The New Hampshire College

Railroad Hike to Dover

Fine showing made by men along the route.

MUCH ENTUSIASM

War time conditions simulated as far as possible—comes very popular.

Last Saturday afternoon at 1:30 the entire regiment assembled under Captain Eaton for the first real hike the men have had this year. With much always kept to the extreme right side of the road and when they fell out leave the road entirely, going into the fields or other open spaces on the right of the road. The left side of the road is used for transporting guns and supplies and for the travel of ambulance, ambulances, and other vehicles. A change has been made, as to the number of men permitted to go to the extreme right side of the road and when they fall out leave the road entirely, going into the fields or other open spaces.

Boy’s hike last Saturday was set out to keep to the extreme right side of the road and when they fell out leave the road entirely, going into the fields or other open spaces on the right of the road. The left side of the road is used for transporting guns and supplies and for the travel of ambulance, ambulances, and other vehicles.

A change has been made, as to the number of men permitted to go to the extreme right side of the road and when they fall out leave the road entirely, going into the fields or other open spaces.

The Y. M. C. A. Secretary has some New Testaments which will be given to members of the S. A. T. C. Catholic members may request them marked with name and company. It will be returned on the following Saturday at the same place, where payment may be made.

The New Hampshire College S. A. T. C. football game, scheduled for today at Dover, was cancelled at the last minute. It is now probable that a game may be arranged with Bates for next Saturday. November 9. Lieutenant Howard reports that it is extremely difficult to schedule games, owing to the unsettled conditions prevailing at all the colleges. It is quite certain, however, that a schedule consisting of five games can be arranged. A game with Dartmouth on Thanksgiving day in probable, and it is now believed that a game will be arranged with the university of Maine, November 22.

Many former N. H. C. men go to college.

The quarantine will be lifted from the camp on Saturday, November 2, and for the first time in five weeks regular week-end passes will be given the men. A change has been made, as to the number of men permitted to go to the extreme right side of the road and when they fall out leave the road entirely, going into the fields or other open spaces.

The New Hampshire College S. A. T. C. football game, scheduled for today at Dover, was cancelled at the last minute. It is now probable that a game may be arranged with Bates for next Saturday, November 9. Lieutenant Howard reports that it is extremely difficult to schedule games, owing to the unsettled conditions prevailing at all the colleges. It is quite certain, however, that a schedule consisting of five games can be arranged. A game with Dartmouth on Thanksgiving day in probable, and it is now believed that a game will be arranged with the university of Maine, November 22.

Until this summer when the cement layers got to work, our campus walks have always been more or less uncertain, both as to direction, and especially in the spring, as to the feasibility of walking on them. Now they are not only passable, but safe and sightly. The cement layers put the walks, let us all unite in giving it an opportunity to recuperate and become what they will bepermanent and thoughtlessness provoking.

SAY HELLO!
A college tradition that should not last by the advent of the military regime is the custom of greeting a passerby when we meet in the street. The chatty "Hi, fellows," and not only upheld the act of getting ac­quainted, but also produced a feeling of good fellowship that could not be reproduced in any other way. New Hampshire has always been noted for its hospitality and consider­ateness. So let's give the next fellow a friendly, pleasant smile, and just say, "Hello!"

SAVE THE TINFOIL.
Have you ever seen a college stu­dent who didn't eat chocolate? Most of us have not. But the lack of tinfoil is wrapped in tinfoil, an article much desired by the Red Cross. In every town, large or small, school chil­dren, leaving the lunch room at any time, can see how many wrappers and in every trash can. So please, do something for the Red Cross.

PAN-HISPANIC ISSUE ON THE VIRENS.
The interfaculty rules for the year 1918-19 regarding the "billing" of freshmen women have been drawn up by the freshman representatives in the Pan-Hispanic Council. The bill­ing season this year is unusually short being exactly four weeks from the last day of the college session when the bills come out. The rules have been so adjusted as to meet the needs of the moment. No rush parties are to be given and the seniors will be able to enjoy the college facilities. The rules are as follows:

1. No Entertainments shall be given by any one or more of the seniors in any way indicate the same benevolent society before Thursday, December 22, 1918.
2. All freshman girls receiving one or more bills shall be notified by the matron of the hall on or before Thursday, November 22, 1918.
3. Each fraternity shall meet its quota of bills due on Thursday, November 22, 1918, and that night shall hold its quota. If a fraternity fail to meet the quota, and the sum will be placed in the dormitories and paid by each girl in the fraternity. NEWSY ITEMS OF THE ALUMNI.

CARLISLE, '17, GETS ITALIAN DECORATION.

Nightshade, '16, Naval Avia-
tion—Bredford Still Playing cards.

Goodwin Nightshade, '16, National Junior Cross Country Champion, is on active service in the Naval Aviation at M. T. C., Cambridge, Mass.

Summer Carlisle, '17, is a first lieu-
tenant with the air service within the zone of advance in France. Fred Ordway, '18, is in a group near him, and Carlisle writes that when he gets back to the states he certainly deserves a "3." About a week ago he left Carlisle in a battle with the Huns and was laid up in a hospital for a few weeks, but now he is back in France again trying to keep up with the fast moving Bourges. Carlisle's word is fact, but it is some relief to be safely through the company of the Huns.

"I also saw Phil Goode, an R. E., and N. H. 1917. He sure had been rough the third fight; he was one of a few who refused to go to the hospital and was assigned to go to the front—a few of us aviators started a little party in Maxfield's and while there I saw John Washburn, cultivating in fine style as befits a man just back from the front. He was looking fine and said that he had fallen into a soft job recently.

"I'm in the 41st clerks.

"James A. Parham, '16, is a pri-

Franklin Square, Dover, N. H.

The Assembly Room in Thompson Hall will be available during evening hours for use for assemblies, social activities, and a limited amount of athletics of the girls. Miss Bartlett was graduated in 1917 from Doctor Kellogg’s School of Physical Education at Battle Creek, Michigan. She comes to New Hampshire College from the Western States Normal College, where she was a physical director of the girls. Soccer football, for the freshman, and field hockey for the sophomores and juniors, constitute the games for the present.

Cricket matches, of course, are in process, as are the tennis tournaments, for enthusiastic interclass contests, and on the campus in the spring. Miss Bartlett wishes all the girls to realize that the class and their friends who wish to enter the game will attend all the games. She hopes that all girls will come to the matches.

Exercise alone, but that it teaches alertness, concentration and coordination of movement.

The old cider mill down by the Oyster river is the one big gathering place for the boys these evenings. If it only could run all winter, but then it might be a different story here.

To the year, or three hundred and twenty thousand dollars. It has kept the country strong, and there is no doubt much less pro-

NEW RULE SAVES SUGAR.

America is not rationed. Her people have been asked, however, to keep within two pounds per person per month for table and cooking sugar. In a public restaurant the other day, a man was seen to empty an envelope of sugar furnished him and then nonchalantly substitute a paper bag. Three women generous helping from a large sized box that they took out from an inside pocket. There was no more sugar to be found.

"Finish the job right!" That was...
