Dear Class of 2015,

As proud graduates, you can enjoy wonderful memories of your time at UNH as you look through the pages of The Granite. In its many colorful images of your classes, student organizations and campus life you will no doubt recall many rich and diverse academic and personal accomplishments.

However, this yearbook also signifies an exciting new chapter in your lifelong connection to the UNH community.

In fact, many of you will remain close for life. You will share remarkable triumphs, and support each other through challenges as well. Some of you may find yourselves working together, perhaps even as businesses partners. You may devote your lives to public service, pursue further education and maintain your networks of UNH friends throughout your careers—even into retirement.

No matter where life takes you, UNH will always be your connection to one another. You are now part of an alumni community of more than 130,000 educated, enlightened and caring citizens. I know that you cherish your UNH experience, and I hope that you, too, become active and engaged in supporting your alma mater and future generations of UNH Wildcats.

Finally, I want to thank you for inspiring me, and all of us—faculty, staff, volunteers, friends and partners—in the UNH community. We are so proud of you and grateful for your hard work, compassion and friendship; and you can always be proud of UNH.

With best wishes,

Mark W. Huddleston

Letter from the Editor

Class of 2015,

CONGRATULATIONS! You have finally become a graduate of the University of New Hampshire. Some of you are heading to another school to continue your education, some are starting your career, and others have an entirely different agenda. No matter what you are doing after graduation you can always look back on pictures from your years here at UNH.

Over the past year, there have been so many memories that have been made. When creating a yearbook it is beyond impossible to capture the millions of different memories each and every one of you made every single day. A picture can prove that something actually happened, or it can instantly recall a memory from years before. Years from now, when you decide to look at your yearbook, you will be opening a book of memories from the year you graduated from UNH. Who knows, maybe it will even spark up nostalgia from your college years.

Through long nights at diamond library to tailgating on boulder field and everything in between you have truly become a wildcat forever. Hold on to your memories while you grow with the amazing things you have ahead of you. Congratulations Wildcats!

Sincerely,
Jordan Miller

We still remember the first day of your school. On that day, we were nervous to send you away from us. It still feels like that same day is back again. We feel nervous yet again, as you face the world by yourself. But, one thing is common yesterday and even today - deep inside we always knew that you would be able to achieve whatever goals you set for yourself. It brings smiles to our faces to have been able to watch you grow and mature into a beautiful young woman! We love you dearly! Congratulations..."Think Smart and Be Safe" Mom and Dad
