide the county attorney or attorney general with its written assessment and recommendation within the 72-hour period or, if the 72-hour period ends on a weekend or holiday, within the next working day thereafter.

III. Within 48 hours after receipt of the written assessment and recommendation from the multidisciplinary team, the county attorney or attorney general may file a petition with the superior court alleging that the person is a sexually violent predator and stating facts sufficient to support such allegation. If a petition is not filed within 48 hours after receipt of the written assessment and recommendation by the county attorney or attorney general, the person shall be immediately released. If a petition is filed pursuant to this section, the person shall be held in an appropriate secure facility for further proceedings in accordance with this chapter.
IV. A person shall be released if the multidisciplinary team or the county attorney or attorney general do not comply with the time limitations in this section. The provisions of this section, however, are not jurisdictional, and failure to comply with the time limitations, which results in the release of a person who has been convicted of a sexually violent offense, is not dispositive of the case and does not prevent the county attorney or attorney general from filing a petition against a person otherwise subject to the provisions of this chapter. However, the court shall not consider any petition filed more than 6 months after the person’s release from incarceration unless the timing of the petition is due to newly discovered material facts, which shall be alleged in the petition.

135-E:5 Persons Found Incompetent to Stand Trial.
I. If the county attorney or attorney general seeks to civilly commit a person charged with a sexually violent offense and found incompetent to stand trial, the court shall order the person to remain in custody for a reasonable period of time, not to exceed 90 days, for proceedings pursuant to this section.

II. The court shall first hear evidence and determine whether the person did commit the act or acts charged. The hearing on this issue shall comply with all the procedures specified in this section. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged beyond a reasonable doubt. In determining whether the state has met its burden, the court shall consider the extent to which the person’s incompetence or developmental disability affected the outcome of the hearing, including the person’s ability to assist his or her counsel by recounting the facts, identifying witnesses, testifying in his or her own defense, or providing other relevant information or assistance to counsel or the court. If the person’s incompetence substantially interferes with the person’s ability to assist his or her counsel, the court shall not find the person committed the act or acts charged unless the court can conclude beyond a reasonable doubt that the acts occurred, and that the strength of the state’s case, including physical evidence, eye witness testimony, and corroborating evidence, is such that the person’s limitations could not have had a substantial impact on the proceedings. If, after the conclusion of the hearing, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, the court shall enter a final order, appealable to the superior court on that issue. If the person appeals, the person shall be held in an appropriate secure facility. If the person does not appeal or if the appeal is unsuccessful, the court shall proceed as specified in this section.

III. Within 90 days after the court finds that the person committed the act or acts charged or after appeal, the multidisciplinary team shall conduct an evaluation pursuant to the procedures outlined in RSA 135-E:3 to determine whether the person meets the definition of a sexually violent predator and the department shall provide to the county attorney or attorney general a written report of the multidisciplinary team’s findings as to whether the person meets the definition of a sexually violent predator.

135-E:6 Petition; Contents. If the multidisciplinary team finds the person meets the definition of a sexually violent predator, the county attorney or attorney general may file a petition within 14 days with the superior court alleging that the person is a sexually violent predator and stating facts sufficient to support such allegation. If the county attorney or attorney general does not file a petition within 14 days, and the person is otherwise subject to release, the person shall be released.

135-E:7 Determination of Probable Cause.
I. When the county attorney or attorney general files a petition seeking to have a person declared a sexually violent predator, within 10 days of the filing of the petition, the court shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If the court determines based on the content of the petition that there is probable cause to believe that the person is a sexually violent predator, the court shall order that the person remain in custody and be held in an appropriate secure facility for further proceedings in accordance with this chapter.

II. If the offender’s incarcerative sentence expires before a hearing on the merits of a petition for civil commitment pursuant to this chapter, the court shall conduct a probable cause hearing within 2 days of the expiration of the person’s incarcerative sentence. If the court concludes following the hearing that there is probable cause to believe that the person is a sexually violent predator, the court shall order that the person remain in custody and held in an appropriate secure facility for further proceedings in accordance with this chapter.

135-E:8 Contract Authority. The department may contract with a private entity or state agency for use of and operation of facilities to comply with the requirements of this chapter.
135-E:9 Trial; Procedure.

I. The person or the county attorney or attorney general has the right to demand that the trial be before a jury. A demand for a jury trial must be filed, in writing, no later than 30 days after the finding of probable cause. If no demand is made, the trial shall be to the court. At all adversarial proceedings under this chapter, the person subject to this chapter is entitled to the assistance of appointed counsel if the person is indigent.

II. Within 60 days after the court’s initial determination of probable cause, or, in cases where a jury trial has been elected, 60 days after the election of a jury trial, the court shall conduct a trial to determine whether the person is a sexually violent predator.

III. The trial may be continued upon the request of either party and a showing of good cause, or by the court on its own motion in the interests of justice, when the person will not be substantially prejudiced by the delay.

IV. The person may retain experts or mental health professionals to perform an examination. If the person wishes to be examined by a professional of the person’s own choice, the examiner shall be provided reasonable access to the person, as well as to all relevant medical and mental health records and reports. In the case of a person who is indigent, the court, upon the person’s request, shall appoint experts or authorize other services pursuant to RSA 604-A:6. If the defendant retains an expert to perform a mental health examination, the person shall also submit to an examination by an expert of the state’s choosing. If the person refuses to submit to an examination by the state’s expert the court shall prohibit the person’s mental health experts from testifying concerning any mental health tests, evaluations, or examinations of the person.

135-E:10 Rules of Procedure and Evidence. In all civil commitment proceedings for sexually violent predators under this chapter:

I. The doctor-patient privilege under RSA 329:26, RSA 330-A:19, the rules of evidence or other similar statutes or rules shall not apply in proceedings under this chapter.

II. The court may consider evidence of the person’s prior conduct if such evidence is relevant to the issue of whether the person is a sexually violent predator.

III. Hearsay evidence, including reports of a member of the multidisciplinary team or reports produced on behalf of the multidisciplinary team, shall be admissible in proceedings under this chapter unless the court finds that such evidence is not reliable. In a trial, however, hearsay evidence shall not be used as the sole basis for committing a person under this chapter.

135-E:11 Determination.

I. The state shall have the burden of proving by clear and convincing evidence that the person is a sexually violent predator. If the determination is made by a jury, the verdict shall be unanimous. If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial. If the court declares a mistrial, the county attorney or attorney general may refile the petition and proceed according to the provisions of this chapter. Any retrial shall occur within 90 days after the previous trial, unless the subsequent proceeding is continued in accordance with RSA 135-E:9, II.

II. If the court or jury determines that the person is a sexually violent predator, upon the expiration of the incarcerative portion of all criminal sentences and disposition of any detainees other than detainees for deportation by the United States Bureau of Citizenship and Immigration Services, the person shall be committed to the custody of the department of health and human services for control, care, and treatment until such time as the person’s mental abnormality or personality disorder has so changed that the person no longer poses a potentially serious likelihood of danger to others. At all times, persons who are detained or committed under this chapter shall be kept in a secure facility segregated from patients of the department who are not detained or committed under this chapter. An order committing a person shall be valid for up to 5 years.

III. The determination that a person is a sexually violent predator may be appealed. The public defender shall be appointed to represent the person on appeal if the person is indigent.

135-E:12 Examinations; Release of Committed Persons.

I. Prior to the expiration of the initial commitment order or any recommittal order, the county attorney or attorney general may file a petition to recommit the person.

II. If the state petitions to renew the committal, the court shall hold a hearing. The person is entitled to be present and is entitled to the benefit of all procedural protections afforded the person at the initial trial, except for the right to a jury. The state has the right to have the person examined by professionals chosen by the state. At the hearing, the state bears the burden of proving, by clear and convincing evidence, that the person remains a sexually violent predator. Any recommittal order shall be valid for a period of up to 5 years.
135-E:13 Authorized Petition for Release.
I. If the commissioner, or designee, at any time determines that the person is not likely to commit acts of sexual violence if discharged, the commissioner or his or her designee shall notify the court and the court shall hold a hearing. The petition shall be served upon the court and the county attorney or attorney general. The court, upon receipt of such notice, shall schedule a hearing within 60 days, unless continued for good cause.
II. The county attorney or attorney general shall represent the state, and has the right to have the person examined by professionals of the county attorney or attorney general’s choice. The state bears the burden of proving, by clear and convincing evidence, that the person remains a sexually violent predator.

135-E:14 Petitions for Release. A person may file a petition for discharge at any time after commitment under this chapter without the approval of the commissioner, or his or her designee. Notice of the petition shall be provided to the commissioner and to the county attorney or attorney general. After reviewing the petition filed by the person the court may request the commissioner or county attorney or attorney general to respond to the petition. The commissioner or county attorney or attorney general is not required to respond to a petition filed pursuant to this section unless ordered to do so by the court. If the court determines that appointment of counsel may assist in an appropriate resolution of the petition, and the person is indigent, the court shall appoint counsel to represent the person. If the court determines that the petition is without merit on its face, the court may deny the petition without a hearing.

135-E:15 Release of Records to Agencies.
I. In order to protect the public, relevant information and records that are otherwise confidential or privileged shall be released to the agency with jurisdiction, to a multidisciplinary team, or to the county attorney or attorney general for the purpose of meeting the notice requirements of this chapter and determining whether a person is or continues to be a sexually violent predator. A person, agency, or entity receiving information under this section which is confidential shall maintain the confidentiality of that information. Such information does not lose its confidential status due to its release under this section.
II. Psychological or psychiatric reports, drug and alcohol reports, treatment records, medical records, pre-sentence investigative report, or victim impact statements that have been submitted to the court or admitted into evidence under this chapter shall be part of the record but shall be sealed and may be opened only pursuant to a court order.

135-E:16 Constitutional Requirements. The long-term control, care, and treatment of a person committed under this chapter shall conform to constitutional requirements.

135-E:17 Immunity from Civil Liability. The agency with jurisdiction and its officers and employees; the department and its officers and employees; members of the multidisciplinary team; the county attorney or attorney general and the county attorney or attorney general’s employees; and those involved in the evaluation, care, and treatment of sexually violent persons committed under this chapter are immune from any civil liability for good faith conduct under this chapter.

135-E:18 Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications to this chapter which can be given effect without the invalid provisions of applications, and to this end the unconstitutional provisions or applications of this chapter are severable.

135-E:19 Applicability. This chapter applies retroactively to all persons in custody as of the effective date of this statute who have been convicted of a sexually violent offense, as well as prospectively.

135-E:20 Notice Requirements.
I. No later than 30 days prior to the release of a sexually violent predator, the department shall give written notice of the person’s release to the victim advocate for the county in which the person was prosecuted, and to the extent possible the victim or the victim’s family shall be notified.
II. If a sexually violent predator who has an active or pending term of probation, parole, conditional release, or other court-ordered or postprison release supervision is released from custody, the department shall immediately notify the department of corrections. The parole board shall also be immediately notified of the release of a sexually violent predator who has an active or pending term of parole, conditional release, or other postprison release supervision that is administered by the parole board.
135-E:21 Escape.
I. A person who escapes or attempts to escape from lawful custody pursuant to this chapter is guilty of a class A felony.
II. If a person escapes while in custody pursuant to this chapter, the department shall immediately notify the victim and the county attorney or attorney general that filed the petition for civil commitment. If the escapee has an active or pending term of probation, parole, conditional release, or other court-ordered or postprison release supervision, the department shall also immediately notify the department of corrections. The parole board shall also be immediately notified of an escape if the escapee has an active or pending term of parole, conditional release, or other postprison release supervision that is administered by the parole board.

135-E:22 Rules. The department shall adopt rules, pursuant to RSA 541-A, relative to:
I. Procedures to be followed by members of the multidisciplinary teams when assessing and evaluating persons subject to this chapter.
II. Education and training requirements for members of the multidisciplinary teams and professionals who assess and evaluate persons under this chapter.
III. The designation of secure facilities for sexually violent predators who are subject to involuntary commitment under this chapter.
IV. The components of the basic treatment plan for all committed persons under this chapter.
V. The protocol for informing a person that he or she is being evaluated to determine whether he or she is a sexually violent predator under this chapter. Such protocol shall include procedures for informing the person of the right to refuse to participate in a personal interview with the multidisciplinary team or members thereof, the right to consult with counsel prior to participating in such an interview, and the right to have counsel appointed if the person is indigent.

135-E:23 Appointment of Counsel. The right of a person sought to be committed as a sexually violent predator to legal counsel prior to and during any judicial hearing conducted under this chapter shall be absolute and unconditional. The right to legal counsel for any person sought to be committed during any judicial proceeding conducted under this chapter shall be waived only if the client or person sought to be committed makes an informed decision to do so. The person sought to be committed shall pay the costs of the legal services in connection with hearings held under this chapter. If the person sought to be committed is unable to pay for counsel, the court shall appoint counsel pursuant to RSA 604-A:2. Such appointment shall be made no later than upon the filing of the petition and shall be made upon request of the person before any interview or personal examination of the person is conducted by the multidisciplinary team or other person in preparation for the filing of a petition.

22 Commitment to Hospitals; Competency Hearing; Commitment for Treatment. Amend RSA 135:17-a, V as follows:
V. If the court has determined that the defendant has not regained competency, and the court determines that he or she is dangerous to himself or herself or others, the court shall order the person to remain in custody for a reasonable period of time, not to exceed 90 days, to be evaluated for the appropriateness of involuntary treatment pursuant to RSA 135-C:34 or RSA 171-B:2. The court may order the person to submit to examinations by a physician, psychiatrist, or psychologist designated by the state for the purpose of evaluating appropriateness and completing the certificate for involuntary admission into the state mental health services system, the state developmental services delivery system, or the secure psychiatric unit, as the case may be. If a defendant who was charged with a sexually violent offense, as defined in RSA 135-E:2, XI, has not regained competency, the court shall proceed pursuant to RSA 135-E.

23 New Subparagraph; Delinquent Children; Dispositional Hearing. Amend RSA 169-B:19, I by inserting after subparagraph (j) the following new subparagraph:
(k) Order the minor to register as a sexual offender or offender against children pursuant to RSA 651-B until the juvenile reaches the age of 17 if the court finds that the minor presents a risk to public safety.

24 New Subparagraph; Delinquent Children; Dispositional Hearing. Amend RSA 169-B:19, III by inserting after subparagraph (e) the following new subparagraph:
(f) If the court retains jurisdiction over the minor pursuant to RSA 169-B:4, V, and the court has determined that the minor is required to register as a sexual offender or offender against children pursuant to RSA 169-B:19, I(k), the minor shall continue to register pursuant to RSA 651-B; provided, that so long as the court retains jurisdiction over the case.
25 New Subparagraph; Delinquent Children; Juvenile Case and Court Records. Amend RSA 169-B:35, III by inserting after subparagraph (c) the following new subparagraph:

(d) Pursuant to RSA 651-B, the department of safety shall disclose registration information to law enforcement agencies for juveniles if the court has found that the juvenile is required to register as a sexual offender or offender against children. In no event shall any juvenile required to register be listed on the list of sexual offenders and offenders against children made available to the public pursuant to RSA 651B:7.

26 Committee to Identify and Evaluate Classification and Risk Assessment Procedures for Convicted Sex Offenders and Offenders Against Children Established.

I. There is established a committee to identify and evaluate classification and risk assessment procedures for convicted sex offenders and offenders against children.

II. The members of the committee shall be as follows:

(a) Four members of the house of representatives, at least 2 of whom shall be from the criminal justice and public safety committee, and one of whom shall be from the judiciary committee, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall:

(a) Identify and evaluate classification and risk assessment procedures for convicted sex offenders and offenders against children.

(b) Identify classification and risk assessment procedures from other states, including those in the New England region.

(c) Identify the scope, use, and effectiveness of such procedures.

(d) Identify the benefits and liabilities of notifying the public of each level of classification and the best system for such notification.

(e) Identify funding sources for such classification and risk assessment procedures.

(f) Identify implementation procedures for past, present, and future offenders.

(g) Identify methods of evaluation and accountability.

(h) Study any additional information that the committee deems necessary.

V. The committee shall use the information collected to make recommendations to the legislature for the management of sex offenders and offenders against children.

VI. The committee shall solicit information and testimony from any organization or individual as deemed necessary to assist the committee in the performance of its duties, including:

(a) Employees of the department of safety with direct responsibility for maintaining the New Hampshire sex offender registry.

(b) Other department of safety employees as may be necessary.

(c) The department of corrections.

(d) The department of education.

(e) Forensic evaluators.

(f) Sex offender treatment providers.

(g) Victims’ advocates.

(h) A licensed New Hampshire attorney primarily engaged in the practice of criminal defense.

(i) The New Hampshire Civil Liberties Union.

(k) An advocate for the developmentally disabled.

VII. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

VIII. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

27 Global Positioning Satellite Monitoring: Feasibility Study. The department of corrections shall implement a study to evaluate the feasibility and efficacy of instituting life-time monitoring of serious sexual offenders and offenders against children by means of global positioning satellite technology or
other monitoring or tracking systems and report the results of the study to the general court on or before November 1, 2006. The department of corrections shall implement a system for tracking sexual offenders and offenders against children by global positioning satellite technology by July 1, 2008.

28 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

29 Effective Date.
I. Sections 26, 27, and 29 of this act shall take effect upon its passage.
II. The remainder of this act shall take effect January 1, 2007.

AMENDED ANALYSIS
This bill revises the statutes concerning sexual predators, and establishes a committee to identify and evaluate classification and risk assessment procedures for convicted sex offenders and offenders against children.
Majority committee amendment adopted.
Rep. Stevens offered floor amendment (1425h).

Minority Amendment (1425h)
Amend the bill by replacing all after the enacting clause with the following:
1 Registration of Criminal Offenders; Definitions. Amend RSA 651-B:1, III to read as follows:
III. “Sexual offender” means a person who is required to register as a result of any violation or attempted violation of:
(a) RSA 632-A:2, 632-A:3, 632-A:4, I(a), 632-A:4, I(b) if the actor was 21 years of age or older at the time of the offense, 645:1, II, or 645:1, III; [or]
(b) A law of another state or the federal government reasonably equivalent to a violation listed in subparagraph (a)[;] or
(c) Any other criminal offense which is not specifically listed in subparagraph (a) if the court finds by clear and convincing evidence at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification and protection of the public would be furthered by requiring the person to register. In determining whether the offender should be required to register, the court may consider the offender’s prior criminal history and any other relevant information. Duration of the registration shall be for a period of time as required by the court but not less than 10 years from the date of release from custody. The court shall also make a finding as to whether the offender’s name and registration information shall appear on the public list authorized by RSA 651-B:7. In determining whether the offender’s name shall appear on the public list, the court shall consider whether the victim was a minor at the time of the crime; the nature of the offenses that are currently listed on the public list; whether public safety would be furthered by including the offender on the public list; and any other relevant factors. The hearing at which such a determination is made shall comply with due process requirements, including a right to appeal the finding. The court shall provide the defendant an opportunity to be heard on the issue prior to the imposition of the registration requirement and shall state on the record the reasons for its findings and the reasons for requiring registration.
2 Registration of Criminal Offenders; Definitions. Amend RSA 651-B:1, V to read as follows:
V. “Offender against children” means a person who is required to register as a result of any violation or attempted violation of:
(a) Any of the following offenses, where the victim was under the age of 18 at the time of the offense, RSA 633:1, 633:2, 633:3, 639:2, or 645:2; or
(b) RSA 169-B:41, II, 639:3, III, 649-A:3, 649-B:3, 649-B:4 or 650:2, II; or
(c) A law of another state or the federal government reasonably equivalent to a violation listed in subparagraph (a) or (b)[;] or
(d) Any other criminal offense committed against a victim under the age of 18 at the time of the offense which is not specifically listed in subparagraph (a) or (b) if the court finds by clear and convincing evidence at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification and
protection of the public would be furthered by requiring the person to register. In determining whether the offender should be required to register, the court may consider the offender's prior criminal history and any other relevant information. Duration of the registration shall be for a period of time as required by the court but not less than 10 years from the date of release from custody. The court shall also make a finding as to whether the offender's name and registration information shall appear on the public list authorized by RSA 651-B:7. In determining whether the offender's name shall appear on the public list, the court shall consider the nature of the offenses that are currently listed on the public list; whether public safety would be furthered by including the offender on the public list; and any other relevant factors. The hearing at which such a determination is made shall comply with due process requirements, including a right to appeal the finding. The court shall provide the defendant an opportunity to be heard on the issue prior to the imposition of the registration requirement and shall state on the record the reasons for its findings and the reasons for requiring registration.

3 Registration of Criminal Offenders; Definitions. RSA 651-B:1, VII is repealed and reenacted to read as follows:

VII. (a) "Required to register" means that a sexual offender or offender against children was charged with an offense or an attempt to commit an offense listed in this chapter that resulted in one of the following outcomes:

1. Conviction;
2. A finding of not guilty by reason of insanity;
3. An adjudication as a juvenile delinquent and the court at the time of the dispositional hearing finds, pursuant to RSA 169-B:19, that the juvenile is required to register;
4. An adjudication of juvenile delinquency or its equivalent in another state or territory of the United States if the juvenile is required to register under the laws of that jurisdiction; or
5. An order committing the person as a sexually violent predator pursuant to RSA 135 E.

(b) A juvenile certified to stand trial as an adult, who is convicted, found not guilty by reason of insanity, or committed as a sexually violent predator, shall be treated as an adult for all purposes under this chapter.

4 New Paragraph; Registration of Criminal Offenders; Definitions. Amend RSA 651-B:1, by inserting after paragraph VII the following new paragraph:

VIII. Notwithstanding RSA 21:6-a, in this chapter "residence" means a place where a person is living or temporarily staying for more than a total of 5 days during a one-month period, such as a shelter or structure that can be located by a street address, including, but not limited to, houses, apartment buildings, motels, hotels, homeless shelters, and recreational and other vehicles.

5 Registration of Criminal Offenders; Registration. Amend RSA 651-B:2 to read as follows:

651-B:2 Registration.
I. Every sexual offender or offender against children shall be registered with the department of safety, division of state police, as provided in this [subdivision] chapter.

II. Upon receipt of information pursuant to RSA 106-B:14 concerning [the conviction of] the disposition of any charges against any sex offender or offender against children, the division shall register such person and shall include the relevant information in the law enforcement name search (LENS) system.

III. Upon receipt from any out-of-state law enforcement agency of information that a sex offender or offender against children has moved to New Hampshire, the division shall register such person and shall include the relevant information in the LENS system.

IV. The information that a person is required to register on the public list as a sexual offender or offender against children, including his or her qualifying offense or offenses, shall be available to law enforcement through the offender’s criminal record and motor vehicle record. If an offender’s obligation to register terminates for any reason, the department shall notify the division of motor vehicles of the change and the offender’s motor vehicle record shall no longer reflect that the person is required to register as a sexual offender or offender against children.

6 Registration of Criminal Offenders; Release of Certain Sexual Offenders Into The Community; Duties. Amend RSA 651-B:3 to read as follows:

651-B:3 Release of Certain Sexual Offenders Into the Community; Duties.
I. Upon release of any sexual offender or offender against children required to register, whether on probation, parole, conditional or unconditional release, completion of sentence, release from secure psychiatric care, release into the community after involuntary commitment, release from
a juvenile detention facility, or for any other reason, the official in charge of such release shall notify the offender of the offender’s duty to report under this chapter. The offender shall acknowledge in writing that he has received such notice. The official shall obtain the address at which the offender expects to reside upon release and shall report such address to the department. The department shall inform the local law enforcement agency where the offender expects to reside. The division shall enter the information concerning the offender’s release and notification in the LENS system.

II. Upon receipt from any out-of-state law enforcement agency of information that a sex offender or offender against children has moved to New Hampshire, the department shall obtain the address at which the offender expects to reside and shall inform the local law enforcement agency. The department shall locate and shall serve notice upon such offender of the offender’s duty to report under this chapter. Service by the department is not required if the offender has already registered with the local law enforcement agency in which the offender resides or is located as required by this chapter. At the time of the initial registration, the [The] offender shall acknowledge in writing that the offender has received such notice of the duty to report. [The department shall obtain the address at which the offender expects to reside and shall inform the local law enforcement agency.] The division shall enter the information concerning the offender’s location in New Hampshire and notification in the LENS system.

III. Semi-annually, the department shall verify the address at which the offender resides by sending a letter by certified non-forwarding mail to the offender. The address verification shall be sent to the offender prior to the offender’s birthday and again prior to the offender’s 6-month semi-annual registration. The address verification shall remind the offender of the obligation to register in person on a semi-annual basis. The offender shall sign the letter and return it to the department within 10 business days of receipt. If the offender’s mailing address is to a post-office box, the department shall deliver by other means as determined by the department a letter to the offender’s residence. The offender shall sign and return the letter within 10 business days of receipt.

7 Registration of Criminal Offenders; Duty to Report. Amend RSA 651-B:4, I to read as follows:

I.(a)(1) Any person required to be registered under this chapter shall report in person [such person’s current mailing address, place of residence or temporary domicile, and place of employment or schooling] to the local law enforcement agency within [30] 5 business days after the person’s release as required under RSA 651-B:3, or within [30] 5 business days after the person’s date of establishment of residence in New Hampshire if the person is required to register as a result of an offense committed in another jurisdiction. Such report shall also be made semi-annually within [30] 5 business days after each anniversary of the person’s date of birth and the sixth month following the person’s date of birth and additionally within [30] 5 business days after any change of [address or place of residence] any information the person is required to report pursuant to this chapter. If an offender has more than one residence, the offender shall report in person to each local law enforcement agency having jurisdiction over each of the offender’s residences.

(2) Such person shall [file] be required to submit to a photograph taken by the law enforcement agency each time the person is required to report to the law enforcement agency under this section.

(3) Such person shall also provide the following information at the time of registration: name, age, race, sex, date of birth, height, weight, hair and eye color, address of any permanent residence and address of any current temporary residence, within the state or out of state, mailing address, date and place of any employment or schooling, and vehicle make, model, color, license tag number. A post office box shall not be provided in lieu of a physical residential address. Such person shall also provide any additional information required by department rules adopted in accordance with RSA 651-B:8.

(b) Any nonresident sexual offender or offender against children who enters this state for the purpose of employment, with or without compensation, or to attend any public or private educational institution for a period exceeding 14 consecutive days or for an aggregate period of time exceeding 30 days during any calendar year shall report in person to the local law enforcement agency having jurisdiction over the place of employment or school within [40] 5 business days of the nonresident offender entering the state for employment or schooling, and additionally within [40] 5 business days after any change of place of employment or schooling. In the event a nonresident offender required to register under this paragraph does not have a principal place of employment, the offender shall register in person with the department in Concord. Upon the
nonresident offender’s initial registration, the local law enforcement agency or the department shall notify the offender of the offender’s duty to report under this chapter. The offender shall report the address of the offender’s place of employment or schooling while in the state, the address where the offender resides out of state, and other information required by RSA 651-B:4, I(a)(3) and department rules adopted in accordance with RSA 651-B:8. Such report shall also be made semi-annually within [40] 5 business days after each anniversary of the person’s date of birth and the sixth month following the person’s date of birth, and additionally within [40] 5 business days after any change [of address or place of employment or schooling] in the information the person is required to report pursuant to this chapter.

8 Registration of Criminal Offenders; Change of Name or Alias, or Address; Duty to Inform. Amend RSA 651-B:5 to read as follows:

651-B:5 Change of Name or Alias, or Address; Duty to Inform.

I. When any person required to be registered under RSA 651-B:4, I(a) changes residence, or their name or alias, changes any information the person is required to report pursuant to this chapter the person shall give written notification of the [person’s new address, name, or alias] new information to the local law enforcement agency to which he or she last reported under RSA 651B:4 within [40] 5 business days of such change of information [residence, name, or alias]. Such notice shall not relieve the person of the duty to report under RSA 651-B:4 at the new place of residence, employment, or schooling. The local law enforcement agency receiving such notice shall forward a copy to the division within 3 days after receipt. The division shall notify the local law enforcement agency at the new place of residence employment or schooling, or the appropriate out-of-state law enforcement agency if the new place of residence, employment or schooling is outside New Hampshire[ ]. The division [and] shall include [such change-of-address or change-of-name] any new information in the LENS system.

II. When any nonresident person required to be registered under RSA 651-B:4, I(b) changes residence, place of employment or schooling, or their name or alias, the person shall give written notification of the person’s new address, place of employment or schooling, name, or alias to the local law enforcement agency to which he or she last reported under RSA 651-B:4 within 10 days of such change of residence, place of employment or schooling, name, or alias. Such notice shall not relieve the person of the duty to report under RSA 651-B:4 at the new place of residence. The local law enforcement agency receiving such notice shall forward a copy to the division within 3 days after receipt. The division shall notify the local law enforcement agency at the new place of residence, or the appropriate out-of-state law enforcement agency if the new place of residence is outside New Hampshire, and shall include such change-of-address or change-of-name information in the LENS system.

III. Any sexual offender or offender against children who, with or without compensation, is employed by or attends any public or private educational institution for a period exceeding 14 consecutive days, or for an aggregate period of time exceeding 30 days during any calendar year, shall give written notification of any changes to the person’s place of employment or schooling to the local law enforcement agency to which he or she last reported under RSA 651-B:4 within 10 days of such change of place of employment or schooling. The local law enforcement agency receiving such notice shall forward a copy to the division within 3 days after receipt. If the sexual offender or offender against children continues to be employed by or attend any public or private educational institution, the division shall notify the local law enforcement agency at the new place of employment or schooling, or the appropriate out-of-state law enforcement agency if the new place of employment or schooling is outside New Hampshire, and shall include such changes in the LENS system:

9 Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6, II to read as follows:

II. Any sexual offender required to register as a result of a violation or attempted violation of RSA 632-A:4, I(a) or RSA 645:1, II, and any offender against children required to register as a result of a violation or attempted violation of RSA 633:3 or 645:2, I, or of an equivalent offense in an out-of-state jurisdiction, shall be registered for a 10-year period from the date of release, provided that any such registration period shall not run concurrently with any registration period resulting from a subsequent violation or attempted violation of an offense for which the person is required to register provisions of paragraph II, any sexual offender or offender against children who is required to register as a result of a violation of more than one offense listed in RSA 651-B:1, III or RSA 651-B:1, V, or who is sentenced to an extended term of imprisonment pursuant to RSA 651:6, I(b) shall be registered for life.
10 New Paragraph; Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6 by inserting after paragraph III the following new paragraph:

IV. Registration of any juvenile required to register pursuant to RSA 651-B:1, VII(a)(3) or (4) shall end when the juvenile turns 17 years of age unless the court which adjudicated the juvenile as a delinquent retains jurisdiction over the juvenile pursuant to RSA 169-B:4, V, in which case registration of the juvenile shall end when the court terminates jurisdiction over the juvenile's case. When the registration of a juvenile terminates, the department shall remove information relating to the juvenile from the LENS system and records of the juvenile's registration shall be handled in accordance with RSA 169-B:35 and RSA 169-B:36.

11 Availability of Information to the Public. Amend RSA 651-B:7, II-VI(a) to read as follows:

II. (a) The division shall maintain a separate list of all individuals registered pursuant to this chapter who are required to register as a result of any violation or attempted violation of one of the following offenses, or of any law of another state or the federal government reasonably equivalent to one of the following offenses:

1. RSA 632-A:2, I(j)
2. RSA 632-A:2, I(k)
3. RSA 632-A:2, I(l)
4. RSA 632-A:2, II-III.
5. RSA 632-A:3, II, provided that the age difference between the convicted individual required to register and the victim was more than 3 years at the time of the offense.
6. RSA 632-A:3, III.
7. RSA 645:1, II-III.
8. Any offense described in RSA 651-B:1, V.

(b)(1) The list described in subparagraph (a) shall include:

(A) The name, address, and date of birth of the registered individual.
(B) The offense for which the individual is required to register.
(C) The date and court of the adjudication on the offense for which the individual is registered.
(D) Outstanding arrest warrants, and the information listed in subparagraphs (b)(1)(A)-(C) for any sexual offender or offender against children who has not complied with the obligation to register under this chapter.
(E) A photograph or physical description of the individual, if available.
(2) Where such information is available, the list may also include:

(A) The date and court of the individual's other adjudications, if any.
(B) Information on the profile of the victim or victims of the individual's offense or offenses.
(C) The method of approach utilized by the individual.

(3) In no event shall the list include the identity of any victim. Sexual offenders convicted under RSA 632-A:2 shall be listed on the public list in a manner which does not disclose, directly or indirectly, that the victim and the defendant were related or members of the same household. For sexual offenders convicted under RSA 632-A:1, I, no specific reference to any statutory subparagraph shall appear on the public list.

(e) In no event shall the list made available to the public pursuant to this section include a sexual offender or offender against children who has been adjudicated as a juvenile delinquent.

III. At periodic intervals, not less frequently than once each month, the commissioner of the department of corrections, and the superintendent of each county department of corrections and the commissioner of the department of health and human services shall forward to the division a statement identifying every offender who is confined in a facility under their control who is required to register as a result of a violation or attempted violation of an offense described in subparagraph II(a), and who is eligible at that time for any unsupervised work detail, release into the community following secure psychiatric care, or other assignment which may bring the offender into contact with members of the public. These statements shall include the information set forth in subparagraphs II(b)(1)(A), (B), and (C), and may also include the information set forth in subparagraphs II(b)(2)(A)-(D). In no event shall the statements include the identity of any victim. These statements shall be incorporated by the division into the list maintained under paragraph II.

IV. (a) The division shall provide a copy of the list described in this section to each local law enforcement agency at periodic intervals, through written, electronic, computerized, or other access-
sible means, but in no event less frequently than once each month. The list shall be made available to interested members of the public upon request to a local law enforcement agency. The department of safety may make the list available to interested members of the public through the use of the department’s official public Internet access site. The department shall adopt rules, pursuant to RSA 541-A, establishing procedures for the collection of information described in this section, the transmission of the information from the division to the local law enforcement agencies, and the conditions under which the list shall be made available to the public. These rules shall enable the public to request information about a named individual or about all listed individuals residing or confined in the state. The rules may also include provisions for the imposition of a reasonable fee to defray the administrative costs of collecting the information and making the information available to the public.

(b) Local law enforcement agencies may photograph, at the time of the registration, any individual who is required to be registered pursuant to this chapter. The consent of the registrant shall not be necessary. Such photographs may be used in the performance of any valid law enforcement function.

(c) In the discretion of the local law enforcement agency, such agency may affirmatively notify the public that an offender who is included on the public list received by the agency pursuant to paragraph IV(a) is residing in the community.

V. Local law enforcement agencies, employees of local law enforcement agencies, [and] county and state officials, municipal and school officials, and municipalities and school districts shall be immune from civil and criminal liability for good faith conduct under this chapter, including any decision to provide or not provide affirmative notification to the public pursuant to RSA 651-B:7, IV(c). Nothing in this paragraph shall be deemed to grant any such immunity to any person for that person’s reckless or wanton conduct.

VI.(a) Notwithstanding the provisions of this section, any individual required to be registered whose name and name is contained on the list described in subparagraph II(a) and who [has been convicted] is required to register as a result of any violation or attempted violation of RSA 632-A:2, III or RSA 632-A:3, II, provided that the age difference between the [convicted] individual required to register and the victim was 3 years or less at the time of the offense and the person has no prior convictions adjudications requiring registration under RSA 651-B:2, may file with the clerk of the superior court for the county in which the judgment was rendered an application for review of the public registration requirement contained in RSA 651-B:7. This application shall not be filed prior to the completion of all the terms and conditions of the sentence and in no case earlier than 10 years after the date of release following conviction. After review of the application, the court may schedule a hearing. Prior to granting any petition to remove an offender from the public list, the court shall provide notice to the county attorney who prosecuted the case, the victim advocate, and the victim or victim’s family and permit those parties to be heard on the petition. If the court denies the offender’s petition, the offender may not file another application pursuant to this paragraph for 5 years from the date of the denial and shall include a risk assessment prepared at the offender’s expense.

12 Registration of Criminal Offenders; Penalties. Amend RSA 651-B:9 to read as follows:

651-B:9 Penalty.

I. A sexual offender or offender against children who is required to register under this chapter and who negligently fails to comply with the requirements of this chapter shall be guilty of a [violation] misdemeanor.

II. A sexual offender or offender against children who is required to register under this chapter and who knowingly fails to comply with the requirements of this chapter shall be guilty of a [misdemeanor] class B felony. An offender who is required to register for a period of 10 years following his or her release, pursuant to RSA 651-B:6, II, shall be required to register for additional 10 years from the date of conviction for violating this paragraph. The obligation to register for an additional 10 years from the date of conviction for violating this paragraph shall be consecutive to the registration period imposed pursuant to RSA 651B:6 and shall be imposed even if the original registration period has elapsed.

III. A sexual offender or offender against children previously convicted of a misdemeanor pursuant to paragraph II who is required to register under this chapter and who knowingly fails to comply with the requirements of this chapter shall be guilty of a class [B] A felony. An offender who is required to register for a period of 10 years following his or her release, pursuant to RSA 651-B:6, II, who is convicted for violating this paragraph shall be required to register for life.
IV. The penalties imposed under paragraphs I-III shall not apply to juveniles required to register pursuant to RSA 651-B:1, VII(a)(3) or (4). The court with jurisdiction over such juveniles may impose an appropriate disposition for a violation of this section.

[V] V. Any person who violates the provisions of RSA 651-B:7 shall be guilty of a violation.

VI. A sexual offender or offender against children who knowingly provides false information in response to any of the requirements of this chapter shall be guilty of a class B felony.

VII. A person is guilty of a class B felony if the person has reason to believe that a sexual offender or offender against children is not complying, or has not complied, with the requirements of this chapter and who purposely assists the offender in eluding any law enforcement agency that is seeking to find the offender to question the offender about, or to arrest the offender for, his or her non-compliance with the requirements of this chapter, and engages in any of the following acts or omissions:

(a) Withholds information from, or does not notify, the law enforcement agency about the offender’s noncompliance with the requirements of this section, and, if known, the whereabouts of the offender;

(b) Harbors, or attempts to harbor, or assists another person in harboring or attempting to harbor, the offender;

(c) Conceals or attempts to conceal, or assists another person in concealing or attempting to conceal, the offender;

(d) Provides information to the law enforcement agency regarding the offender which the person knows to be false information; or

(e) Warns the offender that the law enforcement agency is attempting to locate the offender.

13 New Sections: Registration of Criminal Offenders; Registration Fee; Application. Amend RSA 651-B by inserting after section 10 the following new sections:

651-B:11 Registration Fee.

I. A sexual offender or offender against children shall pay a fee of [§25] $15 at the time of the offender’s initial registration and semi-annually at the time of the offender’s re-registration. The department shall use all fees collected under this paragraph to defray the cost of maintaining the sex offender registry. Such funds shall be continually appropriated to the department for such use and shall be nonlapsing.

II. Anyone required to pay the registration fee who cannot afford to pay the fee shall, within 10 days of registration, request a waiver of the fee and a hearing on the matter before the commissioner. If such a request is made, the commission shall promptly schedule and conduct a hearing pursuant to rules adopted under RSA 541-A. At the hearing the offender shall have the burden to prove that the offender cannot afford to pay the fee because the offender is indigent. After hearing, the decision of the commission shall be final, and the offender shall have a right to appeal the decision in the superior court. Under no circumstances shall the offender’s request for a hearing or indigency relieve the offender of the obligation to register pursuant to the time-frames required by this chapter.

651-B:12 Application. Whenever possible, the provisions of this chapter shall be interpreted and applied consistent with the provisions of the federal Jacob Wetterling Act, as amended.

14 Capital Offense and Murder in the First Degree. Amend RSA 597:1-c to read as follows:

597:1-c [Capital Offenses and Murder in the First Degree] Offenses Punishable By Life Imprisonment. Any person arrested for an offense punishable by up to life in prison [death or murder in the first degree], where the proof is evident or the presumption great, shall not be allowed bail.

15 Sexual Assault and Offenses; Penalties. Amend the introductory paragraph of RSA 632-A:10-a to read as follows:

632-A:10-a Penalties. Notwithstanding RSA 651:2, and except where an extended term is sought as provided in RSA 651:6:

16 New Subparagraph; Sexual Assault and Offenses. Amend RSA 632-A:10-a, V by inserting after subparagraph (b) the following new subparagraph:

(c) Prior to granting any petition pursuant to paragraph V(b), the court shall provide notice to the county attorney who prosecuted the case, the victim advocate, and the victim or victim’s family and permit those parties to be heard on the petition. If the court denies the offender’s petition, the offender may not file another application pursuant to this paragraph for 5 years from the date of the denial and shall include a risk assessment prepared at the offender’s expense.

17 Sentences; Extended Term of Imprisonment. Amend RSA 651:6, I(j) to read as follows:

(j) Possesses a radio device with the intent to use that device in the commission of robbery, burglary, theft, gambling, stalking, or a violation of any provision of RSA 318-B. In this
section, the term “radio device” means any device capable of receiving a wireless transmission on any frequency allocated for law enforcement use, or any device capable of transmitting and receiving a wireless transmission; [or]

18 New Subparagraphs; Sentences; Extended Term of Imprisonment. Amend RSA 651:6, I by inserting after subparagraph (k) the following new subparagraphs:

(l) Has committed or attempted to commit aggravated felonious sexual assault in violation of RSA 632-A:2, I(l) or RSA 632-A:2, II where the defendant was 18 years of age or older at the time of the offense;

(m) Has committed or attempted to commit aggravated felonious sexual assault in violation of RSA 632-A:2, III, and one or more of the acts comprising the pattern of sexual assault was an offense under RSA 632-A:2, I(l) or RSA 632-A:2, II, or both, and the defendant was 18 years of age or older when the pattern of sexual assault began;

(n) Has purposely, knowingly, or recklessly with extreme indifference to the value of human life committed an act or acts constituting first degree assault as defined in RSA 631:1 against a person under 13 years of age where the serious bodily injury has resulted in brain damage or physical disability to the child that is likely to be permanent; or

(o) Has committed murder as defined in RSA 630:1-b against a person under 13 years of age.

19 Sentences; Extended Term of Imprisonment. Amend RSA 651:6. III to read as follows:

III. If authorized by paragraph I or II, and if notice of the possible application of this section is given the defendant prior to the commencement of trial, a defendant [shall] may be sentenced to an extended term of imprisonment. An extended term is, for a person convicted of:

(a) Any felony, other than murder or manslaughter, a minimum to be fixed by the court of not more than 10 years and a maximum to be fixed by the court of not [less] more than 30 years;

(b) A misdemeanor, a minimum to be fixed by the court of not more than 2 years and a maximum to be fixed by the court of not more than 5 years;

(c) Manslaughter, a minimum to be fixed by the court of not more than 20 years and a maximum to be fixed by the court of not more than 40 years;

(d) Murder, life imprisonment;

(e) Two or more offenses under RSA 632-A:2, life imprisonment without parole;

(f) A third offense under RSA 632-A:3, life imprisonment; or

(g) A class A felony under RSA 632-A:2, I(l) and a subsequent separate offense under RSA 632-A:2, II(l), a minimum to be fixed by the court of not less than 15 years and a maximum of life imprisonment without parole; or

(h) Any of the crimes listed under RSA 651:6, I(j), a minimum to be fixed by the court of not less than 90 days and a maximum of not more than one year.

20 New Paragraphs; Sentences; Extended Term of Imprisonment. Amend RSA 651:6 by inserting after paragraph III the following new paragraphs:

IV. If authorized by subparagraphs I(l), (m), or (n) and if notice of the possible application of this section is given to the defendant prior to the commencement of trial, a person shall be sentenced to an extended term of imprisonment as follows:

(a) A minimum to be fixed by the court of not less than 25 years and a maximum of life imprisonment; and

(b) The sentence shall also include, in addition to any other penalties provided by law, a special sentence of lifetime supervision by the department of corrections. The defendant shall comply with the conditions of lifetime supervision which are imposed by the court or the department of corrections. Violation of any of the conditions of lifetime supervision shall be deemed contempt of court. The special sentence of lifetime supervision shall begin upon the offender’s release from incarceration, parole or probation. A defendant who is sentenced to lifetime supervision pursuant to this paragraph is not eligible for release from the lifetime supervision pursuant to RSA 632-A:10-a, V(b).

V. If authorized by subparagraph I(o) and if notice of the possible application of this section is given to the defendant prior to the commencement of trial, a person shall be sentenced to an extended term of imprisonment as follows: a minimum to be fixed by the court of not less than 35 years and a maximum of life imprisonment.

VI. A person shall be sentenced according to the terms of paragraph VII if the court finds, and includes such findings in the record, that such person:

(a) Committed a violation of RSA 632-A:2, I(l), RSA 632-A:2, II, or RSA 632-A:2, III, in which one or more of the acts comprising the pattern of sexual assault was an offense under
RSA 632A:2, I(l) or RSA 632-A:2, II, or both, after having previously been convicted of an offense in violation of one of the aforementioned offenses or any other statute prohibiting the same conduct in another state, territory or possession of the United States, and

(2) The person committed the subsequent offense while released on bail on the earlier offense or the sentence for the earlier conviction involved a term of incarceration, probation, parole, or other supervised release; or

(b)(1) Committed a violation of RSA 631:1 after having previously been convicted of an offense in violation of RSA 631:1, or any other statute prohibiting the same conduct in another state, territory or possession of the United States, if the earlier offense also involved a victim under 13 years of age where the serious bodily injury resulted in brain damage or physical disability to the child that is likely to be permanent; and

(2) The person committed the subsequent offense while released on bail on the earlier offense or the sentence for the earlier conviction involved a term of incarceration, probation, parole, or other supervised release; or

(c)(1) Committed a violation of RSA 630:1-b after having previously been convicted of an offense in violation of RSA 630:1-b, or any other statute prohibiting the same conduct in another state, territory, or possession of the United States; and

(2) The person committed the subsequent offense while released on bail on the earlier offense or the sentence for the earlier conviction involved a term of incarceration, probation, parole, or other supervised release.

VII. If the court has made the findings authorized by RSA 651:6, VI, and if notice of the possible application of this section is given to the defendant prior to the commencement of trial, a person shall be sentenced to an extended term of imprisonment of life without parole.

21 New Chapter; Involuntary Civil Commitment of Sexually Violent Predators. Amend RSA by inserting after chapter 135-D the following new chapter:

IN VOLUNTARY CIVIL COMMITMENT OF SEXUALLY VIOLENT PREDATORS

135-E:1 Findings and Intent. The general court finds that a small but extremely dangerous number of sexually violent predators exist who do not have a mental disease or defect that renders them appropriate for involuntary treatment under RSA 135-C, which is intended to provide short-term treatment to individuals with serious mental disorders and then return them to the community. In contrast to persons appropriate for civil commitment, sexually violent predators generally have antisocial personality features which are unamenable to existing mental illness treatment modalities, and those features render them likely to engage in criminal, sexually violent behavior. The general court further finds that the likelihood of sexually violent predators engaging in repeat acts of predatory sexual violence is high. The existing involuntary commitment procedures for the treatment and care of mentally ill persons are inadequate to address the risk these sexually violent predators pose to society. The general court further finds that the prognosis for rehabilitating sexually violent predators in a prison setting is poor, the treatment needs of this population are very long term, and the treatment modalities for this population are very different from the traditional treatment modalities for people appropriate for commitment under existing law. It is therefore the intent of the general court to create a civil commitment procedure for the long-term care and treatment of sexually violent predators.

135-E:2 Definitions. In this chapter:

I. “Agency with jurisdiction” means the agency that releases, upon lawful order or authority, a person who is serving a sentence in the custody of the department of corrections, or a person who was involuntarily committed upon a finding that the person was not guilty by reason of insanity or incompetent to stand trial.

II. “Commissioner” means the commissioner of the department of health and human services.

III. “Convicted of a sexually violent offense” means a person who has been:

(a) Adjudicated guilty of a sexually violent offense after a trial, guilty plea, or plea of nolo contendere;

(b) Adjudicated not guilty by reason of insanity of a sexually violent offense; or

(c) Found incompetent to stand trial on a charge of a sexually violent offense and the court makes the finding required pursuant to RSA 135-E:5.

IV. “Court” means the superior court in the county where that person was last convicted of a sexually violent offense, or if the person is in custody on an out-of-state or federal sexually violent offense the county where the person plans to reside upon release or, if no residence in this state is planned, in the county where the facility from which the person to be released is located.
V. “Department” means the department of health and human services.

VI. “ Likely to engage in acts of sexual violence” means the person’s propensity to commit acts of sexual violence is of such a degree that the person has serious difficulty in controlling his or her behavior as to pose a potentially serious likelihood of danger to others.

VII. “Mental abnormality” means a mental condition affecting a person’s emotional or volitional capacity which predisposes the person to commit sexually violent offenses.

VIII. “Parole board” means the adult parole board established in RSA 651-A:3.

IX. “Person” means an individual 18 years of age or older who is a potential or actual subject of proceedings under this chapter.

X. “Sexually motivated” means that one of the purposes for which the defendant committed the crime was for sexual gratification.

XI. “Sexually violent offense” means:

(a) Capital murder in violation of RSA 630:1, I(e);
(b) First degree murder in violation of RSA 630:1-a, I(b)(1);
(c) Aggravated felonious sexual assault in violation of RSA 632-A:2;
(d) Kidnapping in violation of RSA 633:1, I(d), where the offender confined the victim with the purpose to commit sexual assault against the victim;
(e) Burglary in violation of RSA 635:1, I, where the offender entered a building or occupied structure with the purpose to commit sexual assault;
(f) An attempt, criminal solicitation, or conspiracy, to commit any of the offenses listed above; or
(g) A violation of any other statute prohibiting the same conduct as the offenses listed above in another state, territory, or possession of the United States.

XII. “Sexually violent predator” means any person who:

(a) Has been convicted of a sexually violent offense;
(b) Suffers from a mental abnormality or personality disorder that makes the person likely to engage in acts of sexual violence if not confined in a secure facility for long-term control, care, and treatment; and
(c) Is not eligible for involuntary admission under RSA 135-C or RSA 171-B.

XIII. “Total confinement” means that the person is being held in any physically secure facility being operated by or contractually operated for the department of corrections or the department of health and human services. A person shall also be deemed to be in total confinement for applicability of provisions under this chapter if the person is serving an incarcerative sentence under the custody of the department of corrections or is being held in any other secure facility for any reason. A person is not subject to total confinement if the person is subject to an incarcerative sentence or other custody in a secure facility but has contact with the community, such as through work release, a halfway house, or other supervised or unsupervised release into the community.

135-E:3 Notice to County Attorney or Attorney General; Multidisciplinary Teams Established.

I. The commissioner, or designee, shall establish a multidisciplinary team or teams, each of which shall include, but is not limited to, 2 licensed psychiatrists or psychologists or one licensed psychiatrist and one licensed psychologist each of whom has specialized training or experience in the area of treatment and diagnosis of sex offenders. The attorney general shall serve as legal counsel to the multidisciplinary team. The purpose of the team shall be to evaluate whether persons convicted of a sexually violent offense who are eligible for release from total confinement meet the definition of a sexually violent predator.

II. When a person who has committed a sexually violent offense is to be released from total confinement in New Hampshire, the agency with jurisdiction over the person shall give written notice to the county attorney of the county where that person was last convicted of a sexually violent offense, or attorney general if the case was prosecuted by the attorney general. If the person is in custody on an out-of-state or federal sexually violent offense the agency with jurisdiction shall give written notice to the county attorney of the county where the person plans to reside upon release or, if no residence in this state is planned, the county attorney in the county where the facility from which the person to be released is located or to the attorney general if the person has been convicted of murder. Except as provided in RSA 135-E:4, the written notice shall be given:

(a) At least 9 months prior to the anticipated release from total confinement of a person serving a sentence in the custody of the department of corrections, except that in the case of persons who are totally confined for a period of less than 9 months, written notice shall be given as soon as practicable; or
(b) At least 9 months prior to the anticipated hearing regarding possible release of a person committed to the custody of the department who has been found not guilty by reason of insanity for a sexually violent offense.

III. Upon receipt of such notice, if there is an articulable basis to believe that the person is likely to engage in acts of sexual violence, either the county attorney, attorney general, or the agency with jurisdiction may request that the multidisciplinary team assess and evaluate the person to determine whether the person is a sexually violent predator.

IV. If a request to assess and evaluate a person is made pursuant to paragraph III, the agency with jurisdiction shall provide the multidisciplinary team with the following information:

(a) The person’s name, identifying characteristics, anticipated future residence, the type of supervision the person will receive in the community, if any, and the person’s offense history;

(b) The person’s criminal history, including police reports, victim statements, pre-sentence investigation reports, post-sentence investigation reports, if available, and any other documents containing facts of the person’s criminal incidents;

(c) Mental health, mental status, and medical records, including all clinical records and notes concerning the person;

(d) Documentation of institutional adjustment and any treatment received; and

(e) If the person was returned to custody after a period of supervision, documentation of adjustment during supervision and any treatment received.

V.(a) The multidisciplinary team shall assess and evaluate each person referred to the team. The assessment and evaluation shall include a review of the person’s institutional history and treatment record, if any, the person’s criminal background, and any other factor that is relevant to the determination of whether such person is a sexually violent predator.

(b) Before concluding the evaluation, the multidisciplinary team shall offer the person being evaluated a personal interview. If the person agrees to participate in a personal interview, at least one member of the team who is a licensed psychiatrist or psychologist shall conduct the interview. If the person refuses to fully participate in a personal interview, the multidisciplinary team may proceed with its recommendation without a personal interview of the person.

(c) Within 6 months after receiving notice of a person’s anticipated release from total confinement, the department of health and human services shall provide to the county attorney or attorney general a written report of the multidisciplinary team’s findings as to whether the person meets the definition of a sexually violent predator.

135-E:4 Release From Total Confinement; Transfers; Petition to Hold in Custody.

I. In the event that a person who has been convicted of a sexually violent offense is eligible for immediate release from total confinement, the agency with jurisdiction shall provide immediate notice to the county attorney or attorney general of the person’s release. The county attorney or attorney general or the agency with jurisdiction may file a petition for an emergency hearing in the superior court requesting that the person subject to immediate release be evaluated by the multidisciplinary team to determine whether the person is a sexually violent predator. The hearing shall be held within 24 hours of the filing of the petition, excluding Saturdays, Sundays, and holidays. The person shall not be released from total confinement until after the hearing has been held. At the hearing, the court shall determine whether there is probable cause to believe that the person is a sexually violent predator. If the court finds probable cause, the person shall be held in an appropriate secure facility.

II. Within 72 hours after finding probable cause, the multidisciplinary team shall assess whether the person meets the definition of a sexually violent predator. If the multidisciplinary team determines that the person does not meet the definition of a sexually violent predator, the department shall provide notice to the county attorney or attorney general and that person shall be immediately released. If the multidisciplinary team determines that the person meets the definition of a sexually violent predator, the team shall provide the county attorney or attorney general with its written assessment and recommendation within the 72-hour period or, if the 72-hour period ends on a weekend or holiday, within the next working day thereafter.

III. Within 48 hours after receipt of the written assessment and recommendation from the multidisciplinary team, the county attorney or attorney general may file a petition with the superior court alleging that the person is a sexually violent predator and stating facts sufficient to support such allegation. If a petition is not filed within 48 hours after receipt of the written assessment and
recommendation by the county attorney or attorney general, the person shall be immediately released. If a petition is filed pursuant to this section, the person shall be held in an appropriate secure facility for further proceedings in accordance with this chapter.

IV. A person shall be released if the multidisciplinary team or the county attorney or attorney general do not comply with the time limitations in this section. The provisions of this section, however, are not jurisdictional, and failure to comply with the time limitations, which results in the release of a person who has been convicted of a sexually violent offense, is not dispositive of the case and does not prevent the county attorney or attorney general from filing a petition against a person otherwise subject to the provisions of this chapter. However, the court shall not consider any petition filed more than 6 months after the person’s release from incarceration unless the timing of the petition is due to newly discovered material facts, which shall be alleged in the petition.

135-E:5 Persons Found Incompetent to Stand Trial.

I. If the county attorney or attorney general seeks to civilly commit a person charged with a sexually violent offense and found incompetent to stand trial, the court shall order the person to remain in custody for a reasonable period of time, not to exceed 90 days, for proceedings pursuant to this section.

II. The court shall first hear evidence and determine whether the person did commit the act or acts charged. The hearing on this issue shall comply with all the procedures specified in this section. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged beyond a reasonable doubt. In determining whether the state has met its burden, the court shall consider the extent to which the person’s incompetence or developmental disability affected the outcome of the hearing, including the person’s ability to assist his or her counsel by recounting the facts, identifying witnesses, testifying in his or her own defense, or providing other relevant information or assistance to counsel or the court. If the person’s incompetence substantially interferes with the person’s ability to assist his or her counsel, the court shall not find the person committed the act or acts charged unless the court can conclude beyond a reasonable doubt that the acts occurred, and that the strength of the state’s case, including physical evidence, eye witness testimony, and corroborating evidence, is such that the person’s limitations could not have had a substantial impact on the proceedings. If, after the conclusion of the hearing, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, the court shall enter a final order, appealable to the supreme court on that issue. If the person appeals, the person shall be held in an appropriate secure facility. If the person does not appeal or if the appeal is unsuccessful, the court shall proceed as specified in this section.

III. Within 90 days after the court finds that the person committed the act or acts charged or after appeal, the multidisciplinary team shall conduct an evaluation pursuant to the procedures outlined in RSA 135-E:3 to determine whether the person meets the definition of a sexually violent predator and the department shall provide to the county attorney or attorney general a written report of the multidisciplinary team’s findings as to whether the person meets the definition of a sexually violent predator.

135-E:6 Petition; Contents. If the multidisciplinary team finds the person meets the definition of a sexually violent predator, the county attorney or attorney general may file a petition within 14 days with the superior court alleging that the person is a sexually violent predator and stating facts sufficient to support such allegation. If the county attorney or attorney general does not file a petition within 14 days, and the person is otherwise subject to release, the person shall be released.

135-E:7 Determination of Probable Cause.

I. When the county attorney or attorney general files a petition seeking to have a person declared a sexually violent predator, within 10 days of the filing of the petition, the court shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If the court determines based on the content of the petition that there is probable cause to believe that the person is a sexually violent predator, the court shall order that the person remain in custody and be held in an appropriate secure facility for further proceedings in accordance with this chapter.

II. If the offender’s incarcerative sentence expires before a hearing on the merits of a petition for civil commitment pursuant to this chapter, the court shall conduct a probable cause hearing within 2 days of the expiration of the person’s incarcerative sentence. If the court concludes following the hearing that there is probable cause to believe that the person is a sexually violent predator, the court shall order that the person remain in custody and held in an appropriate secure facility for further proceedings in accordance with this chapter.
135-E:8 Contract Authority. The department may contract with a private entity or state agency for use of and operation of facilities to comply with the requirements of this chapter.

135-E:9 Trial; Procedure.

I. The person or the county attorney or attorney general has the right to demand that the trial be before a jury. A demand for a jury trial must be filed, in writing, no later than 30 days after the finding of probable cause. If no demand is made, the trial shall be to the court. At all adversarial proceedings under this chapter, the person subject to this chapter is entitled to the assistance of appointed counsel if the person is indigent.

II. Within 60 days after the court’s initial determination of probable cause, or, in cases where a jury trial has been elected, 60 days after the election of a jury trial, the court shall conduct a trial to determine whether the person is a sexually violent predator.

III. The trial may be continued upon the request of either party and a showing of good cause, or by the court on its own motion in the interests of justice, when the person will not be substantially prejudiced by the delay.

IV. The person may retain experts or mental health professionals to perform an examination. If the person wishes to be examined by a professional of the person’s own choice, the examiner shall be provided reasonable access to the person, as well as to all relevant medical and mental health records and reports. In the case of a person who is indigent, the court, upon the person’s request, shall appoint experts or authorize other services pursuant to RSA 604-A:6. If the defendant retains an expert to perform a mental health examination, the person shall also submit to an examination by an expert of the state’s choosing. If the person refuses to submit to an examination by the state’s expert the court shall prohibit the person’s mental health experts from testifying concerning any mental health tests, evaluations, or examinations of the person.

135-E:10 Rules of Procedure and Evidence. In all civil commitment proceedings for sexually violent predators under this chapter:

I. The doctor-patient privilege under RSA 329:26, RSA 330-A:19, the rules of evidence or other similar statutes or rules shall not apply in proceedings under this chapter.

II. The court may consider evidence of the person’s prior conduct if such evidence is relevant to the issue of whether the person is a sexually violent predator.

III. Hearsay evidence, including reports of a member of the multidisciplinary team or reports produced on behalf of the multidisciplinary team, shall be admissible in proceedings under this chapter unless the court finds that such evidence is not reliable. In a trial, however, hearsay evidence shall not be used as the sole basis for committing a person under this chapter.

135-E:11 Determination.

I. The state shall have the burden of proving by clear and convincing evidence that the person is a sexually violent predator. If the determination is made by a jury, the verdict shall be unanimous. If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial. If the court declares a mistrial, the county attorney or attorney general may refile the petition and proceed according to the provisions of this chapter. Any retrial shall occur within 90 days after the previous trial, unless the subsequent proceeding is continued in accordance with RSA 135-E:9, II.

II. If the court or jury determines that the person is a sexually violent predator, upon the expiration of the incarcerative portion of all criminal sentences and disposition of any detainers other than detainers for deportation by the United States Bureau of Citizenship and Immigration Services, the person shall be committed to the custody of the department of health and human services for control, care, and treatment until such time as the person’s mental abnormality or personality disorder has so changed that the person no longer poses a potentially serious likelihood of danger to others. At all times, persons who are detained or committed under this chapter shall be kept in a secure facility segregated from patients of the department who are not detained or committed under this chapter. An order committing a person shall be valid for up to 5 years.

III. The determination that a person is a sexually violent predator may be appealed. The public defender shall be appointed to represent the person on appeal if the person is indigent.

135-E:12 Examinations; Release of Committed Persons.

I. Prior to the expiration of the initial commitment order or any recommittal order, the county attorney or attorney general may file a petition to recommit the person.

II. If the state petitions to renew the committal, the court shall hold a hearing. The person is entitled to be present and is entitled to the benefit of all procedural protections afforded the person at the initial trial, except for the right to a jury. The state has the right to have the person exam-
ined by professionals chosen by the state. At the hearing, the state bears the burden of proving, by clear and convincing evidence, that the person remains a sexually violent predator. Any recommittal order shall be valid for a period of up to 5 years.

135-E:13 Authorized Petition for Release.

I. If the commissioner, or designee, at any time determines that the person is not likely to commit acts of sexual violence if discharged, the commissioner or the his or her designee shall notify the court and the court shall hold a hearing. The petition shall be served upon the court and the county attorney or attorney general. The court, upon receipt of such notice, shall schedule a hearing within 60 days, unless continued for good cause.

II. The county attorney or attorney general shall represent the state, and has the right to have the person examined by professionals of the county attorney or attorney general’s choice. The state bears the burden of proving, by clear and convincing evidence, that the person remains a sexually violent predator.

135-E:14 Petitions for Release. A person may file a petition for discharge at any time after commitment under this chapter without the approval of the commissioner, or his or her designee. Notice of the petition shall be provided to the commissioner and to the county attorney or attorney general. After reviewing the petition filed by the person the court may request the commissioner or county attorney or attorney general to respond to the petition. The commissioner or county attorney or attorney general is not required to respond to a petition filed pursuant to this section unless ordered to do so by the court. If the court determines that appointment of counsel may assist in an appropriate resolution of the petition, and the person is indigent, the court shall appoint counsel to represent the person. If the court determines that the petition is without merit on its face, the court may deny the petition without a hearing.

135-E:15 Release of Records to Agencies.

I. In order to protect the public, relevant information and records that are otherwise confidential or privileged shall be released to the agency with jurisdiction, to a multidisciplinary team, or to the county attorney or attorney general for the purpose of meeting the notice requirements of this chapter and determining whether a person is or continues to be a sexually violent predator. A person, agency, or entity receiving information under this section which is confidential shall maintain the confidentiality of that information. Such information does not lose its confidential status due to its release under this section.

II. Psychological or psychiatric reports, drug and alcohol reports, treatment records, medical records, pre-sentence investigative report, or victim impact statements that have been submitted to the court or admitted into evidence under this chapter shall be part of the record but shall be sealed and may be opened only pursuant to a court order.

135-E:16 Constitutional Requirements. The long-term control, care, and treatment of a person committed under this chapter shall conform to constitutional requirements.

135-E:17 Immunity from Civil Liability. The agency with jurisdiction and its officers and employees; the department and its officers and employees; members of the multidisciplinary team; the county attorney or attorney general and the county attorney or attorney general’s employees; and those involved in the evaluation, care, and treatment of sexually violent persons committed under this chapter are immune from any civil liability for good faith conduct under this chapter.

135-E:18 Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications to this chapter which can be given effect without the invalid provisions of applications, and to this end the unconstitutional provisions or applications of this chapter are severable.

135-E:19 Applicability. This chapter applies retroactively to all persons in custody as of the effective date of this statute who have been convicted of a sexually violent offense, as well as prospectively.

135-E:20 Notice Requirements.

I. No later than 30 days prior to the release of a sexually violent predator, the department shall give written notice of the person’s release to the victim advocate for the county in which the person was prosecuted, and to the extent possible the victim or the victim’s family shall be notified.

II. If a sexually violent predator who has an active or pending term of probation, parole, conditional release, or other court-ordered or postprison release supervision is released from custody, the department shall immediately notify the department of corrections. The parole board shall also be immediately notified of the release of a sexually violent predator who has an active or pending term of parole, conditional release, or other postprison release supervision that is administered by the parole board.
135-E:21 Escape.

I. A person who escapes or attempts to escape from lawful custody pursuant to this chapter is guilty of a class A felony.

II. If a person escapes while in custody pursuant to this chapter, the department shall immediately notify the victim and the county attorney or attorney general that filed the petition for civil commitment. If the escapee has an active or pending term of probation, parole, conditional release, or other court-ordered or postprison release supervision, the department shall also immediately notify the department of corrections. The parole board shall also be immediately notified of an escape if the escapee has an active or pending term of parole, conditional release, or other postprison release supervision that is administered by the parole board.

135-E:22 Rules. The department shall adopt rules, pursuant to RSA 541-A, relative to:

I. Procedures to be followed by members of the multidisciplinary teams when assessing and evaluating persons subject to this chapter.

II. Education and training requirements for members of the multidisciplinary teams and professionals who assess and evaluate persons under this chapter.

III. The designation of secure facilities for sexually violent predators who are subject to involuntary commitment under this chapter.

IV. The components of the basic treatment plan for all committed persons under this chapter.

V. The protocol for informing a person that he or she is being evaluated to determine whether he or she is a sexually violent predator under this chapter. Such protocol shall include procedures for informing the person of the right to refuse to participate in a personal interview with the multidisciplinary team or members thereof, the right to consult with counsel prior to participating in such an interview, and the right to have counsel appointed if the person is indigent.

135-E:23 Appointment of Counsel. The right of a person sought to be committed as a sexually violent predator to legal counsel prior to and during any judicial hearing conducted under this chapter shall be absolute and unconditional. The right to legal counsel for any person sought to be committed during any judicial proceeding conducted under this chapter shall be waived only if the client or person sought to be committed makes an informed decision to do so. The person sought to be committed shall pay the costs of the legal services in connection with hearings held under this chapter. If the person sought to be committed is unable to pay for counsel, the court shall appoint counsel pursuant to RSA 604-A:2. Such appointment shall be made no later than upon the filing of the petition and shall be made upon request of the person before any interview or personal examination of the person is conducted by the multidisciplinary team or other person in preparation for the filing of a petition.

22 Commitment to Hospitals; Competency Hearing; Commitment for Treatment. Amend RSA 135:17-a, V as follows:

V. If the court has determined that the defendant has not regained competency, and the court determines that he or she is dangerous to himself or herself or others, the court shall order the person to remain in custody for a reasonable period of time, not to exceed 90 days, to be evaluated for the appropriateness of involuntary treatment pursuant to RSA 135-C:34 or RSA 171-B:2. The court may order the person to submit to examinations by a physician, psychiatrist, or psychologist designated by the state for the purpose of evaluating appropriateness and completing the certificate for involuntary admission into the state mental health services system, the state developmental services delivery system, or the secure psychiatric unit, as the case may be. If a defendant who was charged with a sexually violent offense, as defined in RSA 135-E:2, XI, has not regained competency, the court shall proceed pursuant to RSA 135-E.

23 New Subparagraph; Delinquent Children; Dispositional Hearing. Amend RSA 169-B:19, I by inserting after subparagraph (j) the following new subparagraph:

(k) Order the minor to register as a sexual offender or offender against children pursuant to RSA 651-B until the juvenile reaches the age of 17 if the court finds that the minor presents a risk to public safety.

24 New Subparagraph; Delinquent Children; Dispositional Hearing. Amend RSA 169-B:19, III-a by inserting after subparagraph (e) the following new subparagraph:

(f) If the court retains jurisdiction over the minor pursuant to RSA 169-B:4, V, and the court has determined that the minor is required to register as a sexual offender or offender against children pursuant to RSA 169-B:19, I(k), the minor shall continue to register pursuant to RSA 651-B; provided, that so long as the court retains jurisdiction over the case.
25 New Subparagraph; Delinquent Children; Juvenile Case and Court Records. Amend RSA 169-B:35, III by inserting after subparagraph (c) the following new subparagraph:

(d) Pursuant to RSA 651-B, the department of safety shall disclose registration information to law enforcement agencies for juveniles if the court has found that the juvenile is required to register as a sexual offender or offender against children. In no event shall any juvenile required to register be listed on the list of sexual offenders and offenders against children made available to the public pursuant to RSA 651B:7.

26 Committee to Identify and Evaluate Classification and Risk Assessment Procedures for Convicted Sex Offenders and Offenders Against Children Established.

I. There is established a committee to identify and evaluate classification and risk assessment procedures for convicted sex offenders and offenders against children.

II. The members of the committee shall be as follows:

(a) Four members of the house of representatives, at least 2 of whom shall be from the criminal justice and public safety committee, and one of whom shall be from the judiciary committee, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall:

(a) Identify and evaluate classification and risk assessment procedures for convicted sex offenders and offenders against children.

(b) Identify classification and risk assessment procedures from other states, including those in the New England region.

(c) Identify the scope, use, and effectiveness of such procedures.

(d) Identify the benefits and liabilities of notifying the public of each level of classification and the best system for such notification.

(e) Identify funding sources for such classification and risk assessment procedures.

(f) Identify implementation procedures for past, present, and future offenders.

(g) Identify methods of evaluation and accountability.

(h) Study any additional information that the committee deems necessary.

V. The committee shall use the information collected to make recommendations to the legislature for the management of sex offenders and offenders against children.

VI. The committee shall solicit information and testimony from any organization or individual as deemed necessary to assist the committee in the performance of its duties, including:

(a) Employees of the department of safety with direct responsibility for maintaining the New Hampshire sex offender registry.

(b) Other department of safety employees as may be necessary.

(c) The department of corrections.

(d) The department of education.

(e) Forensic evaluators.

(f) Sex offender treatment providers.

(g) Victims' advocates.

(h) A licensed New Hampshire attorney primarily engaged in the practice of criminal defense.

(i) The New Hampshire Civil Liberties Union.

(k) An advocate for the developmentally disabled.

VII. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

VIII. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

27 Global Positioning Satellite Monitoring; Feasibility Study. The department of corrections shall implement a study to evaluate the feasibility and efficacy of instituting life-time monitoring of serious sexual offenders and offenders against children by means of global positioning satellite
technology or other monitoring or tracking systems and report the results of the study to the general court on or before November 1, 2006. The department of corrections shall implement a system for tracking sexual offenders and offenders against children by global positioning satellite technology by July 1, 2008.

28 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

29 Effective Date.
   I. Sections 26, 27, and 29 of this act shall take effect upon its passage.
   II. The remainder of this act shall take effect January 1, 2007.

AMENDED ANALYSIS

This bill revises the statutes concerning sexual predators, and establishes a committee to identify and evaluate classification and risk assessment procedures for convicted sex offenders and offenders against children.

Rep. Stevens spoke in favor and yielded to questions.
Rep. Knowles spoke against and yielded to questions.
Rep. Welch spoke against.
Rep. Stevens requested a roll call; sufficiently seconded.

and floor amendment (1487h) failed.

MOTION TO SPECIAL ORDER

Rep. O’Neil moved to Special Order HB 1692, establishing the New Hampshire sexual predators act, to later on today’s calendar.

Rep. Welch and O’Neil spoke in favor.

Reps. Soltani, Guida and Vaillancourt spoke against.

Rep. Jasper spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Rowe moved that HB 1692, establishing the New Hampshire sexual predators act, be laid on the table, and the motion failed.

Rep. Campbell moved the previous question.

On a division vote, 287 members having voted in the affirmative and 50 in the negative, the motion was adopted.

The question now being adoption of the motion to Special Order to later on today’s calendar.

On a division vote, 121 members having voted in the affirmative and 218 in the negative, the motion failed.

Rep. Hellwig asked if the bill was divisible by taking out section 13.

The Speaker stated the bill was divisible and so ordered.

Rep. Hellwig moved that section 13 be found Inexpedient to Legislature.

Rep. Soltani moved that the bill not be divided.

The Speaker ruled the motion out of order.

Rep. Soltani stated that he did not want to challenge the ruling of the Chair, but did not want to divide the bill.

Rep. Soltani withdrew his motion and urged the House to vote against the motion of Inexpedient to Legislature on section 13.
MOTION TO RECESS

Rep. O'Brien moved that the House recess one hour.
On a division vote, 183 members having voted in the affirmative and 153 in the negative, the motion was adopted.
The House recessed at 1:45 p.m.

RECESS
(Speaker Scamman in the Chair)
The House reconvened at 2:45 p.m.

REGULAR CALENDAR (CONT’D.)

HB 1692-FN, establishing the New Hampshire sexual predators act.

Rep. Hellwig withdrew his request to divide the bill.
The question now being adoption of the majority committee report.
Rep. O'Neil offered floor amendment (1507h).

Floor Amendment (1507h)
Amend the bill by replacing section 13 with the following:

13 New Section; Registration of Criminal Offenders; Registration Fee; Application. Amend RSA 651-B by inserting after section 10 the following new section:

651-B:11 Application. Whenever possible, the provisions of this chapter shall be interpreted and applied consistent with the provisions of the federal Jacob Wetterling Act, as amended.

Rep. Welch spoke in favor and yielded to questions.
Floor amendment (1507h) was adopted.
The question now being adoption of the majority committee report.
Rep. Vaillancourt spoke against.
Rep. O'Neil requested a roll call; sufficiently seconded.

and the majority committee report as amended was adopted.

Ordered to third reading.

Reps. Dickinson and DiFruscia did not vote and notified the Clerk that they wished to be recorded in favor.

The House recessed at 3:00 p.m.

RECESS

(Speaker Scamman in the Chair)

The House reconvened at 3:45 p.m.

MOTION TO VACATE

Rep. Dokmo moved that the House vacate the reference of SB 271, relative to the availability of voter checklist information, to the committee on Judiciary.

Motion adopted.

The Speaker referred SB 271 to the committee on Election Law.
(Rep. Sheila Francoeur in the Chair)

SPECIAL ORDER

HB 1236-FN-L, relative to disclosure of public expenditures related to lobbying and electioneering.

MAJORITY: OUGHT TO PASS.

MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. William L. O'Brien for the Majority of Election Law: As has so often been observed with regard to governmental affairs, “Sunshine is the best disinfectant.” This quaint phrase reminds us that openness in government leads to accountability. HB 1236 will bring such openness to the use of public funds for electioneering and lobbying by a governmental entity. The majority of the committee recognizes that some may support. others may oppose and still others may simply be surprised over the use of public funds for electioneering and lobbying, but no one should oppose allowing the public to know of the existence and the amount of such expenditures. For those who were concerned that compiling such information would be too time consuming or costly, there exists a greater concern that such information is not being compiled and tracked by public entities who are electioneering the public or lobbying governmental officials. If that is so, then the openness mandated by HB 1236 will most certainly bring accountability where it is lacking today. Those in government who say it is not needed are saying in essence the public cannot be trusted to know what we can know: how much of their money we are spending to influence them and their elected officials. Vote 9-6.

Rep. James R. Splaine for the Minority of Election Law: This bill is absolutely not needed and there is no problem to remedy. Public expenditures are already public information. It is unnecessary to place further cost and paperwork requirements onto city and town public officials. The additional reporting requirements could also bring up legal and constitutional questions as well as create unworkable reporting guidelines which make no sense.

Floor Amendment (1476h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Disclosure of Public Funds Expended for Electioneering or Lobbying. Amend RSA 664 by inserting after section 5-c the following new section:

664:5-d Disclosure of Public Funds Expended for Electioneering or Lobbying.

I. A public entity shall disclose any expenditures, payments, or appropriations of public funds to any nonpublic entity where any part of the funds were used for electioneering or lobbying by publishing notice of the expenditure, payment, or appropriation made during the prior fiscal year by November 15 of each year. The notice shall disclose the amount of the expenditure, payment, or appropriation and the percentage of the amount that was used for electioneering or lobbying. The public entity shall post the notice in the relevant community or at the principal office of the state entity.

II. For the purposes of this section, “electioneer” shall mean to act in any way specifically designed to influence the vote of a voter on any question or office, “lobby” shall mean to act in any way specifically designed to influence the vote or decision of an elected or appointed public official on any official matter, and “public entity” shall mean a political subdivision, as defined in RSA 5-B:2, III, or any entity listed in RSA 91-A:1-a, I(c) or (d). For purposes of this section, “nonpublic entity” shall not include employees of the public entity.

2 Effective Date. This act shall take effect November 15, 2007.

Rep. Mead requested a roll call; sufficiently seconded.

The question now being adoption of the majority committee report.
Rep. Robert Wheeler spoke against and yielded to questions.
Rep. Splaine requested a roll call; sufficiently seconded.

(Speaker Scamman in the Chair)

HB 642-FN-L, relative to the regulation of home inspectors. INEXPEDIENT TO LEGISLATE.

Rep. Ken Hawkins for Executive Departments and Administration: This bill would have formed a board under the joint board to license building inspectors. After many hours of subcommittee work, the committee came to the conclusion that there were issues that could not be resolved and that the licensing would confuse consumers on what was being inspected and what was not (i.e. appliances, wiring, plumbing, etc.). Interim study was voted down and inexpedient to legislate was recommended so the sponsors could work on bringing a bill forward next term that would satisfy all parties involved. Vote 11-3.

Committee report adopted.

PRESENTATION OF REVENUE ESTIMATES WORKSHEET

Reps. Major and King addressed the Revenue Estimates worksheet and yielded to questions. The Speaker ordered that the Revenue Estimates worksheet be printed in the Permanent Journal.

SPECIAL ORDER CALENDAR - FINANCE BILLS

HB 627-FN, relative to including persons 17 years old in the juvenile justice system. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Wheeler for Finance: The committee felt that it was important to keep the policy in place. However the effective date was amended to allow this subject to compete with others for resources in the next budget process. This would also allow time to get a better grip on exactly what dollars will actually be needed both at the state and county levels. Vote 15-4.

Amendment (1039h)

Amend the bill by deleting section 5 and renumbering the original section 6-19 to read as 5-18. Amend the bill by replacing section 18 with the following:

18 Effective Date. This act shall take effect July 1, 2007.

Amendment adopted.

On a division vote, 206 members having voted in the affirmative and 100 in the negative, the committee report was adopted.

Ordered to third reading.

HB 1189, relative to audits by the legislative budget assistant. OUGHT TO PASS WITH AMENDMENT.

Rep. Kenneth Weyler for Finance: The Performance Audit Oversight Committee is a joint House/Senate committee that directs the performance audit section of the legislative budget assistant (LBA) in their assignments and scoping. These tasks are further reviewed and approved by the Fiscal Committee, another joint House/Senate committee. Performance audits have been a useful tool for the legislature to use when performing its financial oversight role. These audits go beyond mere balance sheets; they are closer to a management analysis. This has lead to many changes in our laws and better control of state dollars. Members of the Performance Audit Oversight Committee felt stymied when the auditors informed them that they were not allowed to follow an audit trail that led past a state agency. This bill enables the performance auditors to follow state funds to other entities, within the limits laid down by the aforementioned joint committees. The amendment limits such forward audits to no more than 5 in 5 years. It also makes the effective date the start of the next biennium. Vote 14-6.

Amendment (1061h)

Amend RSA 14:31, III as inserted by section 1 of the bill by replacing it with the following:

III. Both the audit division and the budget division shall conduct such investigations, analyses, or research into the financial activities and condition or the financial management procedures, or any specific area thereof, of any department, board, institution, commission, [or] agency, political subdivision, or entity authorized to expend state funds for the information of the legislature, as the fiscal committee shall specifically direct. The authority of the legislative budget assistant to investigate, analyze, or research non-state agencies shall be limited to 5 entities in a 5-year period. In making any such investigation, analysis, or research, the legislative budget assistant shall have the power to examine whatever accounts or records of, or property or things of value held by, said department, board, institution, commission, [or] agency, political subdivision, or entity authorized to expend state funds the fiscal committee shall deem useful to said investigation, analysis, or research.

Amend RSA 14:31-a, I(a) as inserted by section 2 of the bill by replacing it with the following:

(a) Conduct post-audits of the accounts and records of any state department, board, institution, commission, [or] agency, or political subdivision, or other entity authorized to expend state funds. The authority of the legislative budget assistant to conduct post-audits on non-state agencies shall be limited to 5 entities in a 5-year period. The legislative budget assistant may cooperate with federal officials and agencies in conducting said post-audits.

Amend RSA 124:19 as inserted by section 3 of the bill by replacing it with the following:

124:19 Legislative Budget Assistant to Audit. The legislative budget assistant may enter into agreements or contracts with the federal government or its agencies for the purpose of conducting financial and compliance audits of programs funded in whole or in part by the federal government and carried out by agencies of the state or entities expending state or federal funds. The authority of the legislative budget assistant to conduct or contract for audits on non-state agencies shall be limited to 5 entities in a 5-year period. The legislative budget assistant may conduct said au-
dists [himsdf] or may contract with another auditor who shall conduct said audit under the direction and authority of the legislative budget assistant. All costs of such audits, direct or indirect, shall be a charge against the separate account maintained by the commissioner of administrative services of the funds set aside for the purpose, and the same are hereby continually appropriated. Amend section 4 of the bill by replacing it with the following:

4 Effective Date. This act shall take effect July 1, 2007.

Amendment adopted.
Committee report adopted and ordered to third reading.

HB 1241-FN-L, extending the kindergarten construction aid program. OUGHT TO PASS.
Rep. Linda T. Foster for Finance: There are twelve school districts in New Hampshire that currently do not offer public kindergarten. This bill extends the current state incentive program for 2 more years. Next year, the Finance Committee may offer a bill to gradually sunset the expanded and enhanced kindergarten construction aid program. Vote 15-4.
On a division vote, 196 members having voted in the affirmative and 112 in the negative, the committee report was adopted.
Ordered to third reading.

HB 1474-FN, relative to unemployment compensation contribution rates and benefits. OUGHT TO PASS.
Rep. Peter Franklin for Finance: This bill was requested by the Department of Employment Security (DES) in order to keep the unemployment trust fund stable. The bill has 4 purposes. First, the weekly benefit amount is increased to keep it in line with current average wages in New Hampshire. Second, it raises the taxable wage base from $8,000 to $9,000 in order to keep the trust fund balance above $250 million so that employers will keep the discounted rates they now receive. Third, it allows the DES to access additional administrative funds to make up for federal cuts. All local offices and personnel will be maintained. And, fourth, it brings a steady stream of funding for the business training fund to help workers upgrade their skills. This bill is supported by DES and both union and employer organizations. Vote 17-2.
Committee report adopted and ordered to third reading.

HB 1697-FN, relative to certain state salaries. OUGHT TO PASS WITH AMENDMENT.
Rep. Peter Franklin for Finance: This bill, as amended, makes amendments for a mistake made in HB 2 last year whereby the three 2% raises granted to certain state employees were not made effective on the first day of the month as had been agreed to, but rather on the first day of the first pay period following the first day of the month. Since the first two pay raises have already become effective, this bill makes up the difference in the third pay raise by moving the effective date from July 7, 2006, to June 16, 2006. The Department of Administrative Services states the appropriation contained in this bill is necessary to cover the increased costs resulting from the date change. Vote 17-0.

Amendment (0852h)
Amend the bill by replacing all after the enacting clause with the following:

1 Councilors and Commissioners. Amend the section heading and amending language of 2005, 177:73 and the introductory paragraph of RSA 94:1-a, II as inserted by 2005, 177:73 to read as follows:

177:73 Salary Wages for Councilors and Commissioners; [July 7, 2006] June 16, 2006. Amend RSA 94:1-a, II [is repealed and reenacted] to read as follows:

II. The salary wages for the positions set forth below shall be as follows commencing [July 7, 2006] June 16, 2006;

2 Judiciary. Amend the section heading of 2005, 177:76 to read as follows:

3 Judicial Employees. Amend 2005, 177:79 to read as follows:

4 Legislative Employees. Amend 2005, 177:82 to read as follows:

177:82 Legislative Employees; [July 7, 2006] June 16, 2006. Legislative employees shall receive 2 percent salary increases effective [July 7, 2006] June 16, 2006, if such increases are approved by the appointing authority.

5 State Officers; Unclassified State Employees. Amend the section heading of 2005, 177:85 to read as follows:
6 Department of Justice; Attorneys. Amend the section heading and amending language of 2005, 177:88 and the introductory paragraph of RSA 94:1-a, I(c) as amended by 2005, 177:88 to read as follows:  
177:88 Department of Justice; Attorney Salaries; [July 7, 2006] June 16, 2006. Amend RSA 94:1-a, I(c) [is repealed and reenacted] to read as follows:  
I.(c) For attorney positions in the department of justice, except for the attorney general and deputy attorney general, the following shall apply commencing on [July 7, 2006] June 16, 2006:  
7 Other Non-Classified or Unclassified Employees. Amend 2005, 177:89 to read as follows:  
177:89 Increases in Salary; Other Non-Classified or Unclassified Employees. All other non-classified or unclassified employees not covered by the provisions for salary increases in this act shall be granted a salary increase of 2 percent effective July 8, 2005, an additional salary increase of 2 percent effective January 6, 2006, and an additional salary increase of 2 percent effective [July 7, 2006] June 16, 2006.  
8 Classified Salaries. Amend the section heading and amending language of 2005, 177:145 and the introductory paragraph of RSA 99:1-a as inserted by 2005, 177:145 to read as follows:  
177:145 Classified Salaries; [July 7, 2006] June 16, 2006. Amend RSA 99:1-a [is repealed and reenacted] to read as follows:  
99:1-a Salaries Established. The salary ranges for all classified employees commencing [July 7-2006] June 16, 2006 shall be established as follows:  
9 Classified Increases. Amend the section heading and amending language of 2005, 177:148 and RSA 99:3 as inserted by 2005, 177:148 to read as follows:  
177:148 Classified Increases; [July 7, 2006] June 16, 2006. Amend RSA 99:3 [is repealed and reenacted] to read as follows:  
99:3 Increase in Salary. Notwithstanding the provisions of RSA 273-A or any other provision of law to the contrary, classified employees of the state as of [July 7, 2006] June 16, 2006, shall be placed in the corresponding steps in the new salary ranges as their length of service justifies and their salaries shall be in accordance with the salary scales set forth in RSA 99:1-a. The provisions hereof shall not be construed as affecting so-called longevity payments which shall be in addition to the regular salary scale.  
10 Effective Date Changed from July 1, 2006 to June 16, 2006. Amend 2005, 177:191, V to read as follows:  
11 Appropriation. The following sums are appropriated from the following sources for the purposes of sections 1-9 of this act for the fiscal year ending June 30, 2007:  
11 Appropriation. The following sums are appropriated from the following sources for the purposes of sections 1-9 of this act for the fiscal year ending June 30, 2007:  
All General Federal Highway Turnpike Fish and Game Other  
$682,134 $334,314 $117,259 $90,792 $11,801 $9,755 $118,213  
12 Effective Date. This act shall take effect upon its passage Amendment adopted.  
Committee report adopted and ordered to third reading.  
Rep. Coughlin declared a conflict of interest and did not participate.  

HB 1735-FN, relative to awarding the state employees' health insurance plan. OUGHT TO PASS.  
Rep. Robert Wheeler for Finance: This bill was developed by a study committee that reviewed the awarding of health insurance bids for state employees. It repeals the law requiring a self-insured health plan for state employees and allows all the options available to the state to be used by Commissioner Hill and Department of Administrative Services to deal with insurance issues. The bill requires compliance with collective bargaining agreements and creates legislative oversight through an advisory committee to Commissioner Hill. It also allows participation by the university system. Vote 19-0.  
Committee report adopted and ordered to third reading.  
Reps. Coughlin and Thomas declared a conflict of interest and did not participate.  

SB 110-FN-A, establishing the New Hampshire Rx plus program for prescription drugs. REFER FOR INTERIM STUDY.
Rep. Neal Kurk for Finance: This bill would establish a voluntary program to provide discounts on prescription drugs to people who lack prescription drug insurance and whose incomes are below 300% of the federal poverty level. The fiscal note estimated the cost to the state to start the program to be $2.2 million in FY07. There was no assurance that sufficient pharmacies or pharmaceutical manufacturers would participate to provide the discounts that would make the program viable. A similar program exists in Maine and Hawaii, but in each of those states it is a supplement to a state-funded pharmacy assistance program. New Hampshire has no such program. In view of all this, the committee determined that the bill requires further study. Vote 17-2.

Committee report adopted.

REGULAR CALENDAR (CONT’D.)

HB 1167-FN-A, making an appropriation to the land and community heritage investment program. OUGHT TO PASS WITH AMENDMENT.

Rep. Christopher Pappas for Finance: During the budget process, the Finance Committee was unable to provide adequate funding to LCHIP. Given the projected budget surplus and the House’s priorities, the committee felt it appropriate to expend an additional $2.5 million in fiscal years 2006 and 2007 on LCHIP. The program is an important investment New Hampshire makes in preserving and protecting open space, historic landmarks, and our state’s quality of life. LCHIP’s general fund appropriation has been precipitously declining since its inception and along with it the number of projects being supported in communities as well as the amount of local and federal dollars being leveraged for conservation and preservation. The committee heard lengthy and powerful testimony in support of the bill and the majority of the committee was confident the bill as amended is affordable and a wise use of state resources. Vote 13-8.

Amendment (1207h)

Amend the bill by replacing section 2 with the following:

2 Appropriation; Land and Community Heritage Investment Program; Fiscal Year Ending June 30, 2007. The sum of $2,500,000 is hereby appropriated to the land and community heritage investment program for the fiscal year ending June 30, 2007. This appropriation is in addition to any other funds appropriated to the land and community heritage investment program. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. On a division vote, 194 members having voted in the affirmative and 116 in the negative, the amendment was adopted.

The question now being adoption of the committee report.

Rep. Hess spoke in favor and yielded to questions.

Reps. Kennedy and Pappas spoke in favor.

Rep. Weyler spoke against and yielded to questions.

Rep. John Flanders moved the previous question.

Adopted.

Rep. Easson requested a roll call; sufficiently seconded.

HB 1384, relative to standardizing the format for special education budgets. REFER FOR INTERIM STUDY.

Rep. Linda T. Foster for Finance: The committee agrees with the sponsors of HB 1384 that consistent, thorough, and accurate reporting of special education costs is of utmost importance. During the discussion of this bill and its amendments, the committee discovered inconsistencies in how and to whom districts are required to report their expenses and revenues. Interim Study will investigate existing policy and the need to establish any new guidelines and/or promulgate any new accounting forms. These policies and procedures affect district and state budgets and may affect the level of federal reimbursement to our state. They deserve uniform, accurate, and consistent accounting and reporting practices throughout every district in our state. Vote 15-5.

Reps. Mead and Giuda spoke against.

Rep. David Campbell spoke in favor.

Rep. Foster spoke in favor and yielded to questions.

H B 1626-FN-A, making an appropriation to the office of energy and planning for the fuel assistance program. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Wheeler for Finance: The committee amended this bill to reduce the amount appropriated for fuel assistance from $10,000,000 to $5,700,000 and apply the $4,300,000 against the unanticipated energy costs incurred in operations of state buildings. In addition, this bill has reduced, by $500,000, the back of the budget cut in 2007; funded personnel to assist the effort to cover the increase case load costs of administration; $1,500,000 to cover implementation of the Enterprise Resource Planning System a new accounting system for the state’s new accounting system; and $300,000 to cover the costs of supplying Medicare and Medicaid necessary information to recover qualified retiree prescription drug claims. The committee felt all of these items were either emergency or unanticipated expenditures. Vote 19-2.

Amendment (1230h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to appropriations for the expenses of certain departments of the state.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation; Office of Energy and Planning; Fuel Assistance Program. Amend 2005, 298:5, I to read as follows:

1 The sum of [$10,000,000] $5,700,000 for the fiscal year ending June 30, 2006 is hereby appropriated to the office of energy and planning for the state’s fuel assistance program. This appropriation is in addition to any other funds appropriated to the office of energy and planning. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

2 General Fund Appropriation Reductions; Administrative Services. Amend 2005, 176:10 to read as follows:

176:10 General Fund Appropriation Reductions. The department of administrative services shall reduce state general fund appropriations by $500,000 for the fiscal year ending June 30, 2006:
and by $5,000,000 for the fiscal year ending June 30, 2007]. The department shall provide a report of reductions made under this section to the fiscal committee of the general court, the house and senate finance committees, and the governor and council.

3 Supplemental Appropriation; Office of Cost Containment.

I. In addition to any other sums appropriated to PAU 01-04-01-04, the sums of $17,687 for class 50 and $1,353 for class 60 are hereby appropriated for the fiscal year ending June 30, 2006 to the department of administrative services, office of cost containment. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

II. In addition to any other sums appropriated to PAU 01-04-01-04, the sums of $27,535 for class 50 and $2,106 for class 60 are hereby appropriated for the fiscal year ending June 30, 2007 to the department of administrative services, office of cost containment. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

4 Supplemental Appropriation; Sheriff Custody Reimbursement. In addition to any other sums appropriated to PAU 01-04-07, class 93, the sums of $64,745 for the fiscal year ending June 30, 2005, $55,000 for the fiscal year ending June 30, 2006, and $73,000 for the fiscal year ending June 30, 2007 are hereby appropriated to the department of administrative services for sheriff custody reimbursement. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

5 Supplemental Appropriation; Medicare Retiree Prescription Drug Subsidy Program. The sums of $100,000 for the fiscal year ending June 30, 2006 and $200,000 for the fiscal year ending June 30, 2007 are hereby appropriated to the department of administrative services for administrative costs related to the Medicare Retiree Prescription Drug Subsidy Program. These appropriations are in addition to any other funds appropriated to the department of administrative services. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

6 Supplemental Appropriation; Enterprise Resource Planning System. The sum of $1,500,000 for the fiscal year ending June 30, 2006 is hereby appropriated to the department of administrative services for quality assurance evaluation, monitoring, and reporting related to the implementation of the Enterprise Resource Planning System. This appropriation is in addition to any other funds appropriated to the department of administrative services. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. Moneys appropriated by this section shall not lapse until June 30, 2008.

7 Supplemental Appropriation; Energy Expense Shortfalls. The sums of $4,982,757 for the fiscal year ending June 30, 2006 and $4,982,757 for the fiscal year ending June 30, 2007 are hereby appropriated to the department of administrative services for anticipated energy expense shortfalls in state-owned buildings during the respective fiscal years. These appropriations are in addition to any other funds appropriated to the department of administrative services. In each fiscal year, the appropriation shall be a charge against the appropriate funds as follows:

<table>
<thead>
<tr>
<th>General Federal Highway Turnpike Other</th>
</tr>
</thead>
<tbody>
<tr>
<td>$2,402,479 $190,789 $1,386,011 $150,000 $853,478</td>
</tr>
</tbody>
</table>

The governor is authorized to draw a warrant for said sums out of the appropriate funds.

8 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill modifies certain prior appropriations and makes additional appropriations for the expenses of certain departments of the state.

Amendment adopted.

Rep. King offered floor amendment (1511h).

Floor Amendment (1511h)

Amend the bill by deleting section 7 and renumbering the original section 8 to read as 7.

Rep. King spoke in favor.

On a division vote, 194 members having voted in the affirmative and 97 in the negative, floor amendment (1511h) was adopted.

Committee report adopted and ordered to third reading.
HB 1249-FN-A-L, relative to state reimbursement for school breakfasts and making an appropriation therefor. OUGHT TO PASS.

Rep. Daniel M. Hughes for Finance: This bill contributes $.03 per breakfast to schools that participate in the National School Breakfast Program to reimburse schools which serve qualifying meals to pupils. It also appropriates $10,000 to the Department of Education to establish the technology necessary to implement the technological interface with the Bureau of Nutrition Programs and Services system. This bill demonstrates the state’s support for wellness in our schools and requires a minimal investment to provide the long term savings of healthy children who are prepared to learn when the school day begins. Vote 17-4.
Committee report adopted and ordered to third reading.

HB 1459-FN-A, relative to the department of regional community-technical colleges and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT.

Rep. Kenneth Weyler for Finance: New developments since the passage of the budget have revealed a problem with the Community Technical College (CTC) budget. Under urging from the legislative Higher Education Study Committee, the CTC has been working on a successful transformation to a new accreditation at the same level as the university system. Also they have been increasing enrollment at their 7 campuses at the annual rate of 8 to 10% for most of the last six years. It was this extraordinary growth that triggered this problem. The CTC has added new courses, new faculty, and new programs for these new students as well as new buildings. Higher operating expenses caused tuition increases in 2005 of 11.2% and 10.8% for 2006. We now have the highest CTC tuition in the country. This high tuition is beginning to show its effects. The enrollment growth has stopped. The 5% that CTC used in computing the 2006-2007 budget has flattened to 1%, with no increase in general fund dollars. This has caused the shortfall this bill intends to cover. If the shortfall is covered with another tuition increase, we fear that revenues will decline even more, and fewer of our students and working adults will be able to afford to attend. While the general fund contribution to the university system saw steady growth to $5,382 per student in 2005, it declined to $3,032 per CTC student in the same year. This bill appropriates $1.2 million for the CTC to forestall a tuition increase in 2007 for the 12,000 students per semester that CTC serves. Vote 21-0.

Amendment (0639h)
Amend the bill by replacing section 1 with the following:

1 Department of Regional Community-Technical Colleges; Appropriation. The sum of $1,200,000 for the fiscal year ending June 30, 2007 is hereby appropriated to the department of regional community-technical colleges to enable the regional community-technical college board of trustees to maintain tuition at its present level for the 2006-2007 academic year. Funds may come from any regional community-technical college savings or surplus or the governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. Amendment adopted.

The question now being adoption of the committee report.
Rep. King spoke against.
Rep. Thomas and Giuda spoke in favor.
Rep. Marjorie Smith spoke in favor and yielded to questions.
Rep. DeJoie requested a roll call; sufficiently seconded.

HOUSE JOURNAL March 22, 2006
and the committee report was adopted. Ordered to third reading.
\textbf{HB 1464-FN-A-L}, relative to mosquito control, establishing a mosquito control fund and making an appropriation therefor. \textbf{OUTGHT TO PASS WITH AMENDMENT.}

Rep. Neal M. Kurk for Finance: This bill establishes a state mosquito control program and a dedicated fund to deal with public health threats posed by cyclical mosquito-borne illnesses, such as West Nile virus and Eastern Equine Encephalitis, largely by spraying for adult mosquitoes when a threat to public health is declared. Affected municipalities that have approved mosquito control plans are eligible for a 25% state cost share. The bill appropriates $158,625 to pay for this, plus $60,000 to continue a mosquito surveillance program which was previously federally funded. Vote 21-0.

\textbf{Amendment (1194h)}

Amend RSA 141-C:24 as inserted by section 1 of the bill by replacing it with the following:

141-C:24 Mosquito Control Fund.

I. There is hereby established a nonlapping and continually appropriated mosquito control fund to assist cities and towns by providing funding for the purpose of offsetting the cost of mosquito control activities including, but not limited to, the purchase and application of chemical pesticides. The purpose of the fund is to provide financial assistance, when needed, to cities and towns engaging in mosquito control and abatement activities in response to a declared threat to the public health. Any balance remaining in the mosquito control fund at the close of the fiscal year ending June 30, 2009 shall lapse to the general fund.

II. In order to be eligible to receive funding, a city or town shall have in place a comprehensive mosquito control plan approved by the commissioner. This plan shall include at a minimum:

(a) A list of the pesticides (active ingredient) and methods by which these pesticides will be applied to ensure that the application is done in a safe and proper manner.

(b) Safeguards that will be taken to protect the health of the public, wildlife, and resources within the state including provisions for the measuring and monitoring of residual pesticides in the water and soil.

(c) A comprehensive public awareness campaign geared toward prevention and designed to educate the public about the health risks associated with mosquitoes.

(d) Appropriate abatement measures.

III. (a) The commissioner, in consultation with the Centers for Disease Control and Prevention, and with the concurrence of the governor, may determine that a threat to the public health exists that warrants expedited mosquito control and abatement activities within a city or town. Such determination shall be based on local factors which may include:

(1) Historical and current climatic conditions.

(2) Historical and current mosquito population indices.

(3) Historical and current mosquito, veterinary, and human arboviral disease surveillance.

(b) An expedited approval process shall be established for the implementation of mosquito control and abatement activities, including the application of pesticides. The commissioner of the department of agriculture, markets, and food may authorize expedited mosquito control and abatement activities pursuant to this paragraph.

IV. A city or town shall be eligible to receive funds if the commissioner determines that:

(a) The city or town has a comprehensive mosquito control plan approved by the commissioner in accordance with paragraph II;

(b) The city or town has engaged or plans to engage in mosquito control and abatement activities pursuant to paragraph III;

(c) The commissioner, after consultation with the Centers for Disease Control and Prevention, has determined that mosquito control and abatement activities are appropriate to mitigate the public health threat; and

(d) A threat to public health has been determined in accordance with paragraph III.

V. A city or town’s receipt of funds, as well as the amount of funding, shall be at the discretion of the commissioner. In exercising his or her discretion, the commissioner shall consider the following criteria:

(a) The nature and degree of the declared threat to the public health.

(b) The nature and degree of the city or town’s mosquito control and abatement activities in response to the declared threat to the public health.

(c) The city or town shall show cause why funding assistance from the mosquito control fund is necessary.
(d) Funding from the mosquito control fund shall not exceed 25 percent of the cost of mosquito adulticidal activities pursuant to the declared threat to the public health.

e) Funding is available.

Amend the bill by replacing section 3 with the following:

3 Appropriation. There is hereby appropriated the sum of $218,625 to the department of health and human services for the biennium ending June 30, 2007, for the purposes of this act. Of this amount, $158,625 shall be used for the purpose of funding the mosquito control fund established by section 1 of this act and $60,000 shall be used by the department for purposes of funding mosquito surveillance activities. This appropriation shall be reduced by the amount of any federal funds received by the department for these purposes. This appropriation shall be in addition to any other funds appropriated to the department of health and human services for these purposes. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill establishes a mosquito control fund in the department of health and human services to assist cities and towns by providing funding to offset mosquito control activities. The commissioner of the department of health and human services is granted rulemaking authority for the purposes of the bill. The bill also makes an appropriation to the department for the purposes of funding the mosquito control fund and mosquito surveillance.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 1608-FN-A, making an appropriation to reimburse certain health and human services providers for the increased cost of utilities, heating, and mileage. OUGHT TO PASS WITH AMENDMENT. Rep. Mary Jane Wallner for Finance: This bill appropriates $2,563,575 in general funds for health and human services providers to cover the increased cost of utilities, heating, and mileage. These are the providers who deliver meals and home health services to our homebound elderly, provide services to our mentally ill and developmentally disabled citizens, provide child care services for the children of low income working families, and provide shelter and residential services to our homeless citizens and children in the care of the state. These non-profit service providers run on very tight budgets and recent increases in fuel, utilities, and heating costs were not anticipated when the state put its budget together and the rates appropriated in the budget for these service providers are inadequate to cover the additional energy costs. This bill will assist these providers in covering the increased costs. Vote 21-0.

Amendment (1214h)

Amend the title of the bill by replacing it with the following:

AN ACT making appropriations to reimburse certain health and human services providers for the increased cost of utilities, heating, and mileage.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation. The sum of $2,413,575 is hereby appropriated to the department of health and human services for the biennium ending June 30, 2007, for the purpose of providing a one-time one percent increase in rates paid to certain providers in fiscal year 2006 to offset the increased cost of utilities, heating, and mileage. The commissioner of the department of health and human services shall provide the increase to the providers upon the effective date of this act. The sums appropriated in this section represent the state general fund share of such costs, and the department shall obtain matching funds from federal and other non-state sources where appropriate to ensure that the full cost of the one percent increase is sufficiently funded. The appropriation contained in this section shall be distributed as follows:

This appropriation is in addition to any other funds appropriated to the department of health and human services. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Rate Increase; Federal Funds. The department of health and human services shall provide a one-time one percent increase in rates paid to certain health and human services providers in fiscal year 2006 who do not receive the increase contained in section 1 of this act, but only to the extent the increase can be funded entirely from federal funds.

3 Additional Appropriation. The sum of $150,000 is hereby appropriated to the department of health and human services for the biennium ending June 30, 2007 for the purpose of providing additional funds to certain health and human services providers to offset the increased cost of utilities, heating, and mileage. The amounts appropriated in this section shall be distributed at the discretion of the commissioner, and may be distributed to providers who also receive the rate increase provided for in section 1 of this act. The commissioner shall seek to distribute these funds in a manner which will provide the highest level of relief to providers determined by the commissioner to be most affected by the increased cost of utilities, heating, and mileage. In determining the distribution of the funds, the commissioner shall be guided by the provider’s percentage of increased energy costs as compared to the provider’s total budget. The commissioner shall report to the fiscal committee of the general court within 30 days of the effective date of this act on the distribution of such funds. This appropriation is in addition to any other funds appropriated to the department of health and human services. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect upon its passage.

**AMENDED ANALYSIS**

The bill makes appropriations to the department of health and human services for the purposes of reimbursing certain health and human services providers for the increased cost of utilities, heating, and mileage.

Amendment adopted.

Committee report adopted and ordered to third reading.
HB 1710 -FN-A, relative to appropriations to the department of health and human services for health care providers. **OUIGHT TO PASS WITH AMENDMENT.**

Rep. Elizabeth Hager for Finance: This $3,377,697 bill contains changes needed in the Department of Health and Human Services budget. It appropriates money for a rate increase for home health care, for a problem mental health centers are experiencing and for an hourly pay increase for direct care providers. It also clarifies legislative intent in two important areas of the budget: it directs DHHS to contract with the National Alliance of Mental Illness using money for family support services already in the budget and it directs the department to comply with rate setting laws and rules. Vote 21-0.

**Amendment (1236h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to appropriations to the department of health and human services for home care providers and community mental centers and making an appropriation to increase the hourly rate of pay for direct care providers for persons with developmental and acquired disabilities.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriations.

I. The sum of $457,802 is hereby appropriated to the department of health and human services for the fiscal year ending June 30, 2007, for the purpose of funding the fiscal year 2007 cost of rate increases for home care providers and services implemented during fiscal year 2006. This appropriation is in addition to any other funds appropriated to the department of health and human services. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The sum of $719,895 is hereby appropriated to the department of health and human services for the fiscal year ending June 30, 2007, for the purpose of providing a 4.6 percent rate increase for home care providers and services in fiscal year 2007. This rate increase shall be in addition to the rate increases for home care providers and services implemented during fiscal year 2006. This appropriation is in addition to any other funds appropriated to the department of health and human services. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Appropriation. The sum of $200,000 is hereby appropriated to the department of health and human services for the biennium ending June 30, 2007 for community mental health centers that did not meet their fiscal year Medicaid billing projections and have an operating deficit. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

3 National Alliance on Mental Illness. Notwithstanding any provision of law to the contrary, the department of health and human services shall pay $210,000 for the fiscal year ending June 30, 2007 from the amounts appropriated pursuant to 2005, 176 PAU 05-01-09-04-01, class 98 to the National Alliance on Mental Illness for family mutual support services.

4 Provider Rates. Notwithstanding any provision of law to the contrary, amounts appropriated in 2005, 176 PAU 05-01-06-07-01, class 93 shall not be transferred or expended for any other purpose until the intent of the general court as stated in this section is followed. It is the intent of the general court that the department of health and human services shall in all instances comply with all applicable provisions of law and administrative rules relative to the rates paid to the providers funded from said class, and that the commissioner set rates paid to these providers consistent with the operating budget appropriations allotted to them including any rate increases provided for in the operating budget, and shall set rates paid to these providers that reflect legislative decisions to provide specific rate increases as footnoted in the operating budget.

5 Appropriation. There is hereby appropriated the sum of $2,000,000, for the biennium ending June 30, 2007, to the department of health and human services for the purpose of increasing the hourly pay of direct care providers for persons with developmental and acquired disabilities. For the purposes of this section, direct care providers shall include, but not be limited to, individuals who are employed by, have a contract with, or receive any form of remuneration from a provider agency to provide such services. This state appropriation shall be reduced by the amount of matching federal funds received by the department. Any funds provided from the state to provider agencies pursuant to this section which are not expended pursuant to the purposes of this section, shall be returned by such agencies to the commissioner, and shall lapse. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

6 Effective Date. This act shall take effect upon its passage.
AMENDED ANALYSIS
This bill makes appropriations to the department of health and human services for the purposes of funding rate increases for home care providers and community mental health centers. This bill also requires the department of health and human services to pay a certain amount to the National Alliance on Mental Illness for family mutual support services.
This bill also makes an appropriation to the department of health and human services for the purposes of increasing the hourly rate of pay for direct care providers for persons with developmental and acquired disabilities. The appropriation made for direct care providers is to be reduced by the amount of federal matching funds received.
Amendment adopted.

Floor Amendment (1493h)
Amend the title of the bill by replacing it with the following:
AN ACT relative to appropriations to the department of health and human services for home care providers and community mental centers and making an appropriation to increase the hourly rate of pay for direct care providers for persons with developmental and acquired disabilities and extending the provision of supplemental pharmacy assistance.
Amend the bill by inserting after section 5 the following and renumbering the original section 6 to read as 7:
6 Supplemental Pharmacy Assistance; Effective Date Extended. 2006, 2:4, 1 is repealed and reenacted to read as follows:
1. Section 3 of this act shall take effect June 30, 2006.

AMENDED ANALYSIS
This bill makes appropriations to the department of health and human services for the purposes of funding rate increases for home care providers and community mental health centers. This bill also requires the department of health and human services to pay a certain amount to the National Alliance on Mental Illness for family mutual support services.
This bill makes an appropriation to the department of health and human services for the purposes of increasing the hourly rate of pay for direct care providers for persons with developmental and acquired disabilities. The appropriation made for direct care providers is to be reduced by the amount of federal matching funds received.
This bill also extends the authority for state supplemental pharmacy assistance for persons eligible under Medicare Part D, as established in 2006, 2 (SB 393-FN-A).
Floor amendment (1493h) adopted.
Rep. Crane offered floor amendment (1512h).

Floor Amendment (1512h)
Amend the bill by deleting section 3 and renumbering the original sections 4-7 to read as 3-6, respectively.

AMENDED ANALYSIS
This bill makes appropriations to the department of health and human services for the purposes of funding rate increases for home care providers and community mental health centers.
This bill also makes an appropriation to the department of health and human services for the purposes of increasing the hourly rate of pay for direct care providers for persons with developmental and acquired disabilities. The appropriation made for direct care providers is to be reduced by the amount of federal matching funds received.
This bill also extends the authority for state supplemental pharmacy assistance for persons eligible under Medicare Part D, as established in 2006, 2 (SB 393-FN-A).
Rep. Crane spoke in favor.
Reps. Hager and Bleyler spoke against and yielded to questions.
Rep. Souza spoke in favor and yielded to questions.
Rep. Phinizy moved the previous question.
Adopted.
Rep. Mirski requested a roll call; sufficiently seconded.

Cloutier, John
Franklin, Peter

and floor amendment (1512h) was adopted.
Committee report adopted and ordered to third reading.

HB 1726-FN, requiring the state to pay legal fees for certain Supreme Court justices. OUGHT TO PASS WITH AMENDMENT.
Rep. Frederick W. King for Finance: RSA 99-D:2 indemnifies state officers and employees from any costs arising from claims and suits. This legislation will pay such costs to the Supreme Court justices resulting from the claims that they were subjected to, and prevailed as to, involved in impeachment proceedings initiated by the legislature. Vote 15-4.

Amendment (0863h)
Amend the bill by replacing all after the enacting clause with the following:

I Payment of Legal Fees of Certain Supreme Court Justices.

I. The judicial branch shall pay the following amounts as full and final payment for legal fees incurred by such persons in the capacity as supreme court justices as a result of claims they were subjected to, and prevailed as to, involved in impeachment proceedings initiated by the legislature:

(a) Retired Chief Justice David A. Brock $474,000
(b) Retired Associate Justice Sherman D. Horton, Jr. $37,000
(c) Chief Justice John T. Broderick, Jr. $90,000

II. Prior to payment of the sums under paragraph I, retired justices Brock and Horton and chief justice Broderick shall submit to the department of administrative services, signed release statements from themselves that the payments made under paragraph I are full and final payments for legal fees incurred for the impeachment proceedings.

2 Funding of Payment. The judicial branch shall make the payments pursuant to section 1 from the judicial branch operating budget on the effective date of this act. The sum of $601,000 required for the payments shall be a charge against sums appropriated to the judicial branch for the biennium ending June 30, 2007.

3 Effective Date. This act shall take effect upon its passage.

LAID ON THE TABLE
Rep. Buzzell moved that HB 1726-FN, requiring the state to pay legal fees for certain Supreme Court justices, be laid on the table.
Rep. Vaillancourt requested a roll call; sufficiently seconded.

**REGULAR CALENDAR (CONT'D.)**

*HB 1591-FN-A,* requiring tobacco tax revenue attributable to tobacco sales to minors and tobacco consumption by minors to be deposited in the tobacco use prevention fund for youth tobacco use prevention programs and purposes. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Elizabeth S. Hager for the Majority of Finance: The committee received very compelling testimony from Dover Youth to Youth who brought in this idea to lower youth tobacco use. The
majority of the committee does not believe, however, that this type of diversion of our tobacco tax revenue should be done at this time. The bill would have diverted $1.7 million. Vote 13-8.

Rep. Terie Norelli for the Minority of Finance: As introduced, this bill would have appropriated $1.7 million to youth tobacco prevention programs based on a formula that estimated the state revenue received from cigarette taxes on sales to youth under age 18. Most smokers begin smoking before age 18 and tobacco prevention and control programs are effective in decreasing smoking and in keeping youth from starting to smoke in the first place. Investing in these programs is good public health policy and also makes good economic sense. Yet New Hampshire does not spend one cent of state revenue on tobacco prevention, despite receiving nearly $130 million from the tobacco settlement and cigarette taxes. The minority of the committee agreed that the funding mechanism in the original bill is unworkable and offers an amendment that appropriates $1 million directly from general funds.

Majority committee report adopted.

**HB 1767-FN-A**, authorizing the state acquisition of real estate destroyed in the October 2005 floods, establishing a commission to determine the appropriate use of the property, and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert L. Wheeler for Finance: This bill authorizes the acquisition of real estate destroyed in the October 2005 floods; appropriated funds to accomplish the purchase, set a guideline to accomplish the task and established a commission to determine the appropriate use of the property. The amendment clarified the process and made the effective date upon passage to get assistance to the victims as rapidly as possible. Vote 20-0.

**Amendment (1378h)**

Amend the bill by replacing sections 1 and 2 with the following:

1 Acquisition of Real Estate Damaged or Destroyed in October 2005 Floods. Pursuant to RSA 4:29, the governor, with the advice and consent of the council, shall purchase, on behalf of the state, the property located in Alstead, Langdon, and Walpole that was severely damaged or destroyed in the October 2005 floods. Such property shall be purchased at its pre-flood assessed value less the total amount of financial aid that the current property owner received from any other source, such as insurance payments or state or federal disaster assistance. Nothing in this section shall require a property owner to sell his or her property. The property owner also may elect to retain a life estate in any portion of the property.

2 Appropriation; Bonds.

I. The sum not to exceed $3,400,000, for the biennium ending June 30, 2007, is hereby appropriated to the office of the governor for the purpose of purchasing property pursuant to section 1 of this act.

II. To provide funds for the appropriation made in paragraph I, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of $3,400,000, and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payment of principal and interest of the bonds and notes shall be made from the general funds of the state.

Amend subparagraph I(c) of section 3 of the bill by replacing it with the following:

(c) One member of the board of selectmen from each of the following towns, appointed by that town’s board: Alstead, Langdon, and Walpole.

Amend section 4 of the bill by replacing it with the following:

4 Effective Date. This act shall take effect upon its passage.

Reps. Robert Wheeler and Daniel Eaton yielded to questions.

Amendment adopted.

Committee report adopted and ordered to third reading.

**SPECIAL ORDER**

**HB 1548**, relative to termination of tenancy. **MAJORITY: INEXPEDIENT TO LEGISLATE.**

**MINORITY: OUGHT TO PASS.**

Rep. David E. Cote for the Majority of Judiciary: This bill would unnecessarily disturb 20 years of settled legislative policy in landlord – tenant law, and would upset the delicate bal-
ance struck by this legislature in crafting current law which requires good cause to remove a tenant. The committee believes that current law has adequately and appropriately struck this balance, and sees no reason to alter it. The public policy goal of maintaining a stable housing market far outweighs the sponsor’s concerns. Vote 13-7.

Rep. Gregory M. Sorg for the Minority of Judiciary: This minority believes that there can hardly be better cause for ending a tenancy than the fact that the lease has expired and the tenant therefore no longer has a right to occupy the premises. Although mindful of the public policy consideration of promoting stability in housing, we believe that a landlord’s economic self-interest serves that objective without the need for governmental intervention to force a tenant on him unwillingly. Landlords, too, like predictability in the occupancy of their rental units, and have little if any motive arbitrarily to evict good tenants. The majority position amounts to granting to a tenant a perpetual right of occupancy of land belonging to another, something unique in contract law and harmful in its public policy implication.

Rep. Sorg spoke against.
Rep. Dokmo spoke in favor.
Rep. Rowe spoke in favor and yielded to questions.
Rep. John Flanders moved the previous question.
Adopted.

Rep. Pantelakos requested a roll call; sufficiently seconded.

and the majority committee report was adopted. 

Rep. Baroody and DeStefano declared a conflict of interest and did not participate. 

**SPECIAL ORDER**

*HB 1138*, relative to required pay for employees called into work. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Randolph N. S. Holden for the Majority of Labor, Industrial and Rehabilitative Services: Under current law when an employee reports to work at an employer’s request he or she shall be paid not less than two hours pay at his or her regular rate of pay. This bill changes the number of hours an employee must be paid to three. With the increased costs of travel to and from work the majority of the committee felt it was reasonable that the employee be paid a minimum of three hours when called in to work. Vote 8-7.

Rep. William J. Infantine for the Minority of Labor, Industrial and Rehabilitative Services: The minority of the committee believes that the current law requiring two hours pay is sufficient. The minority also believes the state should not continue mandating agreements between employers and employees. The minority further believes the employer will pass this increase on to their clients and customers.

**Majority Amendment (1219h)**

Amend the bill by replacing section 1 with the following:

1 Required Pay; Increased to 3 Hours. Amend RSA 275:43-a to read as follows:

275:43-a Required Pay. On any day an employee reports to work at an employer’s request, he or she shall be paid not less than 3 hours’ pay at his or her regular rate of pay; provided, however, that this section shall not apply to employers of counties or municipalities, and provided further that no employer who makes a good faith effort to notify an employee not to report to work shall be liable to pay wages under this section. However, if the employee reports to work after the employer’s attempt to notify him or her has been unsuccessful or if the employer is prevented from making notification for any reason, the employee shall perform whatever duties are assigned by the employer at the time the employee reports to work.

**AMENDED ANALYSIS**

This bill requires an employer to pay 3 hours’ wages to an employee called in to work. An employer who makes a good faith effort to notify an employee not to report to work shall not be liable to pay wages.
CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

The question now being adoption of the majority committee amendment.

On a division vote, 160 members having voted in the affirmative and 104 in the negative, the majority committee amendment failed lacking the necessary two-thirds.

MOTION TO LAY ON THE TABLE

Rep. Holden moved that HB 1138, relative to required pay for employees called into work, be laid on the table, and the motion failed.

The question now being adoption of the motion of Ought to Pass.

Rep. Goley offered floor amendment (1244h).

Floor Amendment (1244h)

Amend the bill by replacing section 1 with the following:

1. Required Pay; Increased to 3 Hours. Amend RSA 275:43-a to read as follows:

   275:43-a Required Pay.

   I. On any day an employee reports to work at an employer's request, he or she shall be paid not less than [2] 3 hours' pay at his or her regular rate of pay; provided, however, that this section shall not apply to employers of counties or municipalities, and provided further that no employer who makes a good faith effort to notify an employee not to report to work shall be liable to pay wages under this section. However, if the employee reports to work after the employer's attempt to notify him or her has been unsuccessful or if the employer is prevented from making notification for any reason, the employee shall perform whatever duties are assigned by the employer at the time the employee reports to work.

   II. This section shall not apply to hours added before or after an employee’s regular shift.

   III. Employees who are “on-call” are not subject to this section if they receive an on-call stipend.

   IV. Health care employees of community based outreach services providers who voluntarily make schedule changes to meet the needs of the physically or mentally infirm clients they serve and who sign a statement upon hire stating that they understand this job requirement are exempt from this section.

   V. The commissioner may adopt rules, pursuant to RSA 541-A, relative to the administration of and exceptions to this section.

AMENDED ANALYSIS

This bill requires an employer to pay 3 hours' wages to an employee called in to work. An employer who makes a good faith effort to notify an employee not to report to work shall not be liable to pay wages. Certain health care employees are exempt from this bill.

This bill also permits the commissioner to adopt rules relative to the bill.

Rep. Harding spoke against.

Rep. John Flanders moved the previous question.

Adopted.

On a division vote, 81 members having voted in the affirmative and 185 in the negative, floor amendment (1244h) failed.

Rep. Phinizy declared a conflict of interest and did not participate.

CLERK'S NOTE

The constitutionally required two-thirds of the membership for action by majority vote was declared present.

The question now being adoption of the motion of Ought to Pass.

Rep. Infantine spoke against.

Rep. O'Brien requested a roll call; sufficiently seconded.

RECESS

(Speaker Scamman in the Chair)
The House reconvened at 9:30 p.m.

REGULAR CALENDAR (CONT’D.)

HB 1495, relative to setback requirements for landfills located near rivers. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Frank A. Tupper for the Majority of Resources, Recreation and Development: Through the Rivers Management and Protection Program, rivers are nominated and studied for designation as state protected rivers. Only those with outstanding resources, whose designation is supported by their communities, receive designation. Rivers characterized as “natural” rivers enjoy the protection of a setback for new solid waste landfills which is defined in RSA 483 as “River corridor” the river and the land area located within a distance of 1,320 feet of the normal high water mark or to the landward extent of the 100 year floodplain as designated by the Federal Emergency Management Agency, whichever distance is larger. The bi-partisan majority believe that if this is the setback deemed necessary for natural rivers, the same setback should be in effect for “rural” rivers in the program. Vote 11-8.

Rep. Harry C. Merrow for the Minority of Resources, Recreation and Development: Under current legislation no landfill is permitted within 100 feet of the 500 year floodplain of a river. This legislation would prevent landfills from being established within the corridor of a designated rural river or segment. The designated corridor is 1320 ft. from either side of the river after the normal high water mark. None of us are particularly enthralled with a landfill being installed anywhere. However since they are allowed, each case should be look at separately and sound science applied. This is flawed legislation which has no scientific facts to back it up. The numbers were arbitrarily picked, no consideration was given elevation differences and no consideration was given to the permeability of the ground and whether or not an aquifer was located beneath it, all factors which can be handled by the Department of Environmental Services (DES) under existing law and rules. There are no known problems with the existing law.

Majority Amendment (1127h)

Amend the bill by replacing all after the enacting clause with the following:

1 Rural River Protection; Landfill Setback. Amend RSA 483:9-a, VII to read as follows:

VII. Any new solid waste storage or treatment facility, as defined in RSA 149-M:4, IX shall be set back a minimum of 250 feet from the normal high water mark of a designated rural river or segment and screened with a vegetative or other natural barrier to minimize visual impact, except:

(a) New solid waste landfills shall not be permitted [within the 500 year floodplain of a designated rural river or segment] within the corridor of a designated rural river or segment shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and screened from the river with a vegetative or other natural barrier to minimize visual impact. The provisions of this subparagraph shall not apply to new solid waste landfills with permit applications filed with the department and deemed complete by July 1, 2006;

(b) Existing, permitted, and secure solid waste landfills shall not be expanded within the 500 year floodplain of a designated rural river or segment and any expansion of such a landfill located within the corridor of a designated rural river or segment shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and screened from the river with a vegetative or other natural barrier to minimize visual impact;
(c) Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXII, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes;

[(ef)\(\text{d}\)] An existing solid waste facility which is located within 250 feet of the normal high water mark of a designated rural river or segment may continue to operate under an existing permit provided it does not cause degradation to an area in excess of that area under permit at the time of designation; and

[(ed)\(\text{e}\)] The department may permit a resource recovery operation at an existing landfill located within 250 feet of the normal high water mark of a designated rural river or segment.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill increases the setback requirements for landfills located near rivers.

Majority committee amendment failed.

Rep. Spang offered floor amendment (1397h).

**Floor Amendment (1397h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Natural Rivers Protection. Amend RSA 483:9, VI(a) and (b) to read as follows:

(a) New solid waste landfills shall not be permitted within the corridor of a designated natural river or segment, or less than 100 feet from the landward extent of the 500 year floodplain, whichever distance is greater, and shall be screened from the river with a vegetative or other natural barrier to minimize visual impact;

(b) Existing, permitted and secure solid waste landfills shall not be expanded within the 500 year floodplain of a designated natural river or segment and any expansion of such a landfill located within the corridor of a designated natural river or segment shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and screened from the river with a vegetative or other natural barrier to minimize visual impact. The provisions of this paragraph shall not apply to landfill expansions associated with landfill closures or other remedial projects;

2 Rural River Protection; Landfill Setback. Amend RSA 483:9-a, VII to read as follows:

VII. Any new solid waste storage or treatment facility, as defined in RSA 149-M:4, IX shall be set back a minimum of 250 feet from the normal high water mark of a designated rural river or segment and screened with a vegetative or other natural barrier to minimize visual impact, except:

(a) New solid waste landfills shall not be permitted within the 500 year floodplain of a designated rural river or segment and any new solid waste landfill located within the corridor of a designated natural river or segment [shall be set back a minimum of [or less than] 100 feet from the landward extent of the 500 year floodplain whichever distance is greater] and screened from the river with a vegetative or other natural barrier to minimize visual impact. The provisions of this paragraph shall not apply to landfill expansions associated with landfill closures or other remedial projects;

(b) No solid waste landfill proposed to be located within the corridor of a designated rural river or segment with a permit application that has been filed with the department by July 2, 2006, whether or not the application is deemed complete, shall be permitted within the 500 year floodplain, and if located in the corridor shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and screened from the river with a vegetative or other natural barrier to minimize visual impact.

(c) Existing, permitted, and secure solid waste landfills shall not be expanded within the 500 year floodplain of a designated rural river or segment, and any expansion of such a landfill shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and shall be screened from the river with a vegetative or other natural barrier to minimize visual impact. The provisions of this paragraph shall not apply to landfill expansions associated with landfill closures or other remedial projects;

[(ht)\(\text{d}\)] Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXII, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes;
An existing solid waste facility which is located within 250 feet of the normal high water mark of a designated rural river or segment may continue to operate under an existing permit provided it does not cause degradation to an area in excess of that area under permit at the time of designation; and

The department may permit a resource recovery operation at an existing landfill located within 250 feet of the normal high water mark of a designated rural river or segment.

3 Effective Date. This act shall take effect upon passage.

AMENDED ANALYSIS

This bill increases the setback requirements for landfills located near rivers, making the natural rivers protection similar to the rural river protection language.

Rep. Spang spoke in favor and yielded to questions.

On a division vote, 220 members having voted in the affirmative and 49 in the negative, floor amendment (1397h) was adopted.

The question now being adoption of the motion of Ought to Pass as amended.

Rep. Franklin Tilton spoke against.

On a division vote, 190 members having voted in the affirmative and 79 in the negative, the motion of Ought to Pass as amended was adopted.

Ordered to third reading.

SPECIAL ORDER

HB 1673-FN, relative to the reduction of mercury emissions. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Roy D. Maxfield for the Majority of Science, Technology and Energy: This bill provides for at least an 80% reduction of mercury emissions from coal-fired power plants by requiring the installation of a scrubber technology no later than July 1, 2013 and provides economic incentives for earlier installation timeframes and greater reduction in emissions. The committee amendment provides for annual progress reports from Public Service of New Hampshire (PSNH) and also cost recovery language. This legislation is a result of months of collaborative work by PSNH, the Department of Environmental Services, the Governors office, multiple environmental groups, members of the committee and other stakeholders. The scrubber technology not only will reduce mercury by at least 80%, it will dramatically reduce SO2 emissions. Our committee held multiple work sessions and all had an opportunity to present their views. A comprehensive review of the time frame was conducted by two members of the committee who concluded that the 2013 date is appropriate. It is in the best interests of PSNH to achieve early reductions for mercury and they are proceeding with a US Department of Energy (DOE) grant to accomplish this objective. This bill has consensus support from the Governor and stakeholders, and has wide bipartisan support in the General Court. The bill achieves the primary objectives of reasonable reductions, in a reasonable timeframe, at a reasonable cost to electricity users. Vote 13-2.

Rep. Gene F. Andersen for the Minority of Science, Technology and Energy: The bill provides for significant mercury reductions from facilities operated by Public Service of New Hampshire (PSNH) by 2013. Some testimony indicated that an optimal permit and construction schedule could provide a 2011 completion for mercury removal equipment; thereby providing the necessary and desired reductions of mercury and other pollutants during that two year period. The minority felt the 2011 date should be utilized for implementation of the mercury reduction requirement and provide for extensions beyond that date if and only if PSNH was unable to complete by 2011 due to circumstances beyond its control.

Majority Amendment (0936h)

Amend RSA 125-O:13 as inserted by section 1 of the bill by inserting after paragraph VIII the following new paragraph:

IX. The owner shall report by June 30, 2007 and annually thereafter, to the legislative oversight committee on electric utility restructuring, established under RSA 374-F:5, and the chairpersons of the house science, technology, and energy committee and the senate energy and economic development committee, on the progress and status of complying with the requirements of paragraphs I and III, relative to achieving early reductions in mercury emissions and also installing
and operating the scrubber technology including any updated cost information. The last report required shall be after the department has made a determination, under paragraph V, on the maximum sustainable rate of mercury emissions reductions by the scrubber technology.

Amend RSA 125-O:18 as inserted by section 1 of the bill by replacing it with the following:

125-O:18 Cost Recovery. If the owner is a regulated utility, the owner shall be allowed to recover all prudent costs of complying with the requirements of this subdivision in a manner approved by the public utilities commission. During ownership and operation by the regulated utility, such costs shall be recovered via the utility’s default service charge. In the event of divestiture of affected sources by the regulated utility, such divestiture and recovery of costs shall be governed by the provisions of RSA 369:B:3-a.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SPECIAL ORDER

HB 1738-FN, prohibiting the use of surveillance devices to identify motor vehicles. INEXPEDIT
ENT TO LEGISLATE.

Rep. Brenda L. Ferland for Transportation: This bill would have prohibited the use of surveillance devices including cameras, transponders, cellular phones, global positioning satellites, and radio frequency to identify motor vehicles. There was much opposition from the New Hampshire Bankers Association, Department of Transportation, Department of Safety and Attorney Generals Office since they were among the list of people who would be prohibited. The prime sponsor attempted to amend the bill but that only added to the confusion about what would be accepted usage. Every instance that was talked about in committee seemed not to apply. Thus, the committee concluded that this is a solution looking for a problem. Vote 12-1.

Committee report failed.

Rep. Kurk moved Ought to Pass and offered floor amendment (1307h).

Floor Amendment (1307h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Highway Video Surveillance. Amend RSA 236 by inserting after section 129 the following new subdivision:

Highway Video Surveillance

236:129 Highway Video Surveillance Prohibited.

I. In this subdivision, “surveillance” means the act of determining the ownership of a motor vehicle or the identity of a motor vehicle’s occupants on the public ways of the state or its political subdivisions through the use of a camera or other imaging device or any other device, including but not limited to a transponder, cellular telephone, global positioning satellite, or radio frequency identification device, that by itself or in conjunction with other devices or information can be used to determine the ownership of a motor vehicle or the identity of a motor vehicle’s occupants.

II. Neither the state of New Hampshire nor its political subdivisions shall engage in surveillance on any public ways of the state or its political subdivisions.

III. The prohibition set forth in paragraph II shall not apply where surveillance:

(a) Is specifically authorized by statute;

(b) Is undertaken on a case-by-case basis in the investigation of a particular violation, misdemeanor, or felony;

(c) Is undertaken to produce images or data that:

(1) Are viewed only at the transportation management center of the department of transporta-
tion in connection with a particular incident occurring on a public way; and

(2) Are not recorded;

(d) Is incidental to the monitoring of a building or other structure under the control of the state or a political subdivision of the state; or

(e) Is undertaken for the security of the following bridges and approach structures: I-95 Piscataqua River Bridge, Sarah Mildred Long Bridge, and the Memorial Bridge, all in Portsmouth.

IV. Nothing in this section shall prevent the creation, transmission, or recording of any images or data which cannot, by enhancement, manipulation, or otherwise, be used for surveillance.

V. Any person violating the provisions of this section shall be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person.
236:131 Information from Other Sources. Neither the state of New Hampshire nor its political subdivisions shall obtain from others, including private businesses and federal and state governments, any information that it is prohibited from obtaining under the provisions of RSA 236:130.

2 Effective Date. This act shall take effect July 1, 2006.

AMENDED ANALYSIS

This bill prohibits the use of surveillance devices on New Hampshire highways unless authorized by statute or under certain other circumstances.

Rep. Kurk spoke in favor and yielded to questions.

Rep. Mirski spoke against.

Rep. John Flanders moved the previous question.

Adopted.

Floor amendment (1307h) adopted.

Motion of Ought to Pass as amended adopted and ordered to third reading.

REGULAR CALENDAR (CONT'D.)

HB 317-FN, relative to mooring fees. OUGHT TO PASS WITH AMENDMENT.

Rep. Michael D. Whalley for Ways and Means: This bill as originally adopted by the House would have increased fees on moorings on the six regulated lakes by over 100 percent annually. A cost analysis of the mooring program, provided by the Department of Safety, indicated that the program had annual expenses of $149,000. That analysis also indicated that moorings that were part of a congregate mooring field have a greater cost to the program than moorings permitted to individuals. The bill, as amended, will maintain the annual fee to renew an individual mooring, not part of a congregate mooring field, at $25 per mooring, per year. The fee to renew a mooring that is part of a congregate field would increase from $25 to $50 per mooring, per year, as recommended by the Resources Recreation and Development Committee. The initial application fee would also increase from $25 to $125 as originally recommended. The new fee schedule will raise approximately $190,000 which is more than adequate to cover the cost of the mooring program. Vote 14-3.

Amendment (1272h)

Amend the bill by replacing section 1 with the following:

1 Mooring of Boats on Public Waters; Annual Mooring Fee; Permit Expiration. Amend RSA 270:62, V-VII to read as follows:

V. A fee of $125 shall be charged for each initial decal issued pursuant to this subdivision which shall be deposited in the navigation safety fund established under RSA 270-E:6-a. An annual mooring fee of $50 for each mooring in a congregate mooring field and $25 for each mooring not in a congregate mooring field shall be charged for each decal [issu ed] renewed pursuant to this subdivision which shall be deposited in the navigation safety fund established under RSA 270-E:6-a.

VI. [Each permit granted under this subdivision shall expire on December 31 of the fifth year from the date of issuance.]

VII: A hearing shall not be required for the renewal of a permit for a congregate mooring field, unless there are changes in the permit or a hearing is requested after notice has been issued.

AMENDED ANALYSIS

This bill increases the fee for an initial mooring decal and the annual mooring fee for moorings in congregate mooring fields. This bill also eliminates the expiration of mooring permits after 5 years. Amendment adopted.

Committee report adopted and ordered to third reading.

HB 634-FN-A, relative to solid waste reduction, establishing a solid waste disposal fee, and renaming the recycling market development steering committee. MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS.

Rep. Shawn N. Jasper for the Majority of Ways and Means: This bill deals with a very important and complicated matter; reducing the amount of solid waste which the state landfills and incin erates. As a state we failed to attain our goal of 40 percent diversion by the year 2000. We are rapidly running out of landfill space and with the exception of one expansion there are no new facilities currently being sited. It is a problem to which we must find a solution. It does not appear that the funding within this bill will have a significant impact on solid waste reduction. Fifty percent of
the monies raised by the fee will be available to non-profit organizations which meet certain criteria. While some of that money will filter back to communities, there is no guarantee that it will be a significant amount nor is it likely that all communities would benefit equally. Of the states fifty percent, nearly all of the money will go to salaries and Household Hazardous Waste. Not only that, the manner in which the money is raised gives rise to Constitutional issues, under Article 28A. While municipalities are not required to have landfills, they must provide for the disposal of municipal waste. It is clear that at a minimum they would be responsible for paying the fees associated with trash generated by the municipal operations. If that were the only question we had, we could have asked for an opinion of the courts; however, other concerns still remain. At the last minute the Department of Environmental Services came forward with a proposal which seems to solve many, if not all, of the above concerns. We appreciate the frustration of the policy committee in not having had the opportunity to review the plan at their public hearing; however, we believe that it is the best interest of the state to fully explore their proposal. If the bill is sent to study the committee will be composed of members of four committees; Environment and Agriculture, Municipal and County Government, Science and Technology and Ways and Means. This composition should insure that all of the major concerns can be addressed by representatives from the appropriate policy committee. Vote 14-4. 

Rep. John M. Pratt for the Minority of Ways and Means: The one thing this bill does not need is further study. This bill was the subject of ten – count them – ten subcommittee hearings over a couple of years in Environment and Agriculture. It passed Environment and Agriculture on a bipartisan 15-0 vote. It was then subject to extensive debate on the floor of the House before it passed the House on a 176-168 vote. It was sent on to Ways and Means for the sole purpose of examining the adequacy of the funding mechanism in the bill. It is not – and ought not – be the prerogative of a second committee to subvert the will of the House by side tracking a bill because a majority of that committee or House leadership itself doesn’t agree with its substance.

Reps. Rous and Vaillancourt spoke against.

Reps. Jasper, Hall, Major and Babson spoke in favor.

On a division vote, 175 members having voted in the affirmative and 94 in the negative, the majority committee report was adopted.

**HB 678-FN, relative to the insurance premium tax. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Benjamin E. Parker for the Majority of Ways and Means: This bill was introduced in the Commerce Committee, who then recommended it to the House. The House passed the bill and referred it to the Ways and Means Committee. The bill as introduced to the Ways and Means Committee reduced the premium tax for property and casualty and life insurance from 2 percent to 1 percent upon sixty days after passage. The committee amendment changes the premium tax to 1.75 percent effective July 1, 2007, then 1.5 percent effective January 1, 2009, then 1.25 percent effective January 1, 2010 and finally 1 percent effective January 1, 2011. 

As amended, the static fiscal impact for FY08 would be a 2.4 million revenue reduction; FY09, $4.2 million reduction; FY10, $9.1 million reduction; FY11, $11.1 million reduction and FY12, $13.4 million reduction. No consideration is given to an increase in the business profits tax resulting from reduced premium tax credits. With the policy set by the Commerce Committee and approved by the House, the committee analyzed the dynamics of the change in the premium tax and worked to mitigate the revenue impact of the change. The committee noted anecdotal evidence of insurance companies re-domesticating to low premium tax states, but found empirical evidence that total insurance related employment on average increased in low premium tax states relative to higher premium tax states. Representatives from specific insurance companies provided assurances that the rate reduction as proposed in this bill as amended would, in one instance, result in retention of a large New Hampshire company currently planning to re-domesticate in another state and, in other instances, result in expansion of existing operations. Though re-domestication to or from another state does not mean an immediate shift in jobs, evidence showed that jobs do migrate over time to the new home state.

No consideration is given in the above revenue impact to re-domestication of insurance companies to New Hampshire. The committee found that insurance company corporate offices support a wide range of employment opportunities including a large number of relatively well-paying jobs that required a high level of education. Further, these jobs are the type New Hampshire
both seeks to retain and is well suited to attract. Testimony showed that additional insurance industry jobs would have a positive effect on both local and state revenues. The amendment to this bill phases in the premium tax reduction beginning with the next biennium budget. This ensures that estimates for the current budget are not affected, it sends the appropriate signal to the insurance industry and allows lead-time for response, and if industry response is not appropriate over the next few years, allows reconsideration of the reduction before the rate is reduced to 1 percent. While the committee believes state revenues will be adversely affected at today’s values whether the premium tax rate is changed or not, on balance, the majority of the committee believes that this bill as amended results in a greater net benefit to future state revenues and State’s economic outlook. Vote 15-2.

Rep. Susan W. Almy for the Minority of Ways and Means: The minority agrees with the majority on the positive aspects of this bill, but cannot tolerate the negative ones. This is the same as a direct appropriation to the insurance companies of $6.4 million in the next biennium FY08/FY09, $20.2 million in the next FY10/FY11, and $26.8 million in the ones that follow using conservative estimates. These are the sums that we would have collected under the existing premium tax, but will not collect if this passes. These are the sums that would have gone to paying for the increased costs of the services we now provide the citizenry, increased by inflation in staff wages and health, fuel, and other costs. What do you want to do instead? Raise another tax, or further cut the services we have been eroding every two years?

Majority Amendment (1263h)

Amend the bill by replacing section 3 with the following:

3 Insurance: Premium Tax Decreased. Amend RSA 400-A:32, I to read as follows:

1.(a) Every insurer shall pay to the insurance commissioner a tax [of 2 percent] upon such net premiums, for lines of business written, as set forth in the report filed pursuant to RSA 400A:31, I, less estimated payments made in accordance with RSA 400-A:32, II[5], as follows:

(1) Effective July 1, 2007, a tax of 1.75 percent for all lines of business written pursuant to RSA 401:1, I-III and V-VIII, and RSA 401:1-a, I and II;
(2) Effective January 1, 2009, a tax of 1.50 percent for all lines of business written pursuant to RSA 401:1, I-III and V-VIII, and RSA 401:1-a, I and II;
(3) Effective January 1, 2010, a tax of 1.25 percent for all lines of business written pursuant to RSA 401:1, I-III and V-VIII, and RSA 401:1-a, I and II; and
(4) Effective January 1, 2011, a tax of one percent for all lines of business written pursuant to RSA 401:1, I-III and V-VIII, and RSA 401:1-a, I and II.
(5) A tax of 2 percent for all lines of business written pursuant to RSA 401:1, IV, including, but not limited to, insurers licensed pursuant to RSA 420-A, RSA 420-B, and RSA 420-F.

(b) Provided, however, that every authorized insurer shall pay to the insurance commissioner a minimum annual premium tax of no less than $200.

AMENDED ANALYSIS

This bill reduces the insurance premium tax in an effort to retain companies that are presently domesticated in New Hampshire and attract other companies to domesticate in New Hampshire.

MOTION TO LAY ON THE TABLE

Rep. Phinizy moved that HB 678-FN, relative to the insurance premium tax, be laid on the table, and the motion failed.

Majority committee amendment adopted.

The question now being adoption of the majority committee report.

Rep. Almy spoke against and yielded to questions.

Reps. Lund and Parker spoke in favor and yielded to questions.

Rep. Ryan spoke against.

Rep. John Flanders moved the previous question.

Adopted.

and the majority committee report was adopted. 

Ordered to third reading. 

Rep. Infantine declared a conflict of interest and did not participate.
HB 1311-FN-A, relative to the electronic filing of reports and applications with the secretary of state and relative to certain fees paid to the secretary of state. **OUGH TO PASS WITH AMENDMENT.**

Rep. Shawn N. Jasper for Ways and Means: This bill as originally approved would require electronic filing of reports and applications with the Secretary of State and increase fees. Testimony from the Secretary of State's Office refuted the need to increase fees. The amendment maintains the policy as it came to us but eliminated the fee increase. Vote 12-4.

**Amendment (1254h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the electronic filing of reports and applications with the secretary of state.

Amend the bill by deleting sections 2-5 and renumbering the original section 6 to read as 2.

**AMENDED ANALYSIS**

This bill authorizes the secretary of state to implement an electronic filing system for certain reports and applications that are filed with the office of the secretary of state.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 1701-FN-A, relative to boat fee agents of the department of safety, increasing the boat registration fee, and relative to the prevention of exotic aquatic weeds. **INEXPEDIENT TO LEGISLATE.**

Rep. Priscilla P. Lockwood for Ways and Means: This bill would increase the boat registration fee with the money from agent collectors to go to the state for the Lakes Restoration and Preservation Fund. While this is a good purpose, the money at the present time goes to the towns in which the boats are registered. This bill would take monies from the towns which in some cases is a substantial amount. Vote 9-7.

Committee report adopted.

**REMOVED FROM THE TABLE**

Rep. Coughlin moved that **HR 13**, condemning the genocide in the Darfur region of the Sudan and urging Congress, with the support of the President, to pass the Darfur Accountability Act (S. 495) and the Darfur Genocide Accountability Act (H.R. 1424), be removed from the table.

Adopted.

The pending question being Inexpedient to Legislate.

Rep. Coughlin spoke against.

Committee report failed.

Rep. Coughlin moved Ought to Pass and offered floor amendment (1279h).

**Floor Amendment (1279h)**

Amend the resolution by replacing the title of the resolution with the following:

A RESOLUTION condemning the genocide in the Darfur region of the Sudan and calling upon the President, the State Department and Congress to unite the international community to end the genocide in Darfur.

Amend the resolution by replacing all after the title with the following:

**Whereas,** on February 1, 2005, the United Nations released the Report of the International Commission of Inquiry on Darfur to the United Nations Secretary-General which found that war crimes and crimes against humanity had been perpetrated in the Darfur region of Sudan; and

**Whereas,** the Report of the International Commission of Inquiry established that Sudanese government forces and the Janjaweed militia are responsible for systematic and widespread killing, torture, rape, pillaging, and forced displacement throughout Darfur and that these acts result in 10,000 deaths every month; and

**Whereas,** President Bush, former Secretary of State Powell, and the United States Congress have declared the attacks to be genocide, a crime against humanity; and

**Whereas,** 136 nations, including the United States, condemn, and seek to prevent and punish the Crime of Genocide as signatories to the Convention on the Prevention and Punishment of Crimes Against Humanity; and
Whereas, the continuing atrocities in Darfur cry out for an aggressive international response to provide protection for 2 million internally-displaced Sudanese, to expand humanitarian relief efforts without delay, and to establish political negotiations to end these atrocities; now therefore, be it

Resolved by the House of Representatives:
That the New Hampshire House of Representatives:
I. Condemns the ongoing genocide in Darfur; and
II. Calls upon the President, the State Department, and Congress to unite the international community to end the genocide in Darfur; and

That a copy of this resolution be forwarded by the house clerk to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the New Hampshire congressional delegation.

AMENDED ANALYSIS

This resolution condemns the genocide in the Darfur region of the Sudan and calls upon the President, the State Department, and Congress to unite the international community to end the genocide in Darfur.
Rep. Giuda moved the previous question.
Adopted.
Floor amendment (1279h) adopted.
Motion of Ought to Pass as amended adopted.
Ordered to third reading.

RESOLUTION

Rep. O'Neil offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 5, 2006 at 10:00 a.m.
Adopted.

LATE SESSION

Third reading and final passage

CACR 30, relating to limits on the taking of private property. Providing that a person’s property shall not be taken by eminent domain if the taking is for private use.

HB 1692-FN, establishing the New Hampshire sexual predators act.

HB 627-FN, relative to including persons 17 years old in the juvenile justice system.

HB 1189, relative to audits by the legislative budget assistant.

HB 1241-FN-L, extending the kindergarten construction aid program.

HB 1474-FN, relative to unemployment compensation contribution rates and benefits.

HB 1697-FN, relative to certain state salaries.

HB 1735-FN, relative to awarding the state employees’ health insurance plan.

HB 1167-FN-A, making an appropriation to the land and community heritage investment program.

HB 1626-FN-A, relative to appropriations for the expenses of certain departments of the state.

HB 1249-FN-A-L, relative to state reimbursement for school breakfasts and making an appropriation therefor.

HB 1459-FN-A, relative to the department of regional community-technical colleges and making an appropriation therefor.

HB 1464-FN-A-L, relative to mosquito control, establishing a mosquito control fund and making an appropriation therefor.

HB 1608-FN-A, making appropriations to reimburse certain health and human services providers for the increased cost of utilities, heating, and mileage.

HB 1710-FN, relative to appropriations to the department of health and human services for home care providers and community mental centers and making an appropriation to increase the hourly rate of pay for direct care providers for persons with developmental and acquired disabilities and extending the provision of supplemental pharmacy assistance.
HB 1767-FN-A, authorizing the state acquisition of real estate destroyed in the October 2005 floods, establishing a commission to determine the appropriate use of the property, and making an appropriation therefor.

HB 1495, relative to setback requirements for landfills located near rivers.

HB 1673-FN, relative to the reduction of mercury emissions.

HB 1738-FN, prohibiting the use of surveillance devices to identify motor vehicles.

HB 317-FN, relative to mooring fees.

HB 678-FN, relative to the insurance premium tax.

HB 1311-FN-A, relative to the electronic filing of reports and applications with the secretary of state.

HR 13, condemning the genocide in the Darfur region of the Sudan and calling upon the President, the State Department and Congress to unite the international community to end the genocide in Darfur.

RECESS MOTION

Rep. O’Neil moved that the House stand in recess for the purposes of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 11:15 p.m.

RECESS

(Rep. O’Neil in the Chair)

RESOLUTION

Rep. Price offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 103, 225, 231, 241, 244, 250, 254, 262, 284, 302, 305, 308, 318, 323, 327, 333, 337, 350, 353, 355, 363, 382, 386, 398, 399, 404, and 405, and Senate Concurrent Resolution numbered 6, shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.

INTRODUCTION OF SENATE BILLS AND SCR

First, second reading and referral

SB 103-FN-A-L, establishing a committee to study alternatives for funding the operation and maintenance of state-owned dams and making an appropriation to the state dam maintenance fund. (Resources, Recreation and Development)

SB 225-FN-A, relative to horse and dog racing. (Ways and Means)

SB 231, relative to the residency requirement to qualify for the elderly property tax exemption. (Municipal and County Government)

SB 241, allowing municipalities to exclude certain retirement assets from consideration in qualifying for the elderly property tax exemption. (Municipal and County Government)

SB 244, relative to alternative regulation of small incumbent local exchange carriers and relative to unclaimed deposits for utility services. (Science, Technology and Energy)

SB 250, relative to lead paint poisoning prevention. (Environment and Agriculture)

SB 254, renaming a certain bridge in the town of Stratford the Janice Peaslee Bridge. (Public Works and Highways)

SB 262, establishing the position of an administrator of women offenders and family services within the department of corrections, and establishing an interagency coordinating council on women offenders, and making an appropriation therefor. (Criminal Justice and Public Safety)

SB 284-FN, establishing a third full-time justice position in the Manchester, Nashua, and Concord District Courts and equalizing the annual salaries of all justices of the Manchester, Nashua, and Concord District Courts. (Judiciary)

HB 1226-FN, relative to the New Hampshire Humanities Council.

HB 1370, transferring certain surplus moneys to the revenue stabilization reserve account.

HJR 23, a resolution designating a Purple Heart Trail spur to the New Hampshire state veterans cemetery and providing additional signs for the Purple Heart Trail.

RECESS

(Rep. Bicknell in the Chair)

ENROLLED BILLS REPORT
The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 410, 1114, 1122, 1152, 1226 and 1370, and House Joint Resolution 23.

RECESS

(Speaker Scamman in the Chair)

Rep. Weyler moved that the House adjourn.
Adopted.
The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

Speak to us out of the silence, O God. In a world drowning in sounds: the chatter of machinery, the beeping of technology, the ring-tones of cell phones. Still our hearts to listen for a sound we have almost forgotten; how to hear: the still, small voice which speaks lovingly and constantly, if we would only hear.

Help the Barker family to hear Your words of comfort and strength as they grieve the death and remember the life of their beloved Robert. Help us in our work today to hear again Your word of affection for all that is precious and good and generous in this fleeting life. Give ears to all who are straining under terrible burdens today to hear the assurance of Your presence which bears and hopes and endures all things. And give Karen Wadsworth, we pray, the ears to hear Your affection and Your healing for her.

And by Your grace, may we, in listening for You, speak to one another and to all we meet, whether friend or foe, a word of kindness and compassion. All this we pray in Your Holy Name. Amen.

Rep. Lawrence C. Ross, member from Peterborough, led the Pledge of Allegiance.

The National Anthem was sung by Cassandra Millett, Miss New England Teen - 2005.

LEAVES OF ABSENCE
Reps. Barry, Brueggemann, Chabot, David Cote, Gibson, Gonzalez, Hunter, Kobel, Putnam, Kimberly Shaw, Snyder and Joy Tilton, the day, illness.
Reps. Adams, Aguiar, Bergin, Biundo, Bridle, C. Pennington Brown, Buhman, Chris Christensen, Desmarais, Donald Flanders, Giuda, Goley, Hebert, Heon, Kidder, Klose, McRae, Moran, Moreau, Movsesian, O’Connell, O’Neil, Parker, Rochette, Serlin, Sokol and Anna Tilton, the day, important business.
Reps. Baroody, Bishop, MaryAnn Blanchard, Boyce and Norelli, the day, illness in the family.

INTRODUCTION OF GUESTS

INTRODUCTION OF SPECIAL GUESTS
Pauline Barker and Crystal Schaaf, widow and daughter of Honorable Robert R. Barker, guests of the House.

HOUSE RESOLUTION NO. 23
Memorializing State Representative Robert R. Barker of Campton

WHEREAS, we have learned with great sorrow of the death of our friend and colleague Robert R. Barker, who was in his 3rd term of dedicated service in the House of Representatives on behalf of the citizens of District 6 of Grafton County, currently being the towns of Campton, Ellsworth, Orford, Rumney and Wentworth, and previously including Holderness, Thornton and Waterville Valley; and

WHEREAS, Robert R. Barker was known by friends and colleagues as a well-educated man, having attended the University of New Hampshire, Cambridge University, the University of Massachusetts, the Air University Command and Staff College and other specialized military schools, earning him the respect and admiration of those who knew him; and

WHEREAS, Robert R. Barker was a lifelong outdoorsman, having been one of the youngest to hike the Long Trail of Vermont on his own at age 14, he was able to transfer his love of outdoor activities, including skiing, motorcycle riding, benchrest rifle, pistol, trap and skeet shotgun shooting, into his service to the state as a valued member of the Fish and Game Committee; and
WHEREAS, Robert R. Barker did faithfully and honorably serve his country for 22 years as a member of the United States Air Force, attaining the rank of Lieutenant Colonel, while earning the Legion of Merit, Meritorious Service Medal, Joint Service Commendation Medal, Air Force Commendation Medal and Vietnam Service Medal with three Oak Leaf clusters, among other awards; now, therefore, be it

RESOLVED, by the House of Representatives in Regular Session convened, that Robert R. Barker be granted the highest praise and accolades for his dedicated service to his community, his country and his state; and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

Offered by the House of Representatives

Unanimously adopted by a rising vote of silent prayer.

MOTION TO VACATE

Rep. Major and King moved that the House vacate the reference of SB 367-FN, imposing a penalty on Medicaid providers who receive overpayments of state Medicaid funds, to the committee on Ways and Means.

Motion adopted.

The Speaker referred SB 367-FN to the committee on Finance.

SUSPENSION OF RULES

Rep. Weyler and Craig moved that the House Rules be so far suspended as to allow SB 286-FN, relative to notice to defendants in small claims actions, SB 374-FN, relative to the state children's health insurance program, and SB 391-FN, relative to insurance third party administrators, an extension of the deadline of last day to report on Senate Bills going to a second committee, be moved to Thursday, April 13, 2006.

Adopted by the necessary two-thirds.

SENATE MESSAGES

REQUEST CONCURRENCE WITH AMENDMENTS

HB 1147, relative to the conduct of recounts. (Amendment printed SJ 03/22/06)

Rep. Whalley moved that the House concur and spoke in favor.

Adopted.

HB 544, relative to the land and community heritage program. (Amendment printed SJ 02/23/06)

Rep. Babson moved that the House concur and spoke in favor.

Adopted.

Rep. Mirski declared a conflict of interest and did not participate.

HB 649-FN-A-L, establishing a commission to study the costs and funding of medicolegal investigations and autopsies. (Amendment printed SJ 03/09/06)

Rep. King moved that the House concur and spoke in favor.

Adopted.

HB 1657, establishing a wildlife legacy initiative for gifts and donations for fish and wildlife conservation programs. (Amendment printed SJ 03/09/06)

Rep. Robert L’Heureux moved that the House concur and spoke in favor.

Adopted.

HB 334, relative to the type of notice provided in court proceedings. (Amendment printed SJ 02/02/06)

Rep. Dokmo moved that the House concur and spoke in favor.

Adopted.

HB 413, relative to the appointment of the chief justice of the superior court and the number of superior court associate justices. (Amendment printed SJ 02/02/06)

Rep. Dokmo moved that the House concur.

Adopted.
HB 460-FN, relative to the reimbursement to certain providers by the bureau of emergency communications. (Amendment printed SJ 01/18/06) Rep. Ross moved that the House concur and spoke in favor. Adopted.

HB 582, relative to the policy for records management. (Amendment printed SJ 01/18/06) Rep. Bergin moved that the House nonconcur and request a Committee of Conference. Rep. Dalrymple spoke in favor. Adopted.
The Speaker appointed Reps. Pilotte, Fitzgerald, Millham and Irwin.

COMMITTEE REPORTS
CONSENT CALENDAR

Rep. Weyler moved that the Consent Calendar with the relevant amendments as printed in the day’s House Record be adopted. Consent Calendar adopted.

SB 396, repealing the rulemaking authority of the New Hampshire children’s trust fund board. OUGHT TO PASS.
Rep. Karen K. McRae for Children and Family Law: This bill was brought by the legislative members of the New Hampshire Children’s Trust Fund. By-laws and guidelines have covered the criteria enumerated under RSA 169-C:39-h, rule-making authority. Thus, rulemaking authority is no longer needed. Vote 10-1.

SB 251, relative to the enforcement authority of the division of safety services. OUGHT TO PASS WITH AMENDMENT.
Rep. John E. Tholl for Criminal Justice and Public Safety: The bill extends the authority of Marine Patrol Officers to islands or the mainland contiguous to inland or coastal waters in the absence of any Law Enforcement Agency with jurisdiction immediately available when immediate action is required. It clarifies the definition of the water where the Marine Patrol has jurisdiction and allows the enforcement of Title XXI violations pertaining to boats and watercraft (DWI). Vote 13-0.

Amendment (1520h)
Amend RSA 270:12-a, 1(e) as inserted by section 1 of the bill by replacing it with the following:
(e) Any crime or offense, excluding a violation of title XVIII or a violation of title XXI not involving a boat or watercraft, that occurs on an island or on the mainland contiguous to inland or coastal bodies of water in the absence of any law enforcement agency with jurisdiction immediately available when immediate action is required; and

SB 256, relative to the definition of “harm” for purposes of the crime of improper influence. OUGHT TO PASS.
Rep. John E. Tholl for Criminal Justice and Public Safety: The bill amends the definition of harm to include injury to person or property of pecuniary interest and makes it clear that harm does not include the exercise of any conduct protected under the First Amendment. Vote 13-0.

SB 379-FN, relative to harm or threats to certain government officials. OUGHT TO PASS.
Rep. John E. Tholl for Criminal Justice and Public Safety: The bill amends NH RSA 631 by inserting a new paragraph that provides for penalties for causing bodily injury or committing another crime against certain government officials with a purpose to influence such official action or in retaliation for an action taken. It further includes penalties for threatening the officials or their families for the purpose of influencing an official’s action or retaliation for such action. Vote 12-1.

SB 350-FN, relative to boarding kennels. INEXPEDIENT TO LEGISLATE.
Rep. Ronald J. Nowe for Executive Departments and Administration: The committee heard testimony from many that this bill was not needed. The committee could not find that anything was broken; therefore, there was nothing to fix. No sponsor came in support of the bill. Vote 13-0.

SB 289-FN, relative to the brain and spinal cord advisory council. OUGHT TO PASS.
Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill reorganizes the New Hampshire Brain and Spinal Cord Injuries Advisory Council. This was done at the request of the Spinal Cord Injury Association and the Brain Injury Association of New Hampshire. The advisory council will include two members of each of those organizations. The council will also
include members from the professional community, survivors and family members. It will also include a member of the House of Representatives and the senate. In addition, it will include a vocational rehabilitation instructor and an educator. Several other ex officio members will be non-voting members of the council. The council will operate under broad legislative mandates, including consideration of establishing a brain and spinal cord injury trust fund. The committee voted unanimously to support the ongoing work of this important council. Vote 14-0.

SB 296-FN, relative to recovery of public assistance. OUGHT TO PASS.
Rep. Joan H. Schulze for Health, Human Services and Elderly Affairs: The state has the option, with this bill, to take a partial recovery for Medicaid when it is in the best interest of all parties to expedite the recovery process and to avoid litigation. Vote 14-0.

SB 349, relative to the HIV/AIDS service delivery system. OUGHT TO PASS.
Rep. Hilda W. Sokol for Health, Human Services and Elderly Affairs: This bill requires the Health and Human Services Oversight Committee to add to its responsibilities the monitoring of the recommendation proposed by the committee to study the HIV/AIDS services delivery and to determine whether such recommendations have been implemented. The study should include the efficacy of selected programs, target populations, program costs and participation, as well as monitoring the on-going medical modernization plan. Vote 14-0.

SB 274, adding court security to the duties of the New Hampshire court accreditation commission. OUGHT TO PASS.
Rep. Gregory M. Sorg for Judiciary: This bill adds the single word “security” to RSA 490:5-C, the statute that sets out the authority of the New Hampshire Court accreditation commission to prescribe minimum standards for all court facilities in the state. The committee concluded that it is logical that so vital a concern as courthouse and courtroom security should be included in matters under the purview of the commission. Vote 13-0.

SB 300-FN-A-L, exempting certain transfers of real estate between charitable organizations from the real estate transfer tax. OUGHT TO PASS WITH AMENDMENT.
Rep. Jim Ryan for Ways and Means: This bill, as amended, removes the possibility of real estate taxes being imposed upon transfers between charitable organizations occasioned by recent policy directives requiring consolidation of area agencies. The bill has been carefully crafted to have minimal effect on revenues and enjoys the support of the DRA, who assisted in preparing the bill. Vote 16-0.

Amendment (1528h)
Amend RSA 78-B:2, XIX as inserted by section 1 of the bill by replacing it with the following: XIX. To a transfer of title pursuant to a merger, consolidation, or reorganization of 2 or more organizations, each of which is exempt from federal income taxation under section 501(c)(3) or section 501(c)(2) of the United States Internal Revenue Code of 1986, as amended, where all such organizations have certified in advance of the transaction to the satisfaction of the commissioner of the department of revenue administration that, over the 3 fiscal years preceding the transfer, on average, a majority of their collective program service revenues received from third parties have been received from federal, state, and/or local governmental sources.

REGULAR CALENDAR

SB 400-FN, relative to highway welcome signs. OUGHT TO PASS.
Rep. Brenda L. Ferland for Transportation: State highway signs should have the state motto “Live Free or Die” on them. All 24 Senators were in agreement on this bill, the House Transportation Committee concurs. Vote 10-0.
Rep. Ferland yielded to questions.
Committee report adopted.
Referred to the committee on Finance.

RESOLUTION
Rep. Weyler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 12, 2006 at 10:00 a.m.
Adopted.
LATE SESSION

Third reading and final passage

HR 23, memorializing State Representative Robert R. Barker of Campton.
SB 396, repealing the rulemaking authority of the New Hampshire children’s trust fund board.
SB 251, relative to the enforcement authority of the division of safety services.
SB 256, relative to the definition of “harm” for purposes of the crime of improper influence.
SB 379-FN, relative to harm or threats to certain government officials.
SB 289-FN, relative to the brain and spinal cord advisory council.
SB 296-FN, relative to recovery of public assistance.
SB 349, relative to the HIV/AIDS service delivery system.
SB 274, adding court security to the duties of the New Hampshire court accreditation commission.
SB 300-FN-A-L, exempting certain transfers of real estate between charitable organizations from the real estate transfer tax.

UNANIMOUS CONSENT

Reps. Irwin, Kurk and Stone addressed the House.

REMARKS

Rep. Irwin: Good morning. Isn’t it nice for it still to be morning? I have the very good luck to sit between the oldest woman in the House and the youngest woman in the House. Both of them are very unique, but the one I’d like to talk to you about today is my friend, Angeline Kopka. You know how sometimes, quite by chance, someone just happens to touch your heart and that’s the case with Angie. There are three things I’d like to mention to you about Angie. One is that Angie has an extraordinary sense of grace in the very purest way. Like all of us she has been tossed by life a little bit, but she always seems to feel that it will come out right and grace will see us through. The second thing I’d like to say is Angie has the gift of joy. She really gets a kick out of life. She gets a kick out of us. She enjoys being here. She’s interested in what’s happening. She wants to learn and she’s always very pleased with us. Though she has been known to say, “So what is he talking about now?” And the third thing is that Angie frequently has chocolate and she shares. So to celebrate Angie’s nine (9) decades on this planet, I have 90, more or less, pieces of chocolate. Blessings Angie, Happy Birthday, and please, all her birthday is actually next week, but let’s make it a real celebration. How many of us can sing, “Happy Birthday, dear Angie.” Thank you, Mr. Speaker

REMARKS

Rep. Stone: Thank you, Mr. Speaker. I wasn’t going to speak but I think this will be the last time I’ll have this opportunity to address this great House regarding an event that occurred back on last Saturday, April 1st. Those who know me know what I’m probably going to speak about. The last battle before V-J Day was declared back in 1945 occurred on the island of Okinawa. Here in this body we have several men who were there and each year when I speak, I tried to have them stand so that they may be recognized. The island of Okinawa, as I said before, was a small island. We had many times heard from our most wonderful representative from New London who spoke about the battle of Saipan and a bloody battle that it was.

The most savage battle that took place in the Pacific was the island of Okinawa. This battle started on April 1st, April’s Fools Day, and didn’t end until September. During that period of time there were about 26,000 Americans killed, wounded or missing, 90,000 Japanese were killed and 150,000 Okinawans lost their lives. The United States Navy took a terrific loss. They had over 254 ships that were either sunk or damaged. In our group here today, we have a person who was a member of the United States Navy. He was a combat pilot who flew off a carrier. Rep. Rosen had two or three strikes on the island of Okinawa to help us, the ground troops. Also in the Navy, was John Flanders who served during the battle of Okinawa.

Ladies and gentlemen, I would like to have you give them a sound round of applause for all those who participated. Thank you very much, Mr. Speaker, for allowing me this chance to speak.
RECESS MOTION

Rep. Weyler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 11:10 a.m.

RECESS

(Rep. Buxton in the Chair)

SENATE MESSAGES

CONCURRENCE

HB 254-FN, establishing lifetime licenses for bow and arrow, muzzle loading firearm, and crossbow licenses.

HB 657-FN-L, relative to promoting community revitalization.

HB 1125, relative to the filing period for candidates at the presidential primary.

HB 1128-FN, relative to definition of teacher in the New Hampshire retirement system, and relative to approval of supplemental allowances.

HB 1132, relative to qualifications for the Global War on Terrorism operations service bonus payment.

HB 1154-FN, relative to eligibility for special number plates for veterans.

HB 1179, repealing a requirement that the department of transportation spend a certain amount for litter removal that is determined based on fees paid to the liquor commission.

HB 1185, relative to Volunteer NH.

HB 1188, relative to notice before entry into a condominium unit.

HB 1217, requiring the secretary of state to publish certain information on campaign contributions.

HB 1222-FN, relative to unlawful voting.

HB 1362, relative to permitting audio and video recording on school buses.

HB 1418-FN, relative to road toll refunds.

HB 1455-FN-A, relative to the disposal of video display devices.

HB 1484, relative to including motorcycle and tractor-trailer safety in driver education courses.

HB 1487, relative to marriage licenses.

HB 1497-L, relative to certification by a superintendent regarding statistical reports.

HB 1498, establishing a risk management unit within the department of administrative services and relative to the rulemaking authority of the department of administrative services.

HB 1517-FN, relative to membership on the board of medicine and the medical review subcommittee.

HB 1579, relative to membership of the air resources council.

HB 1609-FN, requiring a pilot project to estimate future water needs and availability.

HB 1633-FN, relative to membership, eligibility, and financing of the New Hampshire retirement system.

HB 1636-FN, relative to appeals from class A misdemeanor sentences imposed by the district courts.

HB 1646-FN, relative to the use of a leashed tracking dog in the recovery of a wounded deer, moose, or bear.

HB 1663-FN-L, relative to the licensing fee for motor vehicle recycling yards.

HB 1715-FN, relative to funding of the professional assistance program of dentists.

HB 1765-FN-A-L, relative to funding for disaster relief efforts in response to the October 2005 floods and making an appropriation therefor.

INTERIM STUDY

HB 713-FN, relative to a process for the request and disclosure of social security numbers.

RECESS

(Speaker Scamman in the Chair)

Rep. O’Neil moved that the House adjourn.

Adopted.
HOUSE JOURNAL No. 13
Wednesday, April 12, 2006

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day’s opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend David P. Jones, Rector of St Paul’s Episcopal Church in Concord.

Lord of races and tribes and nationalities and families: bind together the diverse threads of this group of men and women and weave them through their work this day into a tartan of complex and brave beauty, that all of us may wear proudly the legislative fabric they craft for us in these days. Amen.

Rep. Duncan D. Chaplin, member from Strafford, led the Pledge of Allegiance.

The National Anthem was sung by Katie Siggins, a junior from White Mountain High School in Whitefield.

LEAVES OF ABSENCE
Reps. Chabot, Gibson, Hunter, Klose, Kobel, Robert L’Heureux, Putnam and Snyder, the day, illness.
Reps. Barry, Carter, Ginsburg, Grassie, Greco, Hollinger, Infantine, Jean, King, Messier, Moran, Palazzo, Pilliod and Serlin, the day, important business.
Reps. Bishop and MaryAnn Blanchard, the day, illness in the family.

INTRODUCTION OF GUESTS

Adam Carver, Londonderry High School student, Page for the Day.

INTRODUCTION OF A SPECIAL GUEST
Rep. Karen McRae, President of the Order of Women Legislators introduced Michelle Escobar from Rumney, the recipient of the 2006 New Hampshire OWLS Scholarship.

TARTAN DAY PROGRAM

Special guests who performed for the House in honor of New Hampshire Tartan Day were Pipers Lezlie Webster, Elliot Smith and Campbell Webster. Highland Dancers from the New Hampshire School of Scottish Arts included Sarah, Ariana, and Colleen Dudley, Fiona Barker, Samantha Allen, Lorna Mitchell, Hanna Marcel, Mary Beth Mackay, Madison Berghethon, Marielle Webster, Campbell Webster, Laura Zbelick, Ariadna McLeod and Mharie Holmes, Colleen Colpitts, Rachel Matheson, Katie, Samantha, and Eli Alman.

Rep. Rowe offered a Scottish prayer and Piper Campbell Webster piped “Amazing Grace.”
SENATE MESSAGE
REQUEST CONCURRENCE WITH AMENDMENT

HB 719-FN, recodifying the Articles 1 and 7 of the Uniform Commercial Code. (Amendment printed SJ 03/16/06)
Rep. Sheila Francoeur moved that the House concur and spoke in favor.
Adopted.

COMMITTEE REPORTS
CONSENT CALENDAR

Rep. O’Neil moved that the Consent Calendar with the relevant amendments as printed in the day’s House Record be adopted.

SB 323, establishing a legislative youth advisory council, removed by Rep. McRae.
SB 370-FN, relative to multidisciplinary child protection teams, removed by Rep. McRae.
SB 382, relative to the guardian ad litem board, removed by Rep. McRae.

Consent Calendar adopted.

SB 395, relative to the number of children in a licensed foster home. OUGHT TO PASS.
Rep. Barbara Hull Richardson for Children and Family Law: This bill allows foster families to exceed the limit of six youngsters (including children living in the home and children received for foster care) when the Department of Health and Human Services concludes that the foster family is able to provide for the safety, permanency, and well-being of the child or children. Vote 13-0.

SB 283-FN, relative to stop loss insurance. OUGHT TO PASS WITH AMENDMENT.
Rep. Donald H. Flanders for Commerce: This bill is at the request of the Insurance Department. It establishes law governing stop loss insurance and provides minimum criteria for such insurance. It also prohibits stop loss insurers from providing direct coverage of health care expenses of an individual, thereby eliminating the possible undermining of our community rating system. Vote 15-0.

Amendment (1553h)

Amend RSA 415-H:4 and 415-H:5 as inserted by section 1 of the bill by replacing them with the following:

415-H:4 Actuarial Certification. An insurer shall file with the commissioner annually on or before March 15, an actuarial certification certifying that the insurer is in compliance with this chapter. The certification shall be in a form and manner, and shall contain information, specified by the commissioner. A copy of the certification shall be retained by the insurer at its principal place of business.

415-H:5 Rulemaking. The commissioner may adopt rules in accordance with RSA 541-A that carry out the requirements of this chapter and prescribe additional standards for stop loss insurance policies.

SB 295-FN, relative to registration of business entities. OUGHT TO PASS.
Rep. Kathleen N. Taylor for Commerce: This bill relates to the registration and dissolution of certain business entities. Also, fees were adjusted to properly cover the costs incurred by the Secretary of State in the registration of corporations. Vote 15-0.

Referred to the committee on Ways and Means.

SB 330, relative to outdoor advertising. INEXPEDIENT TO LEGISLATE.
Rep. Tara G. Reardon for Commerce: This bill sought to affirmatively allow advertising or “banners” erected by municipalities. Several municipalities currently erect historical or informational banners on either municipal-owned or, with permission, on utility-owned poles. These banners sometimes contain the names of businesses, individuals or organizations that have paid for the banner. There are currently no penalties in the law and the committee felt the legislation is not necessary. Vote 14-1.

SB 207-FN, relative to enhanced penalties for certain crimes against the elderly and persons with a physical or mental disability. OUGHT TO PASS.
Rep. Peter M. Sullivan for Criminal Justice and Public Safety: This bill provides for enhanced penalties for offenses against senior citizens and individuals with disabilities when the perpetrator intended to take advantage of the victim’s ability to manage his or her property or interests. This legislation sends a clear message that New Hampshire will deal harshly with those who attempt to prey on our vulnerable neighbors. Vote 19-0.
SB 246, relative to provisions for permissible contact between the agent of the defendant subject to a protective order and a plaintiff. OUGHT TO PASS WITH AMENDMENT.

Rep. Peter M. Sullivan for Criminal Justice and Public Safety: This bill addresses concerns raised by the New Hampshire Supreme Court in the Kidder decision. That decision placed severe restrictions on the ability of attorneys to contact pro se opposing parties in cases involving domestic violence protective orders. This bill establishes clear ground rules for contact in these situations, which will encourage communication and resolution of such cases. By addressing the concerns of domestic violence advocates, the law enforcement community and the defense bar, this bill provides a sensible solution to a pressing problem. Vote 16-3.

Amendment (1596h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Protection of Persons from Domestic Violence; Permissible Contact. Amend RSA 173 by inserting after section 5 the following new section:

173-B:5-a Permissible Contact.

I. A protective order issued pursuant to RSA 173-B:4 or RSA 173B:5 shall not be construed to prohibit an attorney, or any person acting on the attorney’s behalf, who is representing the defendant in an action brought under this chapter, or in any criminal proceeding concerning the abuse alleged under this chapter, from contacting the plaintiff for a legitimate purpose within the scope of the civil or criminal proceeding; provided, that the attorney or person acting on behalf of the attorney: identifies himself or herself as a representative of the defendant; acknowledges the existence of the protective order and informs the plaintiff that he or she has no obligation to speak; terminates contact with the plaintiff if the plaintiff expresses an unwillingness to talk; and ensures that any personal contact with the plaintiff occurs outside of the defendant’s presence, unless the court has modified the protective order to permit such contact.

II. A no-contact provision in a protective order issued pursuant to RSA 173-B:4 or RSA 173-B:5 shall not be construed to:

(a) Prevent contact between counsel for represented parties; or
(b) Prevent a party from appearing at a scheduled court or administrative hearing; or
(c) Prevent a defendant or defendant’s counsel from sending the plaintiff copies of any legal pleadings filed in court relating to the domestic violence petition or related civil or criminal matters.

III. A violation of this section may result in a finding of contempt of court.

2 New Paragraph; Stalking; Permissible Contact. Amend RSA 633:3-a by inserting after paragraph III-c the following new paragraph:

III-d.(a) A protective order issued pursuant to this section, RSA 173-B:4, or RSA 173-B:5 shall not be construed to prohibit an attorney, or any person acting on the attorney’s behalf, who is representing the defendant in an action brought under this chapter, or in any criminal proceeding concerning the abuse alleged under this chapter, from contacting the plaintiff for a legitimate purpose within the scope of the civil or criminal proceeding; provided, that the attorney or person acting on behalf of the attorney: identifies himself or herself as a representative of the defendant; acknowledges the existence of the protective order and informs the plaintiff that he or she has no obligation to speak; terminates contact with the plaintiff if the plaintiff expresses an unwillingness to talk; and ensures that any personal contact with the plaintiff occurs outside of the defendant’s presence, unless the court has modified the protective order to permit such contact.

(b) A no-contact provision in a protective order issued pursuant to this section shall not be construed to:

(1) Prevent contact between counsel for represented parties; or
(2) Prevent a party from appearing at a scheduled court or administrative hearing; or
(3) Prevent a defendant or defendant’s counsel from sending the plaintiff copies of any legal pleadings filed in court relating to the domestic violence petition or related civil or criminal matters.

(c) A violation of this paragraph may result in a finding of contempt of court.

3 New Paragraph; Bail and Recognizances. Amend RSA 597:2 by inserting after paragraph III-a the following new paragraph:

III-b. A no-contact provision contained in any bail order shall not be construed to:

(a) Prevent counsel for the defendant to have contact with counsel for any of the individuals protected by such provision; or
(b) Prevent the parties, if the defendant and one of the protected individuals are parties in a domestic violence or marital matter, from attending court hearings scheduled in such matters or exchanging copies of legal pleadings filed in court in such matters.

4 Protection from Domestic Violence; Relief. Amend RSA 173-B:5. VII to read as follows:

VII. Both parties shall be issued written copies of any orders issued by the court, and all orders shall bear the following language: "A willful violation of this order is a crime, as well as contempt of court. Violations of the protective provisions shall result in arrest and may result in imprisonment." Orders shall clearly state how any party can request a further hearing and how the plaintiff may bring a criminal complaint or a petition for contempt if there is a violation of any court order.

5 Effective Date. This act shall take effect 60 days after its passage.

**SB 333**, relative to inquiries of DWI defendants regarding establishments serving alcohol to the defendants. INEXPEDIENT TO LEGISLATE.

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: It was the unanimous position of this committee that this bill places the judge in a difficult position of requiring testimony from a defendant that has no bearing on the sentencing portion of the proceeding. Further, police departments usually obtain this information as part of their normal arrest process. Further, requiring the judge to obtain information gives an appearance of impropriety, because it is done before sentencing. Vote 17-0.

**SB 407-FN-A**, relative to enforcement of labor statutes under current federal immigration laws. REFER FOR INTERIM STUDY.

Rep. Peter M. Sullivan for Criminal Justice and Public Safety: The committee recognizes that the current system of immigration regulations is confusing and outmoded, and is in dire need of reform. The bill, as written, is poorly crafted and potentially counterproductive. However, the committee recommends that the bill be sent to interim study. With major changes in Federal Immigration Law currently pending before Congress, this study committee will provide a proper forum for addressing possible changes in state law that may be necessitated by congressional action. Vote 13-6.

**SB 200-FN**, establishing the uniform athlete agents act. OUGHT TO PASS.

Rep. James M. Fitzgerald for Executive Departments and Administration: This bill was brought forward at the request of the university system and will benefit the student-athletes as well as the colleges and universities of our state. The "uniform Athlete Agents Act" was developed by the National Conference of Commissioners in 2000 at the request of the National Collegiate Athletic Association (NCAA) to establish a model state law governing the relationships between athlete agents, student-athletes and academic institutions that provides for uniform registration, certification and background checks on sports agents. Since that time, over 35 states have adopted the uniform policies and a number of others are in the process of doing so. The purpose of this legislation is to establish uniform standards from state to state that protect student athletes and academic institutions from unprincipled sports agents. The majority of athlete agents are hard-working and honest people who provide a valuable service to their clients; however, there are some who are unprincipled and predatory. These unscrupulous agents often will manipulate and take advantage of their young clients and the institutions for which they play. The consequences of such behavior can be extremely damaging to the student-athlete, the academic institution and to amateur athletics in general. Vote 12-2.

Referred to the committee on Ways and Means.

**SB 264**, relative to the chief financial officer of the department of environmental services. INEXPEDIENT TO LEGISLATE.

Rep. Ken Hawkins for Executive Departments and Administration: This bill would have changed the title of the chief operating officer in the Department of Environmental Services to chief financial officer and left it in pay grade GG. The committee feels that because of the change in duties assigned to the position that the position should be submitted to the Hay Commission, so that the appropriate pay grade can be established. The Hay Commission was established to come up with a salary classification for all state employees based upon their job description and responsibility. After receiving the pay grade, we will be happy to enact this change. Vote 14-0.

**SB 339**, changing certain job titles and responsibilities in the department of transportation. OUGHT TO PASS WITH AMENDMENT.

Rep. Ken Hawkins for Executive Departments and Administration: This bill would have changed the titles and job descriptions for positions in the Department of Transportation and the Department of Revenue Administration. The committee feels that because of the change in duties assigned
to the positions that the positions should be submitted to the Hay Group so that the appropriate pay grade can be established. The Hay Group study was established to come up with a salary classification for all unclassified state employees, based upon their job description and responsibility. After receiving the pay grade, we will be happy to enact these changes. We left in the bill the ability to hire three financial consultants in the Department of Transportation. Vote 14-0.

Amendment (1682h)
Amend the title of the bill by replacing it with the following:
AN ACT permitting the department of transportation to hire consultants.
Amend the bill by replacing all after the enacting clause with the following:
1 Department of Transportation; Consultants. The department of transportation may hire up to 3 financial consultants, each of whom shall be paid from highway funds not otherwise expended an amount not to exceed $70,000 per year for a period of not more than 2 years. The consultant shall work with the department on such matters as may be recommended by the commissioner, or designee, of the department of transportation.
2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS
This bill permits the department of transportation to hire up to 3 financial consultants for a 2-year period.
Referred to the committee on Finance.

SB 328, relative to the regulation of snowmobiles and off highway recreational vehicles. OUGHT TO PASS.
Rep. Howard C. Dickinson for Fish and Game: This bill was filed at the request of the New Hampshire Fish and Game Department and the New Hampshire Snowmobile Association to make technical changes to clarify SB 226, Chapter 210, Laws of 2005. Furthermore, it adds new language to RSA 215-C, which requires all snowmobiles and OHRVs to stop at all trail stop signs, not only those placed at the intersection of trails and public ways. Vote 9-0.

SB 245, repealing laws relative to the municipal courts and the administrative committee of the district and municipal courts. OUGHT TO PASS WITH AMENDMENT.
Rep. Stephen J. Shurtleff for Judiciary: This bill simply adds “District Court, and the Judicial Branch Family Division,” which provides for more uniformity among the courts in establishing rules and regulations and prescribed forms. Furthermore, the bill deletes references in NH RSAs to Municipal Courts, which were replaced by the District Courts several decades ago. Vote 13-0.

Amendment (1576h)
Amend RSA 604-A:7 as inserted by section 2 of the bill by replacing it with the following:
604-A:7 Rules and Regulations. The supreme court [and the], superior court, district court, and the judicial branch family division shall each have the authority to establish such rules and regulations and prescribe such forms as may be deemed necessary or advisable for the performance of their respective duties hereunder [and the administrative committee of the district and municipal courts shall have like authority to establish rules and regulations and prescribe forms for the district and municipal courts].

SB 332, making technical corrections to the uniform trust code and related statutes. OUGHT TO PASS.
Rep. John B. Hunt for Judiciary: The Uniform Trust Code which passed several years ago was a very complex bill. This bill is this year’s technical correction to the trust code. The majority of the changes clarify the role of the probate court. Vote 13-0.

SB 178, designating a certain highway the Gold Star Mothers Highway. OUGHT TO PASS WITH AMENDMENT.
Rep. Candace C. W. Bouchard for Public Works and Highways: The committee voted unanimously to honor Gold Star Mothers by naming the Hillsborough by-pass, from the junction of New Hampshire Route 9 and Henniker Street in Hillsborough to the Antrim town line, the Gold Star Mothers Highway. Gold Star mothers have sons and daughters who served and died in the line of duty in the armed forces of the United States of America and its allies. The amendment added the standard language for cost of design, construction, maintenance and installation of the sign to not be charged to the state. Vote 13-0.
Amendment (1559h)
Amend the bill by replacing section 2 with the following:

2 Signage. The cost of design, construction, maintenance, and installation of any signage, replacement signage, or other markers resulting from this act shall not be a charge to the state. However, the design, construction, and installation of any signage or other markers required under this act shall be approved by the department of transportation.

SB 239, renaming the bridge located on Main Street in Enfield, New Hampshire and crossing the Mascoma River as the Women in Service to Enfield (WISE) Bridge and naming the bridge located on Main Street in Newmarket, New Hampshire and crossing the Lamprey River as the Newmarket Veterans Bridge. OUGHT TO PASS WITH AMENDMENT.
Rep. John R. Cloutier for Public Works and Highways: The bill, as amended, simply changes Section 2 of the bill to read that the Main Street bridge crossing the Mascoma River in Enfield shall be named the Enfield Women’s Memorial Bridge. The committee received a letter from the Enfield Selectboard stating that they had no objection to the change, provided that the bridge name honors the women of Enfield. Vote 13-0.

Amendment (1552h)
Amend the title of the bill by replacing it with the following:

AN ACT renaming the bridge located on Main Street in Enfield, New Hampshire and crossing the Mascoma River as the Enfield Women’s Memorial Bridge and naming the bridge located on Main Street in Newmarket, New Hampshire and crossing the Lamprey River as the Newmarket Veterans Bridge.

Amend the bill by replacing section 2 with the following:

2 Enfield Women’s Memorial Bridge. Pursuant to RSA 4:43, the bridge located on Main Street in Enfield, New Hampshire and crossing the Mascoma River is hereby named the Enfield Women’s Memorial Bridge.

AMENDED ANALYSIS
This bill renames the bridge located on Main Street in Enfield, New Hampshire and crossing the Mascoma River as the Enfield Women’s Memorial Bridge.

This bill also names the bridge located on Main Street in Newmarket, New Hampshire and crossing the Lamprey River as the Newmarket Veterans Bridge.

SB 344, establishing a committee to study state benefit programs for national guard members. OUGHT TO PASS.
Rep. James E. Twombly for State-Federal Relations and Veterans Affairs: This bill would establish a committee to study state benefit programs for National Guard members. As no time in the history of the National Guard have the members of the Guard been utilized like they are being utilized today, especially in the War on Terror. When a guardsman is called to serve, the pay, compensation and benefits afforded to the guardsman depends upon who is activating the member. If the individual is activated under Federal Statute, they are afforded one benefit, if they are activated by the Governor, they would get another. This committee will take a look at how NH Guardsmen are treated in comparison with Guardsmen from other states. Vote 11-0.

SJR 4, urging Congress to require the Department of Defense to reinstate the terminology of “POW” or “Prisoner of War” into the classification of military personnel. OUGHT TO PASS.
Rep. Pamela D. Coughlin for State-Federal Relations and Veterans Affairs: The committee believes the status Missing/Captured fails to provide this nation’s service members the moral dignity and international recognition provided by the Prisoner of War status. The committee realizes that our enemies violate the rules of international law and the Geneva Conventions regarding the care and treatment of captured American Service Personnel. Reinstating the designation of Prisoner of War strengthens that claim as shown by the repatriation of prisoners throughout our nation’s history. Vote 11-0.

REGULAR CALENDAR
SB 131-FN, establishing a school choice certificate program. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.
Rep. W. Packy Campbell for the Majority of Education: This bill establishes a non-profit corporation to facilitate private donations for the purpose of providing low-income children with the
opportunity to go to school outside of an assigned school district. The bill provides $500,000 dollars in available tax credits to businesses and individuals that donate to the corporation. The corporation is established similarly to the Healthy Kids Corporation. The House was concerned with the $2 million dollar Senate appropriation; therefore, the committee lowered that appropriation to $1.00 of state money, keeping the bill viable by avoiding conflicts with education dollars being spent outside the public education model. Vote 13-8.

Rep. J. Timothy Dunn for the Minority of Education: This bill, as amended by the House Education Committee, is a voucher bill with another name. The minority thinks that there will be a fiscal impact on state funds. Additionally, the minority thinks that this version is unconstitutional. This bill has a negative impact on our efforts to offer equal opportunities to all children.

Majority Amendment (1630h)
Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter: 21st Century Scholars Program. Amend RSA by inserting after chapter 193H the following new chapter:

CHAPTER 193-I
21st CENTURY SCHOLARS PROGRAM

193-I:1 Definitions. In this chapter:
I. "Board" means the 21st century scholars fund board.
II. "Department" means the department of revenue administration.
III. "Educational scholarships" means grants to pupils to cover all or part of the tuition and fees at a private qualified school or all or part of the tuition and fees at a public school outside the school district in which a pupil resides.
IV. "Eligible pupil" means any pupil who is legally allowed to attend a public school in kindergarten through grade 12 and whose family income does not exceed 250 percent of the federal poverty income level.
V. "Parent" includes a guardian, custodian, or other person with authority to act on behalf of the child.
VI. "Program" means the 21st century scholars program.
VII. "Qualified school" means a public or nonpublic school in our state that complies with all of the requirements of the program.
VIII. "21st century scholars fund" or "fund" means an entity that is determined by the Internal Revenue Service to be a tax exempt organization pursuant to section 501(c)(3) of the Internal Revenue Code, as that section now exists or may hereafter be amended, established by the state to collect and administer funds that are to be used for the purpose of providing and managing the delivery of scholarships to eligible pupils.

193-I:2 Corporation Established. There is hereby established a body politic and corporate having a distinct legal existence separate from the state and not constituting a department of state government, to be known as the 21st century scholars fund corporation to carry out the provisions of this chapter. The corporation shall be a public instrumentality which shall perform public and essential governmental functions of the state as provided in this chapter. The corporation shall be a private nonprofit corporation and shall have all the powers necessary to carry out the purposes of this chapter, including, but not limited to, the power to receive and accept grants, loans, or advances of funds from any public or private agency and to receive and accept from any source, contributions of money, property, labor, or any other thing of value, to be held, used, and applied for the purposes of this chapter.

193-I:3 21st Century Scholars Fund Corporation: Board; Powers; Duties.
I. The powers of the corporation shall be vested in 12 members for 3-year terms of office as follows:
(a) One member of the senate, appointed by the president of the senate.
(b) One member of the house of representatives, appointed by the speaker of the house of representatives.
(c) Two public members, appointed by the president of the senate.
(d) Two public members, appointed by the speaker of the house of representatives.
(e) Five public members, appointed by the governor, of which:
(1) Two shall represent the business community.
(2) Two shall represent the private school community.
(3) One shall be an at-large member.
(f) The commissioner of the department of education, or designee.
II. The initial terms of office shall be as follows: the member in subparagraph I(e)(3) shall serve for one year; the member in subparagraph I(e)(1) shall serve for 2 years; and the members in subparagraphs I(c), I(d) and I(e)(2) shall serve for 3 years. The members in subparagraphs I(a)-(b) shall serve terms which are coterminous with their terms in office.

III. The members shall elect annually from among their number a chairperson and such officers as they may determine. A member shall hold office until a successor has been appointed and qualified. Members shall receive no salary for the performance of their duties under this chapter, but each member shall be reimbursed for reasonable expenses incurred in carrying out duties under this chapter. Any such expenses by board members shall have prior approval by 6 members of the board of directors before reimbursement. Legislative members shall receive mileage at the legislative rate when attending to the duties of the board. A member of the board of directors may be removed for cause by the official who appointed that member.

IV. There shall be no liability on the part of, and no cause of action shall arise against, any member of the board, or its employees or agents, for any action taken in the performance of their powers and duties under this chapter.

V. The board shall have complete fiscal control over the corporation and shall be responsible for all corporate operations.

VI. Board meetings shall be held at the call of the chairperson or when 3 members so request. Six members of the board shall constitute a quorum and the affirmative vote of 6 members shall be necessary for any action taken by the authority. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the rights and perform all the duties of the corporation.

VII. The 21st century scholars fund corporation board shall:

(a) Notify the department of education of the board’s intent to provide educational scholarships to pupils attending qualified schools, and which public school districts those pupils reside in.

(b) Provide a receipt for contributions to the organization by an individual taxpayer or corporate taxpayer for support of educational scholarships to the department of revenue administration and the taxpayer.

(c) Create and provide to the public a procedure for applying to the program.

(d) Consult appropriate professional organizations and establish standards providing educational scholarships.

(e) Develop and implement a plan to publicize the program and the procedures for enrollment in the program and to maintain public awareness of the corporation and the program.

(f) Secure staff necessary to properly administer the corporation. Staff costs shall be funded from state funds appropriated by the legislature and such other private or public funds as become available. The board shall determine the number of staff members necessary to administer the corporation.

(g) Ensure that at least 90 percent of its expenditures are for educational scholarships.

(h) Require applicants to provide a tax return, proof of current residence in New Hampshire, and proof that the pupil was continuously enrolled in a public school during the prior school year.

(i) Make every effort to make the program easily accessible and usable by the public.

(j) Inform parents of educational scholarship recipients of their acceptance into the program no later than 30 days after receiving the application.

(k) Ensure that first-time recipients of educational scholarships were continuously enrolled in a public school during the previous year.

(l) In the case of oversubscription to the program, conduct a random selection from scholarship applicants to determine who shall receive an educational scholarship.

(m) Provide scholarships for pupils in the following manner:

(1) $3,500 for families that have a family income of 200 percent or less of the federal poverty income level upon the initial application to the program.

(2) $2,500 for families that have a family income between 201 percent and 250 percent of the federal poverty income level upon initial application to the program.

(n) Ensure that once a pupil receives a scholarship, the pupil is offered a scholarship in any future years, until he or she reaches the age of 21 and provided that he or she meets other necessary requirements for eligible pupils.

(o) Ensure that educational scholarship payments are made out to the parents of the pupil and sent to the qualifying school of choice for endorsement by the parent to the school.
(p) Conduct criminal background checks on all employees of the corporation, and shall exclude from employment any people that might reasonably pose a threat to the safety of children or a risk to the appropriate use of contributed funds.

(q) Ensure that pupils receiving an educational scholarship take either the state tests or nationally recognized norm-referenced tests in math and language arts, or both, and ensure that the pupils’ scores are provided to their parents.

VIII. The program shall not provide educational scholarships for pupils to attend any school with paid staff or board members, or relatives thereof, in common with the staff members of the fund.

IX. Provide an annual report, the first on or before January 1, 2007, to the governor, senate president, speaker of the house of representatives, and commissioner of the department of education on the development of the program. This report shall include information prepared by a certified public accountant regarding grants made in the previous calendar year and shall include:

(a) The total number and total dollar amount of contributions received during the previous calendar year; and

(b) The total number and total dollar amount of educational scholarships awarded during the previous calendar year, the total number and total dollar amount of educational scholarships awarded during the previous year to pupils who are in families that are in each subgroup of qualifying income for the federal poverty income level; and

(c) A detailed listing of administrative and marketing expenses.

193-I:4 Responsibilities of the Parents.

I. In the first year of the program, parents shall apply for scholarships for their eligible pupils by August 31, 2006. In subsequent years, parents shall apply for scholarships for their eligible pupils by July 31.

II. Parents shall provide a copy of their income tax return, along with any application materials required by the program.

193-I:5 Responsibilities of the Department of Revenue Administration.

I. The department shall provide a standardized format for a receipt to be issued by the fund to a taxpayer to indicate the value of a contribution received. The department shall require a taxpayer to provide a copy of this receipt when claiming the tax credit for contributions to the fund.

II. The department shall have the authority to conduct either a financial review or audit of the fund if possessing evidence of fraud.

III. The department shall develop a process to make tax credits available for contributions on a first come, first serve basis.

IV. The department shall report to the state treasurer’s office by June 30 of each year the amount of dollars raised from private sources and request that treasurer issue a check to the fund in the amount mandated by this chapter by August 1 of each year.

193-I:6 Responsibilities of Qualified Schools.

I. All qualified schools shall:

(a) Operate in New Hampshire;

(b) Comply with 42 U.S.C. section 2000d et seq.; and

(c) Be approved by the state of New Hampshire.

II. All nonpublic schools shall have nonprofit status under the Internal Revenue Code in order to be qualified under this chapter.

III. Schools shall not refund or rebate any portion of the scholarship to the parent. Any refund for rebate for any portion of the scholarship shall be made to the fund.

IV. Pupils receiving an educational scholarship from the fund shall take either the statewide education improvement and assessment tests pursuant to RSA 193-C, or a nationally recognized norm-referenced test in math and language arts, or both. Pupils’ scores in such tests shall be provided to their parents.

V. No nonpublic school shall apply any funds received under this chapter to the cost of religious classes or other sectarian educational programs or services. The nonpublic school shall return any remaining payment to the pupil’s resident school district.

193-I:7 Special Education Services. No pupil shall be considered an out-of-district placement for the purposes of receiving special education services while participating in the program. Participation in the program shall not affect a pupil’s eligibility to receive special education services upon such pupil’s return to the school district in which he or she resides.
193-I:8 Tax Credits.

I. A credit applied against the interest and dividend tax due under RSA 77 shall be available on a first-come, first-served basis to qualified individuals in an amount equal to the amount of contributions made to the fund during the taxable period. The total amount of the credit for all qualified individuals in a taxable period shall not exceed $100,000.

II. A credit applied against the business enterprise tax due under RSA 77-E shall be available on a first-come, first-served basis to qualified businesses in an amount equal to the amount of contributions made to the fund during the taxable period. The total amount of the credit for all qualified businesses in a taxable period shall not exceed $400,000.

2 Appropriation.

I. The sum of $1 for the fiscal year ending June 30, 2006 is hereby appropriated to the 21st century scholars fund established in this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The sum of $1 shall be appropriated to the 21st century scholars fund upon the request of the 21st century scholars fund corporation board, and certification received by the board from the treasurer of the state of New Hampshire, that private contributions to the 21st century scholars fund from individuals or businesses equals or exceeds $500,000. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

3 New Section; Taxation of Income: Credit for Contributions to 21st Century Scholars Fund. Amend RSA 77 by inserting after section 4-f the following new section:

77:4-g Adjustments for Contributions to the 21st Century Scholars Fund. A taxpayer who pays the interest and dividend tax pursuant to RSA 77 and is not a dependent of another taxpayer may claim a credit for a contribution made to the 21st century scholars fund established in RSA 193-I:8. An individual, corporation, or non-profit entity who does not file a New Hampshire state tax return may claim a charitable deduction for a contribution made to the fund as may be permitted by law. The credit may be claimed against the interest and dividend tax by an individual taxpayer in an amount equal to the total contributions made to the fund during the taxable year for which the credit is claimed. The credit may be claimed by an individual taxpayer or a married couple filing jointly in an amount equal to the total contributions made to the fund for educational scholarships during the taxable year for which the credit is claimed up to 100 percent of the taxpayer’s tax liability. Individual or corporate donors may give an unlimited amount in contributions above the dollar amount to which they are entitled a credit, but shall only be entitled to the credit as provided in RSA 193-I:7.

4 New Section; Business Enterprise Tax; Adjustments. Amend RSA 77-E by inserting after section 3-a the following new section:

77-E:3-b 21st Century Scholars Fund Credit. Credit for contributions to the 21st century scholars fund as provided in RSA 193-I shall be allowed against tax due under this chapter. The credit may be claimed against the business enterprise tax by a taxpayer in an amount equal to the total contributions made to the fund during the taxable year for which the credit is claimed up to 100 percent of the taxpayer’s total liability. Individual or corporate donors may give an unlimited amount in contributions above the dollar amount to which they are entitled a credit, but shall only be entitled to the credit as provided in RSA 193-I:7.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the state to establish and make appropriations to the 21st century scholars fund, a non-profit, public and private partnership that will provide educational scholarships to eligible New Hampshire school children in kindergarten through grade 12 to attend a qualified school.

(Deputy Speaker Weyler in the Chair)

Reps. Rous and Casey spoke against and yielded to questions.
Reps. Hunt, Ward, and W. Packy Campbell spoke in favor and yielded to questions.

and the majority committee report was adopted.
Rep. Stone did not vote and notified the clerk that he wished to be recorded in favor. Referred to the committee on Ways and Means.

**SB 268**, raising the age of required attendance of children in school and establishing a 2-year pilot program for increasing vocational education opportunities in the Manchester and Nashua school districts and making an appropriation therefor. **MAJORITY: OUGHT TO PASS. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Emma L. Rous for the Majority of Education: This bill raises the age of required school attendance to 18 and creates alternative pathways to graduation, including independent study, internship, community service, work-study, or GED prep. In addition to ongoing programs, which are already lowering the dropout rate, the bill appropriates $600,000 for pilot programs in Nashua and Manchester, expanding them to multiple other communities. The bill exempts home-schoolers. This bill is in the best interest of our students; it raises expectations and sends an important message that education is crucial to future success. Higher completion rates lower social costs, be-
cause students who drop out earn less money and are more likely to end up on Medicaid or in prison. The bill was supported by the BIA, NH Retail Merchants, the Auto Dealers Association, law enforcement, NEA/AFT, and various school administrators and school boards. Vote 11-10.

Rep. Michael B. Asselin for the Minority of Education: The committee minority believes this bill, as proposed, is a flawed bill. The proponents of the bill stated that by raising the age of compulsory school attendance from 16 to 18 it will increase expectations of students and fewer students will drop out. Currently a student can drop out at age 16 only if the parents agree (and there also has to be a meeting with the school principal). This bill takes away the parental rights and replaces the parents with the school superintendent. The minority believes the parental rights in making this decision about their children should be protected. The committee minority also presented evidence from the 2002 Cornell University Policy Analysis on the Effectiveness of Raising the Compulsory School Attendance (CSA) Age to Eighteen on Increasing High School Graduation Rates in New York State. The study concluded:” The completion rates and dropout rates of CSA-18 States do not conclusively suggest that raising the CSA to 18 would be effective in lowering dropout rates and increasing completion rates. Although some CSA-18 States have impressive completion rates, others do not. However, the benefits of raising the CSA to 18 could outweigh the costs if the State included additional funding for supplemental programs. Without such additional measures, it is risky to assume that a change in legislation will result in the desired effects.” An additional evaluation of the New York legislation concluded “This policy (increasing the CSA age to 18) has been shown to be completely unsuccessful in increasing completion rates and only slightly successful in decreasing dropout rates.” This bill makes the same flaw as the New York legislation. It increases the CSA age to 18 without providing statewide additional funding for supplemental programs to address dropout prevention and recovery. Proponents say the money will be added in separate legislation, if this bill passes. The minority committee offered to interim study this bill and develop a bi-partisan bill to fund the needed programs statewide. The committee majority refused, preferring to identify costs later after passing this bill. The committee minority believes this is not how State mandates should be passed (without knowing the costs). Experience in other states, which have increased the CSA age to 18 without additional statewide funding, shows us that significant problems will be created. In California, a number of school districts had to build new schools for the students who were not allowed to leave and were disruptive to the students who wanted to learn. In Texas, the truancy rates significantly increased and additional costs were incurred to form Absentee Review Boards and to prosecute parents who were allowing their kids to drop out of school. Who will pay these potential costs in New Hampshire?

Rep. Hess spoke against and yielded to questions.

Rep. Rous spoke in favor and yielded to questions.

(Deputy Speaker Weyler in the Chair)

Rep. John Flanders moved the previous question.

Adopted.

and the minority committee report was adopted.
Rep. Schulze voted Nay and intended to vote Yea.

(Speaker Scamman in the Chair)

The House recessed at 1:00 p.m.

RECESS

(Speaker Scamman in the Chair)

The House reconvened at 2:10 p.m.

REGULAR CALENDAR (CONT’D)

SB 306-FN-A, establishing a quality early learning opportunity initiative and making an appropriation therefor. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Deanna P. Rush for the Majority of Education: This bill recognizes the importance of quality early learning opportunities. It allows the most vulnerable children to move into licensed child care. Currently, the child care subsidies cut off at the 190% poverty level. This bill would allow families that fall between 190% and 250% of poverty to choose licensed child care centers over poor quality unlicensed care. The committee heard testimony that a 15 cent an hour raise could mean a low-income family would lose their child care subsidy and be forced
to choose cost over quality child care. The bill is an incentive to low-income families to choose better child care facilities with trained caregivers and it encourages child care centers to become licensed. It also appropriates $500,000 from the general fund. Vote 15-6.

Rep. Clifford A. Newton for the Minority of Education: This bill is the dangling carrot to encourage parents to send their children to government approved-government licensed child care. While this may sound good to some, others on the committee felt it was another incremental move towards government control over child rearing. Additionally, when asked about this bill, Health and Human Services had concerns about spending $200,000 of the $500,000 on administration and overhead cost for this one-year program and felt it better to use the money, if available, for already existing programs.

Rep. Balboni requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Referred to the committee on Finance.

SB 373-FN-A, relative to a public health response to arbovirus. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas E. Donovan for Health, Human Services and Elderly Affairs: This bill establishes a protocol relative to the removal of standing water hazards in the event of arbovirus, a public health threat. It also establishes a mosquito control fund in the Department of Health and Human Services, and affords the commissioner rulemaking authority for the purposes of this bill. This bill compliments a recently passed House Bill (HB 1464) which also is relative to mosquito control protocols throughout the state. It also creates a task force to facilitate a coordinated local, regional and state response to arbovirus (disease spread by mosquitoes such as Triple E) in New Hampshire. Vote 15-0.

Amendment (1627h)

Amend the bill by deleting section 1 and renumbering the original sections 2-12 to read as 1-11, respectively.

Amend the bill by replacing section 11 with the following:

11 Effective Date.
   I. Sections 6-11 of this act shall take effect upon its passage.
   II. The remainder of this act shall take effect July 1, 2006.

AMENDED ANALYSIS

I. Establishes a mosquito control fund in the department of health and human services to assist cities, towns, mosquito control districts, and non-profit organizations by providing funding to offset mosquito control activities. The commissioner of the department of health and human services is granted rulemaking authority for the purposes of the bill. The bill also makes an appropriation to the department for the purposes of funding the mosquito control fund.

II. Allows local health or local law enforcement officers to order removal of standing water hazards.

III. Establishes a 2-year task force for the purpose of facilitating a coordinated local, regional, and state response to arboviruses in New Hampshire.

Amendment adopted.
Committee report adopted.
Referred to the committee on Finance.
SB 399-FN, relative to the powers of state government in the event of a pandemic. OUGHT TO PASS WITH AMENDMENT.

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: The title of this bill is a bit misleading, causing the reader to misinterpret the bill content and intent. Although the word pandemic appears in the title, the bill does not address a pandemic. The amendment recommends that the bill title be changed to reflect this. What this bill does is to amend the communicable disease statute of the Department of Health and Human Services. It has three specific sections that provide for the DHHS commissioner, with the written approval of the Governor, to take the following actions: the closing, evacuation and decontamination of any building that “may present an imminent danger to the public health due to an incident or outbreak of communicable diseases;” “cancellation of public gatherings and events within the state to prevent the spread of disease;” DHHS may “control, restrict and ration the use, sale, dispensing, distribution of a variety of medications and mechanical equipment necessary to protect the health of the people of New Hampshire.” Due process provisions have been provided, allowing an appeal to the Superior Court. This bill also formalizes an ethics committee that advises the commissioner regarding ethical issues that are confronted in reacting to outbreaks of communicable diseases. The committee is advisory. Finally, the bill contains no conflict with emergency management powers. The basic intent of this legislation is to take preventive actions, as outlined above, to avoid or minimize public health epidemics. The committee voted unanimously to support this significant public health initiative. Vote 15-0.

Amendment (1618h)

Amend the title of the bill by replacing it with the following:
AN ACT relative to the powers of state government in the event of an incident or outbreak of communicable disease.

Amend the bill by replacing all after the enacting clause with the following:

1 Communicable Disease; Closure and Decontamination. Amend RSA 141-C:16-a to read as follows:

141-C:16-a Closure; Decontamination.

I. The commissioner, with the written approval of the governor, may close, direct, and compel the evacuation [of or decontamination of any facility where there is reasonable cause to believe that there is a danger to the public health. The commissioner may also decontaminate, or cause to be decontaminated, or destroy any material of which there is reasonable cause to believe may present imminent danger to the public health] and decontamination of any building located within the state that is accessible to the public, such as businesses, primary and secondary schools, and universities, regardless of whether publicly or privately owned, when there is reasonable cause to believe the building may present an imminent danger to the public health due to an incident or outbreak of communicable disease. The commissioner may also cause any material located within or on the grounds of such building to be decontaminated or destroyed when there is reasonable cause to believe that the material may present imminent danger to the public health. Destruction of any material under this chapter shall be considered a taking of private property and shall be subject to the compensation provisions of RSA 4:46.

II. The closure of any buildings pursuant to this section shall be by the least restrictive means possible and the commissioner shall close only those buildings that are reasonably believed to pose a threat to the health of the public.

III. The owner of any building or portion of a building that is ordered closed in accordance with this section may request a hearing in the superior court to contest that order. The superior court shall schedule and hold a hearing and issue a decision within 5 working days of the court’s receipt of the request for a hearing. At the hearing, the burden of proof shall be on the commissioner to prove by a preponderance of the evidence that closure of the building is reasonably necessary to protect the health of the public.

2 New Section; Communicable Disease; Cancellation of Events. Amend RSA 141-C by inserting after section 16-a the following new section:

141-C:16-b Cancellation of Events. The commissioner, with the written approval of the governor, may order the cancellation of public gatherings and events within the state, or in specific geographic areas of the state, as is deemed necessary to prevent the spread of disease; provided, that under no circumstances shall the constitutional rights of assembly be abrogated in any emergency situation.
3 New Sections; Communicable Disease; Custody; Rationing; Cost of Items. Amend RSA 141-C by inserting after section 17-a the following new sections:

141-C:17-b Custody; Rationing. If there is a statewide or regional shortage or threatened shortage of any anti-toxins, serums, vaccines, immunizing agents, antibiotics, and other pharmaceutical agents, or mechanical equipment such as ventilators, the commissioner, with the written approval of the governor, may control, restrict, and ration the use, sale, dispensing, distribution, or transportation of such agents as necessary to best protect the health, safety, and welfare of the people of this state. In making rationing or other supply and distribution decisions, the commissioner may determine the preference and priority for distribution of such agents, such as giving preference to health care providers and emergency response personnel. The commissioner, with the written approval of the governor, shall have the discretion to take custody of all supplies of specific anti-toxins, serums, vaccines, immunizing agents, antibiotics, and other pharmaceutical agents, or mechanical equipment such as ventilators, existing within the state to ensure that such agents are distributed and utilized appropriately. Any person who is aggrieved by a decision made by the commissioner and approved by the governor with respect to the restriction or rationing of the use, sale, dispensing, distribution, or transportation of such agents, and mechanical equipment such as ventilators may request a hearing in the superior court to contest that order. Hearings held under this section shall conform to the provisions of RSA 141-C:16-a, III. Multiple requests for hearings under this section may be consolidated into one hearing if the underlying facts are similar, the court deems such consolidation to be appropriate, and the court determines that such consolidation will adequately satisfy the due process rights of the persons who requested a hearing.

141-C:17-c Certain Cost Required. In the event of an outbreak of communicable disease, the commissioner shall pay to the retailer the Medicaid rate of any items to be acquired by the department, the rate as it was the day prior to the outbreak of the communicable disease.

4 New Sections; Communicable Disease; Ethics Committee Established. Amend RSA 141-C by inserting after section 23 the following new sections:

141-C:24 Ethics Committee.

I. There is hereby established an ethics committee to offer advice to the commissioner relative to the ethical issues that may be identified in the course of planning for, and responding to, outbreaks of communicable disease.

II. The committee shall consider the ethical implications of any of the powers that may be exercised by the commissioner under the provisions of this chapter including, but not limited to, the confiscation, distribution, and rationing of anti-toxins, serums, vaccines, immunizing agents, antibiotics, and other pharmaceutical agents, and mechanical equipment such as ventilators; the issuance and enforcement of orders of isolation, quarantine, medical examination, and medical treatment; and issues relative to information sharing and confidentiality.

III. The members of the committee shall be as follows:
(a) The director of the division of public health services.
(b) The state epidemiologist.
(c) The attorney general, or designee.
(d) A representative of a municipal department of public health, appointed by the commissioner.
(e) A representative from a college or university public health program, appointed by the commissioner.
(f) A chief of police or a police officer of a local police department, appointed by the New Hampshire Association of Chiefs of Police.
(g) A chief of a local fire department, appointed by the New Hampshire Association of Fire Chiefs.
(h) A physician, licensed under RSA 329, appointed by the New Hampshire Medical Society.
(i) The commissioner of the department of safety, or designee.
(j) A member of a fire department, appointed by The New Hampshire Professional Firefighters Association.
(k) A representative of a hospital, appointed by the New Hampshire Hospital Association.
(l) A county representative, appointed by the New Hampshire Association of Counties.

IV. The commissioner shall appoint a member of the committee to act as chairperson. The committee shall meet initially within 30 days of the effective date of this section and then as regularly as the chairperson shall direct.
V. The commissioner may at any time direct questions to the committee or request guidance on ethical issues. In addition, the committee shall develop proposed guidelines and protocols relative to any ethical issues that it identifies.

VI. The committee shall be solely advisory in nature and any guidance, guidelines, or protocols issued by the committee shall not be binding on the commissioner.

141:25 No Conflict With Emergency Management Powers. Nothing in this chapter shall be construed to limit or restrict the exercise of the governor's emergency management powers under RSA 4:45 – RSA 4:47.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the commissioner of the department of health and human services, with the written approval of the governor, to ration and prioritize certain pharmaceutical agents in the event of a shortage during an incident or outbreak of communicable disease. Under this bill, the commissioner, with the written approval of the governor, has the power to close public places during an incident, etc. This bill also establishes a committee to advise the commissioner in addressing ethical issues under RSA 141-C.

Amendment adopted.

The question now being adoption of the committee report.
Rep. MacKay spoke in favor and yielded to questions.
Rep. Hess yielded to questions.
On a division vote, 261 members having voted in the affirmative and 48 in the negative, the committee report was adopted.
Referred to the committee on Finance.

MOTION TO PRINT REMARKS

REMARKS

Rep. Balboni: Thank you, Mr. Speaker. Thank you, Honorable Representative for taking my question. My question deals with Section 2 of the bill, on page 1750, where it says that "the commissioner, with the written approval of the governor, may order the cancellation of public gatherings and events within the state, provided, that under no circumstances shall the constitutional rights of assembly be abrogated in any emergency situation." If the governor has the authority to cancel an event or public gathering, how is that not by definition the abrogation of the people's constitutional rights to assemble? And if that isn't, in your view, an abrogation of their right, how would this work from a practical point of view?

Rep. Hess: Thank you very much, Mr. Speaker. Representative, the idea here is what was envisioned was a situation where there would be an event at the Verizon Center, say a hockey game or entertainment, and a threat of a communicable disease epidemic was such that the public health officials felt it was not appropriate for that event to go forward. That would be the kind of event that would govern, this section would govern. It would not prohibit, and it provides for not affecting the right of assembly specifically to ensure that this provision cannot be used under the guise of health risks to prevent political assemblies where public issues are discussed and debated, even if the public health officials think there is a danger.

REGULAR CALENDAR (CONT'D.)

HB 2006, relative to the state 10-year transportation improvement plan. OUGHT TO PASS WITH AMENDMENT.

Rep. Gene G. Chandler for Public Works and Highways: This bill represents the Ten-Year Highway Plan, which is a culmination of many hours of work by regional planning agencies, the Department of Transportation, the Executive Council, the Governor and the Public Works and Highways Committee. Funding is certainly a major issue and being cognizant of that, the committee did not fund any additional projects. Changes to the plan as presented to the committee are as follows: Added Exit 6 to an existing study of Exit 7 in Manchester. Both exits need to be looked
Amend the title of the bill by replacing it with the following:

AN ACT relative to the state 10-year transportation improvement plan, the exemption of highway projects from eminent domain, improvements on the FE Everett Turnpike/I-293 and certain segments of N.H. 101, and a bridge crossing the Merrimack.

Amend the bill by replacing all after section 2 with the following:

3 Exempting Highway Projects Relative to Eminent Domain and Public Purpose. Transportation projects listed in the state 10-year transportation improvement plan 2007-2016 shall be exempt from all statutes enacted after January 1, 2006 limiting the purposes for which the power of eminent domain may be used. The intent of this section is to allow the use of eminent domain for acquiring property to improve transportation infrastructure which in turn, whether intended or not, may benefit subsequent economic development in the area served by the transportation infrastructure.
4 State 10-Year Transportation Improvement Plan; FE Everett Turnpike/I-293. The project named Manchester, project number 2745, of the state 10-year transportation improvement plan 2007-2016, to reconstruct the interchange at Exit 7 to become a full interchange, shall include engineering studies of Exit 6 to consider safety and traffic issues, and dependent on the engineering studies of Exit 7 and Exit 6, the department of transportation shall phase the construction in accordance with what best serves the public needs.

5 State 10-Year Transportation Improvement Plan; New Hampshire Route 101; Widening Road. A phase of the project named Bedford, project number 13953, of the state 10-year transportation improvement plan 2007-2016 to widen N.H. 101 to 5 lanes for approximately 2 miles, from N.H. 114 to Wallace Road, may be initially funded by the town of Bedford. Specifically, the town of Bedford may fund the construction of a connector road between Wallace Road and Nashua Road roughly parallel to N.H. 101.

6 State 10-Year Transportation Improvement Plan; Bedford Project; Reimbursement.
I. In the year in which the project is funded in the state 10-year transportation improvement plan 2007-2016, the town of Bedford shall receive 80 percent reimbursement of its cost of construction of the connector road from federal funds, provided the following conditions have been met:
   (a) The town of Bedford shall demonstrate through an engineering study that the connector road benefits the safety and capacity of N.H. 101.
   (b) The engineering design, environmental evaluation, purchase of right-of-way, and construction of the connector road is done in accordance with state and federal requirements that apply to federal aid projects.
II. Reimbursement under paragraph I is contingent on the availability of federal funding specific to the federal program which the project named Bedford, project number 13953, falls within.
III. Nothing in this section shall be construed as a guarantee of reimbursement by state or federal funds. This section allows for reimbursement for a phase of this project in the year the project appears in the state 10-year transportation improvement plan 2007-2016 based on the costs when the connector road is constructed.

7 New Subparagraph; Authority for Improvements to Central New Hampshire Turnpike. Amend RSA 237:2, IV by inserting after subparagraph (f) the following new subparagraph:
   (g) Construction of a bridge crossing the Merrimack River connecting US 3 in Merrimack and N.H. 102 in Litchfield with future design consideration for a segment of highway connecting N.H. 102 in Litchfield and N.H. 111 in Hudson.

8 New Subparagraph; Turnpike System Funds Provided. Amend RSA 237:7, 1 by inserting after subparagraph (n) the following new subparagraph:
   (o) Construction of a bridge crossing the Merrimack River connecting U.S. 3 in Merrimack and N.H. 102 in Litchfield with future design consideration for a segment of highway connecting N.H. 102 in Litchfield and N.H. 111 in Hudson. RSA 237:2, IV(g).75,000,000.

9 Oversight and Reporting Required. The department of transportation shall provide a report every 90 days to the governor and the capital budget overview committee on the changes to any projects approved under this plan. The reports shall include current construction dates relative to bidding and completing projects, project additions or deletions to the 10-year plan, and changes in funding programs for any project. The reports shall be developed in a format adopted by the department of transportation.

10 Committee Approval Required. Any funds from the highway fund of the state to be used for the repayment of bonds shall not be expended without the approval of the capital budget overview committee.

11 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:
I. Updates the 10-year transportation improvement plan to maintain highways and bridges in the state.
II. Exempts certain highway projects from eminent domain.
III. Includes improvements to a segment of the FE Everett Turnpike/I-93 and the widening of a segment of N.H. 101.
IV. Requires the department of transportation to make periodic reports.
V. Requires expenditures for the repayment of bonds to be approved by the capital budget overview committee. Amendment adopted.

**SCR 6**, urging Congress to support stem cell research. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. James E. Twombly for the Majority of State-Federal Relations and Veterans Affairs: This resolution arrived in committee after having been amended in the Senate. The amended version removed the word embryonic. The majority of the committee felt that the field of stem cell research was all encompassing and included both embryonic and adult stem cells. The House has already passed HJR 20 supporting the position on stem cells and a majority of the committee felt that this SCR was not needed. The sponsors also recommended that if embryonic was not reinserted into the SCR that the resolution be made ITL. Vote 7-4.

Rep. Kris E. Roberts for the Minority of State-Federal Relations and Veterans Affairs: No matter what side one may take on this issue concerning this highly sensitive matter, each of us has been faced with highly moral and ethical decisions. For some of us, we have been confronted with serious religious moments of crisis. Without belitding the importance of life, no matter when one may believe life begins, this bill is not about destroying life, this bill is about providing hope. This bill is about taking what is almost in all cases fertilized eggs which are allowed to die or disposed of as medical waste. Each year at least 100,000 embryonic stem cells from this potential medical waste have the possibility to provide hope to countless citizens with deadly or disabling diseases. Embryonic stem cells have the possibility of finding a cure for juvenile diabetes, or allowing someone confined to a wheel chair the ability to walk. This is not about destroying life; this is about improving the quality of life.

BILLS REMOVED FROM CONSENT CALENDAR

SB 323, establishing a legislative youth advisory council. OUGHT TO PASS.
Rep. Barbara Hull Richardson for Children and Family Law: This bill establishes a legislative youth council similar to a very successful program in Maine. It would involve youth with legislators in dealing with policies on issues related to youth. This program would conduct an annual summer event for council members regarding leadership, government and the legislature, to which legislators would be invited. The council would meet no fewer than four times each year, and would conduct two hearings a year on issues of importance to youth. Vote 12-0.
Rep. McRae moved Recommit.
Motion adopted.
Recommitted to the committee on Children and Family Law.

SB 370-FN, relative to multidisciplinary child protection teams. OUGHT TO PASS WITH AMENDMENT.
Rep. Anthony P. Matarazzo for Children and Family Law: The committee comes unanimously to support children who have been victims of neglect, physical, psychological, or sexual abuse and/or any combination of these traumas to alleviate further pain and suffering. The intent of this bill
is to keep these children from having to be subjected to the onslaught of multiple agencies that currently step in to help the child. The Department of Children, Youth and Families (DCYF), the police, physical and mental health practitioners, school and others will be coordinated to prevent the child from having to be interviewed over and over again, requiring the child to relive the trauma. This bill allows DCYF to enter into agreements to create multidisciplinary child protection teams to investigate and interview in unison. It creates human resources and other efficiencies, all the while improving on minimizing the trauma to the child. Vote 13-0.

**Amendment (1623h)**

Amend RSA 169-C:34-a as inserted by section 1 of the bill by replacing it with the following:

169-C:34-a **Multidisciplinary Child Protection Teams.**

I. The department of health and human services may enter into formal cooperative agreements with appropriate agencies and organizations to create multidisciplinary child protection teams to assist with the investigation and evaluation of reports of abuse and neglect under this chapter.

II. **Multidisciplinary child protection team members** shall include at least one representative of the department of health and human services and may include licensed physical and mental health practitioners, educators, law enforcement officers, representatives from the local child advocacy center, social workers, and such other individuals as may be necessary to assist with the investigation and evaluation of reports of abuse or neglect.

III. The department may share information from its case records to the extent permitted by law with members of a multidisciplinary child protection team to assist the team with its investigation and evaluation of a report of abuse or neglect. Multidisciplinary child protection team members shall be required to execute a confidentiality agreement and shall be bound by the confidentiality provisions of RSA 169-C:25 and RSA 170-G:8-a.

IV. The department, in consultation with the department of justice and the network of children's advocacy centers, shall develop a written protocol for multidisciplinary child protection team investigations. The purpose of the protocol shall be to ensure the coordination and cooperation of the agencies involved in multidisciplinary child protection team investigations, to increase efficiency in the handling of these cases, and to minimize the impact of the legal and investigatory process on the child. The protocol shall be reviewed and, if necessary, revised not less than once every 3 years. The department shall forward a copy of the revised protocol to the house committee responsible for children and family law matters, the speaker of the house of representatives, the senate president, and the governor by November 15 of the year in which the protocol was revised.

V. **Multidisciplinary child protection team members** shall conduct an internal, annual review of the multidisciplinary team approach to investigation and evaluation of child abuse reports. The team shall review its practices and procedures and assess its effectiveness in agency coordination, efficiency in handling cases, and the degree to which the multidisciplinary team is able to minimize the impact of the legal and investigatory process on the child.

VI. On or before November 15 of each year, the department of health and human services shall file a report with the house committee responsible for children and family law matters regarding the use of multi-disciplinary child protection teams under this section. The report shall provide statistical and other non-identifying information collected by the multidisciplinary child protection teams, including performance data and outcome specific data, such as the disposition of the cases and the effect on the lives of the relevant parties, and any other data deemed relevant and necessary by the child protection team. Every 4 years, the department shall submit a comprehensive report that summarizes the costs and benefits of using multidisciplinary child protection teams and makes a specific recommendation regarding the continuation of such teams.

VII. Nothing in this section shall abrogate the department's duty to investigate and pursue reports of child abuse and neglect under this chapter.

Rep. McRae moved Recommit.

Motion adopted.

Recommitted to the committee on Children and Family Law.

**SB 382**, relative to the guardian ad litem board. **ought to pass.**

Rep. Mary Stuart Gile for Children and Family Law: This bill establishes a guardian ad litem board which shall be responsible for overseeing the credentialing, activities, and discipline of guardians
ad litem in NH who are, or who have been, certified by the board. Categories include terms of appointment, duties of the board, rulemaking authority, certification, confidentiality and disclosure of information, immunity from civil and criminal actions, court appointed special advocates and severability. Vote 14-0.

Rep. McRae moved Recommit and yielded to questions. Motion adopted.

Recommitted to the committee on Children and Family Law.

**MOTION TO REMOVE FROM TABLE**

Rep. Itse moved that HB 1229-FN, prohibiting the use of false documentation for employment, government services, or permits, be removed from the table. Rep. Itse requested a roll call; sufficiently seconded.

RESOLUTION

Rep. O'Neil offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 19, 2006 at 10:00 a.m. Adopted.

LATE SESSION

Third reading and final passage

SB 395, relative to the number of children in a licensed foster home.
SB 283-FN, relative to stop loss insurance.
SB 207-FN, relative to enhanced penalties for certain crimes against the elderly and persons with a physical or mental disability.
SB 246, relative to provisions for permissible contact between the agent of the defendant subject to a protective order and a plaintiff.
SB 328, relative to the regulation of snowmobiles and off highway recreational vehicles.
SB 245, repealing laws relative to the municipal courts and the administrative committee of the district and municipal courts.
SB 332, making technical corrections to the uniform trust code and related statutes.
SB 178, designating a certain highway the Gold Star Mothers Highway.
SB 239, renaming the bridge located on Main Street in Enfield, New Hampshire and crossing the Mascoma River as the Enfield Women’s Memorial Bridge and naming the bridge located on Main Street in Newmarket, New Hampshire and crossing the Lamprey River as the Newmarket Veterans Bridge.
SB 344, establishing a committee to study state benefit programs for national guard members.
SJR 4, urging Congress to require the Department of Defense to reinstate the terminology of “POW” or “Prisoner of War” into the classification of military personnel.
HB 2006, relative to the state 10-year transportation improvement plan, the exemption of highway projects from eminent domain, improvements on the FE Everett Turnpike/I-293 and certain segments of NH 101, and a bridge crossing the Merrimack.

UNANIMOUS CONSENT

Reps. Mirski and Carlson addressed the House.

REMARKS

Rep. Mirski: Thank you, Mr. Speaker. A couple of months ago we lost a good friend, John Alger. Just a little more than a week ago, we lost his friend and fellow representative from Grafton, District 6, Bob Barker of a brain tumor. The internment ceremony was held last Friday at the Veterans’ Cemetery in Boscawen.
Of course, with these events you always learn a little more about the person you are sitting next to. John is the fellow who got Bob to run for the House. They both lived on East Rumney Road, well; I don’t know whether they call it the road when it gets into Campton. John lived on the east end of East Rumney Road in Rumney and Barker lived a little ways further east, right over the line in Campton. They were on the phone quite a lot every day, they were great friends. I remember once driving by and watching them putting up their campaign signs, making sure that neither one was higher than the other, as they were standing beside the road. They traveled around together and worked together. They were great Reps for their district.

John, as everybody knows, was this kind of effervescent personality who figured you could fix any thing, any time, any day. He was always working very positively. Bob was kind of a curmudgeon. He had that Air Force Colonel view of the world where he had seen an awful lot and wasn’t going to put up with much BS. So they made a great pair and were always fun to be around. One guy was up and the other guy was looking at the dark side of the moon.

Bob had received a lot of commendations in the Air Force. We have many people here who are veterans. Last week, we had the representative from Deerfield talk about Okinawa and battles. We have a World War II Navy ace in the room from Laconia. A lot of people who have fascinating lives, and which we don’t know much about. I was thinking last week about the remarks about Okinawa. How so many men were ordered, faceless men. were ordered by the colonels and generals and admirals into harm’s way. Well, you’re going to learn a little bit of something about Bob Barker which he revealed to me once in my living room over coffee. Those folks were ordered into harm’s way, really, without the commanders knowing who they were.

Bob was a cold warrior. He spent 22 years in the Air Force and much of it had to do with service in the Far East in Vietnam, Laos, and Cambodia during that hard time. Then following that period, he became involved in sending men into North Korea, as an Air Force intelligence officer, selecting men to infiltrate the North Korean government and bring back information. I think everyone in this room knows what a recalcitrant, backward, terrible state North Korea is.

Bob developed liver cancer about five years ago and would travel back and forth to Dartmouth-Hitchcock. Fortunately for me, often on these trips, he would stop in, knock on the door in the afternoon, and I’d quit working. We would go out and have some coffee and naturally, talk about the House. What’s right and what’s wrong about this place, politics and one thing or another. He talked about his military service a little bit, and like most military men, he kept it close to the vest. In one of these conversations, he got quiet. We were talking about the Korean experience. As an intelligence officer, he would select men, Koreans, to infiltrate the North Korean government. He said to me very solemnly at one point, “You know, I knew I was sending them to their death.” He also knew the people who were taking on the assignment knew their chances of survival in that repressive regime were pretty small. The ways they would get them into the country were like a lot of the things you see in the movies. It was a scary business. The reports back from those enterprises were generally pretty bleak. So, he’d seen a side of war and conflict which is quite a lot different from the sort of thing that maybe McNamara or Westmoreland saw. Where they saw men were numbers; for Bob men were personalities, people he liked, maybe loved and fellow compatriots in that effort.

I think all I would like to leave you with is that we have a lot of wonderful people in this room, we have interesting histories. Barker’s was one that was certainly very remarkable to me. He used to say every now and then, “You know this job would be great, if it wasn’t for your constituents.” We know both sides of that. But when he said it, because of that experience he had in Korea, and because he certainly didn’t have to come and serve any longer than he had in the Air Force. He didn’t have to come here and do more time. What he was saying, was the bottom line is because they are constituents, because of his obligation to serve them in the best possible way in this institution, it placed a terrible obligation on him. He took it very seriously.

So I would like you to think about keeping him in your prayers and his wife in your prayers. I was given a little bit of information at the ceremony by the Speaker. He said that last week before the session, when they test every one of these voting stations to see that they are all operational – the only one that was not working was Bob Barker’s. Thank you.
RECESS MOTION
Rep. O’Neil moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.
Adopted.
The House recessed at 3:45 p.m.

RECESS

(Rep. Ryan in the Chair)

ENROLLED BILLS REPORT
The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 334, 413, 460, 544, 649, 1147 and 1765 and Senate Bills numbered 256, 274, 296, 349, 379 and 396. Rep. Currier, Sen. D’Allesandro for the Committee

ENROLLED BILL AMENDMENTS
SB 289-FN, relative to the brain and spinal cord advisory council. (Amendment printed SJ 5/11/06) Adopted.

SENATE MESSAGE
NONCONCURRENCE

HB 121, relative to local land use approval for facilities requiring certain pollution control permits.

HB 1313, naming a bridge between the towns of Newfields and Stratham the United States Submarine Veterans of World War II Memorial Bridge.
HB 1324, relative to the commission to study the state park system.
HB 1356, relative to on-board diagnostic system inspections.
HB 1361, relative to the penalty for shoplifting.
HB 1452-FN, requiring insurance coverage for the cost of testing for bone marrow donation.
HB 1465-FN, relative to food stamp overpayments.
HB 1584, relative to cemetery setbacks and septic systems.
HB 1718-FN, requiring a written disclosure statement be provided to prospective nursing home facility clients.
HB 1722-FN, relative to the New Hampshire council on developmental disabilities.
HCR 22, relative to the right to pursue a livelihood in natural resources industries.
HJR 21, urging the university of New Hampshire to restore intercollegiate baseball and softball.
NONCONCURRENCE

HB 234-FN, relative to the development of a state and political subdivision information network.

HB 1153, establishing a commission to study the laws and rules relating to subpoenas, summonses and complaints.

HB 1162, relative to village districts.

HB 1563, establishing a committee to study immigration.

RECESS

(Speaker Scamman in the Chair)

Rep. O’Neil moved that the House adjourn.

Adopted.
HOUSE JOURNAL No. 14  
Wednesday, April 19, 2006

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

O God of highways and hospitals, of hearts and hopes, of homeless persons and this House of Representatives, receive at the outset of this session our deep gratitude for this beautiful day. Help us to seize upon it, and every day as a unique treasure from You, a gift to be welcomed and an opportunity to further the high and noble causes to which we all aspire, regardless of any label we might ascribe to ourselves or to others.

We pray for an awareness of Your Holy Spirit as it seeks to make itself known and heard in the fullness of today’s agenda. Give us brief pauses, if not in the debates, then in our thoughts, by which we might make room for You to reach through our defenses and speak to us. Lead us, we ask, in the ways of good and faithful leadership on behalf of the common good of all persons who call New Hampshire their home. At the end of the day, may we return home with the satisfaction of knowing that we had tried our very best to do Your work.

We give thanks that Karen Wadsworth is well enough to be returning gradually to her work and leadership among us, and pray for her continued recovery. We pray, likewise, for those members of the House who are homebound or hospitalized: Robert Chabot and Bruce Hunter, and any others whose names have not been spoken but whose needs are named in our hearts. Amen.

Rep. Earle Goodwin, member from Dover, led the Pledge of Allegiance.

The National Anthem was sung by Danielle Osburn, a 12-year-old student from Bedford.

LEAVES OF ABSENCE

Reps. Carlson, Chabot, Gibson, Hunter, Paula Johnson, Lefebvre, Putnam, Snyder and Whiting, the day, illness.

Reps. Aboshar, Gene Andersen, Biundo, Bridle, David Campbell, Carter, Chandler, Mark Clark, Danforth, Dowling, Forsing, Foster, Gale, Heon, Hogancamp, Hollinger, Lessard, Michon, Mirski, Moody, Moran, Morneau, Pappas, Pelkey, Serlin, Stohl, Tahir, Wiley and Burton Williams, the day, important business.

Reps. MaryAnn Blanchard, Norelli and Robert Williams, the day, illness in the family.

INTRODUCTION OF GUESTS

Anthony Conti, Stratham Technical College student, Page for the Day.

INTRODUCTION OF SPECIAL GUESTS

Members of the Belmont High School Girls Basketball Team, 2006 Class M State Champions, team captains, Chelsi Coulombe, Rachel Eades, Lori Kjellander and Drew O’Conner, along with Kayla Aragona, Rheaanna Bellamo, Jerrica Dion, Marissa Donovan, Laura Guay, Jonara Ladd and Kristi Parent and accompanied by Coaches Gerry Blair, Roger Landry and Rebecca Morse.

SUSPENSION OF RULES

Reps. O’Neil and Craig moved that the House Rules be so far suspended as to permit the deadline of last day to act on the following Senate Bills going to a second committee, be moved to April 19, 2006.
HB 1349, relative to costs of personnel and rates for equipment use in hazardous waste incidents. (Amendment printed SJ 04/06/06)
Rep. Welch moved that the House concur and spoke in favor.
Adopted.

HB 1108, relative to the transfer of funds among PAUs within a department. (Amendment printed SJ 04/06/06)
Rep. King moved that the House concur and spoke in favor.
Adopted.

HB 1294, relative to antique snowmobiles. (Amendment printed SJ 04/06/06)
Rep. Robert L'Heureux moved that the House concur and spoke in favor.
Adopted.

HB 1420-FN, prohibiting remote control and Internet hunting and relative to exceptions to the prohibitions on the sale of firearms to minors and the furnishing of arms to persons under 16. (Amendment printed SJ 04/06/06)
Rep. Robert L'Heureux and Welch moved that the House concur and spoke in favor.
Adopted.

HB 1228-FN, relative to the sale or lease of state-owned real estate. (Amendment printed SJ 04/06/06)
Reps. Chandler and Bergin moved that the House concur and spoke favor.
Adopted.

HB 1754, relative to canteen privileges at veterans’ clubs licensed by the liquor commission. (Amendment printed SJ 04/06/06)
Rep. Coughlin moved that the House concur and spoke in favor.
Adopted.

HB 599-FN, requiring disclosure to consumers of the presence of event data recording devices in new motor vehicles. (Amendments printed SJ 01/18/06 and 02/16/06)
Rep. Packard moved that the House concur and spoke in favor.
Adopted.

HB 37-FN, relative to health insurance coverage for full-time students on medical leaves of absence. (Amendment printed SJ 04/06/06)
Rep. Sheila Francoeur moved that the House nonconcour and request a Committee of Conference.
Adopted.
The Speaker appointed Reps. Sheila Francoeur, Infantine, Charles Clark and DeJoie.

HB 349, relative to placement and removal of political advertising. (Amendment printed SJ 04/06/06)
Rep. Whalley moved that the House nonconcour and request a Committee of Conference.
Adopted.
The Speaker appointed Reps. O’Brien, Janet Allen, Millham and Harvey.

HB 1724-FN, relative to compensation and benefits for reserve and National Guard members who are state employees. (Amendment printed SJ 04/06/06)
Rep. King moved that the House nonconcour and request a Committee of Conference.
Adopted.
The Speaker appointed Reps. Stone, Robert Wheeler, Ingram and Franklin.
COMMITTEE REPORTS

CONSENT CALENDAR

Rep. O’Neil moved that the Consent Calendar with the relevant amendments as printed in the day’s House Record be adopted.

SB 354-FN, requiring security officers of the New Hampshire hospital security force to be fully certified as police officers and including such security officers in group II of the New Hampshire retirement system, removed by Rep. Bergin.

SB 284-FN, establishing a third full-time justice position in the Manchester, Nashua, and Concord District Courts and equalizing the annual salaries of all justices of the Manchester, Nashua, and Concord District Courts, removed by Rep. Dokmo.

Consent Calendar adopted.

SB 391-FN, relative to insurance third party administrators. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald H. Flanders for Commerce: This bill is at the request of the Insurance Department and clarifies the procedures regarding third party administrators for the purpose of insurance. It also specifically exempts any self-funded governmental plan that is exempt from the provisions of the Employee Retirement Income Security Act pursuant to 29 USC 1003 (b) (1). Vote 19-0.

Amendment (1736h)

Amend the introductory paragraph of RSA 402-H:1, I and I(a)-(c) as inserted by section 1 of the bill by replacing them with the following:

I. “Administrator” or “third party administrator” or “TPA” means a person who directly or indirectly underwrites, collects charges or premiums from, or adjusts or settles claims on residents of this state, in connection with life, annuity, or health coverage or workers’ compensation insurance, other than persons subject to regulation under RSA 281-A:5-d offered or provided by an insurer or under a self-funded governmental plan that is exempt from the provisions of the Employee Retirement Income Security Act pursuant to 29 U.S.C. section 1003(b)(1), except any of the following:

(a) An employer, or a wholly owned direct or indirect subsidiary of an employer, on behalf of its employees or the employees of one or more subsidiaries or affiliated corporations of such employer.

(b) A union on behalf of its members.

(c) An insurer that is authorized to transact insurance in this state pursuant to RSA 401 or a subsidiary or affiliated corporation of such insurer if the insurer and the subsidiary or affiliated corporation have overlapping directorates.

Amend RSA 402-H:1, VII as inserted by section 1 of the bill by replacing it with the following:

VII. “Insurer” means, for the purposes of this chapter only and except as provided in RSA 402-H:6, a person undertaking to provide life, annuity, or health coverage or workers’ compensation insurance or self-funded coverage under a multiple employer welfare arrangement or a church plan in this state. For the purposes of this chapter, “insurer” may include an employer, a licensed insurance company, a prepaid hospital or medical care plan, or a health maintenance organization. Amend RSA 402-H:1, IX-XII as inserted by section 1 of the bill by replacing them with the following:

IX. “Overlapping directorates” as applied to insurers and subsidiaries or affiliated corporations means that an insurer and a subsidiary or affiliated corporation of such insurer share a majority of their board of directors and officers.

X. “Person” means an individual or a business entity.

XI. “Sell” means to exchange a contract of insurance by any means, for money or its equivalent, on behalf of an insurance company.

XII. “Solicit” means attempting to sell insurance or asking or urging a person to apply for a particular kind of insurance from a particular company.

XIII. “Underwrites” or “underwriting” means, but is not limited to, the acceptance of employer or individual applications for coverage of individuals in accordance with the written rules of the insurer or self-funded plan for the overall planning and coordinating of a benefits program. Amend RSA 402-H:4. IV(a) as inserted by section 3 of the bill by replacing it with the following:

(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to paragraph II, with other state, fed-
eral, and international regulatory agencies, with the National Association of Insurance Commissioners (NAIC), its affiliates or subsidiaries and with state, federal, and international law enforcement authorities, provided, that the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information. Such parties shall agree in writing prior to receiving the information to provide to it the same confidential treatment as required by this paragraph, unless the prior written consent of the company to which it pertains has been obtained;

Amend RSA 402-H:11, VIII as inserted by section 8 of the bill by replacing it with the following:

VIII. An administrator licensed or applying for a certificate of authority that administers or will administer benefit plans that are fully insured by an insurer that is not licensed in this state, multiple employer welfare arrangements, or church self-insured plans shall maintain a surety bond for the use and benefit of the commissioner that covers individuals and persons in New Hampshire who have remitted premiums or insurance charges or other moneys to the administrator in the course of the administrator's business in the greater of $100,000 or 10 percent of the administrator's average daily client account balance during the preceding calendar year. However, in no event shall the bond be more than $1,000,000. If an administrator cannot obtain a bond, then another security, including, but not limited to, cash or negotiable securities in an amount equal to the amount of the required surety bond shall be set aside in one or more trusted bank accounts in the state of New Hampshire under trust terms that require the commissioner's signature for any account activity, except the accumulation of interest or other funds into the account, and that allows the commissioner, by order, to disburse the trust funds for the satisfaction of policyholder or customer claims.

Amend RSA 402-H:11-a and 402-H:11-b as inserted by section 9 of the bill by replacing it with the following:

402-H:11-a Registration Requirement A person who directly or indirectly underwrites, collects charges or premiums from, or adjusts or settles claims on residents of this state, and who is not otherwise required to obtain a certificate of authority or license in connection with life, annuity, or health coverage provided by a self-funded plan shall register with the commissioner by March 1 of each year, verifying its status as herein described. The registration requirement shall not apply to those persons or entities that are specifically exempted by RSA 402-H:1, I. Registrants under this section shall not be required to hold a certificate of authority as an administrator in this state or to meet the other requirements of this chapter.

402-H:11-b Exemption. An association administering a pooled risk management program operated pursuant to RSA 5-B or conducting business that is exempt from taxation under the Internal Revenue Code, section 115 shall not be required to obtain a certificate of authority or to meet the other requirements of this chapter for services provided in connection with the administration of its pooled risk management plans or its section 115 business, but shall be required to register with the commissioner pursuant to RSA 402-H:11-a. Pooled risk management program registration may be accomplished by providing the commissioner a copy of the informational filing required to be filed with the department of state pursuant to RSA 5-B:4.

Amend the introductory paragraph of RSA 402-H:12, I(a) as inserted by section 10 of the bill by replacing it with the following:

I.(a) Each licensed administrator shall file an annual report for the preceding calendar year with the commissioner on or before [March 1] June 1 of each year, or within such extension of time as the commissioner for good cause may grant. The annual report shall include an audited financial statement performed by an independent certified public accountant. An audited financial/annual report prepared on a consolidated basis shall include a columnar consolidating or combining worksheet that shall be filed with the report and include the following:

Amend the introductory paragraph of RSA 420-G:11, II(a) as inserted by section 13 of the bill by replacing it with the following:

II. (a) All health carriers, licensed third party administrators, and any entity required to be registered with the commissioner pursuant to RSA 402-H, shall electronically provide:

SB 262, establishing the position of an administrator of women offenders and family services within the department of corrections, and establishing an interagency coordinating council on women offenders, and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT.

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The committee felt this position would help the Department of Corrections resolve some of the problems at the New Hampshire
Amend the bill by replacing all after the enacting clause with the following:

I New Sections; Administrator of Women Offenders and Family Services; Council Established.

Amend RSA 21-H by inserting after section 14-a the following new sections:

21-H:14-b Administrator of Women Offenders and Family Services.

I. There is hereby created the position of administrator of women offenders and family services within the department of corrections. The administrator shall be responsible for programming and services for women offenders in the state adult correctional system including probation, parole, and state correctional facilities. The administrator of women offenders and family services shall be a classified position.

II. The administrator may:

(a) Establish goals and objectives for state correctional systems within the framework of the department's philosophy, including planning, organizing, implementing, directing, and monitoring state gender-responsive programs and services, as well as developing policies, procedures and standards for the provision of such programs and services. The administrator shall participate in the development, implementation, and review of all policies, directives, and standards that involve supervision of women offenders. The administrator shall also coordinate continuum and continuation of gender-responsive services to women offenders moving from one setting to another, and re-entering their communities.

(b) Write standards for, execute, and monitor all non-clinical contracts with service providers who work exclusively with women offenders. The administrator shall review and provide feedback on an ongoing basis on all clinical contracts and services for women offenders regarding consistency with contract language and gender-responsive principles.

(c) Establish and coordinate partnerships, and maintain working relationships within the department of health and human services, with other government agencies, with communities and with community-based organizations, volunteers, advocacy groups, the academic community, and other external stakeholders.

(d) Provide supervision and technical assistance to the women's facility warden and field managers regarding issues related to women offenders and gender-responsive programs, services, and practices. The administrator shall provide input into the evaluations of other facility wardens, field managers, and personnel relative to their roles in the supervision and provision of services for women offenders.

(e) Provide input regarding necessary data collection and evaluation to measure effective programming and supervision of women offenders. The administrator shall consult with and provide input with other directors regarding appropriate levels of staffing in both the field and institutions responsible for the management of women offenders. The administrator shall also confer with and make recommendations to the commissioner regarding women offender supervision and services and oversee the planning, development, and implementation of training guidelines for staff working with women offenders, and recommend changes in duties assigned to casework and security staff who work with women offenders.

(f) Act as a resource in cases of staff sexual misconduct involving women offenders and provide input into personnel actions for addressing misconduct involving staff who work with women offenders and misconduct involving women offenders.

III. The administrator shall:

(a) Prepare budget recommendations regarding women offenders' program services consistent with the departmental budget cycle. The administrator shall also engage in budget formation, grant applications, and resource allocation activities related to women offenders as assigned.

(b) Act as liaison to the interagency coordinating council for women offenders and the department of corrections.

21-H:14-c Interagency Coordinating Council for Women Offenders.

I. There is established an interagency coordinating council for women offenders.
II. (a) The members of the council shall be as follows:
  (1) One member of the governor's office, appointed by the governor.
  (2) One member of the senate, appointed by the president of the senate.
  (3) One member of the house of representatives, who shall be knowledgeable about
county corrections, appointed by the speaker of the house of representatives.
  (4) The executive councilor representing district 5/Goffstown.
  (6) The warden of the state prison for women.
  (7) The commissioner of health and human services, or designee.
  (8) The director of division of children, youth and families, or designee.
  (9) The attorney general, or designee.
  (10) The chief justice of the superior court, or designee.
  (11) The chief justice of the supreme court, or designee.
  (12) The commissioner of the department of education, or designee with knowledge of
Title IX, Carl Perkins Grants, and other federal funding sources.
  (13) One member from the Hillsborough county government, appointed by the New
Hampshire Association of Counties.
  (14) One former inmate of the state prison for women who is no longer under correc-
tional supervision, appointed by the governor.
  (15) A representative from the New Hampshire commission on the status of women,
appointed by the governor.
  (16) A representative from the New Hampshire Coalition Against Domestic and Sexual
Violence, appointed by the governor.
  (17) A representative from New Hampshire Task Force on Women and Addiction, ap-
pointed by the governor.
  (18) A representative from the Citizens Advisory Committee of the New Hampshire State
Prison for Women, appointed by the governor.
  (19) A community member with knowledge of correctional practices with particular
expertise with female offenders, appointed by the governor.
(b) Legislative members of the council shall receive mileage at the legislative rate when
attending to the duties of the commission.
III. The duties of the council shall be as follows:
  (a) Identify opportunities for interagency cooperation in the effective management of fe-
male offenders.
  (b) Develop memoranda of understanding outlining "in-kind" services or cooperation to
provide services to incarcerated women and their children.
  (c) Develop cross training opportunities to foster understanding of system responses to the
shared population across agencies of incarcerated women and their children.
  (d) Develop gender-specific treatment for co-occurring conditions and a continuity of treat-
ment from incarceration to community.
  (e) Coordinate interagency case management and re-entry planning.
  (f) Assess the impact of incarceration on family relations during and after incarnation.
  (g) Apply and administer federal and private sector grants for the furtherance of the duties
of the council and the development of gender-responsive, trauma-informed management of female
offenders and their children.
IV. The council shall meet at least monthly during its first year, then at least quarterly there-
after. The members of the council shall elect a chairperson from among the members. The first
meeting of the council shall be held within 45 days of the effective date of this section. The first
meeting of the council shall be called by the senate member. The council shall convene at the call
of the chair when deemed necessary by the chairperson.
V. The term of each member appointed under paragraph III who has a term of office shall be
coterminous with their term in office. The terms of the remaining members shall be for 3 years.
Vacancies shall be filled for the remainder of the term in the same manner and from the same group
as the original appointment.
VI. The council shall report its findings and any recommendations for proposed legislation to
the president of the senate, the speaker of the house of representatives, the senate clerk, the house
clerk, the governor, and the state library annually on or before November 1.
2 New Classified Position: Funding. The position of administrator of women offenders and family services established under RSA 21-H:14-b, as inserted by section 1 of this act, shall be a classified position at labor grade 33. Funding for this position shall not affect the general fund appropriations reduction required in 2005, 176:11. The funding for the administrator of women offenders and family services position shall be from the department of corrections' fiscal year 2007 operating budget.

3 Effective Date. This act shall take effect July 1, 2006.

Referred to the committee on Finance.

SB 353-FN, relative to registration of criminal offenders convicted of homicide. REFER FOR INTERIM STUDY.

Rep. E. Albert Weare for Criminal Justice and Public Safety: The existing statute RSA 651-A:11, appears to cover the intent of this bill. However, there are several issues that seem to indicate problems. Coordination in this matter by the adult parole board and Interim Study would allow the establishment of a concise procedure agreeable to all. Vote 14-5.

SB 260, relative to certification of a registered nurse responsible for emergency medical transportation. OUGHT TO PASS.

Rep. Ken Hawkins for Executive Departments and Administration: This bill adds a registered critical nurse to the list of personnel able to accompany a patient being transferred by ambulance from one hospital to another. Currently, two EMTs are required with the option of having a registered emergency nurse, an emergency physician or emergency physician assistant replace one of the EMTs. The concern from rural hospitals was that an ambulance might have to wait if there was only one emergency nurse or one physician available to replace an EMT. Vote 14-1.

SB 302-FN, relative to real estate brokers. INEXPEDIENT TO LEGISLATE.

Rep. Peter F. Bergin for Executive Departments and Administration: The committee felt that by changing the notification time from ten days to five for a principal real estate broker changing their place of business was too short and unfair. Further, the bill would allow a realtor to advertise that part of their commission could be given to the seller's favorite charity directly by the realtor. Under current law, such a donation has to be paid by the seller. The committee did not feel that this was appropriate. Vote 13-0.

SB 305-FN, relative to the regulation of recreational therapists. OUGHT TO PASS WITH AMENDMENT.

Rep. Judson K. Dexter for Executive Departments and Administration: This bill had the unanimous support of the committee with four minor changes: First, a clarification on the definition of services offered by a recreation therapist to ensure understanding of the areas of responsibility between occupational therapists and recreational therapists, both of which are members of the Allied Health Board. Second, a grandfathering clause to prevent harming recreational therapists during the transitional period. Third, stipulating that the National Council for Therapeutic Recreation Certification (NCTRC) is the only national standard for the exam, and fourth, clarification of the continuing education requirements. This will not interfere with or inhibit volunteer programs in any way. Finally, use in public schools is exempt and there is no problem with RSA 28-A. Vote 15-0.

Amendment (1683h)

Amend the introductory paragraph of RSA 326-J:1, III(a) as inserted by section 1 of the bill by replacing it with the following:

(a) For purposes of accomplishing therapeutic recreation goals, recreational therapy may include:

Amend RSA 326-J:5, I(c) as inserted by section 1 of the bill by replacing it with the following:

(e) Successfully complete the proctored examination administered by the NCTRC.

Amend RSA 326-J:5 as inserted by section 1 of the bill by inserting after paragraph II the following new paragraph:

III. Notwithstanding paragraph 1, the board may grant initial licenses to recreational therapists who were certified by the NCTRC prior to July 1, 2007 and who hold an active CTRS credential.

Amend RSA 326-J:6, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Meet continuing competency requirements by completing a minimum of 30 hours of continuing education in formal courses approved by the board and other requirements established by the board rules adopted pursuant to RSA 541-A.

Amend the bill by replacing section 7 with the following:

7 Effective Date. This act shall take effect July 1, 2007.
SB 317-FN, establishing a screening panel to review complaints to occupational and professional regulatory boards and establishing an appeals board to review decisions by occupational and professional regulatory boards. INEXPEDIENT TO LEGISLATE.
Rep. Judson K. Dexter for Executive Departments and Administration: The committee is sympathetic to the sponsors' concerns with the Board of Medicine. However, the bill would apply to every occupational, professional and regulatory board and commission in the state. Further, we just passed legislation that requires a performance audit of the Board of Medicine, which will address the implied problems with recommendations for correction. This has worked for the Board of Mental Health and others. Vote 16-0.

SB 342, relative to the treatment of glaucoma by optometrists. OUGHT TO PASS.
Rep. A. Laurie Harding for Executive Departments and Administration: This bill addresses changes in the optometry (OD) practice related to glaucoma. Both the ophthalmologists and optometrists agreed to the changes in this bill. Vote 14-0.

SB 404, relative to retirement benefits, service credits, and administration of the Manchester employees' contributory retirement system. OUGHT TO PASS.
Rep. Maurice L. Pilotte for Executive Departments and Administration: This bill allows the Manchester contributory retirement system to make the following benefits available to its members: (1) rollover of section 415 of IRS code - qualified funds to purchase earned service credit; (2) calculation of benefits and optional benefits. The bill also provides: (1) for the correction and collection for benefits underpayments or overpayments and (2) for requiring spousal acknowledgement of retirement options by retirees. Vote 15-0.

SB 286-FN, relative to notice to defendants in small claims actions. OUGHT TO PASS WITH AMENDMENT.
Rep. James E. Wheeler for Judiciary: This bill changes the way initial notice is sent to defendants in small claims actions, from certified mail to first class mail. Certain protections were built into the law to provide for service by the sheriff, if the defendant does not respond. The committee believes that this will be as effective as certified mail and also provide a more efficient process than the one currently in place. Because the elimination of certified mail results in a cost savings, the committee believes the savings should be passed on to the plaintiff and, accordingly, reduced the legislatively mandated surcharge by five dollars, the approximate amount of the savings. Vote 18-0.

Amendment (1770h)
Amend the title of the bill by replacing it with the following:
AN ACT relative to notice to defendants in small claims actions and reducing a surcharge on entry fees for small claims actions.
Amend the bill by replacing all after the enacting clause with the following:
1 Small Claims Actions; Notice to Defendant. RSA 503:6 is repealed and reenacted to read as follows:
503:6 Notice to Defendant.
I. The court shall cause notice of the claim and the substance thereof to be given to the defendant, whether or not the defendant is a resident of this state, by sending a written statement to the defendant by postpaid first class mail, addressed to the defendant at the defendant's last known post office address and directing the defendant to indicate, in writing within 30 days from the date said notice is mailed, the defendant's desire to be heard. The notice shall inform the defendant that failure to respond in writing shall result in the service of the claim on the defendant by the sheriff, or in such other manner as the court shall order, the cost of which shall be the responsibility of the defendant if the plaintiff prevails.
II. If the notice is returned as undelivered, or the defendant does not respond in writing within 30 days, then the court shall direct the plaintiff to complete service on the defendant, at the expense of the plaintiff, as in all other actions at law.
III. If the defendant responds to the notice indicating a desire to be heard, the case shall be scheduled for hearing shortly thereafter. Both parties shall be notified by mail of the date and time of hearing, at least 14 days in advance.
2 Entry Fees; Small Claims Actions. Amend RSA 490:24, II to read as follows:
II. Except for small claims actions as provided in paragraph III, the sum of $20 shall be added to each case entry fee and fee for a motion to bring forward collected in the supreme, superior, district, family, and probate courts, and these sums shall be deposited in the general fund.
III. The sum of $15 shall be added to each case entry fee and fee for a motion to bring forward collected for small claims actions in the district courts, and these sums shall be deposited in the general fund.

3 Effective Date. This act shall take effect July 1, 2006.

AMENDED ANALYSIS

This bill changes requirements for notice to parties in small claims actions. This bill also reduces a surcharge on entry fees for small claims actions.

SB 231, relative to the residency requirement to qualify for the elderly property tax exemption. OUGHT TO PASS WITH AMENDMENT.

Rep. Nancy K. Johnson for Municipal and County Government: This bill eliminated any residency requirement to qualify for the elderly property tax exemption. The committee understood that the intent was to make it easier for new elderly residents to qualify for the exemption, but felt that some residency requirement was prudent. There are other exemptions that are subject to residency requirements and there was no compelling testimony to eliminate the requirement completely. As a compromise, the original bill was amended to change the residency requirement to 3 years rather than none. Vote 14-0.

Amendment (1586h)

Amend the bill by replacing all after the enacting clause with the following:

1 Conditions for the Elderly Exemption. Amend RSA 72:39-a, I(a) to read as follows:

(a) Has resided in this state for at least [5] 3 consecutive years preceding April 1 in the year in which the exemption is claimed.

2 Elderly Exemption: Procedures. Amend RSA 72:39-b, II to read as follows:

II. An elderly exemption, based on assessed value for qualified taxpayers, may be granted for a different dollar amount determined by the town or city, to a person 65 years of age up to 75 years, to a person 75 years of age up to 80 years, and to a person 80 years of age or older. To qualify, the person must have been a New Hampshire resident for at least [5] 3 consecutive years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married to each other for at least 5 consecutive years. In addition, the taxpayer must have a net income in each applicable age group of not more than a dollar amount determined by the town or city of not less than $13,400 or, if married, a combined net income of not more than a dollar amount determined by the town or city of not less than $20,400; and own net assets not in excess of a dollar amount determined by the town or city of not less than $35,000 excluding the value of the person's residence or, if married, combined net assets not in excess of a dollar amount determined by the town or city of not less than $35,000 excluding the value of the residence. Under no circumstances shall the amounts of the exemption for any age category be less than $5,000. The combined net asset amount for married persons shall apply to a surviving spouse until the sale or transfer of the property by the surviving spouse or until the remarriage of the surviving spouse.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill changes the 5-year residency requirement of applicants for the elderly property tax exemption to a 3-year requirement.

SB 269, ratifying certain actions at the 1996 Seabrook annual town meeting. OUGHT TO PASS WITH AMENDMENT.

Rep. Gilman C. Shattuck for Municipal and County Government: This seeks to ratify certain actions taken at the 1996 Seabrook annual town meeting. It was the full intent of the town of Seabrook to become an official ballot town when the town voted on Article 3 of the Town Warrant on March 12, 1996. Although the town voted to become an official ballot town, they fail to also vote to change their charter. Due to the fact that Seabrook is a charter community, it would also require a vote to amend the charter to become an SB 2 town. The committee heard testimony that there had not been any attempt to change the form of government since this vote in 1996. All meetings of the town were televised so that the citizens of Seabrook were kept informed of the actions of the municipality. The Secretary of State as well as the Attorney General's Office was consulted to determine the appropriate language for the amendment. The amendment legalizes, ratifies, and confirms actions taken at the March 12, 1996 Seabrook Annual Town Meeting with regard to Article 3 of the Town Warrant. Vote 15-0.
Amendment (1818h)

Amend the bill by replacing all after the enacting clause with the following:

1 Ratification of Actions since the 1996 Seabrook Annual Town Meeting. All acts, notices, votes and proceedings of the Town of Seabrook since 1996 and until the effective date of this act are hereby legalized, ratified, and confirmed against any challenge arising out of the adoption of Article 3 of the Seabrook town meeting held on March 12, 1996.

2 Effective Date. This act shall take effect September 12, 2006.

SB 254, renaming a certain bridge in the town of Stratford the Janice Peaslee Bridge. OUGHT TO PASS.

Rep. Gene G. Chandler for Public Works and Highways: Representative Janice Peaslee is a Vermont Legislator who almost single-handedly fought the battle; not only in her state; but ours, to reopen the bridge between Stratford, New Hampshire and Maidstone, Vermont. This bridge provides a vital link between the two states, not only providing faster emergency services, but also economic benefits to both states, thereby helping New Hampshire’s North Country economy. North Country legislators and the Town of Stratford are in favor of naming this bridge for the person most responsible for its rebirth. Vote 12-2.

SB 233, relative to motorcycle rider education. OUGHT TO PASS.

Rep. Sherman A. Packard for Transportation: This bill makes a minor change in the current motorcycle education program. It allows for the state to use a national recognized motorcycle education program other than the Motorcycle Safety Foundation Course. Vote 10-0.

SB 281-FN, establishing an organ and tissue donor registry. OUGHT TO PASS WITH AMENDMENT.

Rep. Stephen H. Nedeau for Transportation: This bill establishes a donor registry for anatomical gifts, allowing people to indicate their wishes to the division of motor vehicles. The only change to the present bill is adding the word address to now say, “serving the state access to names, dates of birth, address and dates of registration of licensed drivers and individuals who obtain a nondriver’s picture identification card who have registered with the division of motor vehicles as organ and tissue donors for the purpose of identifying those individuals as organ and tissue donors”. Vote 12-0.

Amendment (1599h)

Amend RSA 263:41, I as inserted by section 4 of the bill by replacing it with the following:

I. The director shall provide to federally-designated organ procurement organizations serving the state access to names, dates of birth, addresses, and dates of registration of licensed drivers and individuals who obtain a nondriver’s picture identification card who have registered with the division of motor vehicles as organ and tissue donors for the purpose of identifying those individuals as organ and tissue donors. Such access shall be provided only with the prior written consent of the donor and shall be provided in a manner and form to be determined by the director following consultation with such organizations, and shall include electronic transmission of initial information and periodic updating of information.

SB 288-FN, relative to street rods. INEXPEDIENT TO LEGISLATE.

Rep. Sherman A. Packard for Transportation: This bill, as introduced, would have changed the current street rod laws. It would have weakened the safety requirements. The Senate amended it, but did not fix the changes it would have made to current street rod legislation. We looked at several different amendments, but the committee felt that they would be counterproductive. The committee felt that there was no compelling reason to change the law, especially when there was an outpouring of protest about this bill from the National Street Rod Association and citizens who have invested lots of money in these custom cars. Vote 11-0.

SB 357-FN, relative to eligibility for motorcycle licenses. OUGHT TO PASS.

Rep. Sherman A. Packard for Transportation: This is one of three bills put forth this session to try to decrease the increase in motorcycle accidents and fatalities. This bill will require anyone seeking a motorcycle permit to pass a written test before receiving a permit. It will also require anyone who fails the motorcycle driver test twice (given by the Department of Safety) to take the motorcycle education course. It is a fact that new riders who have not taken the motorcycle education
course are much more likely to be involved in an accident or fatality. This bill has been endorsed by the New Hampshire Motorcyclists' Rights Organization which has represented New Hampshire motorcyclists for over 30 years. Vote 12-0.

REGULAR CALENDAR

**SB 374-FN**, relative to the state children's health insurance program. **OUHT TO PASS WITH AMENDMENT.**

Rep. Martha S. McLeod for Commerce: This bill, as amended, requires the Department of Health and Human Services to expend the funds appropriated by the House for the New Hampshire Healthy Kids Program for that purpose and not to transfer or expend the funds on any other program. Vote 17-2.

**Amendment (1783h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Healthy Kids Corporation; State Children's Health Insurance Program; Appropriation. Notwithstanding any other law, the entire amount appropriated in PAU 05-01-02-01-05, class 91, for the biennium ending June 30, 2007 shall be expended for program and administrative costs of the state children's health insurance program. All premiums accrued and collected from families shall be applied to the program costs. This appropriation shall not be transferred or used for any other purpose and shall not lapse.

2 Effective Date. This act shall take effect upon its passage.

**AMENDED ANALYSIS**

This bill requires the department of health and human services to expend the funds appropriated for the state children's health insurance program for that purpose and not to transfer or expend the funds on any other program.

Amendment adopted.

Committee report adopted.

Referred to the committee on Finance.

**SB 324**, requiring notification concerning certain offenders against children. **OUHT TO PASS WITH AMENDMENT.**

Rep. Peter M. Sullivan for Criminal Justice and Public Safety: This bill is enabling legislation. Under this bill, municipalities would be allowed to enact ordinances requiring neighbors of registered sex offenders be notified of the offender's presence in the community. A municipality that chooses to enact such an ordinance would be able to establish its own definition of "neighbor"; this way, communities as diverse as Manchester and Whitefield can tailor the ordinance to meet their own unique circumstances. The majority of the committee believes that this legislation is a sensible way of helping communities protect their residents through the responsible sharing of information. Vote 10-9.

**Amendment (1681h)**

Amend RSA 651-B:7, IV(c) as inserted by section 1 of the bill by replacing it with the following:

(c) A municipality may adopt an ordinance which requires that the neighbor of any person whose name appears on the list compiled under this section, and who has established residency in the municipality, be notified that such person is residing in the community. The local governing body shall establish the definition of "neighbor" that is best suited to the particular municipality.

**AMENDED ANALYSIS**

This bill allows a municipality to adopt an ordinance requiring that the neighbor of any person whose name appears on the list compiled under RSA 651-B:7, II, and who has established residency in the municipality, be notified of such person's release.

Amendment adopted.

The question now being adoption of the committee report.

Rep. Robinson spoke against and yielded to questions.

Rep. Peter Sullivan spoke in favor and yielded to questions.

**LAID ON THE TABLE**

Rep. Vaillancourt moved that **SB 324**, requiring notification concerning certain offenders against children, be laid on the table.

Rep. O'Brien requested a roll call; sufficiently seconded.

(Deputy Speaker Weyler in the Chair)

REGULAR CALENDAR (CONT’D.)

SB 249, allowing a master electrician to have 2 apprentice electricians under his or her supervision and relative to examinations of electricians by the electricians’ board. OUGHT TO PASS. Rep. Judson K. Dexter for Executive Departments and Administration: This bill allows a master electrician to have up to two apprentices to work for him/her under direct supervision. It does not require the master to have any apprentices. Currently the master can only have one apprentice, and while the committee spent a great deal of time discussing direct supervision of two apprentices, the majority felt that there were many positive facts that support this legislation. Vote 12-4. Committee report adopted and ordered to third reading.

SB 358-FN, relative to an advanced registered nurse practitioner’s duty to warn of violent acts of patients. OUGHT TO PASS WITH AMENDMENT. Rep. A. Laurie Harding for Executive Departments and Administration: This bill corrects the section on “Duty to Warn” in the Nurse Practice Act that this legislature amended last year. These changes clarify that all Board of Nursing licensees have a duty to warn an appropriate “supervisor or treating provider” if they are concerned about the potential for violent behavior on the part of a patient. The amended version of the bill also requires that “psychiatric ARNP’s shall make reasonable efforts to communicate the threat to the victim or victims, notifying the police department closest to the client’s or potential victim’s residence, or obtaining civil commitment of the client to the state mental health system.” Vote 13-4.

Amendment (1768h)

Amend the title of the bill by replacing it with the following:
AN ACT relative to a nurse’s duty to warn of violent acts of patients.

Amend the bill by replacing section 1 with the following:
1 Nurse Practice Act; Duty to Warn Of Violent Acts. RSA 326-B:33 is repealed and reenacted to read as follows:
326-B:33 Duty to Warn of Violent Acts of Client; Civil Liability.
I. A licensee has a duty to warn of, or to take reasonable precautions to provide protection from, a client’s violent behavior when the client has communicated to the licensee, a serious threat of physical violence against a clearly identified or reasonably identifiable victim or victims or a serious threat of substantial damage to real property.
II. A licensee shall discharge the duty either by notifying the licensee’s supervisor or the treating provider. A psychiatric ARNP shall discharge the duty by making reasonable efforts to communicate the threat to the victim or victims, notifying the police department closest to the client’s or potential victim’s residence, or obtaining civil commitment of the client to the state mental health system.
III. No monetary liability or cause of action based on breach of client privacy, confidentiality, or any other ground shall arise from an act or communication done in a good faith effort to discharge a duty.

AMENDED ANALYSIS

This bill requires licensed nurses to discharge the duty to warn of violent acts of patients by notifying the licensee's supervisor or the treating provider. Psychiatric advanced registered nurse practitioners must communicate the threat to the victim, notify the police department, or obtain civil commitment of the client.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 294-FN-A, authorizing 7 additional state troopers and making an appropriation therefor.

OUGHT TO PASS WITH AMENDMENT.

Rep. Robert L. Wheeler for Finance: The committee agreed with the House policy regarding the hiring of troopers; however were concerned about the availability of funding. Vote 12-7.

Amendment (1680h)

Amend the bill by replacing section 2 with the following:

2 Appropriation; Department of Safety. There is appropriated the sum of $1 to the department of safety for the fiscal year ending June 30, 2007, for the purpose of funding the salaries, expenses, equipment, benefits, and in-state travel costs of 7 additional state troopers. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill authorizes the department of safety to hire 7 additional state troopers and makes an appropriation for this purpose.

Rep. Rollo requested a roll call; sufficiently seconded.

SB 308-FN-A, making an appropriation for school building aid. OUGHT TO PASS.

Rep. Linda T. Foster for Finance: Unfortunately, the consequences of SB 38 that changed the eligibility requirements for certain school districts and increased school budget aid by approximately $1,000,000, were not included in the current budget. The committee believes that the state should honor its commitment and not shift the cash flow burden. Vote 17-2.

Rep. King moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the committee on Finance.

SB 327, establishing the New Hampshire civil war cannon restoration fund. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert L. Wheeler for Finance: This bill creates a fund in the state treasurer’s office to accept grants, gifts, and donations for the purpose of restoring civil war cannons. The fund is organized for charitable and educational purposes within section 501(c)(3) of the IRS code, and will not require any state dollars from general or other funds. Vote 19-0.

Amendment (1679h)

Amend RSA 110-B:80 as inserted by section 1 of the bill by replacing it with the following:

110-B:80 Civil War Cannon Restoration Fund. The adjutant general is authorized to accept gifts, grants, or donations, from any public or private source, for the purpose of restoring the New Hampshire civil war cannons. All such monetary grants, gifts, and donations shall be deposited in a special fund, which shall be established in the office of the state treasurer and known as the New Hampshire civil war cannon restoration fund. The fund shall be nonlapsing and shall be kept separate and distinct from all other funds. The fund shall be continually appropriated to the adjutant general and used solely for the restoration of state civil war cannons. The fund shall be organized exclusively for charitable and educational purposes, within the meaning of those terms as used in section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and no part of the net earnings shall inure to the benefit of any individual.

AMENDED ANALYSIS

This bill establishes the New Hampshire civil war cannon restoration fund in the office of the state treasurer to be administered by the adjutant general.

Amendment adopted.

The question now being adoption of the committee report.

Rep. Kennedy spoke against and yielded to questions.

Reps. Robert Wheeler and Welch yielded to questions.

Committee report adopted and ordered to third reading.

SB 337, relative to the sale and repurchase of property acquired by tax deed. MAJORITY: IN-EXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Harry S. Gale for the Majority of Municipal and County Government: This bill would allow municipalities to inspect property acquired by tax deed prior to offering the property for sale. If anyone, including a municipality, is a landlord, inspection of the property can happen with reasonable notice as stated in RSA 540:2 and 3. This bill makes the former owner of a tax-deeded property liable for the costs incurred by the municipality for repairs and maintenance, which is already in law in RSA 80:90.I(c). The majority feels this legislation is unnecessary, since local communities already have the legal authority to deal with the problem(s) and issues raised by the proponents. Uncomfortable as it may be, aggressive enforcement of current existing laws and authority seems to be the appropriate solution. The committee only heard testimony from one municipality. The majority of the committee feels that if this was a statewide issue, there would have been testimony from other municipalities, especially from the cities. The next section of this bill addresses the reduction in time that any former owner has available to redeem the property,
from three years to only a single year. It is becoming more difficult for some taxpayers to pay their property taxes, especially our elderly. The majority of the committee feels that reducing the time for these individuals to be able pay their taxes and keep their home from three years down to a single year is an unwarranted taking by the municipality. The majority of the committee feels that the property rights and the traditional belief of “one’s home is one’s castle” is greatly affected by reducing this time. The majority of the committee further feels that keeping the tax lien/deed process the way it currently is in law is in the best interest of all New Hampshire landowners. Vote 10-7. Rep. Jessie L. Osborne for the Minority of Municipal and County Government: The minority of the committee believes that this bill would give municipalities the ability to access and upgrade the property acquired through tax deed and provide a municipality the right to protect itself from liability by upgrading to code said property. It would also permit the municipality to reduce the repurchase time for the previous owner. The repurchase agreement would also require the previous owner to pay for all code upgrades and back taxes within a set period of time. This reduces the amount of time from 3 years to one year the right of the Municipality to recoup all costs regarding the sale and updating of the property taken in lieu of taxes through a tax deed. Under current law, the municipality can dispose of the property 30 days after certified mail notice, but if the owner cannot be found or avoids the notice, he has up to 3 years before the municipality can dispose of the property. This bill reduces that time to 1 year. The committee heard of many cases, particularly in Berlin, which justify the reduction of the period for a landlord to redeem the property taken for property tax default of 3 years. Currently the total time to recoup losses can be a total of 6 years including the 3 years of tax liens.
Rep. Patten spoke against.
Majority committee report failed.
Rep. Patten moved Interim Study and spoke in favor.
Motion adopted.

**SB 310-FN, establishing gold star number plates and relative to special number plates for veterans.**

WITHOUT RECOMMENDATION.

Rep. Packard moved Ought to Pass and offered floor amendment (1759h).

**Floor Amendment (1759h)**

Amend the bill by replacing section 1 with the following:

I New Section; Gold Star Number Plates. Amend RSA 261 by inserting after section 87-b the following new section:

> 261:87-c Gold Star Number Plates.

I. The department shall furnish one set of special number plates, designed by the director with the approval of the commissioner, for one motor vehicle owned by a mother or father of a person killed while on duty in the United States armed forces. These gold star number plates shall be issued upon payment of the regular registration and number plate fees. The issuance of a set of such special number plates to a parent shall not preclude the issuance of another set of such special number plates to the other parent.

II. For purposes of this section, a motor vehicle is owned by a mother or father of a person killed while on duty in the United States armed forces if the mother or father of a person killed while on duty in the United States armed forces is the motor vehicle’s owner under RSA 259:72, I, or if the legal ownership of the motor vehicle is held by a trust established by the mother or father of a person killed while on duty in the United States armed forces and the mother or father of a person killed while on duty in the United States armed forces has use of the motor vehicle or the motor vehicle is used for the transportation of the mother or father of a person killed while on duty in the United States armed forces. The director shall establish the documentation required for a motor vehicle held in trust to be eligible for plates under this section. The director shall not issue more than one set of plates under this section to any trust. A trustee of the trust or the administrator of the estate may be fined up to $500 for failing to return within 60 days of the death of the mother or father of a person killed while on duty in the United States armed forces any plates issued under this section for a motor vehicle held in trust.

Rep. Packard inquired if Section 1 of the bill could be divided.
The Speaker ruled that Section 1 of the bill was divisible and so ordered.

The question now being adoption of floor amendment (1759h).

Rep. Merrick requested a roll call; sufficiently seconded.

The question now being adoption of the remainder of the bill.
Motion adopted and ordered to third reading.

BILLS REMOVED FROM CONSENT CALENDAR

SB 234, including the International Residential Code 2000 in the definition of the state building code. OUGHT TO PASS.

Rep. Ken Hawkins for Executive Departments and Administration: This bill came out of a study committee on licensing building contractors and re-modelers. Since there was no residential code, there was no way to license them. This bill establishes a state-wide building code, but does not require a town to have a building inspector. This will enable the consumer to have recourse against shoddy workmanship. Vote 15-0.

Rep. O'Brien requested a roll call; sufficiently seconded.

Although he was present in the chamber, Rep. Parkhurst's vote was not registered at the time of voting on SB 234, including the International Residential Code 2000 in the definition of the state building code, due to a mechanical error in the voting machine. Rep. Parkhurst notified the Clerk that he intended to vote Yea and wished to be recorded in favor.

BILLS REMOVED FROM CONSENT CALENDAR (CONT'D.)

SB 252, relative to certification of speech-language assistants for purposes of speech language pathology practice. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald F. Ryder for Executive Departments and Administration: This bill is designed to give minimum certification credentials to those who meet the requirements established by the Board of
Allied Health Providers for speech-language assistants. The bill exempts assistants employed by all public schools and schools approved by the Department of Education. Persons currently employed and supervised as speech-language assistants will be grandfathered. This bill has been written so as to not create any unfunded mandates for public schools. Vote 16-0.

Amendment (1806h)

Amend the bill by replacing all after section 1 with the following:

2 Rulemaking; Speech Language Assistants. Amend RSA 326-F:5, V to read as follows:

V. The [use of assistive personnel] minimum qualifications of, requirements for direction and supervision of, and scope of tasks that may be performed by speech-language assistants. Such qualifications shall include a minimum of a 2-year associate’s degree granted by a speech language pathology program accredited by an accrediting organization approved by the board.

VI. The application and qualification for initial certification, certification renewal, and certification reinstatement of speech-language assistants.

VII. The investigation and discipline of certified speech language assistants.

3 New Subparagraph; Office of Allied Health Professionals; Board of Directors. Amend RSA 328-F:15 by inserting after subparagraph 1(g) the following new subparagraph:

(h) Initial certification, certification renewal, and certification reinstatement of speech-language assistants, as defined in RSA 326-F:1, II-a.

4 New Section; Renewal of Certification. Amend RSA 326-F by inserting after section 6 the following new section:

326-F:6-a Renewal of Certification. Certification shall be renewed biennially in accordance with rules adopted pursuant to RSA 541-A.

5 New Section; Reinstatement of Certification. Amend RSA 326-F by inserting after section 7 the following new section:

326-F:7-a Reinstatement of Certification. The board shall reinstate a certification which has lapsed as a result of failure of the applicant to qualify for renewal or to submit the renewal application on time if the applicant:

I. Meets eligibility requirements for renewal.

II. Meets any reinstatement requirements established by the board in rules adopted pursuant to RSA 541-A.

III. Complies with any reinstatement application procedures established by the board in rules adopted pursuant to RSA 541-A.

IV. Pays the reinstatement fee.

6 Exemptions. Amend RSA 326-F:2.1 to read as follows:

1. This chapter and RSA 328-F shall not apply to:

(a) Speech-language specialists who are certified under rules adopted by the board of education pursuant to RSA 21-N:9, II(s), unless they are also licensed under this chapter.

(b) Speech-language assistants employed by all public schools and schools approved by the department of education.

7 Exemption. Notwithstanding section 2 of this act, persons currently employed and supervised as speech-language assistants on the effective date of this act shall not be required to hold or acquire a 2-year associate’s degree granted by a speech language pathology program accredited by a board-approved accrediting organization but shall be certified by the board upon application and payment of the established fee.

8 Effective Date. This act shall take effect January 1, 2007.

AMENDED ANALYSIS

This bill defines “speech-language assistant” for purposes of speech language pathology practice and requires speech-language assistants to be certified by the speech language pathology governing board. This bill also requires the office of allied health professionals to establish fees for initial certification, renewal, and certification reinstatement of speech-language assistants. Amendment adopted.

Committee report adopted and ordered to third reading.
SB 354-FN, requiring security officers of the New Hampshire hospital security force to be fully certified as police officers and including such security officers in group II of the New Hampshire retirement system. REFER FOR INTERIM STUDY.

Rep. Judson K. Dexter for Executive Departments and Administration: The committee is in support of moving the New Hampshire Hospital security force to group II as they meet the certification requirements. However, there were a number of questions about split benefits and retirement for the officers caught in the transition. It should always be a concern that our best intended efforts do not inadvertently harm the people we serve. Please give us the opportunity to ferret out the answers to our concerns. Vote 14-2.

Recommitted to the committee on Executive Departments and Administration.

SB 284-FN, establishing a third full-time justice position in the Manchester, Nashua, and Concord District Courts and equalizing the annual salaries of all justices of the Manchester, Nashua, and Concord District Courts. OUGHT TO PASS WITH AMENDMENT.

Rep. Bea Francoeur for Judiciary: The committee voted to establish a full time Justice for the Nashua and Manchester district courts, due to extremely heavy case loads. Currently, part-time per diem special justices from around the state rotate in to the court to alleviate the problem, but there continues to be a backlog of cases, and some must wait months for access to justice. The amendment changes the effective date to conform to the next budget cycle. Vote 15-3.

**Amendment (1632h)**

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect July 1, 2007.

Amendment adopted.

The question now being adoption of the committee report.

Rep. Soltani spoke against and yielded to questions.

Reps. Rowe and Bea Francoeur spoke in favor.

Rep. Crane inquired if Section 2 of the bill could be divided.

The Speaker ruled the bill was divisible and so ordered.

The question now being adoption of Section 2 of the bill.

Reps. Crane and Soltani spoke against.

The motion to adopt Section 2 of the bill failed.

The question now being adoption of the committee report.

Rep. Soltani spoke in favor and yielded to questions.

Committee report adopted and ordered to third reading.

**RECONSIDERATION**

Having voted with the prevailing side, Rep. Graham moved that the House reconsider its action whereby it voted SCR 6, urging Congress to support stem cell research, Inexpedient to Legislate. Rep. Graham spoke in favor.

Rep. Coughlin spoke against.

On a division vote, 174 members having voted in the affirmative and 160 in the negative, reconsideration prevailed.

The question now being adoption of the majority committee report of Inexpedient to Legislate. Rep. Roberts spoke against.

Rep. Twombly spoke in favor.

Rep. Soltani requested a roll call; sufficiently seconded.

BELKNAP
Amend the resolution by replacing the title of the resolution with the following:
A RESOLUTION urging Congress to support embryonic stem cell research.

Amend the resolution by replacing all after the title with the following:

Whereas, an estimated 128,000,000 Americans suffer from the crippling physical, economic, and psychological burdens of chronic, degenerative, and acute diseases, including diabetes, Parkinson’s disease, cancer, and Alzheimer’s disease; and

Whereas, chronic, degenerative, and acute diseases result in extreme human loss and suffering for those who suffer from them and their families and caregivers, and result in hundreds of billions of dollars annually in medical treatment and lost productivity costs; and

Whereas, embryonic stem cell research offers immense promise for developing new medical therapies for these debilitating diseases and is a critical means to explore the fundamental questions of biology and could lead to improved treatments and potential cures for diabetes, Parkinson’s disease, Alzheimer’s disease, spinal cord injuries, burns, cancer, heart disease, and other diseases; and

Whereas, federal funding of embryonic stem cell research should be limited to eggs fertilized in a state or federal certified in vitro fertilization clinic and only for the express purpose of reproduction; and

Whereas, such embryos typically 4 to 5 days old which have been determined by written consent and without any financial inducement by both the egg and sperm donor to never be implanted or authorized to be implanted in any woman would otherwise be discarded as medical waste; and

Whereas, the United States has historically taken a leading role in funding biomedical research and has been a haven for open scientific inquiry and technological innovation, and, as a result, is the preeminent world leader in biomedicine and biotechnology; now, therefore, be it:

Resolved by the Senate, the House of Representatives concurring:

That the New Hampshire general court hereby urges Congress to support embryonic stem cell research; and

That copies of this resolution be sent by the senate clerk to the Speaker of the United States House of Representatives, the President of the United States Senate, and the New Hampshire congressional delegation.

AMENDED ANALYSIS

This senate concurrent resolution urges Congress to support embryonic stem cell research. Rep. Roberts spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Souza moved that SCR 6, urging Congress to support stem cell research, be laid on the table. Motion failed.

The question now being adoption of floor amendment (1725h).

Rep. Mason spoke against.

Rep. Gionet requested a roll call; sufficiently seconded.

and floor amendment (1725h) was adopted.
The question now being adoption of the motion of Ought to Pass as amended.
Rep. Roberts spoke in favor.

MOTION TO INDEFINITELY POSTPONE
Rep. O’Brien moved that SCR 6, urging Congress to support stem cell research, be Indefinitely Postponed.
Reps. Itse and Daniel Eaton spoke against.
On a division vote, 134 members having voted in the affirmative and 203 in the negative, the motion to Indefinitely Postpone failed.
The question now being adoption of the motion of Ought to Pass as amended.
Rep. Peter Sullivan requested a roll call; sufficiently seconded.

and the motion was adopted.  
Ordered to third reading.

SUSPENSION OF RULES

Reps. O'Neil and Craig moved that the House Rules be so far suspended as to permit the deadline of the last day to report Senate Bills be extended to April 27, 2006, for all bills currently in the committees on Finance and Ways and Means.

**SB 107-FN**, relative to the tax on tobacco products other than cigarettes.

**SB 225-FN-A**, relative to horse and dog racing.

**SB 298-FN**, relative to motor vehicle fines.

**SB 304**, relative to provider payments negotiated by the commissioner of the department of health and human services.

**SB 322**, establishing the business loan enhancement program and relative to the capital asset backed guarantee program.

**SB 363-FN-A-L**, prohibiting the department of revenue administration from collecting any communications services tax that is not permissible under federal law; and establishing a commission to study and determine the effect of ceasing the collection of Internet-related communications services tax.

**SB 364-FN-A**, relative to funding of the fish and game search and rescue fund and making an appropriation therefor.

**SB 367-FN**, imposing a penalty on Medicaid providers who receive overpayments of state Medicaid funds.
SB 371-FN, relative to the continuation of certain wetlands fees.
SB 376-FN-A, relative to revenues dedicated to the education trust fund.
SB 380-FN-A, establishing a research and development credit against business taxes.
SB 384-FN-A-L, establishing a temporary one-time exemption from the real estate transfer tax for certain transfer of family farm or open space land.
SB 387, relative to energy efficiency loans and guarantees by the business finance authority.
SB 397-FN-A, establishing a temporary energy tax credit against the business enterprise tax. Adopted by the necessary two-thirds.

SUSPENSION OF RULES
Reps. O'Neil and Craig moved that House Rules be so far suspended as to permit the deadline of Wednesday, May 3, 2006, last day to act on Senate bills, be extended to Thursday, May 4, 2006. Rep. O'Neil spoke in favor. Adopted by the necessary two-thirds.

RESOLUTION
Rep. O'Neil offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 26, 2006 at 10:00 a.m. Adopted.

LATE SESSION
Third reading and final passage
SB 391-FN, relative to insurance third party administrators.
SB 260, relative to certification of a registered nurse responsible for emergency medical transportation.
SB 305-FN, relative to the regulation of recreational therapists.
SB 342, relative to the treatment of glaucoma by optometrists.
SB 404, relative to retirement benefits, service credits, and administration of the Manchester employees' contributory retirement system.
SB 286-FN, relative to notice to defendants in small claims actions.
SB 231, relative to the residency requirement to qualify for the elderly property tax exemption.
SB 269, ratifying certain actions at the 1996 Seabrook annual town meeting.
SB 254, renaming a certain bridge in the town of Stratford the Janice Peaslee Bridge.
SB 233, relative to motorcycle rider education.
SB 281-FN, establishing an organ and tissue donor registry.
SB 357-FN, relative to eligibility for motorcycle licenses.
SB 249, allowing a master electrician to have 2 apprentice electricians under his or her supervision and relative to examinations of electricians by the electricians' board.
SB 358-FN, relative to an advanced registered nurse practitioner's duty to warn of violent acts of patients.
SB 294-FN-A, authorizing 7 additional state troopers and making an appropriation therefor.
SB 327, establishing the New Hampshire civil war cannon restoration fund.
SB 310-FN, establishing gold star number plates and relative to special number plates for veterans.
SB 234, including the International Residential Code 2000 in the definition of the state building code.
SB 252, relative to certification of speech-language assistants for purposes of speech language pathology practice.
SB 284-FN, establishing a third full-time justice position in the Manchester, Nashua, and Concord District Courts and equalizing the annual salaries of all justices of the Manchester, Nashua, and Concord District Courts.
SCR 6, urging Congress to support stem cell research.

UNANIMOUS CONSENT
Reps. Weyler, Rowe, Phinizy and Roberts addressed the House.

REMARKS

Rep. Weyler: Thank you, Mr. Speaker. Fellow Representatives, I’m honored that my colleague from Rochester, Rep. Russ Albert, a genuine Marine hero of the Korean War, has asked me to make remarks about a petition that he has in the anteroom for us all to sign. It involves Gregory “Pappy” Boyington, a famous Marine pilot. Although I am not a Marine pilot, I was an Air Force pilot, Colonel, and have about 900 hours in combat time and lacking Representative Giuda, I am the replacement. There was an attempt at the University of Washington by a student to create a memorial in recognition of Gregory “Pappy” Boyington who was a pilot with the Flying Tigers and later with the Marines in World War II. A few more details about the Colonel: he was awarded the Medal of Honor, the Navy Cross and was the total victor in many more than 26 combat during World War II in the Pacific and Asia. Pappy Boyington was finally shot down and captured. As a prisoner of war, he suffered brutal and horrible prolonged torture at the hands of the Japanese before being released at war’s end. Colonel Boyington died of cancer in January 1988. Maybe you’re familiar with the Blacksheep Squadron, that TV series that featured him.

The University of Washington student government first rejected the proposed memorial resolution. Comments made by some of the students questioned, if the university should honor a Marine who killed people or a rich white man? Those words became public and generated hundreds of protests of rage by both the students and the university. A typical comment by a veteran was, in part, “I’m appalled at those actions by the students at the university about the Pappy Boyington memorial. He served this nation to help preserve the free society that they are free to be idiots in. People are entitled to their own opinions but it is men like Boyington that make it possible. You should be honoring men like him who go into danger’s way to keep you speaking English and protecting the American way of life. You students need to get over your parent’s credit limits and where you are partying this weekend. You need to grow up and realize why you have these abundant freedoms. Read the real history of men like Pappy. I will be the first to admit that he was no saint, but he led fighting men. not nuns.” A later comment was made by someone who knew him who said, “He was not a rich, white man as vilified by one of the students protesting a memorial in his name. In fact, he lived the final years of his life on the generosity of friends.” One veteran who protested the University of Washington’s student government is Terry Brady of Anchorage, Alaska, who wrote, “I’m a former Marine. I am also a life member of the University of Washington Alumni Association. The so-called student leaders and whoever supports them as to their attitude towards Pappy Boyington should be ashamed and renounced by the University.”

Lee Dunbar, the president of the Associated Students of the University of Washington, answered his letter with this, “They informed him the passage of the ASUW resolution 12-26 did call for a memorial to all the Washington alumni awarded the Medal of Honor. So that resolution would honor Gregory Boyington, Deming Bronson, Robert Galer, Robert Leisy and William Nakamura.” Dunbar said, “I respect our military and our veterans that is why I co-sponsored the original resolution, as student body president, that should indicate that the community at large wants to honor veterans. Colonel Boyington and others should be honored.” Dunbar went on to explain that some of the negative votes were because of the way the original resolution was presented. They wanted the memorial to include more than just Boyington. With that, a new resolution was written and passed by the student government by 61 to 14. Though this is a huge victory, it still must be noted that it only came to pass after nationwide anger erupted following the contentious dialog that defeated the resolution. Even with the 61 to 14 vote for a Medal of Honor memorial, there were 14 students who voted against, and there were another 13 students who abstained. Among those were students who walked out in protest. Nationwide support can make a difference. On behalf of all the veterans, more particularly Rep. Albert, I appreciate the support this House has always given veterans and matters of military, and I appreciate all of you who signed the petition. Thank you, very much.

REMARKS

Rep. Rowe: Thank you, Mr. Speaker. As you know, next Monday is the day we celebrate John Stark Day. What amazes me is how few people in this state, and practically everyone from out of our state, don’t understand the contribution this man made and the contribution the State of New Hampshire made in the founding of our nation.

Consider if you will, as to New Hampshire. Two years before the Declaration of Independence, a year before Concord and Lexington, the political revolution occurred in New Hampshire when our people established the people’s government; a precursor to this legislature. Then four months before
Concord and Lexington, the militia members from Portsmouth and surrounding towns attacked the British fort in Portsmouth harbor. An English soldier was wounded, and we captured the fort. So you can argue that the military revolution occurred then. And of course, we know that the first constitution was enacted by the State of New Hampshire in January of 1776.

But what impresses me about General Stark is that he, in fact, did save the infant revolution from an absolute defeat. This occurred in the Battle of Bunker Hill, which actually was on Breed’s Hill. The evening beforehand, the militia members from Massachusetts and Connecticut traveled across Charlestown Neck and they dug a fort. In the morning the British arose and they saw that we had an earthen fort overlooking their harbor and their ships in Boston. The general in charge of repelling and throwing the militia off Bunker Hill was General Howe. He recognized that that fort was impregnable, but it was open from behind. We, as amateurs, failed to fortify the eastern flank that ran down a slope from the fort to the Mystic River. He intended to take British troops along the Mystic River shoreline, come around behind our fortress and capture over 800 militia members, and practically all of our powder and shot. At the late morning, General Stark was called and he brought one-half of the New Hampshire militia to Bunker Hill. They hurriedly fortified the flank, and yes, General Howe brought the soldiers in the first wave against the flank. General Stark and the New Hampshire militia stopped them. They retreated. General Howe called for reinforcements, and then again the force came to the flank. And once again, General Stark and the New Hampshire militia defeated them. It was only after the third charge, when we had run out of ammunition, that the fort was overpowered. Even then, it was the New Hampshire militia that armed and protected the rest of the militia members in their retreat back across Charlestown Neck. Had the British captured the fort, our revolution would, in fact, have ended at Bunker Hill. The revolution would have been over for years, possibly decades. So, it’s important that we respect and honor this man, General John Stark, next Monday. Thank you, Mr. Speaker.

REMARKS

Rep. Roberts: Thank you, Mr. Speaker. This is going to be short. I may be one of the few people that actually served with VMFA 214, the Blacksheep Squadron, but a little bit after Pappy Boyington’s time. When I was an officer candidate in Quantico, the staff instructor came in, and he was crying and emotional. He said, “Chesty Puller died.” I being brand new, no history whatever, I said, “Who the heck is Chesty Puller?” The answer was, “Drop and keep going until I say ‘stop.’” But what I quickly learned was the importance of heroes. People like Chesty Puller. People like Pappy Boyington. Because it’s those people that give us the drive to exceed, to exceed our own expectations. When I read the thing from Rep. Albert, when I read the thing from the University of Washington, I stopped and said, “President Teddy Roosevelt had this thing about the critics. There are so many people who want to be critics without getting into the arena.” Pappy Boyington, Chesty Puller, a lot of our great American heroes may not be Sunday school students, may not be people you want to date your daughter, but when the time came to protect this country, they were willing to risk everything to protect this country. It upsets me to say, People who enjoy the benefits are the people who are not willing to risk everything and feel because they don’t have to risk anything themselves, it gives them the obligation to be a critic. To me, I really firmly believe in Teddy Roosevelt. The only true critics were those who faced danger head on, confronted it, did what was best for the country and then came back. The strange part about it is the people who do that rarely criticize. The people who criticize rarely do anything. That’s why I support this motion. We need to do what we can to instill pride of American heritage into all our citizens because that is what makes us a better country. Thank you.

RECESS MOTION

Rep. O’Neil moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only. Adopted.

The House recessed at 1:20 p.m.

RECESS
(Rep. Buco in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 254, 1125, 1128, 1132, 1154, 1179, 1185, 1188, 1217, 1222, 1362, 1418, 1484, 1497, 1498, 1517, 1579, 1609, 1636, 1646, and 1663, and Senate Bill numbered 344 and Senate Joint Resolution numbered 4.

SENATE MESSAGE

CONCURRENCE

CACR 30, relating to limits on the taking of private property. Providing that a person’s property shall not be taken by eminent domain if the taking is for private use.

HB 391, relative to election affidavits.

HB 688-FN, relative to the regulation of mental health practitioners and the procedures of the board of mental health.

HB 1111, designating the pumpkin as the New Hampshire state fruit.

HB 1155, creating a violation for failure to pay a highway toll.

HB 1172-FN, relative to registration of political committees.

HB 1174, requiring that voters who request a secret ballot be present at the town meeting.

HB 1215, relative to the winter maintenance of Diamond Pond Road in the towns of Colebrook and Stewartstown.

HB 1307, relative to application requirements for motor vehicle recycling yard licenses.

HB 1320, relative to penalties for planning and zoning violations.

HB 1330, clarifying the laws relative to municipal enrollment in the National Flood Insurance Program and relative to adopting flood insurance rate map amendments.

HB 1394, relative to determination of value of property in current use.

HB 1536, relative to bonds required from persons excavating or disturbing certain highways.

HB 1630-L, relative to land use change taxes imposed for certain road construction on rights-of-way.

HB 1634-FN, making technical changes to the law governing the New Hampshire retirement system.

HB 1652-FN, relative to certain insurance claims.

HB 1673-FN, relative to the reduction of mercury emissions.

HB 1709-FN, establishing an autism registry in the department of health and human services.

HB 1738-FN, prohibiting the use of surveillance devices to identify motor vehicles.

HB 1749-FN, relative to access to motor vehicle records by certain defense contractors.

HCR 20, a resolution commending the New Hampshire committee for Employer Support of the Guard and Reserve.

HJR 22, a resolution in recognition and support of New Hampshire’s participation in the Experimental Program to Stimulate Competitive Research.

HJR 25, encouraging the United States Congress to propose an amendment to the Constitution concerning eminent domain.

NONCONCURRENCE

HB 501, relative to citizenship and domicile affidavits.

HB 1235-FN, establishing a criminal penalty for driving a commercial motor vehicle while violating an out-of-service order.

HB 1489, relative to school emergency response plans.

HB 1595-FN, relative to certification of electronic systems technicians by the electricians’ board.

HB 1733-FN, establishing a reporting system for court decisions relative to residential responsibility under parenting plans.

RECESS

(Speaker Scamman in the Chair)

Rep. O’Neil moved that the House adjourn.

Adopted.
HOUSE JOURNAL No. 15
Wednesday, April 26, 2006

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Rep. Frances D. Potter, retired Associate Rector of St. Paul's Episcopal Church in Concord.

O Holy and Gracious God, we ask Your blessing upon us as we gather here today. God who is creator of all that is seen and unseen. We seek to protect the world that we live in. Guide us that we may see the needs of our streams and fields, and the people who work in them. We pray for Your compassion on all who do not have homes to live in or food to feed their children, or who are unable to move out of their homes. Be with them this morning and be with us as we think about all of those whom we care about. Bring them joy. Bring us joy as we do Your work in this place. We pray in Your Holy Name. Amen.

Rep. Peter L. Batula, member from Merrimack, led the Pledge of Allegiance.

The National Anthem was sung by Kathy Donahue from Contoocook.

LEAVES OF ABSENCE

Reps. Callaghan, Carew, Chabot, David Cote, Coughlin, Giuda, Gonzalez, Hunter, Putnam, Snyder, Thomas and Whiting, the day, illness.

Reps. Bridle, Casey, Clemons, Domingo, Donald Flanders, Forsing, Foster, Gilbert, Introne, Kobel, Stephen L'Heureux, Lary, Lasky, Lessard, Mason, Messier, Moran, Parker, Roberts, Carl Robertson, Rosen, Rous, Serlin, Stepanek, Tahir and Wiley, the day, important business.

Reps. MaryAnn Blanchard, Buhlman, Itse, Lund and Norelli, the day, illness in the family.

INTRODUCTION OF GUESTS

Hannah Gomez, Litchfield student and Melia Robinson, Merrimack High School student, Pages for the Day.

SENATE MESSAGE

REQUEST FOR CONCURRENCE

HB 1238-FN, relative to centralized voter registration database information. (Amendments printed SJ 04/13/06)

Rep. Whalley moved that the House nonconcur and request a Committee of Conference. Adopted.

The Speaker appointed Reps. Whalley, Biundo, Reeves and Claudia Chase.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. O'Neil moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 271, relative to the availability of voter checklist information, removed by Rep. Whalley.
SB 250, relative to lead paint poisoning prevention, removed by Rep. Mirski.

SB 24, relative to disposition upon death of patient accounts in nursing homes, removed by Rep. Soltani.

SB 103-FN-A-L, establishing a committee to study alternatives for funding the operation and maintenance of state-owned dams and making an appropriation to the state dam maintenance fund, removed by Rep. O’Neil.

SB 341, extending by one year the advisory-only period for OBD II testing, removed by Rep. Kurk. Consent Calendar adopted.

SB 253, relative to enforcement of support orders for college and postsecondary educational expenses. REFER FOR INTERIM STUDY.

Rep. Eileen C. Flockhart for Children and Family Law: Owing to the fact that this bill attempts to deal with two disparate areas of court-ordered and voluntary private contracts regarding college education responsibilities, it was felt by the committee that Interim Study would be the most productive way to find genuinely viable solutions to this difficult problem. Our committee has referred HB 1586 for interim study and it, as well, deals with the issue of support orders for college expenses. The study committee would then be able to look at all aspects of both of these bills and be able to recommend future legislation. Vote 14-0.

SB 334, authorizing the use of a credit freeze as a means of deterring identity theft. OUGHT TO PASS WITH AMENDMENT.

Rep. Betsi L. DeVries for Commerce: This bill establishes a process by which an individual aggrieved by identity theft can apply to credit reporting agencies to place a “freeze” on information which would normally be released in the processing of new credit applications. This would provide protection to consumers by preventing the processing of new credit cards or loans without their permission. This bill also establishes a simple process for individuals to file police reports with local police departments regardless of where the crime of identity theft occurred. Vote 13-0.

Amendment (1590h)

Amend RSA 359-B:22, I and II as inserted by section 1 of the bill by replacing it with the following:

I. “Identity theft” means the unauthorized taking or use of an individual’s personal information to obtain credit, goods, services, money, or property, with the intent to commit fraud. In this paragraph, personal information includes, but is not limited to, an individual’s first name or initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted:

(a) Social security number.
(b) Driver’s license number.
(c) Account number, credit card number, or debit card number, in combination with any required security code, access code, or password that would permit access to an individual’s financial account.

II. “Proper identification” has the same meaning as in 15 U.S.C. section 1681h(a)(1), and includes:

(a) The consumer’s full name, including first, last, and middle names and any suffix.
(b) Any name the consumer previously used.
(c) The consumer’s current and recent full addresses, including street address, any apartment number, city, state, and zip code.
(d) The consumer’s social security number.
(e) The consumer’s date of birth.

Amend RSA 359-B as inserted by section 1 of the bill by inserting after section 28 the following new section:

359-B:29 Police Report Regarding Identity Theft.

I. A person who has learned or reasonably suspects that he or she has been the victim of identity theft may contact the local law enforcement agency that has jurisdiction over his or her place of residence, which shall take a police report of the matter, and provide the complainant with a copy of that report. Notwithstanding the fact that jurisdiction may lie elsewhere for investigation and prosecution of a crime of identity fraud, the local law enforcement agency shall take the complaint and provide the complainant with a copy of the complaint and may refer the complaint to a law enforcement agency in a different jurisdiction.
II. Nothing in this section shall interfere with the discretion of a local law enforcement agency to allocate resources for investigations of crimes. A complaint filed under this section is not required to be counted as an open case for purposes such as compiling open case statistics.

**SB 369**, relative to portability, availability, and renewability of health coverage. **OUGH TO PASS.** Rep. Martha S. McLeod for Commerce: This bill clarifies procedures related to SB 125, 2005 and the small group market. Health carriers are required to use the standard reinsurance underwriting form; provide a rating disclosure form when providing a premium quote; and requests health carriers to supply information and data by April 1 of each year on the small employer health insurance market to the Commissioner of the Department of Insurance. Vote 17-0.

**SB 26**, requiring identification to obtain a ballot. **INEXPEDIENT TO LEGISLATE.** Rep. Richard B. Drisko for Election Law: The intent of this bill was to require photo ID to obtain a ballot. These issues were covered in previous legislation, HB 345, adopted by the Senate this session. Vote 15-0.

**SB 345**, relative to lobbyist registration requirements. **INEXPEDIENT TO LEGISLATE.** Rep. William L. O'Brien for Election Law: This bill addresses the issue of late filing of lobbyist reports by proposing, in addition to the current possibility of being charged with a misdemeanor, a daily fine until a late report is filed. While only a small minority of lobbyists file their reports late, there may be a need to impose a financial penalty to discourage such failures. The committee believes, however, that now is not the time to make this change, because the recently enacted SB 206 increases the number of lobbyists' reports that have to be filed to monthly from semi-annually, and this change may well affect the number of late filed reports. If such a change occurs, it may suggest either that no legislation is not necessary or a different approach is needed to avoid late reports than is in this bill. We should wait to see the effect of SB 206 on this issue before legislating a remedy. Vote 13-1.

**SB 398-FN**, relative to political contributions and expenditures. **INEXPEDIENT TO LEGISLATE.** Rep. Claudia A. Chase for Election Law: A bill of this nature should be submitted during the first year of session, thereby providing a full year for candidates and political committees to be educated about changes to registration and reporting requirements. There are indeed important issues addressed in this bill that the committee felt should be considered in the future and divided into several more focused bills. Vote 15-0.

**SB 403**, relative to verification of identity when a person registers or attempts to vote. **OUGH TO PASS WITH AMENDMENT.** Rep. William L. O'Brien for Election Law: Most of this bill seeks to revisit issues such as photographic IDs for voters and publicly available voter checklist information that has been addressed by other legislative efforts of the House during this biennium. As such, and with one exception, the House has addressed these issues with different and sometimes inconsistent approaches than are suggested by SB 403. The exception is that section of the bill that would require supervisors of the checklist to include election day changes in the statewide voter registration database. This requirement is not yet statutorily mandated, but would be in the bill as amended. Vote 14-0.

Amendment (1840h)
Amend the title of the bill by replacing it with the following:
AN ACT relative to election day changes of address.
Amend the bill by deleting sections 1-2 and renumbering the original section 3-4 to read as 1-2.
Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect September 1, 2006.

AMENDED ANALYSIS
This bill requires supervisors of the checklist to include election day changes of address in the centralized voter registration database.

**SB 255**, establishing a committee to study the funding necessary to operate the hazardous materials program in New Hampshire. **OUGH TO PASS.** Rep. Jane E. Beaulieu for Environment and Agriculture: This bill will establish a committee to study ways to raise necessary funding for the hazardous waste program in New Hampshire. Testimony indicated federal funds were "drying up" and because of its critical nature, the program must find alternative methods of funding. Vote 13-0.
SB 352-FN, relative to the regulation of real estate appraisers. OUGHT TO PASS WITH AMENDMENT.

Rep. Nelson S. Allan for Executive Departments and Administration: This bill prohibits persons with certain criminal convictions from being licensed or certified real estate appraisers and makes changes to the regulation of real estate appraisers by the Real Estate Appraisers Board. Licenses are now expired on a stagger and renewed every two years. Apprentice real estate appraisers shall work under the supervision appraiser until requirements for licensure or certification have been met. Vote 16-0.

Amendment (1879h)

Amend RSA 310-B:2, II as inserted by section 2 of the bill by replacing it with the following:

II. "Appraisal report" or "real estate appraisal report" means a written statement [independently and impartially] prepared by a licensed or certified appraiser, [and whether or not used in connection with a federally-related transaction under the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, setting forth an opinion of defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information. Nothing in this paragraph shall be interpreted to effect the right of any person to provide services under RSA 310-B:3, II, III, or IV.

Amend RSA 310-B:7 as inserted by section 5 of the bill by replacing it with the following:

310-B:7 Examination Requirements. An original license or certification as a licensed or certified real estate appraiser may be issued to any person who has demonstrated through a proctored written examination procedure that he or she meets the minimum requirements of the Appraisal Foundation.

SB 359-FN, relative to the regulation of plumbers and water treatment technicians by the plumbers’ board. OUGHT TO PASS WITH AMENDMENT.

Rep. Maurice L. Pilote for Executive Departments and Administration: This bill makes several changes to the licensing requirements for plumbers and certification requirements for water treatment technicians. (1) It specifies that the board shall be made up of three licensed plumbers, one of whom may be a journeyman instead of two master plumbers and one journeyman (2) provides rule-making authority for setting fees for plumbing licensure, renewal and late renewal of license, for apprentice identification cards, inspections, copies of the state plumbing code, workshops, courses and seminars offered by the board, (3) provides rule-making authority for the nature of proctored examinations for licensure of plumbers and certification of water treatment technicians, (4) in the absence of a building inspection department of a town or municipality, it provides for inspections and enforcement of plumbers’ code by the board. The amendment added work done by students in an approved postsecondary vocational plumbing program to the list of exceptions of the provisions of the program. The amendment also deletes a section of the bill that would have removed the requirement of the presence of a public member for a quorum of the board. Vote 16-1.

Amendment (1829h)

Amend the bill by deleting section 5 and renumbering the original sections 6-22 to read as 5-21, respectively.

Amend RSA 329-A:7 as inserted by section 6 of the bill by replacing it with the following:

329-A:7 Examinations; Licenses and Certificates. [The board shall have authority to examine and license master plumbers and journeyman plumbers, and to certify water treatment technicians. When issued, such license shall be valid throughout the state, and the licensee shall be entitled to perform the work of a master or journeyman plumber, as the case may be, anywhere within the state without any payment or additional fee. Each applicant for a license shall present to the secretary of the board on a blank furnished by the board a written application for license, containing such information as the board may require, accompanied by the required fee. Such examinations shall be held at such times and places as the board shall determine.] The board shall establish through rulemaking, pursuant to RSA 541-A, the nature of proctored examinations required for issuance of master plumber licenses, journeyman plumber licenses, and certifications as a water treatment technician, respectively. The scope of such examinations and the methods of procedure shall be prescribed by the board, provided that the scope of examination of water treatment technicians shall be limited to the configuration and installation of water treatment systems and the provisions of this chapter and the rules adopted by the board that relate to water treatment systems. Amend the bill by deleting section 13 and renumbering the original sections 14-21 to read as 13-20, respectively.
Amend RSA 329-A:13, V as inserted by section 14 of the bill by replacing it with the following:

[VH] V. To any plumbing installations in residential buildings performed by students enrolled in a high school vocational plumbing program approved by the department of education or an approved postsecondary vocational plumbing program, provided such work is performed under the supervision of either a teacher holding a plumber’s license or by a licensed plumber who is a supervisor of students in cooperative education placements from such programs; and in those cases where the installation is in a new building being constructed as a part of the vocational program, that the installation will be inspected and approved by an individual or group of individuals chosen by the local school districts from persons nominated by the state board for the licensing and regulation of plumbers. Any person nominated by the state board shall hold a master’s license issued by the board.

Amend RSA 329-A:16, II as inserted by section 17 of the bill by replacing it with the following:

II. The board shall refer all allegations of violations specified in RSA 329-A:18 to the New Hampshire attorney general and to the county attorney in the appropriate county.

CACR 44, relating to limits on the taking of private property. Providing that a person’s property shall not be taken by eminent domain if the taking is for private use. INEXPEDIENT TO LEGISLATE.

Rep. Maureen C. Mooney for Judiciary: This CACR is an identical twin to CACR 30 which passed the House on March 22, 2006 with a vote of 277 to 61. The committee felt it unnecessary to send two identical amendments to the voters. Vote 20-1.

SB 336, relative to security deposits in landlord tenant matters. OUGHT TO PASS WITH AMENDMENT.

Rep. Cynthia J. Dokmo for Judiciary: The bill eliminates the current requirement that a landlord provide a receipt for a tenant’s security deposit, if that deposit is tendered by a personal check, a bank check, or a check issued by a government or non-profit agency on behalf of a tenant. Receipts would continue to be required for any other type of payment. Vote 21-0.

Amendment (1649h)

Amend the bill by replacing section 1 with the following:

1 Receipt for Security Deposit; When Required. Amend RSA 540-A:6, I to read as follows:

I. (a) A landlord shall not demand or receive any security deposit in an amount or value in excess of one month’s rent or $100, whichever is greater.

(b) Except as provided in subparagraph (e), upon receiving a deposit from a tenant, a landlord shall forthwith deliver to the tenant a signed receipt stating the amount of the deposit and specifying the place where the deposit or bond for the deposit pursuant to RSA 540-A:6, II(c) will be held, and shall notify the tenant that any conditions in the rental unit in need of repair or correction should be noted on the receipt or given to the landlord in writing within 5 days of occupancy.

(c) No receipt shall be required when the tenant furnishes a security deposit in the form of a personal check, a bank check, or a check issued by a government or non-profit agency on behalf of the tenant. Regardless of whether or not a receipt is required, the landlord shall provide written notice to the tenant that a written list of conditions in the rental unit in need of repair or correction, if any, should be given to the landlord within 5 days of occupancy.

SB 265, relative to workers’ compensation requirements for out-of-state employers and employees. OUGHT TO PASS.

Rep. Roland P. Hofemann for Labor, Industrial and Rehabilitative Services: This bill reverses language enacted a few years ago to help the state of Maine when they were in the middle of a workers compensation crisis. The reason for the bill no longer exists and it is time to put previous law back into place. The Department of Labor supports this legislation. Vote 11-0.

SB 273, relative to reasonable accommodations for employees with disabilities. OUGHT TO PASS.

Rep. Mary J. Gorman for Labor, Industrial and Rehabilitative Services: The committee views this bill as straightforward and aligned with the federal statutes regarding employment discrimination and reasonable accommodation. Vote 11-0.

SB 241, allowing municipalities to exclude certain retirement assets from consideration in qualifying for the elderly property tax exemption. INEXPEDIENT TO LEGISLATE.

Rep. Paul R. Hopfgarten for Municipal and County Government: This bill would allow municipalities to exclude certain retirement assets from consideration in qualifying for the elderly prop-
perty tax exemption. However, this bill is not enabling; it requires municipalities to exclude certain retirement assets from consideration in qualifying for the elderly property tax exemption. The current definition of “net assets” is the value of all assets, tangible and intangible minus the value of any good faith encumbrances.” The committee heard testimony that this bill would create an opportunity for wealthy individuals to transfer assets and qualify for an exemption, as well as put the local assessors in the role of becoming financial experts. The bill would also create an unfair situation as it would not apply to other income and asset-based property tax exemptions. Technically, the bill would need amending as the application date for exemptions has already passed. The majority of the committee did realize that there are many different types of retirement plans and options in today’s world. However, this bill creates more problems than it solves and may result in further tax shifting to benefit the wealthy at the expense of the individual property taxpayer. Vote 13-2.

SB 335, relative to funds of the department of resources and economic development used for snowmobile trail grooming equipment. **OUGHT TO PASS.**

Rep. David H. Russell for Resources, Recreation and Development: This bill will allow the Department of Resources and Economic Development (DRED) to provide grant-in-aid funds to snowmobile clubs for the purchase of grooming equipment during any year (such as this) when that money is not actually expended on grooming because of the lack of snow. Both the New Hampshire Snowmobile Association and the DRED Bureau of Trails support the bill, as a well-maintained network of trails is vital to the state’s economy. Vote 16-0.

SB 244, relative to alternative regulation of small incumbent local exchange carriers and relative to unclaimed deposits for utility services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James M. Garrity for Science, Technology and Energy: This bill, as amended, allows unclaimed other payments, in addition to unclaimed deposits, as held by utilities to revert to the State Treasury. This is a technical correction, requested by the State Treasurer, which will enable the Treasurer to expend the funds in the public interest payphone fund, to pay the costs of public interest payphones in the state. The public interest payphone fund was established in 2005 under RSA 374:22-q. Vote 12-0.

**Amendment** (1849h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to unclaimed deposits for utility services.

Amend the bill by deleting sections 1-2 and renumbering the original sections 3-4 to read as 1-2, respectively.

**AMENDED ANALYSIS**

This bill clarifies the presumptions of abandoned deposits.

**SB 389, establishing a committee to study energy efficiency programs funded by the system benefits charge. OUGHT TO PASS WITH AMENDMENT.**

Rep. Lee G. Slocum for Science, Technology and Energy: Both the House and Senate were called into emergency session last December to pass legislation (SB 228) enabling some of the money raised by the System Benefits Charge (SBC), which appears on our electric bills, to be applied to low-income energy assistance programs. At that time numerous questions were raised about the scope, purpose and effectiveness of energy efficiency programs supported by the SBC. This bill was introduced in response to those concerns. The amendment makes minor wording changes to the bill. Vote 17-0.

**Amendment** (1696h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study programs funded by the system benefits charge.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study programs funded by the system benefits charge.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall undertake a complete analysis of each of the different types of programs that are funded by the system benefits charge. The analysis shall include a critical evaluation of each type of program in order to determine which programs make the best use of system
benefits charge funds and which programs should serve as models for future programs. The committee shall also recommend persons or entities that the committee determines are best suited to administer system benefits charge funds.

AMENDED ANALYSIS

This bill establishes a committee to study programs funded by the system benefits charge.

SB 221, relative to obtaining a driver’s license and creating a violation for failure to pay a highway toll. OUGHT TO PASS.
Rep. Brenda L. Ferland for Transportation: Defines in statute the authorization for the Department of Safety to require identification and proof of residence from a driver’s license applicant. Vote 11-0.

SB 282-FN-L, relative to removal of abandoned vehicles. OUGHT TO PASS WITH AMENDMENT.
Rep. Brenda L. Ferland for Transportation: This bill deals with the removal of abandoned vehicles on private property. Current law is for a land owner to notify a peace officer and the officer shall cause the removal of such vehicle. The Senate changed “shall” to “may” and the Transportation Committee amended this part of the bill back to “shall.” The cost of the removal of said vehicle will be the responsibility of the last registered owner according to the Department of Motor Vehicle records. Some members of the committee objected to this part of the bill, as the one who abandoned the vehicle may not be the last owner and would then be held responsible. The last registered owner allows for law enforcement to start the process to find the person responsible for abandoning the vehicle. Also, under the current RSA 262:35-A a person is able to contest a towing charge. Because the Department of Transportation and State Police are seeing cases of people “dumping” vehicles in state-owned park and ride lots, this bill allows for an unattended vehicle to be removed after 30 days. The Department of Environmental Services (DES) also asked for an amendment to streamline the present law in RSA 485-A:14 on removal of motor vehicles that have become partially or completely submerged in water. The amendment says the petroleum-powered vehicle or petroleum containers shall be removed by the state within 48 hours or as soon as weather conditions permit. The amendment goes on to describe what vehicles and containers and fines are included in the law. Also, DES must be notified of any incident of anything in the water and Department of Safety if any injury or death has occurred. Vote 8-3.

Amendment (1727h)
Amend the bill by replacing section 1 with the following:

1 Abandoned Vehicles; Vehicles Removed From Private Property. Amend RSA 262:40-a, I to read as follows:

   I. The owner or person in lawful possession of any private property on which a vehicle is parked without his or her permission or is apparently abandoned may:
      (a) Cause the removal of the vehicle in a reasonable manner provided he or she gives notice of such removal to a peace officer as soon as reasonably possible; or
      (b) Notify a peace officer that he or she wishes to have such a vehicle removed from [his] the property, whereupon the peace officer or another authorized official shall cause the removal of such vehicle pursuant to the removal, impoundment, and notice procedures required by this subdivision.
   Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 5:

3 Abandoned Vehicles; Reasons for Removal and Impoundment; Park and Ride. Amend RSA 262:32, VI to read as follows:

   VI. The owner or custodian of the vehicle is under arrest or otherwise incapacitated, and the vehicle will be a menace to traffic if permitted to remain; or

   VII. A vehicle has been left unattended within a state-owned park and ride lot for a period of greater than 30 days.

4 Water Pollution and Waste Disposal; Prohibited Acts; Vehicles and Containers. RSA 485-A:14 is repealed and reenacted to read as follows:

I. The lawful owner of any petroleum-powered vehicle or petroleum container that becomes partially or completely submerged in the surface waters of the state shall remove the vehicle or container from the water within 48 hours or as soon thereafter as safety and weather conditions permit. Petroleum-powered vehicles include, but are not limited to, cars, trucks, motorcycles,
snowmobiles, motorized boats, off highway recreational vehicles, all terrain vehicles, construction equipment, trains, and airplanes. Petroleum containers include, but are not limited to, drums, barrels, tanks, pails, cans, jugs, or equipment which contains oil.

II. The lawful owner of the submerged vehicle or container shall notify the department of environmental services in accordance with RSA 146-A, and the department shall investigate any possible contamination and ensure the safe removal of the vehicle or container from the body of water involved. Any partially or completely submerged vehicle or petroleum container shall be presumed to be discharging oil into the surface waters of the state and shall be subject to the reporting, removal, and strict liability requirements of RSA 146-A.

III. The lawful owner of a vehicle shall notify the department of safety, division of safety services, if any person is injured or killed in an incident involving a submerged vehicle.

IV. If the owner refuses or fail to remove a submerged vehicle or container as required by paragraph I, the department of environmental services may contract for the removal of the vehicle or container in question. The owner of the submerged vehicle or container shall be strictly liable for the costs of removing the vehicle or container and the costs of the investigation, containment, cleanup, removal, and corrective measures associated with the discharge. The cost shall be recoverable by the state in an action of debt brought by the attorney general in the name of the state. The state shall impound any submerged vehicle or container recovered, at the expense of the owner, until all costs incurred by the state have been paid by the owner of the vehicle or container.

V. Any person who fails to remove a submerged or partially submerged vehicle or container, as required by paragraph I, shall be guilty of a violation. Agents of the department of safety, division of safety services, or any police officer having jurisdiction over the water body, may issue citations for a violation of this section and issue fines of $500 for each day the vehicle remains in the water.

AMENDED ANALYSIS

This bill:
I. Clarifies liability for costs of removing abandoned vehicles from private property.
II. Authorizes removal of abandoned vehicles from state-owned park and rides.
III. Modifies procedures and requirements relating to vehicles submerged in surface waters of the state and adds petroleum containers to the submerged vehicle statute.

SB 325, making technical corrections and other changes to motor vehicle laws. OUGHT TO PASS WITH AMENDMENT.

Rep. Sherman A. Packard for Transportation: This bill changes statutes from highway building equipment to construction equipment. It also changes the current way a retail vehicle dealer provides notification to the Department of Safety (DOS) from a sale to a Massachusetts person. It allows the DOS to issue more than one walking disability plate to a person who owns more than one motorcycle, and allows private trucks to put a 9-foot plow on their vehicle. If a rental car company changes a title and registration recovery fee, such changes shall be disclosed. This bill defines a motor home in statute. It clarifies that in cases of motor homes with awnings that exceed 103 inches, the awning shall not be considered as part of the width. It prevents a person from being arrested or having their car towed by a police officer, if they present a valid registration. This has become a minor problem because new registrations or re-registrations sometimes take a few days to get entered into the DOS database. Vote 11-0.

Amendment (1600h)

Amend the bill by replacing all after section 9 with the following:

10 New Sections; Equipment of Vehicles; Width; Snowplows and Motor Homes. Amend RSA 266 by inserting after section 13 the following new sections:

266:13-a Snowplows; Exception. A truck used for snow plowing may be driven on the ways of this state with a plow not exceeding 108 inches in width.
